VOL. 9 $2.00 PER YEAR THIEF RIVER FALLS, MINN., THURSDAY, JANUARY 1, 1920 8 PAGES NO. 47

LOKEN'S STORE GETS EXPERT FROM CHICAGO

Hugo Edberg Here to Assume Duties as Merchandise Manager.

IS VALUABLE ADDITION

Twelve Years Experience With Large Chicago Wholesale House.

Loken Brothers this week announced the addition of Hugo Edberg of Chicago, to their organization. Mr. Edberg will serve in the capacity of merchandise manager and assumed his new duties upon his arrival Monday.

Has Much Experience.

He comes to Loken Brothers from the firm of Carson, Pirie, Scott & Co., with whom he has been for the past twelve years. His experience with this large establishment makes him an exceptionally valuable man to the local concern and he will fill an important place in their rapidly growing business.

Improvements Planned.

During the five years that Loken Brothers have been in business here they have kept abreast of the times by always adopting the latest and most progressive merchandising methods and as a result their business has enjoyed a remarkable growth. The installing of a merchandise manager is the first of a number of improvements that they have planned for this year.

Mrs. Edberg Talented Musician.

Mr. Edberg was accompanied to this city by his wife who is a talented musician. She studied at the Scandia Academy, American Conservatory, North Park college and the Chicago Musical college. She was for four years in charge of the music department of Scandia Academy and has taken part in a number of prominent concerts in Chicago. At the time of her departure from Chicago she was director of a choir of one hundred voices in one of the large churches there. She is to be organist and choir director at the local Presbyterian church.

OPTION ON PARK SITE HAS EXPIRED

City Council Takes No Action on Proposition to Purchase Block.

The city council at a special meeting held Tuesday evening took no action on the proposition to purchase the block north of the Catholic church, owned by J. M. Bishop, and as a result the option which the city had on the property went by default.

Some members of the council secured an option on this property a short time ago with the idea of securing it for the city and converting it into a park. The option was good until December 31st and therefore expired when the council took no action on it Tuesday night.

The price to be paid was $375 per lot and some figured that inasmuch as the city already owns a portion of the block it would be well to purchase the balance. They considered it about as central a location as it would ever be possible to secure for that part of the city on the west side of the river and quite suitable for park purposes. This opinion was evidently not shared by a majority of the council and as a result the deal was not carried through.

CENSUS TAKERS TO START WORK JAN. 2

Many Questions Will Be Asked By Enumerators While On Rounds.

Census enumerators over the entire United States will begin taking the census early the morning of January 2. Enumerators for Pennington county have been named and on that day will begin their duties. The work will be rushed to completion.

Many questions will be asked by the census takers for this decade. Any foreign born person should be able to state to the census enumerator when he first arrived and if he is a citizen, when he took out his final papers. If he took out first papers he should be able to give the date when they were received. If married the wife should be informed of her husband's status in the government so she can inform the census takers accurately in regard to her husband. A single woman must also answer all these questions. The place of birth of the resident's father and mother will also be asked. A live stock census will also be taken at the same time. If boarders are kept the number of boarders and information about them will be asked. Is your house owned or rented and if owned is it mortgaged, is another question that must be answered. The information learned by the census will be regarded as confidential.

The 1920 census is the fourteenth taken by the United States. The last one was in 1910, and at that time Thief River Falls had a population of 3,760.

* * *

ATTENTION ELKS.

All Elks are urged to attend the regular meeting of the lodge tomorrow (Friday) night. The matter of securing a special train for the Baudette trip on Jan. 17th will be decided and a full attendance is desired. An American lunch will be served.

* * *

Couldn't Find Any Booze.

The Newell drug store was broken into last Sunday night by parties who were evidently in search of booze. When Dr. Newell came down to the store Monday morning he found the cork out of every bottle that looked so it might contain some of the coveted fluid. Upon making a more thorough survey of the place he found that the lock on the back door had been broken and the door forced open. Nothing else in the store had been touched and Dr. Newell says the prowlers left without finding a "drop."

PLAN TO PROVIDE HOMES UNDER WAY

Propose To Form Organization and Build Modest Houses.

The housing situation in Thief River Falls appears to be growing worse every day and there is now considerable talk of forming an organization to finance the building of a number of dwellings in the spring.

The plan as suggested would be carried out by some fifteen or twenty men who are desirous of securing homes for themselves. They propose to form a realty company or some similar organization and let the contract for the entire number of houses wanted at one time. In this way it is figured that better prices can be secured and that the project can be much more easily financed than would be the case if each decided to undertake the erection of a house separately.

The idea seems to be meeting with considerable favor and it appears that something in the way of definite action to perfect an organization will be done in the very near future.

Want Sleeper Back.

Much criticism is being made locally because the special Thief River Falls sleeper has not been put back into service on the Soo Line by the railroad administration. This has been a great accommodation to people arriving in the city on the early morning train and if the service is not reinstated in the very near future it is likely that the Commercial club will take the necessary steps to get some action in the matter.

TESSUM COMPANY ELECTS SECRETARY

S. C. Coumbe Becomes Identified With Progressive Organization.

S. C. Coumbe, at one time assistant cashier of the First National bank of Thief River Falls, and more recently manager of the Oxogen Products Co., has identified himself with the Tessum Seed, Grain & Supply company, and has been elected secretary of that corporation.

Mr. Coumbe has been a resident of Thief River Falls for the past two years and is recognized as an energetic young man of exceptional business ability. He has become associated with a live, progressive business organization and will without question be successful in his new line of work.

DATE FOR MANN TALK POSTPONED

Sickness In Family Makes It Impossible For Mr. Mann To Be Here Jan. 5.

The Merchants' association has received word from F. P. Mann, at Devils Lake, N. D., that it will be impossible for him to appear here on the evening of Jan. 5th, because of sickness in his family.

Mr. Mann's talk has been looked forward to with great interest by the local business men and his inability to come at this time is a keen disappointment to them. It is announced, however, that he will be able to come some time in February and the meeting will simply be postponed until that time.

PETITION OUT FOR DIVISION OF MARSHALL

Over Thousand Signatures Secured Before Presenting to Governor.

HOLT PROPOSED CAPITAL

Planned to Split County In Half—Election Slated For November.

The long expected county division fight is on in Marshall county. A petition bearing over one thousand signatures was filed with the governor at St. Paul this week, asking that Marshall county be divided and that the *question be voted on at the general* election in November.

County Seat at Holt.

The petition was circulated by residents of the village of Holt and that place is therein designated as the county seat of the proposed new county. The law requires that a petition of this nature be signed by twenty-five per cent of the voters of the entire county who voted at the last general election. In Marshall county this brings the required number slightly over eight hundred but in order to be perfectly safe the Holt enthusiasts secured some over a thousand signatures.

The fact that the petition was started only some ten days ago is an indication of the aggressiveness and determination back of the Holt people. The whole thing was done almost before the rest of the county knew what was taking place.

"Liberty" Name Proposed.

The people back of this petition have designated the name of Liberty for the new county. Apparently the only hitch in the whole proceedings will come from the fact that one or two places besides Holt up in that "neck of the woods" would like to be the county seat if a new county is to be formed.

Another Petition Out.

The people of Middle River have always had a notion that at some time their village would become the county seat of a new county. It is reported that they strenuously resent the Holt petition and have already started the circulation of another one designating Middle River as the county seat.

Then there is the village of Grygla over on the eastern edge of the county. A dream of a new county formed by a part of Marshall and Beltrami counties with Grygla as the county seat is known to have for some time disturbed the sleep of the residents thereabouts.

As far as the western part of Marshall county is concerned, little opposition to a division is looked for from that quarter. The residents of that portion have expected this sort of thing for some time and it is very likely that they will sit back and let the east end people fight it out among themselves.

More Ford Profits to Employes.

An elaboration of its profit sharing plan whereby all of the employes may be enabled to return six per cent a year and distribution of a bonus that will total between eight and ten million dollars was announced yesterday by the Ford Motor company.

Approximately 90,000 employes of the Ford Motor company and other interests of Henry Ford and his son, Edsel, it was announced, are eligible to participate. In a statement accompanying the details of the new policy it was announced the two steps outlined constitute "only a beginning," and that "other plans for enlarging the income and increasing the purchasing power of the dollar of our employes, are under consideration."

The amount of bonuses which will be in addition to the distribution of profits under the original profit sharing plan will be based on an employe's daily wage and length of service. It will range from $50 in the case of a worker in the company's service three months and receiving the minimum wage of $6 a day to $270 in the case of the worker with five years of service and receiving a wage of $10.80 a day. Salaried employes receiving more than $250 a month will participate proportionately on a basis of length and value of service.

Wood Alcohol Kills at Brainerd.

Six deaths of men near Brainerd recently were the results of wood alcohol poisoning according to an announcement today by a St. Paul physician. Another man from Brainerd whose eyesight was seemingly destroyed by poisonous alcohol, is being treated at a hospital in St. Paul.

Cold Wave For New Year.

The new year was ushered in, in the northwest by an extensive cold wave according to the weather forecaster. The temperature at the head of the lakes, it is predicted, will drop to from zero to ten below tonight or tomorrow.

REV. O. J. KVALE
First Pastor of Trinity Lutheran Church.

LOCAL ELKS TO GO TO BAUDETTE JAN. 17

Special Train Will Probably Be Secured to Accommodate Crowd.

The local lodge of Elks is making elaborate preparations for a trip to Baudette, Saturday, Jan. 17th. On that date between fifty and sixty candidates will be taken into the lodge at the town on the border and the local members seem determined to have Elkdom well represented when this is done.

Arrangements will be made at the Elks' meeting tomorrow night for a special train to accommodate the local delegation. In order to secure the train it will be necessary for at least one hundred to make the trip. No difficulty in reaching this mark is expected, however, and it is altogether likely that at least one hundred and fifty will be on hand on the 17th.

The train will leave here about nine o'clock in the morning and return sometime the following day.

BURTON RESIGNS AS UNIVERSITY HEAD

Has Accepted Presidency of University of Michigan, It Is Stated.

Resignation of Marion L. Burton as president of the University of Minnesota was officially announced yesterday. Mr. Burton wired his resignation from Philadelphia and stated that he had accepted the offer to be president of the University of Michigan.

Reports persisted in university circles that Dr. Harry L. Williams, for 20 years coach of the football team, will resign to accept a similar position with an eastern university. Dr. Williams is now at New Haven, Conn. The salary question is said to be responsible.

It is expected that President Burton will remain at the university until the close of the college year.

No announcement of a successor will be made until President Burton's resignation has been formally accepted by the board of regents, it was stated.

TO ADDRESS FARM LOAN ASSOCIATION

Pres. Quamme Will Explain Workings of Plan at Annual Meeting.

President E. G. Quamme of St. Paul, head of the regional bank, will be here on Tuesday, Jan. 13th, to attend the annual meeting of the Valhall National Farm Loan association. He will address the members explaining the workings of the plan and the advantages it holds for farmers who are compelled to borrow money.

The meeting will be held at the Auditorium in Thief River Falls at 2 o'clock in the afternoon and elaborate preparations have been made for the occasion. Notices have been sent to all sections of the territory served by the local branch and one of the largest gatherings of farmers ever seen in the city is expected. A dinner will be served from 12:30 to 1:30 and it is expected that this feature will help swell the attendance. The association has adopted the slogan, "Make Tuesday, Jan. 13th, a Holiday," and it appears from the interest shown that the idea will be carried out by the farmers on that day.

A full report of the business of the association during the past year will be presented at the annual meeting by Secretary-Treasurer L. A. Lampert. The local association has been one of the most successful in the state and Mr. Lampert's report is certain to be of great interest.

NARROW GAUGE SLEIGHS MAY BE USED AND SOLD

Attorney General Gives Opinion That Error Was Made By Clerk.

REP. BERVE GETS RULING

Bill Passed By Legislature Never Presented to the Governor.

The more the so-called "sleigh bill" is investigated the worse it looks. Last week Senator O. A. Naplin contributed an article in which he claimed that the sleigh bill as it now appears in the statutes is not the one passed by the legislature. Representative H. O. Berve of Marshall county, has made a still further investigation and secured an opinion from the office of the attorney general. In this opinion it is clearly shown that the engrossing clerk, by the striking out of four words from the bill, completely changed the intent and meaning of the law. In fact, the clerk did what the House had refused to do by amendment.

May Use Narrow Guage.

The attorney general holds that the bill as passed by the House and Senate was never presented to the governor for his approval but that the law is to be construed so as to carry out the intention of the legislature. This will permit the use and sale of narrow gauge sleighs purchased before Jan. 1, 1921. Mr. Berve's communication follows:

"In last week's issue of your paper I notice an article by Sen. Naplin, dealing with the new sleigh law. Sen. Naplin is correct, and I am glad he called attention to this peculiar error. Upon noticing this error in the law, I referred the matter to the attorney-general's office for an investigation of the files and records pertaining to the bill, and for an opinion as to the validity of the law. His opinion dated Dec. 20th, and written by Mr. Weeks, has just been received, and I trust you will give space in your paper for a few observations in connection with the same.

Mistake By Engrossing Clerk.

"After examining the files and records pertaining to the bill, Mr. Weeks, among other things, says: 'It is also clear that the engrossing clerk made a mistake, and in engrossing the bill after the action of the House in rejecting amendment No. 1, reversed the action of the House; that is, he struck out the words (purchased at first hand), which the House had refused to do.'

"Further on in his opinion he says: 'It is thus apparent that the engrossed bill and the enrolled bill, which is identical with the engrossed bill, is not, in exact wording, the bill which was passed, after rejection of the amendment by the House, nor is it the bill which the Senate re-passed after concurrence by the Senate in the House amendments. It follows that the exact bill which passed the Legislature was never presented to the Governor for his approval.'

Court Test May Come.

"The General concludes his opinion by saying that the law, as it appears in the volume of session laws, can be, and is to be construed so as to carry out the intent of the Legislature, and hence the old, narrow gauge sleighs which were bought before Jan. 1, 1921, may continue to be used, and sold after that date without restrictions.

"So much for the opinion. The matter will now be up to the courts, should an attempt be made to enforce this part of the law. However, the undersigned, and most of the other members of the Legislature would be interested in knowing just how this mistake slipped into the law, after the House and Senate turned down the amendment."

PENNINGTON COUNTY SOCKS HAVE HISTORY

Mrs. Griebstein Receives Interesting Communication From New Jersey.

During the war a large number of the women of this community contributed socks and other knitted articles to the Red Cross for use in the army. Mrs. Emil Griebstein was one of these and this week she received a letter from John Raupp of Patterson, New Jersey, which relates that one pair of socks made by her went through several of the biggest battles of the war, finally landed in Germany and then came back to America and were given to the writer of the letter as a Christmas gift. The letter is dated Dec. 27th, and reads as follows:

Totowa Borough, N. J.—On Christmas day I was presented with a pair of socks by a young private who recently returned from France. In putting these socks on I found a small slip of paper with your name thereon and I thought possibly you will like to learn of the record of these socks, which is as follows:

'They were presented to this young private by the Red Cross, have made a trip to France, have gone all thru the Argonne Forest battle, went thru the thickest of the Grand Pre fight, and finally landed in Germany, and from there back to America.

They seem to have been a source of good luck, as the young private who carried them has not been wounded. I give you this small history of the stockings, as I know it will be of interest to you to know just where and how these stockings have finally located.

With many thanks to you, and wishing you a Happy New Year, I beg to remain JOHN RAUPP.

Athletic Club Now Open.

The Athletic club was formally opened to the members last Friday and since that time the place has become quite popular. One class has been organized to meet at 5 o'clock every afternoon. It is being conducted by S. Salveson, who has donated his services for that purpose. S. C. Coumbie has also offered his services to conduct a class at eight o'clock every Tuesday evening and another class will probably be organized for that time. The ladies will meet at the gymnasium for the first time next Wednesday afternoon. Now that the holiday season is over it is expected that the business men will have more spare time and take a greater interest in the club.

ALLOW BILL FOR LEGAL SERVICES

Attorney Theo. Quale Voted $600 By City Council For Services Rendered.

At the last meeting of the city council Attorney Theo. Quale presented a bill for $600 for legal services rendered during the past year. The bill was allowed by the council and a warrant in payment of the same has been made out by the city clerk but it has not been signed by the mayor.

This is the second chapter in a matter that has attracted a great deal of attention throughout the past year. During this time Mr. Quale has been serving both as city and county attorney. Mayor G. A. Penney, from the outset, took the stand that the law prevented Mr. Quale from holding the office of city attorney while serving as county attorney and accordingly refused to sign the monthly pay checks. Mr. Quale then brought action in court to collect his pay and the district court decided against him. He appealed to the state supreme court where the case was dismissed through some technical error in the appeal.

Mr. Quale's latest move in presenting a bill for "legal services" puts the matter in an entirely different light, the contention being that the city council has the right to secure whatever legal services they desire and that it is not necessary that the lawyer giving such services be paid as "city attorney."

PUBLIC EXAMINER TO AUDIT BOOKS

City Council Votes to Secure State Man to Check Up City's Business.

The city council at its last meeting decided to have the books of the city audited by a man from the state public examiner's office and a request to have this done at the earliest possible date has been sent to the state office.

Under the law the state public examiner's office must provide a man for this work when a request is made by a city of this class. The city, of course, pays a stated sum per day for the work during the time required.

The books have been audited each year for some time past by a local accountant but the council decided to secure a state man for the work this year. The work includes the auditing of the books of the city clerk, city treasurer and water and light department.

Postoffice Holiday Business.

The holiday business of the local post office exceeded all previous years by 30 per cent.

Postmaster John Morgan, with a well organized corps of assistants, handled the enormous holiday business in a very efficient manner.

In the mailing of the out-going packages there was no congestion and no waiting in line as parcels were weighed, rated and precancelled and stamps affixed, in a manner which kept the crowd and the parcels moving.

Every piece of mail was given the proper dispatch without delay.

In the incoming mails distribution was made as soon as the mails arrived and deliveries made without any delay.

The parcels were delivered to carrier patrons by substitute carrier and horse drawn parcel post sleigh which greatly expedited the delivery.

Credit is due the patrons of the office in observing the instruction of the post office department, to mail parcels early, which greatly assisted in avoiding congestion and delay.

DITCH PETITIONS TURNED DOWN BY CO BOARD

Legal Technicalities Seem to Make This Action Advisable.

WILL DO REPAIR WORK

Annual Meeting of Board to Be Held Tuesday, January 6.

At a special meeting of the board of county commissioners held Monday and Tuesday two ditch petitions came up for hearing. One called for the repair, widening, deepening and *extending of County Ditch No. 36*, and the other designated the same kind of work on County Ditches Nos. 39, 45 and 59.

Both Petitions Rejected.

The petition for ditch 36 was completely rejected and the other was rejected insofar as the extending of the ditches was concerned. The repair work on the petition for ditches Nos. 39, 45 and 59, will be done as petitioned for. Both jobs were to be done under the Repair Ditch Law and it was chiefly because of this fact that the petitions were turned down. A considerable quantity of new work was designated in the petitions and the opinion was that it would be stretching the law pretty far to attempt to do the work under this act.

Many Oppose Proposed Work.

Another reason for turning down the petitions was the appearance at the hearing of a large delegation of farmers who opposed having the work done. This was considerable of a surprise to the county board as many of those who appeared in opposition to the plan were original signers of the petitions. At the time the petitions were circulated much of the land in the two drainage districts was under water and as this is not evidence now it probably accounts for the change of attitude on the part of some of the signers.

Annual Meeting Jan. 6.

The county board will next convene on Jan. 6th, which is the date for the annual meeting. At this time much business of importance will be transacted. The board will be organized for the year, appointments will be made, official newspaper designated and other important matters disposed of.

BASKET BALL GAME TO BE HARD BATTLE

Legion Team Will Meet Fast All Stars From Grand Forks.

Local fans are promised a treat in basket ball tonight when the local American Legion team will clash with the fast All Star aggregation from Grand Forks. The game will be staged at the auditorium at 8 o'clock and will undoubtedly be witnessed by a large crowd.

The local bunch has been going through some stiff practice during the past week and Coach Connell claims that they are in shape to give the Grand Forks tossers the game of their life.

This is the first of a series of games that will be played by the Legion team and the public should give them sufficient support to encourage them.

NEW CITY COUNCIL SOON TO ORGANIZE

Important Appointments to Be Made at This Meeting.

The newly elected city council will organize at the meeting to be held next Tuesday evening. At that time Aldermen Benson and Olson will retire from public office and Aldermen Dahl and Ness will take their seats for the first time.

At this meeting a number of important appointments will be made. These consist of city attorney, city clerk, janitor of auditorium, superintendent of water and light department and a number of minor offices.

It is understood that there are a number of applications for the various offices and it is possible that the council will be divided on some of them.

Legion Dance a Big Success.

The dance given by the local Post of the American Legion last night was attended by one of the largest crowds that was ever seen at a dance in this city. Over three hundred tickets were sold. The music, furnished by the local orchestra, gave complete satisfaction and the dance was a social and financial success.

DEFECTIVE PAGE
Ass'n AUG 17 1921

SOCIETY and Club

Woman's Club Meeting.

The Woman's club will hold a regular meeting in the Commercial club rooms on next Monday afternoon instead of in the evening as had been planned. Mr. Mann, whom the Merchants' association had secured to speak at a joint meeting of the Woman's club and the association, will be unable to be here. A very interesting musical program will be given by two of the city's most talented young people, Miss Alice Bourque and Herman Bischoff, sister and son, respectively, of Mrs. W. B. Fuller. Miss Bourque is a student of the Minneapolis School of Music and Art, and has since her entry to that school this fall made remarkable progress. Mr. Bischoff attends the school for the blind at Faribault, and is an unusual musician as he plays several different instruments in a very proficient manner. It is hoped that all members will be present to enjoy this rare musical treat. The program to be given is as follows:

"Rustles of Spring" .... Linberg
Prelude in C Minor .... Chopin
Herman Bischoff, Pianist
"The Star" .... Rodgers
Mifanwy .... Dorothy Forster
"Springs a Lovable Lady" .... Elliot
Alice Bourque, Soprano
Mrs. Oscar Sponheim, Accompanist
Clarinet Solo, "Tyrolene" ... Weisenborn
Herman Bischoff, Clarinet
Mrs. Oscar Sponheim, Accompanist
Whistling Solo .... Traumerl
Alice Bourque
Herman Bischoff, Accompanist
"La Serenata" .... F. Paola Tosti
"Three For Jack" .... W. H. Squire
Herman Bischoff, Tenor
Mrs. Oscar Sponheim, Accompanist
Vocal Duet, "Dear Old Pal of Mine" .... Gitzrice
Herman Bischoff
Alice Bourque

Class of '15 Entertained.

The high school class of '15 was royally entertained on Tuesday evening at the home of Mrs. Leo Fahey. Progressive whist was played at four tables. Prizes were awarded to Miss Ella Miller and Mrs. Gynther Tessum. At midnight a delightful lunch was served by the hostess, assisted by Mrs. C. T. Christenson and Miss Stella Connor. The remainder of the evening was spent in recalling reminiscences of high school days and in singing old familiar songs. It is an event which will long be remembered by those who were present. The '15's are the only class to have been entertained annually since graduation with the exception of last year when most of the boys were in service.

Those who had the pleasure of the evening were: Misses Ruth Bamford, A. Peterson, V. Brabender, E. Miller, Bertha Erickson, Mable Gather, Stella Connor, Meta Kiland, and Mesdames G. Tessum, W. Parbst, and Messrs. L. Hermanson, R. Falk, H. Connor, F. Burns and W. Long.

Kiel-Krantz.

A quiet wedding was solemnized on Dec. 24th at the bride's home at Hazel, when Miss Ruth Kiel, daughter of Mr. and Mrs. J. T. Kiel of Hazel, became the bride of N. O. Krantz of Grand Forks. The couple was attended by the bride's sister, Miss Gladys, and Roscoe Adair of Grand Forks. The bride's gown was of white georgette crepe and satin, trimmed with beads, and she carried a bouquet of sweetheart roses and ferns. The bridesmaid wore a gown of white crepe de chene trimmed with pink rosebuds and satin, and she carried a bouquet of sweetheart roses. A wedding supper was served at the bride's home with only the immediate relatives present. The out of town guests were: Mr. and Mrs. Clarence Kiel and Miss Grace Kiel, all of Minneapolis. Mr. and Mrs. Krantz will be at home in Grand Forks after Jan. 1.

Alumni Reunion.

A very enjoyable social event of the season was the alumni reunion which was held on Friday evening when 137 members were present to participate. After listening to an interesting program composed of several musical selection and readings, a business session followed. During this meeting it was decided to hold the reunion during the Christmas holidays instead of commencement week as had been the previous custom. The officers elected for the ensuing year are: President, Carl Sundahl; vice president, Carl Gulrud; secretary, Gynther Tessum, and treasurer, G. W. Werstlein. Directly following the business meeting a very fine lunch was served by the Evelyn hotel. The remainder of the evening was spent in dancing.

Sleighride Party.

A party of seventeen young people enjoyed a sleigh ride out to the Albert Johnson home, south of this city, last Monday evening. Upon their arrival the guests were served with a fine turkey supper. The remainder of the evening was spent in a social manner. Those who participated are as follows: Misses Florence and Mary Prichard, Elizabeth Kinney, Ella and Marian Miller, Zella Zeh, Alice Peterson, Irma Johnson, Marie Nelson and Miriam Bishop; Messrs. Charles and James Prichard, Roy Miller, Rufus Barackman and Mr. and Mrs. Mauritz Brink.

Mrs. Berg Entertains.

Mrs. Inga Berg entertained a number of her relatives at a two o'clock dinner at her home on Knight avenue on Sunday. Covers were laid for fourteen.

In Honor of St. Olaf Students.

The J. J. Weeks home was the scene of a very prettily appointed dinner party on last Saturday evening when Milton and Helen Weeks entertained in honor of the local young folks who attend St. Olaf college. The color scheme was in pink and white and pink roses were used on the table. Following the dinner the guests repaired to the living room where the remainder of the evening was spent in singing.

Mrs. Gullingsrud Entertains.

Mrs. Otto Gullingsrud was hostess at a series of dinner parties which were held on Thursday, Friday and Saturday of last week. On Christmas day a 12 o'clock dinner was served to twenty guests. On Friday evening at 6 o'clock covers were laid for ten, and on Saturday evening eight guests enjoyed a six o'clock dinner. Christmas colors and holly were used in decorating.

Crown-Stenvick.

On Christmas evening a quiet wedding was solemnized at the Zion Lutheran parsonage, when Axel W. Crown of this city, and Julia Stenvick of Goodridge, were united in marriage, George Larson, pastor of the church, officiating. Albert Crown, Oscar and Minnie Stenvick acted as witnesses.

In Honor of Miss Kinney.

Miss Mary Prichard entertained about fifteen of her immediate friends at her home on Tuesday afternoon. The afternoon was spent in a social way and at five-thirty a delicious lunch was served. The event was in compliment to Miss Elizabeth Kinney, of Minneapolis, who has been a house guest at the Prichard home.

Swedish Ev. Mission Church, O. J. Lundell, Pastor—Sunday, Jan. 4th: Sunday school at 10 a. m. Morning service at 11 a. m. Evening service at 7:30 p. m. The Ladies Aid will be entertained at the home of Mrs. C. Kringsberg, 412 St. Paul avenue south next Wednesday, Jan. 7th at 2:30 p. m. All cordially invited.

McMahon-Stenvick.

Verner A. McMahon of Wells county, North Dakota, and Miss Susana Maria Stenvick of Goodridge, were united in marriage on Christmas evening at the Zion Lutheran parsonage, Rev. George Larson officiating in the presence of Alfred, Minnie, Oscar and Stella Stenvick.

Trinity Ladies Aid.

Dec. 27—Oscar O. Swanson and Berthine G. Severson.

The Reason for Standard Oil Superior Service

Last week one of the 22,000 employees of this Company said:

"The reason why the Standard Oil Company (Indiana) is able to give a better service to the public, is because the men and women of the organization are inspired by the high ideals which animate every act of the Company.

"We fellows who do the detail work are never asked, expected or allowed to do a thing which could make us anything but proud of our business. We are given the best products to sell and our prices are right.

"We meet competition fairly and in the open, and we know that we must secure business that way or not at all.

"We are treated as men among men and we are well paid for our efforts.

"That's why we are loyal, enthusiastic, devoted to our work, and that is why the patrons of the Standard Oil Company (Indiana) are geting such excellent service."

Every man who works for the Standard Oil Company (Indiana) is trained to understand the ideals of service animating the Company in all of its activities.

This training makes him feel that, to the people he serves, he is the Standard Oil Company (Indiana), and that he individually must carry the grave responsibility of maintaining the high standard of service which reflects the policy of the management.

It is this responsibility which makes every employee feel that he is a vital factor in the organization, and enables the Company to fulfill its obligation as a public servant.

DRINKING FAKE WHISKEY KILLS 150, MAIMS 148

Holiday "Booze" Contains Wood Alcohol and Sells at $1,000 a Barrel.

BOOTLEGGERS TO BLAME

Widely Used In New England and Middle West—Poisoned Hundreds.

At least 150 persons dead and 148 blind or seriously ill is the total of wood alcohol poisoning among drinkers of illicit "whiskey," according to statistics gathered from various cities today.

The total was swelled by 57 deaths in the last two days from poisoned whiskey in four New England cities. The casualties, by cities, are:

New York—52 dead, 100 blind.
Hartford, Conn.—13 dead; 8 seriously ill.
Holyoke, Mass.—6 dead, 7 seriously ill.
Chicago—4 dead, 6 ill.
Newark, N. J.—5 dead.
Springfield, Mass.—3 dead, 5 seriously ill.
Cleveland—3 dead, 16 ill.
Syracuse, N. Y.—2 dead.
Emporium, Pa.—2 dead.
Richmond, Va.—1 dead.

The deaths in New York, Syracuse and Richmond cover the entire period of prohibition. Those in the other cities occurred in the last few days.

Federal officials were co-operating with state and city authorities to arrest those responsible for the manufacture and distribution of the poisoned liquor. Three men in Chicopee Falls, Mass., were held on charges of manslaughter. The whiskey sent into New England was believed to have been manufactured in New York. The authorities also were warning the public against purchasing liquor from "bootleggers."

Springfield, Mass.: Fifty-seven deaths from drinking wood alcohol "whiskey" were recorded up to noon Saturday of residents of Chicopee, Holyoke, Springfield and Hartford, who had drunk the poisoned liquor Christmas.

The list of victims so far shows: Chicopee, 35 dead, 7 ill; Holyoke, 6 dead, 7 ill; Hartford, Conn., 13 dead, 8 ill, and Springfield, Mass., 3 dead and 5 ill.

Eleven additional deaths of Chicopee men occurred Friday night and Saturday. Twenty-one persons in Chicopee and Holyoke are in hospitals or at home dangerously ill from the same cause and probably will die.

The state began to move swiftly to bring to justice the persons alleged to have been responsible. Alexander Perry, proprietor of the American house, Chicopee Falls, where much of the booze was said to have been drunk, surrendered to the authorities at Chicopee.

Perry was at once arraigned in police court on the charge of manslaughter.

Newark, N. J.: Two died from wood alcohol poisoning here Saturday, bringing the total dead to 5 in the last two weeks, police said. Three men have been arrested in one of the cases. They are alleged to have sold "whiskey" made from denatured alcohol.

Cleveland, Ohio: Fourteen persons have died from drinking wood alcohol since November 1; 16 others were ill.

Health Official Warns.

Chicago: Four men were dead and six others in a serious condition here Saturday as the result of wood alcohol Christmas celebrations. Dr. John Dill Robertson, health commissioner, considered the situation alarming enough to issue a special statement on the symptoms of wood alcohol poisoning and curative measures possible:

Symptoms—great excitability; severe stomach pains; kidneys affected; blindness usual.

What to do—Use stomach pump or emetic at once to remove poison from stomach. There is no antidote and if poison once enters system little can be done.

Syracuse, N. Y.: Putting wood alcohol in hard cider to give it more "kick" is believed to have been responsible for deaths of two men here Saturday. John Prosser and Stephen Lio, close friends died within a few hours after they had spent the evening drinking the concoction.

15 in Hospitals.

Cleveland, Ohio: Fifteen are in hospitals from drinking wood alcohol. Three deaths from alcohol this week is the total. The council is to vote Monday night on restrictive measures.

New York: Federal state and city officials were co-operating in the search for persons here who mixed wood alcohol with "whiskey," causing the death of at least 30 persons in Connecticut and Massachusetts, and the serious illness and blindness of scores of others.

Sold For $1,000 a Barrel.

The authorities were said to have learned that twelve barrels of this concoction were manufactured in the Bronx and sold to New England dealers for $1,000 a barrel. Arrests were expected to be made shortly.

Officials were sending out warnings to authorities in all surrounding cities to prevent further sale of the "whiskey." Several deaths in New York recently were believed to be traceable to the same source.

MAVIE

On Tuesday morning at 10 o'clock, at the Holy Family Catholic parsonage, occurred the marriage of Miss Anna Stien and Anton Kotlan, both of Cloverleaf township. The bride wore a gown of white net, and a bouquet of white narcissus. Miss Anna Kotlan, sister of the groom, and John Kotlan, brother of the groom, acted as witnesses. The newlyweds are well and favorably known to many local people, the groom having resided here practically all his life, while the bride has been living here for the past three years. After the wedding a delicious two-course dinner was served at the home of the bride. Their friends extend to them wishes for a happy married life.

Grace Day left Friday for Hill City, where she will visit with her father, and sister, Mrs. Knox, who was recently married.

Charles Horton went to Thief River Falls on Tuesday to spend a day attending to business.

Mr. and Mrs. Ed. Kotlan entertained a number of their friends at a card party Saturday evening. The house was beautifully decorated and a delicious lunch was served at midnight. The guests were: Mr. and Mrs. P. P. Palmer, Mr. and Mrs. Charles Horton, Mrs. Jack Houfek, Mr. and Mrs. Val Yager, Mr. and Mrs. Hans Ruud, Miss Stella Burdick, Norman Stenberg and S. Stenberg.

The Christmas program given by the Mavie school, Dec. 25th, was well attended and all present had a very good time. They had all the candy, apples and ice cream they wished for.

Miss Anna Stien went to Thief River Falls on Monday to spend the day.

A number of the young folks of Mavie attended a dance near Germantown, Saturday night. There was a very large crowd, and all report a good time.

Mr. and Mrs. Skaar entertained at a twelve o'clock dinner, Sunday afternoon. The guests were: Mr. and Mrs. P. P. Palmer.

Mr. Stien received word of the death of his mother. He left on Monday for Waterloo, Iowa, to attend the funeral.

Sivert Edward Brekke of Smiley township, and Miss Annie Holmen of Cloverleaf township, were united in marriage on Dec. 22nd, at the Zion Lutheran parsonage, Thief River Falls, Rev. George Larson officiating. Bennie Brekke, brother of the groom, and Miss Cora Holmen, sister of the bride, acted as witnesses.

Mrs. Jack Houfek of Thief River Falls, visited for a few days with her sisters and brothers at the home of Mr. and Mrs. Ed. Kotlan.

Edward Schie spent a day last week at Thief River Falls transacting business.

Charlie Ptacek, accompanied by his sister, Miss Emma, returned from South Dakota, where they had been visiting with their sister, Mrs. Sebeck. Miss Emma has spent the past summer in South Dakota.

Miss Anna and John Kotlan visited with Mr. and Mrs. Fred DuChamp, Sunday evening.

The Horton brothers, accompanied by their sister, Miss Leona, visited at the Lendobja home last Sunday.

Miss Alice Yager, accompanied by her friend, Miss Gertrude Odegaard, visited at her home a few days the first part of the week.

Mrs. Anton Kotlan, Sr., of Thief River Falls, arrived in Mavie on Tuesday to attend the wedding services of her son, Anton.

Charlie Ptacek was a business caller at Mavie on Saturday.

S. Stenberg went to Mavie Christmas night to attend the Christmas program.

Mrs. Stokke, who has been at the Physicians hospital in Thief River Falls, for the past four weeks, returned to her home Saturday.

John Kotlan, while in Thief River Falls last Wednesday, caught a dray team which had run away.

Gertie Ulvild arrived home Saturday to spend Christmas.

ROSEWOOD

Directors Annual Meeting.

The annual meeting of the directors of the Rosewood Livestock Shipping association was held at the Soo waiting room last Monday evening with Directors Jno. Sjolsvold, Thom Holten, Emil Anderson and Selmer Haugen present. The meeting was opened at 8 o'clock by Secretary Joel Shoberg, and the directors among themselves elected Emil Anderson as president, and Selmer Haugen as vice president. The minutes of the last annual and directors' meetings were read and approved, as was the work of the manager. The tuberculosis testing of cattle question was tabled as no information had as yet been secured from the county agent, Mr. Husby, who is at present having a two weeks' leave. The manager's compensation rate was raised to 15 cents per hundred-weight when shipping one carload and 10 cents per hundred-weight for each additional car. Being that the shipping district covers an area of over twelve miles long and is situated in two counties it was decided to elect two managers as an experiment during the coming year, and Adolph Haugen was elected manager in the Marshall county district, and John Sjolsvold in Pennington county. Peder Woldness was appointed director to fill the vacancy of John Sjolsvold, who resigned to accept the office of manager. The meeting adjourned at 9:30 p. m.

A very pretty Christmas custom was re-incarnated in this community on Christmas eve when five of the communities best singers went from house to house, and wherever a candle was seen burning in the window they stopped and beneath that window sang three beautiful Christmas songs. The intention had previously been advertised in some of the local stores and it is needless to say that candles were on Christmas eve lighted in almost every house, and braving a piercing wind and snow-filled roads that evening the five women kept up their "open snow concerts" for several hours to bring cheer and gladness into our homes on Christmas Eve.

Dick Hall closed a deal with A. S. Holm, last Friday, whereby he became the owner of the old Setness quarter, one mile east of town, and will move there in the spring to take possession.

Huldah and Jeeny Johnson arrived Monday morning from Hazel, and will visit for a week with Miss Mary Shoberg.

Miss Clara Nelson left last Saturday evening for Thief River Falls, where she will spend Sunday with friends.

Misses Gladys and Jeneva Swenson returned Monday morning from an over Sunday visit spent with the S. Brandon folks at Thief River Falls.

Postmaster Herbert Carlson left last Saturday for Thief River Falls, where he will spend Sunday with his relatives.

Albert Lappegaard arrived Monday morning from Thief River Falls, and will visit with his parents south of here for a day.

John Hellquist left last Friday evening for Thief River Falls, where he visited with his son, C. E. Hellquist, over Sunday.

The Rafteseth brothers have purchased another 120 acres of their father's farm north of town and are now together with their purchase of last fall the owners of three quarter sections of fine land near here. John Rafteseth, who has previously been leasing this land will move in the spring to his farm farther north which he will equip with modern farm buildings and in the future establish as his home.

Engineer H. B. Rafteseth will leave tonight for Mahnomen to resume his dredging work after having spent Christmas with his folks here.

Rev. and Mrs. George Larson of Thief River Falls spent second day Christmas here where Rev. Larson conducted forenoon services, and left in the afternoon for Norden, where he was to conduct services.

Eric Kittelson of St. Hilaire, was in town one day this week to visit with Sam Johnson on the Prichard farm.

Mr. Jorgenson of Thief River Falls, visited for a day this week with the Thoreson people, north of town.

Mrs. Abe Stroble and daughter, of Angus, arrived here last Friday evening to visit with the Sorenson and Haugen families over Sunday.

Mrs. Carl Stromberg and children from Dakota Junction, are visiting with the Rafteseth families this week.

"Christmas Ghosts" were around in this community last Saturday evening showing their skill in masking and dressing as done by various races of people in older days. They visited almost every house and evidently had a good time in its kind.

Miss Tena Westby, who is employed at Thief River Falls, spent Christmas day with her parents, north of town.

Rev. Drotts of Viking, conducted Christmas services at the Swedish church last Thursday evening.

Mr. and Mrs. James Johnson and son, Earl, of Thief River Falls, spent Christmas day visiting with the Hellquist folks, north of town.

A bunch of the local young folks attended the Christmas tree festival at the Busy Bee school house last Monday evening.

Miss Laura Krohn left last Tuesday evening for Thief River Falls, where she will visit with friends for some time.

CLERK OF COURT FORMER STENO

Three employes in the Clerk of Court's office at Fargo are conspicuous examples of the progress often made by pupils of Dakota Business *College, Fargo, N. D.*, owing to the exceptional training received at that institution.

Mr. Ralph Croal, formerly deputy, was named Clerk of Court by the county commissioners recently. Miss A. Hurley, stenographer, was advanced to deputy and Mrs. E. A. Anderson succeeded her. All three are D. B. C. graduates.

"Follow the Succe$$ful." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D., for information.—Adv.

A vast amount of work now remains to be done which the intervention of war has necessarily delayed and accumulated, and the result is that * * * * * very large capital expenditures ought to be made to make up for the interruptions inevitably due to the war, and to prepare the railroads to serve adequately the increased traffic throughout the country.
WALKER D. HINES,
Director General of Railroads.

Work more—
Produce more—
Save more—

But we can't continue increasing our production unless we continue increasing our railroad facilities.

The farms, mines and factories cannot increase their output beyond the capacity of the railroads to haul their products.

Railroads are now near the peak of their carrying capacity.

Without railroad expansion—more engines, more cars, more tracks, more terminals—there can be little increase in production.

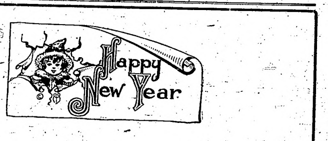
But this country of ours is going to keep right on growing—and the railroads must grow with it.

To command in the investment markets the flow of new capital to expand railroad facilities—and so increase production—there must be public confidence in the future earning power of railroads.

The nation's business can grow only as fast as the railroads grow.

This advertisement is published by the Association of Railway Executives.

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.



It is with the greatest pleasure that we wish you a Happy New Year.

May every day be crowded with happiness and may you share liberally in the new year's prosperity.

The Good Old Days

(Baudette Region.)

Eggs are a dollar a dozen in Baudette.

It kinda reminds us of the traveling salesman who was waiting for a telegram from home.

And when it didn't come he was as nervous as a plate of jelly on a wobbly table.

But he finally got the wire.

And heart disease at the same time.

The telegram read: "Twins. More later."

It's about the same with the prices of eggs and other things.

When you think the worst has happened, the grocer will tell you to buy now, because they will be "more later."

It was different in the old days, wasn't it?

You could buy a couple of laying hens for your dollar then.

For ten dollars you could buy half a cow, and the butcher would throw in his tools and his apron.

Any lad who blossomed out in a $17.50 suit had all the girls running after him.

If you kissed your wife good-bye before she went to buy a pair of shoes you didn't have to kiss a twenty-dollar bill good-bye, too.

And when you came down to breakfast the bacon wasn't crying for its missing playmates, the eggs.

Them was the good old days, wasn't they?

Yes—they weren't.

Those were the days when a dollar was worth a lot and a man was worth very little.

If your appendix went on a strike the doctor called it inflamation of the bowels and they buried you.

If you accumulated a case of smallpox or diphtheria it was all day with you.

If your lungs became weak they started to pick out a location in a marble orchard for you.

And if you were unfortunate enough to be host to a few billion typhoid germs they called the doctor.

But he wouldn't give you any water and you were wafted to the realm of bliss.

With your tongue hanging out.

And women wore long skirts that dragged along the walks and collected germs, and made the wearer resemble an upright piano.

And if she wore a shorter skirt, which came within a few inches of the ground.

And which showed her ankles, and which hinted that she was equipped with legs like other humans, she was a heathen.

If you craved amusement you got it in the "Young Men's Wednesday Night Club."

When some old skinflint would talk you dizzy for two hours on "How to be a Successful Man."

You got a dollar and ten cents a day, and were expected to bring up a family of ten children on it.

Those were the "good old days" we hear so much about. You wouldn't think of having them back and you know it.

It costs more to live now, but it's worth it.

So quit your grumbling.

One of the pleasant jobs of the year will soon be up to the city council. All they have to do is appoint a city clerk, attorney, street commissioner, janitor, water and light department superintendent, and so on down the line—and please everybody. Some job.

That apartment house idea seems to have gotten a severe jolt. And the housing problem gets more serious every day.

No need of proprietors of non-advertising stores ever taking the "rest cure." Each day is one of perfect rest for them.

A fellow sufferer remarks: "I know d—— well that there is money in the printing business because I have sunk a lot of it there."

The "Shimmy," "Shuffle," "Wiggle" and various other popilar dances have been officially pronounced an "aftermath of the flu."

Night "cops" are reported as scarce by Chief Erickson. An automatic lock on the jail is suggested as a remedy by former Patrolman Wold.

Apparently wood alcohol has a man-sized "kick." It kicks the lid off for the undertaker.

The cigar and cigarette business suffers a severe jolt about Jan. 1st of each year. But it don't last long.

The mention of "county division" brings pleasant memories to some of the "old timers" of Thief River Falls.

Dandelions may soon become a cultivated crop.

"Keep the Home Beer Brewing" is the latest song hit.

Just fifteen days to Jan. 16th. It's a life-size lid that goes on then.

Educate the Public to the Necessity for Game Protective Legislation

By JOHN B. BURNHAM, American Game Protective Ass'n

Almost everywhere except in North America the food shortage has caused appalling inroads on the game supply. Aside from the northern portion of North America the picture is one of nearly universal gloom, but here, I am glad to say, conditions are much brighter.

Next to the advance of civilization the chief factor that has reduced our game is the market hunter. Almost everywhere we have put an end to the commercialism of game, with the result that game is on the increase. The low water mark in many places has been passed. We have the laws and the machinery for putting them into effect.

From my viewpoint we now need better enforcement of existing laws rather than additional restrictions, which are only exasperating to good sportsmen. Where the law is not thoroughly enforced you and I know that such restrictions penalize the best class only and that the others do as they please. Closed seasons are worse than useless unless they are enforced and the vermin kept down.

In the United States antelope and mountain sheep have been exterminated under long closed seasons. In this instance it is true there should have been closed seasons, but they should have been enforced. It would be much better to lose the game without law than to lose both the game and respect for law at the same time.

Don't spring your law, no matter how good, until you are prepared to put teeth in it. Better err on the side of too great liberality than err in the other way. Educate the public to see the necessity for protective legislation. The great mass of testimony proves that paper laws play into the hands of the Huns of sport.

THE KITCHEN CABINET

He who hath never warr'd with misery,
Nor ever tugg'd with danger and distress,
Hath had n' occasion nor no field to try
The strength and forces of his worthiness.

SUNDRIES.

A new design for an old product is quite worth while, especially in food.

Camouflaged Kidneys.—Skin and clean (cutting out the white) four or five lamb or pigs' kidneys; cut into cubes and fry in oil or butter quickly; season with chopped parsley, salt and a sliver of garlic. It will take about five minutes. Just before taking up add a tablespoonful of vinegar; let it boil up and serve on toast.

Rabbit Saute.—Clean and cut up a rabbit; dredge with flour and sprinkle with salt. Put into a frying pan with two tablespoonfuls each of chopped onion and drippings; cook gently until brown. Cover with three cupfuls of stock, add a dozen small onions, a bit of bay leaf, blade of mace, six mushroom stems and a teaspoonful of tarragon vinegar. Cook one hour, or until tender. Remove the onions and rabbit and strain the stock. Cut half a pound of ham in strips and cook in a frying pan with the caps of the mushrooms. Add twelve ripe olives, the onion and rabbit and the strained sauce. Bring to the boiling point and season highly. Put the rabbit in the center of a platter, arrange mushrooms, olives, ham and onions in piles around the rabbit and pour the sauce over all.

Mock Roast Chicken.—Take one pound of the skin of veal, two ounces of salt pork, one tablespoonful of chopped onion; mix thoroughly with one and one-half teaspoonfuls of salt, pepper and one-half cupful of milk. Line a mold with two-thirds of the mixture. Put one cupful of bread crumbs and one cupful of milk in a saucepan and stir over the fire until thick. Add one teaspoonful of salt, a little pepper and one teaspoonful of poultry dressing, with two teaspoonfuls of chopped onions. Mix well and put in the center of the mold. Cover with the remaining veal mixture and strips of salt pork. Bake half an hour; invert the mold on a pan, surround with six potatoes cut in strips, and roast until the potatoes are tender, basting frequently with the gravy in the pan.

Nellie Maxwell

DO YOU KNOW MR. KELLER?

The hand is quicker than the eye and so is the typewriter.

Fifteen years ago, some of you may remember, there were two great magicians appearing before the American public, Hermann the Great and Keller the Magician. Although rivals they were great friends. They were sitting together at Brighton Beach one day when an admirer of Hermann's came up and started to tell the latter how good he was.

"You know," he said, "that I am something of an amateur sleight of hand expert myself. I am sure no one but yourself could have deceived me with that card trick you did last night."

"Oh," said Hermann modestly, "that is a very simple trick. Any one could do it. I venture to say this gentleman sitting right here could deceive you with it."

"I'll bet a hundred dollars he could not" said the amateur and Hermann took the bet.

A deck of cards was brought and Keller performed the trick with ease and grace.

"I guess you don't know my friend Mr. Keller," said Hermann as he pocketed the hundred.

When any sleight of hand promoter wants to sell you wild cat stocks, or to exchange something he says is sure to make you thousands for every dollar you put up, for your Liberty Bonds and War Savings Stamps, you had better find out whether you know Mr. Keller.

A prospectus and a promise is all the equipment these fakers require. With that simple apparatus they can make oils wells spout where there is not enough oil to lubricate a watch; they can find gold where there is not enough yellow metal to plate a profiteer's conscience; they can make rubber plantations flourish in countries where the natives are the only things that stretch.

If a man has $10,000 salary, he may be able to afford to take a chance. If he has less than that amount he cannot afford to lose.

You know there is no trick about government savings securities. You KNOW they are safe, that they are profitable and that you can exchange your War Savings Stamps and Savings Certificates for cash at a profit when you need it.

If you think the sleight of hand man cannot fool you, meet Mr. Keller.

Happy Thought.

The stepping stones to success are often a rock road.

Know Your Editor.

The Extension Service News of the New York state college of agriculture moves to substitute the word "editor" for the word "neighbor." Then it would read, "Get acquainted with your editor, you might like him." The News says:

"Every person who is interested in the life of his community, should have an intimate acquaintance with and sympathetic attitude toward the editors of his local papers. Too few people realize the contribution which the country weeklies make to the life of the community. Many think of the local editor only when they wish to make use of him to give publicity. At other times they are all too likely to have only words of criticism for the publisher and his paper.

"The newspaper is not so much a business enterprise as it is a local institution, and in proportion to what he contributes to the life of the community, the average publisher is as poorly paid as the country preacher or the country school teacher. He works almost as long hours as the farmer, and cannot feel that he is off duty during any of his waking hours."

Wood Formally Files For President

Major General Leonard Wood today filed a formal announcement of his candidacy for the Republican nomination for presidency at the South Dakota primary with the secretary of state. In his message of acceptance, General Wood said:

"I do hereby declare that if nominated and elected I will qualify."

Governor Lynn J. Frazier of North Dakota, endorsed by the Nonpartisan league convention held December 2, has not filed notice of his acceptance.

Major General Wood gave his birthplace as Bourne, Mass., and his present address as Chicago. The formal announcement of General Wood's acceptance of endorsement for president came on the last day on which candidates for president may file their acceptances. The Wood communication was expected as a semi-official report, received at republican headquarters last night, stated that General Wood would be a candidate.

The Times, $2 per year.

BAD COLD GOT YOU? FEELING GRIPPY?

Dr. King's New Discovery soon starts you on the road to recovery

ONCE tried, always used. That's a trite expression, but one never more applicable than it is to Dr. King's New Discovery.

You will like the prompt, business-like way it loosens the phlegm-congested chest, soothes the tortured throat, relieves an old or a new cold, grippe, cough, croup.

The kiddies can take it in perfect safety, too. No bad after-effects. Standard half a century. 60c. and $1.20 a bottle. At your druggist.

Don't Continue Constipated

Don't let your bowels bulldoze your system. Make them function regularly—keep the body cleansed of waste matter with Dr. King's New Life Pills.

Billousness, sick headache, sour stomach, indigestion, dizziness, furred tongue, bad breath—think of the embarrassments and discomforts traceable to constipation. How easily they're rectified by the occasional use of Dr. King's New Life Pills. Move the bowels smoothly but surely. Try them tonight. All druggists—25c. as usual.

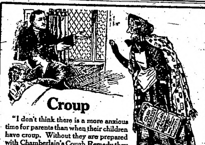
Have your cylinders re-bored when you have your car overhauled

We are equipped to do all all work of this kind

Believing that there are in this immediate vicinity a great many automobile motors the cylinders of which require re-boring and fitting with over-size pistons, we have recently installed in our shop one of the latest type, scientifically accurate cylinder re-boring machines purchased of the Marvel Machinery Co., of Minneapolis, Minn. We are now in position to re-bore your cylinders, and fit them with over-size pistons, delivering to you as perfect a piece of work as can be delivered by any shop in the country. Nothing but strictly high-class and efficient work, which means satisfaction to the user.

Oscar Evenson, for eight seasons with the Northwestern Garage in this city, is in charge of the re-boring and repair department.

Evenson & Sons



Croup

"I don't think there is a more anxious time for parents than when their children have croup. Without they are prepared with Chamberlain's Cough Remedy they must wait for the doctor and listen to the choking, metallic cough and watch their little one gasping for breath.

You know the great danger of croup is the formation of a false membrane in the larynx, and until this is expelled relief cannot be obtained, and the spasmodic choking continues. Give Chamberlain's Cough Remedy in frequent doses. It will loosen this membrane and cause the child to expel it by vomiting.

Chamberlain's Cough Remedy

is an absolutely safe and certain remedy for croup, and if given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack."

Yours for Health—Granny Chamberlain

Frank Richter, who has been visiting with relatives in this city since Tuesday, returned to his home in New York Mills, on Saturday evening.

Mrs. Lucy Ures left on Friday evening for Crookston, where she is employed, after spending the holidays with her daughter, Miss Kathleen.

Mrs. K. O. Dock returned to this city Saturday afternoon after having spent the Christmas holidays at the T. A. Torgerson home at Greenbush.

Miss Gertrude Odegaard arrived on Friday evening from her home at Oslo, to attend the alumni reunion held in the auditorium that evening.

Miss Josephine Phillipson, who is employed at Oen's department store, returned to this city on Friday, after spending the holidays at her parental home in Middle River.

Miss Lorenza Urdahl, of the clerical force at Lokens' department store, returned here on Friday morning after spending Christmas at her parental home in Goodridge.

Mr. and Mrs. J. M. Kenyon, who spent Christmas at the home of the latter's parents, Mr. and Mrs. Wm. E. Furstnau of this city, returned to their home in Delta, Utah, on Friday evening.

J. Linde, accompanied by his daughter, Miss Agnes, left on Friday morning for Perham and Minneapolis, where they will visit with relatives for a period of a week.

Mr. and Mrs. A. C. Granville, who have been the guests of the former's sister, Mrs. C. A. Nason, during the holidays, left on Saturday afternoon for their home at Proctor.

Ambrose Zeh, who is employed in a bank at Minot, N. D., arrived on Thursday morning and visited with his father, Phil Zeh, and brother, Lloyd, until Saturday afternoon.

Mrs. A. Barstad, accompanied by her daughter, Miss Anne, and son, Severin, left on Saturday afternoon for Fargo, where they will spend a brief period visiting with relatives.

Miss Harriet Mitchell, who is employed at the Thief River Music store, left for her home in St. Hilaire on Wednesday, where she spent Christmas. She returned here on Saturday.

Miss Alice Solem, who is engaged as nurse in the Physicians hospital, left on Saturday morning for her parental home in Stolner, where she will visit for a period of three days.

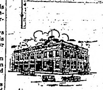
Mrs. J. W. McGinnity, accompanied by her sister, Mrs. Katherine Schmitt of Red Lake Falls, who has been her guest, left on Saturday afternoon for the latter place where the former will visit for a few days.

Mr. and Mrs. Harry Dybvig arrived Wednesday from their home at Baudette and spent the Christmas holidays at the A. A. Dybvig and B. G. Walker homes. They returned to Baudette on Monday.

Karl Kretzschmar, who was recently discharged from the navy, returned to this city last Wednesday morning after a three years' absence. He contemplates remaining here for a period of a month at least.

Some Wind.

A terrific wind did considerable damage in the city Christmas day. Plate glass windows in the Northwestern Auto company building and the Union block were blown in, the large municipal Christmas tree was blown over and several residences were somewhat damaged during the afternoon.



New Year's Greetings

That the dawn of the New Year may light your path to happiness and prosperity, and that the years to come may abound with success in all your affairs, is the sincere wish of the officers of the

A Living Room You Would Enjoy

When furnished from this store, your Living Room just seems to radiate comfort. Every nook and corner seems to harmonize---you can feel that everything is just right. A satisfied feeling comes over you when you settle down for an evening at home---a feeling that brings real pleasure.

Larson Furniture Company

Make Tues., Jan. 13 a Holiday

Hear Mr. E. G. Quamme talk on Federal Farm Loans

Are You Paying Too Much Interest on Your Farm Loan?

Must you renew your loan every five years and foot the bills of such renewal?

Do you believe in co-operation on the part of farmers?

Do you know that the government has made it possible for you to get money at 5½ per cent; that you need never renew such a loan; that it can be paid up on any interest-paying date after five years?

Do you know that this territory has one of the best Federal Farm Loan associations in the state and that it is ready to be of any service possible to you?

All of these questions will be taken up at the annual meeting of the local association by Mr. Quamme, president of the Federal Land Bank, St. Paul, at

The Auditorium, Thief River Falls
Tuesday, Jan. 13 at 2 o'clock p. m.

A free dinner will be served between 12:30 and 1:30 o'clock, and we want you to come and hear what Mr. Quamme has to say about Federal Farm Loans. Bring your friends.

VALHALL NATIONAL FARM LOAN ASSOCIATION
L. A. Lampert, Sec'y-Treas.

Secretary's Annual Report of the Pennington County Farm Bureau Association

Being a Partial Resume of the Work Undertaken by the Bureau During the Season Just Past

This is the second Annual Report submitted by the Pennington County Farm Bureau. It is sent to all Farm Bureau members and others who are interested in Pennington county. This report should be carefully read in order to fully realize the real value of such an organization. The success of the work was due in a large measure to the splendid co-operation given by Pennington county residents. We request the same loyal support in the future and hope that more farmers may associate themselves with the organization in the year of 1920.

J. J. McCANN,
Farm Bureau Director.

Success of Farm Bureau Established.

The Farm Bureau of Pennington county now consists of two hundred and forty-five members, which is an increase of one hundred over last year's enrollment. These new members, in many cases, joined without being requested, as no thorough drive has been made to enroll all of Pennington county's residents. A campaign was scheduled from October 27th to November 1st, but bad roads and heavy snow storms prevented its execution. This will, however, be continued during the winter months and every citizen interested in the agricultural development in the county will be given an opportunity to associate himself with the organization. Many who were not in favor of the movement a year ago are now its strong supporters. The farsighted farmers predict that in a few years no progressive agriculturist will wish to remain outside of the organization.

The board of directors, assisted by the county agent, carefully planned the program of work for the entire year. After this had been done, committees were appointed for the various lines to assist the county agent in the further development of these projects. Membership was to be extended to all parts of the county through the assistance of a committee consisting of A. J. Andersen, Harry Woolson, Paul Engelstad, of Thief River Falls; Stuart McLeod, of Goodridge; J. W. Denhart, of Hazel and R. J. McKercher of St. Hilaire.

In the project work R. J. McKercher, of St. Hilaire, and Paul Engelstad, of Thief River Falls, were appointed on the Soil and Improvement committee. Emil Larson, of Wylie, Robert McGinn and Harry Woolson, of Thief River Falls, were to give their assistance for More and Better Crop Production in the county. In the livestock line, Stuart McLeod, of Goodridge, Hans Anton, of St. Hilaire and Fred Beerbower of Thief River Falls, were to co-operate with the county agent in the securing of More and Better Livestock. A. J. Anderson of Thief River Falls and J. W. Denhart of Hazel, were to give their assistance in encouraging boys and girls to join the various Junior clubs in the county.

Morgan Vaughn of Goodridge, John Larson of Plummer and K. T. Dalagher of St. Hilaire, were appointed to act on a Farm Management committee, giving their assistance and advice to those who need it along that line.

The members of these committees will in turn work with the county agent in securing data on the projects which they represent, giving it to the people of their communities from time to time.

Other Organizations Appreciate Assistance of Bureau.

The Farm Bureau has co-operated with and assisted many of the activities carried on by the various associations in the county. The Farm Bureau office has been used as a place to hold meetings and many of these associations have requested assistance. These organizations may be divided into:

(a) Organizations Relative to Project Work.
Poultry Association.
Livestock Shipping Association.
Fair Association.
Livestock Breeders' Association.
Guernsey Breeders' Association.
Creameries.

A detailed discussion of work with the above named associations will be given under "Project Work."

(b) Miscellaneous Organizations.
Farmers' and Community Clubs.
Public Health Association.
Woman's Club.
American Legion.

Assistance Given to Farmers' and Community Clubs.

The seven Farmers' clubs and Community club of the county were given help in the securing of local and extension speakers and by appearing in person at forty-eight of these meetings having a total attendance of four thousand five hundred. The Community Club at Goodridge was assisted in the securing and transportation of judges for their Tri-County Fair held in their village. This club supported one of the best small fairs held in the Northwest. The grain exhibit was far superior to many of the county fairs in this section. Much credit is due to this Community club for their excellent co-operation and boosting for better agricultural conditions in Eastern Pennington county. The Farm Bureau will endeavor to secure financial aid from the state for carrying on this fair in future years.

Public Health Work Promoted by Farm Bureau.

The Farm Bureau Director was elected secretary of the Pennington County Public Health association, also County Campaign Director for the sale of Christmas Seals. This made it necessary to attend a meeting held in the Athletic Club building, St. Paul, to discuss an outline of plans for the campaign to be held from December 1st to 10th. Each county director gave a brief outline of the plans for the activities in their respective communities. In Pennington county one person in each township has been requested to act as local campaign director for their locality. This director is to report to county headquarters at the Farm Bureau office each day, if possible, so as to give publicity to the drive. This County Public Health association has been instrumental in securing a Child Clinic held in Goodridge on October 11th. Thirty children were examined free of charge by a health specialist from St. Paul. It is the intention of the association to hold a Dental Clinic during the next month and through the assistance of the Seal Sale to co-operate with the Red Cross authorities in securing a county nurse.

Woman's Club Assisted in Beautifying City.

The Farm Bureau director was requested by a representative of the Thief River Falls Woman's club to act as chairman of a clean-up committee. Three citizens of the city were appointed to judge the improvement of the streets throughout the summer months. The Farm Bureau secured the assistance of a specialist from the cities to give his opinion on which should be awarded the loving cup given by the Woman's Club. This club deserves much commendation for their activity in this line of work as it did much to improve the appearance of the city lawns and boulevards.

Employment Secured For American Legion Members and Returned Soldiers.

Eighty-five returned soldiers were given work through the assistance of the Farm Bureau. The county agent was elected president of the local American Legion Post and many of its members use the Farm Bureau to good advantage in securing employment in this section. A list of vacancies is on file in the Farm Bureau office as well as the names of the boys who are looking for employment.

A meeting in St. Paul and one in Crookston were attended by the agent in the interest of the Legion. No better work could be supported than that of the American Legion. It aims to promote and uphold the spirit of Americanism, first, last and all the time. Much credit is due to the membership committee and the adjutant of the local post for the excellent success attained.

Program of Work.

1. Further Development of the Farm Bureau Association:
(a). Extension of membership to all parts of the county.
(b) Selection of committee to direct definite lines of work on projects and in communities.
2. Co-operation with the Government in all war reconstruction activities.
(a) Food conservation.
(b) Securing suitable employment for returned soldiers.
3. Livestock Production.
(a) Improvement and Increase.
(1) Introducing more purebred sires.
(2) Assist in exchange of breeding stock, thru:
(a) Exchange List.
(b) Sale, erection of an exhibit and sale pavilion on fair grounds.
(b) Better Feeding.
(a) Survey and silo tour.
(2) Conducting legume demonstrations.
(3) Conducting forage crop demonstrations.
(4) Conducting balanced ration demonstrations.
(5) Conducting hog pasture demonstrations.
(c) Cow Testing Association.
(1) Organize.
(d) Shipping Association.
(1) Organize.
(2) Re-organize.
(e) Disease Control.
(1) Tuberculosis demonstration.
4. Crop Production—Soils:
(a) Grains.
(1) Seed supplies.
(a) Exchange List.
(b) Pure seed plot demonstration.
(2) Disease Control.
(a) Smut treating demonstrations.
(b) Potatoes.
(1) Seed supply.
(a) Exchange List.
(b) Selection demonstrations.
(c) Seed certification.
(2) Disease and Pest Control.
(a) Seed treating demonstrations.
(b) Spraying demonstration.
(c) Sugar Beet demonstration.
(d) Peat Land Reclamation demonstration.
5. Co-operation with and work through existing organizations, and further organization of such as are needed, as:
(a) Farmers' Clubs.
(b) Community Clubs.
(c) Commercial Clubs.
(d) Livestock Breeders' Associations.
(e) Creameries.
(f) Fair Association.
(g) Livestock Shipping Association.
(h) Poultry Association.
(i) Potato Association.
(j) Bankers' Associations.
6. Farm Management:
(a) Urging better use of farm manure.
(b) Urging weed control, thru:
(1) Cultivated crops.
(2) Summer fallowing.
(3) Crop rotation.
(c) Assistance in farm accounting.
(1) Keeping farm records.
7. Boys' and Girls' Club Work.
(1) Potato Clubs.
(2) Sheep Clubs.
(3) Poultry Clubs.
(4) Bread Baking Clubs.

The above program has been approved of by the Farm Bureau directors as being one of the most appropriate for Pennington county. It was realized that this could not be strictly adhered to, but was to be a guide in the execution of the main projects.

Soil Improvement.

Experiments with Phosphate Proves A Success.

Nine peat plots in Eastern Pennington county were used for demonstrational work by the Farm Bureau, in co-operation with the Department of Soils, University Farm, St. Paul. These plots were measured out the previous fall and phosphate fertilizer applied the following spring. Some received an application of four hundred pounds to the acre, and others two hundred pounds in order to determine the amount necessary for successful crop production. The plots were one acre in size and sown with oats, flax and grass mixtures running in narrow sections through the phosphate, check and manure areas. These plots were visited five different times during the summer and the results checked. Although, the high water greatly damaged the plots, it was easily seen that there was a decided advantage in favor of the plots having an application of manure or phosphate.

Twenty farmers of the county secured phosphate and with the help of the county agent secured some valuable information from having plots on their farms. Fourteen of these fields were not destroyed by the flood and the data for the same shows the following results in yield per acre:

	Phosphate	Manure	Check
Barley	35 bu.	34.6 bu.	21 bu.
Rye	38 bu.	36 bu.	18 bu.
Oats	64 bu.	53 bu.	30 bu.
Flax	6.5 bu.	10 bu.	5.5 bu.

Twenty-four and one-half tons of phosphate had been distributed to the farmers of this locality since February, 1919, and in each instance where the water had not damaged the crop very favorable results had been received. The Farm Bureau of Pennington county has been fortunate in the securing of twenty demonstrational plots which will be located on the Ellwell Road, between Thief River Falls and Goodridge. These plots are maintained by the Division of Soils of University Farm, St. Paul, in co-operation with the Pennington County Farm Bureau. The state will furnish the acid phosphate and apply it to the field. The only work for the co-operating farmers is that they haul the phosphate from the station to the field. These plots will be one acre in size and the tract treated will be adjacent to the road. These plots will be selected by a representative of the Division of Soils and the county agent, making it a point to distribute them throughout the twenty miles of the State Road. A number of peat plots as well as plots on mineral soils will be selected, if possible, to get a comparison of the value of the fertilizer on both classes of soil.

The State plots at Goodridge had been turned over to the Pennington County Farm Bureau and blue prints of the same were furnished by Dr. Alway of the Soils Department. These were covered with water during the month of July as is shown by the accompanying photograph. Although no yields were secured the amount of vegetation was much greater where applications of phosphate had been made. No distinction could be made between the plots where the manure had been applied at ten tons per acre and where an application of phosphate had been made at the rate of four hundred pounds to the acre.

CROP PRODUCTION AND IMPROVEMENT.

Thirty-Three Acres of Potatoes Certified For Seed.

Ten potato plots were secured in the county for the purpose of securing certified seed. A. G. Tolaas, of University Farm, gave a demonstration at Goodridge, explaining how to treat all tuber diseases. The seed for the ten plots were treated with corrosive sublimate, inspected before planting, twice while growing, and again in the bin. Five of these plots passed all four inspections and one grower has three thousand bushels of certified stock. He has been offered a premium of fifty cents per bushel over market price on this seed, but is holding it until next spring.

The corrosive sublimate used in treating the seed in these plots was secured at cost by the Farm Bureau through a local drug store. The plots were checked by E. L. Probesting of St. Paul, and the result showed the advantage of the treated over the untreated seed. The percentage of the different diseases was checked as follows in all ten plots and the average taken:

	Scab	Black Leg.	Black Scurf.
Treated	2%	trace	3%
Untreated	30	8	18

Eleven farmers are now making a practise of maintaining a seed plot each year, treating the seed with corrosive sublimate and hill selecting in the fall, tubers taken from productive vines, true to type, free from bruises and disease. A few years of such selection will mean much to a better type of potatoes in the county.

Smut Campaign a Big Improvement on the Condition of 1919 Grain Crop.

In Pennington county during the year of 1919, 16,100 bushels of wheat were docked for smut. The price was reduced all the way from 2c to 23c per bushel. Realizing that something must be done to check this loss, A. G. Tolaas of the State Certified Seed Inspection Department held a number of meetings throughout the state to encourage campaigns for checking the disease. A meeting was held in March in Thief River Falls for the county agents of the Red River Valley. Each agent was requested to schedule a number of meetings in their counties to wage campaigns against smut. Four of these demonstrations were held in Pennington county and the outline following shows that much benefit was derived from this campaign.

Results of Smut Control in Pennington conuty:

Location of meetings	Thief River Falls	Goodridge	St. Hilaire	Goodridge
Attendance	15	48	32	40
No. Farmers Agreeing to Carry Out Suggestions	20	40	32	25
No. Comparative Filed Destrations	3	4	2	
Quality of 1919 Crop as Compared with 1918 Crop	40% less smut	50% less smut	20% less smut	
No. of men bringing in smutted grain in 1919	16	5	8	
Amount docked on grain, 1918	16,000 bu.			
Amount of Formaldehyde sold in 1919	1,225 lbs.			
Amount of Formaldehyde sold in 1918	212 lbs.			

Farmers Greatly Benefitted by the Securing of Seed Corn.

Through the co-operation of the Farm Bureau with a local seed house, thirty-seven farmers of the county were supplied with seed corn at a reduced price. This was all high test corn as was shown by sample tests sent down to the Seed Laboratory, University Farm. The Farm Bureau equipped the office with two Lawton Seed Corn Testers and in co-operation with the high school agriculturist, forty-eight farmers were given assistance in testing their seed corn before planting. One lot of seed tested but fifty-two per cent which made it necessary to use it for feed. Had this been planted, the grower would have suffered a great loss thru crop failure, time and space used with the worthless seed.

Farmers Become Interested in Pure Seed Plots.

Six farmers of the county secured pure seed, through the Farm Bureau, from the Northwest School of Agriculture. They will use the seed of these plots to sow their fields the following year and in some instances will sell enough to provide their neighbor with a seed plot. The Farm Bureau office was used as a medium of exchange in supplying all varieties of grain for seed purposes. A list of grain for sale and grain wanted was on file in the Farm Bureau office, which was extensively used throughout the seeding season. As a result of this grain exchange, sixty-five farmers were supplied with two hundred bushels of corn. Seventy-five farmers were supplied with eight hundred bushels of oats, forty farmers were supplied with twenty-two thousand bushels of wheat. Thirty-five farmers were supplied with nine hundred bushels of rye. Ten farmers were supplied with three hundred bushels of flax. Three farmers were supplied with fifty bushels of sweet clover. Eight farmers were supplied with ten bushels of alfalfa.

Grasshopper Menace Successfully Checked by Poisoning.

During the month of August, six farmers in the county reported to the Farm Bureau office that grasshoppers were badly damaging their fields. In one place ten acres of rye had been totally destroyed and in other places fields of flax and wheat were badly eaten. The Farm Bureau director made a bran mash poison mixture which was distributed on the infected fields and resulted in the killing of the hoppers in large numbers. After these were checked no more serious damage was reported. It was estimated that this saved the grain growers of the county thousands of dollars by eradicating the hopper.

Experiments Conducted by the Farm Bureau Demonstrates that Sugar Beets Can be Successfully Grown in Pennington County.

Ten sugar beet plots were conducted by the Farm Bureau in 1918, and sixteen more in 1919. Last year the sugar content ranged all the way from fourteen to eighteen per cent, and during 1919, large yields were grown on plots that were not drowned out by the high water. The following table gives an idea of the success of these plots:

Lot	Sugar Content	Purity	Yield per acre
1	16.3	77	15
2	16.6	76.3	8
3	13.6	73.8	7
4	17.3	80.9	11
5	17.7	76.1	12

At a meeting held in St. Paul of authorities interested in sugar production, it was stated that the Northwest was entitled to a Beet Sugar factory. Three companies have already stated their willingness to locate in Thief River Falls, if the crop can be successfully grown. The above report shows an excellent start and next year an effort will be made to secure a large acreage of beets among the farmers of Pennington county. The crop will be shipped to the nearest factory that will co-operate with the growers and by so doing an absolute check can be made on the success of growing the beet. This would not only be a great value to the city of Thief River Falls in adding a new industry, but would greatly help out the farming community by introducing another cultivated crop to help fight the sow thistle. The beet pulp which is a valuable dairy feed will also help solve the balanced ration question for feeding dairy stock.

LIVESTOCK.

Much Livestock Secured For the Shipping Association.

The county agent in traveling around through the county has secured many head of hogs and cattle which were marketed through the Livestock Shipping association of the county. This association held a meeting in the Farm Bureau office in February to formulate their rules for the ensuing year.

Breeders' Association Boosts For Livestock Pavilion.

The Pennington County Livestock Breeders' Association reorganized February 21st, 1919, and voted to push the erection of new barns on the fair grounds. Committees were appointed in each township to sell shares in the proposed pavilion. The banks of the city pledged $550.00, and the Merchants' Association $950.00 more showing that these organizations are heartily in favor of boosting for better livestock in this section. The Farm Bureau office secured plans and blue-prints and the assistance of a State Engineer to draw up the plans and give estimates on the cost of erecting the buildings. Three very substantial barns were built in such a way that a sales pavilion can easily be erected connecting all barns and when more room is needed other barns can be added without changing the structure. These barns were of great assistance in housing the large exhibit of livestock at the county fair and may also be used for the holding of Consignment Sales at any time during the summer.

Livestock Exhibit at Fair Was Largest in History of the County.

The Fair Board was given assistance by the Farm Bureau in the securing of judges and in rounding up a large number of livestock and poultry for exhibition. Many farmers who had not planned on bringing in stock were persuaded to help the agricultural end of the fair by exhibiting. The grain and stock exhibits were somewhat handicapped by the early date of holding the fair and many farmers believe that a much better display could be made at a later date. The county agent also assisted five other county fair associations in the judging of their livestock and grain exhibits.

Purebred Livestock Secured For Farmers.

The Farm Bureau director assisted in the purchasing of livestock at four different sales in the county and a carload of purebred Guernseys were taken from Little Falls and distributed to the farmers in the neighborhood of Goodridge. This herd was known by the county agent for some time previous which accounts for the bringing in to Pennington county of these excellent animals. The vicinity of Goodridge is rapidly becoming a Guernsey center and if the present progress is continued these residents can truthfully boast of being one of the best dairy sections in the community.

Testing of Cattle For Butter-Fat Production is Given a Start.

The creameries of the county have co-operated with the Farm Bureau in encouraging farmers to test their herds for butter-fat production. The Farm Bureau supplied record books free of charge and the creamery did the testing at 5c per cow per month. Nine farmers are keeping very good records, weighing and testing, while many more are testing, from time to time, with the intention of keeping better records at a later date when the feed rations can be more easily computed. A competitive butter-fat production contest was in charge of the Farm Bureau at the County Fair. The cows entered in this contest were milked twice daily for three days, the milk weighed and tests taken each time. The first place was won by Mike McAndress, of St. Hilaire, and second place by Ed. Aubol, of St. Hilaire.

Many High Grade Sheep Brought to Pennington County.

The names of farmers wishing to secure sheep were listed at the Farm Bureau office. Fifteen Montana ranchers and sheep owners were written to and the names of their breeds of sheep and prices secured. The Citizens State Bank of Thief River Falls, purchased 1,800 Western sheep and all farmers desiring to start the sheep industry either purchased direct from Montana parties or secured them direct from the bank at a very reasonable price.

Pasture and Hay Land Secured For Montana Men.

Much correspondence had been received from Deputy Commissioner of Agriculture, J. H. Hay, of St. Paul, stating the great hardships suffered by the Montana cattle owners because of the drought in that area. Five of these men came direct from Montana to the Farm Bureau office and were assisted in securing 8,000 acres of hay land for use this coming winter. Pasture land had been secured for two of these Montana men who brought in sixty-four head of horses and cattle. Some of these parties were so pleased with Pennington county that they decided to remain in the vicinity of Thief River Falls as the country looked to be an excellent place to them.

New Record is Made by the Pennington County Association.

At a meeting of the Pennington County Poultry Association in February, 1919, A. J. Andersen of Thief River Falls, was elected president; Mike McAndress of St. Hilaire, vice-president; the County Agent, secretary; Mrs. Harry Woolson of Thief River Falls, treasurer; F. B. Conklin, L. H. Lawrence of Thief River Falls, and K. T. Dalagher of St. Hilaire, directors. The premium list was made out in the Farm Bureau office and notices sent to all prospective exhibitors. The local papers did much to assist in the advertising of this show as was shown by requests for premium lists from all parts of the state of Minnesota as well as Dakota. It was decided to hold a three day show in the city auditorium, Thief River Falls, on November 18th, 19th and 20th. This proved to be one of the most instructive and interesting events of its kind in this section. Judge C. E. Brown, of the Crookston School of Agriculture, stated that it was the greatest show in the Northwest. The exhibition consisted of 540 birds which was an increase of 175 over that of 1918.

The Pennington County Boys' and Girls' club was well represented with an entry of thirty-five birds on exhibition. Large appropriate signs were painted and placed so that all who entered could see the fine display exhibited by these youngsters.

C. E. Brown, the official judge at the Poultry Show, gave a talk on the "Culling and Caring For Poultry" on the second day of the exhibit before a large and interested audience of poultry fanciers. The prize winning White Rock cock was placed on the table as a specimen of good poultry, also one of the poorest layers was exhibited and the method of determining this was explained by Judge Brown. In his talk, Mr. Brown praised the management of the show, laying special emphasis on the fact that such a fine building had been secured to hold the event. In many cases, he stated, shows were held in buildings that were poorly lighted and not well ventilated, but this could not be said of the Pennington County show. Many observers stated that the competition next year would be much keener as the poultry interest is increasing and their ideas on what constitutes a good bird is much better after observing this high class show.

Pennington County Has the Largest Number of Accredited Herds of Any County in the Country

An official list of tuberculin tested herds, just published by the U. S. Department of Agriculture, shows that Pennington county heads the list of every county in the United States in the number of accredited herds.

Number of accredited herds in the U. S.	750
Number of accredited herds in the State of Virginia	196
Number of accredited herds in the State of Minnesota	136
Number of accredited herds in PENNINGTON COUNTY	86
Number of once tested herds in Pennington County which will accredited next year	175
Percentage of accredited herds of the United States in Pennington County	11%
Percentage of accredited herds of Minnesota in Pennington County	66%

Last September, Dr. Fretz of St. Paul, in charge of the Federal Veterinary work, was personally interviewed by the County Agent in regard to the securing of veterinarians for Pennington county to test one hundred and fifty herds whose owners had made application in the Farm Bureau office.

Dr. Fretz stated that the appropriation for carrying on the work had been reduced, but an effort would be made to reach Pennington county farmers. Two weeks later Dr. Holmer in charge of nine veterinarians located in Thief River Falls to line up their herds for the tuberculin test. Two thousand two hundred and ten miles were traveled by the county agent in arranging the work and transporting the men. This was done free of charge with a request that all join the Farm Bureau in order to help defray expenses. The Bureau members paid the expenses of the campaign and it was pointed out that in order to be fair to those members all who derived the benefit should join the Bureau in order to help the good work along.

As is shown by the above outline, Pennington county has eighty-six duly accredited herds, which is two-thirds of the entire number in the state of Minnesota, and eleven per cent of the total number of accredited herds in the country. This gives the county almost an absolute clean bill of health, as far as this important work is concerned. The county was fortunate in securing nine veterinarians to work at one time which accounts for the large number of cattle that were tested. This number already exceeds 2,150 with forty-five more applications. Twenty-six animals in the one hundred and seventy-five herds that were tested were found to react with tuberculosis. One farmer of the county had fifteen animals react, all coming from one infected animal purchased two years ago. Had these animals been sold to other parts of the county, it would not have been long until the whole county was infected with tuberculin cattle. In some cases the best looking animal on the farm was found to react. Dr. Hill, of the Minnesota Public Health association, comments very favorably on this splendid showing of Minnesota's accredited herds. He states that, "The fact that so many herds are free from tuberculosis has a very definite bearing on public health. It means that a decrease in tuberculosis in cattle will also mean a decrease in the disease in man, for it has been found that much human tuberculosis has been traceable to milk-infected with the germs." It is figured very conservatively that this work has saved the Pennington county farmers $8,350.00 for the work of testing alone besides the protecting of livestock men from purchasing diseased animals.

Boys' and Girls' Club Work Given a Very Successful Start.

Under the direction of the Farm Bureau in co-operation with the superintendent of the Goodridge schools, the rural school teachers and the Citizens State bank of Thief River Falls; the Junior Boys' and Girls' Club Department for the first time in the history of the county accomplished something definite in the line of club work. Realizing that this was one of the most important phases of county agent work the Farm Bureau directors voted to carry on Sheep, Potato, Poultry, Garden and Bread Baking clubs. Two hundred and fifty boys and girls were enrolled in these clubs and were represented at the State Fair, State Livestock Judging Contest and the Livestock Show in South St. Paul by ten boys and girls from Pennington county. Liberal premiums were offered by the Fair Association at the county fair for club exhibits. There was a large display of potatoes, garden vegetables and lamb exhibits at the fair in this department. The Sheep club in Pennington county finished one hundred per cent strong and was by far the most attractive club in the county. The Citizens State Bank, of Thief River Falls, co-operated with the county agent offering $50.00 in premium money as well as a large photograph of the show to each contestant. The beautiful lobby of the Citizens State Bank was used for the display. This was something new and out of the ordinary which accounts for the large number of people that filed into the building to observe the fine display of pets owned by youngsters of the county. The fact that fifteen inquiries were made that day in the Farm Bureau office as to where breeding sheep could be obtained proves that the Junior Lamb Show created a beneficial interest in sheep raising in the county.

FARM MANAGEMENT.

Assistance Given in the Eradication of Sow Thistles.

Copies of the Weed Law were sent to each township chairman requesting him to have all noxious weeds cut where possible. In four fields where the wheat crop was poor the entire vegetation was cut and burned just before the blossoms matured so as to prevent them from spreading to clean areas.

Two farmers tried the sowing of oats early in the spring, cutting it for hay in July and then following the ground until the middle of August when fall rye was sown.

Many Farmers are Keeping Record Books.

One hundred and eighty farmers realized that farming is a business as well as any other occupation and have requested assistance from the Farm Bureau department in getting account books free of charge and in receiving instructions in their upkeep. Assistance was given to three hundred farmers in filling in Income Tax blanks last February and as one man remarked: "The Farm Bureau was worth its membership fee for this one benefit alone."

Balanced rations were figured out for one hundred and fifty herds and copies of these rations were made in the county fair premium list which was mailed to practically every farmer in the county.

Exchange List Proves Its Value.

The Exchange List, printed in the Farm Bureau office and sent to members each month or as often as there is material enough to warrant its publication, proved to be an excellent method of advertising during the summer months. Exchanges amounting to $21,000.00 was made through this list. The advertising is free to all members and when made use of will return a good profit to any farmer wishing to buy or sell.

Office Days Established in Nearby Towns.

One day each week has been established as office day in the nearby towns so as to give the people living at a distance of Thief River Falls the benefit of the bureau. Well equipped offices have been provided for the agent in St. Hilaire, Goodridge and Mavie. These towns or the adjacent country were visited regularly each week while the roads were open. This practice will again be continued next summer when weather conditions permit.

Annual Outing of Farmers' and Community Clubs Well Attended.

The Farm Bureau director acting as chairman of the Community Picnic committee, was assisted by the several Farmers' and Community clubs in making the annual outing one of the largest ever held in the county. The address of welcome was delivered by the president of the Farm Bureau, followed by Deputy Commissioner of Agriculture J. H. Hay, who delivered the main address of the afternoon. A fine program of sports was arranged for and well carried out by the entertainment committee.

Suggested Program of Work For 1920.

I. Further Development of Farm Bureau Association:
A. Extension of membership to all parts of county.
B. Selection of community committeemen to assist in project work.
II. Soil Improvement:
A. Peat land reclamation.
B. Phosphate demonstrations on mineral and vegetable soils.
III. Crop Production:
A. Grains.
1. Seed supplies.
(a) Exchange list.
(b) Pure seed plot demonstration.
2 Disease Control.
(a) Smut treating demonstration.
B. Potatoes.
1 Seed supply.
(a) Seed certification.
(b) Exchange list.
(c) Seed plots.
2 Disease and pest control.
(a) Seed treating.
(b) Spraying.
C. Sugar Beet Demonstration Plots.
IV. Livestock:
A. Improvement and Increase.
1 Introduction of more purebred sires.
2 Assist in exchange of breeding stock, thru:
(a) Exchange list.
(b) Sales.
B. Better Feeding.
1 Erection of more silos.
2 Conducting balanced ration demonstrations.
3 Conducting legume demonstrations.
C. Cow Testing Associations.
1. Organize.
D. Co-operating with Shipping Associations.
E. Disease Control.
1 Tuberculin Test.
V. Farm Management:
A. Urging weed control, thru:
1 Cultivated crops.
2 Summer fallowing.
3 Crop rotation.
4 More livestock.
B. Assistance in farm accounting.
VI. Boys' and Girls' Club Work:
A. Potato Clubs.
B. Sheep Clubs.
C. Poultry Clubs.
D. Bread Baking Clubs.
VII. Miscellaneous:
A. Co-operation with other organizations.
1 Farmers' Clubs.
2 Community Clubs.
3 Commercial Clubs.
4 Livestock Breeders' Association.
5 Creameries.
6 Fair Association.
7 Livestock Shipping Association.
8 Poultry Association.
9 Potato Association.
10 Bankers' Association.
11 County Public Health Association.

SUMMARY.

Co-Operation With Existing Organizations.

Have co-operated with the following organizations:
Farmers' Clubs.
Community Club.
Livestock Breeders' Association.
Livestock Shipping Association.
Poultry Association.
Fair Association.
Bankers' Associations.
Public Health Association.
Woman's Club.
American Legion.

Soils.

Twenty State experimental plots were secured for Pennington county in co-operation with the Soils Department, University Farm, St. Paul.

Twenty-four tons of phosphate distributed to Pennington county farmers.

Twenty experimental phosphate fertilizer demonstration plots conducted in the county.

Crop Production.

Eight thousand eight hundred and fifty acres were sown with treated seed.

Twenty-three thousand four hundred thirty-six farmers through the exchange list and the Farm Bureau office.

Smut campaign improves in quality the 1919 grain crop thirty-six per cent.

Six farmers assisted in conducting of pure seed plots.

Six farmers assisted in poisoning grasshoppers.

Livestock.

"IT HAS MADE ME WELL AND HAPPY"

St. Paul Woman Almost Nervous Wreck—Restored By Tanlac.

"Tanlac has built me up from almost a nervous wreck to a well and happy woman," was the statement made by Mrs. William Brabeck of 781 Lawson St., St. Paul, Minn., while talking to a Tanlac representative the other day.

"I suffered from nervous indigestion and was so badly run down and nervous that the slightest sound or noise irritated me so I could hardly stand it," continued Mrs. Brabeck. "I couldn't rest at all at night, and I forgot what it was to enjoy a good night's sleep, and when I got up in the morning I felt as if I hadn't been to bed at all. I felt tired out all during the day, and couldn't do ten minutes sweeping before I gave completely out and had to stop and rest. My appetite was poor and what little I did eat upset me. Many times gas would form so bad on my stomach that I would become so nauseated I would have to go to bed. It was out of the question for me to do my housework for every few moments I would have to stop, I became so exhausted. For two years I had been in this condition, and the suffering I have borne has been terrible.

"One day my husband brought me a bottle of Tanlac, and before I finished that first bottle I began to feel much better, and now I have taken six and feel just fine. My nerves were never better and no kind of noise or sound even disturbs me now. I sleep like a child, and every morning I get up feeling rested and refreshed. My appetite has come back and I can eat anything I want, and my strength is increasing every day. My stomach was never in better condition. I've gone back to my housework, and I can do it all now and the family washing, too. I just can't say enough for this Tanlac for it's remarkable how it's made me well and happy, when such a short while ago I was so completely broken down in health."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—Adv.

Mortgage Foreclosure Sale.

Default having been made in the payment of the sum of eighteen dollars which became due on the first day of April A. D. 1918, and is due and claimed to be due at the date of this notice upon a certain mortgage duly executed and delivered by Knut Jorstad and Anna Jorstad, his wife, mortgagors, to the Trail State Bank, of Trail, Minnesota, a corporation, mortgagee, bearing date the 3rd day of April, 1915, and with the power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the county of Pennington, State of Minnesota, on the 23rd day of November, 1917, at eight o'clock A. M., in Book 58 of Mortgages on page 385 thereof; and whereas, pursuant to the terms and conditions of said mortgage, by reason of said default, the whole unpaid principal sum of said mortgage, to-wit: The sum of fifty-four dollars ($54.00) became at once due and payable, and was and is hereby so declared by said mortgagee, and whereas there is actually due and claimed to be due and payable at the date of this notice upon said mortgage the sum of fifty-four dollars ($54.00), with interest thereon at the rate of ten per cent per annum since the first day of April, 1915, or the total sum of seventy-nine and 31-100 dollars, ($79.31).

And whereas, the said power of sale has become operative, and no action or proceedings having been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof;

NOW, THEREFORE, notice is hereby given, that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage above described will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit:

The north half of the southeast quarter (N½ of SE¼) and lots three (3) and six (6) in Section thirty-three (33), Township One Hundred Fifty-two (152), North of Range thirty-nine (39) West 5th P. M., in Pennington County, State of Minnesota, which sale will be made by the Sheriff of said Pennington County at the front door of the Court House in the City of Thief River Falls, in said County and State, on Friday the 6th day of February, A. D. 1920, at two o'clock in the afternoon of said day, at public vendue, to pay the said debt of seventy-nine and 31-100 dollars, ($79.31) and interest from the date of this notice as aforesaid, and taxes if any on said premises, and an attorney's fee of twenty-five dollars as stipulated in and by said mortgage, and the disbursements allowed by law, subject to redemption at any time within one year from date of sale as provided by law.

Dated December 5th, 1919.

Notice of Hearing on Petition.

State of Minnesota, County of Pennington, In District Court, Fourteenth Judicial District.

In the matter of a petition for the organization of a drainage and conservancy district under and pursuant to Chapter 13 of the laws of special session of 1919. To be known as "The Red Lake Drainage and Conservancy District."

You and each of you are hereby notified that on the 15th day of December, 1919, petition in the above entitled matter duly signed as provided by law, and involving contiguous territory in the Counties of Pennington, Marshall, Red Lake, Beltrami, Polk, Clearwater, Itasca and Koochiching in the State of Minnesota were duly filed in the office of the Clerk of the District Court of said Pennington County, and that on the 15th day of December, 1919, an order for hearing on said petition, duly signed by the Court of the 14th Judicial District and by the Court of the 15th Judicial District by the respective Judges thereof, Hon. Andrew Grindeland of Warren, Minnesota and Hon. C. W. Stanton of Bemidji, Minnesota, was duly filed in the office of the Clerk of the said District Court of said Pennington County, and that said order after the title thereof is as follows:

Order For Hearing on Petition.

"This matter came regularly before the said Court and the undersigned Judge thereof, and before the District Court of the Fifteenth Judicial District and the undersigned Judge thereof upon the application of the petitioners herein for an order fixing the time and place for hearing said petition. And it appearing to the satisfaction of the undersigned Judges of the District Court that a due and proper petition as provided by law and signed by not less than fifty resident free-holders of said proposed District has been filed in the office of the Clerk of District Court of Pennington County, Minnesota at the City of Thief River Falls, therein, and that said Pennington County contains territory included in said proposed District as shown by said petition, and that said City of Thief River Falls is wholly within the limits of said proposed District; and it further appearing to the satisfaction of the Court and of the undersigned Judges thereof that a good and sufficient bond with sufficient sureties and conditions as provided by law, and duly approved by the undersigned Judge of the said District Court of said Pennington County as to amount, sureties and execution has been filed with the Clerk of the said first mentioned District Court and the said Clerk of the said first mentioned District Court duly notified the said Courts and the undersigned Judges thereof of the filing of said petition and bond, and it further appearing that said territory described in the said petition includes more than one County in the 14th Judicial District and also territory in the 15th Judicial District, and the said Judge of said first mentioned Court having duly made arrangements with the Judge of the said 15th Judicial District for a joint hearing upon the said petition, and the said petition and the said bond and each and all of the same so filed as aforesaid being before the said Courts and the undersigned Judges thereof, and Wm. J. Brown, attorney of Thief River Falls, Minnesota and Julius J. Olson of Warren, Minnesota appearing as attorneys for the petitioners, the Court being fully advised.

IT IS ORDERED, That said petition be heard, considered and determined by the said Court of the 14th Judicial District and the said Court of the 15th Judicial District and the undersigned, or other Judges thereof as provided by law in the main room of the City Auditorium at the Corner of Main Avenue and Second Street in the City of Thief River Falls in said Pennington County on the 29th day of January, A. D. 1920, beginning at 10 o'clock in the forenoon of the said day, or as soon thereafter as counsel can be heard, which said time and place is hereby fixed and established for the hearing provided for in Section six of Chapter 13, Laws of Minnesota of Special Session, 1919.

IT IS FURTHER ORDERED, That the Clerk of said Pennington County District Court forthwith proceed to cause notice of such hearing to be given as provided by law.

IT IS FURTHER ORDERED, That at such hearing all parties interested may appear and be heard for and against the granting of said petition.

Dated December 15th, 1919.

BY THE COURT,
ANDREW GRINDELAND,
One of the District Judges of the 14th Judicial District.
C. W. STANTON,
One of the District Judges of the 15th Judicial District.

YOU ARE FURTHER NOTIFIED, That the territory proposed to be included in said District, in general terms, is that included within the following boundary lines, as set forth in said petition, namely:

Beginning at a point in Polk County, Minnesota, on the East bank of the Red River of the North where the Township line between Township one hundred fifty-two and Township one hundred fifty-three intersects Red River of the North; thence East on the said Township line to the Southeast corner of Section thirty-three in Township one hundred fifty-three, Range forty five in Pennington County; thence North on the Section line to the Northeast corner of Section twenty one, Township one hundred fifty four, Range forty five, Pennington County; ERIE

N. P. Larson is running his wood-sawing rig full blast these days. He cut a large supply for H. A. Dahlen and L. B. Johnson, Tuesday and Wednesday.

R. F. D. carrier, Theodore Rustad, remembered the patrons of the route on his Christmas day trip with a tasty souvenir and incidentally enclosed a copy of one of his "Sammie" photos taken while at Camp Funston.

Iver Iverson returned Friday from Gemmell, near where he had been employed in a lumber camp since the first part of November.

Ole Nerhus and son, Aslak, were callers at Camp Sub Urban on a combined social and business mission Friday afternoon.

Miss Tellma Howard was the guest of Miss Ollie Olson Thursday evening.

The East Star farmers are at their wits end as to how they can get their grain threshed on account of the difficulty of moving rigs this time of the year. Leaving it until spring seems to be the only "alternative," if conditions should happen to be more favorable then.

H. C. Iverson was a business caller at Goodridge, Thief River Falls and Oklee the first part of the week.

The Christmas tree social given at the Little Oaks school house Tuesday evening of last week was largely attended, parties coming all the way from Roland and Oklee to attend.

Ole and Tharald Tharaldson have been busy hauling day during the week.

Halvor Folkedahl recently purchased a bunch of 13 sheep from Ole Hanson of Deer Park township. Halvor bids fair to become the leading rancher in S. E. Star.

John Bammerud of Rhoda, was a transient caller at the G. A. Iverson home the first part of the week.

Zakarias Hole contemplates building a large barn on his farm next spring, and hints that he may also put up a silo in connection.

GERMANTOWN

A Happy New Year to all.

Chester Boyce called on Will Wayne, one day last week.

Miss Della Roller returned to Thief River Falls last Saturday, after enjoying a visit at her home a few days.

Hans Jorstad and son, Bjerna, were dinner guests at the L. Bendickson home Sunday of the past week.

Miss Hannah Nabben returned from Crookston, Saturday, where she will spend her vacation.

Bessie and Gladys Roller visited at the Emil Ristau home last Sunday.

Julia Johnson spent a few days of last week with her sister, Sophie, at Thief River Falls.

Hans Dahl spent last Friday afternoon at the L. Bendickson home.

Mrs. Emil Hanson called on Mrs. Albert Rhroer, Monday afternoon.

Clifford, Bessie and Gladys Roller spent last Wednesday at Thief River Falls.

Lois and Howard Strubel visited at the Emil Ristau home, Thursday.

Anton Overby recently returned home from the vicinity of Grand Forks, where he had been employed during last summer.

Clifford Roller returned home on Monday from Fargo, where he had been attending a mechanics school.

Miss Clara Overby returned home from Grand Forks, Saturday and will spend the holidays there.

Mrs. Emil Hanson was the guest of Mrs. Rolland, Sunday afternoon.

Benard, Nettie, Esther and Silva Bendickson spent Friday evening at the A. Ristau home.

Misses Freda and Tillie Ristau returned home on Thursday to spend a few days.

Mr. and Mrs. Henry Roller and family were dinner guests at the Charlie Strubel home last Sunday.

Miss Olga Overby, who teaches school near Jelle, arrived home on Saturday for a week's vacation.

Guests at the A. Ristau home on Friday evening were: Henry, Millie, Fred, John and Lena Ristau.

A number of the young folks gathered at the C. Strubel home Sunday evening, and all report having spent an enjoyable time.

STEINER

Henry Rogers returned to his home last Wednesday from Minneapolis, where he has spent the last five weeks in a hospital. He had an injured finger operated on. The cords were severed in an accident so it rendered his finger almost useless. They drew the ligaments together and sewed them so now he tells us his finger is about as good as ever.

Harvey Copp took a load of hogs to Thief River Falls last Saturday.

Willis Warring transacted business in Thief River Falls last Thursday.

The Meyer family visited at the Werner home Sunday.

A bunch of the neighborhood boys made a call at Harvey Copp's place last Sunday afternoon.

Mrs. Rogers and two daughters called at the Warring home Sunday.

Nick Baker has been hauling hay from the Ramstad farm the past week.

G. L. Leisner, who sold his business in this place to Torvick and Bergland, took the train Saturday for the sunny south where he expects to spend the balance of the winter in Cuba and the Isle of Pines.

A Christmas program was given at the Steiner school house Tuesday of this week, by the school children, under the direction of their teacher, Miss Amy Waitman. Lunch was served after the program.

Some of the boys in this vicinity have been enjoying hunting and trapping recently.

The Whitman folks spent one day the latter part of last week in Thief River Falls on a business trip.

I take this opportunity to thank you for the splendid patronage that I have received. It will be my aim to show the very best pictures that can be secured, and I trust that I may have the pleasure of seeing you frequently at The Princess in the future.

My Motto: The Best Pictures for The Best House. If better pictures are made I will get them.

Wishing you all a Happy and Prosperous New Year

The Princess Theatre Co.

Manager

The City Churches

Christian Science—Services at public library on Sunday at 10:45 a. m. Subject: "God." Sunday school immediately follows the service. Wednesday evening meeting at 8 o'clock. The public is cordially invited to attend these services.

The Scandinavian Ev. Church, Bot Nyborg, Pastor—Service New Years day at 7:30 p. m. On Sunday, Jan. 4th, there will be two services, at 11 a. m., and 7:30 p. m. Sunday school at 10 a. m. Prayer meeting Monday at 7:30 p. m. Wednesday at 7:30 p. m. Bible lecture on the book of Paul's letter to the Romans. You are welcome.

Zion Lutheran Church, Geo. Larson, Pastor—Services on New Years day at 11 a. m., 2 p. m., and 8 p. m. Evangelist J. J. Brekke of Fergus Falls, will preach every day this week. Sunday school at 10 a. m. Confirmants meet on Saturday at 2 p. m. at the parsonage. Rindal Ladies Aid at Rosewood will meet with Mrs. Thoreson on Tuesday, Jan. 6th at 2 p. m. Confirmants meet at the home of Mrs. Thoreson on Jan. 6th, from 1 p. m. to 2 p. m.

Presbyterian Church, R. L. Barackman, Pastor—On Jan. 4, the first Sunday of the New Year, the Sunday school will meet promptly at 10 a. m. Miss Hamry, Supt. The church meetings for worship will be held at 11 a. m., and 8 p. m. Mrs. H. E. Edberg is in charge of the music. At the morning hour, holy communion will be celebrated. The theme for prayer and thought for the day will be: "The Church, Awakened by Her New Opportunity." It is important that each one should be in his place at both of these meetings as the day opens the work of prayer. Meetings for prayer and conference will be held at the church on Monday, Tuesday, Wednesday, Thursday and Friday evenings at 7:30 p. m. The work comes to a climax on Jan. 11. Juniors at 3 p. m. Christian Endeavor at 7 p. m. Bible study, John 1:1-18.

W. C. T. U. NOTES

Declaration of Principles.

(Contributed by W. C. T. U.)

We believe in the coming of His Kingdom whose service is perfect freedom, because His laws, written in our members as well as in nature and in grace, are perfect, converting the soul.

We believe in the gospel of the Golden Rule, and that each man's habits of life should be an example safe and beneficient for every other man to follow.

We believe that God created both man and woman in His own image, and therefore we believe in one standard of purity for both men and women, and in the equal right of all to hold opinions and to express the same with equal freedom.

We believe in the prohibition of the liquor traffic, the opium and tobacco traffic, the gambling house and haunt of shame; in a living wage; in an eight-hour day; in courts of conciliation and arbitration; in justice as opposed to greed of gain; in "peace on earth and good will to men."

We therefore formulate, and for ourselves adopt the following pledge, asking our sisters and brothers of a common danger and a common hope, to make common cause with us, in working its reasonable and helpful precepts into the practice of everyday life:

I hereby solemnly promise, God helping me, to abstain from all distilled, fermented and malt liquors, including wine, beer and cider, and to employ all proper means to secure the enforcement of the Eighteenth Amendment.

Notice For Bids.

Bids for filling the ice house at the creamery will be received and considered January 3rd next.

P. ENGELSTAD,
Secretary.

Obituary

Joseph Alfred Martz.

Joseph Alfred Martz died in St. Anthony's hospital at Bemidji, Dec. 24 from an attack of pneumonia. He was born at Duluth in 1894. He attended school in that city but finished his course at St. Hilaire where the family later moved. After finishing school at St. Hilaire he went to Fargo, where he attended the agricultural school. On the completion of his course he took charge of the home farm, leaving in a few months to join a party of cruisers near Bemidji. Funeral services were conducted at the family home in St. Hilaire by Rev. J. B. Smith of this city, after which the remains were shipped to Le Roy, where they were interred beside those of his father, the late C. H. Martz.

Charcoal Eph's Thought.

"What I calls comfort," said Charcoal Eph, as he reached for the ham, "is w'en a man cap turn down a five-dollah job 'kase he done got half a dollar in his pocket. Try some salt, Mister Jackson."—Richmond Times-Dispatch.

Annual Meeting.

The annual meeting of the Bray Mutual Fire Insurance Company will be held at St. Hilaire, Minnesota, on Monday, January 12th, 1920, beginning at one o'clock p. m. sharp.

This meeting is called for the purpose of electing officers for the coming year, examine reports, etc. The question will also be taken up to change the date of the annual meeting so that the meeting may be held during the summer months, if it is found that we have a right to do so. And any other business will be transacted that may come before the meeting.

JOHN O. SWANSON,
Secretary.

H. A. BRUMUND ELECTED CITY COUNCIL HEAD

Important Appointments are Made at Annual Meeting Tuesday Evening.

CHOMMIE CITY ATTORNEY

A. H. Akre Re-appointed For City Clerk—Mayor Bratrud Announces Officers.

The annual meeting of the city council was held at the council rooms in the auditorium Tuesday evening. At this time Aldermen M. N. Benson and Alfred Olson, retired and their successors, Aldermen Andrew Ness and John Dahl, entered upon their duties. The first business attended to was the organization of the council, Alderman H. A. Brumund being elected president and Alderman C. Proseth, vice president.

Akre City Clerk.

A. H. Akre, who has held the office of city clerk for the past two years, was reappointed. This action was opposed by Aldermen Ole Ihle and C. Proseth, and it resulted in a rather heated discussion. Alderman Ihle declared that Mr. Akre was incompetent for the position and cited several alleged errors made by him during the past two years, none of which were regarded as very serious mistakes by the other members of the council. One of the charges made was that Mr. Akre had, of his own accord, transferred $1,000 out of the cemetery fund from one bank to another. Mayor G. A. Penney then asked recognition of the president and demanded of Alderman Ihle that he furnish proof to substantiate this charge, at the same time stating that the city clerk had been instructed to transfer this money by the cemetery board. He concluded his remarks by telling Alderman Ihle that if he had made such a charge against him he would either prove it or apologize. At this point the discussion ended and the council proceeded with the other appointments.

Chommie City Attorney.

The next appointment made was that of city attorney, Hans O. Chommie being the unanimous choice. The other appointments were rapidly disposed of as follows: Assessor, Lars Backe; street commissioner, O. L. Bakken; superintendent of water and light department, Ole Legvold; janitor of auditorium, S. B. Johnson; superintendent of incinerator, Martin Ohm; city physician, Dr. O. F. Mellby.

Mayor Announces Police.

Mayor John Bratrud performed his first official duty by announcing the appointment of E. O. Erickson as chief of police and Andy Smith as night patrolman. His appointment of city health officer will not be made for several days.

Holt & George File Bond.

The bond of Holt & George for $27,000 in connection with their contract for sewer extension and repair work was filed and accepted by the council at this meeting.

The city clerk was instructed to advertise for bids for the city printing and city depository; and other routine matters were attended to.

MAYOR JOHN BRATRUD

TALENTED MUSICIAN WILL APPEAR HERE

Wyman Horr, Former Local Boy, Attracts Attention of Musical World.

Local people will be interested in learning that Wyman Horr, son of Mr. and Mrs. Chas. Horr, formerly of Thief River Falls, is to appear here in the very near future under the auspices of a local organization, probably the Woman's club. This eighteen year old lad is declared by critics to be a most remarkable pianist and Thief River Falls people are preparing to claim him as their own. He is a nephew of Mrs. W. J. LaBree of this city, and was born here. His father, Chas. Horr, was engaged in the hardware business here, leaving about fourteen years ago for Duluth, where they now make their home.

The following, which appeared in the Duluth Herald, will be read with great interest:

"In view of the fact that he is soon to leave Duluth for New York to further his piano studies, friends and admirers of Wyman Horr, the 18-year-old Duluth lad, who has achieved such success as a pianist as to attract the attention of many authorities in the music world, are planning to give a testimonial concert for him. The date has not yet been set, but it is expected that it will be given some time during the latter half of this month.

"The proposal is meeting with most encouraging response, wherever broached, and it is believed that the First Methodist church, where the concert will probably be given, will have a capacity crowd on that night.

"The young man has been declared by noted critics to be not only remarkable as a pianist for one of his years, but gives evidence of developing into a phenomenon. His instructor here, Ernest Lachmund, declares that the lad gives more promise than any person of his age that he has yet met with."

JUROR LIST FOR FEBRUARY TERM

Regular Term Will Be Held at Court Rooms Starting February Third.

The next regular term of the district court will be held in Thief River Falls, starting February 3rd with Judge Grindeland presiding. The grand and petit jurors drawn are as follows.

G. B. Tveit, Mayfield; S. J. Amble, St. Hilaire; C. M. Wilson, city; C. A. Swanson, River Falls; N. A. Nelson, St. Hilaire; John Hoffman, Wyandotte; E. O. Gullingsrud, city; T. H. Bjorke, North; Martinus Rust, Norden; Olaf Neset, city; John Sheggerud, River Falls; S. O. Lee, Rocksbury; Halvor Hanson, Bray; T. S. Iverson, Smiley; Bernhard Knudsen, city; Andrew Huseby, Rocksbury; Edwin Wahlin, Reiner; Carl Ekwall, Star; John Scholin, Bray; Albin Arveson, Hickory; Oscar N. Anderson, Smiley; Jens Letnes, Silverton; Hans Anderson, Black River.

The petit jurors are as follows: J. R. McKercher, Black River; Knute Nash, St. Hilaire; M. O. Leary, Mayfield; Fred Dahlberg, Smiley; Peter Lundberg, St. Hilaire; H. T. Allen, St. Hilaire; O. O. Hofdal, Kratka; Gunard Lindquist, Black River; Hans Jesperson, Mayfield; W. B. Fuller, city; Herman Fellman, Rocksbury; Edwin Roy, River Falls; Chas. Gustafson, city; P. J. McAndrews, North; M. V. Evenson, city; W. W. Prichard, Jr., city; C. J. Bothman, River Falls; H. T. Hanson, Hickory; J. M. Johnson, Highlanding; Alex Mellin, Polk Center; A. M. Jorde, North; Bernt Walseth, River Falls.

TWO MEETINGS TO BE HELD BY LEGION

Regular Monthly Meeting will be Held at Brumund Hotel Jan. 20.

Members of the local post of the American Legion have been notified of two meetings to be held this month. Arrangements have been made for a special gathering at the Evelyn hotel January 13th and on January 20th the regular monthly meeting will be held at the Brumund hotel.

The regular monthly business meeting will be at 8 o'clock. This will be followed by a lunch and smoker. Following this they will be entertained at the Princess by Manager John Brumund. Mr. Brumund has secured a special picture for this occasion that will be appropriate.

These meetings of the Legion are becoming very popular with the members and all are becoming imbued with the idea of a 100% county organization.

County Treasurer Complimented.

County Treasurer John Gullingsrud received a letter recently which is a decided compliment to him in connection with his method of conducting the affairs of his office. It is from Herman A. Krueger of Fairmont, Minn., and reads as follows: "I found the missing draft among other papers so return duplicate draft for $3.79. Thank you for your promptness in refunding. You have treated a total stranger like a gentleman. It's a pleasure to deal with men of your type."

Fire Damages Residence.

Fire starting from an overheated range, damaged the residence of Leonard Peterson on LaBree avenue north last Saturday evening to the extent of about $1,000. The loss is fully covered by insurance.

G. N. RAILWAY TO BUILD NEW STATION HERE

Plans Ready For $25,000 Concrete Structure For Thief River Falls.

WEST END THIRD STREET

Work to be Started Early in Spring According to Report.

Thief River Falls is to have a new Great Northern station this spring. This announcement has not been made by the officials of the company but it is reported as a fact nevertheless. The plans for the structure are already drawn and have been approved.

Concrete Structure.

The specifications call for a concrete structure to cost approximately $25,000 and, according to the available information work will be started in the spring as early as weather conditions will permit. The location selected for this Great Northern improvement is said to be at the west end of Third street.

Much Needed Improvement.

This is an improvement that Thief River Falls has been patiently waiting for and the announcement that it is assured will be welcomed. The present station is in a run-down condition and wholly inadequate to properly accommodate business of this city. The improvement would undoubtedly have come two years ago if it had not been for the war and the operation of the railroads by the government.

More Convenient Location.

The contemplated location of the new station at the west end of Third street will meet with general approval. This will bring the two stations of Thief River Falls at opposite ends of the same street. Under the present arrangement it is necessary for all Great Northern trains to back either in or out of the station as it is located on a spur. This takes considerable time and is an annoyance to the train crews.

Government to Return Roads.

President Wilson has announced that the railroads will be returned to private ownership March 1st and this is bringing statements of numerous contemplated improvements by all roads. Thief River Falls is fortunate in being one of the first on the Great Northern list.

2 ORGANIZATIONS MAY CONSOLIDATE

To Discuss Question of Joining Commercial Club and Merchants Assn.

At a special meeting of the Commercial club held last evening, the advisability of combining the Commercial club and Merchants association into one organization was discussed. There seemed to be considerable sentiment among those present in favor of the move and it was decided to have a meeting of the directors of both organizations some time next week and later again take the matter up in an open meeting.

At the same meeting a committee consisting of R. McGinn, C. L. Hansen and M. Barzen was appointed to attend the next meeting of the city council and request that they make a number of necessary repairs to the Auditorium.

A discussion was entered into to devise some means of assisting the local census takers in getting an accurate check on the city's population. It was decided to place a committee in charge of each ward, each committee in turn to appoint some one person to check each block in the ward and give their findings to the census enumerator for checking purposes. The committees appointed were as follows: First ward, Dr. H. W. Froehlich, J. Provencher, C. L. Hansen; Second ward, S. C. Coumbe, Chas. Lieberman, L. A. Lampert; Third ward, Emil Zeh, A. M. Langseth, H. A. Brumund; Fourth ward, John Bratrud, Dr. G. W. Booren, Dr. C. R. Crandall.

SPLENDID SPEAKERS FOR WINTER SHOWS

Preparations Being Made for Four Day Meeting at Crookston.

Rapid progress is being made with the plans for the Northwest School Farmers' Week and Red River Valley Winter Shows, which will be held at Crookston from February 9 to 13.

The farm crops show and live stock show premium lists are on the press and will be ready for distribution early next week. In addition to the farm crops and live stock shows, live stock sales will be held each day. The Northwest School of Agriculture, which is in charge of the program, has already secured the leading speakers for the week and will announce a complete program shortly.

Head liners for the speakers include Hon. Duncan Marshall on Tuesday evening, Feb. 10; Hon. Fred B. Snyder and Miss Maude Hayes for Wednesday; Dr. Geo. E. Vincent for Thursday evening, and President M. L. Burton for Friday. In addition to these speakers the following well known men are expected on Tuesday: Dr. E. C. Stakman, Supt. O. I. Bergh, Supt. P. E. Miller, and Profs. W. H. Peters, W. A. McKerrow and W. H. Vaugh; on Wednesday, Supt. W. H. Kenety, Dean R. W. Thatcher, Dr. C. P. Fitch and Hon. P. H. McGarry; on Thursday, Prof. A. G. Tolaas, Dean H. W. Mumford, Dr. C. W. Gay and Hugh J. Hughes; on Friday, Prof. S. A. Bedford of Winnipeg, A. D. Wilson and E. G. Quamme of St. Paul. Acceptances have been received from nearly all of these persons, assuring the people of northwestern Minnesota of the strongest program ever given at the Northwest School Farmers' Week. The women's meeting program is also being prepared.

The interest in the Red River Valley Shows was never greater. Every available foot will be needed to provide space for grains, potato and live stock exhibits. A large number of associations will hold meetings during the week, including the Development association, Live Stock, Potato Growers, Farm Bureaus, and Dairymen, as well as the different breed associations. The alumni of the Northwest School of Agriculture have selected Friday, Feb. 13, as their date of meeting, with President Burton as the principal speaker.

STATE BANKS HOLD ANNUAL MEETINGS

Citizens State and Farmers and Merchants Elect Officers For Year.

The annual meetings of the stockholders of the Citizens State bank and Farmers & Merchants State bank were held at their respective banking rooms in Thief River Falls on Tuesday evening.

The only change at the Citizens State bank was the election of C. G. Gulrud and E. C. Brevig as tellers. The directors of the institution remain the same, as follows: Olaf Ramstad, president; Louis Hanson, vice president; T. L. Melgaard, cashier; C. W. Vorachek, assistant cashier; Rasmus Oen, G. Amundson, directors. Aside from declaring the usual dividend no further business was transacted.

The Farmers & Merchants State bank made but one change in their board of directors, Waldie Christenson succeeding Wm. Moeller. The board of directors is as follows: R. McGinn, Herbert Fuller, M. T. McFarland, John Cronkhite, Paul Engelstad, Waldie Christenson, Louis DeCremer.

The officers are: R. McGinn, president; Herbert Fuller, vice president; L. A. Lampert, cashier; Effie Hamry, assistant cashier; F. E. McGinn, teller.

The annual meeting of the First and Peoples State bank is being held today and the First National meeting comes on Jan. 13.

FOSSTON WILL PLAY HERE FRIDAY NIGHT

Legion Team Will Take on Polk County Bunch at Auditorium.

Another fast basket ball game is booked for Friday night at the auditorium. The local American Legion team is scheduled to meet the town team of Fosston. This assures a fast game. The locals showed that they have a mighty fast organization in their game with Grand Forks New Years night and Fosston has always had one of the fastest teams in this section of the state.

Since the New Years game Coach Connell has been busy with the locals ironing out the rough spots that showed up and developing better team work. The boys have been going through some stiff practice and are in good condition for the game tomorrow night.

Tomorrow night. Auditorium at 8:45. Don't miss it.

Annual Farm Bureau Meeting.

The annual meeting of the Farm Bureau will be held in the Commercial club rooms at 2 p. m., Friday, Jan. 16. Dean Thatcher of the University of Minnesota will give an address at that time. The meeting is free to all who care to attend, whether they be farmers or residents of the city. The program of work for the coming year will be outlined, and a number of short talks will be given by the Farm Bureau directors and others.

COUNTY BOARD ORGANIZES FOR YEARS BUSINESS

O. J. Peterson Re-elected as Chairman and J. S. Roy Vice Chairman.

SOME SALARIES RAISED

Resolution Adopted Providing Levy For Court House Reconstruction Fund.

The annual meeting of the board of county commissioners was held on Tuesday and Wednesday of this week. Oscar J. Peterson was elected chairman for the third term and J. S. Roy was elected vice chairman.

Special Levy Made.

A resolution providing for a special tax levy for a court house reconstruction fund was introduced by Chairman Peterson and adopted by the board. It provides for a ½ mill levy which will bring the county about $3,000 a year. The board states that such a step was made imperative by the necessity of providing more court house room. It is the intention of the board to purchase additional ground and build an addition to the present court house that will provide more vault room for the register of deeds, clerk of court and treasurer, a larger room for board meetings, new office for county superintendent of schools and an enlarged court room.

Salaries Raised.

The salary of the county superintendent of schools was raised to $1320 per year and all expenses, and the salary of the court house janitor was raised from $60 to $75 per month. The salary of the sheriff was left as at present. These are the only officers where the salary is controlled by the county board.

Depositories Designated.

At this meeting the board designated the depositories for county funds, naming all of the banks of the county. Dr. A. W. Swedenburg was appointed county health officer. The meeting was one of the shortest annual affairs ever held by the board.

A detailed account of the meeting will appear in these columns next week and thereafter throughout the year. The taxpayers of the county will be kept informed on the business transacted by the county board thru the columns of The Times.

ALLOWANCES MADE FLOOD SUFFERERS

Marshall County Gets About Half of Entire Allotment.

Scott Laird, who is in charge of the work of gathering data about the flood sufferers in this section of the state, writes as follows from Baudette, near which place he has been working for the past week:

"Spent today, (Tuesday), in Baudette and will be in International Falls on Wednesday on flood relief.

"Not much relief in the way of family aid will be needed here. This also applies to horse and cow feed. The main relief will be seed grain next spring.

"Wish you would announce in The Times this week that the special meetings previously announced for Goodridge and Grygla, have been postponed a week and Gatzke and Holt two weeks. Circular letters will be sent first of next week to all flood sufferers telling them definitely of allowances and of dates and places of meetings for Pennington and Marshall counties.

"The State board met last week and I was with them. Allowances were made for most of Marshall county. Others will follow shortly.

"Marshall county people will get about half of the entire amount to be allotted, as conditions there are much worse than elsewhere. People in Roseau and northern Beltrami have secured work for the winter and this will care for quite a number of families so they will not be dependent on the state. Men here are working in the woods and supporting their families."

DEVIES LAKE MAN WILL SPEAK FEB. 5

F. P. Mann Writes That He Can Be Here For Merchants Association.

Secretary G. Howard Smith of the Merchants association is in receipt of a letter from F. P. Mann of Devils Lake, N. D., in which Mr. Mann states that he can appear before the association on Feb. 17.

The local business men are much pleased over Mr. Mann's announcement and arrangements will be made to make the event one of the best yet undertaken by the association. Mr. Mann was to have appeared here on the evening of January 5th, but was unable to do so on account of sickness in his family.

GEO. T. HAMERY
Vice President, First National Bank

NEW OFFICER AT FIRST NATIONAL

Geo. T. Hamery Is Elected Vice President at Special Meeting.

At a special meeting of the directors of the First National bank held last Tuesday, Geo. T. Hamery was elected vice president of the institution.

Mr. Hamery entered upon his new duties on Tuesday of this week. He comes to this city from Gonvick, where he has been at the head of a bank for several years. He has been engaged in the banking business for the past fifteen years, having been connected with the First National Bank of Crookston until his purchase of the Gonvick bank several years ago. He is well known to a number of local people and his acquisition by the First National is considered as a valuable asset.

The officers of the bank announce that the unusual expansion of their business during the past year made it imperative that they make provision for rendering the highest standard of service to their customers by the addition of another efficient officer to their institution, and they feel that in securing Mr. Hamery they are exceedingly fortunate.

Legion Trims Grand Forks.

The American Legion basket ball team started its season with a bang last Thursday night by defeating the fast Grand Forks team by the score of 31 to 13. The game was clean and fast throughout and was enjoyed by a good-sized crowd. G. W. Connell acted as referee.

COUNTY CENSUS TAKERS AT WORK

Thirteen Enumerators Are Checking Population of the County.

The following persons have qualified and have been appointed as census enumerators for Pennington county:

District 168, comprising Black River and River Falls townships and St. Hilaire village, John H. Huddleson, Hazel.

District 169, comprising Bray, Numedal and Polk Centre townships, Edward Johnson, Wylie.

District 170, comprising Silverton, Cloverleaf and Smiley townships, Wm. McCrum, Thief River Falls.

District 171, comprising Hickory and Deer Park townships, Agnes M. Stucy, Highlanding.

District 172, comprising Goodridge and Reiner townships and Goodridge village, Frank J. Race, Erie.

District 173, comprising Highlanding and Star townships.

District 174, comprising Kratka, Mayfield and Wyandotte townships, Stephen Singer, Kratka.

District 105, comprising Norden and North townships, Mrs. Jessie Rustad, Thief River Falls.

District 176, comprising Rocksbury and Sanders townships, Bernhard Knudsen, Thief River Falls.

District 177, comprising Ward 1, Thief River Falls, Mrs. H. G. Haraldson.

District 178, comprising Ward 2, Thief River Falls, Mae F. Connolly.

District 179, comprising Ward 3, Thief River Falls, Alvah W. Clark.

District 57, comprising Ward 4, Thief River Falls, Margaret V. Shields.

District No. 173 has no enumerator. Applicants are wanted. Pay is $5.50 per eight-hour day.

HOLT PETITION LACKSREQUIRED TAX VALUATION

Territory Designated for New County Falls $300,000 Short of Sum Named.

MIDDLE RIVER GETS BUSY

Petition Being Circulated and Two More Townships Added.

It appears that the enthusiasts of Holt who had vision of dividing Marshall county, and securing the county seat for that village have made a disastrous slip in their calculations. The law provides that territory for a proposed new county must have a valuation of not less than $4,000,000 and, according to the statement furnished by the auditor of Marshall county the last assessed valuation of the territory designated by the Holt petition is $3,791,267.

Middle River Gets Busy.

The business men of Middle River discovered the mistake upon consulting the records at Warren and they have now prepared a petition for county division, adding two townships to the territory designated in the Holt petition and naming Middle River as the county seat. The circulation of their petitions was started in every township today and they expect to have the number required for filing with the governor by Saturday. The petition was started in the city of Warren and it seems that the business men of that place have a preference for Middle River as compared with Holt.

Following is the statement of the Marshall county auditor, showing the assessed valuation of the territory designated in the Holt petition and with the two townships added in the Middle River petition:

"Warren, Minnesota,
"January 7th, 1920.

"To Whom It May Concern:

"This will certify, that the last assessed valuation of Townships of East Park, Huntly, Como, Thief Lake, Moose River, Linsell, New Maine, Spruce Valley, Cedar, Whiteford, Hollis, Veldt, New Folden, Holt, East Valley, Mud Lake, Eckvoll, Valley, New Solum, Excel, Agder, Grand Plain, Moylan and Espelie, and the Villages of Middle River, Newfolden, Holt and Grygla, in Marshall county, Minnesota, is the total sum of $3,791,267.00.

"That the last assessed valuation of Townships of Lincoln and West Valley, in said Marshall County, is the total sum of $381,797.44.

"Total $4,173,064.00.

"Respectfully,
"A. G. LUNDGREN,
"(Seal) "County Auditor."

Shippers Assn. to Meet.

A meeting of the Thief River Falls Livestok Shippers association will be held in the Farm Bureau office at 1 p. m., Saturday, Jan. 10. Following this meeting the Pennington County Poultry association also will hold its annual meeting in the basement of the auditorium at 2 p. m. Both these meetings are very important and all people interested in the shipping association or the raising of poultry should plan on being present.

ROUSING MEETING TUESDAY, JAN. 16

Members of Farm Loan Association Make Plans For Big Holiday.

The members of the local branch of the Federal Farm Loan association say that they are going to pack the Auditorium at their annual meeting next Tuesday, Jan. 13. They have planned a big dinner to start with and a corking good program for the afternoon.

President E. G. Quamme, head of the regional bank, will be here from St. Paul for the purpose of addressing the meeting. He will explain the workings of the government plan and will give any information asked for. The slogan, "Make Tuesday, Jan. 13, a Holiday," has been enthusiastically taken up by the members and they say it is going to be a real holiday. A full report of the meeting will be published next week.

Dance Friday, Jan. 16.

The Brotherhood of Railway Clerks will give a dance at the Auditorium Friday evening, Jan. 16. They say it is going to be the best dance of the year. Some say it is to celebrate the going into effect of the prohibition amendment. Might be some time.

Scott Laird left on Monday morning for Baudette and International Falls, where he will attend to affairs connected with state relief work.

SOCIETY and Club

Woman's Club Meeting.

A rare musical treat was enjoyed by the people of the city at the last meeting of the Woman's club, held on Monday afternoon, when two of the city's most talented musicians, Miss Alice Bourque and Herman Bischoff, made their first appearance before the local public. Their program consisted of vocal and instrumental selection and readings, and every number was liberally applauded. The city has reason to feel proud to possess these artists and it is hoped that they will be able to give another recital in the near future. At the conclusion of the program, Mrs. H. W. Froehlich, president of the club, thanked Miss Bourque and Mr. Bischoff on behalf of the organization. Mrs. Daniel Shaw made a motion that a rising vote of thanks be given for their pleasing entertainment, after which the meeting was adjourned. A very large crowd was in attendance.

Bolstad-Vinger.

Olaf Bolstad of this city and Miss Annie Vinger, of Polk county, were united in marriage on Jan. 31, at 1 o'clock at the Zion Lutheran parsonage, with Rev. George Larson, pastor of the church, officiating. Those who witnessed the ceremony were, Misses Alma Bolstad and Emma Ness, and Messrs. Henry Bolstad and Albert Ness. Immediately after the ceremony dinner was served to the contracting parties at the home of Mrs. Selmer Berg. The bride wore a gown of white messaline combined with georgette crepe. The bridesmaids were attired in dresses of the same material. The newlyweds will make this city their future home.

New Choir Director.

The work of Mrs. H. E. Edberg in the music at the Presbyterian church last Sunday proved to be an event. Her splendid work at the instrument and inspiring dynamic of her personality, that lifted the whole congregation in the service of praise, proved her at once a leader of rare skill and power. Thief River Falls is fortunate to be able to add another real musical artist to its growing list. Mrs. Edberg has been permanently engaged to direct the music in the Presbyterian church. People who attend the church can be certain to be helped in this part of the service.—Contributed.

Woodmen Installation.

The Woodmen of the World will hold a meeting at Odd Fellows hall tomorrow evening, at which time officers for the ensuing year will be installed, as follows: P. J. Keating, consul commander; Thos. Kinsela, advisor lieutenant; Chas. Vorachek, banker; Henry Hoard, clerk; Harry Roberts, escort. An old-time dance will follow the installation, with no "shimmy" or "jazz" allowed. Lunch will be served. Members and their wives and lady friends are invited.

Swanson-Severson.

On New Year's day at the Zion Lutheran parsonage, occurred the marriage of *Miss Berthine Severson* and Oscar E. Swanson, both of this city. Rev. George Larson performed the ceremony in the presence of Ernest Fossum and Bertha Gangsnaes. The newlyweds are popular young people, the bride having been born and educated here. Mr. and Mrs. Swanson will make this city their home.

Theater Party.

One of the first leap year events of the season was a theater party which took place last Friday evening. All arrangements were in charge of the ladies and after an hour's entertainment at the movies the guests were taken to the home of Miss Ella Miller, where they partook of a fine lunch. The remainder of the evening was spent in playing cards and in singing.

Birthday Anniversary.

Mrs. Johanna Nyhus was hostess at a six o'clock dinner on Dec. 27, with all her children and grandchildren, and Mr. and Mrs. Sondreal, as guests. The event was held in commemoration of her 73rd birthday anniversary. Mrs. Nyhus was presented with many pretty and useful gifts.

Young People's Society.

The Young People's Society of the Trinity church will meet this evening and will be entertained by the Misses Dora Holmes, Gena Granum and Belle Hermanson. This will be a business meeting and all members of the former societies are requested to be present.

Gives Program.

The musical section of the Woman's club will meet on next Thursday, Jan. 15 at 7:30 p. m. in the Commercial club rooms. An Italian program will be given and those who are not members will be taxed a small admission fee of 10 cents.

Community Girls Meet.

The Community Girls club met on Monday evening at the Commercial club rooms. Needlework, music and dancing made up the program for the evening, at the conclusion of which sandwiches and coffee were served by the E's and F's.

Clerical Force Entertained.

Mr. and Mrs. H. O. Loken entertained the employes of Loken Bros. store at their home last Thursday evening. The evening was spent in music and games, after which the guests enjoyed a delicious lunch.

Party at Bennes Home.

An informal gathering of young folks took place at the Bennes home on Knight avenue north last Friday. Cards and dancing formed the chief diversion of the evening. A light lunch concluded the party.

Informal Reception.

An informal reception was held at the H. O. Loken home last Friday evening in honor of Mrs. H. Edberg, who has been engaged as choir director for the Presbyterian church.

W. C. T. U.

The W. C. T. U. will meet at the home of Mrs. Nels Berg next Tuesday, Jan. 13. Mesdames Berg and Evju will entertain. Everybody is welcome.

Miss Anderson Hostess.

Miss Ruby Anderson entertained a few friends on Friday evening at her home on Main avenue.

How Competition Helps You

The competition that exists among the hundreds of meat distributors, large and small, means

Rivalry in Prices
Rivalry in Service
Rivalry in Economy
Rivalry in Quality

Swift & Company sells meat at the lowest possible price, consistent with quality and service. Our profit of only a fraction of a cent a pound on all products is evidence of keen competition.

Swift & Company must provide the best service to your dealer or he will buy from our competitors. This means a supply of fine fresh meat always on hand for you at your dealer's.

Swift & Company must keep down manufacturing and selling costs, and use all by-products to avoid waste, or else lose money meeting the prices of competitors who do.

Swift & Company must make its products of the highest quality, or see you turn to others. This means better meat for you and a greater variety of appetizing, wholesome food.

We are as glad for this competition as you should be. It helps to keep us on our mettle.

Swift & Company, U.S.A.

MEMBER ORGANIZED 1867

A SENSIBLE DRAINAGE SYSTEM.

A petition for the formation of a Flood Control and Conservancy District under the provisions of Chapter 13 of the Laws of Special Session of 1919, has been filed with the Clerk of the District Court and an order for hearing signed by Hon. C. W. Stanton of Bemidji and Hon. Andrew Grindeland of Warren has likewise been filed. The hearing is set for the 29th day of January, 1920, at the city auditorium. This matter is in substance a continuation of the flood control hearing that was held in this city sometime since. The only difference is that this is started under a later and more workable provision of law than was the former proceeding.

Under the law it was necessary to include within the limits of the proposed district all of the land draining into streams or lakes having a common outlet. This provision of law made it necessary to include within the limits of this district all lands tributary to and draining into Thief river, Red Lake river, Clearwater river and Red Lake and its tributaries. This made it necessary to include a considerable portion of the counties of Pennington, Marshall, Red Lake, Clearwater, Beltrami, Koochiching, Itasca and Polk. The real purpose of the beginning of this proceeding in this district is the control of flood waters. Our experience of the last few years has shown that this matter of the control of flood waters of the district is a live issue and concerns all interests in the district, and if there is a reasonable way that this control can be secured, there should be no hesitancy on the part of the people of approving the project and of pushing it along.

The only specific project which at present is under consideration in case the district is organized is the control of the flood waters of Red Lake river from the Red Lakes to Thief River Falls. The plans for this project have already been prepared by the engineers of the War Department and the same already has the approval of the Department of the Interior. Secretary Lane of the Interior Department has personally interested himself in the matter and has prepared a tentative bill for introduction in congress providing the federal machinery for furthering the project. Likewise, Congressman Steenerson has been active in the matter and it is his intention to push the federal legislation as soon as possible. There is no doubt of the co-operation of the federal authorities in the matter. These federal authorities pay almost one third of the total cost of the project. The plans as provided by the War Department fix the level of Red Lake at about two or three feet below the present high water level and provide for the dredging of the bottom of Red Lake river to a depth averaging eight feet deeper than the present bottom of the river.

It needs no argument to prove to the farmers tributary to the upper Red Lake river that this deepening of the river is of tremendous importance to that locality. Likewise, to the people of western Beltrami county and Eastern Marshall this deepening of Red Lake river is important for the reason that some consider that a north and south drainage system running south into Red Lake river from somewhere near the boundary line between Beltrami and Marshall counties would be of great benefit to that locality and would relieve the flood conditions of Thief river by cutting off that vast volume of water which naturally flows to the west, and force it south through this north and south ditch into Red Lake river. This deepening of Red Lake river eight feet would furnish eight feet additional fall for that north and south ditch and would provide an outlet for a vast volume of water which now flows west through the drainage ditches of Marshall county and flows into Thief river in the vicinity of Mud Lake. Whether or not this last project is feasible is an engineering matter for future consideration, but if the same is feasible and possible and the people affected desire the same, that improvement will doubtless be made.

A matter of importance in connection with this project of the control and the dredging of Red Lake river, as the same affects eastern Marshall, eastern Pennington and western Beltrami counties is the fact that the people in those territories claim that at times of high water in Red Lake, the waters of Red Lake percolate or filter through the bog lands northwest of the lake and fill up the drainage ditches running from that portion of the territory west into Thief river. The permanent lowering of the level of Red Lake a distance of three feet should certainly remove that trouble and stop the filtering of this water through into those ditches.

The controlling works at the outlet of Red Lake are a very important part of the project. These controlling works will be of sufficient height and will be so operated that during flood times and the times of high water all of the waters of Red Lake flowing into the same from its tributaries will be held in the lake reservoir and will not be released until the flood conditions subside. In this way the Red Lake river will only have to accommodate the flood waters naturally draining therein outside of the waters received from Red Lake, and an absolute insurance against the floods which have recurred along Red Lake river for a number of years will be thus assured. A recurrence of the flood condition of 1916, and of the past season, will be sufficient to bankrupt the farmers along the upper stretches of Red Lake river. This project alone is sufficient to justify the organization of the district under the law, and no opposition should develop from any other part of the territory not affected by this particular project. The only reason that such a large territory was included was because of the requirements of the law. No project involving the improvement of an other territory will likely be undertaken by the board of the new district when organized unless a majority of the people affected in any particular territory desire improvement.

The water power features involved in the consideration of the flood and conservancy project are secondary to the main idea of flood control. Incidentally, by the control of the waters flowing from Red Lake to Red Lake river, the water power companies will be benefitted. This benefit will arise because of the release of the flood waters from Red Lake gradually during dry times instead of having all of that flood water come down in a rush during flood times. The fact that the water power companies get improved and increased use of the water adds nothing to the cost of the project of flood control. The farmers along the river are attaining their main object of getting rid of flood waters at as early a moment as possible, and it is immaterial to them what becomes of this flood water after they have gotten rid of it. If a law is provided whereby someone may be made to pay for the use of this flood water after the farmers have gotten rid of it, certainly no one can be heard to complain except the water power interests themselves. No one should be heard to complain that the law allows the water power companies to be charged for the use of this water after the farmers have gotten rid of it. Another matter which is somewhat misunderstood in regard to the organization of the district and the operation of the same afterwards concerns the payment of the cost of improvement. The only land or other interests which are assessed for benefits for any particular project are those lands benefitted directly or indirectly by that particular project. For instance, the land in the vicinity of Thief Lake in Marshall county, would not under this law be assessed for benefits under the improvement of Red Lake river unless it could be proven that the improvement of Red Lake river benefitted the lands tributary to Thief Lake. This is merely an example and needs no answer. A further important matter is that of the conservation of the funds of the district. Under the law the district itself can undertake the construction of no work in the district without a petition to the district judge the same as is now necessary in the matter of judicial ditches. Every dollar of expenditures of the district must be approved by the district judge. This provides a check against extravagance and insures the careful use of the funds of the district.

It is to be hoped that the various counties of the district will be well represented at the coming hearing and that the matter will be fully discussed at that time. If the district is organized as petitioned for and in the future any part of it desires the construction of outlets for its flood waters, it will be up to the people affected by the same to start the project, and under the law they may come in any time and avail themselves of the benefits thereof. In the meanwhile there should not be and there does not seem to be any provisions of the law whereby the people not affected can be made to pay any portion of the cost of any project elsewhere in the district. As far as the city of Thief River Falls is concerned, the improvement will only benefit the city generally because any improvement in the territory contiguous to the city constitutes an improvement of the city itself.

PUBLIC FORUM

Editor, Times:—In reading the notice of the annual meeting of the Bray Fire Insurance company, I find that the question of changing the *time for this meeting is to be voted* on. Now from the start, permit me to state that I, for one, am most heartly in favor of this proposed change.

I have been a policyholder in this company ever since 1907, but not before the year of 1919, did I attend an annual meeting, not because I lacked interest, but entirely due to the fact that I found it impossible to get as far as that, at this time of the year. We all know how it is to travel out in the country after a team of horses when it is twenty below zero, and perhaps more. For us that live in the northern part of our county it is almost impossible to attend this meeting, when on the other hand, if the meeting was held in the summer time most everyone could attend.

As stated above, I attended the 1919 annual meeting, and if I remember correctly, I was the first one to mention this change, not with the hope of bringing this change through at once, but by simply mentioning it, I thought perhaps it would be considered favorably by some of our policyholders, and possibly after some time a majority of the people of our company would make the change.

I am glad to state that at the very mentioning of this proposed change I was heartly supported by a gentleman from near St. Hilaire, Mr. Roy, I believe, who said he believed that if this meeting was held in the summer instead of winter, we would have a hundred of attendance to every one now.

We all know that a meeting attended by only a few is a rather lonesome affair, besides from a business standpoint of view, it is next to nothing. An annual meeting is supposed to transact business pertaining to the nature of the company, and if only a few are present, what can be expected? Very little in my opinion. But, if the meeting is largely attended many things could be brought up and discussed and much good could be accomplished.

Yes, let us change the time of this meeting—providing nothing in the law or anything else bar us from doing it. Let us have it in summer when we can get there, all of us. Most everybody nowdays has a "Tin Lizzy," and with such transportation facilities and dry roads, I am certain that a large attendance would be the result and in all probability a better and more familiar understanding of conditions and problems confronting our company could be acquired.

I do not entertain the hope of being able to attend this meeting, Jan. 12th, but I most sincerely hope that the majority of the meeting will see this matter of changing the time for our annual meeting in the same light as I do and consequently make the change.

Yours truly,
ALFRED FORSLUND.

We Thank You.

At the annual meeting of the Oakland Park Sanatorium commission, a resolution was passed expressing the appreciation of the commission to the many friends of the sanatorium who have remembered the institution and its patients during the past year. Especially Rev. Albin Larson and his church choir, the Community Girls, the Good Fellows, and others who helped to make the holidays more cheerful.

Signed:
Miss KAREN KNUDSEN, Supt.
O. F. MELLBY, Pres. Com.
P. O. MYHRUM, Sec'y. Com.

Card of Thanks.

We wish to extend our sincere thanks to the many friends and neighbors who so kindly assisted us during the illness and after the death of our beloved husband and father.

Ford
THE UNIVERSAL CAR

The Ford Sedan, with electric starting and lighting system, demountable rims with 3½-inch tires all around, is the ideal family car because of its general utility and refined and comfortable equipment. Finely upholstered. Plate glass windows. An open car in the spring, summer, and early fall. A closed car in inclement weather and winter. Rain-proof, dust-proof. In the city, or the country, a family car. The low cost of operation and maintenance is not the least of its charms. Won't you come in and look it over?

McFarland Auto Company

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, grippe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and $1.20 a bottle at all druggists. Give it a trial.

Constipated? Here's Relief

Not that often harmful, always violent and temporary help that comes from harsh purgatives, but the comfortable, gratifying, corrective regulation of stubborn bowels so pronounced in Dr. King's New Life Pills.

Tonic in action, they promote free bile flow, stir up the lazy, thoroughly but gently cleanse the system of waste matter and fermenting foods, and give you keen zest for hard work and healthful recreation. All druggists—25 cents.

Credit is Confidence

WHEN you purchase an article in a store or create a debt of any kind, it is assumed on the part of the creditor that the bill will be paid when presented. This is the confidence that the creditor has in the party assuming the debt.

IT is both bad for business and bad for the debtor to betray that confidence. Prompt payment of bills helps business, and incidentally establishes a credit standing in the community for the man or woman who appreciates the privilege and convenience of a charge account.

AND, if you pay your bills with a check drawn on this bank you'll have an indisputable receipt that the account is paid.

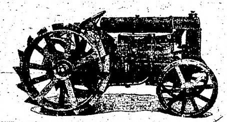
Order Your Fordson NOW!



DON'T DEPEND ON SPRING DELIVERIES

DON'T
Wait until our limited allotment of tractors for this territory is gone. Get your order in now and you will be one of those who is sure of a Fordson out of our allotment.

REMEMBER
It's first come, first served. All orders are filled in rotation. So, if you would be forehanded—if you would be certain of having a Fordson when you want it—then you will buy a Fordson now.

REALIZE
That we are compelled to have bonafide orders for tractors. The factory on Nov. 1st, had 50,000 signed orders for tractors that they were unable to deliver. These conditions were brought about by the Fordson making good from the start.

ORDER
Your Fordson now—don't put it off. Get your name on an order. A signed order is your protection. Let us explain to you our easy selling terms and the real facts that you ought to know if you expect to own a tractor.

Price $750.00 f. o. b. Dearborn, Mich.

McFarland Auto Co.

Make Tues., Jan. 13 a Holiday

Hear Mr. E. G. Quamme talk on Federal Farm Loans

Are You Paying Too Much Interest on Your Farm Loan?

Must you renew your loan every five years and foot the bills of such renewal?

Do you believe in co-operation on the part of farmers?

Do you know that the government has made it possible for you to get money at 5½ per cent; that you need never renew such a loan; that it can be paid up on any interest-paying date after five years?

Do you know that this territory has one of the best Federal Farm Loan associations in the state and that it is ready to be of any service possible to you?

All of these questions will be taken up at the annual meeting of the local association by Mr. Quamme, president of the Federal Land Bank, St. Paul, at

The Auditorium, Thief River Falls
Tuesday, Jan. 13 at 2 o'clock p. m.

A free dinner will be served between 12:30 and 1:30 o'clock, and we want you to come and hear what Mr. Quamme has to say about Federal Farm Loans. Bring your friends.

VALHALL NATIONAL FARM LOAN ASSOCIATION
L. A. Lampert, Sec'y-Treas.

Francis, who have made an extended trip through the East, and together will continue the trip to the Francis home at Portland, Ore. Miss Bamford will remain at Portland for two months.

New Books at the Library.

Among the new books for young people we find the following:

"Under the Yankee Ensign," by Ralph Barbour. A rattling good story of a boy who enlists in the American Navy in the great war.

"Lad—A Dog," by Albert Paysone Terhune. If you love dogs, read it and enjoy yourself. If you never owned a dog, read it and learn to understand what the fellowship and love of a dog can mean.

The Boy Scouts Book of Stories, by Mathiews. Contains selections from the master story: "Tillers of America and England," "Mark Twain," "Stevenson," "O. Henry," "Conan Doyle," etc.

"Ramsey Milholland," by Booth Tarkington. Another story of the eternal boy.

In the adult section a few of the interesting new ones are:

"A Woman's Woman," by Nalbro Bartley. Probably one of the best works of fiction of the past year.

"When the World Shook," by Rider Haggard. The story of shipwreck on an unchartered island in the South Sea.

"The Starling," by Juliet Wilbor Tompkins. One of this popular author's best tales.

Representative One Act Plays, by American Authors. Contains 24 representative one-act plays which have been produced in little theatres.

"Fighters For Peace," by Mary Parkman. Gathered in this volume are accurate and entertaining biographies of 12 soldiers and statesmen who became famous during the great war.

Obituary

Beulah Jessie Correll.

Beulah Jessie, infant daughter of Mr. and Mrs. Chas. Correll, died at the local hospital on Jan. 4. Her life was of short duration as she passed to the better land on the same day she was born. The funeral services were conducted by Rev. J. B. Smith of the M. E. church, to which organization the parents belong. The interment took place Jan. 5 in Greenwood cemetery. The family has the heartfelt sympathy of many friends in this bereavement. At last accounts Mrs. Correll was doing nicely as could be expected after the trying ordeal through which she had passed.

J. O. Thorstad.

J. O. Thorstad passed away on Jan. 1, at his home in this city, death coming as the result of a tumor from which he had suffered for some time. The deceased was born in Norway on Dec. 16, 1857, making his age at the time of his death 62 years. When four years old he came to this country and has for the past fifteen years been a resident of this county, coming here from the state of Iowa. Funeral services were conducted by Rev. A. N. Skogerboe, formerly pastor in this city, but now residing at Erskine, at Trinity Lutheran church in this city. Deceased leaves a wife and six children, three boys and three girls, to mourn his departure. Interment was made in Greenwood cemetery on January 3.

The City Churches

Zion Lutheran Church, George Larson, Pastor—Services on Sunday at 11 a. m. and 8 p. m. The deacons will conduct the meetings. Services at Bethlehem at 11 a. m. Bethlehem congregation will have their business meeting on Saturday at 2 p. m. The confirmants will meet immediately after the meeting. The confirmants of the city meet every Saturday at 2 p. m. at the parsonage. Sunday school at 10 a. m. Zion Young Peoples society meet on Thursday evening at 8 p. m. Ladies Aid will meet on Thursday afternoon, Jan. 15.

M. E. Church, J. B. Smith, Pastor—Good music under the direction of Mrs. Irma Mallory Fisher. Simple gospel sermons are the attraction on next Sunday at 11 a. m. and 8 p. m. Sunday school at 10 a. m. Epworth League at 7 p. m. All are welcome. Prayer meeting on Thursday. These meetings will be better for your interest and presence.

First Sw. Ev. Luth. Church, Albin A. Larson, Pastor—Services next Sunday at 10:30 a. m. in the Swedish language. Services at 7:30 p. m. in the American language. Bible class and Sunday school at 11:45 a. m.

Scan. Ev. Luth. Church, Bot Nyborg, Pastor—Services Sunday, the 11th, at 11 a. m. and 7:30 p. m. Sunday school 10 a. m. Monday at 7:30 p. m. the yearly business meeting of the church will be held. Wednesday at 7:30 p. m. a special Bible message. You are cordially welcome.

Presbyterian Church, R. L. Barackman, Pastor—Meetings for public worship are held each Sunday at 11 a. m. and 8 p. m. On Jan. 11 the subject for both meetings will be "The Reality and Power of Prayer." Mrs. H. E. Edberg is organist and director of the choir. Mrs. Edberg will provide a full program of special music at both meetings, the special feature being a ladies' quartette. Everyone is invited to the services. Sunday school at 10 a. m., Miss Effie Hamry, superintendent. Juniors at 3 p. m. Christian Endeavor at 7 p. m. Bible study begins with John 1:2. Meetings for prayer at the church continue on Thursday and Friday evenings.

Richard M. Skaug.

Funeral services over the remains of Richard M. Skaug, a pioneer resident of Polk county, were held at the Beltrami church, Rev. Otterstad of Beltrami and Rev. P. E. Moen of Crookston conducting the ceremonies.

Mr. Skaug died at a Crookston hospital. He was born at Bodo, Norway, on Sept. 23, 1847, and came to America in 1879. In 1880 he took a homestead two miles northeast of Beltrami and resided there until 1917, when the farm was sold to one of his sons. He removed to Beltrami. Mr. Skaug is survived by a widow, Marit Skaug, Julius Skaug, an attorney of Mobridge, S. D., Mrs. Oscar J. Peterson of Thief River Falls, Carl J. of Los Angeles, M. Reis, who operated the home farm, Mrs. Herbert Lazier of Thief River Falls and Paul H., who but recently returned from army service.

The deceased was a member of the Norwegian Lutheran church and took a prominent part in its activities. His will provides that one seventh of his estate goes to the various funds of the church with which he was so intimately associated during his lifetime.—Crookston Times.

Miss Myrtle Berg returned to her duties as teacher in the school at Bijou on Monday morning after a two weeks' vacation spent in visiting with her mother, Mrs. Inga Berg.

KRATKA

Carl Gullingsrud, Torbjorn Waale and Joseph Johnson left Saturday for Crookston, where they attend the agricultural college.

Anna and Ingval Knutson visited at the J. Ulvild home Saturday.

Emma and Clarence Syrtvedt of Rhoda visited at the A. Haugen home on Christmas day.

Signe, Ingeborg and Valla Bjornson, Hazel and Burton Aarness, Stella and Gustaf Thompson and Sophie and Genette Solheim all returned to Thief River Falls Monday to attend high school.

Sidney Hemmestvedt shot a wolf last Saturday.

John Stallemo of Fisher visited at A. Haugen's, K. Norgaard's and G. Olson's during Christmas.

Miss Gunhild Haugen returned to Rhoda Suday to resume her school duties.

Mr. and Mrs. T. Hemmestvedt visited at Iver Solheim's on Sunday.

A birthday party was given at the Thompson home last Saturday in honor of Misses Stella Thompson and Ingeborg Bjornson.

MAVIE

Hello everybody. Mavie is still on the map as wide awake as ever.

Mr. and Mrs. Skaar entertained at dinner at their home near Mavie, on New Years day. The guests were, ~~Mr. and Mrs. Seme and family.~~

Miss Florence Burns, who has been visiting near Goodridge during the vacation, returned Friday. She also visited for a few days with her friends, Misses Rose and Clara Oski.

Mr. Stork visited at the Charles Horton home New Years night and left a baby boy.

Charlie Ptacek was a business caller at Mavie, Saturday afternoon.

Miss Anna Kotlan entertained about eighteen of her friends at her home on Saturday evening. The evening was spent in playing games and dancing. At midnight a delicious lunch was served. The event was in compliment to John Kotlan of Nottingham, Sask., Canada, who has been a house guest at the Ed. Kotlan home.

Mr. Stein returned from Waterloo, Iowa, Friday, where he has been the last week. He went to attend the funeral services of his mother.

Miss Elina Anenson, who has been spending the holidays at her home, returned to Thief River Falls Monday to resume her studies in the high school.

A number of the young folks of Mavie went to Thief River Falls last Wednesday to attend the New Years dance. They remained in town and visited with Mr. and Mrs. Jack Houfek, New Years day, returning in the evening.

Peter Lendobja went to Thief River Falls last Tuesday to transact business for the day. He returned the following day.

Several of the young folks of Mavie went up in the Mavie hall New Years night, and had a little enjoyable time.

Mr. and Mrs. H. Rued, Mr. and Mrs. Ed. Kotlan, Mr. and Mrs. Val Yager, Miss Stella Burdick, Norman Stenberg and John Banner, made a pleasant surprise on Mr. S. Stenberg, New Years eve. The evening was spent in playing cards and at midnight a delicious lunch was served, which was brought by the ladies.

Tom Breznay transacted business in Mavie, between trains, last Thursday.

Miss Anna Lendobja went to Duluth, last Tuesday, where she will remain for an indefinite time.

Miss Clara Oski, who has been visiting with her sister, near Rhoda, for the past two weeks, returned to her home last Saturday.

Archie Brown visited at the Kotlan home, Saturday and Sunday. He came from near Goodridge, where he has been for some time.

Elias Stokke of Silverton township and Miss Gerda Ulvild, of Cloverleaf township, were united in marriage on January 2nd at the Lutheran parsonage near Mavie, Rev. Bjornson officiating.

Mr. and Mrs. Stokke went to Thief River Falls Saturday, where they will remain for a few days.

Miss Olga Svensgaard was in Mavie a few hours New Years day to get the mail, and a few groceries.

Miss Marie Lundberg and Miss Mamie Zavoral, of Thief River Falls, visited with Miss Lillie Hineck, last Saturday. They returned on the evening train.

John Kotlan and Archie Brown left Tuesday morning for Bemidji, where they will remain for an indefinite time.

Mr. and Mrs. Sivert Brekke were guests at the Holmen home, New Years day.

We will now have a new storekeeper in Mavie as Mr. Sandum of Thief River Falls has purchased the Anderson store.

A number of the Mavie young people gathered at the Oski home last Sunday evening. The evening was spent in playing cards. The evening ended with a light lunch, and all reported a good time.

Florence Burns, Clara and Rose Oski, returned to Thief River Falls last Monday to resume their studies in the high school.

Oliver Holmen spent a few hours in Mavie New Years day to attend to business affairs.

Charles Horton drove to Thief River Falls last Saturday to transact business.

Olga, Dagney and Julius Svensgaard visited at the Ptacek home on New Years night.

Alice Hruby, who has been at her home during the holidays, returned to Thief River Falls last Wednesday.

Norman Stenberg drove to Thief River Falls last Monday to transact business.

Mr. and Mrs. Anton Kotlan, Jr., spend Sunday in Thief River Falls, at the home of Mr. and Mrs. Jack Houfek.

I AM GLAD TO ENDORSE PE-RU-NA

Glad to Try Anything

"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peruna was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peruna. I am glad to endorse it."

Sold Everywhere

Was in a Terribly Run Down Condition

Miss Ricka Leopold, 258 Leyco St., Menasha, Wis., Sec'y Liederkranz. Miss Leopold's letter opposite conveys in no uncertain way the gratitude she feels for Peruna.

SUPERINTENDENT IS OUT WITH FACTS

Hansen Gains 18 Pounds and Troubles End After Taking Tanlac.

"I have gained eighteen pounds and am still gaining at the rate of one-half pound a day as the result of taking Tanlac," said William M. Hansen, well known superintendent of the Superior Electrical Mfg. Co., of Minneapolis, Minn., in talking of his remarkable recovery from stomach trouble and rheumatism.

"I had stomach trouble and rheumatism for seven years and got so bad off that I could scarcely eat enough to keep alive and my wife often had to help me when I dressed because I could not lift my hands as high as my shoulders," he continued. "One or two mouthfuls at mealtimes would nauseate me so I would have to leave the table and I suffered with spells of indigestion that almost doubled me up with pain. My stomach would almost fill with gas and I would bloat so that I would nearly suffocate. The gasses' pressing up against my heart made me so awful faint that I could hardly breathe. My back and head would hurt and ache terribly and rheumatic pains would shoot from one portion of my body to another until sometimes I was almost wild. I spent hundreds of dollars on doctors and medicines and for months at a time lived on cereals and dry toast, but nothing gave me even temporary relief. I sent clear to New York for one special medicine but it, like the others, failed to do me any good. I kept losing in weight and steadily grew worse and worse. I got so nervous I could sleep only a few hours at night and in the morning I would get up so tired and fagged out I could hardly put one foot before the other. My condition got so bad I thought I would have to quit work altogether.

"I commenced to pick up in weight and improve with the very first bottle of Tanlac. My rheumatism and indigestion began to leave me almost immediately and now, since taking six bottles, both are entirely gone. I can eat anything I want as often as I want it and never have the least trouble in digesting what I eat. As the old saying is, 'I can eat like a horse and sleep like a log,' and I get up in the mornings feeling fresh and fine. As I have said before I have gained eighteen pounds in weight and am still gaining. Tanlac has done all this for me, so no wonder I give it my unqualified endorsement."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—Adv.

Hospital Notes.

ROSEWOOD

The annual Christmas tree festival of the Rindal church, was held last Tuesday evening and was by far the largest entertainment of its kind in the vicinity, over 150 persons being in attendance. A well selected program was given by the youngsters of the community, and a twelve voiced choir sang a number of beautiful songs. Rev. George Larson of Thief River Falls, was present and delivered a short speech. Bags containing apples, candy and nuts were distributed to all present, and hundreds of Christmas gifts were delivered to friends, neighbors and relatives.

Another Soldiers' Homecoming celebration was staged at the Rindal church last Thursday afternoon and brought an audience of over 100. All service men within the town wore their uniforms and were the guests of honor. Speeches were made by Rev. Larson, John Batten and Edw. Silverness, beside several juvenile recitations. The song choir sang two songs. Lunch was served before closing.

LEGAL NOTICES

Council Chambers, Thief River Falls, Minnesota.

A regular meeting of the City Council was called to order by O. L. Ihle, President, at eight o'clock P. M. Dec. 23rd, 1919.

Roll Call: Members present: Froseth, Benson, Olson, Brandon and Ihle. Members absent: Brumund.

Minutes of the meeting of Dec. 9th, 1919, and adjourned regular meeting of Dec. 16th, 1919, were read and approved as read.

Moved by Froseth, seconded by Brandon, that the appointment of Chas. Swartz to membership in the Fire Department, to take the place of W. J. LaBree, resigned, be approved. Motion carried.

Moved by Benson, seconded by Brandon, that the application of Shanahan and Sheedy for pool hall license be laid on the table. Motion carried.

Moved by Brandon, seconded by Olson, that the City Clerk be instructed at once to notify Holt & George that they furnish a bond in connection with their contract for sewer and water connections, not later than Dec. 31st, 1919, or the contract will be cancelled. Motion carried.

Alderman Brandon, seconded by Alderman Froseth, introduced a resolution requesting the Public Examiner to send a deputy to examine the books and records of the City. (See Resolution.)

Alderman Benson, seconded by Alderman Brandon, offered a resolution authorizing the payment of $600.00 to Theo. Quale, for services as City Attorney. (See Resolution.)

Moved by Froseth, seconded by Brandon, that the Council adjourn until eight o'clock P. M. Tuesday, Dec. 30th, 1919. Motion carried and the Council adjourned.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a regular meeting of the City Council held Dec. 23rd, 1919, Alderman A. K. Olson, seconded by Alderman Carl Froseth, introduced the following resolution and moved its adoption:

Roll Call: Aldermen voting Yes: Froseth, Benson, Olson, Brandon and Ihle. Aldermen voting No: None. Resolution declared passed.

O. L. IHLE,
President of the Council.

Approved Dec. 27, 1919.
G. A. PENNEY,
Mayor.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a regular meeting of the City Council, held Dec. 23rd, 1919, Alderman S. Brandon, seconded by Alderman C. Froseth, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls that the City Council deems it advisable and advantageous that the books of account and other records of the City, as kept by the various officers of the City, be examined by the state public examiner. Now, Therefore, the City Council does hereby RESOLVE AND DETERMINE, to request the public examiner to send a deputy to Thief River Falls to examine the books of account and other records required to be kept by law by the officers of such City, and to file his report according to law; and the City Clerk is hereby required to immediately write the state public examiner and enclose a certified copy of this resolution.

Roll Call: Aldermen voting Yes: Froseth, Benson, Olson, Brandon and Ihle. Aldermen voting No: None. Resolution declared passed.

O. L. IHLE,
President of the Council.

Approved Dec. 27, 1919.
G. A. PENNEY,
Mayor.

Attest:
A. H. AKRE,
City Clerk.

Annual Meeting.

The annual meeting of the Bray Mutual Fire Insurance Company will be held at St. Hilaire, Minnesota, on Monday, January 12th, 1920, beginning at one o'clock p. m. sharp.

This meeting is called for the purpose of electing officers for the coming year, examine reports, etc. The question will also be taken up to change the date of the annual meeting so that the meeting may be held during the summer months, if it is found that we have a right to do so. And any other business will be transacted that may come before the meeting.

JOHN O. SWANSON,
Secretary.

State of Minnesota, County of Pennington, ss. In Probate Court, January Term, 1920.

In the Matter of the Estate of Ida M. Peterson, Deceased.

The petition of Martin J. Peterson having been filed in this Court representing that the final decree of distribution issued by this Court on December 1st, 1919, is erroneous and incorrect in this, to-wit: That said final decree of distribution attempted to set over to the heirs and legatees of said decedent all of the Northwest Quarter (NW¼NW¼) of Section 8 in Township 152, Range 42, where as in truth and in fact the said decedent was the owner of an undivided two-thirds (2-3) interest in and to said property; that said decree is incorrect and erroneous in this, to-wit: That the following real estate belonging to said decedent was omitted therefrom, to-wit: An undivided one-sixth (1-6) interest in and to the Southwest Quarter of the Northwest Quarter (SW¼NW¼), Section 8, Township 152, North of Range 42 West, and praying that said decree may be corrected in accordance with law and fact, and the Court having fixed a time and place for hearing on said petition;

NOW, THEREFORE, You, and each of you are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Room, in the Court House, in the City of Thief River Falls, in the County of Pennington and State of Minnesota, on the 31st day of January, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the Seal of said Court, this 6th day of January, 1920.

IRA C. RICHARDSON,
(Seal) Probate Judge.
j8-15-22

State of Minnesota, County of Pennington, ss. In Probate Court, January Term, 1920.

In the Matter of the Estate of John A. Peterson, Deceased.

The State of Minnesota, to Martin J. Peterson, Mrs. Nina Rose, Oscar C. Peterson, Elias A. Peterson, George G. Peterson, Lena M. Peterson, Julius Peterson, and all persons interested in the estate of John A. Peterson, Deceased:

The petition of Martin J. Peterson having been filed in this Court representing that the final decree of distribution issued by this Court on the 1st of December, 1919, is incorrect and erroneous in this that the following described real estate belonging to said estate was omitted from said decree, to-wit: An undivided one-half interest in and to the West one-half (W½) of the Northwest Quarter (NW¼), Section 8, in Township 152, North of Range 42 West, and praying that the said decree be corrected and amended to include said real property, and the Court having fixed the time and place for hearing on said petition;

THEREFORE, You, and each of you are hereby cited and required to show cause, if any you have, before this Court, at the Probate Court Rooms, at the Court House, in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 31st day of January, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the Seal of said Court, this 6th day of January, 1920.

IRA C. RICHARDSON,
(Seal) Probate Judge.
j8-15-22

Notice For Bids.

Sealed bids will be received by the Town Clerk of Polk Centre, Pennington County, Minn., up until 2 o'clock P. M., on Saturday, the 24th day of January, 1920, for gravelling one-half mile of road between Sections 9 and 16, and Sections 10 and 15, commencing 40 rods West from the East corner stake of Sections 9 and 16; thence running East one-half mile. Gravel to be taken one-half mile from section line between Sections 11 and 14 on the Sandridge.

Board reserves the right to reject any and all bids.

C. E. NAPLIN,
Town Clerk.

Citation For Hearing on Final Account and For Distribution.

State of Minnesota, County of Pennington, ss. In Probate Court.

In the Matter of the Estate of Oscar Bakken, Decedent.

The State of Minnesota, to O. L. Bakken, Lina Bakken, and all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent, having filed in this Court his final account of the administration of the estate of said decedent, together with his petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled. Therefore, YOU, AND EACH OF YOU, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the [illegible] day of January, 1920, at 10 o'clock A. M., why said petition should not be granted.

WITNESS, The Judge of said Court, and the Seal of said Court, this 26th day of December, 1919.

IRA C. RICHARDSON,
(Seal.) Judge of Probate.
O. A. NAPLIN,
Attorney for Petitioner.

Citation For Hearing on Petition For Administration.

Estate of Sanford A. Burnham.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Sanford A. Burnham, Decedent.

The State of Minnesota, to Mary H. Burnham and all persons interested in the granting of administration of the estate of said decedent: The petition of Mary H. Burnham having been filed in this Court, representing that Sanford A. Burnham, then a resident of the County of Pennington, State of Minnesota, died intestate on the 30th day of September, 1917, and praying that letters of administration of his estate be granted to George W. Burnham, and the Court, having fixed the time and place for hearing said petition; THEREFORE, YOU AND EACH OF YOU, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House, in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 31st day of January, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the seal of said Court, this 29th day of December, 1919.

IRA C. RICHARDSON,
(Court Seal) Probate Judge.

Mortgage Foreclosure Sale.

Default having been made in the payment of the sum of eighteen dollars which became due on the first day of April A. D. 1918, and is due and claimed to be due at the date of this notice upon a certain mortgage duly *executed and delivered* by Knut Jorstad and Anna Jorstad, his wife, mortgagors, to the Trail State Bank, of Trail, Minnesota, a corporation, mortgagee, bearing date the 3rd day of April, 1915, and with the power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the county of Pennington, State of Minnesota, on the 23rd day of November, 1917, at eight o'clock A. M., in Book 58 of Mortgages on page 385 thereof; and whereas, pursuant to the terms and conditions of said mortgage, by reason of said default, the whole unpaid principal sum of said mortgage, to-wit: The sum of fifty-four dollars ($54.00) became at once due and payable, and was and is hereby so declared, by said mortgagee, and whereas there is actually due and claimed to be due and payable at the date of this notice upon said mortgage the sum of fifty-four dollars ($54.00), with interest thereon at the rate of ten per cent per annum since the first day of April, 1915, or the total sum of seventy-nine and 31-100 dollars, ($79.31).

And whereas, the said power of sale has become operative, and no action or proceedings having been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof;

NOW, THEREFORE, notice is hereby given, that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage above described will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit:

The north half of the southeast quarter (N½ of SE¼) and lots three (3) and six (6) in Section thirty-three (33), Township One Hundred Fifty-two (152), North of Range thirty-nine (39) West 5th P. M., in Pennington County, State of Minnesota, which sale will be made by the Sheriff of said Pennington County at the front door of the Court House in the City of Thief River Falls, in said County and State, on Friday the 6th day of February, A. D. 1920, at two o'clock in the afternoon of said day, at public vendue, to pay the said debt of seventy-nine and 31-100 dollars, ($79.31) and interest from the date of this notice as aforesaid, and taxes if any on said premises, and an attorney's fee of twenty-five dollars as stipulated in and by said mortgage, and the disbursements allowed by law, subject to redemption at any time within one year from date of sale as provided by law.

Dated December 8th, 1919.

Is a mother who has once used Chamberlain's Cough Remedy, for she makes a point of telling other mothers about it, who in turn pass the news on. It is this that has made Chamberlain's Cough Remedy a household word throughout the world. Just ask some mother in your community what she thinks of Chamberlain's Cough Remedy—she will tell you that it enables her to get her children through the winter without coughs, colds or croup, and that at first approach of a cold she herself takes
"Granny" Chamberlain
Chamberlain's Cough Remedy
She will tell you that it is as thoroughly reliable for the youngest child as for the oldest member of the family. You can give it to the baby, the children going to school, or take it yourself, always with the same result—a quick relief."
Yours for Health —"Granny" Chamberlain

CLUB ASKS FOR MEETING ROOM IN AUDITORIUM

Council Members Assure the President That Request Will Be Granted.

PARK SUBJECT COMES UP

Bishop Plat is Offered and Committee Will Look Into Matter.

Should the Commercial club at its annual meeting next Thursday decide that it is advisable to make the change, there is no question but that place will be provided for meetings of the organization in the city auditorium. President E. M. Stanton appeared before the council last Tuesday evening and asked if the members would be willing to grant the use of the small auditorium now used as a band room for club purposes in case it was decided that moving from the present quarters is advisable, and he was assured that there would be no trouble on that score. The councilmen even offered to permit the apartment on the upper floor formerly used by the Red Cross to be converted into a secretary's office if the club saw fit to employ it.

For a City Square.

C. L. Hansen, J. J. Weeks and Otto Gullingsrud appeared before the council with the request that negotiations be entered into with J. M. Bishop looking to the city's acquiring the block bounded by First and Second streets between Knight and Duluth avenues for the purpose of converting it into a city park. The price asked is in the neighborhood of $6,000. President H. A. Brumund appointed a committee composed of Councilmen Froseth, Ihle, Dahl and Strandon to take the matter up with Mr. Bishop and make such other investigations with regard to the subject as to them seemed best. All were agreed that the city should without delay acquire a park site as there are but very few available spots for the purpose left to be had.

For the Armenians.

G. L. Sterns, county vice chairman for Armenian and Syrian relief, requested the free use of the auditorium for the purpose of putting on a moving picture exhibition showing conditions in the Near East, and this was granted. Dr. Wectenburg, a lecturer and traveler well acquainted with conditions in that section of the world, will be present to make the address. The exact date on which the pictures may be had has not yet been learned.

Mayor John Bratrud was present and read his message of recommendations to the council. This was listened to with close attention and with every indication of approval, both on the part of the councilmen and the citizens present. President Brumund, on behalf of the council, thanked the mayor and assured him that his hope for harmonius action and a business administration was heartily reciprocated. The message in full will be found in another place in The Times today.

Zeh Making Great Record in Basket Ball at Minot

Ambrose Zeh, son of Phil Zeh of this city, a graduate of the local high school and recently returned member of the American expeditionary forces, is making a record for himself as a basket shooter at Minot. He played forward in a recent game with the normal school of that city and received much commendation for his work from the press. On the team with him are two former college stars—Blume and Murphy—and the aggregation is cleaning up everything in North Dakota. As Zeh belongs in Thief River Falls a number of those who are interested in the sport are trying to get him to return and become a member of the Legion team here.

CITY SELECTED AS CONVENTION POINT

Will Hold Annual Meeting of Lutheran Free Church Here Next June.

Two thousand delegates, representing congregations of the Lutheran Free churches all over the United States and Canada, will hold an eight-day convention in Thief River Falls from the 9th to the 17th of June next. The meetings will be held in the auditorium.

There will be at least 2,000 accredited delegates, while the number of people actually in attendance from the outside will be considerably larger than this. Rev. Johan Mattson of Minneapolis is national president of the association and will be in charge of the meetings.

Some Good Country and Much That is Bad in Texas

M. V. Evenson, T. P. Hamre, Frank McGinty and George Stevens of Thief River Falls, and Eugene Cook of Roseau, returned Tuesday evening fro ma two weeks' trip to southern Texas. They had a very enjoyable visit and state that the country along the gulf coast and Rio Grande is on the boom. Land seekers by the thousands are to be seen there every day and the promotors are coining money.

The section visited is in the irrigated belt and crops are looking fine, according to the Northern visitors. The first of the early cabbage will be harvested within a short time and much of the land down there is devoted to the growing of this crop. Alfalfa is the principal fodder and the mainstay of the stock raiser.

They found large sections of the Southwest absolutely impossible as a farming prospect, however, and it is certain that it will never be of any value for any purpose that can now be imagined.

EIGHT DRUNKS IS RECORD FOR 1919

Report of Police Chief Shows That Only 31 Arrests Were Made.

Less than three arrests per month for a period of one year in a city of 6000 people is a record of which any community might well be proud. That is the score for 1919 in Thief River Falls, according to the report of Chief of Police E. O. Erickson, which was submitted to the council last week. Mr. Erickson made 24 of the arrests himself, six are credited to Night Patrolman Jerry Kelly and one to the latter in colaboration with Deputy Sheriff Paul Midderigh.

There were almost as many assaults as jags, there being seven of the former. Violation of the liquor laws caused the arrest of four, while larceny was the charge in three cases. Housebreaking, fighting and lewd and indecent behavior was the charge in two cases respectively and this number of persons were also ordered out of the city on general principles. One insane man was placed under arrest, one taken up for disorderly conduct, one for committing a nuisance and one for running his automobile without the required license tag. The fines paid amounted to $112 and the amount found on the prisoners at the time of their arrest was $91.23.

This is certainly an exceptional record for a city the size of Thief River Falls and is somewhat different from the old saloon days.

TWO BANKS RETAIN PRESENT OFFICERS

First and Peoples and First National Stockholders Hold Annual Meet.

Two more Thief River Falls banks held their annual meeting during the past week—the First and Peoples State on the 8th and the First National on the 13th. In both instances the present officers were reelected while but few changes were made in the directorates of the institutions. The reports submitted showed that the past year has been very successful from a business standpoint and banking men generally are looking forward to a period of continued prosperity.

The First and Peoples stockholders reelected the following as officers: A. M. Sheldon, president; Math Barzen and H. S. Dahlen, vice presidents; R. M. Sheldon, cashier; Theo. M. Thronson, assistant cashier. The directors are as follows: Math Barzen, A. M. Sheldon, Halvor O. Loken, Perl W. Mabey, Bernhard Knudsen, A. G. Wedge, Jr., O. D. Ostby, H. S. Dahlen, Carl B. Larson, Hans Anton, A. G. Loftness, Dr. A. J. Paulson, R. M. Sheldon. Messrs. Anton, Loftness and Dr. Paulson are new members of the board.

The banking force outside of Messrs. Dahlen, Sheldon and Thronson, is made up as follows: Miss Dora Holmes and L. H. Hermanson, tellers; Alvin Holzknecht and Ervin Russell, bookkeepers; Miss Inez Johnson, stenographer.

As officers of the First National bank the following were chosen: C. L. Hansen, president; Geo. T. Hamery, Rasmus Oen and Dr. F. H. Gambell, vice presidents; W. H. Akre, cashier; Harry F. Booren, assistant cashier. Following are the directors: Rasmus Oen, J. P. Curtis, F. H. Gambell, Otto Gullingsrud, Daniel Patterson, Geo. T. Hamery and C. L. Hansen. The present counting room force is retained, as follows: Miss Marie D. Nelson, teller; L. C. Nielson, bookkeeper; Miss Olga Nettum, stenographer.

Nonpartisan Leaguers Soon to Meet and Name Delegates

According to advices from St. Paul, the members of the Nonpartisan league will meet in every county in Minnesota on Friday, Jan. 23, for the purpose of naming precinct delegates and committeemen.

QUAMME TALKS ON LAND BANKS TO GOOD CROWD

Head of Organization in State Gives Sound Advice to Farmers.

PRAISES LOCAL BRANCH

Says it Has Made Fine Record in Short Time—Officers Are Elected.

About 300 farmers and as many townspeople gathered at the auditorium on Tuesday afternoon to listen to President E. G. Quamme of the Federal Land bank deliver an address on general farming conditions as they appear at the present time and the outlook for the future. The speaker covered a good deal of ground and did not confine himself to an explanation of the aims and general purpose of the institution of which he is the head. His remarks were more calculated to make the farmers see themselves and their vocation in a different light than to point out to them any system whereby they might be benefitted through legislation.

Mr. Quamme let it be known early in his discourse that he had no time for a poor farmer—that is, one who is not progressive and ambitious. For such the land loan bank held out but slight encouragement, he said. But for the one who was anxious to get ahead and use brain with his brawn the system offered a way out of many difficulties.

Farmer a Capitalist.

He pointed out that in spite of all impressions to the contrary, the farmer is a capitalist. He owns and supervises his farm and has the say of what shall be produced on his acres. He hires men the same as a manufacturer and pays them from the profits of what he produces. Mr. Quamme evidently did not sympathize greatly with the man who is always complaining, declaring that never in the history of the world did the tiller of the soil have the opportunities now presented to him.

Deplores Unrest.

The speaker was unsparing in his denunciation of the extremists who are attempting to revolutionize the world by stopping or at least curtailing production, and said that in the performance of honest labor for honest returns lay the solution of most of the problems that now beset the American people. He paid his respects to the class that goes so far as to aim at the overthrow of the government and said that the sooner the country is rid of them the better for all.

Compliments Local Branch.

Mr. Quamme paid a high compliment to the officers and managers of the Valhall Federal Loan bank, the Pennington county branch of the institution of which he is the head. He found that since its organization 57 loans had been approved and granted, the total involved being $156,400. He considered this an excellent record for the first 18 months of operation and predicted that there would be a much greater demand upon the facilities of the bank when its purposes became more thoroughly understood.

Officers Are Elected.

The members of the Valhall association held their annual election at the same time and chose their present officers for another term. They are: Peter Engelstad, president; J. W. Denhart, vice president, and L. A. Lampert, secretary-treasurer. The board of directors is made up of the following: Peter Engelstad, B. B. Hammer, O. O. Malland, J. W. Denhart and Paul Engelstad.

Ladies Serve Lunch.

The ladies of the Methodist church served a lunch in the basement of the auditorium both at noon and suppertime. This was a convenience much appreciated by those coming from a distance, particularly as the supply was both ample and of high quality.

QUAMME GUEST AT BANKER LUNCHEON

Federal Land Bank President Entertained While in the City.

A luncheon, at which every bank in Pennington county was represented, was given at the Evelyn hotel on January 13th in honor of Hon. E. G. Quamme, president of the Federal Land Bank. Besides the bankers, a number of representative men were present. Mr. Quamme was in Thief River Falls for the purpose of delivering an address on the "Aims and Purposes of the Federal Land Bank." A number of short talks were made by the bankers of the county, Mr. Quamme being the principal speaker.

Mr. Quamme has for many years

(Continued on page 3.)

L. A. LAMPERT, Sec.-Treas. Valhall Farm Loan Association.

Revdahl Company Granted Permit For Brick Building

Ole R. Revdahl & Co., general woodworkers, were on Tuesday evening granted a building permit by the city council. The concern proposed to erect a factory and dry kiln on lots 27, 28, 29 and 30 in block 84, Original townsite, the location being on Knight avenue south, near the Great Northern tracks. The property was formerly used as a factory site by the Thief River Falls Manufacturing company.

The application sets forth that it is the intention to erect a brick building, two stories high, 50x80 feet, and a dry kiln 20x22 feet. Besides this there will be a lumber shed 30x20 feet. The excavation work was started last fall and it is the intention to commence construction as soon as the weather permits.

BAUDETTE READY TO RECEIVE ELKS

Now Certain That More Than 200 Will Make Trip on Saturday.

One of the most unusual excursions in the history of the state will leave Thief River Falls at 9 o'clock sharp next Saturday morning. It will be composed entirely of members of the Elks lodge and that there will be more than 200 in the party is now certain. Most of these will be representatives of Thief River Falls lodge, but there will be good sized delegations from many nearby towns.

There will be a big initiation at Baudette in the evening. About 40 fawns residing in that city will be taken into the fold and there are a number awaiting initiation here who will be taken along and assimilated at the same time. There are about 60 candidates altogether.

That the Baudette Elks are making preparations for the entertainment of the visitors is evidenced by the following from the Region:

"Saturday, January 17th, will be the big day. The Thief River Falls Elks are coming and they are coming in numbers and in style. They have chartered a special train which will arrive in Baudette at five in the afternoon, and about one hundred and fifty will invade this metropolis. Of course the big feature will be the grafting of horns to twenty-six local residents who will become Elks, but there will be other features big enough not to be sneezed at. The complete program has not been completed, but it will be plenty—and then some.

"A number of Elks from the iron range, headed by little Jim McLaughlan, will also come to take in the doings."

BEMIDJI VETERANS TO TACKLE LOCALS

Another Legion Basketball Game Will be Played Here Tuesday.

The basketball team representing Ralph Gracie Post, American Legion, of Bemidji, will meet the quintet of Elmer J. Eklund Post, Thief River Falls, at the auditorium here on Tuesday evening. This will be the third game played by the locals on their home floor and the experience gained in the hard fight against Fosston last week will be of much value in the coming battle.

Lack of practice lost the Fosston game for the locals and this defect is being rapidly overcome. The team will be in much better trim for the Bemidji bunch than when they took on the Polk county outfit, and a close game can be expected. Bemidji is said to have a fast, scrappy aggregation, fully competent to maintain the rather enviable athletic reputation enjoyed by that town. The expectations are that this will be the best game of the season.

Theo. Liden left this city on Monday evening for Minneapolis and Duluth, where he will visit for a short period enroute to Peoria, Ill., where he will attend a horological college for a period of nine months.

BANK INCREASE OVER $500,000 FOR PAST YEAR

Deposits in City Averaged $1,759.15 Per Day More Than in 1918.

CITY TOTAL IS $2,536,216

Banks of County at Present Show Holdings Aggregating $3,316,328.59.

The people of Thief River Falls increased their money deposits by $293 for every one of the six banking hours of the 305 banking days of the year 1919, as shown by the statements published in The Times last week. The total increase for each day was $1,759.15 and for the year $536,540.32.

A comparison of the deposits in the four city banks at the time the call was made for both years respectively shows the following figures:

	1919	1920
First Natl.	$688,480.71	$821,696.93
Citizens State	608,207.31	762,558.03
F. & Peoples	563,009.70	696,025.29
F. & Merch.	139,978.09	255,936.28

An Even Break.

A remarkable thing about the statements published is the fact that there is but little difference in the amount of increase in the four banks of the city. The Citizens leads with $154,350.72, others coming in the following order: First National, $133,216.22; First and Peoples, $133,015.59; Farmers and Merchants, $115,958.19.

County Total $3,316,328.

The total deposits in the county at the beginning of the year was $3,316,328.59, which is greater by many thousands than ever before. The aggregate was divided as follows:

City banks	$2,536,216.53
Merchants, St. Hilaire	221,113.20
Farmers, St. Hilaire	144,024.42
Farmers, Goodridge	146,624.41
Goodridge State	127,685.16
Citizens, Hazel	83,046.02
Farmers, Mavie	57,818.85

Loans Keep Even.

The loans and discounts have increased almost in exact ratio with the deposits, the gain in this department in the city being $583,753.27. Here also is shown the same relative position as is found in the deposit column, the different banks averaging on about a par with the deposits.

Believes Water Responsible For Slight Disorders Found

Recent reports have reached Miss Lulu Saucer, school nurse, of the prevalence of slight physical disorders among the residents of Thief River Falls. People have been complaining of headaches, illness, and a general run-down state. Upon making an investigation Miss Saucer discovered that these conditions existed for the most part in homes where city water is used. Owing to an insufficient supply in the city well it has sometimes become necessary to use river water and though no ill effects have previously been reported, this water is considered unfit for internal use. An effort will be made to procure expert investigation of the city water and in the meantime people are cautioned against its use without first boiling it.

Sleeping Car Service to be Resumed by Soo on Jan. 20

Sleeping car service between the twin cities and Thief River Falls on the Soo railroad will be resumed next week. The first car running on the reestablished schedule will leave St. Paul on Tuesday, Jan. 20, being set off at Thief River Falls until the following evening when it will be picked up by the southbound flyer.

This service was interrupted at the time of the coal shortage last month and was not resumed when the other trains were put back on regular time. The news of its resumption will be highly pleasing to the traveling public.

Norway Sons and Daughters Hold "Julefest" Celebration

The Sons and Daughters of Norway held their annual Julefest last Wednesday night at the Masonic hall. B. Bjornaraa of Wanko, the principal speaker of the evening, delivered a humorous address touching upon the life and traditions of old Norway. A program composed of readings and musical selections was rendered by several of the members. After the program a dainty luncheon was served. The remainder of the evening was spent in renewing old friendships and having a general good time.

Mrs. Robert Newton of Alexandria visited in this city the first of the week with friends enroute to Winnipeg, where she will be the guest of relatives.

Indians Successfully Fight For Improved Conditions

Word from Washington is to the effect that the delegation headed by T. H. and F. D. Beaulieu was successfull in its fight against the Indian bill as reported to congress at the close of the last session. An appropriation of $150,000, which the Chippewa representatives maintained would be frittered away in the maintaining of unnecessary officials, was cut out of the general bill and all the relief measures for which contention was made incorporated in the measure. The Indians see in this the first step toward giving them a voice in the spending of their own money, which they claim is now doing them no good whatever. The representatives were assisted in their efforts by all the Minnesota representatives in congress.

Congressman Ellsworth is preparing measures which, if enacted into law, will have a tendency to hasten the final closing up of Chippewa Indian affairs, likewise the abolishment of Indian bureau dominance on Minnesota reservations at an early day.

NAME COMMITTEES AND DEPOSITORIES

Commissioners Also Appropriate $125 For R. R. V. Development Assn.

Chairman O. J. Peterson of the board of county commissioners has announced the following standing committees for the current year: Finance, Commissioners McGinn and Naplin; court house and jail, Hanson, McGinn and Naplin; ditches, Roy, Hanson and Naplin; roads and bridges, Naplin, Hanson and Roy; purchasing, Peterson, McGinn and County Auditor T. P. Anderson; board of health, Dr. A. W. Swedenberg, Commissioners Roy and Hanson.

The commissioners appropriated $125 toward maintaining the Red River Valley Development association and approved the bonds of the different banks as county depositories.

The county auditor was allowed the sum of $300 for extra clerk hire during the year.

It was decided to raise the sum of $6,000 by taxation towards creating a sinking fund for the purpose of paying off the bonded indebtedness of the county.

A new fund, to be known as the County Court House Construction Fund, was ordered created, out of which will be paid all orders drawn for repair, improvement or enlargement of the court house. Money from this fund may also be used in the securing of additional grounds for county purposes.

A petition signed by Knut Ytesund and others asking that Ditch No. 1 be cleaned and repaired was referred to the county ditch inspector.

County Auditor Anderson submitted the financial statement for the year 1919, to the board and same was approved.

NEW OFFICERS FOR AUTOMOBILE CLUB

Organization Will Do Missionary Work For Babcock Amendment.

The Thief River Falls automobile association, which includes in its membership auto owners and drivers from every section of Pennington county, held a meeting for the purpose of electing officers and planning a campaign last evening. There was a good representation present and much interest was evinced in the proceedings. Following are the officers elected: G. S. Streeter, president; L. H. Lawrence, vice president; S. C. Coumbe, secretary; R. M. Sheldon, treasurer. A board of directors was also chosen, as follows: Carl Sundahl, A. J. Andersen and L. A. Lampert.

It was decided to place the membership fees at $2 per year and a drive for members will be inaugurated at once. The aim is to interest every automobile owner and good roads booster in the plans of the club and to make the organization an aggressive and permanent factor in the movement for better highways.

Daniel Shaw was present and explained the plan of the Babcock amendment in such manner that all were made enthusiastic boosters for that project.

F. J. Stebbins, Daniel Shaw and Nels Christianson were chosen delegates to the state convention of automobile clubs at Minneapolis on Feb. 3rd.

New Manager Chosen For City Auditorium Building

Henry Froseth has been appointed manager of the auditorium by the city council and will enter upon his new duties at once. He will be in charge of all functions of whatsoever nature for which admission is asked and will look after the property on behalf of the city. The council will exercise supervisory control over the building as in the past.

ELECTION, TALK AND BANQUET ON THURSDAY

Program of Activities For Present Season Will Come Up For Discussion.

QUESTION OF QUARTERS

Committee Will Report on Success of Attempt to Secure Auditorium.

The annual meeting of the Thief River Falls Commercial club will be held on Thursday evening, Jan. 22, at which time a complete set of officers will be elected and reports of the various committees for the past year submitted. A banquet will be served at 6:30 in the hall, the price of which will be one dollar per plate.

Invitations with return post card attached will be sent to all members and those intending to be present at the banquet should notify G. Howard Smith, secretary, by the evening of Jan. 20 in order that the number of places to be provided may be definitely known.

May Change Quarters.

One of the important questions to come up for discussion is whether or not the club shall continue to occupy the present quarters in the Citizens bank building. It has been suggested that inasmuch as the club is more or less of a public institution there should be room provided for it at the auditorium building. A committee has been appointed to take this matter up with the city council and a report is expected at this time.

To Resume Activities.

This will be the most important meeting held for years. It has been decided to make the club a more active factor in the life of the community and a general plan of procedure will be discussed and mapped out.

It is recognized that there are many matters in which the organization should now be taking an active part. Among these may be mentioned a road to the reservation, opening of the Indian lands, drainage, housing, river improvement, the lighting question, the water power status and many others. All of these are of vast importance to the future prosperity of the city and come directly under the list of subjects to which the club may well direct its interest.

No member should fail to be present at this meeting. The attitude of the club during the next year will have an important bearing on the future and it is of the greatest importance that progressive and far-sighted men shall be placed in charge of its activities.

Loken Family Leaves to Spend Winter in California

H. O. Loken left Monday evening on a trip that will take up the remaining months of the winter. He will first make a business visit to Minneapolis, Chicago, Cleveland and New York for the purpose of making the spring purchases for the store, after which he will go to Omaha, being joined there by Mrs. Loken and daughters on Jan. 26. The family will then leave for Los Angeles, going by way of Denver, Salt Lake City, and Pike's Peak. They will remain in the California city for about a month and return by way of San Francisco, Portland, Seattle, Vancouver and Winnipeg, and expect to arrive in Thief River Falls about March 10. During Mr. Loken's absence the business here will be in charge of George O. Loken and Hugo Edberg, the last named gentleman having recently been added to the force as store manager.

DISTRICT MEETING OF W. C. T. U. HERE

State Director Will Deliver Address to Delegates on January 19.

The annual convention of the Woman's Christian Temperance Union for the seventh district of Minnesota, comprising the counties of Pennington, Kittson, Roseau, Red Lake, Polk, Norman, Marshall, Clearwater, Mahnomen and Beltrami, will be held in Thief River Falls on Monday, Jan. 19. The local organization will serve luncheon for the delegates at noon, after which the regular meeting will be held.

A special program is advertised by the Woman's club for the same afternoon and the visitors will be asked to attend in a body. In the evening a meeting of the Girls' Community club will be attended.

Mrs. J. M. Bishop of this city is district chairman of the organization, and Miss Effie Hamry is county chairman.

DEFECTIVE PAGE

SOCIETY and Club

FAMOUS LECTURER NEXT ON PROGRAM

Prof. Payne Will Appear Under Woman's Club Auspices Jan. 19.

The fourth number in the series of entertainments given through the winter by the Woman's club will be presented on Monday afternoon, Jan. 19. The feature will be a lecture by Prof. Arthur Frank Payne, professor in the new department of industrial education at the university of Minnesota. The program as originally made up had Dean Stanton Ford of the university slated for a lecture on this date, but he finds it impossible to keep the appointment and Prof. Payne is sent in his stead.

This educator is heralded as a lecturer of national reputation but the subject of his discourse here has not yet been ascertained. The public is assured, however, that it will deal with matters of the greatest importance to all at this particular time and a general invitation is extended to come and hear him.

There will be a special musical program.

Sleighride Party.

A leap year sleighride party was given by a number of the young folks from this vicinity last Saturday evening. After the ride they stopped at the E. Krause home to spend the remainder of the evening with a number of the young folks of Rocksbury township. Games and music afforded the amusements. Refreshments were served at midnight. The party was made up of Frieda Ristau, Eleanor Holzknecht, Tillie Ristau, Laura Brown, Irene Fuller, Lois Strubel, Luella Habedank, Sophie Johnson, John Clausen, Nels Anton, John Anton, John Ristau, Howard Strubel, John Ristau and Oscar Pomerenke.

Zavoral-Vorachek.

Joseph C. Zavoral and Agnes J. Vorachek of Fordville, N. D., niece of Mr. and Mrs. J. J. Vorachek of this city, were united in marriage Jan. 8th at the municipal court rooms. Mr. Zavoral is well known to local people as he was born in this city and has spent practically all of his life here. His many friends extend congratulations. The newlyweds left the same evening on a short wedding trip after which they will return to this city and go to housekeeping in the house formerly owned by Hans Angell on the East Side.

Girls Community Club.

The regular meeting of the Girls' Community club will be held on next Monday evening, Jan. 19. Miss Leslie Gray, state director of the Y. W. C. A. will give a very interesting talk on this work. A short musical program will also be given. All members are urged to be present. Lunch will be served by the [illegible]. The regular gymnasium work on Tuesday evening at the high school gym. The basket ball team will also practice on this evening.

Birthday Party.

Little George Lambert celebrated his sixth birthday anniversary last Tuesday afternoon by entertaining a few of his friends at his home where games were enjoyed after which a delightful lunch was served.

W. C. T. U. Entertained.

The W. C. T. U. was entertained on Tuesday afternoon at the home of Mrs. Inga Berg, Mrs. Berg and Mrs. Evju acting as hostesses. A very large crowd was in attendance. The local union agreed at this meeting to work strenuously for law enforcement in the future.

In Honor of Oscar Sponheim.

Messrs. F. H. Herrick, H. W. Protzeller and W. A. Barnard were hosts at a "stag" party held at the Brumund hotel on last Saturday evening in honor of Oscar Sponheim, who with his family soon leaves for the West, where they will spend the remainder of the winter.

Royal Neighbors Install.

The Royal Neighbors will install their officers for the coming year on Wednesday evening, Jan. 21 in the Masonic hall, and each member will be permitted to invite one guest. A short business meeting will precede the installation which begins at eight o'clock.

Surprise Party.

Miss Florence Nylander was pleasantly surprised by seven of her pupils last Thursday evening. Games furnished the chief amusements after which a delicious lunch was served which had been donated by the guests. All report a very enjoyable time.

Birthday Club Entertained.

The For-get-me-not Birthday club was entertained on Saturday afternoon by Mrs. G. W. Booren at her home on Kendall avenue. Twelve ladies were present to enjoy the afternoon.

Young Peoples Society.

The Young Peoples Luther League of the Trinity Lutheran church will meet in the church basement Thursday evening, Jan. 22nd at 8:30.

Dinner Party.

Mrs. E. F. Dolan entertained at a dinner party on Wednesday evening. Covers were laid for twelve.

Mrs. Protzeller Entertains.

Mrs. H. W. Protzeller informally entertained a few ladies at her home Tuesday afternoon.

Greatest Curwood Picture Comes to Lyceum Theatre

"Back to God's Country" is the title of a photoplay in which Nell Shipman stars. It was written by James Oliver Curwood and is in many respects different from anything that versatile author has heretofore attempted. The play taken from the story will be seen at the Lyceum on Sunday and Monday, matinee and evening.

It is an extraordinary story of a swimming girl of the Canadian wilds and the dog, "Wapi, the Killer." Never has a picture been shown that is so full of thrills, the first of which shows a man battling for his life in a raging blizzard. Sixteen different kinds of wild animals are shown and there is the greatest dog fight ever filmed. A young woman pursued by a brute swims for her life down the raging mountain rapids. But there are too many hair-raisers to recount.

Manager Lawrence is always on the lookout for the best to be had in the picture line and he was fortunate in securing this great film so soon after its release. No one should miss it. J-15

W. C. T. U. NOTES

Rejoice, for I bring you good tidings. Miss Anna Gorden, our national president of the Woman's Christian Temperance Union has requested that the church bells in all the land ring at midnight on Jan. 15, to usher in the glad day of National Constitutional Prohibition, Jan. 16. Fellow citizens, let your hearts be filled with prayers and thanksgiving when you awaken to the clang of the church bells in our city, with hearts overflowing with gratitude for the blessings of the past. We enter with enthusiasm and ardor upon the program of 1920.

RAILROAD NOTES

Illness has forced carman, John Cassa to discontinue work.

L. T. Machart, relief agent, enroute to Erskine, spent Monday night, between trains, in this city attending to business matters.

M. L. Parsons accompanied his father to the hospital at Tripoli, Wis., Friday.

J. W. Wicks has been put on as third operator at Plummer, taking the place of B. Bergsten, who has resigned.

Carman Gunder Lee returned to work Monday after a month's leave of absence on account of sickness.

The Thief River Falls wrecking crew went to Mahnomen Monday to tear out the old turn table. A new one will be installed in its place in the near future.

T. D. Scanlan has been trasferred from the sick list to his formehr job of night car foreman.

Conductor J. T. Elsenpeter resumed work on Wednesday after spending the holidays at Buffalo.

G. W. Hawes, general agent, and J. P. Gehrey of the passenger department, of the Soo, were in this city Tuesday, both for the purpose of attending to business matters.

SECRETARY GETS $3,000.00 SALARY

Mr. F. W. Zehm laid a solid foundation for his life work when he took a secretarial course at Dakota Business College, Fargo, N. D. several years ago. He now is secretary for a theatrical company in Montana at $250 a month.

The better firms throughout the Northwest employ D. B. C. graduates in increasing numbers. Misses M. McKallor and V. Sullivan, recently sent to International Harvester Co., made 18 D. B. C. pupils hired by that firm.

"Follow the $ucce$$ful." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D., for information.

BAD COLD GOT YOU? FEELING GRIPPY?

Dr. King's New Discovery soon starts you on the road to recovery

ONCE tried, always used. That's a trite expression, but one never more applicable than it is to Dr. King's New Discovery.

You will like the prompt, businesslike way it loosens the phlegm-congested chest, soothes the tortured throat, relieves an old or a new cold, grippe, cough, croup.

The kiddies can take it in perfect safety, too. No bad after-effects. Standard half a century. 60c. and $1.20 a bottle. At your druggist.

Don't Continue Constipated

Don't let your bowels bulldoze your system. Make them function regularly—keep the body cleansed of waste matter with Dr. King's New Life Pills.

Biliousness, sick headache, sour stomach, indigestion, dizziness, furred tongue, bad breath—think of the embarrassments and discomforts traceable to constipation. How easily they're rectified by the occasional use of Dr. King's New Life Pills. Move the bowels smoothly but surely. Try them tonight. *All druggists*—25c. as usual.

LEGION QUINTET LOSES GAME TO FOSSTON BUNCH

Fought Gamely to the Last in Fastest Game of the Season.

DISTRICT ALSO WINNER

High School Goes Down in Hard Battle Away From Home.

Last Friday night at the Auditorium local fans witnessed one of the fastest and hardest fought basket ball contests ever played in Thief River Falls, when the "Eklund Post quint took on Fosston's city team. The game resulted in defeat for the locals by a score of 27 to 30.

Dexterous passing, together with several long shots, put Fosston in the lead during the first few minutes of play. The remainder of the game was a nip and tuck affair, and though the margin was lessened the Legion men were unable to overcome it entirely. At the end of twenty minutes of play the score was 15 to 19 in Fosston's favor. The second half was marked by cleaner playing and a tightening of the defense on both sides. Thief River Falls gained steadily until one field basket would have put them on an equal footing with their opponents, but Fosston came back strong and added another four points to their score. The outcome remained in doubt to the last and the final whistle found both teams still trying hard for a basket.

The local boys displayed a splendid brand of basket ball but were somewhat handicapped by lack of practice. Hermanson played a hard game at center and deserves special commendation for the masterly way in which he handled the tipoff. The guards, Holzknecht and Johnson, acquitted themselves creditably in stopping the shifty Fosston plays. Penney and Parenteau rung in the most baskets for the locals, while scoring honors for the visitors were divided between H. Wynne and Hem.

The lineup for the game was as follows:

T. R. Falls		Fosston
Parenteau	F	H. Wynne
Penney	F	E. Wynne
Hermanson	C	Hem
Holzknecht	G	Movold
Johnson	G	Granum

Kiland and Hovie acted as subs for Thief River Falls and Johnson for Fosston. The officials for the game were: Connell, referee, and Stadsvold, umpire.

The Thief River Falls high school basketball team, after three victories in succession, experienced their first reverse of the season last Friday, when they were defeated at Detroit by a score of 22 to 14.

The local boys displayed their usual speed and team work, but on account of the low ceiling and position of the baskets in the Detroit gymnasium, were unable to score heavily. The game was featured by fast playing and more than the usual fouling, five personals being called on the Detroit quint and one on the locals. Weeks, Detroit's center, had seven baskets to his credit, while scoring for Thief River Falls was almost evenly divided between Schuster, Hadrath and LaBree. The boys are anxious for a return game in which they will have the opportunity to even up matters. The players in the game were:

T. R. Falls		Detroit
Schuster	R. F.	Eckel
Hadrath	L. F.	Bolstad
Larson	C.	Weeks
LaBree	G.	Leach
Flattum	G.	Cusey

QUAMME GUEST AT BANKER LUNCHEON

(Continued from page 1.)

was a country banker, stated that he believed the local banker to be the important factor in the upbuilding and development of the farming community. The speakers all assured Mr. Quamme that they were both willing and anxious to cooperate with him and made the request that the privilege of receiving applications for federal loans be extended to all banks of the county. It was fully explained that there was no intention in any manner whatsoever to disturb the local federal land association as it now stands but a desire to help along its work by making it more convenient for farmers to secure the advantages extended by the system. Mr. Quamme stated that he was favorably impressed with the attitude of the bankers and indicated that the request would be given prompt and careful consideration. Should the request be granted, it will mean a great deal to the farmers who wish to take advantage of the federal loans as it will enable them to make such loans direct with the banking house at which they are best known. The local federal land loan organizations at present constituted would continue to exercise its usual functions.

Following is the resolution previously adopted by the local bankers, which resolution was presented to Mr. Quamme at the luncheon:

WHEREAS, Congress has made it possible, by proper legislation, for the farmers to secure farm loans on the amortization plan at a reasonable rate of interest, and

WHEREAS, This association is heartily in favor of this plan; or any other plan which may benefit the agricultural business of our country, and

WHEREAS, We, as bankers of Pennington county, desire to co-operate to such an extent that these loans may be secured through any bank in the county by permitting the managing officers of the several banks to receive application for such loans.

THEREFORE, BE IT RESOLVED, That the Pennington County Bankers association requests the Federal Land Bank of St. Paul through its President, Mr. E. G. Quamme, to grant the banks throughout the county the privilege of receiving application for federal land loans from their respective farmer patrons for the purpose of transmitting them to the local farm loan association for final action without compensation for such work.

Miss Lulu Allen of St. Hilaire, spent Saturday in this city enroute to Lancaster, where she will visit with friends for a few days.

Auto and Tractor Expert Joins Company in This City

George Curtis, for a number of years connected with one of the largest garages in Detroit as repair expert, has associated himself with the Peoples Auto company of this city, having secured an interest in the concern. Mr. Curtis will have complete charge of the machine shop end of the business and will move here as soon as his affairs are closed up at Detroit. He is a brother-in-law of Mrs. Roy Lambert of this city.

The Peoples Auto company management has also taken the agency for the Detroit storage battery in this section, the territory covering Pennington, Red Lake, Roseau and eastern Marshall counties. They will have something of an interesting nature to present in connection with this feature of their business through the columns of The Times in the near future.

ANNUAL MEETING OF SANITARIUM BOARD

Dr. Milan Engaged as Full-Time Doctor at the Tri-County Institution.

The board of directors of the Tri-County sanatorium held their first annual meeting last week and unanimously voted to reelect the present staff. Dr. O. F. Mellby of Thief River Falls, was reelected president, and P. O. Myhrum, also of this city, secretary. Miss Karen Knutson was retained as superintendent of the hospital and Dr. M. G. Milan appointed regular physician. Dr. Milan will devote all his time to looking after the patients at the institution hereafter instead of only three days a week as has been the case since his appointment. Dr. Milan has also been the physician in charge at Lake Park sanatorium, Barnesville, and both hospitals have decided that their interests will best be served by keeping a doctor continually at hand. Dr. G. W. Booren of this city was added to the staff as visiting dentist.

Miss Knudsen reports that there are now 24 patients at the sanatorium, 10 being from Marshall county and seven each from Pennington and Roseau. This practically fills the hospital, there being but one vacancy. More room is urgently needed and the directors are planning on the erection of a separate home for nurses in the spring.

The board of directors of the sanatorium is composed of the following: Dr. O. F. Mellby, K. O. Gigstad and P. O. Myhrum of Pennington county; I. G. Brandt, Greenbush, and Louis Enstrom, Malung, Roseau county; Donald Robertson, Argyle, and Christ Rundtum, Middle River, Marshall county. The latter was appointed to succeed the late Jonas Sjoberg of the same town.

Merger Plan Abandoned by Merchants and Club Heads

The plan to merge the commercial club and merchants association into one organization is not feasible, in the opinion of the directors. At a meeting held last Thursday evening it was decided that more good could be accomplished by keeping the two separate. It was pointed out that the club and association are by no means identical in their aims and the directors feared that any attempt to consolidate would mean the complete extinction of one or the other. Both bodies are now doing excellent work, each in its own way, and nothing would apparently be gained by making the change.

Flood Relief Allotments For Marshall County Fixed

The allotments for flood sufferers of Marshall county were completed today, with the possible exception of a dozen names which have just been given to Scott Laird, appraiser for the state board of relief.

Mr. Laird yesterday visited Holt on matters in connection with his work and found general conditions fairly good. The present cold is working some hardships but relief will be in sight for the people next week.

Notices of the allotments will be mailed out from the office of County Agent Huseby at Warren on Monday to those who will be added at this time. These allotments cover in some instances merely family aid while in others only horse and cow feed is supplied.

For Mrs. Petersen.

Mrs. John Ward informally entertained a few ladies at her home on Markley avenue north, on Tuesday afternoon in compliment to her sister, Mrs. Geo. Peterson of Lafayette, who has been a guest of her parents, Mr. and Mrs. C. M. Wilson.

Entertain.

Rev. and Mrs. R. L. Barackman pleasantly entertained the young folks of the Presbyterian church at their home on Main avenue north, Wednesday evening. Contest games and music furnished the evening's amusements. At midnight refreshments were enjoyed.

Notice.

Will the party who took the music entitled "Sound and Loud Timbrel" fro mtho piano at Odd Fellows hall some time ago kindly return the same to the hall?

LAURA GASSOW,
Secretary.

j15

Out of accumulated capital have arisen all the successes of industry and applied science, all the comforts and ameliorations of the common lot. Upon it the world must depend for the process of reconstruction in which all have to share.
—JAMES J. HILL

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

This advertisement is published by the Association of Railway Executives.

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.

I want to thank all of those who have favored me with their business during the past year and express the hope that our relations have been such that I may have a continuance of your patronage.

I am now closing out all of my ivory and jewelry and now is the time to buy at a big discount.

A. A. Wangenstein

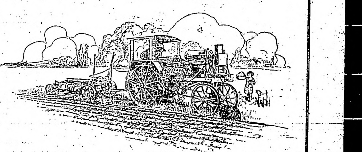
FOSS and FOSS

Engineers —ARCHITECTS— Superintendents

Phoenix Building St Cloud, Minnesota

This Firm has been awarded contracts for the design, engineering and equipment of many large and important structures, due to the high class service rendered—such as is characterized in the Princeton High and Grade School, Sisseton High School, $60,000 store at Sisseton, South Dakota, Greenbush Consolidated School, banks garages and other buildings of various structures, and will be exerted in the new Ada High School and Borup Consolidated School. Such service has placed this Firm in the forefront in the Northwest and comprises the experience and ability of an organization of expert men—architectural designers, mechanical and heating engineers, estimators and superintendents.

Know Your Tractor



LEARN HOW---FREE

If you want to know more about your tractor and how to cure and prevent its troubles, come to the FREE Tractor Service School, to be held on the following dates:

Thief River Falls, Minn. Jan. 22 and 23

This School will be in charge of a trained instructor furnished by the Avery Company. The following topics will be thoroughly explained and demonstrated: **Valve grinding, scraping bearings, magneto construction and repairing, carburetor adjusting, etc.**

It makes no difference whether or not you are an Avery Tractor owner, an owner of some other make of tractor, or just interested in Motor Farming Machinery, you are cordially invited to attend this course of instruction. It will mean a saving of time, trouble, crops and money, if you are enabled to do your own service work hereafter, instead of hiring and waiting for special service men.

The men who attended the FREE Avery Service Schools last year are the men who are making the biggest success in Tractor Farming. Don't forget to come or send your boy.

MEMBER ORGANIZED 1867

A GOOD, WORKING COUNCIL.

The manner in which the message of Mayor Bratrud was received by the council speaks well for the future efficiency of our city government. While none of the suggestions made may have been startling because of their newness, none of them are on the other hand either impossible or visionary. It was a good, sound, common sense presentation of what is needed in order to make Thief River Falls a better city in which to live and pointed out what, in the mayor's opinion, should be the first matters attended to.

There is every indication that the council and the new executive will work together in harmony, and this is a long step in the right direction at the outset. On past performance *one would predict* that there is a strong working aggregation at the head of affairs for two years at least and that no fear need be felt that things will be permitted to go backward.

The program mapped out by the mayor and admitted by the councilmen to be necessary is rather elaborate and it is not likely that everything desired can be accomplished. It is certain, however, that any step taken will be in the right direction. We believe the people justified in looking forward to a season of progress and prosperity, so far as it lies within the power of the city administration to bring such things about.

WHAT'S THE DIFFERENCE?

Wouldn't it be a joke on the professional politicians if the people, regardless of party, demanded Herbert Hoover as their candidate for president? It begins to look as if a large number have just this idea in mind.

Mr. Hoover's political status is not very clearly established, but this is rather an advantage. David Lawrence, one of the most observant newspaper correspondents in Washington, says that the Hoover boom is the one big subject of conservation and interest at the capital. It is admitted that his election would be practically assured, no matter by which of the major parties he happened to be endorsed. Former Governor McCall of Massachusetts voiced the general impression when he remarked: "He would be certain of election on the Republican ticket, and he might be elected on a Democratic ticket." Mr. McCall is a Republican, and would naturally be less enthusiastic over Mr. Hoover as the candidate of the opposition.

What's the difference, anyway? It seems to be generally accepted that Mr. Hoover has voted the Republican ticket as a rule, while nearly all of his public work has been done under a Democratic administration. His record is a greater recommendation than any party designation could possibly be, even to the voter who casts his ballot solely as a party man. Mr. Hoover certainly possesses qualifications for the post that no man so far mentioned by either party can claim. Outside of President Wilson himself he is perhaps the most widely known American in the world.

The people are tired of politicians and want a business man for president. Hoover fills the bill admirably. He would perhaps give more consideration to our foreign affairs than to the appointment of a third-class postmaster, but the people would in time learn to overlook such small defects in a generally acceptable program.

Hoover may not be a very good Republican and he is probably an even poorer Democrat, but the people know him and believe in him. And if anyone thinks that the people are going to have nothing to say as to who is to be their presidential candidate next fall he has another guess coming.

TIRED OF IT ALL.

The attitude of W. J. Bryan toward the peace treaty is not going to help any. Mr. Bryan's attitude has not helped anything for a long time. Coming at this time his suggestions will only give courage to those who are opposing the President, no matter for what reason or with what object in view.

But at that Mr. Bryan's proposition will meet with more support than will the uncompromising attitude of Mr. Wilson. Bryan wants the treaty ratified at once, suggesting that both sides compromise their differences to an extent sufficient to make such action possible. President Wilson would refer the matter to a vote of the American people, thus *postponing final action* for at least fourteen months, with no assurance that at the end of that time his peculiar views on the subject would be endorsed.

The people do not wish to wait a year and a half for this matter to be finally disposed of. They are tired of the subject and want the treaty ratified at once. Whether this is done with or without reservations is not so important. As a general thing they would probably be satisfied to take the President's word that the proposition is all right as it stands, but they are not ready to back him up to the extent of throwing the entire program overboard if he cannot get everything he wants. With the majority of Americans this is not a question of whether Wilson's or Lodge's or Bryan's plan shall be adopted. They simply want the treaty ratified in some shape measurably acceptable, and want it ratified at once.

The league of nations begins functioning soon and the United States is not a party to the agreement. For this the people divide the blame between President Wilson and the Senate. Both have been unyielding in insisting that their plan, and their's only, should be the one adopted, while the people care very little about the details. They realize fully that all this hullabaloo down at Washington is for political effect and that the merits of the question under consideration is lost sight of about nine-tenths of the time. They are weary of the whole proceeding and only ask that some satisfactory basis of agreement be reached. No vote is necessary in order to find out where they stand.

Big Sum For Roads.

Distribution of the 1920 state road and bridge fund, estimated at $2,150,000, among the various counties in Minnesota, will be made probably before the end of the week by the state highway commission.

M. J. Desmond, superintendent of accounts in the office of State Auditor J. A. O. Preus, estimated the 1920 revenue to be allotted to the counties. It accrues from automobile license sales, tax receipts, interest on land and other sources, and is fixed at a figure $50,000 less than last year because of the decrease in license revenue.

MAYOR SEES BRIGHT FUTURE FOR CITY; PAVING, WATER IMPROVEMENT AND COMMISSION FORM URGED IN MESSAGE

All members of the city council and a considerable number of representative citizens were present when Mayor John Bratrud made his recommendation to the governing body of the municipality on Tuesday evening. His message was a straightforward, progressive and sensible document and evidently met with the unqualified approval of all present. The mayor bespoke for himself the cooperation of the council as well as the citizens generally and predicted that the next two years would prove the most important in the history of the city. The council at once took up some of the matters dwelt upon and evidenced every disposition to at least give all items the most serious consideration. The mayor's message was as follows:

Bright Prospects Ahead.

"Mr. President and Gentlemen of the Council: It being the privilege of the city's chief executive, upon his assuming the office, to make such suggestions and recommendations as to him seem proper at the time a new council assumes control of affairs, I would respectfully request permission to call your attention to the following, each item of which seems to me particularly pertinent at this time.

"With the declaration of peace will come a resumption of activities thruout the entire country and indications are that in no section will these be more pronounced than in the Northwest. *Thief River Falls, by reason* of its location, the vast and rich farming region in its immediate neighborhood, its unexcelled railroad facilities, the potential value of its water power and the progressive spirit of its citizens, is destined to feel the effects of this awakening to perhaps a greater degree than any other community in this state. For this reason the next two years will be the most important in its history and upon the attitude and conduct of you, gentlemen, may depend in a large measure the future place of Thief River Falls among Minnesota municipalities.

Paving Placed First.

"An error of judgment at this time might have serious consequences, but more serious would be the result of not recognizing the opportunities before you and failing to make any forward move for fear it might be the wrong one.

"Among the things which in my judgment should receive your consideration at the earliest possible moment are the following: The tax payers of the city have shown unmistakably that the paving of the business streets is one of the first things desired. We all hope that the work begun may be carried to a speedy conclusion, but I would urge that you satisfy yourselves that the present condition of the streets is such that pavement can be laid thereon with safety, and that there be no danger of depressions at certain points by reason of the installation of sewer and water pipes, and the consequent settling of the soil.

Water Supply.

"It is very essential to the health and comfort of the citizens that the city be supplied with good, pure drinking water. In my opinion this can be supplied through the installation of a filtering plant and taking the water supply from the Red Lake river. At small additional cost a softening process may be installed if the same is found necessary.

Municipal Lighting.

"Our light current should be changed so that the city plant will be in condition to furnish sufficient electricity for the present requirements and leave a margin for the needs that are certain to arise in the near future.

"I strongly recommend that steps be at once taken to provide the city with power for its lighting plant. This should be done, either through the city purchasing the present dam or entering into negotiations with some company or corporation willing and able to develop its possibilities in order that sufficient power may be guaranteed at the end of the present contract with the dam owners. This, gentlemen, is very essential.

"Each of you should at once familiarize himself with the present drainage project which proposes the deepening of Red Lake river and the installation of retaining locks at the outlet of Red Lakes. Upon this project depends the reclamation of a large area of agricultural lands tributary to Thief River Falls and its future as a manufacturing city.

Commission Government.

"I fully agree with my worthy predecessor as to a change in the manner of our city government. In his message to the council two years ago he said: 'I strongly recommend the adoption of the city charter prepared by the charter committee appointed by District Judge Grindeland. These men labored for months and prepared this to fit the existing conditions of our city and I fully believe this charter covers as near the ideal of a city government under present conditions as is possible to work out.

For City Parks.

"I decidedly favor such action on the part of your honorable body as will lead to a city park or park system. Play grounds for children are necessary and beneficial. Tracts suitable for park purposes may still be *obtained at a reasonable figure.* Within a very short time these will be converted to other uses and unless we act at once will be forever placed outside the reach of the people.

"The city band is entitled to your loyal support and such financial support as in your judgment is necessary to its maintenance.

Auditorium Repairs.

"Steps should be taken at once to make necessary repairs to our city auditorium. This building represents the outlay of a large amount of money and its preservation and upkeep should be a matter of pride to the people of the city.

"The city library should at all times have your consideration and support.

"As a purely business proposition I recommend that this council protect the interests of the city on all contracts by insisting on surety bonds being furnished when contracts are entered into.

"I recommend that some provision be made for suitable rest rooms and more convenient toilet facilities for ladies or gentlemen. This is simply in line with the action taken by all progressive cities.

Should Ascertain Cost.

"I strongly urge upon you the necessity of ascertaining the cost of operation of our city water and light department. The accessory and electric utensil department of the city should show a yearly profit. I would suggest that you obtain a monthly invoice of electrical supplies and that a system of bookkeeping be installed to show the monthly profit or loss from that particular department. I suggest further that instructions be given your light department and building inspector that they permit no defective wiring in new buildings. This not only is a saving in the cost of insurance but is an added protection to the safety of our citizens.

Pleads For Harmony.

"In conclusion, I venture to express the hope that the council will consider the mayor at least in some degree a part of the city government. Realizing fully that each and every member of the city council is actuated only by motives of the highest patriotism and the utmost concern for the welfare of the city at large, I venture the hope that we may work together harmoniously and with the sole purpose in view of giving those who have honored us the best and most conscientious service of which we are capable."

Bill Noonan Writes Governor Burnquist Interesting Letter

Governor Burnquist has been both praised and criticised for sending the state militia to International Falls for the purpose of quelling an alleged labor disturbance. In the northern section of the state, where the situation is best understood, the impression is that a mistake was made by the state's chief executive and he is coming in for a lot of hard roasting, not all of which is as good natured as the following from the Baudette Region:

"To Gov. Burnquist:

"Dear Joe: Far be it from us to stick a spoon into anything that doesn't concern us, but that awful dish of spaghetti you have cooked at International Falls is so bad that a little more stirring won't make it any worse.

"We'll tell the world and suburbs, Joseph, that you made a whale of a mistake when you loaded the soldiers on the choo choos and headed them towards Backusville. But we didn't blame you because we make them ourselves.

"But you made a real skull stumble when your mistake was pointed out to you. In language as plain as the nose on the face of the mayor of Jerusalem it was shown that the strike was as dangerous as a pug dog with a muzzle, and that the presence of soldiers was about as useful as a bee in a paper flower.

"There was where you should have zigzagged out of the danger zone, Joe, but did you? Notta chance.

"You took your pen in hand and dashed off a telegram calling Dr. Withrow, F. J. McPartlin and others enemies of the state. And even a governor can't give those kind of kisses and expect the receivers to explode with joy.

"Now let us take an astigmatic squint at the facts, Joe.

"When the kaiser went crazy and tried to make the U. S. a suburb of Postdam Doc. Withrow was a mere kid of some 50 years, but he pointed his bunions towards France, where he stayed in the front line until the kaiser and the crown prince beat it for Holland and points north.

"Frank McPartlin had already done his bit in the Spanish-American duet, and by the time the recent war bloomed he had accumulated a wife and a whole flock of little McPartlins, but mighty little wealth. He had also accumulated varicose veins and a few other defects and there wasn't a recruiting officer in the country crazy enough to accept him. But Mac got up on his hind feet, shouted 'To hell with the kaiser,' forgot that he had a business of his own, whooped it up for war activities, and for two years was busier than a one-armed bill poster in a wind storm.

"If Doc and Mac are enemies of the state, Joe, then we are a Chinaman.

"The trouble, old pal, is that you don't understand the situation at the Falls. Ed Backus and his men are like a village quartet. They're always out of tune.

"Ed and his men are always scrapping, but no gore is ever spilled; and International Falls knows it. In the present fuss the city believes the strikers are right, but the situation can be adjusted without you butting in.'

"For the love of Peter call the soldiers off, Joe. You are wasting a thundering lot of the people's money, and are giving workmen the impression that the state militia is being used to intimidate labor."

Live Stock Market Report New Feature in The Times

Special attention is called to the weekly summary in this issue of the live stock market at South St. Paul. Through special arrangements with the South St. Paul Publicity Bureau, this reliable market review will be a feature of The Times every week. It will be short, concise and reliable and should prove of great benefit to our farm readers.

The South St. Paul Bureau, which is in charge of Walter A. Williams, a veteran market reporter, will act as the South St. Paul representative for The Times and will furnish our readers with correct market information at any time. Just drop a line to the Bureau, mentioning the fact that you are a subscriber to The Times. When on the market, Mr. Williams will be glad to receive a call from you.

COUGH REMEDY
"Granny" Chamberlain

Whooping Cough

"The disease I most dread is Whooping Cough, for children are often permanently injured by the awful straining of the cough. You should never neglect it, and treatment should be started at the first symptom. You cannot mistake the symptoms: protracted coughing, worse at night; peculiar whoop; labored expectoration of mucus; apparent suffocation after coughing.

Chamberlain's Cough Remedy

is a positive remedy for this disease—repeat the dose frequently, for if given freely it liquifies the tough mucus, makes it easy to expectorate and counteracts any tendency toward pneumonia. There is no danger whatever from Whooping Cough when Chamberlain's Cough Remedy is freely given."

Yours for Health —"Granny" Chamberlain

D. J. Cordes, bandmaster, returned to this city last Friday after having attended to some business affairs and visiting with friends in the cities of Fargo and Mayville, N. D.

Mrs. Fred Dablow, accompanied by Mrs. John Morgan, spent Monday in Detroit, Minn., visiting with some of the former's relatives. They returned to this city Monday evening.

Mr. and Mrs. August Booren, who have been visiting at the home of their son, Dr. G. W. Booren, since the holidays, left on Saturday evening for their home at Stillwater.

Mrs. Lucy Ures is in the city as the guest of her sister, Mrs. Victoria McKinney. She contemplates leaving for Grand Forks in the near future, where she has accepted a position.

Miss Lily Hoard, who has been engaged in teaching school in Montana, is a guest of her parents in this city for a month, after which she will enter the university of North Dakota.

Mr. and Mrs. Ed. Boe of Erskine, visited in this city on Friday enroute to Gatzke, where they will spend a short time visiting with friends. They were formerly residents of that vicinity.

Mrs. J. C. Clausen of Oslo, arrived in this city Monday evening and will be the guest of her niece, Miss Christine Clausen, and daughter, Miss Minnie, who has been visiting the latter.

C. M. Rolland, accompanied by his sister, Mrs. G. E. Hanson, left on Monday evening for Mentor, where they attended the funeral services of a cousin, which was held on Tuesday.

Miss Audia Lauly, accompanied by her sister, Miss Aund Lauly, who have been visiting with friends at Middle River, spent Friday in this city enroute to their home at Hibbing.

T. J. Austad, editor of The Times, returned to this city last Thursday evening, after a three weeks' vacation spent in visiting with relatives and friends in the cities of Duluth and Superior.

Mrs. Wm. Olson of Winger, arrived Monday evening from Orleans, where she had been visiting and will be the guest at the home of Mr. and Mrs. S. Brandon in this city for a brief period.

Mrs. S. T. Nomland and two children, of Fox, were visitors in this city the latter part of last week and while here had some dental work attended to. They returned to their home last Friday.

Mrs. W. J. Kirkwood returned to her home in Crookston on Wednesday afternoon after a brief visit with her mother and friends here. Mrs. Kirkwood was formerly Miss Lizzie LaCoe of this city.

Mr. and Mrs. H. Warner and children, who visited with relatives in this city on Monday evening, left for Holt Tuesday morning, where they will be the guests of the former's parents for a short time.

Miss C. Nickelson, school nurse in the schools of Grand Forks, made a brief visit in this city with Miss Anna Skeim, head nurse at the local hospital. She returned to Grand Forks on Monday afternoon.

M. T. McFarland returned to this city the first of the week from California, where he had been for the past month, making his return via the Canadian route. Mrs. McFarland and children will follow later.

Mr. and Mrs. Leslie Provencher and son arrived here the latter part of last week from their home in Pierre, S. D., and will spend a short time visiting with the former's parents, Mr. and Mrs. Julien Provencher.

J. C. Thomas and son, Everett, of Middle River, were in this city on Thursday and while here purchased a very fine team of draft horses to be used on the farm owned by O. D. Osthy of this city and of which Mr. Thomas is a renter.

E. S. Wilcox, insurance agent, accompanied by his wife, left on Monday afternoon for Great Falls, Mont., where the former will be engaged in an inspection tour. They contemplate remaining in the above named state for a period of ten days.

Dr. Bratrud of Warren, accompanied by Ralph Rasmussen of this city, left last Saturday evening for points in the south and west, their first stop being El Paso, Texas, continuing to San Francisco, Cal., where they will spend an indefinite period.

A. C. Stoddard, who has been visiting at his home in Grand Forks returned to this city on Tuesday morning to resume his duties in the Evenson vulcanizing shop. Mr. Stoddard was accompanied by his wife who will spend a few days visiting here.

Miss Mable Sathre, who has been teaching in the vicinity of St. Hilaire, spent Sunday in this city as the guest of her sister, Mrs. M. Benson. She left on Monday morning for Middle River, where she has accepted a position as teacher in the city school.

Morris Robbecke, who has spent the past month visiting at his parental home in this city, left on Thursday evening for New York City, where he will be engaged in clerical work in some large office. Mr. Robbecke will visit at Minneapolis and Niagara Falls enroute to the above mentioned place.

Credit is Confidence

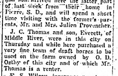
WHEN you purchase an article in a store or create a debt of any kind, it is assumed on the part of the creditor that the bill will be paid when presented. This is the confidence that the creditor has in the party assuming the debt.

IT is both bad for business and bad for the debtor to betray that confidence. Prompt payment of bills helps business, and incidentally establishes a credit standing in the community for the man or woman who appreciates the privilege and convenience of a charge account.

AND, if you pay your bills with a check drawn on this bank you'll have an indisputable receipt that the account is paid.

Citizens State Bank

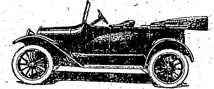
Resources Over Three Quarters of a Million



For a Growing Child

no article of food is more nourishing nor more readily assimilated by young bodies than pure, sweet milk. Milk would be no purer or richer than it is had it a chemist's certificate with each bottle. Every penny spent for milk buys the food elements necessary for bone and muscle building.

Thief River Co-Operative Creamery Association



What is your measure of automobile value?

Is it appearance, body lines, finish, equipment?

Is it economy of operation?

In each of these qualities the 1920 Model Chevrolet "FB 50" Touring Car sets a new high standard of value.

More than that it so combines all these features as to give complete satisfaction under the most exacting conditions.

You may think that is saying a great deal.

It is.

And there is a great deal more to be said about the Chevrolet because it has so many other exceptional features, and a record for past performances worth talking about.

We would like a little more time to discuss all these things with you—we would like you to see the Chevrolet "FB-50" and judge it from any angle of value that presents itself to you.

Will you drop in on us or shall we bring a Chevrolet to you? Just let us know which will be more convenient.

GRINDING FLOUR BEGINS AT NEW GOODRIDGE MILL

Modern Plant Will Turn Out Product Intended to Compete Anywhere.

FAIR WILL BE CONTINUED

Townships Asked to Make Appropriations to Help Finance Show.

The new flour mill at Goodridge received the finishing touches last week and began the grinding of flour on Wednesday. It was an event of much importance to the people of the village as well as to the farmers residing in the eastern end of the county, the new enterprise providing a home market for the wheat grown there as well as making the securing of feed a matter of much greater convenience. The following, taken from the Goodridge Banner, indicates that high hopes are entertained for the success of the venture:

"After many delays and disappointments the flouring mill is complete, with the heating plant in place, and the real work of manufacturing the Marquis Patent flour was begun Wednesday. As it is now possible to properly steam and dry the wheat before it is ground the flour will be of a much better quality than that heretofore made. In fact it is expected to compete with that made anywhere as the machinery is all modern and up-to-date.

Fifty Barrels Per Day.

"When the farmer brings his wheat and exchanges for flour, he saves freight two ways both on the wheat to market and on the flour returning here from the city mills, besides the profit of the middleman. He also gets the by-product, bran, shorts, middlings. The mill has a capacity of 50 barrels per 24 hour day, but it is not expected to get the wheat to work up to anything like the full capacity. There is now stored in the mill's bins between 5,000 and 6,000 bushels of good milling wheat and more coming in constantly.

"As the mill becomes advertised and its work and the quality of its product is known, there will no doubt be a large increase in the business of the town. Such an enterprise in a little town, the advertising it gives us and the trade it will add, can hardly be estimated. The worst trouble the mill will have to contend with will be the difficulty of getting wheat enough to keep it running on a paying basis, but it is hoped that all seasons will not be like the season of 1919, with the crops badly injured by the floods."

Will Continue Fair.

The Tri-County Fair association held its annual meeting at Goodridge last week and it was unanimously decided to hold another exhibition next year. The first fair, held last August, was successful beyond the hopes of its most ardent supporters and warrants the people of the neighborhood in the belief that its continuance is justifiable.

A large number of farmers from the surrounding country were in attendance and the question as to whether or not the fair should be made a permanent feature was discussed from every angle. County Agent J. J. McCann was in attendance and offered many valuable suggestions.

Ask Township Help.

It was stated that most of the leading men in the different townships would favor the making of donations to the fair association by the towns, and committees were appointed as follows, to have the matter brought before the people at the coming spring election:

Highlanding—Wm. Vaughan, Elmer Bly, C. Crompton.

Reiner—Andrew Feragen, Anton Knutson, J. E. McEnelly, Elof Ankre, Torgus Morken.

Moylan—John Lamporter, John Kast.

Cloverleaf—Charles Thompson, S. Scheie, P. P. Palmer.

Star—Hans Solberg, Olaf Omlid, Ole Johnsrud.

Goodridge—O. N. Urdahl, M. Vaughan, Henry Lien.

Kratka—F. B. Robinson, Steve Singer, R. N. Johnson.

Officers Are Elected.

As officers for the ensuing year the following were elected: Stuart McLeod, president; Morgan Vaughan, vice president; Harvey Bly, second vice president; B. O. Norby, secretary; Nick Bundhund, treasurer.

There are four directors remaining to be chosen, the different committees being selected by the board as soon as the membership is completed.

After the meeting a fine lunch was served for [illegible] attending, Mrs. McDonald, [illegible], Mrs. Tvedt, Mrs. Vaughan [illegible] Kiddle being the hostesses.

Notice For Bids.

To rent for the season of 1920, the hay stumpage on the east half of Section 35, Township of Numedal. I will rent to the highest cash bidder. Bids will be received up to Feb. 16. Check must be enclosed with bid. Send your bids to

HAD TO LIVE ON TOAST AND MILK

Duluth Woman Eats Anything and Enjoys Health. Praises Tanlac.

"I have been trying for seven long years to find a medicine or treatment that would give me some relief from my suffering, but all my efforts failed until I commenced taking Tanlac," said Mrs. Marie Shetts, who lives at 412 East Fifth street, Duluth, Minn., the other day.

"During all these years," she continued, "I suffered something awful with a bad case of stomach trouble. After eating anything gas would form so bad I could hardly get a good breath, and I finally got to where a little toast and milk was about all I could eat, and that would often cause me to suffer. I also suffered from bad spells of headache very often, and when these spells came on I would have to give up and go to bed and stay there until they passed off. These troubles just kept getting worse until I was so weak and run down I was hardly able to get about. In fact, I was so weak that if I exerted myself the least bit I would be completely exhausted. My nerves were in mighty bad condition, too, and it was out of the question for me to get a good night's sleep. The different medicines I took didn't seem to do me any good at all and I had almost given up hope of ever finding anything that would overcome my troubles.

"So many people were talking about Tanlac and telling about the good results they had gotten by using it, so I thought I would just give it a trial myself. I can truthfully say, that the very first bottle I took made a big change in my condition, and from that time on I just continued to improve until now I am free from all my suffering and enjoying the best of health. I have a splendid appetite now, and eat three hearty meals every day without suffering a particle afterwards. I can easily do all my housework now, and I am very glad to say that those terrible headaches have left me entirely. In fact, Tanlac has completely overcome my troubles and as long as I live I will never lose an opportunity to say a good word for this wonderful medicine."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—Adv.

Improving Billiard Parlor.

H. O. Field, who some weeks ago purchased and took possession of the Club billiard parlor, has recently completed a number of very substantial improvements in the place. A complete set of the newest and best tables to be had replace the old ones, together with new cue racks and other furnishings necessary in a billiard room. The appearance of Mr. Field's place also has materially been enhanced by the placing of a handsome new partition between the billiard room and front part of the building, which is occupied by the cigar store, confectionery and soft drink parlor. The new proprietor also plans a new set of fixtures for this latter department in the near future.

Bought Mavie Store.

Gilbert Sandum, the Thief River Falls merchant, last week became the owner of the Mavie Mercantile company's store, purchasing the business from Gust Anderson. Mr. Sandum will continue his Thief River Falls store, placing a resident manager in charge of the Mavie enterprise and dividing his own time between the two towns.

PUBLIC FORUM

Opposed to Dancing.

There seems to be considerable agitation as to the morality or immorality of the dance. I believe it is proper for every Christian as well as parent to give it a careful study at this time when the fever is raging sky high.

A study of the origin, history, association and influence of any institution usually leads to a correct estimate of its worth. To observe the origin, history, association and influence of the dance, will enable any person to form an accurate estimate of its value as a factor in building a strong, noble character.

The dance of the modern times did not originate with God or his people, but it had its origin in the houses of ill fame during the palmy days of ancient Greece—a heathen nation. Heathenism and prostitution originates from one source—the devil and his imps. Thus the fact remains that the dance, which was born in the houses of ill fame, is an institution of the devil, calculated to undermine the virtue of the young, and it has had remarkable success.

Here is the proof: The chief of police of New York City says: "Seventy-five per cent of the fallen girls of the city trace their ruin to the evils of the modern dance."

The official organ of the W. C. T. U., once said: "Out of the 500,000 fallen women in the United States, seventy-five per cent of them are where they are through the modern dance." Think of it, ye people, 375,000 women who once were virtuous and pure ruined through this thing of which you say "there is no harm."

You plead for morality in the dance! I inquire: Where is it? I am told by those of experience that unless the gentleman comes up close and performs the part properly, and combine the two figures into one gracefully, he is shunned by the fair sex as a bad partner. As one of long experience in dancing said: "The eyes can look, and the hand press the impression the lips dare not utter."

An army officer is said to have exclaimed, after seeing the modern waltz for the first time: "If any man were to embrace my wife after that fashion, I would horsewhip him."

The chief attraction in the dance is the contact of opposite sexes, permitted nowhere else. Take this away, and the dance will be a thing of the past.

Mothers! Do you esteem the value of the virtue of your daughters so low that you are willing to sell them for the price paid at the door of the dance hall? As you prize chastity, shun the dance.

Delaying the Buying of Furniture is a Mistake

Advance price lists for spring delivery prove that prices of dependable furniture such as we handle is bound to be higher in the spring. There is no way of escaping this. Every item entering into the production of goods of this nature has advanced in price and this advance will reach the consumer in due time. For this reason we urge the people of this neighborhood to

BUY NOW

Our stock is still complete and the prices have not been advanced. They will remain as at present while the present stock lasts, but we cannot even promise that they will be as low later on. In fact we are safe in saying that not for years will the price level be as low as at the present time.

Carpets and Stoves

These items are also due to advance within a short time and the wise buyer will protect himself now. Indications are everywhere the same and before long the true state of affairs will be realized and there will be a rush to get in before the advance takes place. Act now while the old line is complete. You will get nothing better than what we offer, no matter how long you wait, and you are certain to pay a great deal more for it.

The High School Progress

Vol. 1. EDITED BY THE PUPILS OF THE THIEF RIVER FALLS PUBLIC SCHOOLS No. 7

Interesting Speakers.

(Anna Wedul.)

Many interesting speakers have visited the Lincoln high school lately. On Friday, Nov. 21, all the high school students and teachers had the pleasure of hearing three very famous speakers, Dr. Frist Osten-Sacken, Mr. Williams, and Miss Shelland. Dr. Fritz Osten-Sacken spoke about our government as compared with other governments of different countries. His speech lasted quite a while, but no one got tired of listening to him. Mr. Williams spoke about thrift, as many people do not know what that word means. Miss Shelland spoke in regard to a film which was shown at the Princess theatre some time ago. "At the End of the Road," was the name of the film, and she explained it so thoroughly that no one could help but understand it. All three speakers were very interesting and their lectures were appreciated by the students.

Failure Slips Sent Out.

Some parents of students at the high school received notices from the superintendent's office that certain students had failed in certain subjects since the beginning of the school year and were asked to confer with the teachers regarding the cases. The reason for failure of these students is the fact that they do not study their lessons. These students are permitted to continue in the classes only on the condition that they very seriously study their lessons. In this connection it is a pleasure for the superintendent to state that over 95% of the students do study their lessons carefully, sincerely and conscientiously and those who do not do so are in a great minority. It is intended that students should realize that school is a serious matter and that it should be treated seriously. It is to be hoped that parents who receive such notifications will take the proper steps to see to it that the students involved do get down to business and work.

Girls' Gymnastics.

(Hilda Hammarsten)

The girls physical exercises have now begun. Every Tuesday and Thursday for forty minutes after school the bloomer girls go through the various exercises. These are under the supervision of Miss Gunlaugson and have proven to be most interesting as well as helpful.

All the various physical culture exercises are gone through and in addition games pertaining to this nature are played. Needless to say, many were the aching backs and stiff limbs after the first drill but the girls are getting accustomed to it and are going at it with more enthusiasm than ever.

This is something that has not been practiced for a number of years but it was deemed wiser to introduce these classes again and it has proved to be appreciated by the students. There are about forty girls enrolled for this work. It is not compulsory but anyone who wishes to take it may do so.

Physical Training in High School.

(Ole Helle.)

Physical training is of the greatest importance to high school students, and we are glad to be able to announce that instruction of this kind has been taken up in our high school. The benefit of the mental training received is directly dependent on the physical condition of the student, and if one wants to get the most out of his studies, he must see to it that his body is not neglected. Physical exercise is absolutely necessary to develop and maintain the general health. Every organ in the body is dependent on the muscles for their proper functioning, and the purity of the blood is established by muscular exercise. All kinds of sports, such as wrestling, sparring and horizontal bar practices, as well as the out-of-door athletics are invaluable if not over-done, but some kind of systematic exercises should be performed regularly to effect a symmetrical development, especially of the internal muscles.

Prowler Booster Meeting.

(James Helle)

A "booster" meeting was held by the Prowler Annual Staff, at the regular chapel period on January 8. The primary purpose was to create spirit generally and to promote a warmer interest in the work of producing the book; and also to acquaint the student body with the changes that had been made in the staff, at a previous meeting. It was pointed out that the urgent need is material, and an appeal was made for each individual to contribute something. The meeting was conducted by the new editor-in-chief, Vera Dailey, and short talks were rendered by members of the staff and the advisers of each of the classes.

First Try-Out.

(Marguerite DeCremer)

On Thursday afternoon, Dec. 18th, the first of the preliminary try-outs for the declamatory squads was held. The participants in the try-out were as follows: Maybelle Ostby, Rose Orzichowski, Olga Koglin, Gladys Nelson and Luella Pederson. Luella Pederson received first honor with Gladys Nelson second and a tie among the other three girls for third place.

News Items.

(Anna Leimers)

Miss Alice Bourque and Mr. Herman Bishcoff rendered a musical program at the Lincoln high school last Monday. Both Miss Bourque and Mr. Bischoff are musicians of high merit, and their musical selections were well received by the audience.

Last Thursday morning a new fire bell was installed in the high school and fire drill was practiced. The alarm was sounded without previous warning and the try out worked very successfully, the building being emptied in record time.

Two of the seventh grade geography classes are constructing miniature Panama canals as a part of their study of that topic. Keen interest is displayed by the pupils in this work.

The eighth grade arithmetic classes are making a collection of the outside problems which they have worked and are forming them into booklets.

The Most Interesting Old Woman I Know.

(By Lucile Curtis)

When I was a little girl, I visited in Danville, Ill., and met an interesting, little, old woman. Everybody loved her and especially the children, for they called her grandmother. I remember her kind old face with its pleasant smile. Her eyes were blue with a warm light glowing within their depths. A pale pink tinted her plumb little cheeks and deepened into rose when memories came back to her mind. Grandmother's face, though soft and sweet, had something so oddly artistocratic about it that one could almost guess at a glance that she came from an old Southern family. She always wore a little cap made of beautiful old-fashioned lace pinned on her glossy hair. On special occasions, Grandmother wore rustling black silk with a fichu of exquisite old lace softly draped and pinned at her throat with a cameo brooch. A faint odor of oris root clung to her clothes, and made one think of flower gardens in the romantic days of 1860.

The little cottage in which grandmother lived suggested to the passer-by just what sort of person dwelt within. The well-kept yard was surrounded by a white fence. A crooked little path led up to the door-step, bordered with modest little pansies. The cottage itself was white with a bright red roof that gleamed with the hospitality and good cheer that it covered. Thick vines almost buried the front of the cottage from view, and bright hollyhocks stood like stately guards against the south side. The old-fashioned garden was beautiful. It was no wonder that grandmother sat for many hours at a time admiring it and taking long breaths of the perfume-laden air.

The crooked little path ran through the garden and led up to the kitchen door. It seems but yesterday when I walked into that spotless kitchen with its big cooking range, into whose oven grandmother has popped hundreds and hundreds of cookies and cakes. An old brown jar stood on the cupboard shelf and nearly every child in Danville knew that it was filled to the brim with fat, spicy ginger cookies of the kind which grandmother alone could make.

Grandmother's sitting room and bedroom were furnished with quaint, carved mahogany furniture that was many generations old and showed their antiquity by never a scratch or scar.

Grandmother's garret was the favorite retreat of the neighborhood children, and their young hearts beat fast in anticipation when Grandmother opened the door that led to that haven of delight where memories lived. Once more, in my dreams, I am scampering up those creaking stairs and opening the dusty old trunks to behold the treasures within. Grandmother is showing me the frilly blue frock that she wore when she met the great Abraham Lincoln. She is telling me the same sweet stories of her girlhood that I first listened to so long ago. She shows me her beautiful wedding gown of satin and fine lace, and then, very tenderly, she takes the cover off a little brown box and lets me peep at its precious contents. Some tiny dresses, and little shoes, and a lock of golden hair is all that grandmother has to remind her of her own little child that, in spite of every effort to save it, died so many years ago. These memories are too much for grandmother, so she closes the trunk and, with a promise of another visit to the garret, I descend, though very slowly and very unwillingly.

Those golden hours, so full of joy and free from care, are gone, I dreamed once that I was back in Danville, visiting at grandmother's. That is an idle dream, for grandmother is dead.

Personality.

(Chas. Warner)

The first thing to impress you about a military parade is that all the men in the ranks have been uniformed and equipped alike, and drilled to make them think and act alike. Each man marches with the regulation angle, swings his left arm in the regulation manner.

Yet, as you look closer, you observe that one man is individualized by the peculiar tilt of his hat, another by the set of his shoulders, another by his heavy features; and if you could see these same soldiers going into action, you would be convinced that no uniformity of dress or rigor of drill can deprive a man of his personality.

In the great industrial army, thousands of men are doing the same thing in the same way. Some of them, like mechanics, carpenters, bankers, etc., voluntarily wear what might be called a "trade uniform," while at work. Yet, in spite of their similarity of dress and occupation, they impress you as individuals; some of them, indeed, impress you very strongly, whether pleasantly or otherwise depends upon their personality.

Personality may be defined as that expression of individuality which makes each soldier in the ranks, each worker in the industrial army stand out as a man differing in many ways from his companions.

Merton defines it as that personal distinction or dynamic force which is felt by everyone who comes within its radius. Personality is not a matter of height, build or age, nor is it due to such accidentals as complexion, color of eyes and hair.

A man, who is so intensely individual in all his thoughts and actions that he stand out head and shoulders above his class is said to be and have a strong personality, as for example, Theodore Roosevelt. A man who through laziness or timidity, usually allows others to dominate him is said to have a weak personality, a good example is Mr. Henpeck of the comic papers. The type of man whose looks or actions are offensive to others has what we call are offensive or *disagreeable* personality; while the man who makes a good first impression and wears well upon acquaintance, possesses that most desirable character which is a pleasing personality. The man of offensive, weak or disagreeable personality has not a future in the industrial world. Most persons to whom we ascribe personality are offensive to certain persons or classes. It is common knowledge that Roosevelt was disliked by thousands in this country, more because of his personality than his ideas or actions.

Personality might be called the outward expression of our true selves, a sign board advertising to the world what we are and what we can do. In regard the world will take our advertising as a statement of facts, and judge and treat us accordingly.

"Writing of Free Verse."

(Agnes Oftedahl)

The making of "free verse," or "vers libre," as it is variously termed, has become an industry employing much labor, skilled and unskilled. Some of this product is admirable in theme and purpose, fittingly expressed in a form to which we are gradually becoming accustomed, tho it defies all the ancient rules of verse-fication.

It would seem, however, that the greater number of the vers-librists have adopted this method of putting their thoughts before the public because it is so easy. They are saved the trouble of thinking up rhymes and can dismiss metre from their thoughts. Now, it is not necessary that real poetry should rhyme. There are those who think that a cultivated car is of a greater value to a poet than a cultivated mind, and there are even some who affirm that the writing of fine poetry does not indicate a cultivated, intelligent brain any more than does the composing of splendid music. Largely speaking, the maker of free verse rejoices in a commonplace, unpoetic theme, like milkman on his route, which some critical dunce is sure to call "getting down to the heart of the garbage car, the galvanized iron car, as the white winged scavengers make their rounds. Oh, the cars thundering before each area door! How they rattle and bang, bang!" By dividing this into lines of unequal length and adorning the first word of each with a capital letter this mess is converted into free verse.

It is easy enough to write, but how even the boldest poet contrives to sell it is a mystery.

If it be true, as has been said, that literature is a good crutch on which to lean for partial support, free verse may be described as a reed, and a broken one at that.

How I Earned My First Dollar.

(Alma Savig.)

One day, an old woman who is our neighbor, came over and asked me if I had any time to come over to her house and help her house-clean. I said "yes," and so I went with her.

The work I had to do was very hard and it was very long. I had to beat rugs, wash windows and many other things.

I stayed there five hours that day and when I had finished the work she came over and handed me one dollar. I did not want to accept that much, but she made me take it. This was my first earned dollar.

Fisherman's Luck.

(Fred Paulson)

We went a fishin' yesterday,
My pa and me;
And found the skeeters was as thick
As they could be.
They chased us up and down the
brook,
My! how they bit
Dad smoked un' swore; said he would
stand
No more of it.
Just then I tumbled in kerplunk!
And now you see,
Because pa didn't catch a fish—
He's blamin' me.

Sophmore to Freshy!—When you stand on your head, why does the blood rush to it, and not to feet when you stand on your feet?

Freshy:—I do'no.

Sophmore:—Because your feet are'nt empty, like your head.

From (Outers Recreation) By M. C. Nella.

Talking of Strikes.

(Ida E. Shields)

There is one strike that is always plausible. One that strikes incessantly, but never without cause. Everyone sympathizes with it, and gains more by it than any other strike. It strikes often, but never leaves behind the same conditions, or brings the same new ones. Neglectful people become excited when this strike comes, but they never turn into a mob. Good working people that are always accomplishing things, are glad and proud when it comes. This strike never fails its people and eventually brings success. It is the strike of the clock.

Thomas Jefferson's Five Rules.

(Henry Sagmoen)

Never put off until tomorrow what you can do today.

Never trouble another for what you can do yourself.

Never spend your money before you have earned it.

Never buy what you don't want because it is cheap.

We seldom repent of having eaten too little.

Although Thomas Jefferson lived over a century ago, these rules are of just as great value today as they were then, and can be applied to everyday life.

Advice For the High School.

(Esther Larson.)

Freshmen:
"Frosh," I haven't much to tell you,
I have learned that good advice is
Something which but few of us need
take;
And my one and only warning, may
forsake you in a crisis,
And besides, you've got your own
career to make;
I have just this bit of warning; which
may help some go the distance
With no useless or unnecessary fall.
So when you've crowded badly, and
struggle for existence
Don't you ever stop to argue in the
hall!

Sophomores:
"Sophs," are always very quiet, and
always have their wits,
Though, of course, I will admit there
are a few
That at times when things are quiet,
they just simply have mad "fits."
And can never stay like "gentle
drops of dew."
These few are always working and
forevermore a-trying
To stir the "pep" of every Soph, and
all;
And at last they start debating on
the subject of some lying;
So don't ever stop to argue in the
hall!

Juniors:
You might always get your lessons,
you might butt your way through
granite,
You might set the "Lincoln School
pep" all aflame;
But debating in the hallways—take a
tip from me and "can" it
For the result is usually the same:
You are licked before you've started,
with your foolish protestations;
So don't ever stop to argue in the
hall!

Seniors:
There are plenty of sly tricks, that
Seniors "get away with,"
Though their mind says they are
hopeless from the start;
You may find electric wires are a
dandy thing to play with,
While from fun you're never ready to
depart;
Seniors are always doing something,
and forever a-planning,
While the Juniors sneer and prophesy
a fall;
But there are [illegible] final limits, it's a
fact that [illegible] believing,
So don't ever [illegible] argue in the
hall!

The Times; $2 per year.

Ford
THE UNIVERSAL CAR

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3½-inch tires front and rear. A real family car. Won't you come in and look at it? The delight of the electric car with the economy of the Ford.

ROSEWOOD

County Division Agitated.

Rasmus Olson and Henry Wendt of Holt were in this vicinity last Monday to secure signatures on their second petition to the governor for the division of Marshall county with the county seat to be located at Holt. Their first petition having failed on account of lack of valuation, this now having been remedied by the annexation to the new county of townships Viking and Marsh Grove, farther west. Concerning this proposed division the opinion of the people in this locality seems to be somewhat divided, a certain class is opposed to any division basing their disapproval upon the necessarily higher taxing rates, as well as no direct beneficial outcome to the township in case of division. Others are inclined to favor the Holt petition rather than that of Middle River, Holt being more easily reached, both by car and rail. Still others favor division regardless of county seat location, their arguments being that a division is absolutely necessary in order to secure honest representation at the county seat, and the only way this can be accomplished is by the forming of a new county. Another design which although new seems to be gaining rapidly in the public favor is the annexation of part of Marshall county to that of Pennington. Of course, so far this plan is only a meditation, but it seems as if in some nearby day an attempt may also be made in this direction. Pennington county it will be noticed is smaller in size than any of its sister counties excepting that of Red Lake, and has a splendid county seat which is being greatly patronized by the public for a long distance into Marshall county. It also has direct railway connections with the greater part of the new proposed county, excepting the extreme east and northern part, a part which is sadly devoid of the modern thoroughfares, but which would find the Pennington county seat within closer reach than the present Marshall county seat. However, for this plan to materialize, would mean the joint consideration of both Pennington and eastern Marshall county, and without doubt it would mean a direct financial saving to both. The Holt people propose to call the new county as outlined in their petition, "Liberty," and propose to have the matter up for general vote at the election next November.

Another Surprise Party.

Surprise parties, both of the acquaintance and the benevolent order, are playing a very important role in the Rosewood society gatherings this fall and winter, and a more pleasant diversion, in which both young and old may find amusement and recreation is hardly conceivable. Last Saturday evening brought about another of these friendship gatherings which was perhaps one of the largest and most interesting in the series this winter. This time it was Mr. and Mrs. E. P. Johnson who were honored in this manner.

The festivities were carried on at the Congregational church in town, which was filled with over one hundred persons. Rev. Drotts, the local minister being present and acting as leader during the evening. A well selected program including a short speech, recitations, and a number of beautiful, quartet, duet and solo songs by local talent was given and a dainty luncheon was served. An envelope containing $41 was given to Mr. and Mrs. Johnson as remembrance from those present. It will be remembered that Mr. Johnson a short time ago had the misfortune of badly mangling his left hand when coming in contact with a moving circular saw.

The Rindal ladies sewing society met at the home of Mrs. A. T. Thoreson last Tuesday afternoon and was well attended, and a pleasurable afternoon spent. The next meeting will be held at the home of Mrs. A. S. Axelson on Tuesday, Feb. 3.

Mrs. Lloyd Crown and baby arrived on Saturday morning from Rocksbury, and will visit with Mrs. Crown's parents, Mr. and Mrs. John Bloom, south of here for some time.

Mrs. Ben Bloom and four children arrived on Saturday from Zealand, Minn., to join her husband, who arrived the first of the week with the stock and household goods, and has prepared things on their new farm northwest of town.

J. Hanson arrived on Saturday from Grygla and will visit with his daughter, Mrs. John Rafteseth until Tuesday.

Mrs. E. M. Olson returned the first of the week to her home at Ada, following a week's visit with her sister, Mrs. A. T. Thoreson, here.

Ole Jorgenson, a garage man from Erskine, left last week for his home, having visited here with the A. T. Thoreson people for some time.

Mrs. John Sagmoen has been on the sick list this week, and her sister, Mrs. Peter Stromberg, from Norden, has been assisting with the house work at her home.

Mrs. E. A. Silverness was a business visitors at Warren last Saturday, and visited with friends here over Sunday.

Anton Gulleseth, of Viking, spent two days of this week visiting at the home of her brother, G. J. Nordhagen, south of town.

One carload of wood owned by Carl Bloom, and one of grain from the Hanson and Barsen elevator, was shipped from this place this week.

The local school has been closed all week on account of the teacher, Miss Clara Pederson, being on the sick list. Both the Willowdale and Busy Bee schools opened after their holiday vacation last Monday morning.

Matt Rafteseth left last Wednesday evening for Hibbing, where he will seek carpentry work.

Contractors Chas. Sagmoen and Ben Ranum spent a couple days this week at Thief River Falls to figure with the lumber companies at that place concerning material for spring work.

Gust Silverness of Duluth, who has been visiting with his brother, Edward, north of town for some time, went to Warren on Wednesday morning and will from there proceed to his home.

Henry Sagmoen and Chester Dols, of the Thief River Falls high school, are Sundaying with their parents near here.

Miss Viola Axelson left on Wednesday evening for Thief River Falls, where she will shop over Thursday.

A subscription list is being circulated through the neighborhood this week to secure signatures for the building of a farmers elevator here, a valuable project which if materialized will mean a lot to the neighborhood. Shares will be sold at $100 each. Several farmers and business men, including Banker A. S. Holm, Swen Swenson, P. Sorenson and G. J. Nordhagen, are backing the movement.

Herbert Carlson of the Carlson & Sagmoen company, returned on Thursday morning from a week's vacation with friends and relatives farther south.

Mrs. Albert Paulson and little Miss Myrtle Mellem, left on Wednesday evening for Thief River Falls where they will have dental work performed.

John Nakken and Percy Hanson returned last Monday to Crookston, to resume their studies at the Agricultural college.

Rev. W. Drotts of Viking, conducted services in town in the forenoon and evening of last Sunday. A good sized audience listened to his message both times. While here, Rev. Drotts was the guest of Mr. and Mrs. A. C. Vorseth.

Olof Hagen went to Warren on Monday morning to attend to business.

Alfred Rafteseth left last Monday evening for Grygla, where he will visit and attend to business for some time.

A report this week states that J. S. Rafteseth has purchased a quarter section of land located in the western part of section 27, from a party in Thief River Falls. If this report proves true, the Rafteseth Bros., now own over a section of land northwest of town, and it will be the largest estate in this neighborhood.

Misses Synneva Sorenson and Isabel Sagmoen, left on Monday evening for Thief River Falls, where they shopped and visited for a day.

Miss Olga Thoreson left on Monday for Thief River Falls, where she is employed, after having spent the holidays with her folks here.

Swen Swenson left on Monday evening for Newfolden, to look after his land affairs.

A communication was received on Tuesday morning from Rev. Petterson of Little Falls, stating that on account of unforseen hindrances he will be unable to fill his date at Rosewood next Sunday, and in consequence all his meetings here have been cancelled. The Y. P. S. will, however, meet as before mentioned next Friday evening and will be conducted by Rev. Drotts of Viking.

MAVIE

Miss Richardson, who is teaching school near Mavie, went to Thief River Falls Saturday, returning the following Monday.

Mr. Prichard and Magnus Lund drove to Mavie, Tuesday to transact business.

A number of the young folks of Mavie, drove to Goodridge last Friday night to attend the Legion dance. They all reported a very enjoyable time.

Miss Minnie Schie visited with her sister, Mrs. Oliver Holman, Saturday and Sunday.

Miss Anna Kotlan called at the Horton home last Thursday evening.

Mr. Rosett, who has spent a few days in Thief River Falls, passed through Mavie last Monday enroute to his home near Germantown.

Mr. Gray went to Thief River Falls last Monday to attend to business affairs for the day.

Mr. and Mrs. Holman, Sr., and family visited at the home of their son, Oliver, last Sunday.

Joe Oski was a business caller in Mavie last Monday.

Charlie Horton left on Monday for Hibbing, where he will be employed for the winter.

Mr. Stork called at the Fred DuChamp home last Monday and left a baby girl.

Leon Lendobja drove to Mavie on Tuesday to transact business for the day.

A number of the young folks gathered at the Skaar home last Sunday evening and all report a very enjoyable time.

S. Stenberg and son, Norman, called at the Val Yages home last Saturday evening.

Edward Schie and Johnnnie Anderson, left Monday for Duluth, where they will be employed for an indefinite period of time.

Charlie Ptacek was a business caller in Mavie last Friday.

Edward Schie visited with his sister, Mrs. Oliver Holman, last Saturday.

Kelly Horton, accompanied by his sister, Miss Leona, visited at the Gretinger home last Sunday evening.

Ben Habedank passed through Mavie last Monday enroute to Thief River Falls.

Val Yager spent a few days last week in Thief River Falls.

Willie Sanders, accompanied by his mother and Miss Alice Yager, drove to Thief River Falls Sunday morning.

Linton Palmer was out with his horse and hand-sleigh Sunday, giving all the girls a ride.

Mrs. George Stien is spending a few days at the Fred DuChamp home.

Mr. Horton, Sr., went to Thief River Falls, Monday to spend a few days with his daughter, Mrs. Beckeley.

Mr. Sandum, who recently purchased the Anderson store, went to Thief River Falls Saturday to spend the day.

Fred DuChamp went to Thief River Falls last Monday to spend the day.

Misses Jennie and Olga Skaar were at Mavie a few hours Monday evening.

Miss Grace Day called at the Sanders home last Sunday afternoon.

ERIE

Ole Hovet of Michigan, N. D., is visiting with his brother, Tollef Hovet.

Iver Iverson returned to the Gemmell cedar camps the first part of last week.

The East Side ladies aid met with Mrs. Z. J. Hole, Wednesday afternoon.

The Nelson-Iverson threshing rig has commenced operations three miles east of the village.

Miss Tillie Thompson and Mrs. M. Iverson, were guests at the H. A. Dahlen home Sunday afternoon.

At the recent ladies aid meeting there was considerable laughter and excitement when rather unexpectedly Mrs. Ida Johnson and Mrs. Miranda Rolsland, in athletic attire, entered the "mat" before the astonished spectators and pulled off the old norse gymnastic stunt which in English may be technically termed as "knee hook." Mrs. J. on account of her heavier weight won out, whirling her "antagonist" over quite easily. Asked why these adventurous ladies should have happened to hit upon such an unique number for the program, they both hastened to reply: "O, we thought we'd try to contrive somethin' that would put more 'pep' into the organization."

George Hoyet, in a recent letter to Oppie Olson, writes that he is now employed at the International Falls paper mill and likes his new occupation well. His brother, John, has been working at the same place for some time past.

Miss Thompson, the S. E. Star pedagogue, has abandoned housekeeping at "Camp Clover Nook" (school house) and taken up her abode at the Paddy Iverson cottage.

"Bad Brew."

(By Sub Urban)

SCENE: Central Star Township.

CAST: Oliver, Even, Jens, Omund, Henry and The Lady of the House.

It is quite a few days ago now. It happened during the Christmas-New Year week. "They" (The Lady of the House and Henry excepted) had been imbibing quantities of home-made "Yule Schnapps" and were having what is popularly called an "enjoyable time." But there was a sad side to this "drama" also.

Oliver was weeping and consoled himself as best he could by paying extraordinary compliments to "wifie" at home with the tots, yet dreading the ordeal of carrying the news of what had "transpired" to her. His newly-made "Northland Limousine" had been smashed to smithereens. The wall-board remnants of the cab lay scattered all around on the snow. Jens had been on a "tear" again. Anyway he got most of the credit for the misdeed. Even was acting his part. Omund (not of the belligerent kind) took to his heels and "made for the hay." Henry made an effort to unhitch Oliver's team, but Jens and Even stood guard and wouldn't allow him to—. They clinched. Enter: The Lady of the House. She solemnly says: "No fighting is permitted here." Exit: "The bunch."

GERMANTOWN

Miss Clara Overby, after having visited at home for a couple of weeks, returned to Grand Forks on Monday.

Clifford, Bessie and Gladys Roller, were entertained at the Mons Linvick home last Tuesday evening.

Mr. and Mrs. Charlie Strubel and children, Bernice and Kieze, spent Tuesday evening at the August Ristau home.

Charlie and Emil Habedank called at the Paul Stock home Monday evening.

Hans Dahl was a caller at the Albert Rhorer home Wednesday afternoon.

Henry Roller and son, Clifford, visited at the W. Wayne home, Monday evening.

Henry and Willie Ristau left on Monday for Hibbing to seek employment.

Mr. and Mrs. Martin Johnson and son, Hans, were guests at the Larson home Wednesday.

Mrs. Albert Rhorer and children, Clifford, Frank, Annie and Lillian, and Elmer Prehahl were Sunday guests at the O. P. Nelson home.

Fred Ristau left for Fargo, N. D., Tuesday where he will attend school.

Benard Bendickson called on Albert Rhorer Wednesday.

Detlef Dau was a guest at the A. Ristau home Thursday evening.

Martin Overby returned home from Hibbing on Thursday for a few days' visit.

O. P. Nelson was an electric car passenger to Thief River Falls on Thursday.

Mrs. Emil Hanson called at the M. Johnson home Saturday.

Silva Bendickson was the guest of Mildred Nelson last Sunday.

Mrs. Hans Dahl returned home on Saturday after an extended visit with relatives and friends in North Dakota.

Mrs. Hans Jerstad and Esther Bendickson spent Sunday afternoon at the H. P. Nabben home.

BLACK RIVER

A few of the young folks spent a very enjoyable evening at the Ekstrom home Tuesday. The evening was spent in playing games after which a dainty lunch was served.

Band rehearsal was held Wednesday at the chapel. The next meeting will be on Tuesday. Officers for the coming year will then be elected.

Miss Ethel Keller, teacher at Wylie, was an over Sunday visitor at the Miller home.

Elmer Dahlstorm and Miss Clara Sorenson spent Monday evening visiting at the home of A. Erickson.

Miss Effie Fredrickson is spending a few weeks at the home of C. W. Johnson.

The Ekstrom, F. Anderson and Lorentson families spent Friday evening at the Fred Lorentson home.

Ethel and Harvy Johnson spent last Wednesday afternoon with Mr. and Mrs. Emil Person.

Choir and orchestra practice was held at Dahlstrom's place last Sunday evening.

Rev. Andrean held services at the chapel Sunday morning.

A necktie social will be held at the chapel next Friday evening, Jan. 16. A good program, beginning at 7:30, will be given by the young people. All wishing a good time are cordially invited.

Miss Lydia Dahlstrom and Tudy Brink spent Saturday evening at Albert Anderson's home.

STEINER

Arthur Simonson has been hauling hay the past week from northwest of here.

Willis Warring transacted business in this place Saturday afternoon.

Harvey Coop visited with his father last Sunday.

Willie Meyer and his mother, transacted business in Thief River Falls last week.

Ed. Werner and family visited at the August Koglin home last Sunday.

Oscar Swanson is census enumerator in this township. He is getting along fine with the work.

Lewis Meyer left for Austin last week, where he intends to take up the motor course.

Henry Rogers transacted business at this place one day last week.

John Whitman has been hauling *in his corn fodder.* He says it is some job to get it out of the snow.

Arthur Simonson has installed a gasoline engine, so when the wind falls on the windmill he can water his stock without pumping by hand.

S. R. Rogers went to Thief River Falls Saturday with cream.

Velvet
TOBACCO

LAST season's suit still holds together and we can half-sole our shoes. And you can still buy a big generous tin of the jolliest old pipe tobacco that ever came down the pike, without mortgaging the old homestead. Hooray!

Good old Kentucky is still growing Velvet's honest fragrant leaf. We're still ageing Velvet in the wood. Velvet's just as smooth and mellow and mild as it ever was. The quality's there and the quantity's there just the same.

Take the "cost" out of the "high cost of living" and what do you get? Why, "high living" of course. Well, sir, that's what Velvet does.

It's like Velvet Joe says:

"Anybody can tell you how much Velvet *costs.* But only yo' old pipe can tell you how much Velvet is *worth.*"

There's goodness knows how many pipe loads in every tin of Velvet. Or if you want the mildest cigarette ever—there's 45 big ones in every tin.

Liggett & Myers Tobacco Co.

City Council

Resolution.

At a regular meeting of the City Council held Dec. 23rd, 1919, Alderman M. N. Benson, seconded by Alderman H. Brandon, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minn., that Whereas, Theo. Quale, Attorney-at-law, has rendered services for the City as Attorney in various ways and in various matters, between the first day of January, 1919, and the 23rd day of December, 1919, and the said attorney having presented his bill for Six Hundred Dollars ($600.00) covering such services; now, therefore

BE IT RESOLVED, That said bill be, and hereby is, allowed as presented and the Mayor and the City Clerk are hereby authorized and required to issue and deliver to said Theo. Quale the City's warrant for Six Hundred Dollars ($600.00) in payment of said bill.

Roll Call: Aldermen voting Yes: Froseth, Benson, Olson, Brandon and Ihle. Aldermen voting No: None.

Resolution declared passed.

O. L. IHLE,
President of the Council.

Council Chambers, Thief River Falls, Minnesota.

An adjourned regular meeting of the City Council was called to order by O. L. Ihle, President, at eight o'clock P. M., Dec. 30th, 1919.

Roll Call: Members present: Froseth, Benson, Brumund, Olson, Brandon and Ihle. Members absent: None.

Moved by Brandon, seconded by Brumund, that Holt & George be given an extension of time until Jan. 6th in which to file a bond on sewer and water connection contract. Motion carried.

On motion duly carried the Council adjourned.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Council Chambers, Thief River Falls, Minnesota.

A regular organization meeting of City Council was called to order by O. L. Ihle, President, at eight o'clock P. M., Jan. 6th, 1920.

Roll Call: Members present: Froseth, Benson, Brumund, Olson, Brandon and Ihle. Members absent: None.

Minutes of the regular meeting of Dec. 23rd, 1919, and adjourned regular meeting of Dec. 30th, 1919, were read and approved as read.

Moved by Brumund, seconded by Froseth, that the monthly reports of Municipal Judge and Chief of Police be accepted. Motion carried.

On motion duly carried the out-going Council adjourned sine die in favor of the in-coming Council.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Council Chambers, Thief River Falls, Minnesota, 9:00 o'clock P. M. Jan. 6th, 1920.

The newly elected Council took their seats at the Council table.

Roll Call: Members present: Froseth, Dahl, Brumund, Ness, Brandon and Ihle. Members absent: None.

Moved by Ihle, seconded by Brandon, that H. A. Brumund be elected President of the Council for the ensuing two years. Motion carried.

Moved by Brandon, seconded by Dahl, that Carl Froseth be elected vice President of the Council for the ensuing two years. Motion carried.

The City Council proceeded to ballot for the appointment of City Clerk, A. H. Akre receiving 5 votes and P. G. Peterson 1 vote. A. H. Akre having received 5 votes was declared duly elected City Clerk for the ensuing two years.

The City Council then proceeded to ballot for the appointment of City Attorney. H. O. Chommie having received 6 votes was duly elected City Attorney for the ensuing two years.

The City Council then proceeded to ballot for the appointment of Street Commissioner. O. L. Bakken having received 6 votes was duly elected Street Commissioner for the ensuing two years.

County Commissioners

Thief River Falls, Minnesota, Dec. 29th, 1919.

On the call of the County Auditor, pursuant to Chapter 230 of the laws of Minnesota, for the year 1905, and acts amendatory thereto, the County Board of Pennington County, Minnesota met in the office of the County Auditor in the City of Thief River Falls at 1 o'clock in the afternoon, for the purpose of hearing on the Engineer's report and the report of the Viewers on the repair of County Ditch No. 36, and for any other business that may legally come before said meeting.

Meeting was called to order by the chairman, Commissioner Peterson.

On roll call the following members reported present: Hanson, McGinn, Naplin, Roy and Peterson. Members absent: None.

Owing to the large number of interested parties present motion was made and seconded that the meeting adjourn to the Court Room. Motion carried.

Meeting called to order in the Court Room. All members present.

The matter of hearing on the petition of Lewis A. Nelson and others for the cleaning and repairing of County Ditch No. 36 was duly presented to the Board.

Mr. W. J. Brown appeared as Attorney for the petitioners and Stanton and Chommie as attorneys for the objectors.

Mr. Brown on behalf of the petitioners that owning to the fact that the reports took in a lot of new work that was not mentioned in the original petition that the proceedings be dropped. This matter was taken under consideration by the County Board and after a discussion pro and con motion was made and duly seconded that all proceeding with reference to repairing County Ditch No. 36, be dismissed. Motion duly carried.

Motion made and seconded that the meeting adjourn until Tuesday morning at 8 o'clock. Motion carried.

OSCAR J. PETERSON,
Chairman.

T. P. ANDERSON,
County Auditor.

Thief River Falls, Minnesota, Dec. 30th, 1919.

Pursuant to adjournment the County Board reconvened at 8 o'clock. All members present.

The forenoon was taken up with a general review of the work to be taken up for the coming year in the way of road and bridge repairs that would be needed but there was no special action taken.

Meeting was called to order at 2 o'clock in the afternoon for the purpose of hearing on the Engineer's report and the report of the viewers on the repair of County Ditches Nos. 39, 45 and 59.

The matter of the hearing on the petition of R. M. Johnson and Joe Kilen, for the repair of County Ditches Nos. 59, 45 and 39, came duly up before the Board, and motion was made and duly seconded that all proceeding in the above matter be rejected and that the Drainage Engineer be instructed to confine himself entirely to the repair of said ditches and to file his report of his findings with the County Auditor as required by law. Motion carried.

Motion made and seconded that the meeting adjourn sine die. Motion carried.

OSCAR J. PETERSON,
Chairman.

Attest:
T. P. ANDERSON,
County Auditor & Ex-Officio Clerk of the Board.

On motion the meeting adjourned subject to the call of the Clerk.

P. O. MYHRUM,
Clerk.

Approved:
O. F. MELLBY,
President.

Special meeting of the Board of Education was held in the Directors' Room at the Lincoln high school at 8 P. M., December 18, 1919.

Members present: Backe, Froehlich, Myhrum, Mellby, Supt. W. A. Ziegler. Members absent: Dahlen, Hayner.

Moved by Myhrum, seconded by Froehlich, that all teachers receiving a salary of less than one thousand dollars for the school year be granted the following increase:

Ten dollars per month to teachers having taught one or more years in this district.

Five dollars per month to teachers who have not taught in this district previous to this year.

This increase to be retroactive to September 1st, 1919, and the amount of the increase from September 1st, 1919, to January 31st, 1920, to be paid at the close of January, 1920. Thereafter, it shall be paid at the close of each month.

Roll Call: Members voting yes: P. O. Myhrum, Lars Backe, H. W. Froehlich, O. F. Mellby. Members voting No: None.

P. O. MYHRUM,
Clerk.

Approved:
O. F. MELLBY,
President.

Order Limiting Time to File Claims Within Three Months, and For Hearing Thereon.

Estate of Hege Jore.

State of Minnesota, County of Pennington; In Probate Court.

In the Matter of the Estate of Hege Jore, Decedent.

Letters this day having been granted to William B. Torgerson, and it appearing by the affidavit of said representative that there are no debts of said decedent;

IT IS ORDERED, That the time within which all creditors of the above named decedent may present claims against her estate, in this Court, be, and the same hereby is, limited to three months from and after the date hereof; and that Friday, the 16th day of April, 1920, at 10 o'clock A. M., in the Probate Court Rooms at the Court House at Thief River Falls, Minn., in said County, be, and the same hereby is, fixed and appointed as the time and place for hearing upon and the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid.

Let notice hereof be given by the publication of this order in the Thief River Falls Times, a legal newspaper, as provided by law.

Dated January 9, 1920.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage executed and delivered by Lulu D. Halvorson and Guy Halvorson, her husband, as mortgagors, to Northwestern Building Association of Fergus Falls, a corporation, as mortgagee, dated June 14, 1916, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 20th day of June, 1916, at nine o'clock P. M., in book 4 of mortgages on page 237, and no action or proceeding having been instituted at law or otherwise to recover the debt remaining secured by said mortgage, or any part thereof, and there being claimed to be due and is actually due on said mortgage at the date of this notice the sum of two thousand three hundred and eight ($2,308) Dollars and the sum of forty-one dollars and seventy-four cents ($41.74) for taxes for 1916, paid by said mortgagee on May 13, 1918, and the further sum of sixty-three dollars and thirty cents ($63.30) for taxes for 1917, paid by said mortgagee on May 12, 1919, making the total amount due at this date the sum of two thousand four hundred and thirteen dollars and four cents ($2,413.04).

Notice is hereby given, that by virtue of the power of sale contained therein, said mortgage will be foreclosed and the premises therein described situated in the County of Pennington, State of Minnesota, to-wit: Lot twelve (12) and the north one-half (N½) of lot eleven (11) in block sixty-three (63) of the Original Townsite of Thief River Falls, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said county and state, will be sold by the sheriff of said county at public vendue to the highest bidder on the 3rd of March, 1920, at 10 o'clock A. M., at the front door of the Court House in the City of Thief River Falls, in said County and State, to pay said debt, the interest thereon and an attorney's fee of seventy-five (75) dollars stipulated in said mortgage and the expenses of sale; subject to redemption at any time within one year from the date of sale as provided by law.

Dated January 6, 1920.

Notice For Proposals.

Notice is hereby given, that sealed proposals will be received by the City Council, City of Thief River Falls, Minnesota, for depositories, of the moneys in the City treasury during the year ensuing after January 27, 1920, and that such proposals must be filed with the City Clerk of said City prior to 8:00 o'clock P. M. January 27, 1920, at which time all proposals received will be opened and read, and contract let for such depository.

Dated at Thief River Falls, Minnesota, this 7th day of January, 1920.

By Order of the City Council.

A. H. AKRE,
City Clerk.

j8-15

State of Minnesota, County of Pennington, ss. In Probate Court, January Term, 1920.

In the Matter of the Estate of Ida M. Peterson, Deceased.

The petition of Martin J. Peterson having been filed in this Court representing that the final decree of distribution issued by the Court on December 1st, 1919, is erroneous and incorrect in this, to-wit: That said final decree of distribution attempted to set over to the heirs and legatees of said decedent all of the Northwest Quarter (NW¼NW¼) of Section 8 in Township 152, Range 42, whereas in truth and in fact the said decedent was the owner of an undivided two-thirds (2-3) interest in and to said property; that said decree is incorrect and erroneous in this, to-wit: That the following real estate belonging to said decedent was omitted therefrom, to-wit: An undivided one-sixth (1-6) interest in and to the Southwest Quarter of the Northwest Quarter (SW¼NW¼), Section 8, Township 152, North of Range 42 West, and praying that said decree may be corrected in accordance with [illegible] and the Court having fixed a time and place for hearing on said petition;

NOW, THEREFORE, You, and each of you are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms, in the Court House, in the City of Thief River Falls, in the County of Pennington and State of Minnesota, on the 31st day of January, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the Seal of said Court, this 6th day of January, 1920.

IRA C. RICHARDSON,
(Seal) Probate Judge.

State of Minnesota, County of Pennington, ss. In Probate Court, January Term, 1920.

In the Matter of the Estate of John A. Peterson, Deceased.

The State of Minnesota, to Martin J. Peterson, Mrs. Nina Rose, Oscar C. Peterson, Elias A. Peterson, George G. Peterson, Lena M. Peterson, Julius Peterson, and all persons interested in the estate of John A. Peterson, Deceased:

The petition of Martin J. Peterson having been filed in this Court representing that the final decree of distribution issued by this Court on the 1st of December, 1919, is incorrect and erroneous in this that the following described real estate belonging to said estate was omitted from said decree, to-wit: An undivided one-half interest in and to the West one-half (W½) of the Northwest Quarter (NW¼), Section 8, in Township 152, North of Range 42 West; and praying that the said decree be corrected and amended to include said real property, and the Court having fixed the time and place for hearing on said petition;

THEREFORE, You, and each of you are hereby cited and required to show cause, if any you have, before this Court, at the Probate Court Rooms, at the Court House, in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 31st day of January, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the Seal of said Court, this 6th day of January, 1920.

IRA C. RICHARDSON,
(Seal) Probate Judge.

Attorney for Petitioner.

j1-8-15

Mortgage Foreclosure Sale.

Default having been made in the payment of the sum of eighteen dollars which became due on the first day of April A. D. 1918, and is due and claimed to be due at the date of this notice upon a certain mortgage duly executed and delivered by Knut Jorstad and Anna Jorstad, his wife, mortgagors, to the Trail State Bank, of Trail, Minnesota, a corporation, mortgagee, bearing date the 3rd day of April, 1915, and with the power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the county of Pennington, State of Minnesota, on the 23rd day of November, 1917, at eight o'clock A. M., in Book 58 of Mortgages on page 386 thereof; and whereas, pursuant to the terms and conditions of said mortgage, by reason of said default, the whole unpaid principal sum of said mortgage, to-wit: The sum of fifty-four dollars ($54.00) became at once due and payable, and was and is hereby so declared by said mortgagee, and whereas there is actually due and claimed to be due and payable at the date of this notice upon said mortgage the sum of fifty-four dollars ($54.00), with interest thereon at the rate of ten per cent per annum since the first day of April, 1915, or the total sum of seventy-nine and 31-100 dollars ($79.31).

And whereas, the said power of sale has become operative, and no action or proceedings having been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof;

NOW, THEREFORE, notice is hereby given, that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage above described will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit: The north half of the southeast quarter (N½ of SE¼) and lots three (3) and six (6) in Section thirty-three (33), Township One Hundred Fifty-two (152), North of Range thirty-nine (39) West 5th P. M., in Pennington County, State of Minnesota, which sale will be made by the Sheriff of said Pennington County at the front door of the Court House in the City of Thief River Falls, in said County and State, on Friday the 6th day of February, A. D. 1920, at two o'clock in the afternoon of said day, at public vendue, to pay the said debt of seventy-nine and 31-100 dollars ($79.31) and interest from the date of this notice as aforesaid, and taxes if any on said premises, and an attorney's fee of twenty-five dollars as stipulated in and by said mortgage, and the disbursements allowed by law, subject to redemption at any time within one year from date of sale as provided by law.

Dated December 8th, 1919.

TRAIL STATE BANK,
Mortgagee.

Citation For Hearing on Petition For Determination of Descent of Land.

Estate of Martin J. Berg.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Martin J. Berg, Decedent.

The State of Minnesota to Anne Berg, Mabel Alvilde Hanson and all persons interested in the determination of the descent of the real estate of said decedent: The petition of Mabel Alvilda Hanson having been filed in this Court, representing that said decedent died more than five years prior to the filing thereof, leaving certain real estate in said petition described, and that no will of decedent has been proved nor administration of his estate granted in this State, and praying that the descent of said real estate be determined by this Court.

THEREFORE, YOU, and EACH of YOU, Are hereby cited and required to show cause, if any you have, before this Court, at the Probate Court Room in the Court House in the city of Thief River Falls, in the County of Pennington, State of Minnesota, on the 10th day of February, 1920, at eleven o'clock A. M., why said petition should not be granted.

WITNESS, The Judge of said Court, and the seal thereof, this 14th day of January, 1920.

IRA C. RICHARDSON,
(Court Seal) Probate Judge.
HANS O. CHOMMIE,
Attorney for Petitioner.

A Voice From Sioux City, Iowa, says

PE-RU-NA Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After taking half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given [illegible] it was catarrh. My stomach is in much better condition since taking your medicine.

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."

(Signed) W. W. NORTHRUP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.

DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

Sold Everywhere Tablets or Liquid

FOR CATARRH AND CATARRHAL CONDITIONS

WILL NOT APPROVE COUNCIL'S ACTION

Outgoing Mayor Sticks to His Position in City Attorney Matter.

Another unsigned order has been added to the collection in the office of City Clerk A. H. Akre by the refusal of Former Mayor G. A. Penney to attach his approval to the voucher for $600 voted by the city council as pay for legal services performed by Attorney Theo. Quale. A bill for this amount was presented by Mr. Quale at the meeting of the council in December and ordered paid.

Ex-Mayor Penney bases his refusal to approve the order on the assertion that it provides payment for services as city attorney at a time when Mr. Quale was not in a position to act as such official for the reason that he was also county attorney. Mr. Penney maintains that this lump sum of $600 represented a year's salary at $50 per month as city attorney and that as he refused at all times to sanction the payment when it was presented to him in $50 amounts he cannot consistently approve it now merely because it has been lumped into one sum.

The former mayor continues to hold that this fee is designed to cover the payment for services as city attorney at a time when Mr. Quale was disqualified from acting as such official and that no resolution was ever passed by the council employing him in any manner as special counsel.

Both Mr. Penney and Mr. Quale are now out of office so far as the city is concerned but the controversy as to whether or not the city is legally indebted to the former for services rendered during the year 1919 is apparently no nearer settled than it was six months ago.

Lyceum Theatre

The Theatre of Quality

Thursday, Jan. 15—

See Dolores fight for love and life aboard the whaler.
Scenes Actually Made at Sea

PLANNING TO HELP CUPID GET START

Free License and Ceremony For First Lady Applicant This Year.

Judge N. W. Tarrant and Clerk of Court Adolf Eklund are going to do their best to see that the girls do not overlook the opportunities presented by leap year. Up to date no lady has bashfully applied to the court house official for the legal permit whereby she will be entitled to take unto herself an incumbrance in the shape of a man, and it is felt that something ought to be done to start the campaign off right. The city contains a large number of bachelors who ought to be looked after and as they do not seem to have sense enough to take the necessary steps themselves the judge and clerk are going to see if they cannot assist them.

Mr. Eklund says that the first lady applying at his office for a license will receive the document free of charge, and every little thing helps in these times of high costs. Judge Tarrant will do his share by refusing to take anything in the way of a marriage fee from the party vouched for by Mr. Eklund, thus adding his mite toward setting the couple up in housekeeping.

But that is not all. In case the applicant is an "old maid" a substantial present will be added, but the nature of this gift is not disclosed. Neither is the definition of what these gentlemen term an "old maid" given out. If an admission on the part of the applicant is necessary it may be some time before the officials are called upon to redeem their pledge, but it is made in good faith nevertheless.

Local News Notes

Miss Gladys Kiel of Hazel spent Saturday in this city as the guest of friends.

Miss Minnie Linstad, accompanied by Miss Myrtle Rosland, were visitors at Warren on Saturday.

Miss Mable Gulden of Grand Forks arrived on Monday and will spend a few days visiting with friends.

Rev. O. J. Lundell went to Roseau on Saturday morning where he is conducting services for a week.

Mrs. L. Crown left on Saturday morning for Rosewood to spend a short time visiting with her parents.

Miss Rose Severson spent Saturday at Hallock, visiting with friends. She returned to this city in the evening.

Mrs. Carl Taie left this city on Saturday morning for Middle River, where she will visit for a short time.

Martin Johnson returned to this city on Wednesday from Middle River where he had been attending to business affairs.

Mrs. O. A. Thompson returned to her home at Holt on Wednesday after having received medical treatment in this city.

Miss Clara Ingvaldson arrived on Saturday morning from her home at Climax and is a guest at the home of her sister, Mrs. Nyland.

Mrs. B. Carpenter left on Saturday afternoon for Crookston, where she will visit for a brief period with a daughter residing in that city.

Miss Clara Hanson arrived here the the latter part of the week from her home in Cass Lake, to assume her duties as pianist at the Princess.

Mrs. John Becker of Loyola, Wyo., arrived here on Wednesday morning and will spend an indefinite period visiting at the home of Mrs. F. Protz.

Miss Minnie Stromberg of Strathcona, spent the first of the week in this city receiving medical treatment. She returned to her home on Wednesday.

Mrs. C. H. Turrin, who has spent the past two weeks visiting with her two daughters residing at Argyle, spent a short time in this city on Wednesday enroute to her home at Fox.

Bart Anderson Wangenstein, who has been the guest of his parents for the past month, left on Tuesday evening for Peoria, Ill., where he will attend a horological college and take up the study of optics.

Mr. and Mrs. R. Juneau and daughter, Mertha, spent Tuesday in this city enroute to their home at Fisher, Manitoba, Can. Previous to their visit here they were the guests of friends in Red Lake Falls.

John Gorem, who has been visiting at the home of Mr. and Mrs. E. Dahl for two weeks left on Tuesday evening for Minneapolis, where he will spend a couple of days prior to leaving for his parental home in Kennedy.

Frank J. Kelly, who visited for a short while at the home of his uncle J. Kelly in this city, left on Sunday evening for Mahnomen, where he will extend his visit with relatives before returning to his home at Conway, N. D.

Supt. W. A. Ziegler left on Tuesday evening for Minneapolis, where he will attend a conference called by Mr. Phillips, state inspector of schools, to discuss laws relating to Smith-Hughes schools and other industrial schools.

Mrs. Earnest Michaels of Minneapolis arrived the first of the week and is a guest at the home of Mrs. Thomas Rowan. Mrs. Michaels was formerly Miss Forbes, who taught in the city schools a few years ago and is well known to local people.

Mrs. E. Chapman of Saco, Mont., arrived here on Tuesday from Detroit, where she had been visiting relatives, leaving on Wednesday morning for Rainey River, Ont., where she will be the guest of the family of her brother, A. C. Brooks.

E. M. Bennes returned on Sunday morning's train from Fargo, where he attended the general agents meeting of the Lincoln National Life Insurance company. While there he also took in the North Dakota Life Underwriters association meeting held there on Saturday.

Mrs. J. H. Holstein arrived Monday evening from Detroit, Mich., and visited with friends last Tuesday, leaving on Wednesday morning for Overley, N. D., where she will spend two months as the guest of Mr. and Mrs. A. E. Bratt, who were former residents of this city.

MARKET STEADY ON CATTLE; HOGS GAIN

Best Steers Last Week Brot $18, Hogs $14.80 and Sheep Higher.

South St. Paul—(Special to The Times) The cattle market closed nominally steady last week but showed some weakness in spots. Trade was a littl slow at the finish with some buyers quoting steers steady and she stock weak to 25c lower. Best steers for the week topped at $18, one small lot of Shorthorns reaching that figure. Few sales were made over $13.50, though one lot of Wisconsin fed cattle sold up to $14.50. Bulk cleared at $10@12 with inferior kinds at $8@9.50. Most butcher cows cashed at $6@8 with choice heifers around $9@9.75 and occasionally higher. Canners and cutters were listed in the $.25@6 spread with bulls at $6@9 generally except for choice butchers which sold up to $10. Veal calves closed with top at $17, though $16.75 caught a lot of the better ones. Stocker and feeder trade was slow and steady. Dairy cows were slow sellers except for the choice milkers or springers. Receipts were 21,000.

Hogs opened strong and closed on better basis than at the mid-week session but the market was erratic. Tuesday's top was $14.80 and dropped to $14.10 Thursday. Then values reacted and climbed back to $14.50 on Friday. Closing trade was registered at $14.30@14.40 with top at $14.50. Pigs sold at $9@13.75. The week's receipts were more than 80,000.

Sheep and lambs closed strong and from 50c@$1 higher for the week. Best lambs are quotable up to $18.25 with inferior grades at $7@12. Wethers are selling at $8@11.25 and ewes at $5@10. Feeder lambs are about $1 higher and are selling up to $15 in some instances. Receipts were 15,000.

THIEF RIVER FALLS TIMES

WITH WHICH IS CONSOLIDATED THE THIEF RIVER FALLS NEWS-PRESS

VOL. 9. $2.00 PER YEAR THIEF RIVER FALLS, MINN., THURSDAY, JANUARY 22, 1920 12 PAGES NO. 50

CREAMERY GAIN FOR PAST YEAR $7,500 A MONTH

Business of Local Institution Increased Eight-Fold in as Many Years.

BUTTER VALUE $277,250

Over $500 is Paid to 116 Patrons For Milk and Cream During Year.

Beginning with a total business of $40,000 in 1912, the first year of its operation, the Thief River Falls Co-Operative Creamery association has grown to a point where its total now aggregates $319,701. This is almost an eight-fold increase in as many years and is a record of which everyone connected with the enterprise is justly proud. Last year the amount of business was $226,046.

Increase in Receipts.

While it is true that the higher prices of the past year have had much to do with bringing the total business to its present figure, the report shows that the receipts of milk and cream were considerably greater than during the previous year. In 1919 there were 1,436,151 pounds of cream brought to the creamery as compared with 1,240,360 pounds for the previous twelve months, an increase of 195,791 pounds. The milk receipts increased from 246,524 to 329,300 pounds, while the skim milk receipts dropped from 351,117 to 76,407 pounds. The average cream test also improved, being 27.36 per cent for 1918, and 28.93 for the past year. The milk test improved by four-tenths of one per cent. Average price paid for butterfat in 1918 was 52.2 cents, last year it was 63.70 cents. Butterfat receipts increased 18 per cent and the gross amount of business 41 per cent.

Patrons Get Increase.

The amount paid out to patrons of the creamery in actual cash during the past year was $270,804, an increase of $24,280 over 1918.

According to the report submitted by Secretary Peter Engelstad, there were 116 patrons of the creamery who received more than $500 for the products of their herds during the year. The list is headed by Hans Anton, whose Holsteins produced $3,703.84 worth of milk and cream. Peter Engelstad comes next with a total of $2,514.44, followed by Jens Kirk whose total foots up $2,183.80. There are 20 patrons whose receipts ranged between $1,000 and $2,000.

Start With Balance.

Treasurer S. O. Lee also submits his report along with that of the secretary. It shows that there was a cash balance on Jan. 1 of $1,406.72, in which is not included a Liberty Bond for $1,000.

The latter report shows a wide range in business for the different seasons, the disbursements for February being the lowest, $15,638 having been paid out for that month, as compared with $41,380 for June.

Annual Meeting Saturday.

The annual meeting and dinner of the association will be held next Saturday, Jan. 31, the dinner being served at the Zion church from 11 until 1 o'clock. The meeting will be held at the commercial club rooms at the conclusion of the meal. Important topics to come up for discussion will be the erection of a new creamery building and an amendment to the constitution which limits the amount of indebtedness of the association.

NEW OWNERS FOR CRONSTROM STORE

Peoples Co-Operative Company Buys Stock and Fixtures—Open Soon.

The Peoples Co-operative company, composed principally of local railroad men and farmers residing near the city, this week purchased the grocery stock and business of O. L. Cronstrom at 109 Third street east, Mr. Cronstrom turning the place over next Saturday evening.

A. P. Fox is president of the co-operative concern and Paul H. Harris, secretary. The articles of incorporation of the new enterprise were published some time ago and a large share of the stock subscribed for, but until now no suitable location has been available. A large amount of additional wares have been ordered and it will be in place before the doors are opened to the public. It is expected that it will take about a week to secure an inventory and have things ready for the opening.

Enlarged Quarters.

A fifteen foot addition is being built onto the Prichard building, formerly the Tupper, on Third street east. The ground floor is occupied by the Simonson Meat and Grocery company and the Langseth shoe store and will give these business places considerable more room. The work will probably be completed next week, after which the merchants will make the necessary changes without delay.

Y. W. C. A. Dist. Delegates Guests in City For a Day

A meeting of the Seventh District of the Y. W. C. A. was held in this city on Monday. Arrangements for this conference were in charge of Mrs. J. M. Bishop, the district chairman. The following ten counties are included in the district: Norman, Clearwater, Roseau, Red Lake, Polk, Mahnomen, Beltrami, Marshall, Kittson and Pennington. The county chairmen present were: Mrs. Jason Weatherhead Ada; Mrs. Albert Wiltse, Bagley; Mrs. Anna Connely Olsen, Roseau; Miss Effie Jenson, Red Lake Falls; Mrs. O. E. Bertleson, Crookston and Miss Effie Hamry, Thief River Falls. The guests were taken to the Evelyn hotel for luncheon which was followed by a short conference, after which they attended the Woman's club meeting held in the Commercial club rooms. In the evening Mrs. Leslo Gray, state director of the Y. W. C. A., who was also present at the conference, delivered an interesting address at the Community Girls' club meeting. The invitation of the club was greatly appreciated and the visitors expressed their thanks for the courtesy and co-operation of the members.

DISTRIBUTING POINT FOR STANDARD OIL

Company Secures Option on Property at South End of LaBree Avenue.

The Standard Oil company has decided to make Thief River Falls the distributing point for its products for this section of the country, equipping here a station similar to that at Fargo. An option has been secured on Lots 1, 2, 3, 4, 5 and the south four feet of Lot 6 of Block 61 of the Original Townsite of Thief River Falls. This is the tract lying just south of the Winton-Nichols lumber yard and extending to the Great Northern railway tracks.

It is understood that the plan is to build three or four large warehouses and to supply the region to the north and west with the products of the Standard. Because of their location these structures will have to be of a substantial nature and it is known that a considerable outlay is intended. Whether or not this is the site finally decided upon, it is certain that the company intends constructing such station in the city.

GENERAL INCREASE IN CITY SALARIES

Council Recognizes Fact That Living Costs Are Scandalous.

Hired help is going to cost the city more during the coming year, placing the municipality on the same footing as other employers of labor of different kinds. The advances are in most cases very moderate and the taxpayer will realize that they were absolutely necessary.

Where no increase is indicated in the table below it is for the reason that increases have previously been granted. The rate of pay for the coming year has been fixed as follows:

Mayor	$100
City physician	200
Health officer	200
Aldermen	100

The above salaries are for the entire year; those following are for the month:

Position.	Sal.	Inc.
City clerk	$130	$10
Treasurer	25	
City attorney	65	15
Chief of police	100	10
Patrolmen	95	10
Deputy city clerk	115	15
Street commissioner	90	5
Poor matron	60	10
Librarian	75	15
Fire teamster	160	5
Water & Light Supt.	160	
First electrician	105	
Second electrician	105	
First engineer	115	10
Second engineer	110	5
Third engineer	110	15
Incinerator Supt.	80	5
Auditorium janitor	80	
Garbage collector	75	
Municipal judge	95	

Famous Accordion Virtuoso Has Had Eventful Career

Torstein Skarning, the famous Norwegian accordion virtuoso who will appear in Thief River Falls shortly, has had his fill of experience during the past few years. He was arrested as a spy in Russia and had to appeal to the Norwegian consul for aid in getting out of the difficulty. A similar experience befell him in Brooklyn because he was taking a snapshot of a bridge, not knowing that this was against the law. He was detained at the headquarters of the army there until an investigation was made, after which he was immediately released, his absolute innocense being proven.

Skarning has played before every crowned head of Europe and some which no longer wear crowns. He is without doubt the greatest artist on the accordion to be found in the world.

1863 NAMES ON P. P. TAX LIST OF THE COUNTY

City of Thief River Falls Contains 28 Per Cent of the Total.

LIST OF TOP-NOTCHERS

Oen Mercantile Co. Heads List With First & Peoples Bank Next.

In another section of The Times today will be found the list of personal property tax payers in Pennington county together with the amounts each will be compelled to pay before the first day of March. It is very important that this notice receive the most extensive circulation possible and the work was entrusted to The Times, it being known and admitted that this paper reaches more people in the county than all other publications combined. The work of compilation was completed by County Treasurer John Gullingsrud this week.

28 Per Cent in City.

The total number of names on the list is 1863, of which 524 are in the city. It is approximately 28 per cent of the total and conforms closely to the accepted estimates regarding the proportion.

The heaviest taxpayer on the list below is the Oen Mercantile company, although it is probable that the Hanson & Barzen company is the greatest contributor by reason of its widely scattered holdings, extending over a number of townships. Banks and wholesalers are among the chief taxpayers, there being no individuals on record whose personal property, even with the moneys and credits added, comes anywhere near reaching the figure of these concerns. Following is a list of those whose taxes amount to $500 or more:

Oen Mercantile Co.	$2,057.40
First and Peoples bank	1,996.30
Thief River Grocery Co.	1,931.04
Teasum Company	1,079.78
Farmers & Merchants bank	1,072.80
Hanson & Barzen Co.	931.21
Winton-Nichols Lbr. Co.	812.61
First National bank	778.85
Standard Oil Co.	704.02
Times Prtg. & Mfg. Co.	690.57
Loken Brothers	648.15
The Prichard Co.	597.17
N. W. Drainage Co.	588.16
Citizens State bank	539.98

Among the Farmers.

In the county outside of the city and two villages there are 1339 persons who are down for personal property taxes. The town of North has the largest number, there being 118 residents of that subdivision on the list, while the township of Goodridge has the smallest representation with 29. Following is the number in each township, according to the published list:

Black River	46
Bray	41
Cloverleaf	50
Deer Park	60
Goodridge	29
Highlanding	93
Hickory	70
Kratka	78
Mayfield	44
Norden	69
North	118
Numedal	39
Polk Center	43
Reiner	50
River Falls	68
Rocksbury	109
Sanders	43
Silverton	59
Smiley	92
Star	72
Wyandotte	60

The Highest and Lowest.

Charles Johnson and Elizabeth Avelson, both of Black River township, admit possession of $3,000 in moneys and credits, this being the high figure among the farmers. There are seven persons in different sections of the county who have between $2,000 and $3,000 and a much larger number whose holdings in this respect are above $1,000.

The three low men on the tax list outside the city are H. Arneson of Smiley, five cents; A. C. Holden of North, 13 cents, and James Bakke of Smiley, 21 cents.

Outside of the banks and mercantile establishments the following are the heaviest taxpayers in the rural districts:

N. E. Beebe, Rocksbury	$148.09
Arne Vik, River Falls	104.47
Ole Grinde, Silverton	79.00
Peter Engelstad, Rocksbury	75.26
F. B. Conklin, North	72.56
Joe Oaki, Cloverleaf	65.80
R. J. McKercher, Black River	63.84
Waldie Christenson, North	59.54
Otto Rehm, Kratka	57.50
A. T. Funnesdahl, Norden	55.00
Nicoly Urdahl, Goodridge	54.32
J. J. Stenvick, Reiner	50.48

Is Only Notification.

The official publication appearing in The Times this week will be the only notification sent out that these taxes are due. The tax must be paid before the first day of March if penalty is to be avoided.

Miss Lillian Provencher recently entered the Physicians hospital as apprentice nurse.

Holt County Seat Boosters Get Ahead of Middle River

The people of Holt do not intend to overlook any bets in their efforts to have their village made the county seat in case the attempt to divide Marshall county is successful. Their petition was the first one presented but it was found that the territory proposed for the new county of Liberty did not come up to the requirements in the way of taxable valuation and it was necessary to start another at once. More territory was included and the field gone over once more with the result that a document able to withstand all assaults was secured and presented to the governor last Tuesday afternoon.

Middle River was busy on the same proposition at the same time, but the boosters there did not get their petition to he governor until Wednesday morning. Whether or not this will have any effect upon the ultimate result remains to be seen.

There is keen rivalry over the county seat selection and it would not be surprising to find the fight growing so bitter as to defeat any attempt at division.

EXPECT CROWD AT CLUB LUNCH AND ELECTION

Election of Officers and Other Important Business Will Follow Supper.

TURKEY AND TRIMMINGS

Matter of Future Club Location Will be Definitely Settled.

It is not going to be one of these functions at which you grab a handful of grub, eat it with the arm of a chair for a table and feel uncomfortable all the time for fear you are getting an elbow into your neighbor's grub pile. Not by a long shot. Those who attend the annual supper and meeting of the Commercial club this evening are going to be served right and at properly appointed tables. They will get roast turkey with all the hereditaments and appurtenances thereunto belonging, and they will get plenty of it. Julien Provencher is going to serve and he promises that there will be both quantity and variety.

Will Elect Officers.

The supper hour is 6:30 o'clock. As much time as needed will be devoted to eating, after which there will be a meeting of much importance. Officers for the coming year are to be elected, a program of activities discussed and a decision reached as to whether or not the present quarters of the club are to be maintained. The proceedings will be full of interest for everyone, and it is expected that everyone will be there.

Cost One Plunk.

The supper will cost a dollar, but it will be worth it. Anyone not satisfied has the privilege of taking the subject up in the meeting afterwards and if it is found that his objections are well founded he will be given another supper.

Do not fail to attend this meeting. It is the most important of the year and of the attitude of the members this evening may depend to a very decided degree the value of the Commercial club in the future.

FANCY PRICE FOR PUREBRED CATTLE

Fred Cuno, Grygla Farmer, Pays $1200 Cash For Two Holstein Cows.

Hardly a day passes but what brings to light some progressive farmer who has done something out of the ordinary in the way of improving his livestock holdings. On Saturday Fred Cuno, a well-known farmer residing near Grygla, passed thru Thief River Falls on his way home in charge of two Holstein cows for which he had paid $1,200, securing the animals from the Schumacher herd near Glenwood.

One of the cows is a three-year-old with A. R. O. rating. During the first week in December she produced 13 pounds of butter fat and completed the month with a record of 58 pounds. During this test she maintained a daily milk yield of 93 lbs.

Mr. Cuno has at the head of his herd a bull that is a half-brother to the animal sold at Moorhead last summer for $65,000. Mr. Cuno is one of the most progressive dairymen of eastern Marshall county and is steadily improving his herd.

The purchase of the above mentioned stock was made with the assistance of A. J. Andersen of the Citizens State bank of this city, formerly a resident of Grygla and a strong booster of the dairying industry for that section.

COUNTY STARTS WITH BALANCE IN EVERY FUND

Statement Shows Business Has Been Well Administered During Year.

BONDED DEBT IS SMALL

With Ditch Bonds Omitted Liabilities Foot Up But $139,650.

The annual statement submitted by County Auditor T. P. Anderson to the board of commissioners shows that the county is in excellent financial condition and that matters have been carefully and economically administered during the past year. There is a surplus remaining in practically every fund and the year 1920 is begun with the very neat treasury balance of $77,583.

Figures Misleading.

To look at the statement without understanding the figures, one might be led to believe that the county was in dire straits. This is caused by the large sum carried as a liability by reason of the various ditch bond issues outstanding. While this sum must be accounted for in the liability column it is in reality chargeable against the lands benefitted by the various ditches and liquidation will not have to be accomplished through general taxation. With this item omitted it is found that the actual value of the roads and highways of the county alone more than offset the total indebtedness, which in actual figures is $139,651.40.

The Balance Sheet.

The county has $56,317.40 to begin business with at the opening of the year. Receipts from different sources during the twelve months were as follows:

Receipts.

Bal. Jan. 1, 1919	$ 56,317.40
Current tax collections	284,390.40
Penalties, int. and costs	1,964.57
Delinquent tax collections	22,575.77

(Continued on page 5.)

Visit Old Home in England.

Thomas H. Smith, cashier of the Farmers State bank of Mavie, accompanied by his brother, Wesley H., left Friday evening for New York City, at which port they will embark on the 26th for England. They will visit the scenes of their boyhood and spend a couple of months with their parents and other relatives before returning.

Wesley recently returned from service with the army, having been given opportunity for a short visit with the old folks enroute to France. At that time he promised to return in company with Thomas H. in case he reached America again safely.

WANTS 400 ACRES FOR SUGAR BEETS

Shaska Company Offers to Furnish Seed and Pay Expenses of Expert.

Arrangements have been made with the Shaska Sugar Beet company for the securing of 400 acres of land in Pennington county for the growing of sugar beets. The company agrees to furnish the seed at 25 cents per pound and pay the expenses of having an experienced man on the ground to instruct the growers as to the fitting of the soil, seeding, weeding, thinning, etc. The company guarantees the regular contract price of $9.00 per ton delivered f. o. b. Thief River Falls, also a regular sugar beet drill at the rate of 50 cents per acre.

Literature, telling of the yields and care of the sugar beet crop, will later be on hand at the Farm Bureau office, where each grower can secure a copy. The Farm Bureau of Pennington county has conducted several plots during the last two years and has found that beets grow well in this locality, containing a high percentage of sugar.

Anyone wishing to plant a small field should notify County Agent J. J. McCann.

NONPARTY LEAGUE MEETING JAN. 26

Senator Magnus Johnson and A. E. Bowen Will Speak at Auditorium.

The Nonpartisans of the county will hold a big rally at the auditorium in this city on Monday, Jan. 26, when A. E. Bowen, one of the best known lecturers on the staff of the organization, and State Senator Magnus Johnson, are scheduled to speak. The meeting will take place at 2 o'clock p. m.

An invitation is extended to the general public as well as the farmer members of the league to be present and hear the program of the organization mapped out. Senator Johnson and Mr. Bowen have been making a tour of the state and have everywhere been greeted by large crowds. This will be the biggest league meeting of the winter and it is not likely that there will be any other speakers until after the nominations have been made.

Soldier Recovering Health In Government Hospital

A. Svensgaard, son of Mrs. Karen Svensgaard of Cloverleaf township, is recovering his health in the government hospital at Hot Springs, S. D. The young man entered the service in February, 1918, but was taken sick at the outset and spent a year in the barracks hospital in South Carolina. He returned home last summer but his ailment persisted and he was sent by the local board to Hot Springs where he has since remained. He states that he is now greatly improved and that there is no doubt but that he will be able to leave the hospital in the spring. He intends returning to Pennington county after being discharged.

TIMES IS AWARDED PROWLER PRINTING

Staff Already Hard at Work and Determined to Excel Former Efforts.

At a meeting of the committee in charge of The Prowler, the annual publication of the senior class of the Thief River Falls high school, held last evening, the contract for printing the book was awarded to The Times Printing and Manufacturing company. The work this year is to be on a more elaborate scale than ever before and an art production from start to finish. The gathering of material has been going on for some time and many of the photographs have already been sent to the engraver.

Miss Vera Daily has been made editor-in-chief, the remainder of the force remaining as previously announced. Assisting Miss Daily will be an advisory board composed of Norman Dybvig, general manager, Alice Berg, assistant editor, Milden Boreen and Clarence Vevea

NEW OFFICERS FOR POULTRY FANCIERS

L. H. Lawrence Elected President and J. J. McCann Again Chosen Secy.

The Pennington County Poultry association held its annual meeting in the farm bureau office last week and elected officers for the ensuing year. L. H. Lawrence was chosen president, H. F. Erickson, vice-president; J. J. McCann, secretary; Mrs. Harry Woolson, treasurer. Directors were named as follows: K. T. Dalagher, St. Hilaire; F. B. Conklin, Thief River Falls; O. B. Mandt, Goodridge; Casper Weiner, Hazel and E. W. Battenfeld, Thief River Falls, the latter to represent the western part of Pennington county.

One-half interest has been taken in the coops belonging to the Red Lake County Poultry association at a cost of $192.00. Plans and arrangements have already been begun for the next annual poultry show which is to be held during the fall of 1920. It is the plan of the local organization to make this exhibit bigger and better than ever before.

GOOD SEASON FOR STOCK SHIPPERS

Over $28,000 Worth of Stock Sent Through Local Association.

At the annual meeting of the Pennington County Live Stock Shippers association held last week, Hans Anton and H. C. Woolson were reelected president and secretary respectively and Fred Kopp chosen vice president. Emil Griebstein was reappointed to the position of resident manager.

The association has had a very good season, the secretary's report showing that over $28,000 worth of live stock had been shipped to South St. Paul yards. The report submitted was as follows:

Total number of animals shipped, 832; number of animals died and crippled in transit, 5; number of patrons, 271; paid to patrons, $26,235.26; St. Paul expenses, $1,467.83; home expenses, $45.65; manager's commission, $352.90; sinking fund, $99.27; total received, $28,188.55; paid out of sinking fund; $33.17; balance in sinking fund; $66.10; average expense per cwt., 67 cents.

Flour Price Reduced.

Flour dropped 50c a barrel in the Minneapolis market Tuesday. Standard flour in 98 pound cotton sacks sold for $14.25 a barrel. The general market decline in wheat was given as the reason for the reduction.

WILL EXHIBIT PRIZE CATTLE AT CROP SHOW

Pennington County Breeders to Contend For Honors at Crookston Exhibit.

ALL IN PUREBRED CLASS

Three Herds of Shorthorns and Holsteins Represented on Lists.

Pennington county live stock breeders are going to be represented at the annual farm crops exhibition of the Red River Valley Development association at Crookston during the week of February 9. Three breeders have already applied for space for their entries and it is likely that this number will be considerably increased. Those who have signified their intention of competing are: Jens Letness, Silverton township, Shorthorns; V. C. Noper, North township, Holsteins; O. Weckworth, Smiley township, Shorthorns.

The Red River Valley is fairly moving in anticipation of the Red River valley live stock show. There is some baa-ing and squalling also, as sheep and swine expect to be paraded at the pure bred show which is to be held in Crookston during that week. Already 60 exhibitors have written for entry cards. Most of them will consign stock for the show and many will have animals listed for the sales. Entries have been received in the following classes: Shropshire sheep; Duroc Jersey, Poland China, Yorkshire, Berkshire and Chester White hogs; Shorthorn, Holstein, Red Poll, Angus and Hereford cattle, and baby beef in the boys' and girls' calf club contest. The exhibits will come from Pelican Rapids to Roseau, every county being included.

The new 75x140 addition, two stories, and the basement of the pavilion will provide room for 600 head. The space will be taxed to capacity, necessitating new buildings if this show is to grow and expand.

Judging By Specialists.

Specialists will do the judging, including Frank Kleinheinz, Madison, Wis., for sheep; H. A. Derenthal and H. W. Vaughan for swine, and W. H. Peters, J. S. Montgomery and W. A. McKerrow for cattle. The judging will be done Monday, Feb. 9, followed by an address the same evening by Hon. Duncan Marshall of Alberta, Canada.

On Tuesday evening there will be a Red River valley live stock parade which promises to excel any previous winter show event in the history of the state. On Wednesday evening the annual banquet of the Red River Valley Live Stock association will be held in the Elks' club rooms. Prominent speakers from ten states are scheduled for brief talks following the banquet.

Greatest Show Yet Held.

The programs include live stock meetings each day and in addition the different breed associations will hold meetings.

OPENING OF NEW MILLINERY STORE

Galloway & Hourigan Shop Will Be Ready For Business About Feb. 15.

The formal opening of the Bon Ton Millinery at 215 Third street east has been announced for about Feb. 15. At this time an authentic display of the newest and approved models will be shown and it is expected that the store will be crowded by those interested in fashions. The interior of the building has been remodeled and presents a handsome appearance.

The Bon Ton will be under the management of Galloway & Hourigan and will have the benefit of the personal supervision of Mrs. Galloway, whose former connection with the Carson-Pirie-Scott company of Chicago gives her an intimate touch with the millinery market. The local store will also be connected in buying power with eight others stores and is actively connected with two similar establishments.

Residents of Bemidji and Cass Lake, where Galloway & Hourigan now operate stores, are enthusiastic over the increased opportunities for choice of styles given by the opening of their establishments.

"It will be our endeavor to give to the people of Thief River Falls and vicinity the benefit of the same service that is being given residents of the Twin Cities," said Mrs. Galloway. "We are in intimate touch with the market, make frequent buying trips, and through our connections with the large wholesale houses are able to offer at the same time as Eastern stores any new novelties or styles introduced. We are much pleased with our location and with the people we have already met in Thief River Falls, and anticipate extremely pleasant relations with the millinery buyers of this city and vicinity."

SOCIETY and Club

Prof. Payne Delivers Fine Addresses at Woman's Club

There was a good attendance at the meeting of the Woman's club held on Monday afternoon. Three delegates selected to attend the mid-winter meeting at St. Paul, Feb. 11 and 12, as follows: Mrs. G. W. Booren, Mrs. R. McGinn, M. Vance and Mrs. G. S. Streeter. Announcement was made of Dr. Hieber's death. Mrs. Hieber was one of the charter members of the club. A piano duet: "The Barber of Seville," was beautifully rendered by Mrs. N. Harris and Mrs. Oscar Sponheim. Professor Arthur F. Payne, head of Industrial Education of the University of Minnesota, gave a lecture, his subject; "The Fundamental Causes of the Present Industrial Unrest."

"The present time is a very critical one in the history of this country," said Prof. Payne. "At no time has there been such a need for sane leadership and good judgment based on facts. There is a tremendous menace of I. W. W.'ism and Red Radicalism that threatens the very foundation of our national existence. It behooves all of us to search for the truth and the fundamental causes for the present very wide-spread unrest.

"There are certain fundamental conditions existing that cause this unrest that should be studied and remedies discovered. This study should be made in an impartial way, without prejudice or partisanship, recognizing no class distinction except the one class—the finest American citizens.

"The source of this industrial unrest is found in the eastern steel and coal mining industries," continued the speaker. "There we find large groups of illiterate foreigners who are without any ideals of America. They are herded together in bunk houses with unspeakable living conditions, where filth, disease and vice abound. In the large and small towns we find conditions of the worst kind resulting in an infant death which is the largest in the world. The infant mortality rate in New Zealand is 62 per 1,000, Norway 72, Sweden 72, Australia 72, Ireland 92, Denmark 98. In one of our largest steel towns it is 271 per 1,000.

"These foreigners have been coming in vast numbers to do our work. Our industries would stop without them. They are coming from illiterate countries—Hungary has a 50 per cent rate of illiteracy, Roumania 60 per cent, Russia 69 per cent, Servia 78 per cent with the Letts, Lithuanians, Montenegrains and Albanians equally as high. The fact that these people work such long hours makes it impossible or nearly impossible to Americanize them. Steel mills run 24 hours per day, seven days per week. The regular schedule is 11 hours on day turn one week with 13 hours on night turn the next week. No time is taken for meals and 7 hours left for sleep on the 11-hour shift and 5½ hours on the night turn. The great problem is one of Americanization. We simply must for our own sake and for the salvation of our country Americanize these people.

"Remedies suggested are that the people who make their money from these workers should be compelled to live in the town where these unspeakable conditions exist; that every foreigner coming to our shores should be given 364 days in which to take out his first citizenship papers and join an Americanization class, and if he has not done this on the 365th day he should be put on board a train and carried to the nearest seaport and sent back to the country from which he came."

Card Party.

A card party will be held in the basement of the Catholic church on Wednesday, Jan. 28. Everybody is welcome.

Basket Social.

The Lady Foresters lodge will hold a basket social in the I. O. O. F. hall Wednesday evening, Feb. 4th. Everybody welcome.

Wilma Booren Hostess.

A number of the friends of Miss Wilma Booren were entertained at her home on Duluth avenue last Friday evening. The evenings jollities ended with a delicious lunch.

Entertains.

Mrs. W. H. Akre informally entertained a few ladies on Wednesday afternoon. Needlework formed the diversion and a dainty lunch concluded the afternoon's enjoyment.

Party.

Miss Edla Norquist informally entertained a few of her friends at a party on Thursday evening. Music and games furnished the amusement of the evening. Refreshments were served at midnight.

W. C. T. U.

The W. C. T. U. will meet next Tuesday, Jan. 27 at the home of Mrs. Hans Langseth, 603 LaBree avenue north. They will be entertained by Mrs. Langseth and Mrs. O. H. Nelson. Everyone welcome.

Jopperu-Jopperu.

On Jan. 14, at the residence of Soren O. Bergland on Bridge street, occurred the marriage of Tilda Jopperu and Oscar Jopperu, both well known in Thief River Falls. The ceremony was performed by Rev. Geo. Larson with Soren Bergland and Karl Skomedahl acting as witnesses. Immediately after the ceremony a dinner was served to the contracting parties at the home of Soren O. Bergland. The newlyweds will make their future home on the Jopperu farm ten miles east of this city.

Luther League Meets.

The Young Peoples Luther league of the Trinity Lutheran church will meet in the church basement on Thursday evening, Jan. 22 at 8:30. Lunch will be served by Miss Selma Rustebakken and Mesdames Anna Langseth, Ole Legvold, Jr., and Albert Engen.

Bridge Party.

Mesdames W. H. Akre, H. W. Protzeller and E. O. Mogenson, entertained twenty ladies at bridge at the home of the latter last Saturday evening. Prizes were awarded to Mrs. Nels Christianson and Mrs Lampert. A novel lunch consisting of chop-suey, rice and tea concluded the evening.

Snustad-Soberg.

At five o'clock on Sunday afternoon at the Zion Lutheran church in this city, occurred the marriage of Miss Agnes Soberg of Polk county and Olaf Snustad of Norman county. Rev. George Larson performed the ceremony in the presence of Miss Minnie Tennis and E. Aspelund and the congregation.

Jorgenson-Clausen.

Lars O. Jorgenson and Miss Minnie Clausen, both of Marshall county, were united in marriage on Jan. 14, at 10 o'clock at the Zion Lutheran parsonage with Rev. Geo. Larson, pastor of the church, officiating. Those who witnessed the ceremony were Miss Christine Clausen, an aunt of the bride and Henry Clausen, the bride's brother.

Informally Entertained.

Miss Lucille Grundhaus informally entertained a few of her friends at her home in this city on Friday evening, Jan. 16th. Various games and cards afforded the entertainment for the evening. Refreshments were served at midnight. Those who had the enjoyment of the evening were: Louise and Agnes Kvall, Roy and Esther Brown, Clara, Orton and Marcus Olson, Lena and Oliver Gullingsrud.

In Honor of Mrs. Michaels.

Miss Luella Peterson entertained a number of girls at her home on last Thursday evening in compliment to Mrs. E. Michaels who visited in this city last week. The guest of honor formerly taught in the local schools and the young ladies spent a very pleasant evening renewing the acquaintanceship of their former instructor. During the course of the evening light refreshments were served.

Thomas-Habedank.

A pretty home wedding was solemnized at 201 Crocker avenue on Monday evening at 7:30, when J. Thomas and Miss Rose Habedank were united in marriage, Rev. J. B. Smith of the M. E. church officiating. Thomas Moe acted as groomsman while Miss Myrtle Dostal attended the bride. Only a few intimate friends of the contracting parties witnessed the ceremony. The happy couple will make their future home in this city.

Nason-Erickson.

C. G. Nason, son of C. A. Nason, secretary and general manager of the Winton-Nichols Lumber Co., and Miss Helen Erickson, daughter of Mrs. Jennie Erickson of this city, were quietly married on Monday afternoon, Jan. 20th, at the Methodist parsonage, Rev. J. B. Smith, pastor of the church officiating. The newlywods left the same evening on their honeymoon, which will be spent in Minneapolis and St. Paul. Mr. and Mrs. Nason are both well known and popular young people of this city, having been born and educated here. The bride was a sophomore in high school at the time of her marriage, while the groom was graduated with the class of 1919. Their many friends extend hearty congratulations and best wishes for their future happiness. Mr. and Mrs. Nason will reside in this city.

Community Girls Club.

The Girls Community club met on Monday evening in the Commercial club rooms with a fairly large attendance, the members of the Woman's club being the guests of the evening. A short musical program preceded the main feature of the evening's entertainment, which was a very interesting talk on Y. W. C. A. work by Mrs. Leslie Gray of Minneapolis, state director of the Y. W. C. A. In her talk Mrs. Gray related the conditions existing among the women in foreign nations, particularly in China, Turkey and South America, and impressed the urgent need of assistance from the Y. W. C. A. She also emphasized the work being done by this organization in the United States adding that the finest Y. W. C. A. in the world was located in the city of St. Paul. An unexpected treat was enjoyed when Mrs. Gray delighted the audience with humorous readings at the special request of Mrs. J. M. Bishop. She is a reader of exceptional ability and every number was liberally applauded. The session closed with the serving of refreshments by the H's.

Automobile Exposition and Tractor Show a Great Event

Ten acres of Florida with its sunshine and flowers and palm trees will be set down in the heart of Minnesota when the Twin City Automobile, Truck, Tractor and Industrial Exposition holds forth at the Overland Building, Midway, the week of Jan. 31-Feb. 7.

And in th's novel setting will be found no less than five great shows rolled into one.—Passenger cars, commercial cars, tractors, accessories, and industrial displays will make up the contents of the five floors.

There will be lots of music, plenty of lights and dancing—everything to cheer the visitor from the first to the fifth floor. The carnival spirit will be in the air all eight days of the show. The whole Northwest seems prepared to answer the management's invitation to "come on in."

Notice.

The annual meeting of the Thief River Falls Co-operative Creamery association will be held at the Commercial club rooms on Saturday, Jan. 31, at 1:30 p. m. Dinner served at Zion church between 11 and 1 o'clock. Among other topics taken up will be the construction of a new creamery building and also amendment of Article IX of the constitution, relative to limit of indebtedness.

P. ENGELSTAD,
Secretary.

j 23-29

Girls Make Good On Double Jobs

Capable "bookkeeper-stenographers" are always in great demand and earn good salaries. Northern business men nearly always call for the thoroughly trained students of Dakota Business College, Fargo, N. D., to fill this two-in-one job.

Within a few days Miss E. Brendemuhl was thus employed by the Northwestern Telephone Exchange, Miss M. Larson by the Master Oil Co., and Miss E. Veden by the F. O. Knerr Dairy Co.

"Follow the Succe$$ful." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D., for information.—Adv.

The First National Bank
of Thief River Falls

Capital and Surplus, and undivided profit over 100,000 dollars

This strong, progressive bank, conducted along conservative and modern lines, offers every facility consistent with sound, prudent banking for the satisfactory handling of your business.

GIVE US A CALL

Resources over One Million Dollars

Get Started Early

In spite of all views to the contrary, it is probable that the coming spring and summer will see the greatest boom in building operations for many years. This means that labor and materials will be in great demand and are consequently liable to be high in price.

Get Your Start Now

The man who orders his material now and has it hauled on the snow will be saving quite a sum of money. He will be getting the advantage of the present price, which is lower than there is any posibility of its being again for some years, and he gets his hauling cheaper. Last but not least, he will be ready to begin work with the opening of spring. You will be money ahead if you act on this suggestion.

The Prichard Co.

Income Tax Returns

The First and Peoples State Bank is prepared to render assistance in preparing income tax returns.

In order to enable us to give the best service possible in this instance our Mr. T. M. Thronson was sent to the Income Tax School at Mpls for the purpose of familiarizing himself thoroughly with the exact requirements of the government and his services will be at call of anyone desiring assistance.

To partially reimburse us for his time and the expense we have been put to in preparing for this service we will make a minimum charge of $1.00 for each return.

The above charges include the notarial fee.

No charge will be made for examining statements submitted for the purpose of determining whether or not a return is necessary.

The Federal Income Tax Law is very complicated and the Internal Revenue Department is continually finding it necessary to make new rulings and change old ones. Authorities differ in interpreting the law and various rulings so that it is impossible for the Bank to assume responsibility for the opinions given to patrons.

However in offering this service this bank has made every effort to give the best advice they can obtain.

Please bring your statements of income and expense early.

THIEF RIVER CO-OPERATIVE CREAMERY ASS'N.

TO FIGURE INCOME TAX IS AGAIN PROBLEM

Instructions Are Sent From St. Paul to Assist the Taxpayer.

DETERMINE FOR HIMSELF

Payments May Be Made in Four Installments—Guessing is Dangerous.

The Federal Income Tax season opens today, with the distribution of the forms for personal returns from the office of the Collector of Internal Revenue at St. Paul.

From now until the bell rings on the night of March 15, the annual returns covering income for the year of 1919 will be figured out and filed by citizens and residents, together with payments of tax due.

Taxpayer Must Decide.

The burden of fulfilling this obligation is laid by law squarely on the shoulders of those who are American citizens or residents. Every person must determine for himself whether his net income for 1919, figured according to the revenue law, was sufficient in amount to require a return.

If he is single, a return is required if his net income for 1919 was $1,000 or over. A widow or widower is classed as a single person. A man or woman living apart from his wife or husband is also classed as a single person.

First Payment With Return.

If he was married and living with his wife on Dec. 31, a return is required if his net income for 1919 was $2,000 or over. In his net income he must include that of his wife and minor children, if any.

If a tax is due on his income, he must make payment with his return. This payment may be made in whole or in part of the tax due. At least one-quarter of the tax must accompany the return.

The filing and payment must be done before midnight of March 15, or he is classed as a delinquent and is subject to severe penalties.

To Avoid Penalty.

Two forms are being distributed for personal returns. Form 1040 A is intended for use by a person whose net income does not exceed $5,000. A larger form, 1040, is intended for each person having a net income in excess of $5,000. Both of these forms are now obtainable at Internal Revenue offices and at banks and post offices.

It is urged by the Internal Revenue Bureau that taxpayers obtain their blanks at once. Failure to have a blank form at hand for an eleventh-hour return will not relieve a person of penalty for failure to comply with the law.

Each form contains instructions for preparing and filing the return, and these should be carefully read and strictly observed.

There is also provided a "work sheet" which should be used for making the original computations, and which should be retained and preserved by the taxpayer.

Guessing Will Not Do.

Any person who is in doubt on points affecting his particular case, should bring such matters to the attention of the nearest Deputy Collector or Revenue Agent, who will render every necessary aid without charge.

When the return is completed it should be properly executed and immediately filed. Any internal revenue officer will administer the necessary oath without charge.

It is pointed out that accuracy in compiling the return is absolutely necessary. Mere guesses and estimates as to income and deductions should be avoided and actual facts and amounts should be set forth. And this is equally important in considering the question of whether a return is required.

GYM PROVING VERY POPULAR WITH ALL

Women and Boys, as Well as Men, Enjoy Its Advantages.

The value of the recently installed gymnasium is attested by the large number of persons who disport themselves there every day in the week. There are classes for men at 5 every afternoon, the work being under the direction of S. Salveson. A boys' class has been started and has the use of the equipment from 7 to 8 o'clock on Tuesday, Thursday and Saturday evening, Clarence Pope being in charge. Wednesday night has been set apart for the ladies, who meet at 8 o'clock under the guidance of Miss Gunlaugson of the high school faculty.

Every member of the different classes is taking a decided interest in the work and beneficial results are already noted in many instances. Manager Fallness hopes to see the time come when there will be some class at work in the gymnasium every afternoon and evening and is prepared to make any additions found necessary to the equipment in order to meet all demands.

Daily Thought.

Thoreau said: "It is never too late to give up our prejudices."

Arranging Store Fixtures For Greater Convenience

Albert S. Lieberman, the clothier, who last summer, added a regular boys' department to his establishment, finds that more room is needed in order to accommodate all the goods he wishes to handle. He has therefore removed the balcony at the rear, taken out a partition and rearranged the interior. The plan provides not only more room but improves the appearance of the place generally.

Zeh & Curran, the grocers, have also made a number of changes in their place of business. The customers' counter has been removed from the south end of the room and placed along the west wall, extending to the entrance. This assures more light for one thing and is a much more agreeable arrangement.

New Years at Lundwood.

The annual Christmas tree festival was held on New Years day at Lundwood school house and was attended by the largest crowd ever seen at an affair of this kind in the neighborhood. In the afternoon a fine program was presented by the youngsters of the school under the direction of Miss Constance Aaker. After the greater part of the crowd had departed, those who had been instrumental in getting up the entertainment remained and spent the remainder of the evening in dancing.

VERY GOOD MONTH FOR CREAMPATRONS

One in Three Hundred Dollar Class—Several Go Over Two Hundred.

As is usual after the holidays, business at the Thief River Falls creamery is picking up rapidly. The report of Secretary Peter Engelstad shows that the big-check men are quite numerous, there being one in the $300 class, six who received more than $200, while those whose herds produced more than $100 worth number 14. Following is the list of those who received more than $50 for their supplies during the month of December:

Jens Kirk	$320.86
Waldo Christenson	286.76
P. Engelstad	272.71
Henry Koop	231.33
Albert Johnson	226.95
Hans Anton	215.61
E. Edman	212.13
Fred Copp	193.25
Stuart McLeod	163.84
L. O. Stenseth	168.26
Osmund N. Urdahl	142.02
R. M. Johnson	129.70
Paul Engelstad	127.07

I want to thank all of those who have favored me with their business during the past year and express the hope that our relations have been such that I may have a continuance of your patronage.

I am now closing out all of my ivory and jewelry and now is the time to buy at a big discount.

A. A. Wangenstein

Local News Notes

Mrs. D. A. Dalager of St. Hilaire visited in this city on Wednesday. She returned to her home on the afternoon train.

Messrs. A. R. Tarleseth, H. L. Melgaard and Judge Grindeland came down from Warren on Tuesday evening on business.

Have more milk than my family needs. Parties wishing to buy milk must call for same.—S. O. Quammen, 811 LaBree Ave. N. j22p

Mr. and Mrs. Matt Barzen made their departure on Wednesday afternoon for Brainerd where they will visit for a few days.

Mrs. Jason Weatherhead of Ada, returned to her home on Wednesday after a brief visit at the home of her sister, Mrs. F. H. Herrick.

Mrs. H. D. Holmes returned to St. Hilaire on Wednesday afternoon, having come down here in the morning to attend to some shopping.

Miss Fredia Gustafson of Minneapolis, arrived here the first of the week to visit her father who is seriously ill at the Physicians hospital.

O. F. Post and son Curtis visited with friends in this city on Wednesday, coming here in the morning and returning to St. Hilaire on the afternoon train.

Phil Zeh left on Wednesday afternoon for Crookston, where he will visit his son, Elmer, who is employed in that city and also attend to business matters.

Carl Kretzschmar, who has spent the past month visiting with his mother, Mrs. Anna Kretzschmar, departed on Wednesday evening for Minneapolis.

Mrs. Agnes Warsing, who has been visiting at the home of her parents, Mr. and Mrs. I. Olson, in this city, left on Wednesday morning for her home at Steiner.

Justin O. Juvrud of Chicago, is in this city today making advertising arrangements for the concert to be given by Mr. Thorsten Skarning on Sunday, Jan. 25th.

Mrs. Anna Connelly Olsen returned to her home at Roseau on Wednesday morning after having attended the conference of the Y. W. C. A. held here on Monday. While in this city she was the guest of Mrs. J. M. Bishop.

Mr. and Mrs. A. I. Anderson of Roundup, Mont., who have been visiting at the Tessum and Prichard homes in this city, departed on Tuesday evening for Lanesboro, where they will be the guests of the former's parents before returning to their home. Mr. Anderson is a brother of Mrs. Tessum.

Mr. and Mrs. G. C. Streeter will leave this city on Sunday evening for Oshkosh, Wis., to attend the golden wedding anniversary of Mr. Streeter's parents, Mr. and Mrs. Chas. C. Streeter, after which Mrs. Streeter will go to Green Bay, Wis., where she will visit before joining her husband in Minneapolis, where they will attend the auto show.

Rev. R. L. Barackman departed on Monday morning for Brooks where he was called to conduct the funeral services of Felix D. Brown, who passed away on Jan. 15, as a result of tuberculosis following a siege of influenza. The deceased was born in Rock Co., Minn., in 1882. The remains were interred in the Brooks cemetery. His wife and four small children and other relatives survive.

Red Cross Essays.

How can Junior Red Cross members help children less fortunate than themselves without giving material relief such as money, clothes or food?

This is the subject of an essay contest to be conducted by the Junior Red Cross of the Northern division. The essays are to be not less than one hundred words in length and may be written by any member of the Junior Red Cross in Minnesota, North or South Dakota or Montana. The winning essay will be published with credit to the writer by the Publicity Department throughout the division.

The Devil's Vacation
Where Will He Spend It?

This will be the Subject for Sunday evening Jan. 25, 8 o'clock at the Scandinavian Bible Lectures held in the Odd Fellows Hall. Every Scandinavian should regard this as a personal invitation.

A THOUSAND DOLLARS A DAY.

The annual statement of Secretary Peter Engelstad of the Thief River Co-operative Creamery association is published in The Times this week. It proves that institution to be the most important from a farmer's standpoint of any in the city.

The total business for the year amounts to $819,700, or more than one thousand dollars for every working day. Being a co-operative concern, practically this entire sum goes to the patrons of the plant. It is the farmers' one dependable standby, the never-failing source of ready money at all times and under any circumstances.

The creamery has grown eight-fold in eight years. Beginning with a business of $40,000 in 1912, its first year of operation, it has steadily forged ahead, never experiencing a setback. The increase for the present year over last is not far from $100,000, which is twice the amount of the total business in 1913. There may be plants with a greater volume of business, but it is doubtful if any can show a more satisfactory record.

Every patron is proud of the creamery and has good reasons for so being. It is making money for him, is efficiently managed and growing fast. The present quarters are too small and it is probable that a new building will be erected before long. The butter turned out is decidedly high class and brings the top price everywhere. More patrons are being added all the time and a greater amount of territory included in the district from which supplies are secured. Inside of two years it should be a half-million dollar concern.

WELL, WHY NOT?

If the Republicans should nominate Herbert Hoover, it is by no means outside of the range of possibility that the Democrats would endorse him and bring about a coalition government for the first time in American history, says a report from Washington. There would be no electoral contest—and being the successful nominee of both parties, Mr. Hoover would naturally be obliged to ignore party lines and draw upon individuals from both parties in selecting a cabinet and managing the government.

People are pretty well tired of party designations that mean nothing. With the understanding that the tariff is not to be an issue in the coming campaign, what is there left to scrap about? It is probable that this time-worn issue may be used in an attempt to force a rally, but it is not likely to succeed. With the world clamoring for American products and in no condition to compete with us in any line, what would be the object of a tariff anyway?

It is not to be expected that Mr. Hoover will be nominated without considerable opposition on the part of the Old Guard in both parties, but Old Guards are not picking candidates—not this year.

Mr. Hoover is not seeking the place, but would consent to be a candidate if the demand for him were made strong enough. It begins to look as if nothing will be lacking on this score.

THE BIG WINTER SHOW.

The annual farm crops show of the Red River Valley Development association will be the biggest and most important thing of its kind ever attempted in the Northwest. The show will be held at Crookston and continues for five days, opening on Feb. 9 and closing on the 13th.

The greatest program of speaking ever given at a fair of this kind will be one of the big features. Names and dates will found in an article outlining the program on another page. Some of the most widely-known agricultural experts in the West are down for addresses, as are also a number of the foremost educators in the United States.

People residing in Pennington county should attend this fair. It is the one big winter event so far as farm crops and products are concerned to be given in the state, and the people of the district should take decided pride in making it a success. The better the show and the larger the attendance, the greater its value. There is going to be a regular stampede for lands in this section of the state before long and the probabilities are that prospective buyers or their agents will be at this show in order to get a line on the best section in which to locate. For this reason Pennington county should not only have exhibits there, but should be represented by a good bunch of energetic boosters. It will be worth their while aside from the unusual educational and industrial features of the exhibition.

IT WILL COME SOMETIME.

They are having quite a time over county division in Marshall. The people here know just how they feel, having gone through the same experience not so very long ago. Marshall is big enough to make two very respectable counties, but it will be found that division is not an easy matter. By sticking together it can be brought about, however, and it remains to be seen whether or not the people will be united enough on the proposition to make its success possible.

Too many towns want the county seat for one thing, and this matter will have to be adjusted to the satisfaction of a majority of the voters. It seems as if Middle River should have the first call on the honor. It is the largest town in the district from which the proposed county is to be formed, and is near enough the center geographically to make its selection the sensible thing. The attitude of Warren has not as yet become very clearly defined, but it is probable that no very great objection to the proposition would be encountered there. It is realized that with Warren as the county seat the people of the eastern end are not being satisfactorily served and that it is only a matter of time until division will be forced anyway.

ABOUT LIBERTY BONDS.

Uncle Sam is paying owners of Liberty bonds close to $900,000,000 a year in interest, which means about $8 for every one of the nation's 110,000,000 inhabitants.

How many members of your family are getting these $8 pickups?

Or are you one of those who "let go" of your Liberty bonds?

Don't get us wrong. We are not preaching a sermon. All we want you to do is to crank up your old think tank.

Now, if you are tempted to sell your bonds or War Savings stamps, who do you suppose will buy them? Won't it be the person who prefers to have Uncle Sam pay him instead of his paying U. S.?

In order to pay Liberty bond owners $900,000,000 the government must levy taxes. If you have bonds of your own, you cut the coupons and pay your taxes; if you sell your bonds to the rich man he collects the interest money—and you pay the freight.

All Liberty bonds will be paid in full at date of maturity. Some are now selling below par. There will never be a better time than right now to buy more Liberty bonds. There never was a poorer time to sell.

Ponder, brother, ponder.

PUBLIC FORUM

A Soo Leap Year Poem.

Come all you girls and listen,
Just harken unto me
And I will tell you something
That will make your sorrows flee.

I've been thinking of it lately,
And I'm sure it is a fact
That our boys on the Soo line railroad,
Want to try the Leap-year act.

Jack LaVelle has been patient,
Looking forward to this year,
Now if you would pop the question
It would fill him with good cheer.

Freddie Schultz is also waiting,
Let me give you girls a hunch,
Whoever gets this quiet fellow,
Would surely get a honey-bunch.

"Jimmie" Steen, he's another,
And you'll agree he's not so old,
Now you ladies you can't miss it,
Cause on you he'll spend his gold.

Edward Lacy thinks he's fated,
Go this day, give him your hand,
And on you I'm sure he'll lavish,
All his coin and fertile land.

Andy Eckbaum—don't forget him,
Freeze to him this very hour,
He will make a model husband,
Though he looks a little sour.

Joe Elsenpeter is still hoping,
That for him you'll set your sail,
Courage sister, do not falter;
He has tried but he has failed.

Howard Burrell always cheerful,
Says some day he'll win a mate;
Nab him girls, this very minute,
Before you find it is too late.

If you see you're up against it,
And can't find one high or low,
Just advertise your offer
And bring along the "dough."

SILENT OBSERVER.

An Acre of Corn on Every Farm.

Editor Times:

Considerable was said during the past season about corn raising and what was actually accomplished in that line in 1919 in Pennington county especially, which all went to show what possibilities there are in store for Northern Minnesota as a corn producing section.

Two years ago, while a resident of Goodhue county, we sent and got two bushels of Northwestern Dent and planted this down there in 1918, on what was considered good corn ground, and this corn was cultivated from five to seven times during the season. Having in mind the fact that we expected to come back to Pennington county again the following spring, we made it a point to save out a few of the very choicest cobs we could find out of this crop to take along as a sample to see how near we could approach the real thing from Goodhue. Our Pennington county corn chop was planted on the 16th of May on ground that was not manured but only plowed and disced and on sow thistle ground that had been cropped for six seasons into other grain. The flood coming on we only got to cultivate some of it three times and part of it only two times, and that was all the attention the corn got. During the last week in August there were ears getting ripe. By the 10th and 12th of September it was just about all ripe. As we gathered in our corn crop we laid aside some of the best cobs we came across and then went and got our Goodhue county sample and compared the two. The result was that Goodhue county wasn't in it at all. We found that our Pennington county product was not only as good in quality but also found that there was from one to three more rows of corn on the cob. Thus the Pennington county sample outdid the Goodhue county product both in size and quality.

We were so pleased over the result that we took our two different samples and left part of each at the First National bank and the Citizens' State bank of Thief River Falls where they may yet be seen. Now then, if such results are possible under adverse conditions, we have every reason to believe that we can yet do better under right conditions.

We say: Let every township in Pennington county organize a "Corn Boosting Club" and thus help make 1920 the Victory year for Northern Minnesota. Let our slogan be "An Acre or More of Corn on Every Farm this Year." Are you ready to enlist?

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, grippe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and $1.20 a bottle at all druggists. Give it a trial.

Tardy Bowels, Inert Liver

They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

Feel right for anything—make the liver lively, the bowels function regularly, with Dr. King's New Life Pills. Smoothly yet positively they produce results that cleanse the system and make the liver and bowels respond to the demands of a strong, healthy body. Still 25c—at all druggists. Try them tonight.

COLDS breed and Spread INFLUENZA

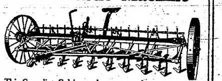
KILL THE COLD AT ONCE WITH

HILL'S CASCARA QUININE BROMIDE

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with Mr. Hill's picture.

At All Drug Stores

Sow Thistle Machine



This Canadian Cultivator has proven the greatest help in Canada for eradicating the sow thistle and other weeds. No better machine made for preparing seed bed. It comes with two sets of points. Cut above shows machine equipped with wide points for shearing the sow thistle. See machine on display at

AUTOMOTIVE EXPOSITION

10 ACRES of EXHIBITS

"Come on In"

NATIONAL AUTOMOTIVE SHOW

Twin Cities Midway Jan. 31 - Feb. 7

You are invited to attend the world's greatest exhibition of automobiles, trucks, tractors, agricultural implements and industrial products in the Twin Cities, January 31st to February 7th. This is the largest, most complete, most brilliant and most entertaining Automotive Show the universe has ever known. Bigger, better, grander than any previous Northwestern Exposition. Presenting the greatest assortment of automotive equipment ever assembled in one place. Nothing New York, Chicago or even Europe has ever known in an automotive exposition can approach this tremendous show to be held in the Northwest this year. You can't afford to miss it! Bring the whole family and "come on in" for one big week of instruction and entertainment!

$6,000,000 in Displays—Ten Solid Acres of Exhibits In the Largest Building Ever Devoted to Show Purposes

Automobile Show

The greatest and most complete automobile show you or anyone else has ever seen. Exceeds all world's records in size. Officially sanctioned by Motor and Accessory Manufacturers' Association of New York. Exhibits will present absolutely the last word in motor cars, together with most complete display of accessories ever shown.

Tractor Show

One million dollars in tractor exhibits. Greatest exhibition of this character the world has ever witnessed. Endorsed by National Implement and Vehicle Association. Every reliable tractor from garden midgets to the giants of the field will be shown here, along with all manner of tractor-drawn implements. Experts to demonstrate them. Come on in!

Truck Show

The largest Truck Show the Northwest has ever seen. Commercial cars of every kind and for every purpose—from light delivery to a capacity of ten tons. Many models designed for farm use, with convertible bodies and eight-inch pneumatic tires that will carry a maximum load through all manner of road and weather conditions.

Industrial Exposition

A miniature World's Fair comparable only with the Manufacturers' Congress held annually at Lyons, France. More than one thousands American manufacturers represented. Your only opportunity to inspect, on one floor, all that the inventive genius of the Nation has perfected to save time and lighten labor. Style Show! Pure Food Show! Bring your wife!

Come on in to Your Own Show

For thirteen years the Minneapolis Automobile Trade Association has managed this gigantic enterprise for the benefit of every man, woman and child in the Northwest. This is your show—put on for your benefit. You owe it to yourself—your family—to take advantage of this opportunity to learn to conserve man power with labor saving devices and increase production by using modern equipment.

Your Accommodations are Ready

Your friends will all be here. Arrangements have been made to take the best of care of more than 250,000 visitors. Hotels and clubs offer you a cordial welcome. The Twin Cities' hospitality will make you feel at home. Many entertainment features have been arranged so you won't have an idle moment on your hands.

Treat the Family

Bring your entire family and show them the time of their lives. Your wife deserves this vacation and so do the children. A small fortune, spent in weeks of travel in half the cities of the country, would not bring you a fraction of the educational and amusement features of this mammoth exposition.

Largest Automobile Show B'ld'g

The Overland Building—midway between St. Paul and Minneapolis. Just think of ten solid acres filled with interesting exhibits and wide, uncrowded aisles! All this in a modern, fireproof building; the largest ever used for a similar purpose. Plan now to come early to see this show—America's greatest—under one roof for one admission price.

TWIN CITY AUTOMOBILE-TRUCK-TRACTOR and INDUSTRIAL-EXPOSITION

Minneapolis Midway St. Paul

W. R. WILMOT, Manager, 55 South Eighth Street, Minneapolis, Minn.

Local News Notes

Scott Laird spent Saturday in Holt in the interests of the state flood relief work.

Atty. E. M. Stanton left the first of the week for the cities to attend to business affairs.

M. McFarland returned on Tuesday morning from a brief business trip to the cities.

Mr. and Mrs. John Gasow are the happy parents of a baby daughter, born on Jan. 19.

Miss Grace Cote departed on Friday afternoon for Hallock where she will visit for an indefinite period.

Miss Ethel Anderson returned to her home in St. Hilaire on Friday afternoon, having spent the day here shopping.

C. D. Gustafson returned to this city on Saturday morning from Minneapolis where he had attended a convention.

Miss Amanda Mickleson returned to her home in Holt on Friday morning, after a brief visit in this city with friends.

Miss Signe Peterson left this city on Friday morning for Gatzke where she will visit with her parents for a short while.

Miss Ellen Nelson of Plummer, visited in this city on Tuesday with her friend, Miss Gunda Aasen.

J. Q. Cronkhite departed on Sunday evening for Minneapolis, where he attended a Masonic convention.

Mrs. H. Age returned to this city on Wednesday morning after a short visit at the home of her parents, in St. Hilaire.

Miss Gena Ostvaldson departed on Saturday evening for St. Paul where she will visit with friends and relatives for a short period.

G. W. Bennet left this city on Saturday evening for Minneapolis to transact business. He expects to be gone for a period of a week.

Mrs. Arthur Carlson of Crookston, arrived on Wednesday morning and is spending a few days visiting at the home of Mr. and Mrs. C. E. Carlson.

C. E. Gordon departed on Saturday evening for Minneapolis to attend to business affairs. He will return to this city the latter part of this week.

Miss Onata Stopple returned to this city on Saturday evening from Alexandria where she spent a month visiting at the home of her parents.

Mr. Norby, banker at Strathcona, returned to his home on Wednesday morning after a brief visit with his father-in-law, who is ill at the local hospital.

Grant Ohm came down from Bemidji on Tuesday to witness the basket ball game held here that evening between the Bemidji and the local team.

Mrs. O. A. Johnson and son returned to their home at Steiner on Tuesday morning. While in the city they were the guests of the former's daughter, Mrs. John Olson.

S. Segerson arrived here on Saturday evening from Minot, N. D., and visited between trains with Miss M. Lindberg, enroute to California where he will spend the remainder of the winter.

Misses Julia Austad and Julia Stromme of this city and Messrs. Frank Larson and Clifford LaFave of Roseau comprised a party who went to Winnipeg on Saturday morning, returning in the evening.

Mr. and Mrs. H. A. Johnson departed on Saturday evening for Minneapolis where they will visit for a few days, after which the latter will go to points in Iowa where she will visit at the home of her parents.

Mrs. Ed. Krohn arrived here on Tuesday evening from her home in Viking and will spend a few days in this city as the guest of her daughters, Misses Myrtle and Violet, who are students in the local high school.

Mr. and Mrs. A. Hurtig, who have been guests of the latter's sister, Mrs. Chas. Fitterman, for a few days, left on Monday evening for New York, where they will visit for an indefinite period before returning to their home at Winnipeg.

Mrs. A. Mattson of Portland, Ore., who has been visiting with relatives in Viking for a short while, arrived in the city on Tuesday evening and visited with Mrs. Forsberg enroute to Alexandria, where she will be a guest of Mr. Mattson's parents before returning to her home.

D. E. Tonney of Winona was in the city on Saturday attending to business affairs.

Scott Laird spent Tuesday in Warren attending to business affairs, returning to this city in the evening.

Miss Effie Christianson of Fertile made a brief visit here on Thursday with her many friends, enroute to Holt where she will visit with relatives.

F. E. McKnight departed on Monday afternoon for Crookston to attend to business matters, returning to this city on Tuesday morning.

Messrs. Hjalmar and Matt Raftoseth accompanied by Charles Brenna of Middle River, departed on Thursday evening for Palm Beach, Fla., where they will spend the remainder of the winter, returning to this vicinity in the spring.

Miss Alice Thompson who teaches near Hazel, spent the week end visiting at her parental home in this city. She returned to Hazel on Monday morning.

A. M. Erickson of Prosser, Wash., is visiting with his brother-in-law, H. Strandvold, west of this city. He will visit with relatives in Duluth, Wisconsin and Montana, before returning to his home.

Boys and Girls Sheep Club Contest

Our Boys and Girls Sheep Club Show was so successful last year that we are going to have a Bigger and Better Show this coming fall.

The three winners who were given free fare and expenses down to the Junior Live Stock Show held at So. St. Paul last fall were Virgil Denhart, Ruth Satre and Myron Robinson. They surely enjoyed the trip from start to finish and intend to compete again this year. Any boy or girl in the county between the ages of 10 and 18 years can enter.

Besides the free trip to the Junior Live Stock Show, every boy or girl who exhibits their lamb here will win a prize.

If you are interested in joining the largest Lamb Club in the State, just send in your name and we will give you full particulars.

The High School Progress

Vol. 1. EDITED BY THE PUPILS OF THE THIEF RIVER FALLS PUBLIC SCHOOLS No. 8

Sophomore Sleighride Party.

(Johanna Wedul.)

The members of the sophomore class were the first ones in the high school this year to enjoy a sleighride. This event took place January 19th, and was in all respects a high success. The first of the week several committees were appointed to look after the various necessary details and when the time arrived everything went strictly according to schedule. About eighty-five members assembled at the high school at 7:30 and three sleighs were waiting to accommodate them. They left in different directions and for about an hour and a half everything that is necessary to make a sleighride a success was indulged in by the jolly bunch. After the sleighride they all gathered at the high school auditorium until the committee on the eats announced that lunch was ready to be served. All can testify to the fact that this particular part of the program was given attention. The following high school instructors assisted the sophomores in making the affair a success: Misses Evans, Patrick, Taylor, and Messrs. Tripp and Tommeraasen.

A New Teacher.

Miss Maude Frissel, who has been teaching in the Central school for the last two or three years, has resigned her position to teach history at the Lincoln high school. Miss Frissel has had five years of experience teaching history before coming to this city. The former history teacher, Mr. Mellby, will teach science the last semester.

Vocational Themes.

(James Helle.)

The public speaking classes are now devoting Thursdays and Fridays to vocational themes. Usually two are given each day, until the assignment has been covered by each member. On January 15, theology and nursing were the topics discussed.

These themes are verbal reports giving a full account of some vocation. They should be of about ten minutes' length, so if justice is to be done to the subject, considerable work is involved in its preparation. The object is to enter into as thorough an explanation as possible. If the vocation has any history behind it, that should not be ignored. The opportunities offered is what we are chiefly interested in. Most of us are dependent upon the size of the pay envelope. But we often overlook the fact that no matter how glittering the prospects, the qualifications necessary to insure success in the particular calling should be carefully weghed. We must face the unpleasant fact that it is not altogether wise to plunge headlong into any line of activity without reasonable assurance that we can "fill the bill." Most of us are, however, best fitted for certain work, and it remains for us to find out where we belong. No vocation, irrespective of whether a three dollars a day "job" or a ten thousand a year "position," is favorable in every way; in all cases there are limitations and disadvantages. The subject is treated from all these different angles.

The world is not what it used to be. It is getting more specialized, perhaps overly so. In Queen Elizabeth's time, a man might be a shipwright, explorer, mathmetician, politician or any other brand of "ician" combined. Not so today. The world calls for efficient men and women, and this limits the diversity of pursuits which they can engage in. True, we have among us him who professes to be a "jack of all trades," but it too often follows that he is master of none to the degree that present conditions demand.

A student who is nearing the completion of his high school course, should have an insight into various lines of work. Especially need he look into what appeals to him, of course. To aid him in this, as well as the training afforded in preparing and delivering the speech itself, are the purposes of these "vocational themes."

Development of American Ideals.

(Mary Vance.)

The first American ideal is a government of the people, by the people and for the people. After the Revolutionary war we became politically independent of England. After the war of 1812, we became totally independent because we had all our factories and mills. Our army and navy had greatly developed.

The second national ideal is that of equality. All men are created equal, that is—they have the same opportunities and the same rights. When this was realized the slaves were set free and large sums of money were given and much was done to educate the freed slaves.

When Spain oppressed Cuba that ideal came to the front again and Cuba was freed from her oppressor and given protection by the United States.

The last Great War America entered into in order that the world might be safe for democracy. The American ideals have been followed thruout the years and today America stands among the leading nations of culture, literature, manufacturing and science, a result of high ideals.

Personals.

Gordon LaBree claimed before vacation that he had the record for being tardy. Recently Philip Larson has attained a record of fifty minutes per week.

Herby Johnson made a recitation in modern history last week.

What do you know about that. Vernon Evenson handed in his algebra papers for the first time this year.

It is the belief that Leland Schuster is using a special coughing apparatus.

Ain't It a Grand and Glorious Feeling.

When you've spent four months taking American history, and you think because of your good averages you will not have to take the exam, and then the teacher tells you you have to take it regardless of averages, you feel pretty blue. After you spend a sleepless night you go to school. They hand out the questions and they are absolutely the worst you ever saw. You try to write but can't think what to write. You spend two hours of mortal agony, and assure yourself at intervals of two minutes each, that you know you flunked. Then—two days after all this you pass the teacher in the hall, and she tells you your paper was the best in the class. Oh, Boy! Ain't is a grand and glorious feeling?

The Man Who Is "Lucky."

(Chas. Warner.)

The greatest libel, the most frequent of all misstatements is that "So and So is a lucky chap—lucky because he has secured a position that pays him $40 a week—someone else is lucky because he has been promoted to the manager's position—or this or that man is lucky because he is making money fast, and has a splendid home and an automobile." No doubt you have heard such statements.

Isn't it too bad that men who have prepared for their profession, who have studied and trained should be credited with being lucky, when they begin to reap the rich rewards that go to the trained men? Do you think it possible that any man receives a good salary because his boss likes him? Indeed not. He earns it every week, because of what he knows. Yet his schoolmate, who has refused to mentally equip himself for a business career, earns $15 a week and the better salaried man is called lucky.

There is no such thing as luck. The man who discovers a gold mine is lucky. Not by a long way. He had to look for it. He spent time searching. Endured hardships. But he stuck to the job.

If you find a pearl in an oyster it isn't luck. It's an accident. The chef was asleep when he opened the shell. But no accident will ever place a man in an executive position if he is not trained for it. No ball team ever won a pennant without training. Why was the captain of your school team elected? Because he has training.

You can be a lucky chap some day. That is if you don't believe in luck. Train your brains and you will have a corner on all the luck. Then let somebody else look for the horseshoe. Just one word explains the whole story of every successful man—of every man who is called lucky—and that is Training.

The Pep Meeting.

(Esther Hadrath.)

'Twas the day before the game at Argyle,
When the boys and girls went wild.
Luella strutted up the aisle,
And said, we'll beat, if just for this short while.
At first came Captain Hadrath to the call,
To tell about the game of basket ball,
And then, came Dennis, to tell what he believed,
And Gordon, when he was done, was very much relieved,
As Elmer Larson had left the room,
Buster Ralston stood up soon,
And told about the opposing team,
And sat down with his face serene.
Roy Flattum was next to stand
And talked about the quality and brand;
Schuster, who was called on last,
Did not talk so very fast,
He seemed to sort of shake and fear;
And next we heard was, "Let's all Cheer
For the boys that are going to Argyle."

Class Rushes.

(Marguerite DeCremer.)

On December 19 when the seniors returned to school at noon they discovered that the juniors had hung their banner on the school flag pole. They quickly pulled it down and after changing the insignia to suit their class hung it in the assembly hall. A class-rush followed but the juniors were unable to secure their banner. January 12th, about 8:30 o'clock the juniors found that the seniors had been busy during the night and as a result the senior banner floated on the flag-pole. As class-rushing has been prohibited between 8:30 and 4:00 o'clock, the banner remained there for the day. The next evening the juniors took it down and tore it to ribbons and disposed of it, but not before the camera saw it.

News Items.

(Doris Richter.)

The girls of the advanced cooking class served a breakfast last Wednesday, which was the first of their series of meal preparations.

There has been a buzz about the school that there will be another high school carnival the latter part of February.

State exams were given for half year subjects last Friday.

The juniors are busy planning for their banquet, which is to be given next month.

Sure

Tom: "Only fools are positive."
Jack: "Are you sure?"
Tom: "Yes, positively."

Concerning—You.

It is strange that on the first anniversary of the signing of the armistice, only a few of the business houses of the city displayed their flags. When we recall the celebration of only the year before, the change is the more noticeable.

With the first enthusiasm over after the return of peace, it seems that outward show of patriotism began gradually to ebb away. This does not signify, however, that the people of the United States are less loyal than during the period of war, but that they do not see the necessity for showing such feelings now. But in some respects, it is probably as urgent a need with such classes as the "reds" threatening the peace of the citizens of the country, as ever before. There are in any community those who are easily influenced and if they are not inflamed with the spirit of true and worthy citizens the "Reds" may win them to their ranks. Our purpose is to suppress these undesirable classes and to keep their power as insignificent as possible. To accomplish this purpose, we must keep alive the spirit that will influence others to maintain a loyal support of our government.

It is You.

(Dagney J. Leverson.)

If you want to live in the kind of a town,
Like the kind of a town you like,
You needn't slip your clothes in a grip
And start on a long, long hike.
You'll only find what you left behind,
For there's nothing that's really new.
It's a knock at yourself when you knock your town;
It isn't your town—it's you.

Real towns are not made by men afraid
Lest somebody else gets ahead.
When everyone works and nobody shirks
You can raise a town from the dead.
And if while you make your personal stake,
Your neighbor can make one, too,
Your town will be what you want to see;
It isn't your town—it's you.

Puffs.

There are puffs that drive us frantic,
There are puffs that make us smile;
There are puffs that have no shape whatever,
But we still persist and have them all the while;
There are puffs which have a mass of snarling,
At which the eyes of all about may glare,
But the puffs that fill our lives with misery
Are the puffs that we all do wear.

Neighborhood NEWS

ROSEWOOD

Contractors Ranum & Sagmoen last Friday closed a contract with the Farmers State bank for the erection of their new bank building next spring. The excavation for the basement is already completed and construction work will commence as soon as the weather permits in the spring. The size will be 26x40 feet and 12 feet high. The building will be made on the stucco frame type and will contain a full basement.

The Swedish Y. P. S. held its monthly meeting at the Congregational church in town last Friday evening, and was attended by about 50 persons. The Rosewood choir featured a number of beautiful songs in addition to several juvenile selections. Rev. M. Drotts of Viking gave a short speech. Lunch was served.

The New Solum Farmers club has commenced operations again, and conducted a successful meeting at Edgewood last Saturday evening.

Mr. and Mrs. T. Mellem returned last Tuesday from a three weeks' visit with their daughters, Mrs. Henning Backlund at Strathcona and Mrs. John Berglund at Bemidji.

Miss Clara Pedersen renewed her school work at Rosebank last Monday morning. She arrived in the morning from her home at Thief River Falls and was accompanied by her sister, Miss Christine, who visited here during the day and returned home in the evening.

Cashier and Mrs. A. S. Holm, left last Wednesday afternoon for a brief business trip to Crookston.

Engineer H. B. Rafteseth of the Northwestern Drainage company, was in town between trains last Monday enroute to his work at Mahnomen after having spent a few days on business at Winnipeg.

Nick Nelson, an old timer in these regions, was in town last Sunday to renew old acquaintances, and left in the evening for Thief River Falls, where he is at present making his home.

Start a banking account with the Farmers State Bank and enjoy courteous treatment and absolute safety.

Misses Guretta Dahl, Minnie and Emma Sorenson left last Wednesday evening for Thief River Falls to shop and visit. Minnie returned on Thursday, while Guretta and Emma will remain for a week.

Miss Minnie Bergland, who has been employed at Thief River Falls this winter, came home on Thursday morning to visit with her folks.

C. E. Sjogren of Grand Forks, was in town between trains last Wednesday on business with the local merchants.

Misses Hannah Helquist and Nina Westby left last Saturday evening for an over Sunday visit with friends and relatives at Thief River Falls.

Steiner Johnson of Fosston was in town between trains last Saturday to visit and attend to matters of business.

While my present stock of gold Diamond flour lasts I am selling it for $7.20. Your only chance to buy a high grade flour at a low price.—A. S. Holm.

M. B. Rafteseth returned on Monday morning from Duluth, where he had been attending to business and visiting for a couple weeks.

Ole J. Dahl left on Saturday evening for Thief River Falls, where he will attend to business for a few days.

Mrs. Lloyd Crown of Rocksbury, John, Carl and Annie Blom of Norden, and Mrs. Andersen were pleasant Sunday afternoon callers at the home of Mr. and Mrs. J. Sor.

Lloyd Crown of Thief River Falls and Fred Lorentson of Wylie, were visitors at the J. Blom home, south of town for a few days this week.

A. C. Vorseth was a week end business visitor at Thief River Falls.

The Y. P. S. society of the Rindal church will have its next meeting Saturday evening, Jan. 24. Program and lunch. All are welcome.

Put your surplus money to work in the Farmers State Bank. We issue certificates of deposit in any amount drawing 5% interest on six or twelve month certificates.

Olof Lappegaard and Ted Myrom returned on Thursday morning from Thief River Falls, where they had been to take in the sights since Sunday.

Misses Myrtle and Carrie Nelson of Anita, are spending a few days this week visiting with school friends in this vicinity. They spent Saturday between trains at Viking visiting at the Axel Axelson home.

Helmer Blom is on the sick list this week.

The sugar famine is becoming quite serious, and especially so to the cake loving generation.

Axel Blom left last week for Bemidji, where he will be employed for some time.

Pay your personal property taxes at the FARMERS STATE BANK. j22-29-p

ROCKSBURY

The weather is fine at present. Just a little cold.

Mr. and Mrs. Henry Koop and Mr. and Mrs. Theodore Garnet and family, visited at the Wm. Moeller home Saturday evening.

Mr. and Mrs. John Engelbart visited at the Hans Anton home Sunday.

Mr. and Mrs. Carl Zinter visited with Mr. and Mrs. Wm. Hahner Sunday.

Quite a few of the farmers attended the Farm Loan Association meeting at Thief River Falls Tuesday. A free dinner was served.

Mr. and Mrs. Albert Geske visited with Mr. and Mrs. Wm. Moeller Sunday.

Miss Anna Koop called at the Wm. Moeller home Tuesday.

Will Maldune transacted business at Thief River Falls on Tuesday.

Bessie, Gladys and Clifford Roller spent Monday evening at the Will Wayne home.

Mrs. Henry Roller shopped and visited at Thief River Falls Tuesday.

Benard Bendickson has gone to Garrison, N. D., where he will be the guest of his brother, Selmer, for some time.

Hans Jorstad was a Thief River Falls caller on Saturday.

Miss Hattie Klockman visited at the John Philips home on Saturday.

Oscar Pomerenke and John Ristau returned on Monday from Thief River Falls.

Miss Hattie Klockman returned on Monday from Thief River Falls, at which place she has been employed.

John Ristau left on Tuesday for Thief River Falls.

Miss Susie Lindvick returned home last Sunday after having visited at the T. J. Cummings home for some time.

Olaf Tharaldson was a caller at the L. Bendickson home on Wednesday.

Clifford Roller visited at the M. Lindvick home last Sunday.

Miss Minnie Ristau was the guest of Esther Bendickson last Sunday.

Mr. and Mrs. Strubel and family and Mr. and Mrs. Roller spent Friday evening at the Will Wayne home.

Mr. and Mrs. A. Ristau spent Sunday at the John Ristau home.

Chester Boyce called at the Paul Stock home Sunday.

Sanitary Milk

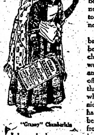
The Minnesota State Board of Health recommends that all milk sold shall be bottled and not sold in any other kind of containers. This is as a protective measure as many homes don't have proper facilities for sterilizing pails and other containers used for milk. The State Board of Health says that pure, clean, wholesome milk is of the utmost importance for keeping the babies healthy, and strong.

Therefore we want to comply with thier request, and after Feb. 1st, all milk sold by us will be botted and sold in sterilized bettles only.

Milk in large quantities may still be purchased in bulk.

Thief River Co-Operative Creamery Association

I Am "Granny" Chamberlain



"Granny" Chamberlain

Everybody's friend when they have coughs and colds and their children have croup and whooping cough.

Most everyone knows me. I have been going from home to home for nearly fifty years—always welcome, too, for I never fail in their hour of need.

I have helped young mothers whose babies were choking with croup, and been the comfort of parents whose children tramp to school through the wet winter weather. Many a cold and attack of bronchitis I have warded off, and thousands I have helped through the anxious moments of whooping cough. I have come to the aid of mothers and fathers when they had colds and influenza, and have been a relief to old folks suffering from bronchitis and asthma.

I have had a most varied experience; I go everywhere—among the rich and the poor, in cities and the country.

Now don't forget "Granny" Chamberlain! You will see me often now, for I am going to tell you of my experience and what can be done in your home with

Chamberlain's Cough Remedy

Yours for Health—Granny Chamberlain

Old Friends are True Friends

The man, who loves a dog and a pipe, has two staunch friends that never fail him in good luck or in bad. They give all and ask nothing in return. Day by day they become nearer and dearer to him. The man who has not a dog and a pipe has missed two of the greatest things this good old world can give.

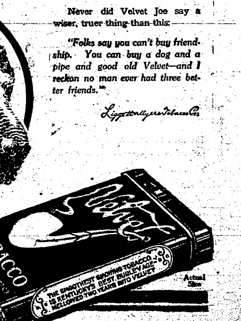
Every man who loves his pipe should know Velvet, the one tobacco that brings out all of a pipe's best and sweetest qualities. Your pipe takes on an added friendliness from Velvet's choice Kentucky leaf aged in the wood to a mellowness that's rich and smooth as cream.

Your pipe takes on a mild sweetness that is Velvet's natural tobacco sweetness. And around you hovers the *real tobacco* fragrance that all good pipe smokers love.

Never did Velvet Joe say a wiser, truer thing than this:

"Folks say you can't buy friendship. You can buy a dog and a pipe and good old Velvet—and I reckon no man ever had three better friends."

Liggett & Myers Tobacco Co.



Velvet
TOBACCO
THE SMOOTHEST SMOKING TOBACCO IS KENTUCKY'S BEST BURLEY AGED IN WOOD

There's a lot of pipe-loads in every big generous tin of Velvet, and every pipe-load is good tobacco at its best.

Actual Size

ELKS HAVE FINE TIME VISITING AT BAUDETTE

Class of Sixty Initiated Under Conditions Out of the Ordinary.

A MOST ENJOYABLE TRIP

Northerners Add to Their Enviable Reputation as Entertainers.

The most unusual stunt ever attempted by a secret organization in the state was the one pulled off by the Thief River Falls Elks when they went to Baudette last Saturday for the purpose of putting on an initiation. Such a proceeding is not ordinarily permitted by the grand officers but the occasion was unusual. About 40 candidates residing in the northern city wished to join the order and it was decided that rather than put them to the expense of coming to Thief River Falls, the lodge—officers, members, paraphernalia and all—would go to them. A special train of six cars was therefore chartered and the start made about 9 o'clock Saturday morning, with Conductor Joe Nelson and a full crew of Elks in charge of the train.

Picked Up Everywhere.

Stops were made at stations along the line for the purpose of picking up other members of the order who might wish to be in on the festivities. When the excursion reached its destination there were between 160 and 170 members in the party.

Dinner at Warroad.

The run was made on schedule and without the slightest hitch. A stop was made at Warroad for dinner, the hotel management at that point having provided a most excellent repast. As souvenirs of the occasion special menu cards had been provided inscribed as follows: "Thief River Falls Lodge No. 1308, B. P. O. E. Lake of the Woods Run—January 17, 1919."

Baudette was reached about 5 o'clock and the bunch formed in marching order, headed by the band. Under the mistaken notion that they might be allowed to go to bed, a number of the boys carried grips containing pajamas and things, but these might as well have been left behind. Although an early start was made it took the greater part of the night to finish the ceremonies.

Lunches and Speeches.

A light lunch was served in the hall used for the initiation immediately upon the arrival of the visitors and a regular banquet about midnight. H. A. Brumund was in charge of this important detail, assisted by Hal Stanton and a crew of volunteers.

At the close of the ceremonies there was a social session for the expression of general good feeling. During this interlude Exalted Ruler L. R. Johnston, on behalf of the lodge, presented C. R. Middleton of Baudette with a beautiful scarf pin as a token of appreciation for his having come to Thief River Falls and delivered the Elks' memorial address last summer. Mr. Middleton expressed his thanks most appropriately and added a few remarks for the benefit of the candidates who had just been received into the fold.

Work Well Done.

The ceremony itself was never more impressively and faultlessly carried out than at this initiation. Exalted Ruler Johnston, Leading Knight G. Howard Smith, Loyal Knight H. W. Protzeller and Lecturing Knight J. W. Hendry were all present and filled their stations with dignity, being letter-perfect in every detail of the ritual. The proceeding as a whole was most charming and satisfactory.

It was a tired but pleased bunch that started back to Thief River Fall about 3 o'clock on Sunday afternoon, arriving home about eight. They were unanimous in their praise of the manner in which they had been treated by the people of Baudette, and to judge from expressions heard in that village the regard was mutual.

Among those specially mentioned by the boys for their concern for the welfare of the excursionists are W. T. Noonan and W. F. Zauke. Upon these two had largely devolved the work of preparation and they had left nothing to be looked for afterwards. Elmer Moorehead of the Rex hotel was also in evidence pretty much all the time looking after the boys. And there were others by the score.

Trainmaster Glass of the Canadian Northern accompanied the crowd from Warroad and return to see that nothing was lacking while the excursion went over the lines under his immediate supervision.

WHEN NEURALGIA ATTACKS NERVES

Sloan's Liniment scatters the congestion and relieves pain

A little, applied without rubbing, will penetrate immediately and rest and soothe the nerves.

Sloan's Liniment is very effective in allaying external pains, strains, bruises, aches, stiff joints, sore muscles, lumbago, neuritis, sciatica, rheumatic twinges. Keep a big bottle always on hand for family use. Druggists everywhere. 35c, 70c, $1.40.

Sloan's Liniment Keep it handy

COUNTY STARTS WITH BALANCE IN EVERY FUND

The Balance Increased.

Business for the current year is begun with an increased balance. This increase amounts to $21,265.52 over a year ago, which is something unusual for a rapidly growing community. Following is a list of the different directions in which the people's money went during the year:

Disbursements.

County revenue fund	$ 36,117.92
Road and bridge fund	66,594.51
School district fund	139,663.82
Twp., vil. and city fund	78,824.58
State rev. and school fund	18,593.34
State land and int. fund	5,135.59
County bond and int. fund	3,326.81
Mortgage reg. tax fund	13.40
Incidental fund	1,338.61
General ditch fund	71,767.21
County attorney cont. fund	144.96
Private redemption fund	13,821.21
Sinking fund	2,251.40
Sanatorium fund	5,831.25
Inheritance tax fund	176.95
Teachers ins. and ret. fund	531.50
Warrants outstanding on Jan. 1, 1920	49,650.12
Balance Dec. 31, 1919	77,583.92
Total	$571,367.10

Liabilities Look Heavy.

Following is a list of the liabilities of the county at the present time:

Bonded debt, 4% bonds	$ 34,700.00
County share of Red Lake county bonds	10,255.40
Unpaid balance of liabilities assumed on Red Lake county drainage ditch bonds	55,696.00
Drainage ditch bonds issued by Pennington Co.	526,900.00
State rural highway bonds	24,000.00
Highlanding bridge bonds	15,000.00
Total	$666,551.40

Ledger's Other Side.

A list of the assets of the county is given in the statement, as follows, the list including an inventory of all county property except road machinery and equipment and the value of six gravel pits, ownership of which have been acquired:

Taxes for year 1918 and previous years	$ 30,765.15
In county revenue fund	2,437.92
In county bond and interest fund	512.17
In county sinking fund	1,164.58
In sanatorium fund	306.15
Money advanced for repair Ditch No. 1	1,592.52
Money advanced for repair Ditch No. 32	155.97
Real estate	13,700.00
Personal property	22,500.00
Highlanding bridge	15,000.00
Kratka bridge	10,000.00
County roads & highways	240,000.00

Items of General Interest.

Officers of the county and their assistants cost $13,617.41 during the year. The commissioners collected as their mileage allowance and as salaries for attendance at meetings the very moderate sum of $89.00. Witnesses in state cases were responsible for an outlay of $735.40; grand jurors cost $385.70 and petit jurors $1,237.56. The amount spent in conveying insane prisoners to the asylum was $348.21.

The county's share in the wolf bounties paid amounted to $721.50, while $115.14 was paid in crow, and gopher bounties. Mothers' pensions amounted to $1,567.50. Books and supplies formed a considerable part of the general expense, being $4,086.90, while legal publications and printing footed up $2,183.91. The coroner's office did not drain the treasury to any great extent, the expenses in that department being but $51.70.

Mrs. L. Wilson of St. Hilaire, shopped and visited in this city between trains on Wednesday.

THORSTEIN SKARNING

World Known Famous Master on The Accordion And His $700 Gold Inlaid Instrument.

At the Auditorium, Thief River Falls, Sunday, Jan. 25th, a concert will be held, the like of which has not before taken place in our city. The principal entertainment will be furnished by Thorstein Skarning, considered at present the world's leading virtuoso on the accordion, an instrument that is very popular in Scandinavian countries, as it is also in Italy. He has participated victoriously in various contests of skill on the accordion, his last victory being over an Italian player in Chicago seven years ago. He then won a gold medal and a considerable money-prize.

Since then Mr. Skarning has traveled extensively in many European countries, giving concerts in large cities. At the opening of the war, four years ago, he was playing an engagement in Moscow. Before he could get out of Russia he was arrested on suspicion of being a German spy, but was soon released thru the efforts of the Norwegian consul at Archangle.

His musicianly ability and splendid mastery of the technique of the accordion have received flattering comment in the press wherever he has appeared, both European and American papers according him highly complimentary mention. Lack of space at this time prevents us from giving extracts from some of these reviews.

In his concert here he will be assisted by his wife who is a talented soprano and pianist, and among her solos will be "Solveig's Sang," "Sæterjentens Sondag" and "Aa Mor." Mr. and Mrs. Skarning will render as duets "Death of Aase," "Anitras Dance," "Poet and Peasant" Overtures, Norwegian Airs and other Norse compositions.

Alone on the accordion he will give "Nearer My God, to Thee," sextette from "Lucia," "Vosserull" and other selections.

The Skarning's have also made records for the world's greatest graphophone companies and also given entertainments at Camp Grant and to Red Cross benefits.

Superior Telegram says: "No such Scandnavian musical artists as the Skarnings have been in the Northwest since the tour of Ole Bull.

Death of Pioneer Woman.

Mrs. Oguethe Torson passed away at the home of her daughter, Mrs. Alf. C. Olson, on Sunday, Jan. 11, of bronchial pneumonia.

Mrs. Torson was born in Gulbrandsdalen, Norway, Feb. 22, 1832, and reached the high age of 87 years, 10 months and 19 days. She came to America with her husband and two daughters in 1866, and lived in Wisconsin a short time, leaving there for Rochester, Minn., where the family lived until 1883, when they settled on their homestead in the town of Bray, this county, where they made their home until 1915. At that time the husband and father, Ole Torson, died.

She was the mother of four daughters, all but one of whom survive. Mrs. Ed. Sevre preceded her mother in death last fall. A son also was born to Mr. and Mrs. Torson, but died in infancy. The surviving daughters are: Mrs. C. Pederson, Abbey, Sask., Canada; Mrs. N. K. Anderson, city, and Mrs. A. C. Olson, St. Hilaire. There are 37 grandchildren and 51 great-grandchildren.

Funeral services were conducted by Rev. Grimsrud on Jan 17 at the home of Alfred Olson, and at the Landstad church cemetery, where interment was made.

LAST BIB BLOCK OF THE CANADIAN PACIFIC RESERVED FARM LANDS

THIS announces the offering of the last big block of the Canadian Pacific Reserved Farm Lands. Until this block is disposed of, you can secure at low cost a farm home in Western Canada that will make you rich and independent. Never again on the American Continent will farm lands be offered at prices so low.

LAST BIG OPPORTUNITY

This block contains both fertile, open prairie and rich park lands in Lloydminster and Battleford Districts of Central Alberta and Saskatchewan. Farm Lands on the rich prairies of Manitoba, Saskatchewan and Alberta are $11 to $30 an acre. Lands in Southern Alberta under an irrigation system of unfailing water from $50 an acre and up.

TWENTY YEARS TO PAY

The Canadian Pacific offers you this land under a plan of long term, easy payments that is remarkable in the history of farm investments. You pay down 10%. Then you have no payment on the principal until the end of the fourth year, then fifteen annual payments. Interest is 6%. In Central Saskatchewan, Seager Wheeler grew the world's prize wheat. World's prize oats were grown at Lloydminster.

LANDS UNDER IRRIGATION

In Southern Alberta, the Canadian Pacific Railway has developed the largest individual irrigation undertaking on the American Continent. This district contains some of the best lands in Canada. An unfailing supply of water is administered under the Canadian Government. Prices range from $50 an acre up on the same easy payment terms.

SPECIAL RATES FOR HOME-SEEKERS AND FULL INFORMATION

The Canadian Pacific will not sell you a farm until you have inspected it. To make this easy, special railway rates have been arranged. Do not delay your investigation. This is the last great block of Canadian Pacific Reserved Farm Homes. Send today for complete information.

Parent-Teachers Meeting.

A meeting of the Parent-Teachers organization of the Knox school will be held at the Knox building Monday evening, January 26. A short program will be given by the pupils. Members of the school board and parents are urged to come and help make it a success.

MRS. DANIEL SHAW,
Chairman.

Rural Notes.

Any of the club leaders, who wish to have a divisional meeting and a speaker for the meeting, kindly notify the chairman, Miss Igna Hanry, Thief River Falls, Minnesota, two weeks before the meeting is desired to be held.

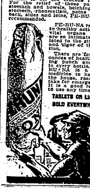
A big meeting in the interest of the schools of Districts 46, 44, 41 and Mavie respectively, will be held at the hall in Mavie on Jan. 24th at eight o'clock. All the patrons of these districts are requested to be present and all others who care to attend as matters of importance will be discussed. A local speaker will be present and an interesting time is assured all who attend.

In Memoriam.

In loving memory of our beloved son and brother, Edward, who was called by God away from us to His eternal home one sad year ago, Jan. 17, 1919.

Patiently he suffered,
His troubles he bore,
But now it is ended,
He suffers no more.
To sleep we leave him,
In quiet and rest;
The parting was painful,
But God knows best.

Mrs. J. Meyer and family.



Bottled Manpower

Coughs and colds are weakening. Get rid of them as quickly as you can. Catarrh in any form saps the vitality. Fight it and fight it hard. There is a remedy to help you do it—a medicine of forty-seven years' established merit. Try it.

PE-RU-NA

For Catarrh and Catarrhal Conditions

It purifies the blood, regulates the digestion, aids elimination, tones up the nerve centers and carries health to all the mucous linings. For the relief of those pains in stomach and bowels, belching, sour stomach, rheumatism, pains in the back, sides and loins, PE-RU-NA is recommended.

PE-RU-NA restores to healthy action the vital organs which are so intimately related to the strength and vigor of the nation.

There are fourteen ounces of health giving punch and pep in every bottle. PE-RU-NA is a good medicine to have in the house, ready-to-take for emergencies. It is a good remedy to use any time.

TABLETS OR LIQUID SOLD EVERYWHERE

Entertained.

Mrs. Ila Reynolds informally entertained about fourteen ladies on last Thursday evening.

You Can't Run a Train Without Tracks

Everybody knows you can't run a train without tracks; and everybody ought to know you can't run a telephone company without money.

Sometimes people seem to forget this fact concerning the telephone. The business man knows he must have money to run his business. The housewife knows she must have money to run the home. They both know that it costs more to run anything, these days, than it did two or three years ago.

It is just the same with those of us who go to make up the telephone company; we linemen, operators, electricians and engineers; the cost of living has hit us just as hard as it has hit you. And the cost of the materials with which we work has just about doubled.

These are plain, everyday facts. Without enough money to pay expenses it is just as impossible for us to run the telephone company as it is impossible to run a train without tracks.

We must have your support if you are to have the telephone. Rates must meet increased expenses.

S. O. LEE,
Treasurer.

City Council

Council Chambers, Thief River Falls, Minnesota.

A regular meeting of the city council was called to order by H. A. Brumund, President, at eight o'clock p. m., Jan. 13th, 1919.

Roll call: Members present: Froseth, Dahl, Brumund, Ness, Brandon, Ihle. Members absent: none.

Minutes of the meeting of January 6th were read and approved as read.

Moved by Froseth, seconded by Brandon, that the monthly reports of the City Clerk, City Treasurer, Librarian and yearly report of the Chief of Police be accepted and filed. Motion carried.

Moved by Ihle, seconded by Brandon, that the application of Revdahl & Co. for building permit be granted. Motion carried.

Moved by Brandon, seconded by Ihle, that permission be granted Peter Olson to move building from Block 7 Duluth avenue north, to Block 13 Tindolph avenue. Motion carried.

Moved by Brandon, seconded by Dahl, that the use of the Auditorium be given free of charge to the Near East Relief association. Motion carried.

Moved by Ness, seconded by Froseth, that the use of the Auditorium be given free of charge for the National annual convention of the Lutheran Free church to be held from June 9th to June 27th, 1920. Motion carried.

Moved by Brandon, seconded by Froseth, that the Chair appoint a committee of four with power to act to close a deal for a public square. Motion carried and the Chair appointed the following to serve on the committee: Froseth, Brandon, Dahl and Ihle.

Moved by Dahl, seconded by Brandon, that the application for Pool Hall license of Shanahan & Sheady be laid on the table until the next regular meeting. Motion carried.

Alderman Ihle, seconded by Alderman Brandon, introduced a resolution appointing Henry Froseth as manager of the Auditorium. (See Resolution.)

Moved by Ihle, seconded by Brandon, that the Chair appoint a committee of two to investigate the shallow storm sewer system, filtration system and paving. Motion carried and the Chair appointed the following: Ihle and Dahl.

The President of the Council appointed the following standing committees:

Finance: Brumund, Brandon and Froseth.

Board of Health: Dr. J. Biederman, Ness, Froseth and Ihle.

Poor: Froseth, Ness and Dahl.

Roads, Streets and Sidewalks: Ihle, Ness and Dahl.

License, Printing and Municipal Buildings: Dahl, Brandon and Ness.

Electric Light and Waterworks: Brandon, Ihle and Brumund.

On motion duly carried the council adjourned.

H. A. BRUMUND,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a regular meeting of the City Council held Jan. 13, 1920, Alderman Ihle seconded by Alderman Brandon, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that the application of Henry Froseth for the position of Manager of the City Auditorium for the year 1920 and 1921, be and the same is hereby accepted, and the City Clerk and Mayor are hereby authorized and directed to enter into a proper contract on behalf of the City, with said Henry Froseth, on the usual and customary terms.

Roll Call: Aldermen voting Yes: Froseth, Dahl, Brumund, Ness, Brandon and Ihle. Aldermen voting No: None.

Resolution declared passed.

H. A. BRUMUND,
President of the Council.

Approved Jan. 17, 1920.
JOHN BRATRUD,
Mayor.

Attest:
A. H. AKRE,
City Clerk.

LEGAL NOTICES

State of Minnesota, County of Pennington, ss. In Probate Court, January Term, 1920.

In the Matter of the Estate of John A. Peterson, Deceased.

The State of Minnesota, to Martin J. Peterson, Mrs. Nina Rose, Oscar C. Peterson, Elias A. Peterson, George G. Peterson, Lena M. Peterson, Julius Peterson, and all persons interested in the estate of John A. Peterson, Deceased:

The petition of Martin J. Peterson having been filed in this Court representing that the final decree of distribution issued by this Court on the 1st of December, 1919, is incorrect and erroneous in this that the following described real estate belonging to said estate was omitted from said decree, to-wit: An undivided one-half interest in and to the West one-half (W½) of the Northwest Quarter (NW¼), Section 8, in Township 152, North of Range 43 West, and praying that the said decree be corrected and amended to include said real property, and the Court having fixed the time and place for hearing on said petition;

THEREFORE, You, and each of you are hereby cited and required to show cause, if any you have, before this Court, at the Probate Court Rooms, at the Court House, in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 31st day of January, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the Seal of said Court, this 6th day of January, 1920.

IRA C. RICHARDSON,
(Seal) Probate Judge.
J8-15-22

Order Limiting Time to File Claims Within Three Months, and For Hearing Thereon.

Estate of Hege Jore.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Hege Jore, Decedent.

Letters this day having been granted to William B. Torgerson, and it appearing by the affidavit of said representative that there are no debts of said decedent;

IT IS ORDERED, That the time within which all creditors of the above named decedant may present claims against her estate in this Court, be, and the same hereby is, limited to three months from and after the date hereof; and that Friday, the 16th day of April, 1920, at 10 o'clock A. M., in the Probate Court Rooms at the Court House at Thief River Falls, Minn., in said County, be, and the same hereby is, fixed and appointed as the time and place for hearing upon and the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid.

Let notice hereof be given by the publication of this order in the Thief River Falls Times, a legal newspaper, as provided by law.

Dated January 9, 1920.

IRA C. RICHARDSON,
(Seal.) Judge of Probate.
NILS HAGEN,
Attorney.
J15-22-29

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage executed and delivered by Lulu D. Halvorson and Gay Halvorson, her husband, as mortgagors, to Northwestern Building Association of Fergus Falls, a corporation, as mortgagee, dated June 14, 1916, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 20th day of June, 1916, at one o'clock P. M., in book 4 of mortgages on page 237, and no action or proceeding having been instituted at law or otherwise to recover the debt remaining secured by said mortgage, or any part thereof, and there being claimed to be due and is actually due on said mortgage at the date of this notice the sum of two thousand three hundred and eight ($2,308) Dollars and the sum of forty-one dollars and seventy-four cents ($41.74) for taxes for 1916, paid by said mortgagee on May 13, 1918, and the further sum of sixty-three dollars and thirty cents ($63.30) for taxes for 1917, paid by said mortgagee on May 12, 1919, making the total amount due at this date the sum of two thousand four hundred and thirteen dollars and four cents ($2,413.04).

Notice is hereby given, that by virtue of the power of sale contained therein, said mortgage will be foreclosed and the premises therein described situated in the County of Pennington, State of Minnesota, to-wit: Lot twelve (12) and the north one-half (N½) of lot eleven (11) in block sixty-three (63) of the Original Townsite of Thief River Falls, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said county and state, will be sold by the sheriff of said county at public vendue to the highest bidder on the 3rd of March, 1920, at 10 o'clock A. M., at the front door of the Court House in the City of Thief River Falls, in said County and State, to pay said debt, the interest thereon and an attorney's fee of seventy-five (75) dollars stipulated in said mortgage and the expenses of sale, subject to redemption at any time within one year from the date of sale as provided by law.

Dated January 6, 1920.

NORTHWESTERN BUILDING ASSOCIATION,
of Fergus Falls, Mortgagee.
N. F. FIELD,
Attorney for Mortgagee,
Fergus Falls, Minn.
J15-22-29-F5-12-19

Notice For Bids.

The frame building formerly used for blacksmith shop, situated on the high school grounds, will be sold to the highest bidder.

Sealed bids will be received until 8 P. M., January 24th, 1920.

P. O. MYHRUM, Clerk.
Independent School District No. 18.
J15-25

State of Minnesota, County of Pennington, ss. In Probate Court, January Term, 1920.

In the Matter of the Estate of Ida M. Peterson, Deceased.

The petition of Martin J. Peterson having been filed in this Court representing that the final decree of distribution issued by this Court on December 1st, 1919, is erroneous and incorrect in this, to-wit: That said final decree of distribution attempted to set over to the heirs and legatees of said decedent all of the Northwest Quarter (NW¼ NW¼) of Section 8 in Township 152, Range 43, where as in truth and in fact the said decedent was the owner of an undivided two-thirds (2-3) interest in and to said property; that said decree is incorrect and erroneous in this, to-wit: That the following real estate belonging to said decedent was omitted therefrom, to-wit: An undivided one-sixth (1-6) interest in and to the Southwest Quarter of the Northwest Quarter (SW¼ NW¼), Section 8, Township 152, North of Range 43 West, and praying that said decree may be corrected in accordance with law and fact, and the Court having fixed a time and place for hearing on said petition;

NOW, THEREFORE, You, and each of you are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms, in the Court House, in the City of Thief River Falls, in the County of Pennington and State of Minnesota, on the 31st day of January, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the Seal of said Court, this 6th day of January, 1920.

IRA C. RICHARDSON,
(Seal) Probate Judge.
J8-15-22

Notice For Bids.

Sealed bids will be received by the Town Clerk of Polk Centre, Pennington County, Minn., up until 2 o'clock P. M., on Saturday, the 24th day of January, 1920, for graveling one-half mile of road between Sections 9 and 16, and Sections 10 and 15, commencing 40 rods West from the East corner stake of Sections 9 and 16; thence running East one-half mile. Gravel to be taken one-half mile from section line between Sections 11 and 14 on the Sandridge.

Board reserves the right to reject any and all bids.

C. E. NAPLIN,
Town Clerk.
J8-15-22-p

Citation For Hearing on Petition For Determination of Descent of Land.

Estate of Martin J. Berg.

State of Minnesota, County of Pennington. In Probate Court.

In the Matter of the Estate of Martin J. Berg, Decedent.

The State of Minnesota to Anne Berg, Mabel Alvilde Hanson and all persons interested in the determination of the descent of the real estate of said decedent: The petition of Mabel Alvilde Hanson having been filed in this Court, representing that said decedent died more than five years prior to the filing thereof, leaving certain real estate in said petition described, and that no will of decedent has been proved nor administration of his estate granted in this State, and praying that the descent of said real estate be determined by this Court.

THEREFORE, YOU, and EACH of YOU, Are hereby cited and required to show cause, if any you have, before this Court, at the Probate Court-Room in the Court House in the city of Thief River Falls, in the County of Pennington, State of Minnesota, on the 10th day of February, 1920, at eleven o'clock A. M., why said petition should not be granted.

WITNESS, The Judge of said Court, and the seal thereof, this 14th day of January, 1920.

CERTIFICATE OF INCORPORATION Of The NORTHERN WOODWORK COMPANY

We, the undersigned, for the purpose of forming a corporation under and pursuant to the provision of Chapter Fifty-eight (58) of the General Statutes of Minnesota for 1913, and any amendments thereof, do hereby associate ourselves as a body corporate, and do hereby adopt the following Certificate of Incorporation:

ARTICLE I.

Sec. 1. The name of this corporation shall be Northern Woodwork Company.

Sec. 2. The general nature of its business shall be the manufacturing of furniture, fixtures, building material and all manner of articles, partly or wholly of wood; the buying, owning, selling, mortgaging and leasing of property, real, personal and mixed, which may be necessary in connection with said manufacturing business, and to do each and everything necessary, suitable, or proper for the accomplishment of any of the purposes, or the attainment of any one or more of the objects herein enumerated, or which shall at any time appear conducive to or expedient for the protection or benefit of the corporation.

Sec. 3. The principal place of transacting the business of this corporation shall be in the City of Thief River Falls, County of Pennington, Minnesota.

ARTICLE II.

The time for the commencement of this corporation shall be January 15, 1920, and the period of its duration shall be thirty years.

ARTICLE III.

The names and places of residence of the persons forming this corporation are: Ole R. Revdahl of Thief River Falls, Minn.; Nels G. Olson of Thief River Falls, Minn.; E. J. Rustad of Thief River Falls, Minn.; Andrew Stene of Thief River Falls, Minn.; Haakan M. Grindahl of Thief River Falls, Minn.; and Elling O. Iverson of Thief River Falls, Minn.

ARTICLE IV.

Sec. 1. The management of this corporation shall be vested in a Board of Directors, composed of not less than three and not more than six members. The names and addresses of the first Board of Directors are: Ole R. Revdahl, Thief River Falls, Minn.; Nels G. Olson, Thief River Falls, Minn.; E. J. Rustad, Thief River Falls, Minn.; Andrew Stene, Thief River Falls, Minn.; Haakan M. Grindahl, Thief River Falls, Minn., and Elling O. Iverson, Thief River Falls, Minn.

Sec. 2. The first officers of this corporation shall be: President, Elling O. Iverson; Vice President, Ole R. Revdahl; Secretary-Treasurer, E. J. Rustad. All the above named officers and directors shall hold their respective offices aforesaid until the next annual meeting of the corporation to be held on the second Tuesday in January, 1921, at which time and annually thereafter, a Board of Directors shall be elected from and by the stockholders of this corporation. The annual meeting of this corporation shall be held at its principal place of business on the second Tuesday in January in each year. Immediately after the election of directors, or as soon thereafter as practicable, the directors shall meet and elect from their number a *president, and a* vice president, and from their number or from the stockholders a secretary and a treasurer. Any office except that of president and vice president may be held by one person. The directors and officers of this corporation shall hold their respective offices until their successors have been duly elected and entered upon the discharge of their duties. The first meetings of the stockholders and of the Board of Directors shall be held at Thief River Falls, Minn., on the 2nd day of February, 1920, at 10 A. M.

ARTICLE V.

The amount of the capital stock of this corporation shall be Twenty Thousand Dollars ($20,000.00), which shall be paid in, in money or property, or both, in such manner, at such times, and in such amounts as the Board of Directors shall order. The capital stock shall be divided into Two Hundred (200) shares of the par value of One Hundred Dollars ($100.00) each.

ARTICLE VI.

The highest amount of indebtedness or liability to which this corporation shall at any time be subject shall be the sum of Twenty Thousand Dollars ($20,000.00).

In Testimony Whereof, we have hereunto set our hands this 10th day of January, 1920.

S. O. LEE,
Treasurer.

City Council

Council Chambers, Thief River Falls, Minnesota.

A regular meeting of the city council was called to order by H. A. Brumund, President, at eight o'clock p. m., Jan. 13th, 1919.

Roll call: Members present: Froseth, Dahl, Brumund, Ness, Brandon, Ihle. Members absent: none.

Minutes of the meeting of January 6th were read and approved as read.

Moved by Froseth, seconded by Brandon, that the monthly reports of the City Clerk, City Treasurer, Librarian and yearly report of the Chief of Police be accepted and filed. Motion carried.

Moved by Ihle, seconded by Brandon, that the application of Revdahl & Co. for building permit, be granted. Motion carried.

Moved by Brandon, seconded by Ihle, that permission be granted Peter Olson to move building from Block 7 Duluth avenue north, to Block 18 Tindolph avenue. Motion carried.

Moved by Brandon, seconded by Dahl, that the use of the Auditorium be given free of charge to the Near East Relief association. Motion carried.

Moved by Ness, seconded by Froseth, that the use of the Auditorium be given free of charge for the National annual convention of the Lutheran Free church to be held from June 9th to June 27th, 1920. Motion carried.

Moved by Brandon, seconded by Froseth, that the Chair appoint a committee of four with power to act to close a deal for a public square. Motion carried and the Chair appointed the following to serve on the committee: Froseth, Brandon, Dahl and Ihle.

Moved by Dahl, seconded by Brandon, that the application for Pool Hall license of Shanahan & Sheedy be laid on the table until the next regular meeting. Motion carried.

Alderman Ihle, seconded by Alderman Brandon, introduced a resolution appointing Henry Froseth as manager of the Auditorium. (See Resolution.)

Moved by Ihle, seconded by Brandon, that the Chair appoint a committee of two to investigate the shallow storm sewer system, filtration system and paving. Motion carried and the Chair appointed the following: Ihle and Dahl.

The President of the Council appointed the following standing committees:

Finance: Brumund, Brandon and Froseth.

Board of Health: Dr. J. Biederman, Ness, Froseth and Ihle.

Poor: Froseth, Ness and Dahl.

Roads, Streets and Sidewalks: Ihle, Ness and Dahl.

License, Printing and Municipal Buildings: Dahl, Brandon and Ness.

Electric Light and Waterworks: Brandon, Ihle and Brumund.

On motion duly carried the council adjourned.

H. A. BRUMUND,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a regular meeting of the City Council held Jan. 13, 1920, Alderman Ihle seconded by Alderman Brandon, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that the application of Henry Froseth for the position of Manager of the City Auditorium for the year 1920 and 1921, be and the same is hereby accepted, and the City Clerk and Mayor are hereby authorized and directed to enter into a proper contract on behalf of the City, with said Henry Froseth, on the usual and customary terms.

Roll Call: Aldermen voting Yes; Froseth, Dahl, Brumund, Ness, Brandon and Ihle. Aldermen voting No; None.

Resolution declared passed.

H. A. BRUMUND,
President of the Council.

Approved Jan. 17, 1920.
JOHN BRATRUD,
Mayor.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a regular meeting of the City Council held Jan. 13th, 1920, Alderman Froseth seconded by Alderman Ihle, introduced the following resolution and moved its adoption:

Mayor.

Attest:
A. H. AKRE,
City Clerk.

LEGAL NOTICES

State of Minnesota, County of Pennington, ss. In Probate Court, January Term, 1920.

In the Matter of the Estate of John A. Peterson, Deceased.

The State of Minnesota, to Martin J. Peterson, Mrs. Nina Rose, Oscar C. Peterson, Elias A. Peterson, George G. Peterson, Lena M. Peterson, Julius Peterson, and all persons interested in the estate of John A. Peterson, Deceased:

The petition of Martin J. Peterson having been filed in this Court representing that the final decree of distribution issued by this Court on the 1st of December, 1919, is incorrect and erroneous in this that the following described real estate belonging to said estate was omitted from said decree, to-wit: An undivided one-half interest in and to the West one-half (W½) of the Northwest Quarter (NW¼) Section 8, in Township 152, North of Range 42 West, and praying that the said decree be corrected and amended to include said real property, and the Court having fixed the time and place for hearing on said petition;

THEREFORE, You, and each of you are hereby cited and required to show cause, if any you have, before this Court, at the Probate Court Rooms, at the Court House, in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 31st day of January, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the Seal of said Court, this 6th day of January, 1920.

IRA C. RICHARDSON,
(Seal) Probate Judge.
J8-15-22

Order Limiting Time to File Claims Within Three Months, and For Hearing Thereon.

Estate of Hege Jore.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Hege Jore, Decedent.

Letters this day having been granted to William B. Torgerson, and it appearing by the affidavit of said representative that there are no debts of said decedent:

IT IS ORDERED, That the time within which all creditors of the above named decedent may present claims against her estate in this Court, be, and the same hereby is, limited to three months from and after the date hereof; and that Friday, the 16th day of April, 1920, at 10 o'clock A. M., in the Probate Court Rooms at the Court House at Thief River Falls, Minn., in said County, be, and the same hereby is, fixed and appointed as the time and place for hearing upon and the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid.

Let notice hereof be given by the publication of this order in the Thief River Falls Times, a legal newspaper, as provided by law.

Dated January 9, 1920.

IRA C. RICHARDSON,
(Seal.) Judge of Probate.
NILS HAGEN,
Attorney.
J15-22-29

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage executed and delivered by Lulu D. Halvorson and Guy Halvorson, her husband, as mortgagors, to Northwestern Building Association of Fergus Falls, a corporation, as mortgagee, dated June 14, 1916, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 20th day of June, 1916, at one o'clock P. M., in book 4 of mortgages on page 237, and no action or proceeding having been instituted at law or otherwise to recover the debt remaining secured by said mortgage, or any part thereof, and there being claimed to be due and is actually due on said mortgage at the date of this notice the sum of two thousand three hundred and eight ($2,308) Dollars and the sum of forty-one dollars and seventy-four cents ($41.74) for taxes for 1916, paid by said mortgagee on May 13, 1918, and the further sum of sixty-three dollars and thirty cents ($63.30) for taxes for 1917, paid by said mortgagee on May 12, 1919, making the total amount due at this date the sum of two thousand four hundred and thirteen dollars and four cents ($2,413.04).

Notice is hereby given, that by virtue of the power of sale contained therein, said mortgage will be foreclosed and the premises therein described situated in the County of Pennington, State of Minnesota, to-wit: Lot twelve (12) and the north one-half (N½) of lot eleven (11) in block sixty-three (63) of the Original Townsite of Thief River Falls, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said county and state, will be sold by the sheriff of said county at public vendue to the highest bidder on the 3rd of March, 1920, at 10 o'clock A. M., at the front door of the Court House in the City of Thief River Falls, in said County and State, to pay said debt, the interest thereon and an attorney's fee of seventy-five (75) dollars stipulated in said mortgage and the expenses of sale, subject to redemption at any time within one year from the date of sale as provided by law.

Dated January 6, 1920.

NORTHWESTERN BUILDING ASSOCIATION,
of Fergus Falls, Mortgagee.
N. F. FIELD,
Attorney for Mortgagee,
Fergus Falls, Minn.
J15-22-29-F5-12-19

Notice For Bids.

The frame building formerly used for blacksmith shop, situated on the high school grounds, will be sold to the highest bidder.

Sealed bids will be received until 8 P. M., January 24th, 1920.

P. O. MYHRUM, Clerk,
Independent School District No. 18.
J18-25

State of Minnesota, County of Pennington, ss. In Probate Court, January Term, 1920.

In the Matter of the Estate of Ida M. Peterson, Deceased.

The petition of Martin J. Peterson having been filed in this Court representing that the final decree of distribution issued by this Court on December 1st, 1919, is erroneous and incorrect in this, to-wit: That said final decree of distribution attempted to set over to the heirs and legatees of said decedent all of the Northwest Quarter (NW¼NW¼) of Section 8 in Township 152, Range 42, where as in truth and in fact the said decedent was the owner of an undivided two-thirds (2-3) interest in and to said property; that said decree is incorrect and erroneous in this, to-wit: That the following real estate belonging to said decedent was omitted therefrom, to-wit: An undivided one-sixth (1-6) interest in and to the Southwest Quarter of the Northwest Quarter (SW¼NW¼), Section 8, Township 152, North of Range 42 West, and praying that said decree may be corrected in accordance with law and fact, and the Court having fixed a time and place for hearing on said petition;

NOW, THEREFORE, You, and each of you are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms, in the Court House, in the City of Thief River Falls, in the County of Pennington and State of Minnesota, on the 31st day of January, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the Seal of said Court, this 6th day of January, 1920.

IRA C. RICHARDSON,
(Seal) Probate Judge.
J8-15-22

Notice For Bids.

Sealed bids will be received by the Town Clerk of Polk Centre, Pennington County, Minn., up until 2 o'clock P. M., on Saturday, the 24th day of January, 1920, for gravelling one-half mile of road between Sections 9 and 16, and Sections 10 and 15, commencing 40 rods West from the East corner stake of Sections 9 and 16; thence running East one-half mile. Gravel to be taken one-half mile from section line between Sections 11 and 14 on the Sandridge.

Board reserves the right to reject any and all bids.

C. E. NAPLIN,
Town Clerk.

CERTIFICATE OF INCORPORATION Of The NORTHERN WOODWORK COMPANY

We, the undersigned, for the purpose of forming a corporation under and pursuant to the provision of Chapter Fifty-eight (58) of the General Statutes of Minnesota for 1913, and any amendments thereof, do hereby associate ourselves as a body corporate, and do hereby adopt the following Certificate of Incorporation:

ARTICLE I.

Sec. 1. The name of this corporation shall be Northern Woodwork Company.

Sec. 2. The general nature of its business shall be the manufacturing of furniture, fixtures, building material and all manner of articles, partly or wholly of wood; the buying, owning, selling, mortgaging and leasing of property, real, personal and mixed, which may be necessary in connection with said manufacturing business, and to do each and everything necessary, suitable, or proper for the accomplishment of any of the purposes, or the attainment of any one or more of the objects herein enumerated, or which shall at any time appear conducive to or expedient for the protection or benefit of the corporation.

Sec. 3. The principal place of transacting the business of this corporation shall be in the City of Thief River Falls, County of Pennington, Minnesota.

ARTICLE II.

The time for the commencement of this corporation shall be January 15, 1920, and the period of its duration shall be thirty years.

ARTICLE III.

The names and places of residence of the persons forming this corporation are: Ole R. Revdahl of Thief River Falls, Minn.; Nels G. Olson of Thief River Falls, Minn.; E. J. Rustad of Thief River Falls, Minn.; Andrew Stene of Thief River Falls, Minn.; Haakan M. Grindahl of Thief River Falls, Minn.; and Elling O. Iverson of Thief River Falls, Minn.

ARTICLE IV.

Sec. 1. The management of this corporation shall be vested in a Board of Directors, composed of not less than three and not more than six members. The names and addresses of the first Board of Directors are: Ole R. Revdahl, Thief River Falls, Minn.; Nels G. Olson, Thief River Falls, Minn.; E. J. Rustad, Thief River Falls, Minn.; Andrew Stene, Thief River Falls, Minn.; Haakan M. Grindahl, Thief River Falls, Minn., and Elling O. Iverson, Thief River Falls, Minn.

Sec. 2. The first officers of this corporation shall be: President, Elling O. Iverson; Vice President, Ole R. Revdahl; Secretary-Treasurer, E. J. Rustad. All the above named officers and directors shall hold their respective offices aforesaid until the next annual meeting of the corporation to be held on the second Tuesday in January, 1921, at which time and annually thereafter, a Board of Directors shall be elected from and by the stockholders of this corporation. The annual meeting of this corporation shall be held at its principal place of business on the second Tuesday in January in each year. Immediately after the election of directors, or as soon thereafter as practicable, the directors shall meet and elect from their number a president, and a vice president, and from their number or from the stockholders a secretary and a treasurer. Any office except that of president and vice president may be held by one person. The directors and officers of this corporation shall hold their respective offices until their successors have been duly elected and entered upon the discharge of their duties. The first meetings of the stockholders and of the Board of Directors shall be held at Thief River Falls, Minn., on the 2nd day of February, 1920, at 10 A. M.

ARTICLE V.

The amount of the capital stock of this corporation shall be Twenty Thousand Dollars ($20,000.00), which shall be paid in, in money or property, or both, in such manner, at such times, and in such amounts as the Board of Directors shall order. The capital stock shall be divided into Two Hundred (200) shares of the par value of One Hundred Dollars ($100.00) each.

ARTICLE VI.

The highest amount of indebtedness or liability to which this corporation shall at any time be subject shall be the sum of Twenty Thousand Dollars ($20,000.00).

In Testimony Whereof, we have hereunto set our hands this 10th day of January, 1920.

OLE R. REVDAHL.
NELS G. OLSON.
E. J. RUSTAD.

EKLUND POST BASKET SHOTS DOWN BEMIDJI

Strong Visiting Team Defeated in Spectacular Contest, 26 to 21.

ARGYLE IS ALSO BEATEN

High School Quintet Trims Rivals For Second Time This Season.

In an uphill fight, replete with thrills and sensational playing, the Eklund Post basketball team defeated the Ralph Gracie Post quint of Bemidji, by a score of 26 to 21. The game took place at the Auditorium Tuesday night and in most respects is considered unequalled in basketball history.

Bemidji started with the evident purpose of walking away with the locals and during the entire first half was well on the way towards accomplishing that purpose. The Eklund Post men seemed unable either to score heavily or prevent their opponents from scoring and the first-half ended 19 to 10 in Bemidji's favor.

Came Back Strong.

The second half saw a change. The locals, still determined to win, came back with a rush that swept their opponents entirely off their feet. The Bemidji offensive was broken up completely, while Thief River continued to pile in baskets regularly. The last whistle found them holding a five point lead. Holzknecht, the local's guard, entertained the spectators by exhibiting freak shots.

The Bemidji team is made up of a fine-looking bunch of men. They played the game consistently and at times brilliantly. In the aggregate the visitors had it over the locals in weight and their basket-shooting ability was fully equal to that of the Eklund Post boys. The stubborn defense put up by the latter in the closing half, together with a more even break in the luck must be credited with being the principal factors in the victory.

The Lineup.

Bemidji		Thief River
Plummer	lf	Penney
Benigan	c	Paranteau
G. Graham	lg	Tommeraasen
F. Graham	rg	Holzknecht
Phibbs	rf	Kiland

Argyle High Defeated.

The Lincoln High athletes, with the memory of Detroit still fresh in their minds, came back with a vengeance Monday night and administered a squad trouncing to the Argyle high school quint. The game ended: Argyle 22 and Thief River Falls 45.

The local boys showed a clean-cut superiority over their opponents in every department of the game and were at no time in serious danger of defeat. Schuster, Hadrath and Larson rolled in five baskets before the opposing team had scored a single point and, though Argyle put up a spirited fight, the margin continued to widen during the remainder of the game. G. Rivard, Argyle's guard, supplied an extra thrill in the second half by putting in three long shots in succession. This defeat is the second Argyle has suffered at the hands of the Thief River Falls quint this season.

Big Sale Coming.

H. G. Borden will hold a sale of all his personal property about March 1. Sixteen head of work horses and a large amount of farm machinery will be disposed of. Watch for the date. j 22 f 12-p

DR. HIEBER DEAD AT MONROVIA, CAL

Former Resident of Thief River Falls Fails to Regain Health in West.

Dr. H. G. Hieber, for ten years a resident of Thief River Falls, died at Monrovia, Cal., last Saturday after a fight of nearly two years against the inroads of disease brought on by overwork.

Harvey George Hieber was born in Black Hawk, Iowa, on Nov. 10, 1879, and was but little over 40 years of age at the time of his death. After going through the schools at his birthplace he entered Northwestern University, Chicago, a medical student. After graduation he spent some time in post graduate work in Europe, coming to Thief River Falls in May, 1907, shortly after his return from abroad. He was married at Anoka on Sept. 16, 1912, to Miss Beatrice Whitten of that city, who, with a daughter, Helen Louise, about six months of age, survive him.

DR. H. G. HIEBER

Dr. Hieber was interested in all public affairs, was an active political worker while his health permitted, and at the time of leaving this city was chairman of the Pennington County Republican committee. He was a member of the Masonic fraternity, the Elks and other organizations.

At the time of the first army draft Dr. Hieber was one of the examining physicians for the county, but in August, 1917, his health failed and he left for California in the hope that the climate there would prove beneficial. He resided for a time at Los Angeles but during the past year had lived at Monrovia.

The news of Dr. Hieber's death was received here with keen sorrow. He was a man of high ideals and active always in any enterprise that would tend toward the betterment of the community in which he lived. Few men had a wider circle of friends and none were more loyal to their interests.

Nohting has been learned here as to where interment will take place.

BOYS' AND GIRLS' SHEEP EXHIBITION

Citizens State Bank Making Special Efforts to Increase Interest.

The exhibit held recently by the Boys' and Girls' Sheep club was so successful that it has been decided there shall be a bigger and better show next fall.

The officers of the Citizens State bank, who tendered their lobby for the use of the club as an exhibition room, are very much interested in the work and have decided to provide a prize for every exhibitor. The winners at the last show were Virgil Denhart, Ruth Satre and Myron Robinson. These were given a free trip to the junior stock show at St. Paul and enjoyed themselves from start to finish. They intend entering their lambs in competition at the next show.

Any boy or girl between the ages of 10 and 18 years may enter this contest and one will have as good a chance to win a trip and a prize as another, the awards being based on merit alone.

The bank officials will be glad to send full particulars to any boy or girl in the county who wishes to enter this contest.

Returns From West.

H. G. Borden returned recently from the state of Washington, where he had been since last fall. He purchased a farm near Portland and will move out there with his family early in the spring. A big auction sale will be held on his farm about March 1, at which time he will dispose of all live stock, machinery, household goods, etc. Among the principal items mentioned are 16 head of high grade work horses.

ALL SPEAK HIGHLY OF BOUDOIR FARCE

"She Walks in Her Sleep" is Comedy of the Very Highest Order.

The people of Thief River Falls and vicinity are going to have an opportunity to witness the presentation of one of the cleverest comedies staged in years when "She Walks in Her Sleep" appears here on Monday evening, Feb. 18. It is a boudoir farce of much merit, presented by a company of real actors. The Salt Lake Tribune says of it:

"Somnambulistic tendencies and inclinations have formed the themes for numerous tragedies, melodramas, comedies, and at least one standard play, but probably none in the lighter vein 'holds a candle' to 'She Walked in Her Sleep,' as presented last night at the Salt Lake theatre by Miss Norton and Paul Nicholson, with a supporting company of nine, every one of whom fits into the role assigned almost as if built for the part.

"All of the action is laid in the Cavendish hotel in New York, the residence of the parties to the complications that arise when Daphne Arnold, daughter of John Arnold, persists, while in a somnambulistic state in wandering through the various suites, robed for repose, but ever exhibiting 'clinging' tendencies should her arms touch a human being.

"One must see the play work out 'its own salvation' in order to appreciate how much of wit and epigram, diluted with rapid action, Mark Swan has condensed into three not long acts."

The play is well staged and wonderfully costumed. A full orchestra will furnish music and every detail will be up to the standard of the big city playhouses. Tickets will soon be on sale at Lambert's.—j 22.

Norway to Follow America's Lead in League Disposition

Paris newspapers have published a telegram from Norway in which President Halvorson of the Storthing is quoted as declaring that if the United States fails to join the League of Nations, or if it joins the league without accepting all the obligations of the various sections of the covenant, Norway will refuse to join the league.

Engineers —ARCHITECTS— Superintendents

Phoenix Building St Cloud, Minnesota

This Firm has been awarded contracts for the design, engineering and equipment of many large and important structures, due to the high class service rendered—such as is characterized in the Princeton High and Grade School, Sisseton High School, $60,000 store at Sisseton, South Dakota, Greenbush Consolidated School, banks garages and other buildings of various structures, and will be exerted in the new Ada High School and Borup Consolidated School. Such service has placed this Firm in the forefront in the Northwest and comprises the experience and ability of an organization of expert men—architectural designers, mechanical and heating engineers, estimators and superintendents.

JOHNSON HAD TO SIT UP ALL NIGHT LONG

Could Hardly Breathe—Ten Years Trouble Ends After He Takes Tanlac.

"After taking Tanlac I feel better than I have in years," said C. P. Johnson, a switchman for the Twin City Traction Co., who lives at 2511 25th ave. s., Minneapolis, Minn., to a Tanlac representative recently.

"For ten years I suffered with the worst sort of stomach trouble," he continued. "I had a very poor appetite and could hardly eat a thing and what little I did manage to force down would sour and gas would form and press against my heart so I could hardly breathe, and often I could not lie down on account of this and would have to sit up all night along, and I would bloat terribly, and have awful cramps. I had pains in the small of my back and my head ached nearly all of the time, and I also had the rheumatism something awful in my hip joints that hurt me so I could hardly get about.

"I had read so much about Tanlac I decided to try it. Well, at first I did not see much improvement in my condition, but I kept on taking it until I had taken three bottles, when I began to get a great deal better, and after it once started to help me it gave me quick and lasting results. My appetite is good and I am never troubled with gas or have any difficulty in breathing. The pains in my back and the rheumatism in my hips have all stopped, and I never know what it is to have the headache now. I am stronger and have more energy and my work does not tire me any to speak of, and I sleep better than I have in years. I am a great believer in Tanlac and never miss an opportunity to tell others about it."

Tanlac is sold in Thief River Falls at Lambert's drug store.—adv.

Picture Film Will Show Condition in Near East

During the world war the Turks were saved the expense of buying new wives when they tired of the old, according to post-war news seeping out of the Near East and received by Nels Martinson, state campaign director of the Near East Relief drive which will be conducted in Minnesota in February.

"During the deportation of the Armenians, many beautiful women were driven from their homes and forced to submit to the insults of the Turks," Mr. Martinson said. "They were lined up along the streets, where both high official and humble peasant *might pick a wife to suit his fancy.* Those chosen for the harem were forced to submit to the Islam faith, while those who were not so attractive were marched away or tortured to death."

In the case of children, Mr. Martinson said, any who might be of service were taken over as slaves and the remainder left to care for themselves. Many who had not previously been deported or killed were forced into the Turkish army.

It is to remedy such conditions as these that American relief workers in the Near East are establishing orphanages for the children, houses of refuge for outraged women, and hospitals for the suffering, Director Martinson explained.

Arrangements have been made for showing this great film at the auditorium in Thief River Falls some time next month.

Joseph Schmitz of this city left on Wednesday morning for Spokane, Wash., where he will visit for an indefinite period.

County Auditor T. P. Anderson left the first of the week for St. Paul for the purpose of attending the meetings of the State Tax commission. He is expected back tomorrow.

THIEF RIVER FALLS TIMES

WITH WHICH IS CONSOLIDATED THE THIEF RIVER FALLS NEWS-PRESS

VOL. NO. 9 THURSDAY, JAN. 29, 1920. NUMBER 31

OVER $150,000 PROPERTY LOSS IN SUNDAY FIRE

UNION BLOCK, ONE OF BEST IN CITY, WAS TOTALLY DESTROYED.

FLAMES SPREAD SO RAPIDLY THAT MANY SAVED BUT LITTLE.

ORIGIN OF BLAZE A MYSTERY; POOR WIRING IN SUSPECTED.

The most costly fire in the history of Thief River Falls, so far as the property loss is concerned, occurred last Sunday forenoon when the Union block, one of the best business buildings in the city, burned to the ground. The total loss is more than $150,000 with insurance of about $85,000.

The fire started about 10:30 o'clock and in an hour and a half the building was in ruins. The structure was owned by the Thief River Building company and was erected about six years ago. It was located in the center of the block on Third street between LaBree and Horace avenues.

Origin a Mystery.

Nothing has been learned as to the origin of the fire. Members of the Times Printing and Manufacturing company's force had been in the building the greater part of the forenoon but had noticed nothing unusual. From the position of the fire when discovered, however, the general impression prevails that defective electric light wiring was responsible.

When first noted the blaze was breaking through over a partition in the basement under the store occupied by the Thief River Music company. The alarm was sounded at once but so rapidly did the flames gain headway that but little could be saved even from the offices of The Times company, while the music store proprietors were unable to make any attempt whatever by reason of the dense smoke. A considerable amount of material used in the manufacture of the Lonson coin-bix, a Times company product, was stored near the point at which the blaze seemed to have originated and the nature of these supplies was such as to make its rapid spread an easy matter.

But Little Time Allowed.

The second floor of the building was occupied as dwelling flats principally, the one exception being the offices of Kolberg & Eastman, chiropractors. Good work on the part of citizens was responsible for the saving of a considerable amount of the household goods in the flats, but in nearly every instance more or less of a loss was experienced. Dr. L. F. Fisher, who occupied one of the front flats with his family, was unable to save even the personal belongings of Mrs. Fisher and the children, and is

(Continued on page 4)

CITY DEPOSITS DIVIDED PRO RATA AMONG BANKS

The city of Thief River Falls will divide its deposits among the four banks doing business here during the coming year and will be paid at the rate of three per cent on daily balances. Representatives of all the banking institutions were present at Tuesday's meeting and all submitted identical bids. The deposits will be apportioned according to the capital and surplus of the banks on the basis of the financial statements issued on January 1.

ENDS HIS WORK WITH MISSION TO SIBERIA

DR. GAMBELL OF THIS CITY AMONG THOSE SCHEDULED SOON TO RETURN.

T. P. Anderson, chairman of the Pennington County Chapter American Red Cross, has been notified that the activities of the organization in Siberia have been curtailed and that the withdrawal of a large share of the force is contemplated at the time the American army leaves. Among those scheduled to return is Dr. F. H. Gambell of this city, who went out with the mission in June, 1918.

It is stated that all those now on the ground are not needed to look after relief supplies and that those not so required will be released. During their stay in Siberia hundreds of hospitals have been established and medical and dental clinics held. The activities of the mission have extended from Vladivostock to the Urals.

The date for the return of Dr. Gambell and the others is not announced but their departure will be coincident with that of the military force. Mrs. Gambell and the children are spending the winter in California.

At the time of leaving Dr. Gambell expected *to remain in the far* eastern field for at least two years.

WILL BEGIN HEARINGS IN FLOODED DISTRICT

FIRST WILL BE HELD AT GOODRIDGE NEXT THURSDAY. HOLT NEXT.

The first of the public hearings on relief for flood sufferers will be held on Thursday, Feb. 5, at Goodridge, and Friday, Feb. 6 at Holt. The purpose of these meetings is to permit those who have not been alloted relief or those who may feel they were wrongly allotted to appear before Scott Laird, special appraiser for the state board of relief.

While nearly all of the allotments for Marshall and Pennington counties have been mailed out from the county agent's office, yet there are a few which have not been completed and these will go out early next week at the latest.

The following week similar meetings are scheduled for northern cities and after those are held meetings will again be held in this vicinity, probably at Grygla, Gatzke and Thief River Falls.

MAYOR BRATRUD TO NAME CITY MATRON

COUNCIL AGREES TO GIVE SUCH OFFICER A THREE-MONTH TRIAL.

Upon Mayor John Bratrud will devolve the duty of appointing a police matron for the city of Thief River Falls. The council authorized him to take such action after a somewhat lengthy debate on Tuesday evening.

A delegation of women waited on the council with the request that the appointment be made. They spoke of the need for such an official in the city and some of the disclosures made were of a decidedly startling order. The council evinced an inclination to pass the matter over to the mayor but the latter could not see where he had the authority to proceed without the sanction of the board of aldermen.

Supt. W. A. Ziegler of the city schools seconded the request of the ladies as did also City Attorney Hans O. Chommie. They were of the opinion that conditions at the present time are different in some respects from any existing for years past and that the youth of the land is subjected to greater temptation and requires greater safeguards.

Although the council did not take kindly to the proposition at the outset it was finally decided to leave the matter of a trial appointment to Mayor Bratrud with the assurance that a bill for the services of a police matron would be met when presented.

WOMAN'S CLUB MEETING NEXT MONDAY AFTERNOON

The next regular meeting of the Woman's club will be held at the Commercial club rooms Monday afternoon, Feb. 2, at 2 o'clock. A feature of unusual interest will be the appearance at this time of Mrs. William T. Coe, former president of the State Federation of Woman's clubs, who will speak on "Near East Relief." The condition of people in the Near East is one which is at present causing much concern among all civilized nations but the only one toward which these stricken sections can look with any hope of succor is the United States. Measures for their relief is under way all over the country and Mrs. Coe will tell of what is being done as well as of what is still necessary.

BRIEF TERM OF DISTRICT COURT OPENS MONDAY

ONLY EIGHTEEN NEW CIVIL CASES ARE FILED WITH CLERK EKLUND.

GRAND JURY WILL BE CONVENED—ONE CONTINUED CRIMINAL CASE.

JUDGE ANDREW GRINDELAND WILL PRESIDE—NO IMPORTANT ACTIONS.

The February term of the Pennington county district court will convene next Tuesday morning with Judge Andrew Grindeland presiding. Indications are that it will be a short term, there having been but 18 new civil cases filed with Clerk of Court Eklund up to the hour of closing on Tuesday evening.

Besides these 18 there are seven continued cases, most of which have hung-over more than one term. There is but one criminal case on the calendar, this being that of the state against Earl Lang, charged with grand larceny in the second degree.

Convenes Grand Jury.

A grand jury has been called but it is not expected that its session will be lengthy. The jurors are: C. M. Wilson, E. O. Gullingsrud, Olaf Neset, Bernhard Knudsen, Thief River Falls; G. B. Tvedt, Mayfield; S. J. Amble, St. Hilaire; John Hoffman, Wyandotte; T. H. Bjerke, North; Martinus Rust, Norden; John Sheggerud, River Falls; S. O. Leo and Andrew Husely, Rocksbury; Halvor Hanson and John Scholin, Bray; T. S. Iverson and Oscar M. Anderson, Smiley; Edwin Mahlin, Reiner; Carl Ekvoll, Jr., Star; Albin Arveson, Hickory; Jens Letness, Silverton; Hans Anderson, Black River.

The Petit Jurors.

The following have been drawn to act as petit jurors: W. B. Fuller, Charles Gustafson, M. V. Evenson, W. W. Prichard, Sr., Thief River Falls; J. R. McKercher, Gunard Lindquist, Black River; Knute Nash, H. R. Allen, St. Hilaire; M. O'Leary, Hans Jasperson, Mayfield; Fred Dahlberg, Smiley; H. T. Waale, O. O. Hafdal, Kratka; Herman Fellman, Rocksbury; Edwin Roy, Bernt Walseth, C. J. Bothman, River Falls; P. J. McAndress, K. M. Jorde, North; Oscar Peterson, Sanders; H. T. Hanson, Hickory; J. M. Johnson, Highlanding; Alex Mellu, Polk Center.

MANN WILL TALK TO MERCHANTS FEB. 17

DEVILS LAKE MERCHANT WILL GIVE POSTPONED ADDRESS ON THAT DATE.

Frank P. Mann, one of the most prominent merchants in the country and owner of a large department store at Devils Lake, N. D., will deliver an address to the members of the Thief River Falls Merchants' association on the afternoon of Feb. 17. There will be a banquet for the merchants at noon at the Evelyn hotel and none but members will be invited.

Mr. Mann has made a great success in business by following lines never before attempted and he is in much demand to tell how it was accomplished. He has traveled all over the United States and is a sort of missionary in the field of better merchandising.

This address was to have been delivered over a month ago and was originally intended for both employers and employes, but postponements have from time to time been necessary and the program somewhat changed.

Misses Ruth Mathews and Caroline Melby arrived in this city on Tuesday evening from Moorhead where they are students at the normal school, and will visit for a short while at the homes of their parents.

CLOSING ORDER NOT NECESSARY AT THIS STAGE

FLU SITUATION PRESENTS NO ALARMING ASPECTS IN CITY, SAY DOCTORS.

HEALTH BOARD ISSUES ORDERS AGAINST DANCES AS PROTECTIVE MEASURE.

DISEASE OF A MILDER NATURE THAN THAT WHICH RAGED LAST YEAR.

Spanish influenza, in a form somewhat milder than that which raged last winter, according to the doctors, is again causing considerable uneasiness in certain sections of the country and Pennington county has not escaped the visitation. According to local physicians there have lately been three deaths in the neighborhood for which this disease is in some measure responsible, although in at least one instance it hardly reached the importance of a contributing cause.

Are Watching Close.

Dr. Jacob Biederman, on behalf of the city board of health, has issued an order forbidding the giving of public dances until further notice. It has been found that occasions of this kind are particularly favorable for the spread of the disease and while the authorities do not wish to fasten any irksome conditions onto the people they are determined to take all reasonable precautions.

No Closing Order Yet.

Dr. H. W. Froehlich, county physician and also member of the school board, states that he does not believe it advisable to close schools, churches or theatres at this time. Last year it was found in nearly every community that these restrictive measures did not help matters in the least and simply served to frighten the people. Particularly was the plan futile so far as the schools were concerned. Instead of being in a school room where they could be looked after and watched for symptoms by the public health nurse the youngsters were almost everywhere else and were in greater danger than if the order had never been issued.

In the Country Districts.

A liberal estimate places the number of cases in the city at this time as not in excess of 60. Dr. Froehlich has found quite a number suffering from the disease in the neighborhood of Goodridge and other doctors report several districts as infected, but not to an alarming extent. One noticeable feature is that those who escaped having the disease last year seem most prone to contract it now.

People are warned against getting excited over the situation. There is nothing in it to warrant their pursuing any except the usual trend of their affairs. Worry is one of the surest ways in which to bring on an attack. Keep clean and warm—and forget all about it—that is the advice of physicians.

Thus far the only protective measures taken are quarantining and reporting.

ANNUAL CREAMERY MEETING WILL BE HELD SATURDAY

The annual meeting and dinner of the Thief River Falls Creamery association will be held next Saturday. The dinner will be given at the Zion church at 12 o'clock and the meeting held at the commercial club immediately afterwards.

These dinners are one of the events of the year in Thief River Falls and there is always a large crowd of invited guests. The meeting is also generally well attended and it is probable that the interest will be even greater this year as the matter of erecting a new creamery building will come up for discussion.

Pool License Granted.

James Cosgrove has been granted permission to transfer his pool and billiard license from his present location to the Kiewel block on LaBree avenue, recently purchased by him. Shanahan & Sheedy were granted a license to operate a similar business in the building vacated by Mr. Cosgrove, although Councilmen Dahl and Brandon voted against it, stating that in their opinion there are enough enterprises of this kind in the city at present.

WHO HAS THEM?

The Times is in need of copies of the paper for January 1, 8 and 15, 1920, or previous dates. The fire on Sunday destroyed all the papers on hand and it is very necessary that a few copies be found, particularly for the three dates mentioned. If any of our readers have The Times for these dates in their possession we shall deem it a great accommodation if they are brought or sent to the temporary office in the Christo building, directly across the street from our former quarters.

THE PUBLISHERS.

COMMERCIAL CLUB'S ANNUAL FEBRUARY 12

IMPORTANT COMMITTEE REPORTS WILL BE SUBMITTED AT THAT TIME.

The first meeting of the commercial club will be held in connection with a noonday luncheon on Feb. 12. The lunch will be served by H. A. Brumund.

At this time the budget for the year will be presented and acted on by the club. The matter of location will also be settled definitely. The housing committee, composed of G. W. Connell, L. D. McAdams and Isaac Helseth, will submit their findings anent the proposition advanced by twin city architects whereby it is possible to build a five-room dwelling house, modern in every respect, for $2500. These architects worked out the plans for the commercial clubs of St. Paul and Minneapolis and are said to prove conclusively that building prices are not prohibitive, even with materials at their present high cost.

MUNICIPAL HEATING PLANT IS POSIBILITY

PROSPECTS ARE GOOD FOR A HOME COMPANY TAKING MATTER UP

Will the next major improvement to be recorded for Thief River Falls be a municipal heating plant? It is not at all unlikely.

The matter was brought up at the council meeting on Tuesday evening and very favorably considered. While the council members were unanimous in stating that in their opinion the city was at present undertakng about as much as can conveniently be handled, yet the idea had their approval and should any concern or corporation wish to engage in the enterprise there would certainly be nothing in the way of their securing a franchise.

There was even a hint of a company being formed, with local capital, to put the plan into execution. Certain it is that the matter is receiving serious consideraon from parties able to carry it out should they conclude that the prospects warrant the investment.

DECLAMATORY CONTEST AT HIGH SCHOOL FRIDAY

Many of the high schools in this section of the state are expected to be represented tomorrow evening when a declamatory contest takes place at the Lincoln auditorium. There will be contestants from Warroad, Middle River, Newfolden, Strathcona and Red Lake Falls as well as from this city. The winner in this competition will go to Crookston to enter the Red River Valley tournament to be held during the crop show later in the month.

SANATORIUM VISITS ARE CURTAILED FOR PRESENT

Because of the threatening influenza situation it has been deemed advisable to issue new rules concerning visitors to the Tri-County Sanatorium. All visiting will be prohibited until further notice except in cases of emergency, according to orders issued yestrday by Dr. Milan. Relatives who may wish to visit the institution are requested to call the superintendent by telephone in order to discover whether or not their presence will be permitted.

TEST CAPACITY OF CITY WELL BY NEW PLAN

WILL USE COMPRESSED AIR IN DETERMINING AMOUNT OF WATER AVAILABLE.

ST. PAUL FIRM TO HAVE CHARGE OF EXPERIMENT—COST SMALL.

GIVES PROMISE OF FURNISHING SOLUTION TO MOST SERIOUS PROBLEM.

The engineering firm of Druar & Smith of St. Paul, has been given the contract of trying another plan for securing a sufficient supply of pure water for the citizens of Thief River Falls. The plan has the primary merit of costing but little with the posibility of final success greatly in its favor.

Mr. Druar personally appeared before the council on Tuesday evening to explain the workings of his plan. It is the application of compressed air in such manner as to continually force a flow of water from the well. Besides the suction of the air pump is sufficiently great to clear the bottom of any matter that might be detrimental to either the flow or quality of water secured as well as of sand and gravel. The pump forces the water directly into the reservoir and does away with additional apparatus of any kind so far as the well itself is concerned. The total cost of the experiment will be between $1200 and $1500.

Filteration Not Necessary.

For the purpose of the experiment a pump may be rented for about $10 per day, according to Mr. Druar, and if it is found that the result is not forthcoming this will end the expense. On the other hand if it should be proven that pure water in sufficient quantities can be secured by this means a permanent plant can be installed at a cost of from $4500 to $5000.

Sufficiency Indicated.

Mr. Druar said that from indications he believed that the well was capable of furnishing from 200 to 300 gallons of water per mnute, which is more than sufficient. If such should prove to be the case it would mean the saving of the vast sum required in order to put in a filteration plant and do away with the costly maintenance of such plant afterwards.

Citizens Approve Move.

The council requested the opinion of a number of the citizens present, and these without exception urged that the plan be given a trial. A contract was accordingly entered into at once and the engineering firm will have a pump on the way to the city in a very short time.

Wells secured by this process in other localities have given the best of satisfaction.

FILM FIRE CAUSES SMALL DAMAGE AT THE PRINCESS

A slight excitement was caused at the Princess theatre on Sunday evening when a film caught fire while being run through the projecting machine. The electric current was particularly strong that evening as the big fire earlier in the day had run the water supply very low and it was desired to fill the pressure tank as quickly as possible. The heat became too great and the film was set aflame.

The orchestra continued to play all through the excitement and Manager John Brumund succeeded in convincing the crowd that there was no danger. The booth in which the picture machines are located is fireproof and there was at no time any likelihood of the fire spreading.

It was found that the gas and heat was so great after the blaze had been extinguished that the show could not be continued and the people in the audience were given their tickets back. The accident will prove rather expensive even though no great damage resulted as the house will have to pay for the ruined film.

v195

TIMES PLANT IS TOTAL LOSS BY SUNDAY BLAZE

ONLY SUBSCRIPTION LISTS AND RECORDS ARE LEFT TO PUBLISHERS.

FINEST PRINTING EQUIPMENT IN NORTHWEST DESTROYED IN 90 MINUTES.

PAPER WILL CONTINUE TO APPEAR, ALTHO UNDER A SEVERE HANDICAP.

The Times today reaches its readers reduced in size, changed in appearance and very much below its usual standard from the standpoint of general news matter. The entire printing plant—the largest and finest in this section—is a heap of ruins in the basement of the Union block, destroyed by fire last Sunday forenoon.

The destruction could hardly be more complete. Not an item of equipment was saved. Every piece of machinery, even to the typewriters in the office, are gone. The Goss rotary newspaper press, recently installed, lies buried under tons of debris, the whole covered by a mountain of ice. The linotype machine is unrecognizable, the five job presses simply skeletons of charred and twisted steel.

Subscription List Saved.

One item—and that of the greatest importance—remains. This is The Times subscription list. Together with the books and records a copy of this list was kept in a fireproof vault in the basement of the building, and this escaped. Subscribers will therefore get their papers as usual, although they will find the addresses written on the margin instead of printed there as heretofore. The mailing galleys will at once be replaced and things be brought into some sort of order by next week.

Box Machinery Gone.

The costly machinery used in the manufacture of the Ibuson coin box, the property of The Times company stockholders, is gone, there being no possibility of any of it being salvaged in any degree. This special equipment was not only very costly, but at the present time its replacement is a matter of great difficulty. The manufacturers cannot promise delivery at any particular time and it is certain that this part of The Times' business receives a most serious setback. There were some 25,000 of these boxes in different stages of manufacture. The tax receipts for Roseau county had just received the finishing touches in The Times bindery and were to be shipped out the next morning. Not a trace of these valuable books remains and their destruction makes an absolute loss of $1,000. The shop was filled with other work of a commercial nature, representing a considerable outlay and this is a total loss. Arrangements have been made for taking care of all work of this kind and customers will receive their orders as quickly as it is possible to turn them out. Members of The Times job printing crew have been sent to Red Lake Falls where Messrs. Christie & Cutten of the Gazette have placed as much of their plant as may be necessary at the disposal of The Times owners. Similar offers of assistance were also receivel *from John P. Mattson of the Warren* Sheaf and others.

Issued at Tribune Office.

The newspaper is being issued from the office of The Tribune. Manager R. B. McWilliams of that paper offering the use of the equipment as soon as it became apparent that The Times was homeless. This entails a vast amount of inconvience upon The Tribune and the action of Mr. McWilliams is deeply appreciated. The saddling of two newspapers onto a plant originally intended for the production of one is not calculated to improve the quality of either to any great extent, but it is hoped that readers will realize the situation and make allowances accordingly.

Is Jonah Date.

It was six years ago to a day that another big fire occurred in Thief River Falls. On the 25th of January, 1914, which was Sunday, at 10:30 in the forenoon, fire destroyed the Evenson block on the corner of Main avenue and Third street, occupied then as now by the Loken Brothers store. The destruction in this last-mentioned case was also total.

Eight years ago on the same date the Hamry building burned to the ground, this being also a considerable fire for those days.

On the same date and about the same time of day in 1910 the German Lutheran church in this city burned to the ground.

In Temporary Quarters.

The Times, with two typewriters and the subscription books, is housed in the Christo building, directly across the street from the former location. This room was recently leased by Galloway & Hourigan of Bemidji and Cass Lake, who offered its use without hesitation when notified of the conditions. This concern will occupy the room in about six weeks with a new stock of millinery. By that itme it is hoped that a permanent location for the printing plant will have been found.

An Appreciation.

The management of The Times wishes to express its deep appreciation for the many kind offers of assistance extended by bretheren of the craft in different sections of the Northwest and particularly to the concern's patrons for their expressions of sympathy and good will. All seem to fully realize that for some time business will be conducted under a handicap and are willing to make allowance. Manager R. H. Ross will leave in a day or two for the cities to see about speeding up the shipment of an entirely new outfit, but conditions are such that it is impossible to make any definite promise as to when this will arrive. In the meantime the publishers are doing the best they can.

NONPARTISAN TALK DRAWS FAIR CROWD

MANY FARMERS BRAVE COLD TO BE PRESENT AT LEAGUE MEET.

An audience of between two and three hundred persons gathered at the Auditorium Monday afternoon, when speeches expounding the doctrines of the Nonpartisan league were delivered by Sturgeon O'Dell, a director of the new North Dakota state bank, and State Senator Magnus Johnson of Meeker county. A. E. Bowen had been advertised as a speaker on this occasion but due to illness was forced to cancel the date.

Mr. O'Dell was the first speaker on the program, and utilized his time in explaining the workings of some of the leading measures promulgated into law in North Dakota under Nonpartisan rule. He explained in detail the state bank, the state mill and elevator, and other parts of the "industrial program" of the Flickertail state. The speaker also paid tribute to those interests which continually attempt to discredit the Nonpartisan program for selfish reasons. At the close of his speech Mr. O'Dell answered a number of questions asked by members of the audience who desired more light on certain points.

Senator O. A. Naplin then introduced Senator Johnson, who spoke for more than an hour. Mr. Johnson has for many years been interested in Equity work and gave many interesting figures regarding terminal markets. He also is an active worker in the league and was elected to the senate under that banner. Senator Johnson put up a strong plea for cooperation among the farmers, citing the local creamery as an example of the success which can be gained thru a "stick together" policy. The speaker, during his remarks, took occasion to deliver a few respects to Langer, Hall and Kositsky, the North Dakota state officers whom he termed "traitors" to the farmers' movement.

The audience was composed almost entirely of farmers and the speakers were listened to with the closest interest throughout their addresses. Due to the unusually cold day the attendance no doubt was cut to a fraction of what it would have been under more favorable circumstances.

W. C. T. U. Meeting.

The W. C. T. U. was entertained at the home of Mrs. Anna Langseth last Tuesday afternoon. Mesdames O. H. Nelson and Anna Langseth acted as hostesses. Miss Lulu Saucer, school nurse, was present at the meeting and delivered a short address in which she advocated the need of a police matron in this city. A delicious lunch concluded the afternoon.

Death Claim Paid in Full.

The beneficiaries of the late Mrs. Carrie Hornseth, who died a short time ago, this week received from the Royal Neighbor lodge a check for $1,000, which was the amount of insurance carried in that order by deceased. Records of the lodge show the following facts concerning this claim: Duration of membership, 18 years, 10 months and nine days. Amount of benefit certificate, $1,000. Paid into benefit fund, $150.45. This is the sixth death among members of Dewey Camp No. 1025, since its organization, and the claims have all been paid promptly.

Notice.

The annual meeting of the Thief River Falls Co-Operative Creamery association will be held at the commercial club rooms on Saturday, Jan. 31, at 1:30 p. m. Dinner served at Zion church between 11 and 1 o'clock. Among other topics taken up will be the construction of a new creamery building and also amendment of Article IX of the constitution, relative to limit of indebtedness.

P. ENGELSTAD,
J22-29 Secretary.

A Correction.

It is necessary that a correction be made on the article published in the last issue of The Times concerning the Christmas tree festival at the Landwood school. The party who is responsible for that publication is deliberately telling a falsehood when they made the statement that those who had been instrumental in getting up the entertainment stayed and spent the remainder of the evening in dancing. After the closing of the program they departed each for their respective homes in time for supper. Whoever the prevaricators are they can easily be located.

Signed:
CONSTANCE XAKRE.

Before March 1st

Come to the Bank Before March 1st and Arrange for that Land Deal

March 1st is the great settlement day for all real estate payments, and this year more business is promised for that date than ever before.

It will be impossible to take care of all this business in a single day. So we suggest that you come in NOW and close the deal up.

If you need to borrow money on your land, we have plenty of time now to give you the best possible service.

First and Peoples State Bank
Capital and Surplus $90,000.00

If It's GOOD Furniture You Want WE HAVE IT!

There is nothing in this line we cannot supply. Our large stock will meet any ordinary demand, while our unexcelled connections make it possible for us to supply even the most unusual order on short notice.

Our Stove Department

Do not fail to inspect our stock and get our prices before buying a stove. We have them for all purposes and at all prices. Our own and the manufacturer's guarantee go with every purchase.

Carpets and Rugs

Our line of Carpets, Rugs, Oil Cloths and Linoleums is the finest in this section. An inspection will prove this statement. Prices on these goods are steadily advancing and if you contemplate buying in the near future you can't do better than to act at once.

Come in Today

You may not be ready to make your purchases yet, but you are welcome to make an inspection. We shall be pleased to have you do so.

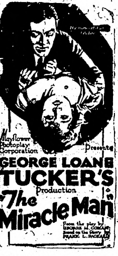
Misses Clara and Amanda Vraa left on Tuesday for points in Montana, where they will seek employment.

Lyceum Theatre

Sunday, Monday and Tuesday

A BIG PRODUCTION



The whole of life illuminated. The flesh, the blood, the soul of living men and women-sinning, struggling, loving.

The week of the underworld, the lure of the sea, the breath of the fields in summer. Fussed, with a thousand smiles and tears, into a great dramatic entertainment that will live forever in your heart. Come.

Added attraction—Christy Comedy.

Six-piece Orchestra.

Matinee. 2:30 Eve: 7:30 and 9:10
20 and 35c 25c and 50c

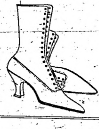
A 9-inch black kid lace boot with 18-8 Century heel with plate: flexible sole, vanity toe, imt. tip. An advance spring style with exquisite lines. Price - - **$10.00**



Loken Brothers Shoe Department

It Is None Too Early to Consider Building

It is our absolute conviction that the man who buys his building material at this time will be saving money. Just before each advance of late we have issued a similar warning, and those who took heed have profited.

Materials Are Again Going Up

There is no way in which this can be avoided. The signs cannot fail. Just when any downward trend may be expected it is impossible to foretell. It will not be for some time, however. Certainly not when the added demand of the spring months hits us. Therefore, if you have any building to do next summer, order your supplies now.

We Can Help You in Many Ways

In this office there are always on hand plans for buildings of all kinds, the line for barns being particularly complete. We shall be pleased to go over these with you and give you an estimate of the cost at the present time. This is worth considering. Act today.

Winton-Nichols Lbr. Co.

THIEF RIVER FALLS TIMES

An Independent Legal Weekly Newspaper Published Every Thursday at Thief River Falls, Minnesota.

Times Prtg. and Mfg. Co., Publishers
(Incorporated)

R. H. Ross . . General Manager
T. J. Austad . . . . Editor

Entered as second-class matter at the Postoffice at Thief River Falls, Minn.

The Times takes this opportunity of thanking all those who have been of assistance in getting things going again after the fire. Nothing could be more completely destroyed than was the printing plant of this paper on Sunday. With the exception of a few back files, the books and subscription list nothing remains in the way of tangible property. The paper still has, however, something that is of greater value than all that is lost. The expressions of sympathy, offers of assistance and the spirit of general friendly helpfulness evinced on every hand prove that The Times occupies a large place in the affairs of the city and a warm corner in the hearts of its people. Printing material can be secured, everything burnd can be rplaced, but this attitude of genuine concern and unselfish co-operation could not be regained were they one lost. The Times publishers deem themselves fortunate in many respects, even though their financial loss is great, in the quality and number of their friends and the evident regard in which their newspaper is held.

The fire of last Sunday proved conclusively that there are a number of things that might be attended to without in any manner affecting adversely the standing of the city. For one thing the water pressure should never be permitted to get so low again, particularly in winter. If there are parts to replace this matter should be attended to before the dangerous season for fires approaches. There should be smoke helmets of the most approved design on the hose truck at all times. Had these appliances been at hand it is probable that the loss last Sunday would have been very slight. It is too late now to raise a distrubance about these things so far as what has past is concerned, but it is certain that many things should be done for the protection of property in the future.

Clearwater county believes in getting into the game early. Already a movement has been started for the purpose of booming L. Jensen of Clearbrook for a seat in the legislature. As there are two members to be elected from the Sixty-fifth district, comprising Pennington, Red Lake and Clearwater counties, Mr. Jensen's chances should be as good as another man's, providing he can get the support of his home county. Red Lake will probably insist on naming one of the candidates as Pennington county is the home of the senator, who holds over.

FIRE CAUSES $150,000 LOSS HERE SUNDAY

(Cintinued from page 1.)

among the heaviest losers. Drs. Kolberg & Eastman also were hit hard, their quarters being in the front of the building where the smoke and fire made the work of salvaging impossible.

Oen Store in Danger.

For some time the large building of the Oen Mercantile company just across the alley from the Union block, was in grave danger and only heroic work on the part of citizens prevented its sharing the fate of its neighbor. As it was considerable damage was done both to the structure and stock.

The new harness and shoe store of Carl Froseth, adjoining the Oen building on the south, was damaged to a considerable extent and for a while it looked as if it were doomed. The flames shot into the store room but timely attention on the part of the department prevented any great damage.

The Evelyn hotel, owned by Julien Provencher, a short distance to the east of the burned building, was in the same fix. The windows on the west side were nearly all broken, sash blistered and other minor damage done. A small wooden structure between the hotel and the Union block was gutted completely.

Help Was Ready.

At one time during the fire it looked very much as if it was getting away from the firemen and John Bratrud sent a request to Mayor F. A. Grady at Crookston asking if that city could furnish assistance. Mayor Grady replied that he had a flatcar on the Great Northern tracks containing an engine and 1500 feet of hose which would be held subject to the orders of the Thief River Falls executives. It latter became evident that the extra equipment would not be needed and Crookston was so informed. The prompt response was deply appreciated, however.

A List of the Losses.

Outside the owners of the building the heaviest loser is The Times company. Ebert & Hagen, proprietors of the Thief River Music company, also suffered a considerable loss as did Misses Gusta and Irma Johnson. Following is a list of the losses, together with the insurance in each case:

Thief River Building company, building—Loss $60,000, insurance $24,000.

Times Printing and Manufacturing company, printing plant and box factory—Loss $60,000, insurance $38,500.

Thief River Music company—Loss $9,000, insurance $6,000.

Oen Mercantile company, loss on building $3,000, stock $4,000. Covered by insurance.

Dr. L. F. Fisher—loss $3,000, insurance $1,200.

Carl Froseth—loss $2,500, covered by insurance.

Kollberg & Eastman—loss $3,000, insurance $400.

Frank S. Ebert, household goods, loss $500.

Gusta Johnson HfoB.F. SHBUNN

Gusta and Irma Johnson—loss $1,000, insurance $800.

C. A. Barth—loss $1,500, insurance $500.

W. H. Akre—loss $2,000, insurance $1,000.

F. A. McKnight—loss $1,700, insurance $1,200.

Julien Provencher—loss $1,000, covered by insurance.

George Christo—loss $200, covered by insurance.

Mrs. Victoria McKinney, another tenant of the second floor, managed to get practically all her belongings to a point of safety, even the piano being taken down the rear stairs without damage.

TO OUR PATRONS.

We have made arrangements for the continued handling of job and commercial printing of all kinds and orders entrusted to us will receive the usual prompt and careful attention. The work will be turned out by our own men in one of the best equipped plants in this section and delivery when promised is guaranteed.

TIMES PRINTING & MFG. CO.

SOCIETY

Ladies Aid.

The ladies aid of the Presbyterian church will be entertained by Mrs. Scott Laird at her home on Main avenue, on Friday afternoon, Jan. 30.

Leap Year Dance.

A number of young ladies of the city entertained at a leap year dance in the Masonic hall last evening. About fifty couples were present to enjoy the dance.

Community Girls Club.

The regular meeting of the Community Girls club will be held in the commercial club rooms on next Monday evening. The J's, K's and L's will serve.

Miss Wilson Entertained.

Miss Agnes Wilson acted as hostess at a lingerie shower in honor of Miss Irma Johnson, at her home on Markley avenue, Wednesday evening. The girls brought their busy work and were served with a delicious lunch before reparting for their various homes.

Presbyterian Choir Entertained.

The members of the Presbyterian choir were entertaind after choir practice on last Friday evening by their director, Mrs. H. E. Edberg. Progressive Buncho formed the chief entertainment. Prizes were awarded to C. Granning and Morris Mabey. At midnight a delicious lunch was served.

PLEASE USE JUDGMENT

During the present prevalence of the flu people should remember that the doctors in the city are very busy and govern themselves accordingly. If it appears as if the services of a medical man would be needed, do not wait until the last minute and then expect him to show up on a moment's notice. Call for him as soon as the symptoms manifest themselves instead of waiting until you are down and out. This may save you from a serious seige and will enable the doctor better to handle your case. J28

SPELLING MATCH AT CROPS EXHIBITION

PENNINGTON COUNTY WILL PROBABLY BE REPRESENTED AT CONTEST.

The seventh annual Red River Valley rural school spelling contest will be held at Crookston on Friday Feb. 13, as a part of the exercises of Northwest School Farmers' Week. J. P. Bengtson of the Northwest School of Agriculture is in charge of the contest this year. He reports that there will be two representatives in the final contest from each of the following counties: Becker, Clay, Clearwater, Kittson, Mahnomen, Marshall, Norman, Pennington, Polk, Red Lake and Roseau.

The winter shows management offers $85.00 in prizes and expenses to these contestants annually. The final oral contest will take place at 4:30 in the Armory. This event is looked forward to by hundreds of the young people attending the rural schools in the Red River Valley counties.

Another interesting educational event which takes place during the annual Northwest Farmers' Week meetings and Red River Valley Winter Show is the students' stock judging competitions. This year there will be a contest of students from the three University Schools of Agriculture at St. Paul, Morris and Crookston; of members of farmers' clubs from Red River Valley counties; of high and consolidated school agricultural departments, and of the freshman, junior and senior classes of the Northwest School of Agriculture. The corn and potato contest will be also resumed this year.

Mayor Appointments.

Mayor Bratrud has appointed Andy Smith night patrolman and recommended that a five dollar raise be given both the new man and Chief of Police Erickson. This was approved by the council.

The council lso confirmed the appointment of Dr. Jacob Biederman as city health officer.

The Minnesota State Board of Health recommends that all milk sold shall be bottled and not sold inany other kind of containers. This is as a protective measure as many homes don't have proper facilities for sterilizing pails and other containers used for milk. The State Board of Health says that pure, clean, wholesome milk is of the utmost importance for keeping the babies healthy and strong.

Therefore we want to comply with their request, and after Feb. 1st, all milk sold by us will be bottled and sold in sterilized bottles only.

Milk in large quantities may still be purchased in bulk.

Thef Rver Co-Op. Creamery.

Black Leghorns.

Most atttractive, heavy layers, easy keepers. Being overcrowded I will sell 2 cocks and 20 hens. Every bird a show bird. Price reasonable. 55tf. Geo. Leimers.

Board of Heath Notice.

Notice is hereby given that all public dances are prohibited in the city of Thief River Falls until further notice as well as of what is still necessure to help in checking the spread of influenza.

OBITUARY

A. J. Gustafson.

A. J. Gustafson died in this city on January 22, at the age of 75 years. The deceased was born in Sweden on Sept. 7, 1844, having been a residnt of this country for the past 61 years. The remains were shipped to Strathcona where interment took place on Jan. 27. A daughter, Miss Freda Gustafson and son, J. Gustafson, were at his bedside at the time of his death.

Mrs. Cecil Hanson.

On Jan. 26 occurred the death of Mrs. Cecil Hanson from influenza at the age of 52 years. The deceased was ill only a short while. She was born in the state of Missouri on Jan. 8, 1868. Tho the past four years Mrs. Hanson had been engaged in the restaurant business in this city. Funeral services were held in the undertaking rooms on Wednesday morning. Rev. Barackman conducted the services. Interment was made in Greenwood cemetery.

Mrs. N. O. Nora.

Mrs. N. O. Nora passed away at her home in Norden township on Jan. 25 at the age of 57 years, death ensuing after a brief illness from influenza. The deceased was born in Norway on Dec. 18, 1863. She immigrated to this country 31 years ago having resided in this immediate vicinity for the past 27 years. She was buried in Norden township on Jan. 27. Rev. Geo. Larson, pastor of the Zion Lutheran church in this city, conducted the funeral services.

Mrs. J. A. Russell.

Mrs. J. A. Russell passed away at the physicians hospital on Jan. 24, death being caused by pneumonia following childbirth. She was born in the state of Michigan in 1878, making her age 42 years. At the time of her death she was residing in Excel township. Funeral services were conducted by Rev. J. B. Smith of the M. E. church, from the undertaking rooms on Jan. 26. Interment was made in Greenwood cemetery. Her husband and five children survive. The latter are, Irwin, of this city; Grace, Gladys, Kenneth and the baby girl.

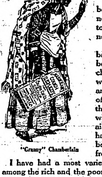
I Am "Granny" Chamberlain



"Granny" Chamberlain

Everybody's friend when they have coughs and colds and their children have croup and whooping cough.

Most everyone knows me. I have been going from home to home for nearly fifty years—always welcome, too, for I never fail in their hour of need.

I have helped young mothers whose babies were choking with croup, and been the comfort of parents whose children tramp to school through the wet winter weather. Many a cold and attack of bronchitis have I warded off, and thousands I have helped through the anxious moments of whooping cough. I have come to the aid of mothers and fathers when they had colds and influenza, and have been a relief to old folks suffering from bronchitis and asthma.

I have had a most varied experience; I go everywhere—among the rich and the poor, in cities and the country.

Now don't forget "Granny" Chamberlain! You will see me often now, for I am going to tell you of my experience and what can be done in your home with

Chamberlain's Cough Remedy

Yours for Health—Granny Chamberlain

DEFECTIVE PAGE

In Appreciation

We wish to extend our thanks to the Fire Department and all citizens who worked so hard in helping protect our building in the fire Sunday.

But for the assistance rendered we feel that our loss would have been much greater.

We thank each and everyone for their help at this time.

Sincerely,

Oen Mercantile Company

CLUB ENDORSES BUDGET PLAN; RETAINS ROOMS

MATTER OF MOVING WILL AT LEAST BE FURTHER CONSIDERED.

STANTON REELECTED PRESIDENT IN SPITE OF HIS OBJECTIONS.

COMMITTEE APPOINTED TO ACT WITH CITY COUNCIL ON IMPORTANT MATTERS.

The finances of the Thief River Falls Commercial club are in very good condition at the present time and it is the intention of the members that this highly desirable condition shall continue. In order to make certain of this the members decided at the annual meeting last Thursday evening that the budget system of financing should be hereafter employed.

President E. M. Stanton said that the club was now out of debt but that inasmuch as the annual expenses were $1600 as compared with a probable income of $1400 he was very much afraid that this state of affairs would not long continue. Secretary G. Howard Smith called attention to the fact that most successful clubs are now employing this system and stated his belief that it offered the only solution to the financial problems of the organization. Later in the evening the plan was adopted by a unanimous vote.

No New Quarters Yet.

The club will retain its present quarters, at least until such time as the members have had an opportunity to find out whether or not a change is advisable. President Stanton stated that a room which he considered suitable could be secured rent free in the auditorium and fixed up to meet the requirements at a very slight expense. There was a difference of opinion concerning this and the matter was laid over until the next regular meeting.

Officers Are Elected.

When it came time for the election of officers the candidates were mostly conspicuous by their absence. Mr. Stanton stated that he would not again serve as head of the organization and a number of others were placed in nomination. One after the other refused and an elimination contest was suggested. This resulted in the nomination only of those who had previously declined and did not help matters. Finally Mr. Stanton gave in and was unanimously elected.

The other officers chosen are: F. H. Herrick, first vice president; Dan Shaw, second vice president; L. A. Lampert, treasurer. As directors were elected the following: C. L. Hansen, Mayor John Bratrud, W. B. Fuller, W. A. Boreen and Peter Engelstad. These, together with the officers named above, will select a secretary at the February meeting.

A Civic Committee.

Because of the large amount of public work to be undertaken during the coming season it was thought best to apoint an advisory committee to act with the city council in making such investigations as may from time to time be deemed advisable for the general good of the community. Any activity along this line will particularly apply to paving, water mains, electric lighting and other matters in which the people are vitally interested. As members of this committee were named, C. L. Hansen, R. McGinn and Carl B. Larson. The general impression is that the council will welcome any aid that this committee may be able to volunteer.

Was Good Meeting.

Those present were put in good humor by a fine turkey supper served by Julien Provencher of the Hotel Evelyn. It was an excellent meal, well served and plentiful.

The meeting was not as well attended as the business in hand warranted, but those present took a deep interest in the proceedings. The sentiment that the club should not be permitted to drift into a state of inactivity was unanimous and the hope generally expressed that the coming season would prove one of progress and helpfulness.

DEPUTY COLLECTOR WILL AID INCOME TAX PAYERS

In order to assist the people of Pennington county in the making out of their income tax returns a deputy will be sent from the office of E. J. Lynch, internal revenue collector, St. Paul. This deputy will be at the commercial club rooms on February 5 to 10 inclusive and any and all persons who have any doubt as to the manner in which the returns should be made out are at liberty to consult him. In case the same plan is followed as last year, one of the days alloted to the county will be spent in St. Hilaire.

The penalty for avoiding the payment of this tax is severe and no one should miss finding out whether or not he comes under its provisions. A married man is exempt $2,000 and a single person $1,000.

TRINITY CHURCH ELECTS TRUSTEES AND OFFICERS

At a meeting of the congregation of Trinity Lutheran church held last Friday evening, the following were reelected to the position of trustees: Olaf Tessum, Carl B. Larson and H. S. Dahlen. Lars Backe was again selected for the post of secretary and H. S. Dahlen to that of treasurer. Other positions were filled as follows: Sunday school superintendent, Mrs. Otto Gullingsrud; ushers, O. D. Ostby, A. J. Andersen, J. O. Sathre and John Gullingsrud.

The matter of a new church building was discussed and the trustees asked to look into the matter of available sites and report at an early meeting.

THE CHURCHES

Presbyterian Church, R. L. Barackman, Pastor—Feb. 1, morning and evening worship at 11 a. m. and 8 p. m. The pastor will speak. Mrs. H. E. Edberg, pianist and choir director. CERTIFICATE OF INCORPORATION Of The NORTHERN WOODWORK COMPANY

We, the undersigned, for the purpose of forming a corporation under and pursuant to the provision of Chapter Fifty-eight (58) of the General Statutes of Minnesota for 1913, and any amendments thereof, do hereby associate ourselves as a body corporate, and do hereby adopt the following Certificate of Incorporation:

ARTICLE I.

Sec. 1. The name of this corporation shall be Northern Woodwork Company.

Sec. 2. The general nature of its business shall be the manufacturing of furniture, fixtures, building material and all manner of articles, partly or wholly of wood; the buying, owning, selling, mortgaging and leasing of property, real, personal and mixed, which may be necessary in connection with said manufacturing business, and to do each and everything necessary, suitable or proper for the accomplishment of any of the purposes, or the attainment of any one or more of the objects herein enumerated, or which shall at any time appear conducive to or expedient for the protection or benefit of the corporation.

Sec. 3. The principal place of transacting the business of this corporation shall be in the City of Thief River Falls, County of Pennington, Minnesota.

ARTICLE II.

The time for the commencement of this corporation shall be January 15, 1920, and the period of its duration shall be thirty years.

ARTICLE III.

The names and places of residence of the persons forming this corporation are: Ole Revdahl of Thief River Falls, Minn.; Nels G. Olson of Thief River Falls, Minn.; E. J. Rustad of Thief River Falls, Minn.; Andrew Stene of Thief River Falls, Minn.; Haakan M. Grindahl of Thief River Falls, Minn.; and Elling O. Iverson of Thief River Falls, Minn.

ARTICLE IV.

Sec. 1. The management of this corporation shall be vested in a Board of Directors, composed of not less than three and nor more than six members. The names and addresses of the first Board of Directors are: Ole R. Revdahl, Thief River Falls, Minn.; Nels G. Olson, Thief River Falls, Minn.; E. J. Rustad, Thief River Falls, Minn.; Andrew Stene, Thief River Falls, Minn.; Haakan M. Grindahl, Thief River Falls, Minn.; and Elling O. Iverson, Thief River Falls, Minn.

Sec. 2. The first officers of this corporation shall be: President, Elling O. Iverson; Vice President, Ole R. Revdahl; Secretary-Treasurer, E. J. Rustad. All the above named officers and directors shall hold their respective offices aforesaid until the next annual meeting of the corporation to be held on the second Tuesday in January, 1921, at which time and annually thereafter, a Board of Directors shall be elected from and by the stockholders of this corporation. The annual meeting of this corporation shall be held at its principal place of business on the second Tuesday in January in each year. Immediately after the election of directors, or as soon thereafter as practicable, the directors shall meet and elect from their number a president, and a vice president; and from their number or from the stockholders, a secretary and a treasurer. Any office except that of president and vice president may be held by one person. The directors and officers of this corporation shall hold their respective offices until their successors have been duly elected and entered upon the discharge of thier duties. The first meeting of the stockholders and of the Board of Directors shall be held at Thief River Falls, Minn., on the 2nd day of February, 1920, at 10 A. M.

ARTICLE V.

The amount of the capital stock of this corporation shall be Twenty Thousand Dollars ($20,000.00), which shall be paid in, in money or property, or both, in such manner, at such times, and in such amounts as the Board of Directors shall order. The capital stock shall be divided into Two Hundred (200) shares of the par value of One Hundred Dollars ($100.00, each.

ARTICLE VI.

The highest amount of indebtedness or liability to which this corporation shall at any time be subject shall be the sum of Twenty Thousand Dollars ($20,000.00).

A Fine Showing.

The annual report of the cemetery commission shows that the organization closed business at the end of its fiscal year with a surplus of $4,052.25 in the treasury. A large part of this money will have to be spent during the coming year on the new grounds, in the construction of a receiving vault and general upkeep.

AMENDMENT TO CERTIFICATE OF INCORPORATION OF THE GOODRIDGE STATE BANK, No. 1135.

At a meeting of the Stockholders of the above named Bank, held at the Banking House on the 10th day of January, A. D. 1920, the following resolution was offered and adopted by a majority vote of its capital stock:

RESOLVED: That section six of the Certificate of Incorporation of this Bank be amended to read as follows:

Section Six. "The highest amount of indebtedness or liability to which the corporation shall at any time be subject, shall be Three Hundred Thousand Dollars."

We hereby certify that the foregoing resolution was duly adopted by a majority vote of the Capital Stock, at a meeting duly called for that purpose and held at the Banking House in Goodridge, Minnesota, on the 10th day of January, A. D., 1920.

H. S. DAHLEN, President.
J. P. JENSEN, Cashier.

State of Minnesota, County of Pennington, ss.

On this 10th day of January, 1920, before me appeared H. S. Dahlen and J. P. Jensen, to me personally known, who being by me duly sworn did say that they are respectively the President and Cashier of Goodridge State Bank, that the seal affixed to the foregoing instrument is the corporate seal of said corporation, that said instrument was executed by them as their free act and deed.

THEO. TANDBERG,
(Notarial Seal.) Notary Public, Pennington County, Minnesota.
My commission expires July 9th, 1920.

State of Minnesota, Office of Superintendent of Banks, St. Paul, January 21st, 1920.

This is to certify that the action of the stockholders of the Goodridge State Bank in voting to increase the highest amount of indebtedness or liability to which the corporation shall be subject from One Hundred Twenty Thousand Dollars to Three Hundred Thousand Dollars, as provided for in the foregoing amendment to the Certificate of Incorporation, has been approved by me.

In the Matter of the Estate of Leo J. Holscher, Decedent.

The State of Minnesota, To Ella Holscher, Leo A. Holscher, Viola Holscher, Vivian A. Holscher, Russell M. Holscher, Aurel J. Holscher, Evelyn J. Holscher, William A. Holscher, Herbert Holscher, Gordon Holscher, and all persons interested in the granting of administration of the estate of said decedent: The petition of Ella Holscher having been filed in this Court, representing that Leo J. Holscher, then a resident of the County of Pennington, State of Minnesota, died intestate on the 16th day of December, 1919, and praying that letters of administration of his estate be granted to William C. Craft, 1520 Iglehart Street, St. Paul, Minn., and the Court having fixed the time and place for hearing said petition: THEREFORE, YOU AND EACH OF YOU, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House, in the County of Pennington, State of Minnesota, on the 16th day of February, 1920, at 10:00 o'clock A. M., why said petition should not be granted.

WITNESS, the Judge of said Court, and the seal of said Court, this 21st day of January, 1920.

IRA C. RICHARDSON,
(Court Seal) Probate Judge.
SAMUEL A. ANDERSON,
St. Paul, Minn.
H. O. CHOMMIE,

THIEF RIVER FALLS TIMES
VOLUME 9. Eight Pages THIEF RIVER FALLS, MINNESOTA, THURSDAY, FEBRUARY 5, 1920. $2.00 a Year. NUMBER 52

FLOOD CONTROL PLAN ENDORSED BY TWO JUDGES

PROJECT FAVORED BY LARGE AND REPRESENTATIVE DELEGATION.

FIRST BOARD OF DIRECTORS WILL BE APPOINTED WITHIN SHORT TIME.

RIVER IMPROVEMENT ONE OF FIRST STEPS IN PROPOSED PROGRAM.

At the termination of the hearing last Thursday in the matter of the organization of the Red Lake Flood Control and Conservatency district Hon. Andrew Grindeland of Warren and Hon. C. W. Stanton of Bemidji the judges in charge of the proceedings, announced that the showing was sufficient, htat the district would be organized and that a final order to that effect would be entered as soon as the judges had decided who to appoint as the first board of directors of the district.

The organization of the District is sought under the provision of Chapter 13 of the Special Session Laws of 1919, which is a new departure in the matter of control of floods and flood waters. Senator Frank L. Cliff, of Ortonville, is the author of the bill and has given the subject careful consideration. He was present at this hearing and fully explained the desirable features of the bill and what benefits could be achieved by organization of the district. His explanation was lucid and convincing and all of those present left the hearing fully satisfied that a new step forward had been taken in the matter of the control of floods and flood water in this territory.

All Suit Representatives.

A large portion of the counties of Pennington, Marshall, Beltrami Koochiching, Clearwater, Red Lake and Polk are included in the new district. All of these counties were well represented and all delegates were enthusiastic in favor of the proposed organization. The commercial club of Red Lake Falls took steps to see that both the agricultural and other interests of Red Lake Falls should have an opportunity of being heard Among those present from that county were: Mr. Higginbotham, Charles Boughton, Fred L. Farley. The Polk county delegation was headed by C G. Selvig, superintendent of the Northwest School of Agriculture Crookston, and Charles Loring. Marshall county was represented by A N. Eckstrom and a committee of the county board. George W. Cross, superintendent of the Red Lake Indian agency, was present in the interests of the organization and stated that the Indians on the reservation were strongly in favor of the district and of the proposed improvement of Red Lake and Red Lake river.

Array of Legal Talent.

Julius K. Olson of Warren, and Wm J. Brown, of Thief River Falls, represented the petitioners, Charles Loring of Crookston, Charles Boughton and Fred L. Farley of Red Lake Falls C. C. McCarthy of Grand Rapids, and E. M. Stanton of this city, were of legal assistance in the presentation of the matter to the Court.

A strong board of directors is essential to the support of the undertaking and the judges are giving the matter of the personnel of this first board serious consideration. It is hoped that because of the fact that Pennington county is so materially interested in the proposed improvement the judges will designate some citizen of this county as a member of the first board of directors.

River Improvement First.

The straightening and dredging of the Red Lake river and the installation of controlling works at the headwaters of that stream now seems to be an assured thing. The interior department, which has jurisdiction over the Indian lands, is in favor of the project and the legislation necessary to provide co-operation between the interior department and the newly organized district has been prepared. Congressman Steenerson is energetic in looking after the matter at Washington.

All parties interested in furthering the project are entitled to commendation and it is hoped that further progress in the matter of the project be not allowed to drag but that it be pushed to an early conclusion.

"Link" Again Promoted.

Fred T. Lincoln, formerly secretary of the Thief River Falls Commercial club and for the past three years employed in a similar capacity by the Brainerd Chamber of Commerce, has again been promoted. In a few days he will leave for Billings, Mont., having accepted a position as secretary of the commercial club there at a salary of $4,000 per year.

Mr. Lincoln has proven himself one of the most successful municipal publicity men in the Northwest. Besides his Brainerd job he has been secretary of the Northern Division of the Mississippi River Scenic Highway association, secretary of the Northern Minnesota Development association president of the Minnesota Association of Commercial clubs and president of the Northwestern Secretary's association, the latter organization comprising seven states. "Link" is some hustler and his friends in Thief River Falls will be surprised if he has reached the height of usefulness by associating himself with the Billings club.

Visit Eastern Markets.

Mr. and Mrs. A. S. Sapero left last Sunday evening on an extended trip which will cover many of the larger cities in the East. Mr. Sapero goes to purchase the spring stock for the firm's line of stores—one in this city one at Hibbing and the third at Chisholm—and expects to be gone nearly a month.

Stops will be made at Minneapolis Chicago, Cleveland, Philadelphia and New York, and all the leading women's wear manufacturers visited The quantity of goods required for these three stores is very large and Mr. Sapero figures that he can give better service by making personal selections. The new goods may begin arriving before his return as one of the objects of the trip is to impress upon the shippers the necessity for prompt delivery.

Fire Losses Are Soon Adjusted

VICTIMS OF UNION BLOCK BLAZE GET SATISFACTORY SETTLEMENTS.

A. M. Shelito of the Western Adjustment company, and J. Graef of the John B. Lee Adjustment company both of Minneapolis, were in the city last week for the purpose of adjusting the losses caused by the Union block fire. They went over the ground thoroughly and were most fair in their treatment of everyone concerned.

The total loss, according to the figures of the adjustors, footed up $139,900. Insurance totalled $78,100 making the net loss to those who were burned out $52,800. The heaviest losers are the Times Printing and Manufacturing company and the Thief River Building company, the latter owners of the building. The Times loss was $55,000 with insurance of $38,108, while the building was valued at $52,000 and was insured for $25,000.

The adjustments were in every way satisfactory, Mr. Shelito and Mr. Graef finding little trouble in getting at the figures. They are both pleasant and considerate business men whose sole aim evidently was to see that absolute justice was done all who were insured with the companies for which they acted.

B. F. UMLAND IS ROAD ENGINEER

GLENN MARTZ GOES TO MEEKER COUNTY—NEW BRIDGE AUTHORIZED.

B. F. Umland, formerly state highway engineer for Clearwater county has been appointed to fill a similar position in Pennington county, succeeding Glenn Martz, who has held the job since 1918. Mr. Umland is a man of wide experience in road work and made a very favorable impression upon the members of the board of county commissioners when his appointment came up for approval on Tuesday.

Mr. Martz, who succeeded W. E Monks, will go to Litchfield to become state engineer for Meeker county. He is a young man who was raised in this county and has made good in highway engineering wherever he has been placed. The appointment to the Meeker station must be regarded in the light of a promotion, the field there being larger even if no more important.

The commissioners also authorized the construction of a bridge near the Lang place in the township of North at a cost of $1200. The new bridge will replace one that has served for many years and is no longer considered safe.

Two petitions requesting permission to be annexed to another school district were granted when it was shown that the petitioners would be better served by the change.

GOV. BURNQUIST SERIOUSLY ILL

SUFFERING FROM PNEUMONIA FOLLOWING AN ATTACK OF INFLUENZA.

Influenza has developed into pneumonia in the ase of Governor J. A. A Burnquist, according to a statement by his physicians the first of the week.

"The governor's condition is serious but not alarming," said the announcement.

The governor's illness has kept him at home since early last week.

More than 200 new cases of influenza in Minnesota were listed on Monday reports to the capitol offices of the state board of health exclusive of probably a larger number going to the board's division of preventable diseases on the University of Minnesota campus.

FLU GRADUALLY BEING STAMPED OUT, IS BELIEF

FEW NEW CASES REPORTED AND SITUATION GENERALLY MUCH RELIEVED.

CHURCHES AND THEATRES ARE CLOSED, PUBLIC MEETINGS FORBIDDEN.

BOARD DECIDES NOT TO CLOSE SCHOOLS AT THIS TIME; ATTENDANCE FALLS OFF.

Thief River Falls doctors estimate that there are in the neighborhood of 100 influenza cases in the city and immediate neighborhood at the present time, but say that the situation looks much better than a week ago Comparatively few new cases have come to light during the past two days while those already down with the disease are almost without exception reported as getting along well.

At Goodridge, in the vicinity of which village a large number of cases were found, the situation is reported as much improved.

Partial Close-Down.

City Physician Jacob Biedermann last Thursday ordered the theatres and churches closed until further notice and also forbade the playing of pool, billiards or other games which bring men in considerable numbers together in one room. Merchandise sales at these places were not interfered with.

At a meeting of the school board on Monday night it was decided not to close the schools at this time, although it was admitted that the attendance has fallen off greatly since the flu made its appearance, the absences in the different rooms varying from 15 to 35 per cent.

Believe Worst Over.

Physicians agree that the situation is not as serious as a week ago and believe that the worst is over. They urge care upon everyone, however cautioning against unnecessary exposure for some time to come.

Six Deaths Reported.

According to Dr. H. W. Froehlich county physician, there have been six deaths in the county for which the flu was directly responsible, three of these being in one family. The disease seems of a less virulent nature than a year ago and indications are that it will not hang on as long. There is no great danger if people will exercise common sense and take the proper steps as soon as the trouble manifests itself.

At the present time no one in authority is willing to make any prediction as to when the ban will be lifted.

REPEAL OF WHEAT PRICE ACT ASKED

SEN. GRONNA CLAIMS GUARANTEE KEEPS DOWN RETURNS TO FARMERS.

Declaring that the wheat price guarantee act was being administered so as to keep down the wheat prices, Senator Gronna, republican North Dakota, gave notice in the senate on Monday that he intended to introduce a bill providing for its immediate repeal.

He said the original intention of congress in passing the food control laws was to fix maximum prices but the food and wheat administration had made the minimum prices the maximum.

It is understood Senator Gronna is acting at the instance of the farm organizations.

SPECIAL TRAIN TO STOCK SHOW AT CROOKSTON

WILL LEAVE THIEF RIVER FALLS AT 8 O'CLOCK NEXT FRIDAY MORNING.

SHORTHORN SALE AND OTHER IMPORTANT EVENTS SCHEDULED FOR THAT DAY.

DECIDED THAT INFLUENZA SITUATION DOES NOT CALL FOR POSTPONEMENT.

Friday, Feb. 13, is the big day of the midwinter farm crops show at Crookston and the farmers and other citizens from this section are going to be present in force. Arrangements have been made whereby the Great Northern will run a special train from Thief River Falls to Crookston and return on that day, the special leaving this city at 8 o'clock and stopping at Red Lake Falls, St Hilaire and other places along the way for the purpose of taking on passengers. Returning the train will reach this city about midnight.

Many Wish to Attend.

Because of the railway schedule between Crookston and Thief River Falls many of those who would like to attend this fine sectional fair are every year prevented from doing so In order to remedy the matter County Agent J. J. McCann and President A J. Andersen of the Pennington County Agricultural association, took it upon themselves to see if a special train could not be secured. They were informed that this might be arranged providing a certain number of passengers were guaranteed. These gentlemen personally went good for the required amount, believing that there will be no difficulty in securing a much larger number of passengers than the Railroad company requires In case they are mistaken as to the amount of interest in this event fel by our people they will have to foot the bill personally.

Red Lake Delegation.

There is certain to be a large delegation to go on the special from Red Lake Falls. The people down there have already advertised the trip extensively and there is much interest in the event.

Meeting Postponed.

George L. Sterns, vice chairman of the Armenian and Syrian Relief committees in the county, states that because of the prevalence of influenza the big meeting scheduled to be held in the auditorium on Feb. 12 will have to be called off for the present. The state committee intended sending a speaker and picture films here for the occasion but has been notified that the meeting cannot be held.

THREE MEMBERS OF FAMILY DEAD

INFLUENZA TAKES HEAVY TOLL AT NORA HOME IN NORDEN TOWNSHIP.

Three deaths in one family is the heaviest toll exacted by influenza and pneumonia in Pennington county this year. The home thus severely stricken is that of Nels Nora in Norden township.

Last week Mrs. Nels Nora, aged 57 died from pneumonia after a few days' illness. At this time Ole Nora, a son and his wife were also down with the disease but well on the road to recovery, the former being so far advanced as to be able to convey a shipment of stock from the farm to Thief River Falls a week ago last Saturday. Returning he again took to his bed, pneumonia set in and he died on Wednesday. His wife, also reported much better at the beginning of the week contracted a cold which was speedily followed by pneumonia from which she died on Saturday evening, just one week after her husband's death.

Only two members of this family now remain—Oswald, the four-year-old son of Mr. and Mrs. Ole Nora, and the grandfather, Nels Nora. These two are also down with the disease but there is good hope of their recovery.

May Postpone Meetings.

Two important meetings announced for the near future will have to be postponed unless the flu ban is lifted. The annual business meeting of the board of directors of the commercial club has been set for Feb. 12 at the Evelyn hotel, but Secretary Smith states that it will not be held if conditions continue as at present.

The same holds good for the meeting of the Merchants association on the 17. At this meeting Frank P Mann of Devils Lake, was to have delivered an address but this will also have to be postponed unless things take a different turn.

One Man Jailed During January

AND HE HAD TO COME BACK IN ORDER TO HAVE THE JOB DONE.

The first month o fthe year 1920 was real peaceful-like—at least so far as concerns the police department of Thief River Falls.

One man was arrested, and he might properly be termed a charity pupil A warrant had been out for him since Feb. 17, 1919, or nearly a year ago the charge being the use of foul and abusive language toward a man who swore that he was not entitled to such usage. At the time the warrant was sworn out the culprit could not be found and he has not been seen in Thief River Falls until toward the end of January, when he could no longer resist the temptation to look again upon the scene of his misdeeds. Chief Erickson gathered him in and Judge Tarrant dug up the old complaint The man, who shall be nameless so far as The Times is concerned, paid the fine imposed and the costs amounting in all to $5.

TIMES IS NAMED OFFICIAL PAPER

COUNCIL AWARDS CONTRACT AT SPECIAL MEETING HELD LAST THURSDAY.

The Times has again been awarded the contract for the city printing by the city council of Thief River Falls The award was made last Thursday after having been laid over from the regular meeting in order to permit the councilmen to look into the matter.

There were two bids presented with little or no difference in price. The acceptance of The Times offer was therefore made strictly on merit, it being admitted that with the greater circulation of that paper much better service could be given.

One of the first items of official printing to appear in these columns will be the financial statement for the year 1919. This is now ready in the office of City Clerk A. H. Akre, and will be turned over to the printer in a few days.

JURY DEEMS HIDE HOUSE NUISANCE

GRAND JURY WOULD CONDEMN BUILDING OF THIEF RIVER HIDE & FUR CO.

Judge Grindeland adjourned the February term of the Pennington county district court until about the middle of March after hearing one court case and receiving the report of the grand jury. Owing to the influenza situation Judge Grindeland did not deem it advisable to proceed with the jury cases at this time.

The grand jury was in session but a short time. The most interesting outcome of its deliberations was the recommendation that the county proceed to have the building of the Thief River Hide & Fur company, adjoining the court house on the north, condemned as a public nuisance.

It was also recommended that more vault room be provided for the records of the county officials.

The court cases will be taken up again on Tuesday. The only matter heard was one involving the estate of the late A. H. Pitkin of St. Hilaire and his son, Charles A. Pitkin of this city. The latter, who was the executor of the estate of his father, died before matters were finally adjusted considerable confusion being the result. A postponement was granted until spring in order to permit interested parties, who are now in California, to be present.

Mrs. J. J. Vorachek returned to this city last Thursday evening from Warren, where she spent the day.

NEW CREAMERY PROJECT VOTED DOWN FOR YEAR

STOCKHOLDERS DO NOT FEEL JUSTIFIED IN STARTING WORK AT THIS TIME.

PAST BUSINESS GOOD BUT NEAR FUTURE PROMISES EVEN BETTER.

HANS ANTON IS REELECTED PRESIDENT AND PETER ENGELSTAD SECRETARY.

The Thief River Falls Creamery association will not erect a new plant this year. This was decsided on at the annual meeting held last Saturday at the commercial club rooms A motion to lay the matter on the table was passed by a heavy majority after efforts had been made to have final decision postponed until March

Secretary Peter Engelstad was the principal spokesman for those in favor of a new building. He explained that the present quarters are too small to properly take care of the growing business and make further expansion impossible. He stated that with a new and larger creamery enough more milk and cream could be handled to insure the additional profits taking care of the interest charge and also of the principal. He pointed out that there was an increase in the business of 72 per cent during the month of December as compared with the previous year and that the plant had now reached its capacity. The Highlanding creamery owners, said Mr. Engelstad, wished to discontinue business and would do so if the product from their herds could be taken care of by the creamery in this city There is at the present time a profit return of $9,200 on the cream shipped in from points outside the county, according to the secretary, and he believed this could be very greatly increased.

Afraid of Condition.

President Hans Anton, Albert Johnson and Treasurer S. O. Lee backed Mr. Engelstad's contention that the association would be money ahead by providing for immediate expansion. Henry Pope spoke in opposition. He said the present is no time to engage on enterprises costing any such amount of money. While it is undoubtedly true that much cream is carried right through this city to Minneapolis and Duluth, he was of the opinion that the sections from which these supplies are shipped will within a short time have creameries of their own and thus have nothing with which to supply the outside plants For these reasons he was against the expenditure of $50,000 to $60,000 at this time, maintaining that the money would have to come out of the cream checks of the patrons in the end.

The majority was evidently of Mr Pope's opinion and voted down the proposition to build at once when J O. Satre moved to lay the matter on the table until the next annual meeting.

Buy Another Lot.

That the plan is to build sometime in the near future became evident however, when the stockholders voted to buy the lots adjoining the present holdings of the association on Atlantic avenue for the sum of $1800.

Old Officers Retained.

Mr. Anton was re-elected as president by acclamation, the rules being suspended to permit of this. The same plan was followed in the selection of Mr. Pope, who was re-elected vice president, Mr. Engelstad, who was again chosen secretary, and Mr. Lee who retains the post of treasurer The salary of the secretary was increased from $1200 to $1800 per year

Dinner Well Attended.

The annual dinner given for the patrons and citizens was well attended and up to the usual standard of excellence. About 200 persons enjoyed the meal.

It was decided to have the minutes of all board meetings published in order that the patrons may at all times be kept appraised of what is going on.

Floods Municipal Rink.

Following instructions from the city council, Fire Chief Paul Midderigh has this week been busy arranging a skating rink on the river for the youngsters. At any rate it is for the benefit of the children that the step is taken but none will be barred from enjoying themselves at any time.

The influenza situation in the city makes the wisdom of permitting skating at this time somewhat doubtful and it may be that the opening will have to be postponed. However this may be, Mr. Midderigh will have the rink ready when the danger has past and the kids are again permitted to congregate.

At the Auto Show.

G. S. Streeter and F. J. Stebbins left Monday evening for Minneapolis where they will take in the automobile show for a day or two. From all reports the present exhibition is the greatest affair ever seen in the West there being cars of every known make on exhibition and hundreds of thousands of visitors to view them.

Still at Your Service

In spite of the fact that the entire plant of The Times was destroyed by fire, the job printing department is still taking care of all orders. Arrangements have been made whereby it will be possible to serve all customers with the same promptitude and efficiency that characterized the house while in its own quarters.

Any work of this kind entrusted to us will receive the most careful attention and delivery will be made when promised.

Do not put up with inferior printing under the mistaken notion that The Times cannot take care of it. Bring it to us as usual.

The Times

SLIGHT INCREASE IN THE COUNTY'S TOTAL VALUATION

INCLUDING MONEYS AND CREDITS THE FIGURES FOOT UP $5,638,295.

OF THIS AMOUNT CITY REPRESENTS ONE AND THREE-QUARTERS MILLION.

INTERESTING DETAILED TABLE SHOWING VALUATION OF EACH DISTRICT.

The total valuation of the taxable property in Pennington county, according to the records recently completed in the office of County Auditor T. P. Anderson, is $5,638,295. Of this amount the real estate represents $4,119,154, the personal property $941,410 and the moneys and credits $577,731. The increase over the previous year is very slight and is to be found almost exclusively in the moneys and credits column.

City Total $1,764,951.

In the ity of Thief River Falls the real estate valuation is $1,080,566, the personal property $349,958 and the moneys and credits $334,427, a total of $1,764,951. Among the townships Rocksbury is the leader with a total of $429,124, followed by North with $316,584. The lowest on the list is Deer Park township, the total valuation is $107,057, including the moneys and credits. In proportion to the total the village of Goodridge shows the largest amount of moneys and credits this item representing $42,065 out of an aggregate of $113,089.

How They Stand.

Following is a statement of the valuation in the city, village and townships of the county:

Township	Real Estate	Personal	Total	M. & C.
Bray	$ 65,330	$ 19,323	$ 184,653	$ 13,007
Black River	118,611	18,794	137,395	15,895
Cloverleaf	127,814	23,996	151,810	8,516
Deer Park	82,983	19,379	102,362	4,695
Goodridge	110,865	9,299	120,164	--------
Highlanding	145,854	38,781	184,635	12,299
Hickory	90,956	20,929	111,885	2,900
Kratka	159,107	26,035	185,142	20,063
Mayfield	84,230	14,060	98,290	310
North	271,599	34,628	306,227	10,357
Norden	133,770	23,946	157,716	16,300
Numedal	109,309	16,270	125,579	650
Polk Center	117,035	18,457	135,492	9,800
Rocksbury	314,293	46,831	361,124	6,800
River Falls	142,080	37,994	180,074	6,900
Reiner	79,904	11,762	91,666	2,900
Sanders	166,769	30,920	197,639	11,133
Smiley	155,888	31,718	187,606	11,105

The School Districts.

A comparison of the valuation in the different school districts in the county is interesting. It will be noted that in a number of instances the district is in both Pennington and Red Lake counties, this situation having arisen at the time of the county division:

Dist.—Location	Valuation
1—Pilk Center and Red Lake County	$ 60,740
2—Norden	31,705
3—Hickory	24,396
4—Smiley	28,161
5—Star	24,150
6—River Falls and Wyandotte	44,230
7—Bray and Numedal	54,990
8—Goodridge Vil. and Twp., Cloverleaf	218,444
9—Hickory	27,547
10—Deer Park and Hickory	27,547
11—Kratka	41,370
12—Rocksbury and River Falls	58,443
15—Cloverleaf	36,984
17—Polk Center and R. L. County	55,312
18—City of T. R. Falls, Rocksbury and North townships	1,590,990
25—North and Norden	40,294
26—North, Rocksbury and Smiley	56,328
28—Silverton	53,567
29—North	88,986
30—Silverton and Smiley	33,897
31—Smiley	45,241
33—Mayfield and R. L. Co.	50,152
34—Deer Park	38,316
35—Mayfield, Kratka and Wyandotte	36,919
37—Highlanding	46,071
38—Highlanding	43,096
39—Mayfield	33,981
41—Kratka	46,882
42—North and Silverton	48,037
43—R. L. Co., and Black River	62,763
44—Cloverleaf and Kratka	32,292
46—Cloverleaf	23,809
47—Highlanding	47,095
48—Reiner	31,963
50—Highlanding	48,378
51—Smiley	30,083
52—Deer Park	47,989
53—Silverton	54,591
54—Rocksbury	84,695
55—Silverton	39,968
56—Star	33,757
57—Reiner	33,872
58—R. L. Co., and Deer Park	37,895
60—Mayfield and Kratka	23,045
64—Numedal	60,208
65—Hickory and Star	26,925
66—Cloverleaf and Kratka	42,051
67—Hickory	20,643
68—Kratka	48,503
69—Bray	67,617
70—Marshall Co., and Reiner	20,152
73—Rocksbury and Sanders	97,664
94—Black River and Polk Center	81,229
99—Polk Center	62,721
102—Black River, Rocksbury, River Falls and St. Hilaire Village	164,601
106—Sanders	47,329
108—R. L. Co., and Black River	76,500
124—R. L. Co., and Black River	50,448
125—Wyandotte	70,230
127—Norden	58,168
133—R. L. Co., and River Falls	84,605
135—North and Norden	50,167
147—Numedal	47,018
148—R. L. Co., and Wyandotte	58,878
149—Bray and Sanders	54,752
154—Rocksbury	74,529
165—Rocksbury	81,902
166—Sanders	50,567
178—River Falls	45,831
180—Bray	60,031
184—Sanders	36,310
219—Marshall County and North	46,400
221—Smiley	37,612
227—R. L. Co., and River Falls	52,883
228—Marshall Co., Goodridge and Reiner	18,698

For the unorganized districts the total is $45,310, divided among the following townships: Mayfield, $10,722; Reiner, $4,686; Kratka, $23,752; Star, $15,150.

The Year's Levy.

Taxes for county purposes for the current year have been levied as follows:

County revenue	$26,000
Roads and bridges	30.00
Bond and interest	3,000
Sinking	3,500
Sanatorium	6,100

The rate of taxation for the county is 13.5 mills and for the state 8.1 mills.

FRENCH ORPHANS APPRECIATE GIFT

LOCAL W. C. T. U. RECEIVES THANKS FOR MONEY SENT TO LITTLE GIRLS.

A letter received this week from two little French girls by the officers of the local W. C. T. U. acknowledges receipt of money sent them last fall. Mrs. T. P. Anderson was president of the organization at that time and the letter was addressed to her. It was written in French and the translation was made by Deputy Sheriff Paul Midderigh. The girls are Sazamme and Ernestine Hillaret, residing at 81 Rue de Genzay, Portiers, and their acknowledgement is as follows:

"Dear Benefactor: We have received, each of us, your 45 francs, my sister and I, and we thank you very much.

"Ernestine has had a very hard cough and she is not much better. I am always in good health and hope that my sister will get well soon. We hope that you are in good health, that is what we are wishing you.

"At Portiers it has been very cold the past few days and it is continuously raining so that it makes it look very dark. But good weather makes the wheat grow.

"Accept, dear benefactress, the wishes for happiness from two little proteges."

The amount sent the girls by the local ladies was $35.

GREAT SECTIONAL SCHOOL MEETING

FOUR DISTRICTS HAVE INTERESTING SESSIONS AT MAVIE LAST WEEK.

The first sectional meeting held under the auspices of the Teachers' Patriotic League was a great success.

This meeting which was held in the Mavie hall by the four school districts, 46, 41, 44 and 15, was very well attended. It was the first of a series to be held throuout the county at various times during the remainder of the school year. By means of them we hope to arouse the interest of the people in the school work so that we may cooperate for Better Schools in Pennington county.

The following speakers gave interesting and instructive talks upon their respective subjects: County Attorney Quale, The new compulsory education law; Dr. Mellby, Health work; Mr. Anderson, Club work; Mr. Ziegler, Improvement; Supt. Gunderson introduced the speakers with appropriate remarks.

Dr. Mellby explained the importance of care of the teeth; attention to the tonsils and adenoids and last but not least, the diet. "Give the diet of your child at least as much attention as the ration of the livestock."

Mr. Anderson told of the work of the Sheep Club during the past year and something of the work plamned for the coming season. Every boy and girl between the ages of ten and eighteen is to be given a chance to enter one of the following clubs: Sheep, Potato or Baby Beef.

Supt. Ziegler spoke of the great improvement in some of the examinations, namely the use of the measuring scales instead of examinations. These measure the mental ability as well as book learning.

County Attorney Quale explained the new compulsory education law which is even more stringent than its predecessors.

Lunch was sold at the close and a general social time ensued.

Any club meeting desiring a similar meeting in their section please notify Supt. Gunderson or Miss Igna Hamry two weeks in advance.

More Pay For Teachers.

The Minnesota department of education has recommended to the state school board that it fix by resolution a minimum salary of $120 for teachers in both city and country schools who have completed a normal training course and have had two years experience, G. M. Cesander, rural school inspector of the state department, told the St. Louis county association of rural school board members at their annual meeting in Duluth.

Official announcement of the recommendation is expected when the state school board meets in March, Mr. Cesander said.

Notice.

Kolberg & Eastman, Doctors of Chiropractic, have dissolved partnership and Dr. J M. Eastman and Dr. L. V. Johnson have formed a partnership. Dr. L. V. Johnson graduated in April, 1917 from the Palmer School of Chiropractic at Davenport, Iowa. He then located at Hawley, Minn., and practised there until June, 1918 and at that time joined the American Expeditionary forces, enlisting at Camp Grant, and spending three months at Camp Robinson, Sparta Wis., and a short while at Camp Mills, Long Island, N. Y. Embarked for France Sept. 17th and spent almost a year in France. After his discharge from service he has been assisting the Trio Doctors of Chiropractic, Whittenberg Bros., of Detroit Alexandria and Evansville, Minn. Dr Eastman & Johnson have opened offices in the Scandia Block over Lambert's Drug Store. Dr. J. M. Eastman had offices in the Union Block previous to the fire and had been located for the past two and a half years in the city.

Office hours: 10 to 12 a. m. 2 to 5 p. m. Evenings by appointments Phone 213. f5

Trained Men Go to Packing Company

According to their custom when office employees are needed, the Equity Packing Plant, Fargo, N. D., called on Dakota Business College, of that city for capable men to fill two splendid positions. Messrs. Edward Jepson and Clarence L. Sivertson were sent. This firm has employed 18 D. B. C. pupils to date.

High-class position are always open to graduates of this exceptional school. Pupils are trained to make good, and they do.

"Follow the $ucce$$ful." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D., for information.—adv.

The First National Bank
of Thief River Falls
Capital and Surplus, and Undivided Profit Over 100,000 Dollars

This strong progressive bank, conducted along conservative and modern lines, offers every facility consistent with sound, prudent banking for the satisfactory handling of your business.

Give Us A Call

Resources Over One Million Dollars

I want to thank all of those who have favored me with their business during the past year express the hope that our relations have been such that I may have a continuance of your patronage

I am now closing out all of my ivory and jewelry and now is the time to buy at a big discount.

A. A. Wangenstein

NOW IS THE TIME TO HAVE THAT JOB PRINTING DONE

The Saving of an Occasional Dollar

Is a matter of importance these days. The man who secures his building material NOW will be saving a considerable number of dollars. Prices are at the present moment lower than they will be for a long time to come. Besides the opportunities for getting the material onto the ground is better now than it will be later.

This Means Two Savings

By buying your supplies from this old reliable concern you are assured of the best in the market at a price that is right. Years of conscientious dealing with the people of this section have built for us a reputation in this regard enjoyed by few houses anywhere. You will make no mistake in consulting us concerning your building needs. We can help you in many ways

The Prichard Co.

"It Came From Larson's"

This statement, when applied to any piece of housefurnishing, means that the quality is guaranteed. In these days of substitution and "cheap" merchandise as is the order in many branches, this house maintains its reputation for dependability. No matter what the price you pay for a piece of furniture, a stove, carpet, or other thing that we may have to sell, you can rest assured that it is just exactly as represented. We could not afford to do otherwise, even though we wished it.

The present is the best time to buy furniture or other house hold necessities. Like everything else, the price is steadily advancing, and there is no likelihood of its being reduced for a long time to come. Those buying now will be protecting themselves.

Remember, we have everything in the line of housefurnishings, stoves and ranges.

Larson Furniture Co.

LOCAL NEWS NOTES

Miss Margaret Jorgenson spent Sunday visiting with her parents in Plummer.

Mrs. Dr. Spinks returned to her home at Middle iver after a day spent in shopping here.

Louis Veven departed on Saturday evening for Detroit, Mich., where he will transact business.

Miss Margaret Eichhammer has been unable to be at work the past week because of influenza.

O. Ryerson came down from Holt on Thursday and visited with friends in this city until Friday morning.

Miss Bertha Neseth, who has been a guest of her brother, J. T. Neseth, in this city since Christmas, returned to her home in Kenyon, on Saturday.

Miss Alice Thompson spent the week-end visiting at her home in this city. She returned to Hazel Monday morning to resume her duties as teacher.

A. C. Longdo, assistant fuel supervisor, from Superior, who was in this city on business the latter part of last week, returned to his home on Saturday evening.

Mrs. T. Gutterud, who has been a guest of her parents, Mr. and Mrs. P. Thune, in this city, for the past month, left on Friday evening for her home at Fairdale, N. D.

Harry Goldberg, a member of the Y. M. C. A. quint, who played the local high school quint here on Saturday evening, spent Sunday visiting with friends in this city. He returned to Grand Forks on Sunday evening.

D. B. Bakke of Holt, was a visitor in this city on Friday, returning to his home on Saturday morning.

Archie Dahl left on Saturday evening for Minneapolis, where he will take up a course in window trimming.

Miss Doris Halvorson successfully underwent an operation for appendicitics at Oberlin Tuesday morning. In a recent message received by Mr. Halvorson, it was stated that she is quickly improving and is getting along much better than was anticipated.

Railroad and Shop Notes.

John M. Skog, machinist, is visiting relatives at Bronson.

Fireman G. E. Jesswein is spending a few days at Minneapolis.

G. E. Hansen, coal heaver, is spending a few days at Erskine visiting.

M. G. Boutwell, employed as wiper at Fordville, returned to Thief River Falls on the 28th on account of sickness.

Roy L. Erickson, fireman, worked as engine dispatcher a part of last week, taking the place of B. E. Gage who laid off.

Arthur M. Johnson, fireman, is at present working as hostler helper in place of Boutwell, who was transferred to Fordville.

Paul Harris, fireman and general griever for the organization, is at present working on the Minnesota division out of Glenwood.

W. J. Douville, engineer, is working out of Gleenwood. Mr. Douville held the position as engineer on the switch engine here nearly all last summer.

John Jacobson, formerly employed as wiper, was tranferred to a position as hostler helper to take the place of Martin E. Carlson, who is laying off.

Martin O. Stenberg and Gust M. Freitag, firemen, accompanied the rotary as engine watchmen, and Leo Bradley, fireman, is with the expedition as cook.

Lewis Vovea, griever for the maintenance of way, expects to eave for Detroit, Mich., on Feb. 3 to attend a conference of general chairmen and representatives.

Andy Eckbaum, engineer, is taking his annual vacation. He has been holding down the run on trains 162 and 163 between Thief River Falls and Federal Dam.

Section men are busy cleaning up the yards, additional forces being put on. Men on repair tracks are also busy shoveling snow in order to have more room to work.

A. G. Greenseth, roundhouse foreman, has been laying off during the past few days account of sickness J. W. Hendry, master mechanic, has been taking his place as foreman.

Train No. 105 was derailed 35 miles out of Minneapolis and cars thrown off the track. The wrecker from Thief River Falls was ordered out but before it arrived there was ordered back. Joy ride to Erskine and return.

Fireman Sigvard Engh is making preparations to move his family and household goods to Adams, N. D., where he expects to stay during the remainder of the winter, holding down the run on trains Nos. 59 and 60 between Adams and Overly.

George Mostue has accepted a position as storeman in the store department. Mr. Mostue was formerly employed as coach cleaner in the mechanical department. On account of working three shifts it became necessary to put on another man.

A national agreement between the Brotherhood of Railway Clerks and the Director General of railroads was signed on January 9. That portion relating to the wage question was put up to the wage board, and as yet no increase in salary is in sight.

In order to comply with the national agreements all crafts are now working eight hours. It has been the practice to work unorganized labor from ten to twelve hours per day. In general the practice of working eight hours will meet with approval.

S. J. Cloutier, fireman, who has been watching engines at Mahnomen while a new turntable has been installed, returned to Thief River Falls last week and will go to Fordville and take the place of M. G. Boutwell, who is laying off on account of sickness.

T. C. Orme and his mother are taking an extended trip over the eastern and southern portion of the United States. They left Thief River Falls on January 20, and will visit in Minneapolis and St. Paul. Leaving for Chicago over the Soo they will go to Palm Beach, Florida via Buffalo, New York and Norfolk, and will return to Thief River Falls by way of New Orleans and St. Louis. This no doubt will be a very interesting trip for both Cliff and his mother.

Rotary snow plow X17 has been on the western districts of the Winnipeg division during the past week. Efforts were made to open the line wit' a Congdon plow and two engines but the rotary had to be resorted to. Mr. Keene is in charge of the expedition. The first attempt to get through resulted in breaking the frame of the rotary and it became necessary to return to Thief River Falls for repairs. After being fixed again the departed for snow-bound territory and are at present there.

The Longer You Delay
The More You Will Pay

That is the reason why every governmental agency is urging the people to build at this time. Costs are not coming down for a long time, if at all, and the man who acts now will save money.

Spring work will crowd in on the farmer's building operations unless he gets an early start and this will mean another loss. If he does not take time by the forelock and begin soon, it may be impossible for him to get a start until after harvest. By that time prices are almost certain to be much higher than now.

For the coming year a person is justified in expecting high prices for what he has to sell, whether it be produce or labor. When things change they will change all along the line and he will, comparatively speaking, be in worse shape than at the present time.

Everybody says: "Build Now!" Make your arrangements early. Come in and look over our plans and get figures on the bill of goods you will require. DO IT TODAY!

Entered as second-class matter at the Postoffice at Thief River Falls, Minn.

MAY SOLVE PROBLEM.

The city council is evidently determined that no matter how many other problems arise to engage its attention, the necessity for providing a pure water supply for the people shall not be lost sight of. Experiments up to date have not been fortunate and at times it has seemed as if considerable money has been put where it will do no possible good, but again there are hopes that not only will the sums thus far used be found to have been expended wisely but that the work done to apparently no advantage will turn out to be a long step in the right direction.

A new plan is to be tried. The one well giving promise of being able to furnish a considerable share of the water needed is to be thoroughly tested out by a compressed air process and if it is shown that the plan is workable the sinking of other wells is a matter of comparatively small expense.

The engineering firm recommending this experiment has great confidence *in its being successful. It has been* found so in other cities, some of them not very far distant from Thief River Falls, and there is no reason why the same result should not be obtained here. The enterprise requires no very great outlay of money and has the added advantage of saving from almost total loss the amounts expended for mains, reservoir and other improvements already undertaken.

An ample supply of purer water is absolutely necessary for the development of the city and the welfare of its people. If the small sum voted by the council for making this experiment brings the desired results it will be the best investment ever made.

UNSAFE POSTPONEMENTS.

There is a tendency in certain quarters to advise against making improvements or undertaking extensions of any kind just at this time. The idea seems to prevail that the prices of labor and materials are going to take a drop before long and that whoever can postpone construction enterprises of any kind for awhile will be the gainer. They further point to the general unrest prevailing to a greater or less degree as an indication that no investment is any too safe.

This is the wrong idea and is not in line with what men of wide experience and genuine concern for the welfare of the nation are advocating. These latter maintain that the nearer we come to keeping up to the general program the better we will be off.

The attitude of these people is very likely to bring about the identical conditions they fear. Curtailment of construction is as dangerous as curtailment of production. Both processes should be encouraged instead of discouraged. Refusing to engage upon enterprises of a building nature in the hope that prices will come down is the same as hoping that conditions will so shape themselves that the improvement contemplated will not be necessary. A season of low prices for material and labor, with consequent low prices for everything else, is not to be desired. When such conditions prevail there is demand for expansion along industrial lines, no building undertaken, no farm investments made, no demand for labor.

Conditions at present may not be adjusted exactly right, but the poorest way of remedying the matter would be to start preparing for their becoming worse.

For this reason The Times is sorry that the stockholders of the Thief River Falls Cooperative Creamery decided to postpone the carrying out of a necessary building program. One speaker against the proposition on Saturday gave as his reason the unsettled state of the country, saying that no investment looked safe to him at this time. He evidently did not stop to realize that it is just this kind of an attitude that helps bring on depression and panic. There would be no danger of any such thing if all the building operations for which there is need were now under way. There may be strikes and unrest even in the best of times, but panics do not occur until confidence in the future has been shaken. The best way to prevent anything of the kind is to keep on building. The cost may be high, but so are the returns in proportion.

A new creamery building would be a good investment at any time, but of particular value just now. It would show those of little faith that the dairymen in this section have absolute confidence in the ability to hold their own under any and all circumstances; that the future has no terrors for them, and that they are willing to go ahead with their projects in order that they may add their mite to the general efforts being made by everyone to provide work and an outlet for products, realizing that so long as these channels are open the country is in no great danger from those who are chronically discontented.

It is to be hoped that the police matron to be appointed for Thief River Falls will find nothing to do. Such condition would more than anything else prove the wisdom of her appointment. If she is able to bring about a condition that will make her retention unnecessary she should by all means be retained.

Quite a number of estimable citizens are willing to lay aside their own pressing business for the purpose of serving as governor of Minnesota after the term of Gov. Burnquist closes. Up to date the following have signified their intention of getting into the race: Julius A. Schmahl, Redwood county; Thomas Frankson, Ramsey county; Thomas Keefe, Ramsey county; M. J. Dowling, Renville county; W. I. Nolan, Hennepin county; Franklin Ellsworth, Blue Earth county; S. G. Iverson, Ramsey county; Frank Nelson, Hennepin county; Victor Power, St. Louis county and a Nonpartisan Leaguer yet to be selected. All with the exception of the Leaguer, Tom Frankson, Congressman Ellsworth and Thomas Keefe will submit their ambitions to a Republican elimination convention. Bob Hargadine, who filed for the Democratic nomination was a former state fire marshal and of late has been active in America First circles.

The proposition to hold a tri-county fair for displaying the products of eastern Pennington, southern Marshall and western Beltrami counties, is not getting along very well. The first fair was held last fall at Goodridge and proved a credit to everyone connected with it as well as of great value to the sections represented. Now Grygla wants the next fair and there is trouble. Bro. Mussey of the Grygla Eagle, and Bro. Converse of the Goodridge Banner, are devoting considerable space in their papers to explanations and it looks very much as if the fair, as a tri-county proposition at least, had come a cropper.

RESULTS OF THE FIRE ON JANUARY 25.

A corner of The Times Press Room

Friends of The Times Express Regret at Loss of Fine Plant

Bemidji Pioneer: The sincere sympathy of the SENTINEL is extended to Brother Ross, of the Thief River Falls Times, whose plant was destroyed by fire Sunday. We know something of the splendid institution that has been built up through the untiring efforts of Mr. Ross, and of the service that he has been giving the people of Pennington County. The equipment was of the best, a model plant in every respect, and by repeated additions the scope of the work had been constantly extended. We have no doubt that wthin a short time the equipment will be replaced and the paper will again be issued on the same thorough scale as before.

Clearbrook Leader: The magnificent big plant of the Thief River Falls Times was totally destroyed by fire Sunday when the building in which it was located was also totally destroyed, amounting in all to a $160,000 loss. The Times loss is figured at $70,000, with but very little insurance. The loss is a hard blow to the company but nevertheless they are game losers and will install a new plant as soon as possible.

Walker Pilot: Publishers throughout northern Minnesota will regret to learn of the fire which destroyed the plant of the Thief River Falls Times last Sunday morning. Press dispatches state that the loss to the Times will aggregate $70,000, with only 50 per cent insurance. The origin of the fire is unknown. The Times is one of the really good papers of the north and had a plant second to none in the weekly newspaper field It will take a lot of grief for the publishers to replace an equipment as good as the one destroyed.

Mahnomen Pioneer: Fire destroyed the plant of the Thief River Falls Times last Sunday. The Times had one of the best equipped shops in the state and it means something to lose any part of a print shop these days

John P. Mattson, Publisher Warren Sheaf: "I was very sorry this morning to learn of your very great loss by fire which destroyed your printing plant. Having suffeed such a loss myself a number of years ago, I know how to sympathize with you in your misfortune. After working hard for years to build up a publishing business and equip a modern newspaper plant, it is certainly very discouraging to see the fruit of one's labors go up in smoke in a few minutes. But the average newspaper man has learned by hard experience to overcome obstacles and disappointments in life and I am sure that you also will survive this test, severe though it be. I predict that in a very short time, by the aid of the enterprising business men of your city, a bigger and better Thief River Falls Times will rise Phoenix-like, from the smouldering embers of the old plant.

"The Sheaf plant, including our typesetting machine, is at your service until you can secure new equipment. Be free to call on us for anything we can do to assist you in getting out your paper."

Egley & Crawford, Crookston Press: It was with keen regret that we learned of the destruction of the Times' plant by fire and the great loss sustained, as The Times was almost our ideal of what a community weekly should be, and it will necessarily be some little time before you can get back to the old status again.

We wish at this time to tender such assistance as we may be able to render, realizing that it will be most difficult to get everything running smoothly once more, and we also wish to congratulate you on the enterprising and courageous spirit shown in the issuing of The Times for this week, almost before the ruins were cold.

Fred T. Lincoln, Secretary Brainerd Chamber of Commerce: I learn with much regret of your loss by fire but I hope and believe that from the 'ashes of its dead self' The Times will rise to greater things. You have been very successful in your field there and your paper is recognized as one of the best weeklies in the state of Minnesota and I want to take this occasion to congratulate you in your success and express hope that you recover from your loss by fire and continue to make good."

Rock County Star, Luverne: Last Sunday morning the Thief River Falls *Times plant* was totally destroyed by fire. The paper is owned by the Times Printing and Manufacturing Co., a corporation of which R. H. Ross, formerly owner of the old Luverne Journal, and well and favorably known in this city, is manager. The Star extends sympathy to Mr. Ross and his company over the loss sustained. The Times is one of the leading papers of the state.

Northern News: Fire early last Sunday morning destroyed the Thief River Falls Times plant as well as the store of the Thief River Falls Music Company. The loss is estimated at $160,000 with about fifty per cent insurance.

The newspaper boys all extend sympathy to the boys at the Falls as we realize what a loss of the kind means.

LAST BIG BLOCK
OF THE CANADIAN PACIFIC
RESERVED FARM LANDS

THIS announces the offering of the last big block of the Canadian Pacific Reserved Farm Lands. Until this block is disposed of, you can secure at low cost a farm home in Western Canada that will make you rich and independent. Never again on the American Continent will farm lands be offered at prices so low.

LAST BIG OPPORTUNITY

This block contains both fertile, open prairie and rich park lands in Lloydminster and Battleford Districts of Central Alberta and Saskatchewan. Farm Lands on the rich prairies of Manitoba, Saskatchewan and Alberta are $11 to $30 an acre. Lands in Southern Alberta under an irrigation system of unfailing water from $50 an acre and up.

TWENTY YEARS TO PAY

The Canadian Pacific offers you this land under a plan of long term, easy payments that is remarkable in the history of farm investments. You pay down 10 per cent. Then you have no payment on the principal until the end of the fourth year, then fifteen annual payments. Interest is 6 per cent. In Central Saskatchewan, Seager Wheeler grew the world's prize wheat. World's prize oats were grown at Lloydminster.

LANDS UNDER IRRIGATION

In Southern Alberta, the Canadian Pacific Railway has developed the largest individual irrigation undertaking on the American Continent. This district contains some of the best lands in Canada. An unfailing supply of water is administered under the Canadian Government. Prices range from $50 an acre up on the same easy payment terms.

SPECIAL RATES FOR HOMESEEKERS AND FULL INFORMATION

The Canadian Pacific will not sell you a farm until you have inspected it. To make this easy, special railway rates have been arranged. Do not delay your investigation. This is the last great block of Canadinn Pacific Reserved Farm Homes. Send today for complete information.

Society

Presbyterian Choir Organizes.

It is due, in large measure, to the diligence and ability of Mrs. Edberg that the Presbyterian choir has grown to its present size and developed to such large degree.

Tuesday evening at regular choir rehearsal officers were elected, who immediately took charge of the tasks connected with their positions. The officers elected were as follows:

President, Gordon Melby; vice president, Carl Granning; secretary Miss Dorothy Lane; treasurer, Miss Jessie Barnett; Librarian, Harold Smithers.

Two committees were then appointed, consisting of the following members:

Membership Committee—Miss Jessie Barnett, Elry Portor, Mrs. M. W Brink.

Social Committee—Miss Meta Kiland, Miss Zella Zeh, Wilbur Roth Wilbur Mabey.

Advertising Committee — William Herrick.

The men's chorus has been the object of special attention the past few weeks. The choir club has planned on a men's organization of twenty-four voices and have already begun to realize their ambitions.

Later, a ladies' chorus is to be organized. Every Sunday there will be a vocal or instrumental solo by a member of the choir followed by a selection by the choir.

The installing of the officers of the Lady Maccabees took place at the Masonic hall on last Tuesday evening Jan. 27. The following officers were installed: Commander, Mrs. W. H. Kline; Lieut. Commander, Mrs. J. H. Hermanson; Past Commander, Mrs. I. G. Sands; Corresponding Secretary Mrs. N. W. Tarrant; Collector, Mrs. N. Waldorf; Chaplain, Mrs. L. R. Johnston; Lady of Arms, Mrs. J. F. Kiltie; Seargent, Mrs. O. F. Halgrim; Sentinel, Mrs. M. Schmitz.

A bountiful lunch closed a very enjoyable evening.

Birthday Party.

A delightful party was held at the Benson home on Duluth avenue when Garfield Benson celebrated his eleventh birthday anniversary. Various games made up the evening's entertainment. Refreshments concluded the evening's enjoyment. The guests were: Earl Bessler, Gordon and Orrin Storholm, Edmund and Herbert Keene, Donald Fitterman Wendall Sether, Chas. Frissell, Jerome Hilliard, Marvin Benson, Edward Kiland, Alf Vistaunet, Lawrence Rolland, Chas. Dablow, Gordon and Eugene Richter.

Slumber Party.

One of the social events of the season was a "slumber party" held at the home of Mrs. M. W. Brink on Thursday evening. The guests attended the lecture by Monteville Flowers held at the auditorium, after which they repaired to the Brink home where a welch rarebit spread had been prepared for them by the hostess.

Y. W. C. A. Meeting.

A meeting of the Y. W. C. A. was held at the home of Mrs. J. M Bishop on last Friday evening. All arrangements for work for the coming year were made, after which they attended the declamatory contest held at the Lincoln high school.

Surprise Party.

A number of the friends of Chas Teal, surprised him on last Saturday evening at his home. Games formed the amusement after which a delicious lunch was served.

Entertained.

Mrs. Daniel Shaw informally entertained a few of her immediate friends at her home on last Friday afternoon.

Mutal Help Club.

The Mutual Help club will not hold its regular meeting on Feb. 6th, this week, because of the flu situation.

Entertains.

Mrs. P. W. Mabey informally entertained a few of her friends on last Saturday evening.

Marriage Licenses.

January 14—Halvor Danielson and Edma Bjerklee.

January 16—Clyde Nason and Helen E. Erickson.

January 19—J. Thomas and Rose Habedank.

Jan. 23—Arthur Pearson and Martha Furstnau.

Obituary

John J. Amble.

John J. Amble, for sixteen years a resident of Pennington county, died on Sunday afternoon at a hospital in Grand Forks following an operation The funeral will take place on Friday afternoon at 1:30 o'clock from the Larson undertaking parlors, Rev George Larson officiating. Interment in Greenwood.

Deceased was born in Norway in 1861 and came to this country when a young man. In 1891 he was married to Miss Julia Tovsliv and to this union was born six children, five of whom, together with the widow, survive. The children are: Mrs. Fred Brandvold, Susie, Cora, Blanche and John, all of Thief River Falls. Besides these there are two brothers S. J. Amble of St. Hilaire, and O. J Amble of Saskatchewan, Canada, and a sister, Mrs. C. Johnson of Grand Forks.

Deceased was one of the best known farmers in the county and a man of fine character. He was successful as a farmer, being among the first in the section to apply improved methods.

John Severson.

John Severson passed away on Feb 2, at his home on 112 Knight avenue south, from tuberculosis from which he had suffered for some time. At the time of his death he was forty years old. Deceased was born in Norway on Feb. 29, 1880, emigrating to this country thirty-one years ago, having resided in this city for the past seventeen years. Funeral services were held in the undertaking parlors conducted by Rev. Kvale. Interment took place in Greenwood cemetery.

Mrs. Alma A. Stover.

On January 31, occurred the death of Mrs. Alma A. Stover at her home 411 Duluth Ave. N., from pneumonia Deceased had been ill only a short while when death ensued. She was born on August 4, 1891, making her age at the time of her death, twenty-nine years. She had been a resident of this city for three and a half years. Interment took place in Greenwood cemetery on Tuesday. A husband and two children survive.

Mrs. O. C. McCormick.

Word was received in this city last week of the death of Mrs. O. C. McCormick from pneumonia, on Jan. 27, at the home of her sister, Mrs. F. E. Weiland of Grand Rapids, where she was a guest at the time of her death The deceased is well known to local people having resided in this city and is perhaps better known by her maiden name, Miss Antoinette Smith.

Miss Katie Stein.

Miss Katie Stein passed away at the home of her father, G. S. Stein of Cloverleaf township, on February 1 from influenza. Deceased was 36 years old at the time of her death. Interment ywas made on Tuesda in Mavie cemetery.

Income Tax Returns

The First and Peoples State Bank is prepared to render assistance in preparing income tax returns.

In order to enable us to give the best service possible in this instance our Mr. T. M. Thronson was sent to the Income Tax School at Minneapolis for the purpose of familiarizing himself thoroughly with the exact requirements of the government and his services will be at the call of anyone desiring assistance.

The Federal Income Tax Law is very complicated and the Internal Revenue Department is continually finding it necessary to make new rulings and change old ones. Authorities differ in interpreting the law and various rulings so that it is impossible for the Bank to assume responsibility for the opinions given to patrons.

However, in offering this service this bank has made every effort to give the best advice they can obtain.

Please bring your statements of income and expense early.

First and Peoples State Bank
Thief River Falls, Minn.

BIG SALE OF PURE BRED ANIMALS AT LIVESTOCK SHOW

THREE HUNDRED HEAD WILL BE OFFERED NEXT WEEK AT AUCTION.

HIGH PRICES FOR DAIRY PRODUCTS EXPECTED TO BOOST THIS CLASS.

GREATEST ARRAY OF SPEAKING TALENT EVER PRESENTED IN STATE.

Long accustomed to raising the hardest of hard wheat, the plumpest and best oats and world record breaking barley in the Red River Valley and still doing so, it is only during recent years that the farmers of that fertile area have set themselves to the task of raising superior live stock. That they can do that, too has been amply proved on many occasions, notably when a noted sire of one of the dairy breeds brought $65,000 at a public sale, a Red River Valley bred, raised and sold bull.

Another epochal event in live stock circles is scheduled to be held at the Red River Valley's pavilion located in Crookston during the week of February 9-13, when nearly 300 head of pure bred stock will be sold. Purple blooded Holsteins, royally bred Shorthorns, Duroc hogs with cherry color Chester Whites and Poland Chinas will all be offered to the present and future live stock farmers of several states who are expected to attend.

Much speculation exists regarding the highest priced individual to be offered at this sale. The Shorthorn men claim that the progeny of the $10,000 imported bull, Royal Cup, should help them top the sale. The Holstein breeders insist that the $65,000 Sir Pietertje Ormsby Mercedes 41st should make them the favorites of the hour and bring the laurel to the black and white. At 75 cents per pound for butter fat much can be said to sustain their claims. The hog men are very enthusiastic about their prospects due to the high quality of consignments listed with the sales' management.

The following sales will be held during the week: Chester White swine, Tuesday; Poland Chinas, Tuesday; Holstein cattle, Wednesday; Duroc Jersey swine, Thursday; Shropshire ewes, Thursday; Shorthorn cattle, Friday.

Hi Riley, St. Paul; C. A. Hitchcock, Crookston; and H. L. Hull Des Moines, will officiate as auctioneers.

Special train service has been arranged for Wednesday, Thursday and Friday, February 11, 12 and 13 bringing in hundreds from every direction to attend the meetings of Northwest School Farmers' Week and the live stock and farm crops shows. Duncan Marshall of Alberta speaks Monday evening; Dean Tatcher and Commissioner N. J. Holmberg on Wednesday, February 11; Dr. George E Vincent on Thursday, February 12; and President Marion LeRoy Burton A. D. Wilson and E. G. Quammo on Friday, the thirteenth. Other notable men and women will be in attendance during the week. From every viewpoint it promises to be the Red River Valley's greatest annual event.

SHOULD GET BUSY FIGURING INCOME

DEPUTY FEDERAL COLLECTOR WILL BE HERE NEXT WEEK TO HELP.

The blanks are already here and the collector is coming next week. It is time that some thought were given to the income tax blank, if you are a single person with an income of more than $1,000 per year or a married one whose total for 1919 reached $2,000. If you fell below these figures you need have no fear for anything but the future.

The net income is the difference between what a person takes in and what he pays out for the expenses that he is allowed by the law to deduct.

Ignorance of the law is no excuse and a person who fails to file a return of taxable net income is subject to a fine of not more than $1,000 while the penalty for false affidavit is a fine not exceeding $10,000 or not exceeding one year's imprisonment or both, besides 50 per cent of tax evaded.

The tax rate this year is 4 per cent on incomes of $4,000 and under whereas last year it was 6 per cent Over $4,000 the tax is 8 per cent with an additional or sur tax at graduate rates on incomes over $5,000.

The deputy collector will be at the commercial club rooms for five days and those who are in any doubt as to whether or not they are subject to taxation under the law should make it a point to see him.

Christmas Seal Sale.

A. K. Lockrem, local manager of the Christmas seal sale for Sanders township, has submitted the following report of the number of seals sold in the different school districts of the township:

No. 106—Jas. A. Dahl	$ 2.30
No. 149—Tilda Brandrud	5.00
No. 166—Eric E. Anderson	4.47
No. 194—Helen Norquist	5.00
Total	$16.77

The teachers and children were very much interested in this campaign and promise in the future to aid any enterprise on which the county health association may engage to the extent of their ability.

THE SAMSON TRACTOR STORY

About two years ago some men interested in General Motors Corporation decided that certain new and more sound practices should be introduced into Tractor manufacturing and selling methods.

These men owned and operated farms—regular farms, not gentlemen's estates—and from experience they knew that the Tractor was not on a safe and sane business basis.

A few men might, for a little while, pay a premium for the novelty of Tractor farming, but not many would for very long.

The Tractor was going to go the way of the bicycle unless it got down to sound business—sound business from the farmer's point of view.

What is sound business?

Isn't it simply this? If you are going to buy a Tractor you must get along with fewer horses, or the Tractor is an extravagance.

Usually, you cannot, on sound principles, pay $1,500 for a Tractor and keep the same number of horses.

You cannot pay that sum for a Tractor and have it displace only two or three horses. That is, you cannot profitably do so unless, perhaps your conditions are quite unusual.

The average number of horses displaced by each Tractor in the United States is about three.

"Then" said these gentlemen "the Tractor that displaces three horses must sell for practically the sum of which a farmer would sell three horses and their equipment."

Of couse, the Tractor must have power, simplicity, endurance, and other attributes of quality. But unless it got down to the place where it could, dollar for dollar successfully compete with horses it would never rank in use along with the automobile and the motor truck.

If the Tractor business could be put on a sound, permanent basis no organization was in a better position to put it there than General Motors Corporation.

It had developed success in motor cars to a great volume. In its record were Buick, Cadillac Chevrolet, Oldsmobile and Oakland. It had also been signally successful in building motor trucks —trucks that replaced horses.

The decision was reached by General Motors to build Tractors and other Farm-power units.

The Samson Tractor was designed and tried out successfully.

The Samson Tractor Company was formed at Janesville, Wis.

Work started on the building of the factory there.

Then the war held up the work on the factory, but increased the need for Tractors.

The Automatic Divisions of General Motors Corporation were restricted in car production. The Government was willing that they make Tactor parts.

An advertising campaign was prepared announcing the Samson Tractor—"A Tractor and a Price."

The armistice came. estrictions on automobiles were removed. The various Automobile Divisons of General Motors took up ther usual work and the production of Samson Tractors dropped away below expectations.

In the meantime the Samson Announcements appeared in the farm papers.

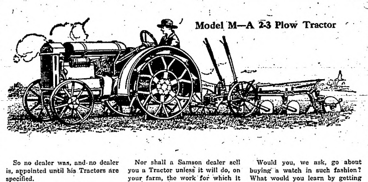
Over 25,000 farmers wrote in for more information about this Tractor.

Ten thousand men wrote for dealers' terms and territory.

Samson Tractor Company might easily have alloted territory to dealers, entered into contracts with them and taken deposits amounting to hundreds of thousands of dollars.

The dealers in turn could have sold Samson's to thousands of farmers and accepted deposits for them.

So great was the interest in this Tractor priced on a now—a real value to the farmer—basis. But, due to conditions beyond the control of Samson Tractor Company, There were no Tractors or very few to deliver.



Model M—A 2-3 Plow Tractor

So no dealer was, and no dealer is, appointed until his Tractors are specified.

No dealer is allowed to sell a Samson Tractor to a farmer unless he knows he can deliver to that farmer.

When distributon was begun not one dollar had been taken from dealer or from farmer.

Last spring—and it still holds good today—our advice to a Samson prospect was this:

"Wait for a Samson Tractor if you can, but if you must have a Tractor right now, go and make the next best buy you can find."

Perhaps you want a Samson Tractor. Perhaps you are waiting for one. For you we have a good word.

The work in the mammoth plant at Janesville is going forward rapidly. Even without the completion of the plant with its attendant production, the number of Samson Tractors going out is increasing constantly as the various foundries, forging plants and machine shops get back near to a maximum production.

The time will soon be here when you can have your Samson, whether it be one of the models of Samson Tractors or of Samson Farm Trucks.

You will be interested now, we believe in some of the other policies that Samson is introducing into Tractor methods.

We have told you how the Samson is priced, on the basis of the number of horses it will displace We have told you that our dealers must not take any of your money unless they can make satisfactory delivery of your Tractor.

Nor shall a Samson dealer sell you a Tractor unless it will do, on your farm, the work for which it is intended and which it must do to be a good buy for you.

There are Samson Selling Practices some things that you should know now, even tho you may not immediately buy a Samson Tractor.

You will not, for instance, find us talking about specifications. It has been said even that the Samson Tractor is a myth. If we did not give specifications it must be because we have none to give. To sell Tractors without referring to specifications was unheard of and still is—except that we are doing it.

You can see that specifications will not help you decide on a Tractor. There is a much bigger question you and we must answer—one we do meet face to face with you—the horse replacement value of a Tractor. Will the Tractor go onto your farm and do for you better and cheaper what your horses and mules now do?

Consider how near to the ridiculous one is apt to carry the specification mania.

Suppose you go into a jewelers store for a watch. The jeweler puts a watch down before you. Instead of judging whether the watch will answer your requirements for a timepiece and at the same time please you with its appearance and is priced at what you consider a fair price, you go into the specifications.

You ask its weight, you measure its diameter and thickness, you inquire the length of its mainspring, you count the teeth in the escapement wheel. You get the gear ratios.

Would you, we ask, go about buying a watch in such fashion? What would you learn by getting its specifications that would help you determine the value of that watch to you?

No, you don't buy a watch that way, nor do you buy bread on a chemical analysis. And you never bought a horse on the size collar he wore.

Apply the same common-sense methods to estimating the value to you of a Tractor. What can you care about piston displacement, gear ratios, stroke and bore, if the Tractor delivers the goods?

It is not enough that you and the Samson dealer simply believe that a Samson will do the work you want done.

We insist that the Samson prove itself on your own farm and in your own hands. We give you a demonstration right on your own farm, with the very conditions under which the Tractor must work day in and day out.

With the Samson Model M Tractor you pay a $65.00 fee when you give your order. The dealer puts the Samson on his truck and brings it out to your farm. Neither you nor we want him to drive it out five, ten, fifteen miles posthaste over rough roads and turn it over to you an already used Tractor. He delivers it any distance brand new—just as it left the factory.

You and he hitch it to the implement you want to use. He explains the hitch, shows you how to adjust the implement. Then he shows you how to run the Tractor and how to care for it. You will be the judge of when you are proficient in its operation, care and maintenance.

If you learn in a day—fine. If in three days—no matter. You must be satisfied.

You have known for a long time that a course of instruction should be given. It will prove invaluable to you many times.

Then the Tractor is yours and the responsibility is yours—except that by the terms of the warranty you are protected against defective parts. If you are a careful operator the benefits of your carefullness are yours. If you need a lot of service you will have service bills in proportion.

Did you ever hear of anything fairer?

No big blanket-charge is tacked onto the price of Samson Tractors to enable the dealer or the manufacturer to render free service. As a matter of fact service does not consist in doing something for nothing. Tractor service actually consists in having closely available a competent man to make necessary restorations quickly and at a reasonable price.

With the old system of a blanket-charge for service tacked onto the price of the Tractor, the careful operator pays for service he does not get—service rendered the careless, reckless man.

No, in buying a Samson Tractor you pay only for what you get. No service—no charge.

This policy of keeping value and price on an equality applies to even the fenders and platform of the Samson. These do not add to the perfomance, to the value to you of a Tractor. With the Samson Model M Tractor they are not included, therefore, in the price, $650.00 f. o. b. Janesville, Wis., But farmers want them, and so far scarcely a tractor has been bought without fenders and platform, which cost but $50.00 additional.

It is on these principles, therefore, that Samson Policy is built.

To give you Tractors and Trucks for prices equal to their real value on a strictly sound, economical basis.

To sell you the Samson Model that fits your farm—and no other model.

Never to sell a Samson Tractor or a Samson Truck or any other Farmpower unit just for the sake of making a sale.

To build volume by giving you value—and then to give you in the price the benefit of that volume.

To treat you as though Samson Tractor Company could not succeed unless you were completely satisfied.

By fair dealing to make such a friend of you that we can be sure of your good word for Samson whenever it is mentioned.

To build so solidly and so well that we can look forward from your good will and business to the good will and business of your sons.

To make the word SAMSON mean so much to you that the name alone will sell any power product, any implement, any machine bearing its name, which we will from time to time offer you as part of the Samson Farmpower Line.

To make no promises, either oral or printed, that we are not prepared to fulfill absolutely.

It requires vast resources and an unfailing sincerity of purpose to give these principles life in our every move.

To some, these policies are unique.

To others they seem doomed to failure. In fact, it has been said that we could not succeed on such a broad basis of service to the farming public. We are succeeding, however, even beyond our expectations.

But to us these principles and policies are simply the same, obvious methods of modern merchandising to the business farmer.

Our sucess depends upon making that business farmer an equal partner in the benefits of our efforts.

We believe that only on such a basis can the farm and factory be drawn into that close harmony necessary to the best success of both.

RESOLUTION.

At a regular adjourned meeting of the City Council held Jan. 29,1920, Alderman John Dahl, seconded by Alderman S. Brandon, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls Minnesota, that the bid of the Times Printing and Manufacturing Co., publishing the newspaper in said city known as the Thief River Falls Times, for city printing for the year 1920, be, and the same is hereby accepted, and the said newspaper, to-wit: the Thief River Falls Times, is hereby designated the official paper of said city during the ensuing year, and all ordinances, resolutions and proceedings of the city are hereby ordered published and printed in said newspaper.

The terms and conditions of such bid, and the acceptance thereof, are as follows, to-wit:

The financial statement of the City shall be printed and published as required by law for the sum of $50.00.

The proceedings of the City Council shall be published without cost or charge to the city.

All other notices and resolutions requiring publication shall be published at the rate of forty-five cents per folio for the first insertion, and twenty cents per folio for each subsequent insertion.

BE IT FURTHER RESOLVED, That said Times Printing and Manufacturing Co., be, and it is hereby required to furnish a bond with sufficient sureties subject to the approval of the city council, in the penal sum of Five Hundred Dollars, conditioned as required by law, for the faithful and proper performance of its work and services as heretofore set forth.

Aldermen voting Yes; Dahl, Brumund, Ness and Brandon. Aldermen voting No; None.

H. A. BRUMUND,
President of the Council.

Resolution declared passed.

Approved Jan. 31st, 1920.
JOHN BRATRUD, Mayor.

Attest: A. H. AKRE, City Clerk.

RESOLUTION.

At a regular meeting of the City Council held Jan. 27, 1920, Alderman Brandon, seconded by Alderman Dahl, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls Minnesota, that the proposals of the following named banks, for depositories of the funds of the City, be, and they are hereby accepted, and that the following banks be, and they are hereby designated as depositories of the moneys in the City treasury during the year ensuing after date hereof, to-wit:

First and Peoples State Bank of Thief River Falls, Minnesota.
First National Bank of Thief River Falls, Minnesota.
Citizens State Bank of Thief River Falls, Minnesota.
Farmers and Merchants State Bank of Thief River Falls, Minnesota.

BE IT FURTHER RESOLVED, That the moneys in the City treasury shall be deposited, and deposits thereof maintained in said banks, in the following proportions, to-wit: In said First and Peoples State Bank, nine twenty-sixths of said moneys; in said First National Bank, eight twenty-sixths thereof; in said Citizens State Bank, six twenty-sixths thereof, and in said Farmers and Merchants Bank, three twenty-sixths thereof, the same being the present proportion which the capital and surplus of said banks bear towards each other.

BE IT FURTHER RESOLVED, That the proper officials of the City be, and are hereby directed, to maintain the balances of the City's moneys in said banks in the aforesaid proportion, as nearly as possible, and, BE IT FURTHER RESOLVED, that the proper officials of the City, be, and they are hereby directed to maintain the active checking account of the City in said First and Peoples State Bank.

BE IT FURTHER RESOLVED, That such depositories, before any public moneys shall be deposited therein, be required to furnish bonds as required by law; it being agreed, pursuant to such proposals, and the acceptance thereof that said banks shall pay the City interest on all deposits at the rate of three per cent per annum, to be computed and paid on the first day of each month, upon the daily average daily balances during the preceding month.

Roll Call: Aldermen voting Yes; Froseth, Dahl, Brumund, Ness and Brandon. Aldermen voting No; None.

Resolution declared passed.

H. A. BRUMUND,
President of the Council.

Approved Jan. 31st, 1920.
JOHN BRATRUD, Mayor.

Attest: A. H. AKRE, City Clerk.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage executed and delivered by Lulu D. Halvorson and Gay Halvorson, her husband, as mortgagors, to Northwestern Building Association of Fergus Falls, a corporation, as mortgagee, dated June 14, 1916 and recorded in the office of the Register of Deeds of Pennington County Minnesota, on the 20th day of June 1916 at one o'clock P. M., in book 4 of mortgages on page 237, and no action or proceeding having been instituted at law or otherwise to recover the debt remaining secured by said mortgage, or any part thereof, and there being claimed to be due and is actually due on said mortgage at the date of this notice the sum of two thousand three hundred and eight ($2,308) Dollars and the sum of forty-one dollars and seventy-four cents ($41.74) for taxes for 1916, paid by said mortgagee on May 13, 1918, and the further sum of sixty-three dollars and thirty cents ($63.30) for taxes for 1917, paid by said mortgagee on May 12, 1919, making the total amount due at this date the sum of two thousand four hundred and thirteen dollars and four cents ($2,413.04).

Notice is hereby given, that by virtue of the power of sale contained therein, said mortgage will be foreclosed and the premises therein described situated in the County of Pennington, State of Minnesota to-wit: Lot twelve (12) and the north one-half (N½) of lot eleven (11) in block sixty-three (63) of the Original Townsite of Thief River Falls, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said county and State will be sold by the sheriff of said county at public vendue to the highest bidder on the 3rd of March, 1920, at 10 o'clock A. M., at the front door of the Court House in the City of Thief River Falls, in said County and State, to pay said debt, the interest thereon and an attorney's fee of seventy-five ($75) dollars stipulated in said mortgage and the expenses of sale, subject to redemption at any time within one year from the date of sale as provided by law.

Dated January 6, 1920.

AMENDMENT TO CERTIFICATE OF INCORPORATION OF THE GOODRIDGE STATE BANK, No. 1135.

At a meeting of the Stockholders of the above named Bank, held at the Banking House on the 10th day of January, A. D., 1920, the following resolution was offered and adopted by a majority vote of its capital stock:

RESOLVED, That section six of the Certificate of Incorporation of this Bank be amended to read as follows:

Section Six: "The highest amount of indebtedness or liability to which the corporation shall at any time be subject, shall be Three Hundred Thousand Dollars."

We hereby certify that the foregoing resolution was duly adopted by a majority vote of the Capital Stock, at a meeting duly called for that purpose and held at the Banking House in Goodridge, Minnesota, on the 10th day of January A. D., 1920.

H. S. DAHLEN, President.
J. P. JENSEN, Cashier.

State of Minnesota, County of Pennington, ss.

On this 10th day of January, 1920, before me appeared H. S. Dahlen and J. P. Jensen, to me personally known, who being by me duly sworn did say that they are respectively the President and Cashier of Goodridge State Bank, that the seal affixed to the foregoing instrument is the corporate seal of said corporation, that said instrument was executed by them as their free act and deed.

THEO. TANDBERG.
(Notarial Seal.)
Notary Public, Pennington Conuty, Minn.

My commission expires July 9, 1920.

State of Minnesota, Office of Superintendent of Banks, St. Paul, January 21, 1920.

This is to certify that the action of the stockholders of the Goodridge State Bank in voting to increase the highest amount of indebtedness or liability to which the corporation shall be subject from One Hundred Twenty Thousand Dollars to Three Hundred Thousand Dollars, as provided for in the foregoing amendment to the Certificate of Incorporation, has been approved by me.

F. E. PEARSON,
(Seal) Superintendent of Banks,
By G. H. SIVWRIGHT,
Deputy Superintendent.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 21st day of January, A. D., 1920, at 9 o'clock A. M., and was duly recorded in Book B, of State Bank Records, on page 518.

JULIUS A. SCHMAHL,
Secretary of State.

Office of Register of Deeds, County of Pennington, Minn.

I hereby certify that the within instrument was filed in this office for record on the 28th day of January, A. D. 1920, at 11 o'clock A. M., and was duly recorded in Book H of Miscel., on page 596.

N. J. ANDERSON,

Citation For Hearing on Final Acount and For Distribution.

State of Minnesota, County of Pennington, ss. In Probate Court.

In the Matter of the Estate of Anders C. Hansen, also known as Anders C. Hanson, also known as A. C. Hansen, Decedent:

The State of Minnesota, to Marit Hansen, Hans T. Hanson, Anna Maria Magnuson, Thora Hansen, and all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named Decedent, having filed in this Court his final account of the administration of the estate of said decedent, together with his petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled. Therefore, YOU AND EACH OF YOU, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 14th day of February, 1920, at ten o'clock A. M., why said petition should not be granted.

WITNESS, The Judge of said Court and the Seal of said Court, this 19th day of January, 1920.

IRA C. RICHARDSON,
(Court Seal) Judge of Probate.
HANS O. CHOMMIE,
Attorney for Petitioner.

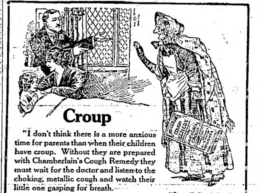
Engineers ARCHITECTS Superintendents

Phoenix Building St. Cloud, Minnesota

This Firm has been awarded contracts for the design, engineering and equipment of many large and important structures, due to the high class service rendered—such as is characterized in the Princeton High and Grade School, Sisseton High School, $60,000 store at Sisseton, South Dakota, Greenbush Consolidated School, banks garages and other buildings of various structures, and will be exerted in the new Ada High School and Borup Consolidated School. Such service has placed this Firm in the forefront in the Northwest and comprises the experience and ability of an organization of expert men—architectural designers, mechanical and heating engineers, estimators and superintendents.



"Granny" Chamberlain

Croup

"I don't think there is a more anxious time for parents than when their children have croup. Without they are prepared with Chamberlain's Cough Remedy they must wait for the doctor and listen to the choking, metallic cough and watch their little one gasping for breath.

You know the great danger of croup is the formation of a false membrane in the larynx, and until this is expelled relief cannot be obtained, and the spasmodic choking continues. Give Chamberlain's Cough Remedy in frequent doses. It will loosen this membrane and cause the child to expel it by vomiting.

Chamberlain's Cough Remedy

is an absolutely safe and certain remedy for croup, and if given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack."

Yours for Health—Granny Chamberlain

Conserve Your Health by Tooth Care

has been discovered that much rheumatism, stomach and kidney troubles, heart disorders, tuberculosis and goitres are caused by diseased teeth.

HOGS AND CATTLE REGISTER SLUMP

MARKET DECLINES ON ALL GRADES BUT CHOICE LAMBS SET RECORD.

The week's opening:
Cattle 4100—Steady to lower.
Stockers & Feeders—Steady.
Calves—Steady, top $18.50.
Hogs—10400; steady to 10c higher er.
Pigs—900 @ $14.50.
Sheep—3600; steady to lower.

Special to The Times—Union Stock Yards, South St. Paul—After hitting the top price for the winter and selling at $15.60, hog values took a sharp slump the balance of the week Friday's sales being $14.70@$14.75. There was a mild reaction Saturday values advancing 15c. Closing trade was registered at $15.65@$14.85. Stock pigs sold up to $15 at times but at the finish, the upper limit was $14.50. Receipts for the week were 60,200.

Cattle trade held about steady most of the week until the closing days, when a decline of 15@25c was registered. The few fair to good short-fed steers that sifted in cashed at $13@$13.50 with an odd sale or two at a higher figure. Bulk of business was ticketed at $10@$11.50 with inferior kinds down to $7. Most business on other grades was on the following basis: Fat cows and heifers $6.50@$9 with choice ones at $10@$11.50. Canners and cutters $5@$6.25; bulls $7@$9; vealers $7@$18.50. Stockers and feeders were slow and lower and dairy cows about steady. Receipts were 19,500.

Choice lambs set a new high mark when they cashed up to $20 and al' grades had good clearance. Quality was rather plain except for a few choice offerings. Current quotations: Lambs $10@$20; ewes $5@$11.50; yearlings $12@$17.50; wethers $10@$12.25; bred ewes $8@$12; feeder lambs $12@$17. Receipts were 9,200

Germans Call Rev. Kreidt.

Rev. Emil Kreidt, who is at present residing at Wheaton, has been called by the congregation of St John's Lutheran church in this city and is expected here the latter part of this week. It was the intention of Rev. Kreidt to preach his opening sermon here on Sunday but the flu ban makes this impossible.

The new pastor was formerly pastor at Galveston, Texas and later at Kennewick, Wash. While in the latter city Mrs. Kreidt was taken sick and it became necessary to seek the aid of the Mayo doctors at Rochester As Rev. Kreidt could not very well leave his wife during this time he resigned his pulpit at Kennewick and has not since that time had a permanent call. The lady is now very much improved and he will again return to the ministry. He is a man most highly spoken of by all with whom he has been associated and the members of the local congregation deem themselves fortunate in securing his services.

Special Nurse Arrives.

Miss Minnie Hauge of Minneapolis arrived in the city yesterday morning for the purpose of taking charge of the flu isolation hospital. Suitable quarters for the hospital were found in a building south of the Great Northern tracks formerly used as a hotel. It is equipped with the necessary conveniences and patients will be well housed. Miss Hauge was sent here by the state headquarters of the Red Cross at the request of President T. P. Anderson of Pennington county chapter. She is a lady of much experience in this kind of work and comes highly recommended. Up to date all flu patients have been taken care of at their own homes but it was feared that the need for a hospital might at any time arise.

Officials are Complimented.

L. M. Cedarburg, a public accountant from the office of the state public examiner, was in the city last week for the purpose of going over the books of City Clerk A. H. Akre and Treasurer E. M. Evenson. The council requested that this be done before the financial statement for the year is presented.

Mr. Cedarburg found everything in the very best of order. In fact he complimented the officials of the city very highly on the manner in which the books have been kept and said it was a pleasure to go over work so carefully executed.

Declamatory Contest.

"Selections," by the high school band was the opening number at the declamatory contest held at the Lincoln high school on last Friday evening. This was followed by "yells" given by the local high school students. Mr. DeLong, superintendent of the schools at Red Lake Falls, acted as chairman. The first speaker was Miss B. Berg of Middle River, followed by Miss M. Hanson of Strandquist Miss Esther Barnes of Newfolden, Miss Myrtle Sunderland of Badger, Lee Ihle of this city, and Foss Paul of Red Lake Falls. The judges decided in favor of Foss Paul. Lee Ihle and Myrtle Sunderland.

Community singing led by Mr. DeLong, was highly enjoyed by everyone. Mr. DeLong also delivered a brief but entertaining address to the students and visitors. A reception was held in the commercial rooms with contestants, judges, committees public speaking classes and band boys as the guests. A delightful lunch consisting of sandwiches, salads, cake and coffee was served. Mr. Foss, as the winner of the contest, will have the distinction of appearing at the Farm Crop show held in Crookston next week.

Doing Good Job.

The building committee of the city council is entitled to the thanks of all citizens for the good job they are having done in overhauling the auditorium building. A corps of scrub women have been busy for the past few days and the place already shows a wonderful improvement. The work is being done under the supervision of R. G. Cook, the new custodian, and he is seeing to it that the performance is thorough.

Hospital Notes.

The following entries were made at the Physicians hospital since last Thursday: C. L. Holm, city; Victor Johnson, Holt; O. Florance, Oak Point; F. Burns, city; Mrs. C. Runcton, Middle River; T. Vohrman, Holt; Mrs. M. Elton, Pine Creek; P. J. Anderson, city; Geo. F. Baird, Erie; Mrs Arnold Dale, city.

Sealed Bids.

Sealed bids will be received by the trustees of the Trinity Lutheran Church of Thief River Falls, Minn., for the sale of the church building and lot formerly the Haugeh church, located on the N. W. corner of Block 62, Original townsite of Thief River Falls, on Monday, March 1, 1920.

Sealed bids will also be received at the same date for the sale of Fixtures and furniture in the same church, consisting of pulpit, altar, altar railing baptismal font, etc., solid oak and practically new. All made up in the latest tyle.

We also have many other articles such as communion sets, tables, which will be sold at private sale.

DAIRYMAN GAINS SIXTEEN POUNDS

WANTS TO TELL WORLD WHAT A BLESSING TANLAS HAS BEEN TO HIM.

"Yes, sir, I am feeling like my old self again since I have taken Tanlac, and if anything, I am in beter health than I ever was in all my life," said William Echeel who owns a big dairy farm out on Route No. 1 from Newport, Minn., a town ten miles from St. Paul.

"tI was just a year ago this month that I was down in bed for three weeks with the influenza, and the after effects I was never able to get rid of until I started taking Tanlac," Mr. Scheel continued. "My stomach was left in an awful condition and nearly everything I ate disagreed with me. Gas formed and pressed up around my heart and into my lungs until I could hardly breathe. I suffered with pains in my stomach day and night and I got so weak and faint at times that I would almost fall over. I had a bad cough all the time and of mornings it was so bad as to nearly exhaust me. My back troubled me a great deal and it was so weak I had to be very careful about lifting anything. I could sleep but little at night and when I got up every morning I felt so worn-out I just had to drag myself off to my work.

"That was my condition when I started taking Tanlac, but things are different now. I have just finished my fourth bottle of Tanlac and not only have my troubles all disappeared but I have gained sixteen pounds in weight. Everything I eat agrees with me. The pains and cramps have all left me and as the gas has quit forming my breathing is free and normal. That aggravating cough has gone too and my back never bothers me any more. I get up of mornings after a fine night's rest and really enjoy doing a big day's work. I want to tell the world about Tanlac, for since it has done so much for me I want to see others benefit from it like I have."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—Adv.

I AM GLAD TO ENDORSE
PE-RU-NA

Glad to Try Anything

"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peruna was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peruna. I am glad to endorse it."

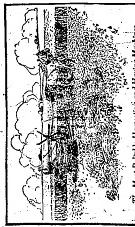
Miss Ricka Leopold, 388 Layco St., Monasha, Wis., Sec'y Liederkranz. Miss Leopold's letter opposite conveys in no uncertain way the gratitude she feels for Peruna.

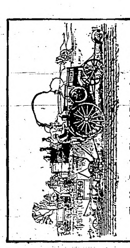
Liquid and Tablet Form

McCormick, — Deering, — International, — P&O



The Most Reliable Harvesting and Haying Machines

The Most Efficient Tractors and Power Machines



The Most Popular Plows and Tillage Implements

YOU know these trade names. Your father and grandfather knew three of them. They knew in their time, and you know today that these names stand for the highest quality farm machinery in the world. McCormick built the first practical reaper, Deering sold the first twine binder and was a good-twine pioneer, and William Parlin was one of the first steel plow pioneers. The lines of harvesting machines and plows started by these farm machine builders have been growing and developing ever since. Other machines have been invented and developed by the same manufacturers, and every new machine and implement has had built into it the years of manufacturing experience and farm knowledge accumulated by McCormick, Deering, Parlin and their successors. Now all of these machines and implements have been merged into one line—the International Harvester. The reputation of every machine and implement in this line is the same.

We Sell the International Line

What does this mean to you as a farmer? It means, first of all, that you can buy any farm machine or implement you may need, right here in this town, without taking chances on *experiments* or implements that might be "orphaned" one or two years after you buy them because of the manufacturer going out of business. You can always get repairs for any machine or implement in the International line because the Harvester Company will never go out of business. You are assured of reliable machines because every machine in the Harvester line is tried out and tested under actual farm conditions, before being offered for sale to the farmer. The Experimental Department of the Harvester Company is the most thorough and active institution of its kind.

It means, second, that you can get repairs and repair service on all of these machines through one concern—us. You don't have to go to the bother and inconvenience of trying to get repairs and service from half a dozen or more different companies. You won't be taking chances on expensive delays waiting for repairs during the busy seasons because we are going to carry a big stock of repairs on hand and any repairs that we might not have we can get for you in a hurry by a 'phone call to the International Harvester branch house.

Tack this advertisement up in your machine shed so that whenever you need repairs for any of your International machines you will know where to go. Also, you will know where to go when you are in the market for new machines or implements of real quality and the highest operating efficiency.

THIEF RIVER FALLS TIMES

VOLUME 10. Eight Pages THIEF RIVER FALLS, MINNESOTA, THURSDAY, FEBRUARY 12, 1920. $2.00 a Year. NUMBER.

ADVERTISE FOR BIDS ON PAVING WITHOUT DELAY

CITY COUNCIL DECIDES TO GET STARTED AS SOON AS POSSIBLE.

BOND BUYERS WOULD PROBABLY BE GLAD TO HAVE CONTRACT RESCINDED.

GOOD PRICES FOR SECURITIES HELPS OFFSET HIGH COSTS AT PRESENT.

The city council evidently believes that there is money to be saved by going ahead with the paving contract as contemplated. The cost of material is higher than when the matter was first considered, it is true, but indications are that this condition will grow worse instead of better. For this reason the council unanimously voted to ask for bids on the work without delay and the engineering company in charge will be requested to have the specifications ready at the earliest possible moment, it being realized that the season is already far advanced.

Will Mean a Saving.

The agent for one of the foremost bond buying houses in the state was present, although he had no interest in the proceedings other than as a spectator. Upon being asked his opinion he stated that he was certain that the companies contracting for the city's bonds would be glad to get out of their bargain if they could and that the postponement of the work might give them this opportunity. Interest rates have advanced sharply since the issue was contracted for and this condition is certain not to improve as the season advances. Hundreds of thousands of dollars in paving bonds are offered by Minnesota municipalities alone and are at present commanding a considerably higher interest rate than was the case at the time this city entered into its contract.

Notify Engineer at Once.

The framing of the advertisement for bids is a part of the work of the Bradley Engineering company of St. Cloud, the concern in charge of the work. City Clerk A. H. Akre was ordered to get in touch with a member of the company and have him come to Thief River Falls to attend a special meeting of the council on Friday night for the purpose of getting action on the matter as quickly as possible.

Streets Will be Ready.

Mayor John Bratrud was present and strongly urged on the council the necessity for early action on the paving matter. A question arose as to whether or not it would be safe to pave immediately after the sewer connections have been made, some fear being expressed that the ground replaced in the sewer and water excavations might continue to settle and cause the pavement to crack. On the best available authority it was stated that where the earth was properly washed in or tamped there would be no trouble on this score.

TO BEMIDJI BY SPECIAL TONIGHT

BASKETBALL PLAYERS OF EKLUND POST TO INVADE ENEMY TERRITORY.

When the basket ball players of Eklund post, Thief River Falls, meet the defenders of the honor of Gracie post of Bemidji at the latter city this evening there will be witnessed one of the greatest games played on any floor in the state this year. The Bemidji bunch was defeated in the game here some time ago and are determined to capture the return bout.

A special train over the Soo has been chartered and there will be about 150 Thief River Falls boosters accompany the boys. The train will leave at 4:45 o'clock and is expected to return about midnight.

That a hot game is anticipated by the Bemidji fans is evidenced by the following, sent by the correspondent of the Grand Forks Herald in that city to this paper:

"Bemidji basketball fans anticipate a good game when the Thief River Falls Eklund American Post team will play the Ralph Gracie Post of Bemidji, in this city Thursday evening Bemidji was defeated in the game at Thief River Falls a short time ago and the team representing the western city is coming to Bemidji determined to take the second contest. Efforts are being made by the Thief River Falls fans to charter a special train for Bemidji, for that occasion and are planning to support their boys to the last. The members of the local team believe they can defeat the Thief River Falls boys if they have fair luck."

There has been some talk of a special train, but the idea has been abandoned, it being feared that the expense would be too great.

A Real Old-Timer.

Otto Nieval of St. Paul, an expert in the salvaging of damaged printing machinery, was in the city last Sunday for the purpose of looking over the machinery wihch went thru The Times fire. Mr. Nieval is one of the real old-timers in this section, although he has not resided here for many years. He was born on a farm three miles from St. Hilaire 42 years ago and the family lived there for some time afterwards. The elder Nieval came up from Tennessee shortly after the civil war and was among the first homesteaders in the St. Hilaire section. There was no Thief River Falls on the map at the period of Mr. Nieval's residence in what was then Polk county and Crookston was the nearest railroad point.

Noted Musician Coming.

Mrs. Charles Horr and son, Wyman, will arrive shortly from Duluth for a visit with the family of Mrs. Horr's sister, Mrs. W. J. LaBree. The young man is one of the most famous pianists in this section of the country and has frequently appeared in concerts before large and discriminating audiences. It is probable that while he is in the city he will give a recital under the auspices of the Woman's club.

ANDERSEN QUITS AS FAIR LEADER

HERBERT FULLER WILL BE AGRICULTURAL SOCIETY PRES. DURING YEAR.

At a meeting of the executive board of the Pennington County Agricultural association held this week President A. J. Andersen tendered his resignation and it was accepted. Herbert Fuller, who for three years served as president preceding the election of Mr. Andersen last fall, was again drafted to fill the vacancy until the next annual meeting.

Mr. Andersen resigns to take the position of president of the Citizens State bank of Grygla. Since coming here in the fall of 1918 he has been identified with the Citizens State bank of this city, his title being that of assistant cashier. He has, however, been the bank's outside man, interesting himself particularly in agricultural development of the section. He is a clean-cut, capable young business man and his selection for the Grygla post is a good move both for the bank and for the farmers in that neighborhood, with most of whom Mr. Andersen is already personally acquainted.

The association is fortunate in prevailing upon Mr. Fuller to take up the work laid down by Mr. Andersen. His long experience as head of the organization insures its affairs being well looked after. He refused reelection to the office at the annual meeting and only takes up the work at the earnest request of his fellow members on the board.

Victims of Influenza.

Among the business men who have been on a vacation because the flu compelled them to stay in bed are George Curran and Anton Langseth. Both are back on the job but look rather peaked. These merchants admit freely that they were most awful sick for quite awhile and that if the disease this year is of a milder form than last winter they are glad that their attack was postponed.

Attends Hotel Opening.

C. L. Hansen goes to Red Lake Falls this evening for the purpose of attending the formal opening of the new Lincoln hotel in that city The Lincoln is one of the most modern hotels in this section and its completion will be hailed with delight by the traveling public. It is a beautiful building and adds much to the attractive appearance of the city in which it is located.

Mary Elsie Knutson.

Miss Mary E. Knutson passed away on Feb. 4 in Fargo from pneumonia following influenza. Deceased was born near Holt on May 10, 1891, most of her life having been spent in this neighborhood. At the time of her death she was employed by the Fargo Laundry company. Funeral services were held at Holt on Monday afternoon conducted by N. Bergland, assigned by M. O. Bakken of this city. She is survived by her parents, two sisters and six brothers.

Edwin Rustebakke.

Edwin Rustebakke died on Feb. 8, at his home in this city from influenza. Funeral services were held on Feb. 11 and interment made in Greenwood cemetery. The deceased is survived by his parents, three sisters and three brothers, Mrs. John Parbst, Miss Selma, and Mrs. Ole Brooten all of this city and Alfred, Martin and Theo. all of Scobey, Mont.

Melvin A. Hanson.

Melvin A. Hanson, 7 year old son of Mr. and Mrs. Severt Hanson of Silverton township, died at his home on Feb. 8th, from pneumonia. Funeral services were held on Tuesday and interment was made in Silverton cemetery.

Mrs. Johanne Rundton.

Mrs. Johanne Rundton, wife of Christ Rundton of Middle River, died in this city on Feb. 8. Deceased was fifty years old at the time of death.

FLU SITUATION MUCH BETTER; BAN IS LIFTED

THEATRES MAY RESUME BUSINESS AFTER MIDNIGHT ON FRIDAY.

ALL CHURCHES PERMITTED TO HOLD USUAL SERVICES SUNDAY MORNING.

NEW CASES IN CITY ARE FEW, WITH NO DEATHS DURING WEEK.

Business in Thief River Falls will be permitted to resume its wonted course on Saturday morning, the influenza ban which has kept closed all churches and theatres and prevented the holding of public meetings of any kind having been lifted by order of the board of health. Dr. Jacob Biedermann, president of the board, says he feels that it would be putting the people to needless trouble to continue the order in force and only asks that they use all reasonable care in avoiding contagion. Theatres will run the usual Saturday matinees, after which time the programs will continue as formerly.

The churches in the city will be permitted to hold the regular services on Sunday, the same warning as to the exercising of care applying also in their case.

Improving in City.

Very few new cases have been reported in the city during the past week and there have been no deaths. According to Dr. H. W. Froehlich, county physician, however, there are a number of places in the country where the disease still seems to have a strong foothold. There are not many people dangerously sick but quite a number are down.

Dr. Froehlich also urges the greatest care upon everyone. The fact that the disease seems to be on the wane does not warrant anyone in supposing the danger is past. Use ordinary judgment and the trouble, for the present at least, is probably over, while if people grow reckless a recurrance may be expected and it may be worse than the original visitation.

NO CHANCE FOR NEW POSTOFFICE

NOTHING DOING FOR THIEF RIVER FALLS AT PRESENT SESSION.

Postmaster John Morgan has been notified by Representative Steenerson that there is no possible chance of anything being done to provide a new postoffice for Thief River Falls at the present session of congress. Accompanying the congressman's communication is a copy of the report of the committee on public buildings and grounds in which the reasons for not reporting a general public buildings bill at this session are set forth.

The commtitee explains its action on the ground of economy and quotes the report of the secretary of the treasury to prove that there will be a large deficit for the fiscal year and that no money will be available for public work of this kind.

The resolutions of the committee go so far as to declare that "the committee will not report at this session any individual bill which authorizes the appropriation of money."

NEW MACHINERY FIRM IS IN FIELD

STONE & RAMBECK COMPANY WILL BEGIN BUSINESS ABOUT FEB. 20.

O. A. Rambeck, formerly of Germantown, will be the Thief River Falls manager of a general farm machinery and implement house in which O. A. Stone & Co., of Crookston are also interested. The concern which will be known as the Stone-Rambeck company, will open for business here about Feb. 20 with a full line of tractors, separators, binders, mowers and smaller machines. The leader of their line will be the goods manufactured by the Emerson-Brantingham people but other makes will be carried.

Mr. Rambeck enjoys a wide acquaintance among the farmers of Pennington and Marshall counties, has had much experience in the handling of machinery, and the enterprise should be successful from the start. Arthur Rambeck and Gust Gulseth will also become identified with the concern in the capacity of repair and general service men.

The company will temporarily be located in the building directly across from the auditorium and south of the Standard filling station. As soon as possible larger quarters will be secured.

COUPLE HELD FOR CAUSING BABY'S DEATH

MR. AND MRS. ARTHUR PEARSON ACCUSED—IN JAIL AT CROOKSTON.

CONFESS THAT BABY WAS PLACED ON SHED ROOF AFTER BIRTH.

MOTHER FORMERLY EMPLOYED IN THIEF RIVER FALLS AS WAITRESS.

Mr. and Mrs. Arthur Pearson are in the Polk county jail at Crookston charged with having caused the death of a child born to them last Friday night. The body of the baby was discovered on Sunday morning by a lodger in the Commercial hotel. Sheriff Bolstad and County Attorney *Montague made* an investigation and as a result of their discoveries arrested the Pearson couple, who were residents of the hotel. According to Sheriff Bolstad they confessed that the baby was born to Mrs. Pearson on Sunday night and placed on the shed from their bedroom window. A post mortem examination was held and it was determined that the child had been born alive but had died of exposure after being placed on the roof.

Formerly Resided Here.

Sheriff W. J. LaBree of Pennington county was notified of the occurrance and asked to look up the history of Mrs. Pearson, she having formerly been employed at a restaurant in this city. Before her marriage to Pearson she was Miss Martha Furstnau and resided here until about two weeks ago when she went to Crookston and married Pearson, who is a fireman on the Great Northern railroad.

Is Not Baby's Father.

She denies, however, that Pearson is the father of the child. It is alleged that they had planned to dispose of the child when born and it is believed the placing of the body on the shed roof was done in the hope that it would not be discovered until spring. Neither had tried to escape following the incident.

Mrs. Pearson, who is 26 years old is now in the county jail under the care of the county physician. Her husband is also in jail.

Smith-Gilkey.

George D. Smith, son of Mr. and Mrs. Andrew Smith of this city, was married to Miss Helen C. Gilkey at Hillyard, Wash., on January 24th. George is well and favorably known to a great many people of this city and all will wish for the young couple nothing but happiness in their wedded life. Mr. and Mrs. Smith will make their home for the present at 216 Evergreen avenue, Hillyard, Washington.

The Ban is Off Next Saturday.

At the request of our chairman of the Board of Health, we closed the Princess owing to the flu, but this is what Dr. Royal S. Copeland, president of the board of health of New York City said: "If managers see that health rules are obeyed, one is safer in a well-ventilated theatre than in a hospital, if for no other reason than that there are more germs in a hospital than in a well ventilated theatre."

The Princess Theatre is the only theatre in the northern part of the state with a modern ventilating system. The air is changed every eight minutes, and the building is thoroughly disinfected. You need not hesitate to let your children come to the Princess Theatre.

THE PRINCESS THEATRE CO.
f19 By J. H. Brumund.

Important Club Meeting.

Mrs. H. W. Froehlich, president of the Woman's club, left last evening for St. Paul, where she will attend the midwinter session of state clubs. A state chairman of the organization's committee of thrift she will deliver the report for that division to the assembly.

WILL INSPECT AIR LIFT FOR WATER

COUNCIL COMMITTEE TO VISIT WAPHETON, MOORHEAD AND OTHER PLACES.

Before going ahead and testing out the deep wells in the city by the compressed air process the members of the city council have decided to secure more definite knowledge on what results may be expected from the experiment. A communication was read from the superintendent of the water plant at Wapheton at the meeting on Tuesday evening and the information it contained decided the council in sending a committee of investigation to visit cities where the plan has been tried. President H. A. Brumund and Councilmen Severn Brandon and John Dahl will make the trip.

Having Good Time.

Word received from friends of the H. O. Loken family, who are spending the winter near Los Angeles, is to the general effect that they are having the time of their lives. A cottage for the season has been rented near that occupied by Mrs. F. H. Gambell and family, of this city. Mr. and Mrs. Loken and daughters will return sometime about the middle of March.

Steenerson Files.

Representative Halvor Steenerson, of Crookston, filed on Monday for the Republican nomination at the June primaries for re-election from the Ninth Minnesota congressional district. His filing was received by mail at the office of Julius A. Schmahl, secretary of state.

Pleasant Trip.

Mr. and Mrs. G. C. Streeter returned to this city last week after spending two weeks visiting with friends and relatives in the state of Wisconsin. Enroute to their home they enjoyed renewing old acquaintances in Minneapolis where they resided at one time.

NO EXCURSION TO CROOKSTON; FLU IS REASON

SPECIAL TRAIN CANCELLED UPON ADVICES FROM CROP SHOW MANAGERS.

CONTESTS AND MEETINGS ARE PLACED UNDER BAN OF HEALTH OFFICERS.

CROP EXHIBIT AND STOCK SALE WILL TAKE PLACE AS ADVERTISED.

The special train from Thief River Falls to Crookston, advertised for tomorrow, has been called off. The influenza situation in the neighboring city is such as to cause a great deal of uneasiness and upon a recommendation from the authorities at the university of Minnesota a large part of the proceedings contemplated for the show have been cancelled.

All Arrangements Made.

The cancellation of this excursion is deeply regretted in this section, a large number of people having made preparations for attending the fair. It was known that the influenza had gained somewhat of a foothold in Crookston but it was not expected that the situation would become sufficiently dangerous to call for the abandoning of the programs announced. The report that six deaths had occurred in one day toward the end of last week brought the matter sharply to the attention of the authorities, however, and some of the most important features of the fair had to be abandoned.

Will Hold Stock Show.

The stock sale and exhibition will take place as advertised but it is felt here that interest in these matters would not warrant the chartering of a special train. The exhibitors from the county will make the trip with their entries and many people from here whose interest lies largely in this division of the show will make the trip anyway.

STORM SEWERS IN ALLEY IS PLAN

TO BE CHARGED AGAINST PROPERTY IN PAVING DISTRICT ONLY.

The engineering company in charge of street paving in the city will be asked to make plans and specifications for the placing of storm sewers in the alleys throughout the paving district. The first of these sewers to be installed will cover the section included in the first paving contract and will be known as District No. 1. The cost of these sewers will be charged against the property within this district only, this being deemed the better plan by a majority of the council. Alderman Froseth objected to this, believing that the cost should be a charge against the property in the entire city and cast the only negative vote when the matter came up for decision.

It was explained that by making the storm sewers a charge against the property benefitted only the cost would much more quickly be taken care of. The burden would not fall upon the residents of the present paving district any harder than on others because as the paving is extended each district will have to take care of its storm sewers in the same manner.

The first sewers under this order to be laid will be in the alley between Main and LaBree avenues from First to Fourth streets and also between Main and Knight for the same distance.

The laying of 150 feet of sanitary sewer on Main avenue between Second and Third street was also ordered for the purpose of improving the outlet in that neighborhood.

SCHOOL HEADS ARE ENTITLED TO TRAVEL PAY

JUDGE GRINDELAND DECIDES IN FAVOR OF COUNTY SUPT. GUNDERSON.

APPOINTMENT OF DRAINAGE BOARD MEMBERS IS EXPECTED TODAY.

COURT CASES ONLY BEING HEARD IN DISTRICT COURT AT THIS TERM.

The long drawn-out controversy to decide whether or not a county superintendent of schools is entitled to his traveling expenses when his duties call him to outlying districts of his jurisdiction was decided in favor of the superintendents by Judge Grindeland in district court here yesterday. The court holds that such compensation is allowable and that the superintendent has a right to collect it.

While the case is one in which all the county superintendents in the state are interested, it was brought originally by George M. Gunderson to compel the commissioners of Pennington county to pay his expenses while attending to his duties away from home. The commissioners maintained that this cost was covered by the salary received by the official and that they were not justified in making any further allowance. The repassing at the last session of the legislature of a law formerly repealed makes it obligatory upon the county commissioners to allow such claims.

No Jury Cases Now.

Judge Grindeland has announced that there will be no jury cases tried at this time because of the flu situation. A few minor court cases will be taken up but at the hearings none but the interested parties and their attorneys and the court attendants will be permitted. The jury cases will be called for some time early in March.

Appointments Expected.

A matter in which a great deal of interest is evinced is the appointment of the members of the first commission for the newly organized Red Lake River drainage district. Judge Grindeland had not signed the order creating the district last evening but is expected to do so early today. At the same time the membership of the commission in charge will doubtless be announced.

GIVE EXTENSION OF CENSUS DATE

ENUMERATION WILL CLOSE ON FEB. 15—GET BUSY AT ONCE.

Unless some tall hustling is done during the next few days Thief River Falls and Pennington county will not be credited with all the people to which they are entitled. The date for closing the census books has been extended to the 15th, leaving a little more time for securing the names of those who have been missed.

The time selected for the taking of this census is the most unfavorable of the year. It is hard for enumerators to get around, particularly in the country, and it is the season when the city contains the fewest people This cannot be helped now and the only way in which Thief River Falls can be credited with even an approximately correct number of inhabitants is for the committees in charge to make a special effort to get every name recorded. No matter how conscientiously the enumerators may have done their work there is certain to be many names missing.

While those appointed to look after the matter will do everything in their power to see that a complete enumeration is secured, their work will not be complete without the help of the individual citizen. Wherever a man or woman suspects that their name may have been overlooked they should at once notify G. Howard Smith, secretary of the commercial club, who will see that they are properly recorded.

This is a matter of considerable importance. The city wants to make as good a showing as possible as its population status for the next ten years will be decided by the figures presented at this time.

Tobogganing Party.

A number of young people from this city enjoyed tobogganing south of the city on Friday evening. After a few hours of rollicking good fun the party repaired to Black's Sweet shop for lunch. Those who had the pleasure of the evening were the Misses Kathleen Uhres, Marguerite Burns, Mary Vance, and Harold Smithers, Morris Mabey and Harold Westin.

Entertained.

Miss Meta Kiland informally entertained a few of her friends at her home on Tuesday evening.

STATE EXCHANGE NOT POPULAR IN VALLEY SECTION

MOVEMENT ON FOOT TO PERFECT RED RIVER VALLEY POTATO EXCHANGE.

OBJECTION TO MIXING SUPERIOR GRADES WITH INFERIOR VARIETIES.

PRODUCT RAISED HERE BEST TO BE FOUND IN THE UNITED STATES.

The organization of the Minnesota Potato Exchange which was recently perfected at Little Falls has not proven a popular move with the potato growers of the Red River Valley, says the Crookston Times. Nor does it seem likely that it will have the effect of heading off the organization of a Red River Valley Potato Exchange as was evidently intended.

The Red River Valley counties consitute the principal potato growing section of the state. Red River Early Ohio potatoes are in a class by themselves. In no part of the United States is a potato produced that equals it in general excellance. In fact that bulk of the Early Ohio potatoes grown in the Red River counties are sold in the southern and eastern states for seed. They bring a higher price than any other variety of potato grown. They have a reputation in eastern markets that makes the demand for them far greater than the supply.

To merge these potatoes with the numerous other varieties of inferior quality potatoes grown in other parts of Minnesota would be tq make them lose their identity and destroy for all time the unparalleled reputation that has been established for them.

The Red River Valley growers do not propose to allow this to be done. The only way they can prevent it is to fight shy of the Minnesota Potato Exchange and to organize an exclusive Red River Valley Exchange.

Will Form Organization.

A movement is now on foot looking to this end. A meeting is to be called in Crookston within a short time—probably during the Mid-Winter Fair Week—to perfect such an organization. It is not intended to confine it to the Minnesota counties of the Valley exclusively but will embrace the North Dakota counties of the valley as well.

That such an organization would prove a great boon to the potato growers of the country, is too obvious to require agrument. It would perpetuate and keep in a class by itself the Red Riyer Ohio potato and would do more than any other one thing to promote the growth and permanance of this industry.

Pennington Has 1081 Motor Cars

THIS IS NUMBER OF LICENSES ISSUED FOR YEARS 1918 TO 1920.

While the number of automobiles in a community naturally varies from time to time because of sales and additions, yet the license tally in the office of the secretary of state gives a reasonably correct census of such machines. According to G. L. Streeter, who had the matter looked up there were 1081 licenses issued for motor vehicles owned in the county of Pennington for the three-year term 1918 to 1920 inclusive. More than one half of this number is credited to Thief River Falls, although St. Hilaire will perhaps show the largest percentage in proportion to population. The postoffice address and not the actual residence point of the lincensee is required when licenses are applied for and the following table therefore does not show the exact location of the owners of the machines The addresses given by the applicants and the number from each place is as follows:

Erie	59
Goodridge	65
Hazel	53
Highlanding	23
Kratka	35
Mavie	15
Neptune	3
Rhoda	28
Ruddel	7
St. Hilaire	265
Sunbeam	33
Thief River Falls	636

Three Women in County Offices

Three different county officials recently employed graduates of Dakota Business College, Fargo, N. D., as office assistants. The County Agent at Red Lake Falls, Minn., phoned the school for capable help. Miss Alice Westlin was sent. Miss Sophia Morken went to the County Auditor at Lakota, Miss Norma Melville to the County Treasurer at Cavalier.

Public and private offices throughout the Northwest give preference to well trained D. B. C. graduates.

"Follow the $ucce$$ful." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D., for information.—adv.

I want to thank all of those who have favored me with their business during the past year

express the hope that our relations have been such that I may have a continuance of your patronage

I am now closing out all of my ivory and jewelry and now is the time to buy at a big discount.

A. A. Wangenstein

TO HOLD EXAMS ON MARCH 18-19

ONLY ONE EXAMINATION PLACE NOW ALLOWED IN EACH TOWNSHIP.

County Superintendent G. M. Gunderson announces that the state high school board examinations for Pennington county will be held on March 18 and 19 at one school house in all townships and the unorganized districts. An important change in connection with these examinations this year is that only the examiner in charge will be permitted to mark the papers submitted. This rule is made so as to make it unnecessary for teachers to accompany their pupils to the examining districts.

Following is a list of the schools at which these examinations will be held, toge therw ith the districts covered by each and the name of the examiner:

School house in District 1, Ethel Keller, examiner. Pupils from Districts 1, 43, 99. Examinees, 14.

District 180. Anna Brandrud, examiner. Pupils from Districts 180 and 69. Examinees, 9.

District 166. Erick Anderson, examiner. Pupils from District 166 only. Examinees, 2.

District 149. Tilda Brandrud teacher. Pupils from District 149 only. Examinees, 3.

District 25. Mrs. Jens Kirk, teacher. Pupils from Districts 25, 135, 2 Examinees, 11.

District 73. Sena Welo, teacher Districts 73 and 54. Examinees, 10.

District 29. Bergot Iverson, teacher. Examinees, 8.

District 28. Elfa Werstlein, teacher. Districts 28, 30 and 42. Examinees, 10.

District 53. Igna Hamry, teacher Districts 53, 55 and 31. Examinees 8.

District 68. Katherine Dunn teacher. Districts 68, 41 and 11. Examinees, 8.

District 27. A. O. Brevik, teacher Districts 37 and 38. Examinees, 10.

District 59. Emma Kenke, teacher. Districts 59, 50 and 47. Examinees, 21.

Unorganized No. 1. Tillie Thompson, teacher. Unorganized 1 and 65 Examinees, 4.

District 57. Olga Olson, teacher Districts 57, 48 and 70. Examinees 14.

District 34. Gunhild Haugen, teacher. Districts 34, 52 and 39. Emaxinees, 12.

District 35. Louise Berg, teacher Unorganized 3 and 35. Examinees 7.

District 133. Lilly Boehm, teacher Examinees, 4.

District 12. Ida Legvold, teacher Districts 12, 6, 221 and 154. Examinees, 20.

District 4. Frances Culver, teacher. Districts 4 and 51. Examinees 5.

District 26. Lena Gullingsrud teacher. Districts 26 and 165. Examinees, 6.

District 9. Freda C. Polly, teacher Examinees, 2.

CREAMERY SHOWS EXCELLENT GAINS

J. S. ROY RE-ELECTED PRESIDENT OF ST. HILAIRE ASSOCIATION.

The annual meeting of stockholders of the St. Hilaire Creamery association was held last week The annual report shows the ceramery has enjoyed splendid business the past year and the total is considerable larger than in years past, says the Spectator. In the election of officers several changes were made. J. S. Roy was reelected president and O. L. Larson vice president. Nels K. Anderson, who has faithfully served the association for many years and who has moved to Thief River Falls, was replaced by Fred Erdman. W. P. Wilson was elected treasurer, and Chr. Kruse was elected director. There was practically unanimous sentiment in favor of building a new creamery this year but owing to present form of incorporation, this matter will come up before a special meeting later on.

LENTEN SEASON BEGINS FEB. 18

SEASON OF ABNEGATION OPENS TWO WEEKS EARLIER THIS YEAR.

Lent, that forty days' season of sackcloth and ashes, will be ushered in this year Wednesday, Feb. 18, two weeks earlier than last year and five days later than on the year previous.

With the return of this period of self-abnegation and humility, all Christian people will make preparations for the feast of Easter. In all of the churches of the city special Lenten services will be observed, but most particularly in the Catholic church will the time of repentance and penance be kept.

The method of determining the time of Lent dates back to medieval times when, after much argument and discussion, it was decided that the first Sunday following the first full moon after March 21—the vernal equinox—should be Easter Sunday And the forty-day period before that date, exclusive of Sundays, should determine Ash Wednesday.

Secure New Buttermaker.

D. A. Danielson, assistant buttermaker at the Thief River Falls Co-Operative creamery for some time past, has been appointed to the position of buttermaker at the Goodridge creamery. He was recommended for the position by the state dairy and food commission and is a man who will give to the people to the east excellent service.

The Goodridge creamery last year did a total business of $44,000, which is very good when everything is considered. The amount of butterfat received was 67,000 pounds from which 80,000 pounds of butter was made.

The former directors were all re-elected for another term.

Miss Agnes Lonson left on Monday for Gonvick, where she teaches school, after spending the week-end with her parents in this city.

GRYGLA TO HAVE FAIR NEXT FALL

NAMED TWIN COUNTY FARM SHOW AND DATES SET FOR SEPTEMBER 10-11.

At a meeting held in the State Bank at Grygla a few days ago, attended by representatives from various townships in that neighborhood it was decided to hold a farm show in Grygla this coming fall, says the Eagle. The name of the fair organization is to be the Twin-County Farm Show, and the date announced is Sept. 10-11.

At a meeting held last December five men were elected to represent Marshall, and five to represent Beltrami counties, these ten to form an executive committee to perfect arrangements, appoint committees, etc. Following is a list of those elected: Valley, John Peterson; Veldt, Ed. Sheldrew; Eckvoll, Otto Haack, Jr.; Esplee, Chas. Krog; Rollis, A. C. McMillan; Benville, Will Shanley; Spruce Grove, Wm. Paskewitz; Lee, T. J. Lillevold; Hamre, Albert Anvinson; Unorganized, W. C. Schilling.

Miss Irene Lanager, who is engaged in teaching school near Mavie, visited in this city on Friday enroute to her parental home in Plummer, where she spent the week-end.

Enock Dock of New Rockford, N D., visited in this city for a few days with his sister-in-law, Mrs. Anna Dock. He left on Thursday morning for Roseau, where he will visit for a few days.

Mrs. F. L. Hill and daughter, Vera of Ogema, Saskatchewan, Can., visited in this city between trains on Friday enroute to Fox, where they will visit at the home of the former's parents for an indefinite period.

C. Engelstad of Gatzke, visited in this city with friends between trains on Thursday.

Dr. Spinks of Middle River was in this city on Thursday. He left for Holt on Friday morning.

Mrs. P. Ferdinandson of Goodridge visited with friends in this city the latter part of last week.

Miss Martine Cloutier returned on Thursday morning from Grand Forks where she had been visiting for a week.

Elmer Severson returned to Minneapolis on Friday evening after a brief visit in this city at the home of his parents.

Miss Elenor Culver, who is engaged in teaching school in the vicinty of Bijou spent the week end visiting at her home in this city.

Miss Elizabeth Harder came up from St. Hilaire on Saturday and attended to some shopping, returning to her home on the afternoon train.

Mrs. M. W. Brink returned to this city on Saturday morning from St Hilaire, where she had visited at the home of Mr. Brink's parents for a week.

Mr. and Mrs. Harry Warner arrived on Thursday evening from their home at Nevis and are spending a few days visiting with relatives in this city.

Rev. R. L. Barackman returned on Thursday morning from cities on the range, where he had been attending to business matters connected with Macalster college.

Miss Myrtle Berg visited at her home in this city the latter part of last week returning to Bijou Monday morning to resume her duties as teacher in the school at that place.

Mrs. O. Alrich arrived here on Friday evening from St. Paul, and will spend a few days visiting at the home of her parents, Mr. and Mrs. N. J. Anderson, after which she will go to Overley, N. D., to visit with friends.

S. J. Cloutier left on Monday for Adams, N. D., on business.

Miss Gladys Smith is a guest of her parents, Rev. and Mrs. J. B. Smith this week.

Ward Long left for Germantown where he teaches school, after spending the week-end with friends in this city.

Miss Borghild Sahl left on Saturday afternoon for Perley, where she will visit with relatives for a short while.

L. Yell left on Monday evening for his home at Minneapolis, after a brief visit at the home of Mr. and Mrs. P. J. Soards.

Ben Erickson of this city visited in Minneapolis the latter part of last week. While there he attended the auto show.

A. J. Klinch came up from St. Paul on Saturday evening and spent Sunday visiting at the home of Mr. and Mrs. Leimers.

Miss Stella McGregor of Duluth, is in the city substituting for Mrs. S. Nelson, Western Union Telegraph operator, who is ill.

Mrs. J. W. Flynn returned to her home in Superior on Monday morning after a few days visit at the home of her parents in this city.

Miss Alice Thompson left on Monday for Hazel, where she teaches school, after spending the week-end with her parents in this city.

Geo. Biddick returned to this city on Monday evening from Wadena, where he had been since Saturday.

C. W. Nelson arrived on Monday

Emil Vistrand of Lancaster, visited in this city the latter part of last week, leaving for Warren on Friday morning, where he will be the guest of friends.

Misses Myrtle Blair and Genieve Erickson spent Thursday in Goodridge visiting with their various friends. Miss Blair was at one time employed in that city.

Clarence Stromme returned to his home at Edmore, N. D., on Monday after having spent a few days as the guest at the home of Mr. and Mrs. T. J. Austad, in this city.

Mrs. W. H. Funnel and baby arrived the first of the week from Glenwood to spend a few days visiting at the home of Mrs. Funnel's parents, Mr. and Mrs. Leimers.

Melvin Iverson visited with friends between trains on Monday enroute from Badger, where he visited with his parents, to Kragness, N. D., where he is employed as depot agent.

Misses Irma and Gustie Johnson returned the latter part of last week from Minneapolis and Milwaukee where they had been to do their spring buying for the Johnson Millinery.

D. Knutson, accompanied by M. O Bakken, left on Thursday afternoon for Fargo to make funeral arrangements for the former's daughter, Miss Mary Knutson, who died there on Wednesday. The remains were ship- Macallster college.

Mr. and Mrs. S. J. Amble came down from St. Hilaire on Friday to attend the funeral service of the former's brother John Amble, who died in a Grand Forks hospital a few days before. They returned to their home in the afternoon.

Mr. and Mrs. L. E. Stover returned to their home at Larimore, N. D., Monday evening after having attended the funeral services of the late Mrs. E. Stover. They were accompanied by E. Stover and children, who will make their future home in the above mentioned city.

Elmer Severson of Minneapolis, is in the city as the guest of his parents.

John Gustafson returned to this city on Saturday after a business trip to Crookston.

Miss Laura Paine is a guest in this city at the home of her sister, Mrs George Curran, this week.

Eli Weston arrived on Saturday morning from Grand Forks, and was the guest of Miss Zella Zeh over Sunday.

Mrs. Chas. Fellman of St. Hilaire shopped in this city on Wednesday She returned to her home on Thursday afternoon.

Mr. and Mrs. T. A. Way returned to this city on Wednesday from Los Angeles, Cal., where they had spent about six weeks.

Mrs. D. Freitag and son, Gustaf, left for Webb, Iowa, Sunday to attend the funeral of Mrs. Freitag's brother-in-law, F. A. Harold.

Nels Christopherson, who visited and attended to business matters in this city, returned to his home at Plummer on Friday evening.

Olaf Thompson, representing the Bridgeman-Russell company, with headquarters at Crookston, was a business caller in this city last Thursday.

Miss Blanche Hoff of St. Hilaire visited and shopped in this city on Friday, coming here in the morning and returning to her home in the afternon.

Miss Bertha Remmem left for Viking, where she attends school, after spending the week-end with her parents, Mr. and Mrs. A. B. Remmem of this city.

Miss Mary Tracy, representing the Geo. L. Schumann Pub. Co., who had been in this city for the past month departed on Friday afternoon for Red Lake Falls which city she will canvass.

Miss Laurel Olson of Roosevelt, arrived on Monday afternoon and was a guest of Miss Martha Fallness, until Monday evening when she left for Minneapolis, where she will visit with friends for a brief period.

Mrs. J. M. Bishop returned to this city on Saturday after a trip to Mahnomen, Warren, Hallock and Argyle where she attended to matters connected with the Y. W. C. A. campaign which was started last week.

Mrs. D. Knutson left for Holt on Thursday morning to help make arrangements for the funeral services of her sister-in-law, Miss Mary Knutson, a former resident of this city and who recently succumbed from influenza in the city of Fargo, where she was employed.

Mrs. Fred Leimers and baby left on Saturday evening for Minneapolis, where they will visit with relatives. They was accompanied by Mrs. Leimer's brother, Walter Kanonberg, who had been visiting in this city for a few days. Mr. and Mrs. Leimers contemplate making Minneapolis their future home.

Chas. Teal and Lloyd Zeh left on Wednesday evening for the cities where they spent a few days.

Mrs. B. E. Dalquist, accompanied by Miss Laura Stopple, left on Thursday evening for St. Paul, where they will do their spring buying for the Dalquist Millinery store. They expect to be gone for a period of a week

The Product of Experience

THERE is always the charm of discovery about the Chevrolet "FB 50" Touring Car.

It is in the unexpected test that you find out its real strength.

Each long hill renews your satisfaction in its power, and on each new run its riding comfort is revealed in many ways.

Chevrolet convenience and completeness of equipment become more and more indispensable in every day use.

But the most gratifying revelation comes when you divide its total up-keep cost by the number of miles run.

High Prices are Only Relative

Do not postpone your building program in the hope that prices will come down. This will not happen for a long time and when it does you will be in no better shape to build than you are at present. In fact your situation may be relatively worse. At present, income and outgo are keeping reasonably close together. The income is liable to be the first to feel any general reduction. This will make the situation much worse than it is at present.

The wise man will make provisions for building at once. Prices will not be lower and he may not later on be in as good condition to make improvements. This is sound advice.

Allow us to help you with your improvement program. We have plans for buildings of all kinds and will gladly place them at your disposal. Have us make figures on the bill of goods you will need. We have satisfied the people in this vicinity for almost a quarter of a century.

(Incorporated)

H. ROSS - - - General Manager
J. AUSTAD - - - - - - Editor

ntered as second-class matter at the
ostoffice at Thief River Falls, Minn.

VOLUME X, NUMBER 1.

With this issue The Times enters pon its tenth year. Properly speaking the paper is much older than that, eing the legitimate successor to all he papers ever printed in the city.

The publishers begin the second deade of The Times proper under a onsiderable handicap. The fine printng plant from which it has been isued was totally destroyed by fire ast month and until another can be ecured the paper will not be up to ts usual standard. Conditions are uch that it is impossible to foretell hen machinery and other equipment vill be delivered and it may be some veeks before The Times can be rought fully up to the old standard.

When things are again in shape, owever, the paper will be bigger and etter than ever. In the past the pubishers have permitted no consideraion to stand in the way of their geting out a newspaper of which the ommunity would be proud, and this im will be pursued even more conscientiously in the future. The fact hat customers and friends are loylly standing by and continuing to avor the publishers with their busiess, even when it is impossible to ook after this in the best manner, is ufficient evidence that the worth of he publication is recognized and that he efforts of these responsible for its ppearance are appreciated.

For the present nothing much in he way of improvement can be promsed. Everyone understands the eason for this and no apology is ecessary. As soon as the paper is gain in its own home it will resume s former place as the premier mong Northern Minnesota publicaions.

MAKE ONE GOOD JOB.

It seems as if the people are to be sked to vote on but one constitutionl amendment this fall—but it is a ighty important one. They are gong to have the opportunity of decidng the question of whether or not hey will continue spending a lot of oney each year on highways and ever have any, or if they will perit the state to build for them conrete roads covering the state and hich will not cost them a cent.

No matter how it is figured out, his is what the Babcock good roads aw proposes to do. Should the meaure be enacted into law it will mean network of paved roads all over the tate, connecting the county seats and ntermediate points. The cost will be et by a tax on automobiles, this beng graduated according to horseower.

It may seem as if this would be forcing the auto owners to pay for the roads used by every person alike, but this is an error. These owners would be almost the greatest beneficiaries, the farmer being the chief gainer. The autoist would pay the tax, it is true, but he would more than make it up in the lessened cost of upkeep. With the roads paved it will cost less for gasoline, for tires and for repairs. It will immensely increase the uses to which autos of all kinds may be put and decrease the cost of hauling everything, whether passengers or produce. It will make all our people neighbors.

One would naturally expect that the opposition to such a law would come from the large cities where the people already have miles of pavement over which to run their cars, but such is not the case. There it is realized that the more convenient it is made for the farmer the better it is for everyone. The objection—what there is of it—is centered in farming communities. Here it is claimed that the program will mean the construction of one great highway through the center of the counties while the side lines will be neglected. Which is altogether the wrong view. The passage of this amendment will in fact release a vastly greater sum than is now available for use on these smaller roads. At present a large percentage of the money appropriated by counties for road purposes goes onto the stretches which will be paved under the new order of things. The money for their upkeep will come from the same source as that which makes possible their construction in the first place and this will release for the improvement of the side lines practically the entire amount available for road work of any kind. The laterals will thus be better taken care of than ever before, making access to the main artery an easy matter and benefitting the farmer wherever located.

Talk over this road amendment with your neighbor. In case he does not see the matter in the right light, explain these things to him. It is your one chance to lift Minnesota out of the mud.

The Times very much appreciated the many expressions of good will found in the press of the section with reference to the recent fire loss sustained by the paper. In one case, however, we indicated very poor judgment in proving this appreciation. One very fine editorial on the subject appeared in the Bemidji Sentinel, edited by H. Z. Mitchell, formerly of this city. In reprinting the article we inadvertently gave credit for it to another paper—an inexcusable proceeding on our part. In the rush and worry incident to getting out any kind of a newspaper at all during the past two weeks, however, many things have gotten by which under ordinary circumstances would have been detected before they appeared, and this explanation, together with an appology and a promise never to do it again, will have to sufice.

THE Y. W. C. A. PLANS IN 1920

Miss Effie Hamry, county chairman of the Y. W. C. A., states that the solicitation of funds for the 1920 campaign will be started this week. Pennington county has a quota of $300, and as Miss Hamry has the assistance of an able committee of wommen representing many different organizations active in both civic and Christian work in the county, no difficulty is anticipated in raising the amount. This campaign is on during the month of February all over the United States.

In 1920 the Y. W. C. A. of the United States begins its fifty-fifth year of service for women. Half a century ago the association was represented by a handful of "prayer circles" and two boarding homes, one in New York and one in Boston. Today it stands for more than eleven hundred centers of work in the United States and foreign countries and a multitude of activities and opportunities which touch practically every phase of a girl's existence—physical educational, recreational and religous. It reaches out to the girl away from home, the girl in the city, the girl in the country, the girl in industry the business and professional woman the colored girl, the foreign woman the high school and grade school girl the girl in the war-devastated countries of Europe, the girl of the Orient and the girl of South America.

With the progress of the decades women have emerged more and more from the home. The war thrust thousands of them into industry. Hundreds more are rapidly taking their places alongside men in business and professions.

There is the girl, constantly increasing in number, who leaves the small town home to earn her livelihood in the city. She must find a safe and comfortable lodging place—but she is a stranger among strangers. Y. W C. A. room registries, furnishing a list of approved rooming houses and association residences, homelike community living places, exist primarily for this girl. She must have wholesome nourishing food at reasonable cost. For the girl who eats around Y. W. C. A. cafeterias offer tempting meals at a with-in-her-budget price

The girl who wants to get ahead must have opportunities to supplement her eduaction by vocational training, language studies or business courses. She can find such opportunities in Y. W. C. A. classes. The girl out of work must be helped to find the job she needs and the job she fits. The Y. W. C. A. employment secretary can be the guide to that job.

The colored woman must have an equal chance with her white sister. The Y. W. C. A. is trying to give it to her. The foreign-born woman must find a second home-land in the country of her adoption, that she may become "one of us" in spirit as well as in fact. Through its International Institutes, with their foreign language workers, translation service employment bureaus and classes in English, citizenship and American standards, the Y. W. C. A. seeks to bridge the chasm between the foreign woman's old-country past and her new-country future.

Every girl must have wholesome recreation and health saving aids for her leisure hours. Y. W. C. A. social clubs, athletic clubs, gymnasiums, all-summer camps and vacation homes round out the girls playtime hours Every girl should have the opportunity for supplementary religious instruction. Bible and mission study classes are to be found wherever the Y. W. C. A. has unfurled its banner

Throughout its half century of service the Y. W. C. A. has sought to keep pace with the growing needs and demands of the world's Womanhood It has been limited in its efforts only by the limits of its resources—workers and funds.

The slogan for 1920 must be, "Y W. C. A. service for every girl in every country," where the time is ripe We must think, literally, in terms of world service.

Farmers Creameries vs. Cream Stations

The Farmers Co-Operative creameries in Minnesota paid an average price for butterfat for 1919 of 66c. The centralizing creameries paid an average price for butterfat for 1919 of 59c.

This difference of 7c per
This difference of 7c per pound of butterfat may mean the difference between a dairy herd that makes money for its owner and one that is a loss. A farmer selling two ten gallon cans of cream a week will lose around $200 a year by selling to a station.

Can you afford it?

Public Sale.

There will be a public sale of live stock, farm machinery and other persinal property on the farm of Wm. Moeller in Rocksbury township, on March 8. Watch for announcement later. f12-19

Zion Lutheran Church, George Larson, Pastor—Service at 11 a. m. and 8 p. m. Sunday school at 10 a. m. Prayer meeting Wednesday evening at 8 p. m. Confirmants meet on Saturday at the parsonage at 2 p. b.

Swedish Ev. Mission Church, O. J. Lundell, Pastor—Sunday, Feb. 22, Sunday school at 10 a. m. No morning or evening services.

The Scandinavian Ev. Church, Bot Nyborg, Pastor—Services next Sunday at 11 a. m. and 7:30 p. m. Sunday school at 10 a. m. Monday at 7:30 p. m., prayer meeting. Wednesday at 7:30 p. m., the ordinary Bible study meeting.

The First Sw. Ev. Luth. Church, Albin A. Larson, Pastor—Services in the Swedish language at 10:30. Bible class at 11:45. Services in the American language at 7:45. The Ladies Aid society will be entertained in the church basement Wednesday afternoon, Feb. 18, by Mrs. O. A. Naplin and Mrs. A. A. Larson.

Bible Lectures at Odd Fellows Hall

The "influenza ban" being lifted there will be service in the Scandinavian language at the Odd Fellows hall, Sunday evening, Feb. 15, at 8 o'clock. The subject will be as before announced: "A Divine Solution to the Human Problem." We extend a cordial invitation to all.—O. J. Dahl.

The Flu and You

During the present prevalance of the "Flu" people should remember that "at the first sign of danger," don't wait until you are on a bed of sickness, but at the first sign of danger see your Chiropractor. You will save much time and money. He will palpate your spine, will locate your trouble and with his bare hands will adjust same. You will thus be saved much suffering and danger.

Chiropractic achieved wonderful results in our last flu epidemic. It will achieve just as wonderful results dealing with the "after effects" of this disease. If you have been a victim of the flu lose no time but see your Chiropractor, let him give you a thoro analysis and make sure you are completely normal and that no after effects are lurking in your system. In any event it would be very wise to take a course of Chiropractic Spinal Adjustments to anticipate the development of any after effects or trouble, or to eradicate its after effects if they are still in an incipient stage.

Some common after effects are chronic bronchitis, tuberculosis, heart trouble, angine pectoris, chronic gastritis, chronic neppitis and crystiti. Any of these will readily yield to Chiropractic Adjustments.

If your life is worth anything your health is worth a few minutes investigation of this great science.

Why Not Try Chiropractic? Chiropractic Eventually
WHY NOT FIRST!

High School Progress

The Flu Situation

The influenza has again returned to this city and because of this, the board of health has taken the necessary action of prohibiting public gatherings. The epidemic has already begun to show signs of abatement.

As yet, the schools have not been closed, as the board of education does not deem it necessary. The majority of cases thus far are mild, so, instead of closing the schools, the students have been asked to stay at home when feeling indisposed or if any one in the family is ill. The total number of pupils absent in the high school on Monday was 101; on Tuesday, 100; on Wednesday, 90; and on Thursday, 75.

Declamatory Contest

The district declamatory contest was held in the high school assembly Jan. 30. Forest Paul of Red Lake Falls won first prize, Lee Ihle of Thief River Falls won second place, and Myrtle Sunderland of Badger was awarded third place. All of the contestants did remarkably well. While awaiting the decision of the judges, we had community singing and high school yells. The band played at the beginning of the program.

Immediately after the contest the two public speaking classes of the high school, the board, the judges and the contestants went down to the commercial rooms which were decorated as reception rooms, and there lunch was served.

8th Grade Basket Ball

On Tuesday, January 13th, it was announced that at fifteen minutes of four o'clock there would be a meeting of all the eighth grade boys in Miss Nylander's room, to elect officers for a basket ball team. When we had assembled, we voted, using the ballot system. "Bob" McGinn was elected captain and Math Barzen manager.

Tuesday, the 20th, we played our first game with the seventh grade. It was a spirited game; the seventh grade players could not make a basket in the first half. One of our best players was put out because of fouls. The first half continued for forty-five minutes with a score of 5 to 13 in favor of our boys. Herbert Keene, an eighth grader, played an especially good game. The guards played well and so did center. At the close of our game, our first this season, the score was 9 to 23 in our favor. The following were the players of our grade, the eighth: Running guard, Math Barzen; standing guard, Steven Longnir; center, Elric Berg; right forward, Herbert Keene; left forward, Robert McGinn.

Basket Ball Standings

At Grand Forks, Dec. 5: Y. M. C. A. 26; Thief River Falls, 36.

At Argyle, Dec. 12: Argyle, 6; Thief River Falls, 21.

At Thief River Falls, Dec. 19: East Grand Forks, 26; Thief River Falls, 37.

At Detroit, Jan. 9: Detroit, 22; Thief River Falls, 14.

At Thief River Falls, Jan. 16: Argyle, 28; Thief River Falls, 45.

At Stephen, Jan. 24, Stephen, 23; Thief River Falls, 14.

At Thief River Falls, Jan. 31: Grand Forks Y. M. C. A., 35; Thief River Falls, 28.

The Detroit and Grand Forks Y. M. C. A. games are not conference games and therefore do not affect our chances for the district championship.

They Say:

The high school basket ball team sent a challenge to the Manitoba University of Winnipeg last Thursday, and if the "U" accepts there will be a "hot time" in Winnipeg in the near future.

The members of the girls' and boys' basket ball teams enjoyed a banquet given in their honor last Sunday evening.

The Senior vaudeville which was to have been given Feb. 7, has been postponed because of the "flu", but don't forget that it will be given as soon as possible.

Fred Will, captain and manager of the Senior basket ball team, returned last Saturday from Glenwood, where he attended the Ski tournament.

The different class basket ball teams have been practicing very diligently the last few weeks and have shown great improvement in their playing.

On account of the many absences caused by the "flu", the Junior-Senior banquet, which was to have been held February 14th, has been postponed to April 10.

Pupils who do not feel well or who have colds are being sent home from school.

Joe Weirus now assumes the title of champion "pie-eater" of Minnesota. Just ask him if there is pie in Stephen.

Miss Dahl was ill for several days last week. Miss Holmes has also been ill.

Roscoe Bakke, who has been seriously ill with pneumonia is recovering.

Ruth Swenson is ill with the "flu." Ruth's mother died last Friday from influenza.

Beatrice Sandum, Ruth Kiland, Julia Brudvick, Esther Scovell, Helen Warner, Dreng Bjornaraa and Roy Flattum, are a few of the "flu" victims.

Leland Schuster is trying to secure a patent on a non-skid trombone.

The bookkeeping students of last year who did not finish their work have been given a chance to get their credits by finishing the work this year. This class is taught by Miss Warth from 7:55 to 8:55 a. m.

The following teachers in the grade schools were absent one or more days last week on account of illness: Miss Schuster, Miss Aske, Miss Larson, Miss Lufgrin, Miss Emerson and Miss Fjilstad.

The hunger of the high school students was appeased last Wednesday after school by a "hot dog" sandwich sale given by the Sophomores.

Mr. Borry has been kept busy the past few weeks taking group pictures of smiling Freshmen, Sophomores, and Juniors, which will go into the "Prowler of 1920."

Minto Game Cancelled

The girls basketball game with Minto, N. D., to be played at that place Friday, Feb. 6th, was called off late Thursday afternoon, when coach Gunlagson telephoned that place and was notified not to come because of the influenza.

Say, Look!

Are you planning to attend the newer, bigger, better, jollier, peppier Carnival?

Wake up! It's 1920.

Here's a chance for some real entertainment! Thirty-five shows! Twenty concessions! Wheels, Games, Amusements! Free Acts! Exhibition stunts! A spectacular affair; Two jazzy bands.

Three—buildings this time—three.
You can't afford to miss it!
Lf you do—you'll regret it.
Come on!
Watch for the date.

Do-Nots:

1. Do not walk about the room during study periods.
2. Do not throw paper around the room.
3. Do not stand around the halls.
4. Do not take other people's books without their permission.
5. Do not knock someone's coat down without picking it up.
6. Do not take reference books from library and keep them for two weeks.
7. Do not leave your studying until ten o'clock at night.
8. Do not forget your excuse and report cards at home.
9. Do not forget to look at the board for announcements.
10. Do not skip class meetings so as to shift your share of work on someone else.

The Glory of Athletics

(FRED ERICKSON)

The chief advantage derived from athletics is the power it gives the body and the poise of mind it encourages.

It is hard sometimes for boys to realize that the painful process of training—the muscles, exercising, practicing selfdenial, etc. will react upon the mind.

Jonck, the great French "Ace of Aces," who had, up to September 1, 1918, brought down fifty-seven enemy airplanes, had engaged in more than 200 combats in the air, and never received the slightest injury, nor had his plane been damaged. A Paris correspondent asked the secret of his success, and Lieut. Fonck gave the inquirer the following rules which should be on the first page of the notebooks of all the boys who are trying to develop their bodies to the highest degree possible:

"One must be in constant training, always fit, always sure of one's self, always in perfect health. Muscles must be in good condition, nerves in perfect equilibruim, and all organs of the body exericising naturally.

"Alcoholi s an enemy to success, even wine must be left alone. I must enter combat without fatigue, without nervousness, either physical or moral. I am careful never to fly unless I am fit.

"So difficult is the prize of victory that one must train for air ocmbats as for any other athletic contest. If one is in fine physical control, all the rest is play."

The last sentence strikes the heart of the matter. "The physical control" is the basis of every success in life—body and mind working together for a common goal, both inter-dependent upon each other. The marvelous aviator has demonstrated in his fights and flights above the clouds, in his brave service to his country, what it means to reach this ideal of development.

(Marian M. George.)

Leafless branches, skies of gray,
Morning, sharp and chill;
Happy children every day
On the pond and hill.

Warmer sunshine, melting snow,
Longer days come on;
February's here, you know,
Winter's almost gone.

What doesn't a person want for money these days? One evening a little boy went over to see his grandfather. After they had talked a while he asked his grandfather to croak like a frog. His grandfather asked why he should do that. "Oh," said the boy, "my dad said if you'd croak we would get $6,000."—Ex.

LAST BIG BLOCK
OF THE CANADIAN PACIFIC
RESERVED FARM LANDS

THIS announces the offering of the last big block of the Canadian Pacific Reserved Farm Lands. Until this block is disposed of, you can secure at low cost a farm home in Western Canada that will make you rich and independent. Never again on the American Continent will farm lands be offered at prices so low.

LAST BIG OPPORTUNITY

This block contains both fertile, open prairie and rich park lands in Lloydminster and Battleford Districts of Central Alberta and Saskatchewan. Farm Lands on the rich prairies of Manitoba, Saskatchewan and Alberta are $11 to $30 an acre. Lands in Southern Alberta under an irrigation system of unfailing water from $50 an acre and up.

TWENTY YEARS TO PAY

The Canadian Pacific offers you this land under a plan of long term, easy payments that is remarkable in the history of farm investments. You pay down 10 per cent. Then you have no payment on the principal until the end of the fourth year, then fifteen annual payments. Interest is 6 per cent. In Central Saskatchewan, Seager Wheeler grew the world's prize wheat. World's prize oats were grown at Lloydminster.

LANDS UNDER IRRIGATION

In Southern Alberta, the Canadian Pacific Railway has developed the largest individual irrigation undertaking on the American Continent This district contains some of the best lands in Canada. An unfailing supply of water is administered under the Canadian Government. Prices range from $50 an acre u on the same easy payment terms

SPECIAL RATES FOR HOMESEEKERS AND FULL INFORMATION

The Canadian Pacific will not sell you a farm until you have inspected it. To make this easy, special railway rates have been arranged. Do not delay your investigation This is the last great block of Canadian Pacific Reserved Farm Homes. Send today for complete information.

FOSS and FOSS
Engineers ARCHITECTS Superintendents
Phoenix Building St. Cloud, Minnesota

This Firm has been awarded contracts for the design, engineering and equipment of many large and important structures, due to the high class service rendered—such as is characterized in the Princeton High and Grade School, Sisseton High School, $60,000 store at Sisseton, South Dakota, Greenbush Consolidated School, banks garages and other buildings of various structures, and will be exerted in the new Ada High School and Borup Consolidated School. Such service has placed this Firm in the forefront in the Northwest and comprises the experience and ability of an organization of expert men—architectural designers, mechanical and heating engineers, estimators and superintendents.

A Voice From Sioux City, Iowa, says
PE-RU-NA
Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your almanac it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."

(Signed) W. W. NORTHRUP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.

DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

This Disc Harrow Cuts Even Depth At ALL Points

THE rigid construction and method of angling the gangs at *outer* ends instead of inner ends enables the Rock Island Bonanza Disc Harrow to cut *as evenly at the center as the outer ends.*

This method of angling has solved a most difficult problem, that of discs climbing or cutting into one another. Being angled from the ends, the side thrust is delivered directly to the bumpers. The angle, or point of contact, never changes—bumpers *always bump.* They roll against each other at *one rounded point*—without cutting or wearing out.

Due to its remarkable durability, ease of operation, speed, generally good service, and the fact that it is the only disc made with this method of angling, the Bonanza has led all other makes for years. Many added improvements now place it so far ahead of all others that it is the only Disc Harrow that will do your work the way you want it done.

These improvements include steel stub pole—cannot split or break—adds greatly to strength; and double leaf type steel spring for seat—affording greater comfort to driver. The third pressure lever applies pressure 10 inches closer to the gangs than other harrows.

ROCK ISLAND
Bonanza Disc Harrow

Instantaneous Pressure Lever

The third or instantaneous pressure lever is placed directly in front of operator. It is easily accessible, but is pushed forward out of the way when pressure is on. Pressure is applied close up to gangs, giving more leverage. In angling from the outer ends the center always remains in a fixed position, guaranteeing constant pressure regardless of the angle.

Come In and See It

Let us show you all these wonderful points of superiority. The efficient Rock Island Oscillating Scraper—"The only scraper that scrapes."

HALL BROTHERS COMPANY
at O. N. Olson's Old Location, Thief River Falls

County Will Compete.

Two boys' stock judging teams from Pennington county will be among the competitors. The one representing Thief River Falls high school will be in charge of F. A. Tripp, agricultural instructor, and the other representing the Goodridge consolidated, will be under the leadership of Supt. B. O. Norby.

In the livestock division the herds of Jens Letness and V. O. Noper will be represented, the former with Shorthorns and Mr. Noper with Holsteins. In the poultry section the county will be well represented, the following being the entries: Dennis McGinn, Leghorns; Olaf Neset and Lawrence & Brown, Rhode Island Reds; George Leimers, Wyandottes and Black Leghorns; H. F. Erickson Buff Orpingtons.

M. O. Bakken and Frances Britton left on Monday morning for Holt, returning the following day.

Bread is Your Best Food, Eat More of It!

What stops the cry "Hungry" when children troop from school? BREAD!	What must be baked fresh daily—can't be hoarded—is vital to health as pure water? BREAD!
What was the most dramatic element of the French Revolution? BREAD!	What food, more than any other, will reduce the high cost of living? BREAD!

A Flat Tire and No Spare

A flat tire is like a flat purse, neither one will get you far.

The telephone company would have to run on a flat tire if it did not have enough money in its purse to pay good employees to work for it, and to pay for materials to keep the property in repair and good working order.

The telephone company has only one source of revenue—the money you pay for the service it gives you. If this money is not enough to keep the telephone employees happy and enthusiastic about their work, then you do not get the best service.

Plain living costs much money these days and there are many people who must make their living from the telephone company if you are to get telephone satisfaction.

The telephone business can't run itself any more than your business can run itself. And it takes money to keep any business going.

The telephone company needs your support if it is to continue to serve you.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage executed and delivered by Lulu D. Halvorson and Gay Halvorson, her husband, as mortgagors, to Northwestern Building Association of Fergus Falls, a corporation, as mortgagee, dated June 14, 1916 and recorded in the office of the Register of Deeds of Pennington County Minnesota, on the 20th day of June 1916 at one o'clock P. M., in book 4 of mortgages on page 237, and no action or proceeding having been instituted at law or otherwise to recover the debt remaining secured by said mortgage, or any part thereof, and there being claimed to be due and is actually due on said mortgage at the date of this notice the sum of two thousand three hundred and eight ($2,308) Dollars and the sum of forty-one dollars and seventy-four cents ($41.74) for taxes for 1916, paid by said mortgagee on May 13, 1918, and the further sum of sixty-three dollars and thirty cents ($63.30) for taxes for 1917, paid by said mortgagee on May 12, 1919, making the total amount due at this date the sum of two thousand four hundred and thirteen dollars and four cents ($2,413.04.)

Notice is hereby given, that by virtue of the power of sale contained therein; said mortgage will be foreclosed and the premises therein described situated in the County of Pennington, State of Minnesota to-wit: Lot twelve (12) and the north one-half (N½) of lot eleven (11) in block sixty-three (63) of the Original Townsite of Thief River Falls, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said county and State will be sold by the sheriff of said county at public vendue to the highest bidder on the 3rd of March, 1920, at 10 o'clock A. M., at the front door of the Court House in the City of Thief River Falls, in said County and State, to pay said debt, the interest thereon and an attorney's fee of seventy-five ($75) dollars stipulated in said mortgage and the expenses of sale, subject to redemption at any time within one year from the date of sale as provided by law.

Dated January 6, 1920.

"Gets-It" Peels It Off

Quick Action Corn Cure

"Gets-It" Stops Pain Instantly and Corn Soon Lifts Right Off.

A few drops of "Gets-It" quenches corn pains like water quenches fire. Gives you immediate relief.

The corn begins to lose its grip at once. In a day or two it is so loose that you can lift it off, roots and all, 'twixt thumb and finger. That's the last of it, as millions have found out. It is the simple, effective and common-sense way to be rid of corns.

"Gets-It," the never-failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mf'd by E. Lawrence & Co., Chicago.

Sold in Thief River Falls and recommended as the world's best corn remedy by
J. P. CURTIS
LAMBERT'S DRUG STORE

Sealed Bids.

Sealed bids will be received by the trustees of the Trinity Lutheran Church of Thief River Falls, Minn., for the sale of the church building and lot formerly the Haugen church, located on the N. W. corner of Block 62, Original townsite of Thief River Falls, on Monday, March 1, 1920.

Sealed bids will also be received at the same date for the sale of Fixtures and furniture in the same church, consisting of pulpit, altar, altar railing baptismal font, etc., solid oak and practically new. All made up in the latest tyle.

We also have many other articles such as communion sets, tables, which will be sold at private sale.

Mortgage Foreclosure Sale.

WHEREAS, default has occurred in the conditions of a certain mortgage made, executed and delivered by T. C. Peterson, a single man, as mortgagor to Citizens State Bank of Thief River Falls (a corporation under the laws of the State of Minnesota), mortgagee, upon the following described lands lying and being in the County of Pennington and State of Minnesota, described as follows, to-wit:

The Northeast Quarter of the Southwest Quarter (NE¼ SW¼) and the South half of the Southwest Quarter (S½ SW¼) of Section Thirty-five (35) in Township One Hundred Fifty-two (152) North, of Range Thirty-nine (39) West of the Fifth Principal Meridian, containing 120 acres, more or less, according to the Government survey thereof, which said mortgage bears date on the 9th day of December, 1916, and, with the power of sale therein contained, was duly recorded in the office of the Register of Deeds of said Pennington County, Minnesota on the 19th day of January, 1917, at 8:00 o'clock A. M., in Book "12" of Mortgages on page 369, and which mortgage was assigned to The Netherlands American Mortgage Bank by instrument in writing, dated January 20 1917, filed for record in the office of the said Register of Deeds aforesaid on the 20th day of January, 1917 at 11:00 o'clock A. M., in Book "56" of Mortgages on page 322, and which said mortgage was again assigned to Albertus J. Prins by said assignee of mortgage, by instrument in writing dated January 30, 1920, filed for record in the office of said Register of Deeds aforesaid on the 2nd day of February, 1920, recorded in Book "11" of Mortgages on page 562, and which said mortgage was given to secure the payment of the sum of Twelve Hundred ($1200) Dollars according to the terms one (1) certain promissory note, made and executed by said T. C. Peterson said mortgagor, to said Citizens State Bank of Thief River Falls, said mortgagee, which note bears even date with said mortgage, together with five (5) interest coupon notes, executed simultaneously with said principal note, said coupon notes being payable on the 15th day of December in the year 1917, 1918, 1919, 1920, 1921, each for the sum of Seventy-two ($72.00) Dollars, which said interest coupon note due on the 15th day of December 1917, and also interest coupon note due on the 15th day of December, 1918, and also interest coupon note due on the 15th day of December, 1919, are past due and unpaid; and,

WHEREAS, it was among other things in said mortgage provided that in case of default in the payment of interest the whole of the principal sum, together with interest should, at the option of the mortgagee, or its assigns, be declared to be due and payable; and,

WHEREAS, the said mortgagor neglected to pay, and has not paid said interest maturing and becoming due on said mortgage on the 15th day of December, 1917, and interest maturing and becoming due on said mortgage on the 15th day of December, 1918, and interest maturing and becoming due on said mortgage on the 15th day of December, 1919, as aforesaid, amounting to the sum of Seventy-two ($72) Dollars on December 15, 1917, and Seventy-two ($72) Dollars on December 15 1918, and Seventy-two ($72) Dollars on December 15, 1919, and by reason of said default the whole amount of the principal and interest thereon is by said last named assignee of mortgagee deemed to have become due and payable in accordance with the terms and conditions of said mortgage; and,

WHEREAS, there is claimed to be due and is due at the date of this notice the sum of One Thousand Four Hundred Forty and 72-100 ($1440.72) Dollars secured by said mortgage, and no suit or other proceeding having been instituted at law, or otherwise, to recover the debt secured by said mortgage, or any part thereof.

NOW, THEREFORE, Notice is hereby given that by virtue of the power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, said mortgage will be foreclosed and the real estate therein, and hereinbefore described will be sold at public vendue by the Sheriff of said Pennington County at the front door of the Court House in Thief River Falls, said Pennington County, Minnesota on the 29th day of March, 1920, at 11:00 o'clock in the forenoon of that day to the highest bidder for cash to pay the amount which shall then be due on the debt secured by said mortgage, including Seventy-five ($75) Dollars attorney's fees, as stipulated in and by said mortgage, in case of foreclosure, and the disbursements allowed by law, subject to redemption as allowed by law.

Dated February 5, 1920.

NAME BOARD IN CHARGE OF NEW FLOOD DISTRICT

ORDER ESTABLISHING RED LAKE UNIT SIGNED BY TWO JUDGES.

ED. A. AUBOL, PENNINGTON COUNTY'S REPRESENTATIVE ON BODY.

EARLY ACTION ON PART OF CONGRESS COVERING RESERVATION EXPECTED.

The Red Lake Flood Control and Conservancy district is now an established fact. Judge Andrew Grindeland at Warren and Judge C. W. Stanton at Bemidji, on Monday attached their signatures to the order and findings establishing a corporation for the purpose of handling all matters hereafter connected with the vast project and named the first board of directors. These are five in number, three of whom will serve for four years and two for two years.

Aubol on the Board.

Pennington county's representative on the board is Ed. A. Aubol of St. Hilaire, farmer and former county commissioner. A selection more satisfactory to all concerned could not well have been made. The other member for the four-year term is G. C. Selvig, Polk county. Andrew Johnson, Clearwater county; William Paskowitz, Beltrami county, and Axel Nelson, Marshall county, are the men appointed for two years.

Every man on the board is actually engaged in farming with the exception of Mr. Selvig, who is superintendent of the Northwest School of Agriculture at Crookston and is therefor well acquainted with the needs and problems of the farmers of the district. It is a safe and businesslike board upon whose judgment and enterprise the people of the district can absolutely rely.

Attorney Much Pleased.

W. J. Brown of Thief River Falls, attorney for the petitioners in this matter, yesterday expressed himself as highly pleased with the personnel of the board. "They are capable and conscientious men," said Mr. Brown, "and can be depended on to give this undertaking the consideration its importance merits. The appointments show that careful study was given by the judges both to the qualifications of the men selected and to the sections they represent. This augurs well for the success of the project. They understand the law with reference to the enterprise and will see that it is carried out."

Meet in Ten Days.

The newly appointed board must meet in Thief River Falls within ten days of the filing of the order for the purpose of organization. The date for this meeting will depend somewhat upon the convenience of the different members.

Steenerson is Ready.

Congressman Steenerson is ready to introduce legislation in congress looking to the participation of the Indian lands in the project. He has for some time had a bill in readiness and was only awaiting the filing of the court order before introducing it.

PAYS FINE FOR PETIT LARCENY

VALUABLE MATERIAL REMOVED FROM UNION BLOCK RUINS AND SOLD.

Leonard Morstad, a young man, was on Tuesday arrested charged with having removed a quantity of valuable material belonging to the Times Printing & Manufacturing company from the ruins of the recently burned Union block. The loot consisted of copper, brass and other metal, the total representing a considerable sum of money.

Morstad sold the stuff to Charles Fiterman, junk dealer, who claims that he was given to understand that the young fellow had come by the material honestly.

Judge Tarrant in the Municipal court fined Morstad $10 and costs and sentenced him to 30 days in jail, the latter part of the sentence being suspended during good behavior. The fine was paid.

OPENING OF NEW MILLINERY STORE

SPRING PROMENADE, LIVING MODELS AND MUSIC WILL BE FEATURES.

The Bon-Ton Millinery store at 215 East Third street, will be opened to the public tomorrow evening. Miss Helyn Wilson and Miss Edna Applegate of Bemidji, arrived early in the week for the purpose of superintending the placing of the fixtures and stock. There are still some items of furniture lacking, due to delay in shipping, but these will not affect the opening display.

The newest creations in women's headwear will be shown on living models and there will be a spring promenade in which hundreds of styles and effects will be displayed. Vocal solos and instrumental music will be features added for the entertainment of visitors by the management. The doors will be opened at 7 o'clock and a general invitation is extended to the ladies of the neighborhood to attend.

Galloway & Hourigan of Bemidji and Cass Lake, are the owners of the new millinery emporium and Mrs. Galloway will arrange to spend a considerable share of her time in the city.

A Badly Beaten Bunch.

The basketball quintet from the Walsh County Agricultural college at Park River, North Dakota, may be able to hold their own in the Flickertail state but are sadly outclassed when pitted against such veterans as the high school team of Thief River Falls. In the game here on Friday evening they were defeated by a score of 67 to 7, which indicates hardly opposition enough to furnish good exercise for home huskies.

LYCEUM THEATRE CHANGES HANDS

MRS LUCELE JOHNSON BUYS LEASE AND EQUIPMENT OF A. J. LAWRENCE.

The Lyceum theatre, which in common with all other similar places of amusement, was closed for a couple of weeks during the most serious period of the influenza scare, was reopened on Saturday evening under new management. Mrs. Lucele Johnson of this city, purchased the lease and equipment from A. J. Lawrence, manager of the theatre for the past two years, and took immediate possession.

Mrs. Johnson will continue to book for this playhouse nothing but the best pictures obtainable. So far as possible the former contracts of Mr. Lawrence will be continued and other attractions will be added. It is the intention of the new manager to show nothing but the best produced and to see that nothing of an objectionable character is ever permitted.

Mr. Lawrence has not yet decided upon his future course. He is in the cities this week and will probably try to connect with a theatre in another section of the country. He is an energetic and particularly capable show man and will have no trouble in making a go of anything in that line he undertakes.

WIN ON POULTRY AT WINTER FAIR

PENNINGTON COUNTY EXHIBITORS CARRY OFF PRIZES AT CROOKSTON.

Pennington county maintained its reputation as a poultry raising section by the many fine exhibits entered at the midwinter fair at Crookston. Many of the local poultry fanciers secured blue ribbons on their birds together with numerous lesser prizes.

George Leimers was one of the big exhibitors at the fair in this division. In the White Wyandotte class he was awarded first cockerel, second cockerel, first pullet, second pullet, third pullet and fourth pullet. In the Black Leghorn class he secured first cockerel, first hen, second hen, first, second, third and fourth pullet.

Olaf Neset was awarded third cockerel, fifth cockerel and third cock in the Rhode Island Red division.

In the Buff Orpington class H. F. Erickson won second cockerel and fourth pullet.

The White Leghorn division was the largest in the show, making competition very strong. Dennis McGinn landed first cockerel, fifth cockerel, first and fourth hen.

Pennington county was not well represented in the grain exhibit, although Joe Oski of Mavie won some very fine prizes. A number of farmers from the St. Hilaire section won premiums on corn and flax.

Adds Boys' Department.

L. L. Cohn of the Palace Clothing house, is preparing to add a complete boys' department to his store. The partition in the rear of the building will be removed and the fine stock of men's shoes now handled will be sold out and the line discontinued. Mr. Cohn is determined to sacrifice the shoe stock in order to make room for the new department and is quoting some remarkably low prices in his advertisement in another column.

The First Spring Sale.

At the present high wholesale price of merchandise it is a brave merchant who can see his way clear to make any considerable cut on staple goods. Loken Brothers, however, have decided to open the spring season with a big sale, the announcement of which will be found on another page. New spring goods are arriving at the big store daily and more room must be provided. This list of bargains is worth looking over carefully.

MEMORIALS FOR FALLEN HEROES RECEIVED HERE

REPUBLIC OF FRANCE SENDS BEAUTIFUL TRIBUTE TO NEXT OF KIN.

TWENTY-FOUR MEN FROM PENNINGTON COUNTY MET DEATH WHILE FIGHTING.

ACCORDING TO RECORDS, TWO FELL ON LAST DAY OF GREAT WAR.

Twenty-four Pennington county homes will be honored by receiving a copy of the beautiful memorial issued by the French government to the families of men who met their death while fighting in the late war. This is the number of those from this county who died while on overseas duty.

The memorial is beautifully lithographed in gold and colors and contains the name of the dead soldier, the date of his death and the name of the battle in which he fell. Above the description is a symbolical group placed on a cenotaph bearing the following inscription in French: "To the Memory of (name of soldier) of the United States of America who died for Liberty during the Great War. The Homage of France. The President of the Republic—R. Poincare." On the wall behind the group forming the design are engraved two lines taken from one of Victor Hugo's famous poems, of which the following is a translation:

> "For those who devoutly died
> for their country
> It is right that the people come
> and pray at their tombs."

There are four memorials yet to be received, these going to the next of kin of Elmer J. Eklund, the first Pennington county man to fall, after whom the local Legion post is named, Casper E. Crown, Frank Sinkey and Gustav Sollom. The last named two are the only ones whose relatives are unknown. In the case of one of the soldiers two memorials are sent, it being deemed that two persons are equally entitled to possess one. The memorials will be mailed by local legion officials so as to reach the parties to whom they are addressed on Washington's birthday.

Two Killed on Last Day.

In going over the memorials it is noted that two men from Pennington county are recorded as having met their death on Nov. 10, 1918, but the exact hour has not been determined in the case of either one. The men were Oscar Carl Bakken, son of Mr. and Mrs. O. L. Bakken, and Oscar Martin Dahl, son of Oluf C. Dahl, both families residing in Thief River Falls. The list as at present made out is as follows, the name of the recipient of the memorial being first given, followed by the name of the dead soldier:

Mrs. Tena Dahlen, city—Elmer Dahlen.
O. C. Dahl, city—Oscar Dahl.
Ole L. Bakken, city—Oscar Bakken.
Oscar Seeland, city—Albert Seeland.
John Gaspery, city—Joseph Myers.
Mrs. Carl G. Vake, Erie—Carl Vake.
Mrs. G. Maland, St. Hilaire—Oscar Maland.
Halvor C. Severson, Erie—Eric Severson.
Anna Dempsey, Ruddell—Robert Dempsey.
Mrs. Sarah Paulson, St. Hilaire—Axel Borgie.
Mrs. Theresa Stucy, Highlanding—Harry Stucy.
Mrs. Rachael Poston, city—George Poston.
Louis Olson, city—Emil Olson.
Mrs. H. Hanson, St. Hilaire—C. G. Hanson.
Alice Welch, city—David Welch, Roseau.
Hans Hermanson, city—Henry Hermanson.
Hans Svare, Erie—Henry Svare.
Mrs. L. Mossestad and Miss Laurine Mossestad, city—Ole Mossestad.
Nels K. Anderson, city—Miss Anderson (nurse).

List of Wounded.

Seventeen men wounded in action have returned to their homes, these being Harry Bakken, Jake Grenagle, Halbert Halverson, Fred Scanlan, Osmund Ordahl, Sidney Ellis, Craven Calloway, Andrew Feragen, James Havel, Peter Schaltz and Leo Miller, all of Thief River Falls; Arthur Helgeson and Selmer Lund, Kratka; Robert Nelson, St. Hilaire; G. H. Eklund, Wylie: Edward Klementson, Hazel; John G. Hanson, Neptune.

Is Back on the Job.

Dr. G. A. Penney, who has been one of the victims of influenza during the past two weeks, is again at his office ready to attend to business. The doctor says that the flu is one of the things it does not pay to argue with. When it hits you the only sensible course is to give up and go to bed.

Lutherans Buy Parsonage.

The congregation of the Swedish Lutheran church has purchased the Baugh property on Main avenue north and the same will be occupied by Rev. Rev. A. A. Larson and family about Easter. The residence owned by Rev. Larson, 712 Duluth avenue has been purchased by C. D. Gustafson.

PLAN TO ASSIST MOVEMENT FOR BETTER ROADS

AUTOMOBILE CLUB TO HOLD IMPORTANT MEETING HERE TUESDAY EVENING.

BEST METHOD OF CONDUCTING EDUCATIONAL CAMPAIGN WILL BE DISCUSSED.

AIM IS TO COORDINATE EFFORTS OF NATION, STATE AND COUNTY.

Indications are that there will be more activity in road building in Minnesota during the coming summer than for any five years in its previous history. Pennington county is as much interested in this matter as any section of the state and plans are already on foot to see that the people secure full advantages of all that is going on.

In order to get a campaign for better highways properly started there will be a meeting of the Pennington County Automobile association held at the municipal court room next Tuesday evening. To this gathering all auto owners and good roads boosters are invited. It is of importance that all be present as some plan for concerted action will be formulated and active work for bringing assistance to those who are striving for better highways will be begun.

A Great Program.

So much road work is contemplated for the near future that unless a community is up and actively doing something it is liable to be left in the lurch. Congress will in all probability pass the Townsend bill which provides for two highways in each state, one running north and south and the other east and west. This section should bend every effort toward having the Jefferson Highway named as one such road in this state and there is every hope that this can be done.

The Babcock Amendment.

Should Amendment No. 1 pass at the next election it will mean that a paved highway will traverse the county. It is very important that every voter be made acquainted with the provisions of the measure in order that he may vote intelligently when the time comes. There is considerable misunderstanding concerning this proposed law and the automobile club members and road boosters generally will be asked to do everything in their power to keep its merits before the voters until after election. This matter will also be discussed at the meeting.

Every friend of good roads should be present. Unless a start is made nothing worth while will ever be accomplished and Pennington county is even now considerably behind many of its neighbors in the preliminary work necessary.

SITE OF BURNED BLOCK FOR SALE

THIEF RIVER FALLS COMPANY WILL CLOSE OUT HOLDINGS AT ONCE.

In another part of The Times today will be found an advertisement offering for sale the site of the destroyed Union block together with the salvage in brick and other material left by the fire.

The stockholders of the holding concern, the Thief River Building company, with to close up its affairs and will open bids for the property as it stands on Monday, March 1. The site is one of the most desirable in the city, being located on the principal business street, while the salvage is of considerable value. The foundation walls alone would represent a large outlay of money if their erection was undertaken under present conditions.

It is understood that a very attractice figure will be made on this property to anyone who will rebuild. C. L. Hansen of the First National bank, has the matter in charge.

Heavy Snow Storm.

The Rosewood and Viking neighborhood was more heavily hit by the snow storm of last Friday than any place in this section. There were no trains over the Wheatline division of the Soo out of this city on that day. It is claimed that in the vicinity of Rosewood the snow is 12 feet deep in places, this being the heaviest fall recorded for many years.

Moved to Oregon.

Mrs. Gust Crown and baby left on Monday afternoon for Silverton, Ore., where they will make their future home. Mr. Crown preceded his family a short time ago, having purchased a barber shop at that place. Mr. and Mrs. Crown have been residents of this city for a number of years and have a host of friends who will regret to learn of their departure.

The Sunday school of Trinity Lutheran church will meet on Sunday, Feb. 22, at 9:30 a. m.

To Correspondents.

Owing to the fact that The Times is now being printed at Red Lake Falls it is impossible to print the correspondence unless same is received on Monday. All Times' correspondents are therefore requested to mail their items so that same will reach us by that time.

The present situation is likely to continue for some time and we hope that our friends will help us out under these trying circumstances by complying with this request.

Meeting of Congregation.

There will be a meeting of the Rindal congregation at the church next Sunday afternoon for the purpose of taking up the matter of a pastor for the coming year. Rev. George Larson of the Zion Lutheran church, Thief River Falls, is now serving the congregation. The regular monthly meeting of the Rindal Ladies' Aid society will be held at the same time.

BANQUET PLANS FOR MERCHANTS

WILL BE GIVEN IN CONNECTION WITH ELECTION ON MARCH 1.

The annual meeting of the Thief River Falls Merchants association will be held at the Evelyn hotel on Monday evening, March 1. The annual banquet of the organization will also be held at this time, followed by the election of officers.

This is expected to be one of the most important meetings in the history of the organization. Many matters of importance will come up for discussion and plans for the coming year gone over.

It has been definitely decided that amalgamation with the commercial club is not feasible. The organizations are somewhat different in purpose and while they will work in harmony and use the same quarters better results can be secured by allowing matters to remain as they are.

A committee is at work on the arrangements and a list of speakers will be announced later.

ATTENDANCE AT SCHOOL NORMAL

SLUMP DUE TO PREVALENCE OF INFLUENZE NO LONGER NOTICEABLE.

Attendance in the Thief River Falls schools is again normal after about a month of very unsatisfactory turnouts. Then more or less general influenza scare kept many pupils from school, although it was continually pointed out that the danger of contracting the disease there was not as great as it would be were the children allowed to stay at home and consequently less subject to observation and inspection. The public health nurse kept very close tab on all suspected cases and these were quickly taken care of. Very few of the schol children were actually sick and there was at no time any valid excuse for keeping them away from their studies. Parents, however, having in mind the situation a year ago, believed they were taking additional precautions by not permitting the children to attend. That they were mistaken does not alter the fact that the youngsers will now have to work doubly hard in order to catch up with those who displayed more nerve.

FILM ACTOR DIES; OLD-TIMER HERE

WILLIAM SILVER, RELATIVE OF LOCAL WOMAN, VICTIM OF ACCIDENT.

The following account of the death of a man whom many of the older residents of the city will remember is taken from a Los Angeles paper of recent date:

"William F. Weyer, known in motion pictures as William Silver, son of Mrs. Mary Weyer, 901 Maple street, Pasadena, died Sunday in the Pacific Hospital, Los Angeles, from injuries sustained while engaged in his work as an actor."

Deceased was a cousin of Mrs. F. A. Gobler of Thief River Falls and was a conductor on the Great Northern, running between this city and Crookston before the extension to Warroad was built.

Farm Bureau Meeting.

The annual meeting of the farm bureau board of directors will be held in Thief River Falls at 1:00 p. m., Friday, Feb. 27th. The purpose of this meeting will be to outline a program of work for the year 1920, and to discuss ways and means of increasing the scope and usefulness of the farm bureau organization to Pennington county farmers.

SCHOOLS AGAIN CROWDED PAST THEIR CAPACITY

ALL AVAILABLE SPACE OCCUPIED AND ROOMS ARE OVERCROWDED.

DOUBLE CLASS PLAN EMPLOYED BUT IS CONSIDERED UNSATISFACTORY.

BOARD URGES ADDITION TO KNOX BUILDING DURING PRESENT YEAR.

Thief River Falls is in need of additional school room. So serious has the situation become that a special meeting of the school board was held on Monday evening for the purpose discussing the matter. Every room in the five buildings is filled to capacity and the demand is for still more space. In some of the buildings the condition is such that it is freely admitted that the best results can no longer be obtained.

The library at the high school has been converted into a class room and at the Knox building the double shift plan has been employed. This is unsatisfactory to the school authorities and unfair to the pupils. Whether or not the people feel inclined to go rather extensively into building operations at this time does not particularly matter. The facts are that there is no other way out of the difficulty.

East Side Crowded.

The situation is particularly bad at the Knox building on the East Side. Here certain of the classes contain 50 pupils, which is 15 more than is considered the maximum for efficient work. The state department of education make an extreme allowance of 40 under certain conditions, but advises against attempting to include this number in any one class. It is realized that there is an element of danger in this fact as it is possible for the state to refuse the usual school aid where its provisions are not more nearly complied with.

Members of the board state that if the East Side is to be supplied as it should be a total of 18 teachers would have to be employed in that section alone.

High School Also Crowded.

At the Lincoln high school every room that can possibly be employed for class purposes has been requisitioned and there is still an overflow. The plans as now outlined contemplates the removal of the normal training department to the enlarged Knox building, thus relieving the Lincoln to a considerable extent. From present indications there will be 13 additional rooms needed in the city when school opens next fall.

The Northrup Filled.

When the Northrup building was erected two years ago two rooms were left unfinished, it being the belief that this space would not be needed for some time. Before the year was out both had been placed in commission and the building is now comfortably filled, although there is no crowding there as yet. The converting of the Central building into a junior high school was also expected to relieve the situation, but this leeway has also been taken up.

Special Election Necessary.

A bond issue will be required in order to raise the money necessary for a new building. It is probable that this will be called before long. In case the issue carries there is no doubt but that the money can be secured from the state at a low rate of interest.

Suit Against Newspaper.

Suit has been brought against the Norman County Herald, a weekly paper published at Ada, by Ralph Van Lear, son of the former Socialist mayor of Minneapolis, asking $5,000 damages on account of an alleged libel published in that paper early in January.

The item in question, published on the editorial page, was as follows, according to the complaint:

"The World War Veterans, the soldier organization started in opposition to the American Legion, is headed by Van Lear of Minneapolis, a young man who refused to put on the uniform of the U. S. at Camp Dodge. Nothing more need be said."

Former Pastor on Visit.

Rev. C. E. Boyden renewed the acquaintance of his many friends in this city the first of the week. He left on Wednesday morning for Middle River, where he will visit with his son, Bert, who is engaged in farming in that vicinity. Rev. Boyden was formerly pastor of the Presbyterian church in this city.

Returns From Iowa.

Mrs. F. F. Haynes and daughter, Esther, accompanied by Miss Cora Tofflemier, returned to this rity on Sunday morning from Mason City, Ia., where the two former stopped to visit enroute to their home here from California, where they spent a period of six weeks.

Theo. Rustabakke returned to his home in Scobey, Mont., on Tuesday afternoon having been called to this city for a few days because of the death of his brother.

Entered as second-class matter at the Postoffice at Thief River Falls, Minn.

WILL THE FARMER STAND IN HIS OWN LIGHT?

Should Amendment No. 1 fail to pass at the next election it will mean that the people of Minnesota have refused to take the one opportunity offered to lift their state out of the mud. And that is not all. It will also show that they are not as progressive and farseeing as their neighbors in other states.

There is not an argument to be made against the Babcock good roads plan that will stand any kind of a test. It is certain that not a person can be found who will say that paved highways are not desirable, and it is fully as certain that no better plan for paying the cost of such roads has ever been devised. The very people upon whom this cost will fall most heavily agree that this is a fact.

If any considerable opposition is developed it will come from the farmer—the man who above all others will be benefitted by the adoption of the plan. He is the one who not only pays the largest share of what is now spent on our makeshift roads, but he is also the heaviest loser because of the decidedly unsatisfactory condition in which they are maintained. Under the present system this cannot be helped. Improvement is noted, it is true, but where this is the case in one part of the highway it is liable to mean neglect in another, so that as a whole the reduction in the cost of transportation is hardly noticeable.

In spite of this well-known fact it is maintained that the farmer will oppose the Babcock amendment. It does not seem reasonable to suppose that he will thus stand squarely in his own light and it is to be hoped that when he fully understands the direct benefits to be derived from a network of paved highways he will be the most enthusiastic booster for their construction. The plan as devised was originally intended to benefit the farmer and will be carried out with this end in view. The city dweller will naturally profit by the lowered cost of transportation from the farm, but outside of this his satisfaction will largely be represented by the greater pleasure to be derived from his car. With the farmer it is purely a business proposition. Better roads mean lower costs in getting his products to market, a wider trading range, closer touch with business conditions generally and a wider opportunity for taking advantage of situations by which he may profit.

The passage of Amendment No. 1 will not alone mean paved highways between county seats. It will also provide much greater sums than are now possible for the lateral roads. These must now take what is left after the main lines have been put in shape, which is often a very small amount. Under the Babcock plan all the money employed by counties on road work can be expended on these sidelines, provision being made for the upkeep of the paved artery by the tax on automobiles. This will not be very severe in any case and will be assessed against every power vehicle in the state according to horsepower. The city man who never uses a country highway will pay as much towards its construction and maintenance as will the farmer along whose property it runs.

There can be no sane opposition to the Babcock law from any source, but the farmer should certainly be the very last to set himself against its being put into effect.

WILL PAVE THE ALLEYS.

The city council evidently figures that as long as Thief River Falls is going to pave a good job may as well be done while we are at it. For this reason it has been decided that the alleys in the downtown business district shall receive the same treatment as the streets.

This is a good idea and will enhance the value of the general undertaking enormously. The alleys in some instances are almost as important as the streets. The traffc, both team and truck, is very heavy along these thoroughfares and business houses particularly will approve the decision of the council.

The placing of storm sewers in alleys is also a good move. The present discharge system of the city is not of sufficient capacity to care for the storm water and sanitary outflow, and something of the kind now decided upon would have to be undertaken within a short time in any event. It will mean the saving of both money and trouble in the end to have this matter attended to at the same time as the larger job is under way.

There may be some difference of opinion as to whether or not these new sewers should be paid for by the abutting property or assessed against the city as a whole, but the view of the majority of the councilmen will without doubt turn out to be the most satisfactory. This is that the cost of storm sewers should be taxed against the property directly benefitted, thus keeping the assessment for this improvement within the present paving district. As this district is extended similar sewers will have to be provided for the areas affected and these will then in turn be called upon to foot the bill.

One good feature about this manner of handling the thing is that the bill will be paid when the paving is paid for, the additional assessment each year being very small. If the entire city is bonded or makes other provision for meeting the cost the amount will be an incumbrance for years and count as a liability whenever it is found necessary to make further improvements. The plan is absolutely fair to everyone. Nothing is paid for this storm sewer until paving in a district is decided upon, at which time the extra cost is added. It hardly seem right that outlying property which will not be directly benefitted by either the pavement or sewer should be forced to stand a share of this expense. The property abutting must pay for paving and there seems to be no good reason for following any other course when it comes to the storm sewers.

AN INEXPLICABLE MOVE.

The remarkable course followed by President Wilson in the case of Secretary of State Robert Lansing makes it hard for even his most ardent admirers to present anything in the shape of justification. He forced the secretary to resign his portfolio under circumstances which cannot help but give credence to the report that his illness has had a most distressing effect upon him, mentally as well as physically.

Lansing may not have been in a class with John Hay or Richard Olney as a secretary of state but no one ever doubted his sincerity of purpose, sterling patriotism or fidelity to his chief. Even when it became apparent that his opinion and that of the president conflicted on matters of the gravest importance did he subordinate his convictions and follow the instructions of his superior. It is well known that Mr. Lansing has for some time been desirous of leaving the cabinet, but loyalty to the president while the latter was unable to shoulder the responsibilities of government kept him at his post. To be humiliated before the country as a reward cannot help but make the people feel that he has been unfairly dealt with.

The president says that Mr. Lansing usurped the powers of the executive, evidently overlooking the fact that at the time this is alleged to have happened the country was practically without any such officer. It was absolutely necessary that someone assume responsibility for the government, and the cabinet, under Mr. Lansing's leadership, kept things going.

The attitude of the president is that of a testy and peevish old man, jealous of his prerogatives and decidedly inconsiderate of the feelings of others. It is not the first mistake he has made but it is one of the hardest to explain.

EXACTLY ON SCHEDULE.

Along about the first of March of every even numbered year some chap comes forward with the announcement that he is going to enter the contest against Halvor Steenerson for the position of congressman from the Ninth Minnesota district. This has been a biennial occurrance for the past eighteen years—and Steenerson is still on the job.

Eighteen years is a long time for a man to stay in congress from a Minnesota district. Ordinarily the people wait until such time as their representative reaches a point where he can be of some use and then they proceed to fire him. Consequently the state is at the tail end of the procession when it comes to influential position at the national capitol. The people of the Ninth have had sense enough to keep one man on the job and he has worked up to where he really is somebody.

There is perhaps nothing to be said against the party who would succeed your uncle Halvor, except that his ambition has run away with his judgment. It is not likely he can show any good reason for making the change he suggests, particularly at this time, and the voters are not throwing overboard a tried and true servant because another would like his position.

Steenerson is one of the big men in the house of representatives. He stands well up toward the head of the class and is the dean of the Minnesota delegation. He has been victorious in many a hard-fought campaign and there is nothing in the present situation that should make him in any manner apprehensive.

It may be that things will yet narrow down to a sensible basis in the gubernatorial contest in this state. The boom for Jake Preus on the Republican ticket has lately shown rather startling signs of life and many look upon him as decidedly the pick of the flock. Frank Day of Fairmont, who has something of a reputation as a picker of winners for the Democrats, comes out strong for Dr. William J. Mayo of Rochester as the Moses who might lead the unterrified band out of the wilderness. Good men, both of these.

The B. P. O. E. in War and in Peace

(Editorial in Duluth Herald.)

By the way, give a thought to the Elks—on the job in the war, and on the job again in the troubled peacetime, standing for, working for and embodying a vigorous American order, with American members, and upholding a virile American ideal with effective force.

Says an Elk spokesman: "The name of this order is a good mouth-filling one in more than one sense. It is distinctively an American order for Americans, and that means REGULAR Americans. A Regular American is one who believes in democracy, who speaks the English language, who believes that the United States is the best country on the globe, and who says to every disgruntled alien who cannot or does not speak our tongue: 'Learn it and SPEAK it; and if you will not learn it and speak it—MOVE!' "

Over six hundred thousand Americans are Elks, and during the World war this great American order was among the first to come to the aid of national government by a free will offering of over two million dollars. More than eighty thousand of its members were enrolled in the armed forces of the country.

The Elks established two base hospitals in France equipped with a thousand beds, and two permanent reconstruction hospitals in this country—one in Boston with a thousand beds, and another in New Orleans with more than eight hundred beds—where disabled veterans are now being nursed back to health, remade, reeducated and enabled to make the future safe for themselves and their loved ones.

The Elks furnished in every city in the land able speakers to help the government make successful the wonderful war loan drives. The Elks took charge of the Salvation Army drive, raising millions for the splendid work of this self-sacrificing organization. They helped, too, in the drives for the Red Cross, the funds for Italian, Belgian, Serbian, Jewish, Armenian, Polish and French refugee relief, the Y. M. C. A., the Red Star and the "Seven Sisters" campaign for war relief purposes. Through subordinate lodges the Elks bought more than three million dollars' worth of Liberty Bonds, and they donated three hundred thousand dollars to the Red Cross, a hundred thousand to the Y. M. C. A. war fund, and a million dollars to other war funds. More than three hundred Elk club houses were turned over for use by the Red Cross and other patriotic agencies.

The Duluth lodge was the active agency in raising more than twelve thousand dollars for the members of the local militia companies, equally distributed, when they were called to duty on the Mexican border. During the forest fire in October, 1918, the local Elks threw open their club house to help in feeding, clothing and sheltering the refugees, and contributed twenty-five hundred dollars to the relief fund. For more than a year they donated, rent-free, spacious headquarters in the Elks' building to the Duluth branch of the Red Cross. They helped raise five thousand dollars to aid the Allied recruiting officers in Duluth. In one day Duluth Elks, putting over a Thrift Stamp drive, sold twenty-eight thousand dollars' worth of stamps, thus giving the subsequent campaign a big impetus toward success.

The Duluth lodge counts among its members very many of the city's most prominent business and professional men—men who follow every respectable calling in life. Every Elk is an American—he must be or he can't be an Elk.

The war over, like true Americans the Elks kept on the job. The Grand Lodge recently went squarely on record against every brand of red radicalism—against every Bolshevist, every I. W. W., every impudent alien who wants to overthrow our sort of government and set up his sort. The B. P. O. E. stands for this idea "without reservations": That every man in these United States, wherever he may come from, whatever his faith, however high or humble his position, should be a sound American from sole to crown.

It is a pleasure, at this time, to direct attention to this outstanding display of unadulterated Americanism, and to say that in the face of this record in war and in peace, every Elk should be proud of his order and glad to support it in all its works.

BIG ATTENDANCE IN SPITE OF FLU

FARM CROPS SHOW AT CROOKSTON MOST SUCCESSFUL AFFAIR.

The annual winter farm crops show at Crookston last week was one of the most successful ever held in spite of the fact that many of the features on the program as originally intended had to be abandoned at the last minute because of the prevalence of influenza in the city. The attendance was good and the exhibits, particularly in the livestock division, the finest and most numerous ever seen at a similar show in the state. Pennington county was well represented, both in the number of persons who attended and the variety of displays. A special train advertised to run from this city on Friday was cancelled when it became known that the speaking and judging programs had been called off.

The only major division in which stock from Pennington county was represented was the junior bull calf entries. Fifth place was awarded to Sir Ormsby De Kol Pride, the property of V. C. Noper.

In the county cash awards Henry Simonson of St. Hilaire received first for Pennington county, and Gordon Olson of the same village, second. In the clover division A. A. Shoopman, St. Hilaire, received third prize. Albert Nelson, also of St. Hilaire, was awarded the third price on wheat. In the county competition on wheat Joe Oski of Mavie, won first, Arthur Avelson, St. Hilaire, second and K. O. Gigstad, St. Hilaire, third.

Joseph Mortensen of St. Hilaire, and Mr. Avelson were also prize winners in the sweepstakes for oats. In the county cash awards in this division Mr. Avelson and Herman Jepson of St. Hilaire, were winners.

There were no sweepstakes winners from Pennington county in the barley division. Mr. Jepson was winner in the county awards.

Mr. Avelson had the best rye from this county and Joe Oski was the county winner for flax. The county was not represented among the winners of prizes on potatoes. No winners from this county are recorded in the boys and girls club work division.

RESULT OF WORK ON PEAT LANDS

ACID PHOSPHATE AND MANURE GAVE BEST RESULTS LAST YEAR.

The annual report of the agricultural division of the university of Minnesota has just been issued and contains the usual amount of matter pertaining to the work of the experimental stations, among other things of interest. Concerning the peat demonstrations at Golden Valley the report says:

"Duplicate plots of sixteen different crops were seeded on burned peat, unburned peat, and mineral soil at the Golden Valley peat farm in 1918. The unburned peat was treated with potash, acid phosphate, manure, and various combinations of those fertilizers. The burned peat received only one fertilizer application, barnyard manure, because the ash left from burning contained an abundance of available phosphate and potash.

"The results on the unburned peat indicated very strongly that acid phosphate and manure gave the greatest yields with practically all crops, and that potash gave little if any increase in yield over the check of no-treatment plots. Vast differences could be seen throughout the season in the growth and maturity of the crops, and the yields bore out those differences. Burned peat gave almost the same results as phosphate or manure, showing that phosphate in some form is necessary for the peat at Golden Valley.

"Spring rye yielded 14.6 bushels on no treatment, 14.1 bushels where potash was added, 39.6 bushels with phosphate, 36.8 bushels with manure and 46 bushels on the burned plowed peat. Oats, barley, potatoes, and rutabags yielded in about the same ratio. Flax was a complete failure on burned peat, and no fertilizer except manure showed any beneficial effect on unburned peat. Wheat on burned and manured unburned peat yielded about twice as much as that on soil which was not treated.

"Grasses yielded best on the burned peat, but all gave good response to the application of phosphate and of manure. Sweet clover winter-killed badly during the winter of 1918-19 on both the burned and unburned peat but is growing vigorously on the mineral soil."

Phosphate Arrives.

County Agent J. J. McCann has been notified of the arrival of a quantity of the phosphate shipped here by the state for experimentation on the peat plots selected for the purpose along the state road between Thief River Falls and Goodridge. Mr. McCann states that just as soon as there is any sign of a letup in the weather the work of getting the ground ready, staking out the plots, etc., will be bgun. He states further that a few more farmers who wish to assist in this work by devoting a small part of their peat lands to crops under the supervision of the state will be given an opportunity to do so. Application should be made to Mr. McCann.

COUNTY LEADS IN CERTIFIED HERDS

HAS 86 PROPERLY ACCREDITED OUT OF 318 IN THE ENTIRE STATE.

Pennington county has 86 properly accredited herds of cattle, this being the largest number reported by any county in the United States. Minnesota is the leader among the state in this regard, having 318 accredited herds, according to the state livestock sanitary board, brought down to Feb. 1. Thirty-nine herds were given a *clean bill of health* in January. About 2,000 herds are under test at the present time.

Virginia is second to Minnesota. Iowa has no accredited herds, but is doing much testing work. There is no an accredited herd in Missouri. Minnesota in this respect is far in advance of Wisconsin, Illinois, Indiana Ohio, New York and other old and wealthy states.

Minnesota has a national reputation for the healthfulness of its cattle. Breeders all over the country are coming to Minnesota for grade and pure bred stock, knowing that if freedom from tuberculosis is to be found anywhere it can be found here.

Herds duly accredited as being without tuberculosis are, of course more valuable than unaccredited herds and can be shipped from state to state without the difficulties that confront owners of noncertified animals. It takes at least eighteen months for a herd to become accredited. Three tests must be made in intervals of six months. If no tuberculosis animals are found in three tests, the government accredits the herd and issues its certificates.

Robber Quickly Caught.

The Farmers State bank of Bemidji was robbed of $2,000 at noon last Wednesday by a lone unmasked bandit who took all the available cash from B. L. Johnson, assistant cashier, at the point of a gun, and locked him in the vault with Lillian Elmquist, stenographer, the only other employee in the bank at the time. Postmaster P. L. Ritchie, passing the bank discovered the theft and released the prisoners.

Persons on the street said they saw a roughly dressed man come out of the bank and saw him go to a group of deserted buildings which were surrounded by a quickly formed posse. The robber came out with a revolver in his hand and surrendered. All the money was found on him.

Miss Agnes Remmem of this city left on Saturday morning for Viking where she will visit with relatives over Sunday.

BIDS WANTED

The Pennington County Fair Directors will receive bids for the lumber in the fence surrounding the Fair Grounds and lumber in several sheds and buildings that are to be replaced. All bids must be in the hands of the Secretary not later than February 25th. The bids to be based on 1,000 feet. The right to reject any or all bids is reserved.

GENERAL AGENT GAINS 25 POUNDS

SIX YEARS TROUBLE OVERCOME BY TANLAC AND HE FEELS FINE NOW.

"It was nearly a year ago that Tanlac overcame my troubles and today I am still in perfect health," was the statement made recently by A. H. Chapman, who resides at 615 E. 14th street, Kansas City, Mo. Mr. Chapman is general agent for the Fidelity Health and Accident Company of Benton Harbor, Mich., and has offices at 1115 Gloyd Bldg., Kansas City, Mo.

"I had been in poor health for the past six years and at times my condition was so bad I could not do satisfactory work," he continued. "My kidneys were so badly disordered that I had a constant pain across my back. I had little or no appetite and my digestion was so poor I had to be very careful about what I ate, and I had a heavy distressing feeling after nearly every meal, and often had dizzy spells and headaches, too. My liver seemed to always be sluggish and my whole system just seemed to be all run down. I lost twenty-five pounds in weight and was so weak that if I walked two blocks I would give out completely and have to sit down for awhile and rest. Although I took many different medicines and treatments I kept growing worse and worse all the time.

"I had heard a great deal about the good Tanlac was doing and finally I decided to give it a trial. And by the time I had finished the first bottle my appetite began to come back and my digestion improved. I continued to take it and when I had finished six bottles all my troubles had completely disappeared. It has been ten months now since I have been bothered with my kidneys or liver and what's more I have regained every pound of my lost weight and am in better general health than I've been for years. Everything I eat agrees with me and I don't know what it is to ever have a headache or dizzy spell. I sleep like a log at night and get up of mornings feeling just fine. Tanlac is responsible for my good health and I give it my unqualified endorsement."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—adv.

LOCALS BEATEN IN BEMIDJI GAME

FAILED TO SHOW USUAL SNAP AND WENT DOWN. 28 TO 15.

Without any apologies to offer or excuses to make the Elmer J. Eklund Post basketball team returned from Bemidji last Friday morning after having been defeated by the Gracie Post team by a score of 28 to 15.

The local boys failed to get away with their usual snap and the game was sewed up against them before they struck their gait. From all reports it was a very good contest, but for spectacular performances did not come up to the one played by the same teams in this city two weeks ago. The floor at Bemidji is much larger than that at the auditorium here and this bothered the visiting team considerably. According to impartial observers, however, the locals were outplayed, hardly a single member of the team sustaining his previous reputation.

A social session to which all the visiting players were invited was afterwards held at which dancing was the principal feature. The affair was most enjoyable.

About 150 fans accompanied the players, a special in charge of Conductor J. O. Yotter being run over the Soo for their accommodation. All had a good time in spite of the fact that sufficient provision had not been made for their presence at the game.

Made Five Arrests.

According to the quarterly report of the state game and fish commission there were five arrests made in Pennington county during the last quarter of the year 1919. Warden William Munch of Crookston was the complaining officer in each case. Illegal hunting was the charge in each case. Three of those arrested were residents of Bray township and they were fined $25 each. Two gave their home address as Thief River Falls, the fine in each of these cases being $10.

Thief River Falls, Minn.

Local Notes

Scott Laird spent Thursday in Bemidji attending to matters of business.

Judge Holm of Roseau visited on Thursday with his daughter, Mrs. Clarence Erickson.

Wyman Horr of Duluth, is in the city as the guest at the home of his aunt, Mrs. W. J. LaBree.

Mrs. Clarence Erickson left on Friday evening for the cities where she will receive medical treatment.

Otto Gullingsrud left on Thursday afternoon for Crookston to be in attendance at the farm crops show.

E. F. Mulcahey of St. Paul, spent the week-end visiting with friends in this city.

Geo. Leimers left on Thursday afternoon for Crookston on matters of business.

T. M. Thronson left on Thursday afternoon for St. Hilaire, where he attended to business affairs.

Ed. Holmgren, brakeman, left on Friday evening for the twin cities to attend to business affairs.

John Blom returned to his home in Rosewood on Saturday morning after attending to business here.

Miss Mable Haggland returned to Holt on Friday morning after having received medical attention in this city.

Mrs. A. E. Olson left on Thursday afternoon for Fargo, where she will spend a couple of days visiting with friends.

Theo. Rustabakke arrived on last Wednesday from Scobey, Mont., to attend the funeral services of his brother.

Miss Stella Mickelson returned to her home at Holt on Friday, after attending to some shopping here on Thursday.

Geo. Kezar returned to his home in Viking on Saturday morning after a brief visit in this city at the home of G. Kirby.

T. Ryerson returned to this city on Thursday after spending a brief period visiting at the home of his parents near Holt.

Miss Edna Thompson, who is engaged in teaching school in the vicinity of Oslo, visited on Saturday at her home in this city.

Miss Esther Motz returned to Moorhead on Thursday afternoon after having spent two weeks visiting at her home in this city.

Mrs. M. Wolf returned to her home at Fairdale, N. D., on Saturday morning after visiting with friends in this city and Big Stone City, S. D.

C. H. Morse left for Viking Thursday morning to attend to business.

H. B. Rafteseth left on Thursday morning for Rosewood on business.

Miss J. Branum returned to her home in St. Hilaire on Thursday afternoon. While here she was the guest of her niece, Mrs. Ferdie Brown.

Miss Winnie Booren who had been a guest at the home of her brother, Dr. G. W. Booren in this city, left on Thursday evening for her home at Stillwater.

Mrs. N. E. Muzzey and baby returned to their home at Steiner on Friday after visiting at the home of the former's mother in this city for a few days.

Peter Folstad returned to his home at Hannaford, N. D., on Thursday afternon, after having spent two days visiting at the home of Mr. and Mrs. J. Westven in this city.

Mr. and Mrs. A. Voltinson returned to their home in Deer River the latter part of last week after a brief visit in this city at the home of Mr. and Mrs. Earl DeVelling.

S. R. Robinson returned to his home at Oslo on Thursday morning after spending a few days visiting with his family who are guests at the F. H. Herrick home in this city.

H. Smith, who had been a guest at the Bronson home in this city, left the latter part of last week for Seattle, where he will visit before sailing for Alaska. This is the third trip Mr. Smith has made to the north.

Miss Mable Arveson of Duluth, who has been a guest at the home of Mr. and Mrs. H. P. Lund, in this city, left on Saturday morning for Warren, where she will visit for a short while before returning to her home.

Mr. and Mrs. Thos. Rose returned to their home in Lankin, N. D., Saturday after having attended the funeral services of the late Joe Maresh. They were accompanied by J. Maresh of Pesik, who came here for the same purpose.

E. O. Mogensen, clothier, left last week on a tour of the large markets in quest of goods to offer the people of this neighborhood this spring. He will go to Minneapolis, Chicago and St. Louis and things may so shape themselves that he will have to go to Philadelphia.

Misses Ruth Mathews, Virginia Will, Caroline Melby and Louise Erickson, all of this city, and Miss Helen Dalquist of Strandquist, who had been a guest of Miss Louise Erickson for a few days, left Thursday afternoon for Moorhead to resume their duties at the normal.

Mrs. John Wallace of Pittsburg, Pa., accompanied by her nephew Frank McKnight, Jr., of this city, left on Thursday evening for the above mentioned place. Mrs. Wallace was called to this city about two weeks ago because of the illness of her sister, Mrs. Frank McKnight, who is now much improved.

Albert S. Lieberman left the first of the week for Chicago on a purchasing trip. He will be gone about two weeks as his search for goods may carry him to points farther east. The clothing situation is rather unsettled and it is almost impossible for a merchant to secure what his trade demands unless he makes personal selections and insists on the stuff coming through.

Miss Bertha Erickson left for Alvarado, Thursday to visit a few days with friends.

William Calhoun left for Grygla on Thursday after spending a few days in this city on business.

Miss Lilian Borger left Saturday for the home of her parents in Silverton to spend the week-end.

Miss Esther Lilja, who has been employed at the City bakery, left for her home in Grygla last Thursday.

I. Bergquan left for his home at Grafton, N. D., Thursday after visiting at the O. H. Field home in this city.

Milton Lund, Joseph Weirus and Fred Will left for Bemidji Thursday morning to attend the basket ball game.

Mrs. J. Wold left for her home in Egeland, N. D., Thursday after visiting for a few days at the Ed. Timm home.

Mrs. P. Ferdinanson of Goodridge, returned home Saturday afternoon after spending a few hours visiting in the city.

Miss Hannah Peterson returned to this city on Thursday morning after having been employed in Fargo for a brief period.

Miss Guretta Dahl returned to her home in Rosewood on Thursday morning after visiting with friends in this city for a short while.

Mrs. Jos. Willmer has returned to her home in St. Paul, after a week's visit with her sister and brother-in-law, Mr. and Mrs. Louis Cohn, in this city.

Frank Thiviarge, J. Kramer and O. Knudtson from Shilling, Minn., left for Goodridge on Thursday on business, after visiting in this city with friends.

O. E. Sandberg of Hibbing, left for Hazel on Thursday morning where he will visit with his parents. While in this city he was a guest at the Froisness home.

Mrs. Gust Crown and baby left on Friday morning for Seattle, Wash., where they will make their future home. Mr. Crown preceded them a short time ago.

Miss Myrtle Hanson, who resides near this city, left on Saturday for Crookston to resume her studies at the agricultural school, after a short visit at her home.

Mr. and Mrs. T. P. Hamre left the first of last week for Excelsior Springs, Missouri in response to a wire that Mrs. Hamre's brother, Ed. Hogenson, was dying.

Mrs. James Farr, who visited for a brief period at the home of her mother-in-law in this city, left on Saturday afternoon for Fargo where she will visit with friends.

Among the Silverton people in the city on Saturday were noted Miss Emma Christofferson, T. McCormick, Gordon Senum, Chester Gunderson, Roy Groven, I. Senum, Nels Gullingsrud and Tom Breznay. Peter Anderson, who returned on Friday from the crop show at Crookston was also among the Silverton contingent which returned home on Saturday evening.

Miss Alice Welsh of this city left on Saturday for Fargo, where she will remain for an indefinite period.

H. A. Brumund left for the cities on Sunday evening to be engaged in matters of business for a few days.

Charles Ptacek left Saturday for his home in Mavie after spending a couple of days in the city on business.

H. B. Rafteseth left on Sunday evening for Pipestone to be employed by the Northwestern Drainage company.

A. J. Lawrence left on Sunday evening for Minneapolis, where he transacted business, returning to this city on Wednesday morning.

Miss Anna Krumpus of Conway, visited on Saturday with Miss Kelly, enroute to Minneapolis, where she will be the guest of friends.

Misses Elizabeth Johnson, Ellen Nelson, Ruth Anderson and Gladys Gigstad, all of St. Hilaire, shopped and visited in this city on Saturday.

Tom Lonson came down from Calloway on Saturday evening and visited with friends in this city over Sunday. He returned on Sunday evening.

Misses Olga Granum and Margaret Jorgenson returned to this city on Friday evening from Fisher and Grand Forks, where they visited for a few days.

Miss Ruby Stewart of Middle River, who has been in this city for a short time caring for her sister, Mrs. W. H. Wikel, who has been ill, returned to her home on Saturday.

John Ristau, Stanley Panek and Ben Habedank, who have been working near Fosston, visited for a short time in the city on Saturday, enroute to their homes in Germantown.

Miss Paula Amands, who is employed at the Physicians hospital in this city, left on Saturday afternoon for Red Lake Falls where she spent Sunday visiting at the home of her parents.

G. C. Streeter left on Sunday evening for Red Lake Falls via the Soo, to attend a meeting of the stockholders of the Peoples Auto company, which was held in that city on Monday afternoon.

Mr. and Mrs. E. Tollefsrud, who recently returned from a month's honeymoon, spent at points in Iowa and the southern part of the state, visited in this city on Saturday enroute to their home in Holt.

Doris and Leslie Provencher, who have been visiting at their home in this city, left Sunday evening for Minneapolis where they will be employed. Mrs. Leslie Provencher and baby will remain here for a while.

Miss Lucille Burns, who has been visitnig at her home in this city for two weeks, returned to Lake Park on Sunday evening to resume her duties in the schools there. It was found necessary to close the schools in that city because of the flu situation.

Paul Snyder returned to his home at Warren on Saturday morning after spending a few days in this city as the guest of his friend, Kenneth Wattem. While here he accompanied the local people to Bemidji to witness the basketball game at that place on Thursday.

Dinner Party.

Mr. and Mrs. M. W. Brink entertained at 7 o'clock dinner last Thursday evening. Covers were laid for twelve. Those who had the pleasure of the evening were the Misses Irma Johnson, Marie Nelson, Blanche Johnson, Grace Wilson, Zella Zeh and Meta Kiland, and Guy and Perry Johnson, Ed. Brevig, George Werstlein and Tudy Brink.

GOOD PLACES FOR GOOD STENOS

Many of the best stenographic position in this section are held by graduates of Dakota Business College, Fargo, N. D. Business men are on a constant look-out for the superior workers this school turns out.

The J. I. Case Threshing Machine Co., came to D. B. C. for a steno. Miss M. MacDermond was sent. The Internal Revenue Office secured Miss Florence O'Neill. Mr. C. H. Meyers is with Null & Roghl, Attys., Huron, S. D.

High School Progress

VAUDEVILLE

Have you seen Willie Jump and Jane Gab?—Who are they?

What a question to ask! The best way to find out would be to go to "A Rehearsal at Ten," the Senior Vaudeville to be given at the Lincoln High school next Saturday, Feb. 21. It will only cost you 15 or 25 cents, so be on hand and enjoy yourself. If you have never laughed before you surely will then. Come on and say goodbye to the blues for awhile.

Matinee in the afternoon at 2:30 and an evening performance at 8 o'clock.

Education

One of Mr. Ziegler's questions is this: "Why are you here? Why are you in school?" Are you in school merely because someone makes you go? Or are you in school just because everyone thinks that is where you should be? Or perhaps, you are in school, just for the fun you can have while you are there.

Are you there for any of these reasons, or are you there, putting in that hard work which will make you something when you go out into the world?

The majority of the young people of today are beginning to realize the value of having a good education. A few years ago, very few people thought it necessary to go farther than the eighth grade. Why should they? They could go to work just the same, and so they were satisfied. Now, however, most people do not even think of leaving school until they have completed high school and many do not stop until they have completed some college or university course.

What are you here for? Are you going to stop with a high school education? Are you taking the easiest subjects offered, "so that you won't have to study much" and have more time for fun? Or did you select a certain course regardless of hard subjects? Take, for example, the commercial course in our high school. Until this year, anyone could take any subject in that course without taking the whole course. Now in the commercial course there are some hard subjects and some easy ones. When it came time to select their subjects some pupils would say: "I guess I'll take typewriting, that's a snap, only typewrite two periods, no outside work and you get a whole credit." The same is said about penmanship and some of the other subjects. All they are looking for is the "snaps" something they can get a whole credit for without working.

Is that the right attitude to take towards school? Decidedly not! The boy or girl who picks the subjects that will help him or her most and takes school seriously is the one who is going to win in the world.

A Resolution

It hurts you none, you know,
To get to school on time.
But students are so very slow
And get to school past nine.

It's queer you get to school.
Just a little past the bell
When doors are closed for roll
And excuse there is to tell.

Let's make a resolution,
To retire at half past nine.
And see the revelation
Of getting to school on time.

Stop! Look! Listen!

Say! have you heard of the Big Idea? No? Say, where have you been? Why its the talk of the school. What is? Why the Carnival the Boys Atheltic association is going to give. Big? I'll say so! It is going to be so big they will have to use three buildings to hold it, the Lincoln, Washington and the new Smith-Hughes building. Ever see the Smith-Hughes building? Well, here is your chance, see it while you are seeing the Carnival. They are planning on 35 shows but you can just bet there will be 50! You'll win! Like ice cream? You can have all you want there! Remember all the Confetti you threw Fair Time? Wasn't it fun? Come to the Carnival, get some Confetti and then pay back that boy or girl who took you unawares and threw a handful down your neck, during the fair. Did you say you guessed it would be a good one? Of course, it is going to be a good one! It can't be anything else but good with 400 H. S. students and teachers behind it all pushing together. Did you say you wouldn't miss it? Of course you wouldn't! You can't afford to. When is ot to be? Friday, February 27th. Every one will hear about it. There'll be something wrong, somewhere if you don't. Watch for it! Wait for it! The time of your life, you'll have it at the H. S. Carnival!

The Student's Creed

I will blot out of my life the failures that come from wasted hours, and write into it the successes that come from time well spent.

I will keep life's page clean, and fill it with the record of knowledge gained.

I will fix my eyes on the goal of my ambition, and hold my hand to its task.

I will work hard, hope high, and live up to the best that is in me; then I can write at the end: "Well Done!"

Freshmen's Experience

Freshie: "Gee, look I got a D in Algebra. I'll go and tell my teacher I deserve more."

Another Freshie: "Take it from me don't you do it."

First Freshie: "But you know I really deserve more and how do you know but——"

Second Freshie: "I know cause I've had experience. I got an E last month. I went and told my teacher and he said: 'Oh, yes, that's my mistake. I had intended to give you F.'"

Oh, Boy!

After you've heard all about the influenza, and they have put a "flu" ban on everything in the line of pleasure, and you are forced to spend night after night, when you might be enjoying a movie, or a basketball game or even a dance, at home reading a book or crocheting or something as exciting as that, if the paper comes out on its regular day and announces the fact that the ban is to be lifted, and you rush to the nearest movie and buy your ticket, and go in still feeling as though its too good to be true, and then the lights go off and the pictures flash on the screen, and then you know the ban is lifted—Oh, Boy; ain't it a g-r-r-r-and and glorious feeling?

Class Games

Next Wednesday will witness the beginning of the basket ball games between the various classes of the high school; to decide which one shall have the honor of having the best team. They have gone through a great deal of diligent practice these last days so that they are all in fine condition for the final trials. The rumors are that each of the classes have excellent teams, so that luck will decide, more than anything else, who shall be victorious. The members of the respective classes are very much interested in these games and judging from their spirit at present, there will be considerable "pep" in the gym next week.

They Say:

The Girls' basket ball team is scheduling a number of games to be played after the flu ban is lifted.

Mr. Wyman Horr, who is visiting his cousin, Gordon LaBree, was one of the spectators of the boys' basket ball practice game on Wednesday.

R. M. Hadratil had his shorthand lesson this morning.

Watch for the basketball games scheduled for next week.

Any of the high school students who want a job, apply to Manager C. A. Vevea.

Are you going to the Senior Vaudeville?

Abraham Lincoln's birthday has again passed by, leaving us wondering at and admiring, as ever, the great man who has done so much to better our country and the entire world.

Gordon LaBree has been trying to get the flu but has not succeeded as yet.

A number of high school students enjoyed an impromptu card party at the home of Harriet Anderson last Wednesday evening.

Goldie Kellberg again attended school last Monday after a seven day absence. She had been obliged to go to her home west of this city because of sickness in the family.

Lynn Halvorsen, who has been unable to attend school for some weeks, took his place once more in the assembly room last Wednesday morning.

The flu kept Beatrice Sandum home the past two weeks, but we were all glad to see her among us again on Wednesday.

An amusing incident occurred in the chemistry class last week. The students were preparing chlorine, which experiments required bleaching powder and sulfuric acid. Three girls who were working as partners failed to get chlorine from the mixture. In fact, no action at all took place. Upon investigation it was found that one of the boys had *tricked the girls* by substituting common flour for bleaching powder, so they had been employed in a fruitless attempt to prepare chlorine from flour and sulfuric acid.

Do not forget the Vaudeville!

Card of Thanks.

We wish hereby to express our sincere thanks for the kindness and sympathy shown us during our bereavement. Also for the beautiful floral offerings.—Mr. and Mrs. S. A. Rustebakke and Family. f19

Card of Thanks.

We wish to thank our neighbors and friends who so kindly helped us during the illness and death of our beloved daughter and sister, Ethel, and also for the beautiful flowers.—Mr. and Mrs. John Dahlen and Family. f19

Card of Thanks.

We wish hereby to express our sincere thanks to all who assisted us during the illness and after the death of our beloved son and brother. Also for the beautiful floral offerings.—Mr. and Mrs. A. Rustebakke and Family. f19p

Bottled Manpower

Coughs and colds are weakening. Get rid of them as quickly as you can. Catarrh in any form saps the vitality. Fight it and fight it hard. There is a remedy to help you do it—a medicine of forty-seven years' established merit. Try it.

PE-RU-NA
For Catarrh and Catarrhal Conditions

It purifies the blood, regulates the digestion, aids elimination, tones up the nerve centers and carries health to all the mucous linings. For the relief of those pains in stomach and bowels, belching, sour stomach, rheumatism, pains in the back, sides and loins, PE-RU-NA is recommended.

PE-RU-NA restores to healthy action the vital organs which are so intimately related to the strength and vigor of the nation.

There are fourteen ounces of health giving punch and pep in every bottle. PE-RU-NA is a good medicine to have in the house, ready-to-take for emergencies. It is a good remedy to use any time.

AUCTION SALE

I will sell at public auction my SEVEN ROOM RESIDENCE located on Lots 16 and 17, Block 12, Porter's Addition, together with the following property, at my house on 410 Duluth Ave. So., 3 blocks south of Lincoln High School,

Thursday, February 26th

Commencing at 2 o'clock Sharp.

1 Summer kitchen, 8x10 feet.
1 auto shed, 22x10x8 feet high.
1 Ford Touring Car, 1919 model.
1 black cow, 5 years old. 1 good cattle dog
1 book case. 1 good rocker. 1 good organ.
1 kitchen range, nearly new. 1 ton hay
24 pure bred White Leghorn chickens.
1 kitchen cupboard, nearly new.
Dishes, books, and other articles too numerous to mention.

TERMS: All sums under $10.00 cash; over that amount bankable paper due Nov. 1st, 1920.

August Carlson, Owner

W. J. LaBREE, Auctioneer. CITIZENS STATE BANK, Clerk.

Farmers Creameries vs. Cream Stations

The Farmers Co-Operative creameries in Minnesota paid an average price for butterfat for 1919 of 66c. The centralizing creameries paid an average price for butterfat for 1919 of 59c.

This difference of 7c per pound of butterfat may mean the difference between a dairy herd that makes money for its owner and one that is a loss. A farmer selling two ten gallon cans of cream a week will lose around $200 a year by selling to a station.

Can you afford it?

Thief River Co-Op. Creamery Association

Thief River Falls, Minn.

Corn Pain Stopped Quick

"Gets-It" Loosens Them So They Lift Off in A Jiffy.

The corn pains cease as soon as a few drops of "Gets-It" reach the corn. It goes out of the hurting business forever.

This Space Vacant
Corn Gone
"Gets-It" Got It

For a day or so the corn remains, getting looser and looser and without a twinge from it. Then, it gets so loose that you just lift it right off, without even feeling it, and cast it away. That's how easily and simply "Gets-It" disposes of the corn nuisance.

"Gets-It," the unfailing, guaranteed, moneyback corn remover, costs but a trifle at any drug store. Mf'd by E. Lawrence & Co., Chicago.

Sold in Thief River Falls and recommended as the world's best corn remedy by

J. P. CURTIS

MURDER CHARGED AGAINST COUPLE

RELATIVES OF MRS. PEARSON HERE SAY CHARGES ARE UNFOUNDED.

Warrants charging Mr. and Mrs. Arthur Pearson of Crookston with murder in the first degree were sworn out by County Attorney James E. Montague of Polk county on Thursday. The charges allege that the couple placed a baby last Friday night on the roof of the Commercial hotel where it died. Discovery of the baby came on Sunday morning and the arrest of Mr. and Mrs. Pearson followed.

Arthur Pearson answered the charge of murder before Judge L. E. Gossman in Municipal court and preliminary hearing was set at 10 o'clock Feb. 20. As Mrs. Pearson is ill at a local hospital the warrant charging her with the crime was not served. The county attorney said that she will likely be arraigned some time during the present week.

Mrs. Pearson was formerly Miss Martha Furstnau of this city. Her father, William Furstnau, has a communication in this issue of The Times denying that his daughter or her husband are in any manner connected with the crime for which they are being held. Friends of the young woman here as well as the minister who performed the marriage ceremony for Mr. and Mrs. Pearson about three weeks ago are also certain that a mistake has been made, and that she is in no way connected with the alleged crime.

The condition of Mrs. Pearson, who has been at a hospital in Crookston, is said to be steadily improving.

Of Interest to Soldiers.

The next hearing on petitions for citizenship papers in Pennington county will be held in the court house in this city on the 27th day of February, 1920, at 10 o'clock in the forenoon.

Honorably discharged soldiers who wish to become naturalized can come to court with two witnesses who are citizens and can identify them, and they can be given their naturalization papers at once if they appear on the day set for hearing on petitions for naturalization. They must bring their certificate of discharge for inspection by the examiner. A soldier can be naturalized in any court, no matter in which county he lives. For further information apply to Adolf Eklund, clerk of court, Thief River Falls.

May Be Governor.

(Fairmont Sentinel.)

A good many republicans see in State Auditor J. A. O. Preus the only solution for a gubernational situation which threatens to weaken their party. Mr. Preus still has two years to serve in his present position, and he will not surrender his "bird in the hand" unless he does so in response to an unmistakable demand. He is frequently referred to as "the brains of the capitol." He has a charming personality and is fitted by nature and education to fill any position within the gift of the people.

Files For Secretary of State.

Sam Y. Gordon, former lieutenant governor and present state printer, has filed for the office of secretary of state. Sam has had a great deal of experience at the state capital and has made good wherever placed. He stands particularly well with the country newspaper boys and will start out with a strong line of support.

Mr. and Mrs. James Kelly returned to their home at Conway, N. D., Monday after spending the greater part of the winter at Williams, Minn. While in this city they visited with relatives.

Increased the Insurance.

The city council members evidently figure that this is not a time to take chances and have therefore increased the insurance carried on both the auditorium building and Carnegie library. The protection was inadequate even at a time when it would cost much less to replace the structures than now and the added insurance is only a sensible move. Both buildings are so constructed that the danger of destruction by fire is not very great, but the possibility is always present.

The council is also considering the advisability of having the auditorium interior redecorated. Nothing has been done in this regard since the building was erected and it is beginning to show the signs of wear. The ceiling and walls undoubtedly need repainting and there are other things necessary but the council hesitates to spend the money while there are so many other things going on that require the outlay of large sums.

INCLUDE ALLEYS IN PAVING JOB

ENGINEERS INSTRUCTED TO SUBMIT PLANS COVERING SIX BLOCKS.

At the same time as the storm sewers are installed in the paving district of the city the alleys through which they run will be paved. This decision was reached by the city council at a conference with R. E. Borrowman of the Bradley Engineering company, St. Cloud, the concern in charge of the work. The engineers were instructed to submit plans and specifications for this work at once in order that it may be included when application for bids is made.

The alleys in six blocks are to be treated in this manner, the district being specifically designated as follows: The alley between Horace and LaBree avenues and that between Main and Knight avenues, running from First to Fourth streets. This covers the paving district as at present constituted.

As soon as the plans are received City Clerk A. H. Akre has been instructed to advertise for bids on the work, the aim being to get started as early in the spring as possible. Well-known paving contractors will be at work in neighboring cities during the summer, both Bemidji and Warren having already awarded extensive jobs, and it is thought probable that these may become interested in the undertaking here.

The Legion Bulletin.

To members of Elmer J. Eklund Post No. 117, The American Legion: Owing to the fact that there has been a break in the subscription to the Legion Weekly, the post takes this method of advising the members that the weekly subscriptions expired on December 31 of each year and that their subscription is dropped. Upon the payment of 1920 dues the names of the members are forwarded to Washington. The Weekly is receiving from 35,000 to 50,000 names each week, while publishers are only able to add from 10,000 to 15,000 names a week to the lists. They are literally swamped.

Names will be added to the list as quickly as possible and the members who paid 75 cents will receive the paper for nine months and those who paid a dollar will receive it for one year from the time the subscription is entered.

In the meantime copies of the Legion Weekly can be found on sale at the different news stands in the city.

G. HOWARD SMITH, Sec'y.

Misses Ida Steenerson and Mabel McGinnity visited with their parents in this city the latter part of the week returning to Brooks on Monday, where they are engaged in teaching school.

LEAGUE MAN FOR HALVOR'S SEAT?

REPORT THAT BOWEN INTENDS FILING AGAINST STEENERSON FOR CONGRESS.

There is a rumor current to the effect that the Nonpartisans are planning on putting up a man to run against Halvor Steenerson for congress at the next election. The report, which as yet lacks confirmation, has it that A. E. Bowen, Nonpartisan League organizer and orator who has conducted league meetings in several northern Minnesota towns during the past two years, will be the league's candidate for congress from the Ninth district.

The Ottertail county league convention has endorsed him for the place it is stated.

Bowen is a North Dakota resident and has been employed by Townley as a lecturer and organizer for the past four years. He recently established a residence at Detroit, Minn., with a view, it is supposed, to becoming a candidate in this district.

Post Meeting Tuesday.

The members of Elmer J. Eklund Post, American Legion, will hold their next meeting in the dining room of the Hotel Evelyn on Tuesday evening. The meeting will be in the form of a smoker and a musical program will be a feature. A more than unusually interesting boxing match is also on the program.

A cordial invitation is extended to all returned service men who may wish to join the post. There are now about 250 members.

WHY IS 57 AND 8 LATE?

I often sit in silent contemplation—
Why in the name of all creation
Is Fifty-seven and Eight so late?
They have a train crew so exacting
It must be caused by poor dispatching

The con is always on a scurry,
His watchword it is "hurry, hurry,"
His body is in constant motion—
Why? The boy is counting on promotion.

The "hoggy" he's an ugly cuss,
But never stirs up any fuss.
He'll drill along with all his might
For sixteen hours without a bite.

The fireman, wet with prespiration,
Looks forward to the destination.
He shovels coal with might and main
While the pop valve murmuers a refrain.

The "hind man" is the way freight drudge.
While he always has a healthy grudge.
He's dependable as he can be
And gives "highballs" quite frequently.

The "swing man" is a carhound sure
His mania has no known cure.
He takes them all and looks for more
He'll surely reach the golden shore

The "head shack"—big and strong an burly,
Never heats in an awful hurry.
But strong of limb and true of mind
He bends the steel with ne'er a whine.

So why is it that this poor way freight
Should always be so terribly late?
With the entire crew so very exacting—
It must be due to poor dispatching
—SILENT OBSERVER

Attend Hotel Opening.

The new Hotel Lincoln at Red Lake Falls was formally opened to the public last Thursday evening, a large number of visitors being present besides practically every business and professional man in Red Lake Falls. C. L. Hansen, Math Barzen and O. D. Ostby were the representatives from Thief River Falls and report that the affair was a great success.

The Lincoln is a brick structure of 25 rooms besides the office, dining room and a fine cafe. It is built of brick and tile and presents a pleasing and substantial appearance. The neighboring city has for a long time been handicapped by reason of the fact that there has been no first-class hotel for the accommodation of the traveling public and the business men decided to take the matter into their own hands. A stock company was formed, all the money being raised right at home, and the result is a credit to their enterprise. The manager of the new hostelry is C. J. Kroll, a man of experience in this line, who will prove a genial and popular host.

Unclaimed Letters.

The following is a list of the unclaimed letters held at the Post Office at Thief River Falls, Minn., for the week ending Feb. 14, 1920. If not called for within two weeks from the above date, they will be sent to the Dead Letter Branch, Chicago, Ill.: Anderson, Mrs. Anton; Anderson, Mr. Gilbert E.; Blackburn, Mr. M. L.; Holvorson, H. M.; Johnston, Mr. Harvery; Landro, Miss Agnes; Meyer, Mr. John R. F. D. 2; Olson, Mrs. H. E.; Omundson, Mr. Theodore, (2); Peterson, P. H.; Sanger, H. R.; Sawyer, Mr. E. A.; Seitzler, Mr. W. H.; Solle, Mr. Emil; Swanson, Mrs. L. J.; Thomas, Mrs. Arthur. When calling for the above letters please state that they were advertised.

Interesting News

Concerning the Opening of the New Bon-Ton Millinery Store Friday Night, February 20

Owing to the fact that our floor covering and a few of our fixtures have been delayed in shipment, we will be obliged to open our store before it has been fully completed. However we were fortunate in receiving all our merchandise and there will consequently be no delay in the displaying of the goods. The showings are from ten different houses and comprises the most varied and stylish line ever shown in Thief River Falls. We will show

THE FISK HAT — PAUL PORIOT
THE MONOGRAM — HYLAND
BROWN'S — JOSEPH

and many other well-known models.

Things we intend to do:

1. Keep on hand hundreds of new pattern hats and employ a competent designer the year around.
2. We will not keep you waiting for a home-made hat in the way of orders as you will have hundreds of hats to select from.
3. We will show a complete change in pattern hats every 30 days.
4. Courtesy to everybody and the best service it is possible to give.
5. Our buyer will visit the city markets at least once a month.
6. Our motto: "Volume of Business with Small Profits."

We will look for you to be present on our opening night, Friday, Feb. 20, 1920.

Music and Living Models

The Bon-Ton Millinery

Located in the Christo Building, (formerly the Grundy Block) Third Street.

ANNOUNCEMENT

Because of the ever-increasing prices of all kinds of goods, we are facing very grave problems. These we have for some time been trying to solve. Practically every article handled by us has advanced from 20 to 30 per cent since the first of the year. Prices are already so high we dislike very much being compelled to raise them further. There is only one way open by which this may be avoided and that is to sacrifice on our own profits. In order to be able to do this, however, one thing is absolutely necessary: We must sell our goods for cash or on very short credits. We have therefore studied this matter very carefully and have decided as follows:

FIRST:

A very large proportion of our customers are now buying for cash or on very short terms.

SECOND:

It is not fair to the customer who is prompt pay that he should pay for the customer who lets his bills run.

THIRD:

If we get paid promptly for the goods sold we can pay cash for goods bought and get a discount of 2 per cent instead of paying 8 or 10 per cent interest.

We have therefore decided that from and after the first day of March, 1920, our TERMS WILL BE CASH. However, for the accommodation of customers who have proven themselves prompt pay we will give an extension of 30 days from the time of purchase.

This arrangement is entirely in the interest of the prompt-paying customer as he is the one who must always pay the bill for losses through poor accounts as well as the other expenses merchants have if they are to remain in business.

BOTTEM HARDWARE CO.

The Story of The Bank Book

In your Bank Book is written the story of your Success in Life.

It is to your Bank Book you turn when opportunity comes and upon the balance it shows depends in a great measure your ability to grasp your chance.

On rainy days when the storms of adversity gather and break against you bringing financial stress, it is your Bank Book that, walking by your side, brings you through in safety.

Again sickness may come and your earning capacity is limited or eliminated. Your Bank Book comes to your rescue providing for your comfort and, yielding of its resources it brings you back to health.

Then finally when Life's shadows grow dim and the twilight of declining years settles upon you, your Bank Book brings to you the comfort and the cheer that makes your last days, days of independence, happiness and enjoyment.

Why not begin now to cultivate the friendship of your Bank Book. You will be repaid a thousand fold in the years to come.

We'll be glad to show you how easily it can be done.

First National Bank

SAYS GUARANTEE IS STILL NEEDED

DIRECTOR BARNES CLAIMS IT FURNISHES PROTECTION FOR FARMER.

Taking issue with Senator Gronna of North Dakota, who in introducing a bill to repeal the wheat price guarantee act said that such a guarantee was no longer needed for protection of the farmers, Julius H. Barnes, federal wheat director, in a statement this week said that on the day the measure was introduced certain grades of wheat on the Minneapolis market fell within five cents of the guarantee. Just a few days previous, Director Barnes added, the same grades on the same market had fallen fifty cents and more per bushel.

Mr. Barnes also denied the contention of the North Dakota senator that the wheat guarantee act was enforced so as to prevent wheat prices rising above the guarantee.

"Wheat is 193 per cent higher than in 1913 while bread is 77 per cent," Mr. Barnes' statement said.

Senator Gronna in a statement denied his bill would repeal the wheat price guarantee but was intended only to abolish the United States grain corporation.

Is Nearing Completion.

The new brick building of the Northern Woodwork company, the name taken by the contracting and woodworking concern known as Ole R. Revdahl & Co., is rapidly nearing completion. Unless some unforseen delay occurs it is expected that everything will be in running order sometime between the fifteenth of March and the first of April.

When equipped this plant will be one of the best woodworking establishments in this section of the state. The plant will be housed in a new brick building 50x80 feet and two stories high. It is the intention of the concern to be in a position to take care of all orders in its line, no matter what the size or where located.

The Babcock Plan.

Biwabik Times: The Babcock road plan means a trunk highway system in the state of 7,000 miles; it will relieve the counties of all expense in maintaining these highways; it will release sufficient local funds, if concentrated, to enable counties and townships to build in ten years 21,850 miles of graveled roads costing $5,000 per mile; it will make accessible the beauty spots of Minnesota; it will reduce marketing costs and develop the agricultural resources of the state to the extent of millions of dollars; it will give the state the most wonderful road system possessed by any state in the union. And all this will come to pass without increasing the general taxes in the state one penny. The motor vehicle owners, who pay increased fees, will have their money returned to them three-fold through decreased costs of operation. That is what Amendment No. 1 means. Surely it is worth thinking about, talking about and voting for.

PROVIDE RELIEF BEFORE MEETING

FLOOD SUFFERERS WILL BE LOOKED AFTER WHERE NECESSITY EXISTS.

Meetings scheduled to take place at different points in the flood area have been postponed on account of the flu. One was to have been held at Goodridge early in the month by Special Appraiser Scott Laird. Mr. Laird decided that it would be unsafe to call the people together. The meetings will be held as soon as it is safe to proceed, but at the present time no definite date can be set.

Blank forms for those who are in actual need have been sent out and provision made for taking care of them at once. Applications are being received daily from some of those whose situation calls for immediate action and they are being promptly acted upon.

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added *dollars* to the cost of the necessities of life, while freight charges have added only *cents.*

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for $30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for $50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The $10 pair of shoes that used to sell for $5 goes from the New England factory to the Florida dealer for a freight charge of 5⅔ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

Caesar

By VIRGINIA HOOD

(Copyright, 1919, Western Newspaper Union.)

"Oh, papa—please, please don't!"

"Gr-rr!" half roared, half snarled Colonel Abner Taylor, and swung his gold-headed cane at a great water dog ten feet away. Too late Ethel, his daughter, sought to intervene. The heavy walking stick grazed the head of the noble looking animal. For an instant its muzzle quivered and its white, gleaming teeth showed. Then, with rather a contemptuous look than a reproachful one, Caesar straightened up with dignity, took the cane between his jaws, walked over to where Ethel stood distractedly wringing her hands and laid the offending missile at her feet.

In an instant Ethel was kneeling at the side of Caesar, caressing him, her face, flooded with tears, buried in his silky coat. She even kissed him.

"And I'd do it to Waldron, too, if he were here!" she cried, hysterically and defiantly. "Oh, you cruel father! Oh, you wicked tyrant! To try to hurt a poor, innocent dumb animal that wandered here out of compassion for me. Go home, Caesar, and tell Waldron I love him more than I ever did!"

"Innocent dumb animal—bah!" snorted the colonel wrathfully. "The vicious brute would delight to chew me up. Just as Waldron Revere would! Man, dog, friends, mall, everything appertaining to that young man will be taboo around this house, I can tell you!"

"You won't taboo my love from him—never!" sobbed forth Ethel, and ran into the house, leaving her father feeling decidedly uncomfortable.

Once the father of Waldron Revere had defeated Colonel Taylor in a political campaign. The election was fair and decisive. Not so for the beaten candidate. He nursed his sullenness into hatred and never spoke to John Revere again. When his son appeared as the lover of gentle Ethel it was with supreme satisfaction that her father declined his advances. A climax had now come which developed some spirit in Ethel and the autocratic colonel was uneasy at the open rebellion that had materialized.

He did not see Ethel again that day and the next morning she came down to breakfast looking pale and broken-spirited. The heart of the father smote him, but he resolved never to unbend. "The son of an enemy shall not crow over me!" he muttered. Then he took his fishing rod and went down to the brook.

There was a favorite spot where the colonel loved to sit, waiting for a bite. It was a big rock in the center of the stream, around which the current swirled. He reached it with a little skiff, the bow chain of which he secured under two big stones, and got comfortably placed with his fishing tackle, his back braced up against a smooth fragment of slate.

It was a drowsy afternoon and the fish were not inclined to take the bait with any avidity. The sun was hot and beat down upon the marooned angler, lulling him into somnolence. A marooned man he was, but too indolent to note that the skiff had drifted away. Then his chin sank upon his breast, next the fishing rod slipped from his nerveless hand. He toppled finally, went his full length across the face of the rock and, with senses still dazed, slipped over into the water with a splash.

His head had struck a half-submerged boulder and the stunning contact completed his befogged and helpless situation. He was conscious of peril, of fast fading consciousness. He fancied he made out an object leave the shore and approach him. Then, with a choking gurgle in his throat, he sank under the surface of the water.

A little urchin rounding a belt of timber in pursuit of Caesar, the pet of half the town, came into view of his runaway animal playmate to view the dog in midstream, tugging at and holding to the collar of the coat of a limp, draggled form. The brave, intelligent animal managed to land his burden upon the shelving sandy shore. The lad, terrified at the white face and motionless pose of the rescued one, uttered a shrill shriek of terror and ran for the nearest house. It was the home of Caesar and his young master and of the rest of the Revere family. The incoherent story of the bewildered and frightened boy was sufficient to start Waldron Revere and his gardener in hot haste for the river with sincere concern. Waldron hurried his own movements and those of his companion in getting the insensible Colonel Taylor to the house. Then, on horseback, the gardener made wild speed to reach the nearest physician. The latter worked over his inanimate patient for an hour before he pronounced him out of danger.

Lying upon the couch near an open window, Colonel Taylor listened dreamily, and then sitting half-upright, to the voices of two children outside making a wonder story of the adventure of little Tod Wilkins in discovering "the drowned man," of the way Waldron Revere carried the former on his shoulders "clear to the house!" of the wild ride for Doctor Jenkins. It was then that the colonel realized that it was the hand of an enemy that had saved his life. And just then Waldron came into the room. The colonel put out a beckoning hand.

"Revere," he voiced, though feebly, "I'm weak and I've been sinful. Send for Ethel—I want to give you both my blessing."

Know How it Feels.

Red Lake Falls Gazette: We can sympathize with the Thief River Falls Times in the loss of their plant by fire last week. Three years ago on February 15, the Gazette went thru the same trial and we know how hard it is to get things going again, to collect machinery and materials with which to work. But there is nothing to do but buckle in and start all over again and this The Times is doing with all possible dispatch. The Times had a fine plant and had only recently removed to larger quarters where everything was up to the minute. A big newspaper press capable of printing 4,000 copies an hour had been installed last summer, and it certainly is a misfortune that this costly equipment was totally ruined.

Are Paying Up.

The Pennington County Agricultural association will soon be entirely out of debt. A good sum was netted last year and out of this there was $900 paid on the outstanding indebtedness, leaving a balance of $2600 yet to be paid.

James Mulhall has been appointed as special police to have charge of the fair grounds and will be made a deputy sheriff for that purpose.

The Public Forum

Defends His Daughter.

Editor Times: I wish to inform you that my daughter and son-in-law, Mr. and Mrs. Arthur Pearson, who are under arrest in Cookston on a charge of murder, are not guilty of any crime.

They were not married in Crookston, as the Tribune stated last week. It is an easy matter to prove that Mrs. Pearson was not in the condition charged at the time of her marriage.

I am sure that my daughter as well as her husband will prove themselves innocent at the proper time. I believe some dirty sneak took this means of throwing dirt at a nice, clean couple, but it will not go. Mrs. Pearson never was in jail and never will be.

CHAMBERLAIN'S COUGH REMEDY

"Granny" Chamberlain

Whooping Cough

"The disease I most dread is Whooping Cough, for children are often permanently injured by the awful straining of the cough. You should never neglect it, and treatment should be started at the first symptom. You cannot mistake the symptoms: protracted coughing, worse at night; peculiar whoop; labored expectoration of mucus; apparent suffocation after coughing.

Chamberlain's Cough Remedy

is a positive remedy for this disease—repeat the dose frequently, for if given freely it liquifies the tough mucus, makes it easy to expectorate and counteracts any tendency toward pneumonia. There is no danger whatever from Whooping Cough when Chamberlain's Cough Remedy is freely given."

Yours for Health —Granny Chamberlain

AUCTION SALE

Having sold our farm and will retire, I will sell at public auction the property listed below at the old farm, the northwest quarter of section 23, township of Smiley, on the south side of Red Lake river known as the old Fisherman's Bend, 5 miles east and 2 miles north of Hazel, and 9 miles southeast of Thief River Falls, on

Friday, February 27

Order Limiting Time to File Claims, and For Hearing Thereon.

State of Minnesota, County of Pennington, ss. In Probate Court.

In the Matter of the Estate of Tobias Olson, Decedent.

Letters of Administration this day having been granted to Oscar Olson;

IT IS ORDERED, That the time within which all creditors of the above named decedent may present claims against his estate in this Court, be, and the same hereby is, limited to six months from and after the date hereof; and that Friday the 13th day of August, 1920, at ten o'clock A. M., in the Probate Court Rooms at the Court House at the City of Thief River Falls, in said County, be, and the same hereby is, fixed and appointed as the time and place for hearing upon and the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid.

Let notice hereof be given by the publication of this order in the Thief River Falls Times, three consecutive weeks, as provided by law.

Dated February 11th, 1920.

IRA C. RICHARDSON,
(Court Seal.) Judge of Probate.
THEO. QUALE,
Attorney for Estate.

Citation For Hearing on Petition For Administration.

Estate of C. V. Peterson.

State of Minnesota; County of Pennington. In Probate Court.

In the Matter of the Estate of C. V. Peterson, Decedent.

The State of Minnesota, to Edward Peterson, Leonard Peterson, Annie Johnson and Gustaf Peterson, and all persons interested in the granting of administration of the estate of said decedent. The petition of Leonard Peterson having been filed in this Court, representing that C. V. Peterson, then a resident of the County of St. Barbara, State of California, died intestate on the 26th day of January, 1920, and praying that letters of administration of his estate be granted to Leonard Peterson, and the Court, having fixed the time and place for hearing said petition: Therefore, You and Each of You, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House, in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 5th day of March, 1920, at 10 o'clock A. M., why said petition should not be granted.

Witness, the Judge of said Court, and the seal of said Court, this 11th day of February, 1920.

IRA C. RICHARDSON,
(Court Seal) Probate Judge.
O. A. NAPLIN,
Attorney for Petitioner.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage executed and delivered by Lulu D. Halvorson and Gay Halvorson, her husband, as mortgagors, to Northwestern Building Association of Fergus Falls, a corporation, as mortgagee, dated June 14, 1916 and recorded in the office of the Register of Deeds of Pennington County Minnesota, on the 20th day of June 1916 at one o'clock P. M., in book 4 of mortgages on page 237, and no action or proceeding having been instituted at law or otherwise to recover the debt remaining secured by said mortgage, or any part thereof, and there being claimed to be due and is actually due on said mortgage at the date of this notice the sum of two thousand three hundred and eight ($2,308) Dollars and the sum of forty-one dollars and seventy-four cents ($41.74) for taxes for 1916, paid by said mortgagee on May 13, 1918, and the further sum of sixty-three dollars and thirty cents ($63.30), for taxes for 1917, paid by said mortgagee on May 12, 1919, making the total amount due at this date the sum of two thousand four hundred and thirteen dollars and four cents ($2,413.04.)

Notice is hereby given, that by virtue of the power of sale contained therein, said mortgage will be foreclosed and the premises therein described situated in the County of Pennington, State of Minnesota to-wit: Lot twelve (12) and the north one-half (N½) of lot eleven (11) in block sixty-three (63) of the Original Townsite of Thief River Falls, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said county and State will be sold by the sheriff of said county at public vendue to the highest bidder on the 3rd of March, 1920, at 10 o'clock A. M., at the front door of the Court House in the City of Thief River Falls, in said County and State, to pay said debt, the interest thereon and an attorney's fee of seventy-five ($75) dollars stipulated in said mortgage and the expenses of sale, subject to redemption at any time within one year from the date of sale as provided by law.

Dated January 6, 1920.

Mortgage Foreclosure Sale.

WHEREAS, default has occurred in the conditions of a certain mortgage made, executed and delivered by T. C Peterson, a single man, as mortgagor to Citizens State Bank of Thief River Falls (a corporation under the laws of the State of Minnesota), mortgagee, upon the following described lands lying and being in the County of Pennington and State of Minnesota, described as follows, to-wit:

The Northeast Quarter of the Southwest Quarter (NE¼ SW¼) and the South half of the Southwest Quarter (S½ SW¼) of Section Thirty-five (35) in Township One Hundred Fifty-two (152) North, of Range Thirty-nine (39) West of the Fifth Principal Meridian, containing 120 acres, more or less, according to the Government survey thereof, which said mortgage bears date on the 9th day of December, 1916, and, with the power of sale therein contained, was duly recorded in the office of the Register of Deeds of said Pennington County, Minnesota on the 19th day of January, 1917, at 8:00 o'clock A. M., in Book "12" of Mortgages on page 369, and which mortgage was assigned to The Netherlands American Mortgage Bank by instrument in writing, dated January 20, 1917, filed for record in the office of the said Register of Deeds aforesaid on the 20th day of January, 1917 at 11:00 o'clock A. M., in Book "56" of Mortgages on page 322, and which said mortgage was again assigned to Albertus J. Prins by said assignee of mortgage, by instrument in writing, dated January 30, 1920, filed for record in the office of said Register of Deeds aforesaid on the 2nd day of February, 1920, recorded in Book "11" of Mortgages on page 562, and which said mortgage was given to secure the payment of the sum of Twelve Hundred ($1200) Dollars according to the terms of one (1) certain promissory note, made and executed by said T. C. Peterson said mortgagor, to said Citizens State Bank of Thief River Falls, said mortgagee, which note bears even date with said mortgage, together with five (5) interest coupon notes, executed simultaneously with said principal note, said coupon notes being payable on the 15th day of December in the year 1917, 1918, 1919, 1920, 1921, each for the sum of Seventy-two ($72.00) Dollars, which said interest coupon note due on the 15th day of December 1917, and also interest coupon note due on the 15th day of December, 1918, and also interest coupon note due on the 15th day of December, 1919, are past due and unpaid; and,

WHEREAS, it was among other things in said mortgage provided that in case of default in the payment of interest the whole of the principal sum, together with interest should, at the option of the mortgagee, or its assigns, be declared to be due and payable; and,

WHEREAS, the said mortgagor neglected to pay, and has not paid said interest maturing and becoming due on said mortgage on the 15th day of December, 1917, and interest maturing and becoming due on said mortgage on the 15th day of December, 1918, and interest maturing and becoming due on said mortgage on the 15th day of December, 1919, as aforesaid, amounting to the sum of Seventy-two ($72) Dollars on December 15, 1917, and Seventy-two ($72) Dollars on December 15 1918, and Seventy-two ($72) Dollars on December 15, 1919, and by reason of said default the whole amount of the principal and interest thereon is by said last named assignee of mortgagee deemed to have become due and payable in accordance with the terms and conditions of said mortgage; and,

WHEREAS, there is claimed to be due and is due at the date of this notice the sum of One Thousand Four Hundred Forty and 72-100 ($1440.72) Dollars secured by said mortgage, and no suit or other proceeding having been instituted at law, or otherwise, to recover the debt secured by said mortgage, or any part thereof.

NOW, THEREFORE, Notice is hereby given that by virtue of the power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, said mortgage will be foreclosed and the real estate therein and hereinbefore described will be sold at public vendue by the Sheriff of said Pennington County at the front door of the Court House in Thief River Falls, said Pennington County, Minnesota on the 29th day of March, 1920, at 11:00 o'clock in the forenoon of that day to the highest bidder for cash to pay the amount which shall then be due on the debt secured by said mortgage, including Seventy-five ($75) Dollars attorney's fees, as stipulated in and by said mortgage, in case of foreclosure, and the disbursements allowed by law, subject to redemption as allowed by law.

Dated February 5, 1920.

City Council

Council Chambers, Thief River Falls, Minnesota.

An adjourned regular meeting of City Council was called to order by H. A. Brumund, President, at eight o'clock P. M., Feb. 13th, 1920.

Roll Call: Members present; Froseth, Dahl, Brumund, Ness, Brandon, Ihle. Members absent; None.

Moved by Ihle, seconded by Froseth, that the depository bond with sureties as submitted by the Citizens State Bank be approved. Motion carried.

Moved by Ihle, seconded by Ness, that the Bradley Engineering Service Co., be instructed to prepare plans and specifications for the construction of storm sewers on First Street from Horace Ave., to the center of alley of Block 57, O. T. S., and on Second Street from LaBree Ave., to the alley of Block 36, O. T. S. and on Third Street from Horace Ave., to the alley in Block 29; also for the construction of a sanitary sewer from the manhole at the intersection of Main Ave., and Second Street to connect at the proper point with the present sanitary sewer between Second and Third Street. Motion carried.

Moved by Brandon, seconded by Dahl, that the Bradley Engineering Service Co., be instructed to prepare plans and specifications for the paving of the alley of Blocks 58, 35, 30, 29, 36, 57, 56, 37, 28. Motion carried.

Alderman Ihle, seconded by Alderman Froseth, introduced a resolution authorizing the payment of $212.63 to Holt & George on water main contract. (See Resolution.)

Moved by Ness, seconded by Ihle, that the insurance on the auditorium be increased $19,200.00 and insurance on the library be increased $11,400.00. Motion carried.

Alderman Ihle, seconded by Alderman Brandon, introduced a resolution authorizing the payment to the Bradley Engineering Service the sum of $466.34. (See Resolution.)

Moved by Ihle, seconded by Dahl, that the rent of the City Clerk's office and stock room be fixed at the rate of $150.00 per month, $125.00 to be charged to the Electric Light Dept., and $25.00 to be charged to the Waterworks Dept., rent of the Municipal Court room at $10.00 per month, Chief of Police office at $15.00 per month and the rent of the room occupied by the Farm Bureau at $15.00 per month. Motion carried.

Moved by Brandon, seconded by Dahl that the Council adjourn until Thursday, Feb. 19th. Motion carried and Council adjourned.

H. A. BRUMUND,
President of the Council.

Attest: A. H. AKRE, Clerk.

Resolution.

At a regular adjourned meeting of the City Council held Feb. 13, 1920, Alderman Ihle, seconded by Alderman Froseth, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that the City Clerk be, and hereby is, directed to issue to Holt & George Plumbing and Heating Co., the warrant of the City in the sum of $212.63, drawn on the proper fund, in payment of current estimate in said sum, on the Water Main Contract.

Roll Call: Aldermen voting Yes; Froseth, Dahl, Brumund, Ness, Brandon, and Ihle. Aldermen voting No; None.

Resolution declared passed.

H. A. BRUMUND,
President of the Council.

Approved Feb. 17, 1920.
JOHN BRATRUD,
Mayor.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a regular adjourned meeting of the City Council held Feb. 13, 1920, Alderman Brandon, seconded by Alderman Ihle, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that the City Clerk be, and hereby is, directed to issue to the Bradley Engineering Service warrant of the City, drawn on the proper fund, in the sum of $466.34, in payment of the following items, pursuant to the contract entered into between said Bradley Engineering Service and the City on July 8, 1919, to-wit:

To preparing plans and specifications for White Way Improvements, the same being one per cent on the contract price thereof, $107.84;

To two-thirds of two per cent of the contract price of the contract heretofore let for the construction of Sewer and Water Connections and Storm Sewers, $358.50;

The total of said items for services amounting to said sum of $466.34.

Roll Call: Aldermen voting Yes; Froseth, Dahl, Brumund, Ness, Brandon, and Ihle. Aldermen voting No; None.

Resolution declared passed.

H. A. BRUMUND,
President of the Council.

Approved Feb. 17, 1920.
JOHN BRATRUD,
Mayor.

Attest:
A. H. AKRE,
City Clerk.

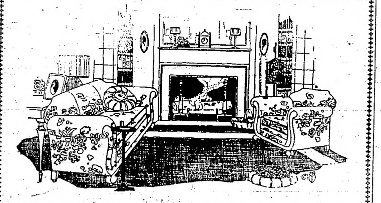
Announcement

The Northern Woodwork Company, successors to Ole R. Revdahl & Co., will occupy their new quarters on Knight avenue near the Great Northern tracks sometime between March 15 and April 1. The building is rapidly nearing completion and the installation of machinery will soon be under way.

At the new plant we will be in better shape than ever before to undertake any job in the woodworking line, such as Store Fixtures, Millwork, Sash, Doors, Screens, Etc.

All work entrusted to us will receive our most careful attention and will be guaranteed both as to quality of material and excellence of workmanship.

Northern Woodwork Company



Well Designed Furniture for the Living Room

Living Room Furniture to serve the purpose for which it is intended, must not only be good to look at, but it must yield the maximum of service when in use.

The construction must be substantial, but not cumbersome. Comfort and utility must be carefully combined with beauty.

That our displays aptly offer both features you will quickly realize if you will take the time to inspect our present stock.

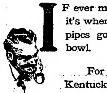
Do not forget that we carry the largest and most complete line of stoves to be found in this section. Our ranges are from the best-known manufacturers in the country and are guaranteed in every respect.

Larson Furniture Company

Now All You Good Fellows, Come Fill Up Your Pipes

Velvet
TOBACCO
LIGGETT & MYERS TOBACCO CO.

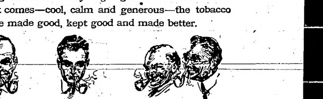
The Velvet tin is twice as big as shown here



IF ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature *made* for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.



Velvet's sweetness is the sweetness of good tobacco, not "*put on*" like "frosting" on a cake. Its mildness comes from *natural ageing*, not from having the life *baked out*. Its fragrance is true tobacco fragrance, not a *perfume*. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."

Liggett & Myers Tobacco Co.

—the friendly tobacco

Society

The Horr Recital.

The Woman's club of Thief River Falls enjoyed an unusual treat on Monday afternoon when Wyman Horr of Duluth, formerly of Thief River Falls, appeared in a piano recital. Mr. Horr is a promising musician of more than ordinary ability and his playing has gained for him much favorable comment in musical circles wherever he has appeared.

His program in this city demonstrated that he is a pianist of ample technical gifts and good tone. His interpretative ability was particularly shown in the "Romance" by Sebelius. In the "Etude" by Orensky and the First Movement Nors Sonata by McDowell, his fine rythmical values and aqually good finger work made an excellent showing. The graceful Etudes by Chopin were played with fine spirit. The artist's pedal work was especially good.

Mr. Horr is a nephew of Mrs. W. J. LaBree of this city and is on his way to New York where he expects to continue his studies. He is accompanied by his mother. All who heard him on Monday will wish him success in his musical career and hope they may have the pleasure of hearing him again in the near future.

Foss-Anderson.

A pretty wedding took place at the residence of Rev. A. F. Nelson of St. Hilaire on Wednesday, Feb. 11, at two o'clock in the afternoon, Rev. Nelson officiating. The contracting parties were Clifford Foss of Gilby, N. D., and Miss Anna Anderson of River Falls this county. The couple was attended by H. Wallen and Miss Edna Anderson. Immediately after the ceremony the newlyweds left for Gilby, N. D., where they will make their future home on the groom's farm. Their many friends join in wishing them a long, happy and prosperous married life.

Memorial Program.

The W. C. T. U. will give a Francis E. Willard memorial and jubilee program at the Methodist church on Tuesday evening, Feb. 24, at 8. This promises to be a rare treat as the most able musicians in the city will take part. The Presbyrteiah church choir, under the leadership of Mrs. Edberg, will render several selections. Everyone is welcome. Refreshments will be served at the conclusion of the program.

Dibble-Favrow.

The marriage of James Dibble and Beatrice Favrow took place at the M. E. parsonage on Sunday afternoon at two o'clock. The young people were attended by Wesley Pierson and Miss Mildred Dibble. The newlyweds are well and favorably known here and have a host of friends who will wish them a happy and prosperous married life. The ceremony was performed by Rev. J. B. Smith.

Double Wedding.

On Saturday evening at the Swedish Lutheran parsoinage occurred the marriage of Miss Clara Bjerkman and Otto Willie, both of Mahnomen county and Alfred Bjerkman of Mahnomen county and Miss Anna Rierson of Marshall county. The newlyweds were attended by Paul Willie and Lottie Bjerkman.

Surprise Party.

About twenty-five friends of Mrs. E. C. Remer gathered at her home last Saturday evening and surprised her in honor of her birthday. The evening was spent in a social manner and games were also enjoyed. At eleven o'clock a delightful lunch was served.

Dinner Party.

Mrs. P. W. Mabey entertained a few of her immediate friends at a dinner party on last Wednesday evening.

In Honor of Mrs. Horr.

Mrs. W. J. LaBree entertained a few ladies on last Thursday afternoon in compliment to her sister, Mrs. Chas. Horr of Duluth who is her guest.

Surprise Party.

A number of ladies pleasantly surprised Mrs. A. B. Stenberg at her home in the Evenson flat on LaBree avenue north last Friday evening. Needlework formed the evening's diversion.

Mrs. Larson Entertains.

Mrs. L. G. Larson entertained about twenty ladies at her home on Bridge street last Saturday afternoon. Whist was played at five tables. At the conclusion of the afternoon a delicious lunch was served.

First showing of spring hats now on at Dalquist's Millinery. f19

Obituary

Mrs. Caroline Rod.

Mrs. Caroline Rod passed away at her home in Spooner at the age of 26 years, death resulting from pneumonia. She was born in Norway Sept. 1, 1882, coming to this country when only three years old. On Feb. 26, 1907, she was married to Axel Rod, and to this union three sons were born, two of whom are living and are as follows: Arthur, aged 10, and Gordon, aged 9. Funeral services were held in this city on Feb. 18 and interment made in Greenwood cemettary. The deceased taught school near this city for six years previous to her marriage. She is a daughter of C. Hofseth of this city, and a brother, John, also resides here. At the time of her death she was president of the Parents and Teachers association and was treasurer of the Spooner school board, serving her third term. The family has resided in the city of Spooner since 1910. She leaves a host of friends and relatives who will deeply mourn her demise.

John B. Engen.

John B. Engen, one of the well-known farmers of Highlanding township, died on Feb. 12. Deceased leaves a wife and family of grown-up children. He was prominent in the eastern end of the county for many years and had a wide circle of friends and acquaintances. Details of the funeral will be published next week.

Andrew Gangness.

Andrew Gangness died in this cityl on Feb. 16th, at the age of 60 years. Interment took place in Greenwood cemetery on Tuesday afternoon.

Alec Shores.

Alec Shores passed away at the home of his daughter, Mrs. J. G. Twinbaugh of Goodridge on Sunday evening. Deceased was a civil war veteran and at the time of his death was 74 years old. He leaves to mourn his demise a wife and one daughter, Mrs. Twinbaugh. Interment took place in the Torgerson cemetery on Wednesday.

Ray W. Mundt.

On February 14 at 3:30 p. m. occurred the death of R. W. Mundt at his home, 109 LaBree avenue south. The cause of his death was pneumonia following influenza. Interment took place in the Catholic cemetery on Feb. 16. He leaves to mourn his demise a wife and four small children.

Ethel Dahlen.

Mr. and Mrs. A. H. Dahlen of Erie mourn the loss of their seventeen-year-old daughter, Ethel, who died the first of the week. Besides her parents she leaves five sisters and two brothers, Clara, Mamie, Myrtle, Gena, Nina and Clarence and Justin.

Annie Mathilda Anderson.

Mrs. Annie Mathilda Anderson, wife of Theo. G. Anderson of Sanders township, died on Feb. 14 from influenza. Deceased was 22 years old. Interment took place in Landstadt cemetery on Feb. 17.

A Chanceto Own Your Own Home.

As I am contemplating other extensive improvements in the city, I will offer for sale four houses, all modern, on Fourth St. N., between Main and LaBree avenues, at $2500 each. I also have other property that I will sell at 20 per cent less than it will cost to build them at the present prices. It will pay you to look this up if you want to buy a home.

f19 M. V. EVENSON.

CHIROPRACTIC
Questions of the Day

Do you use medicines or drugs? No.
Do you use electricity? No.
Do you use stretching machines? No.
Do you practice surgery? No.
Do you rub, slap or massage? No.
Do you hypnotize? No.
Do you mesmerize your subjects? No.
Do you practice osteopathy? No.
Does the patient need to have faith? No.
Do you break peoples' backs? No!
If we did they would hang us.
Do you give treatments? No!
Do you cure? No! We don't appropriate credit which belongs to nature.
What do you do then?——We adjust the cause of disease.
Can there be any effects if there is no cause? Surely not.
What is CHIROPRACTIC? It is the science of common sense applied to the human machine.

Investigate

Those who scoff at or speak lightly about new ideas which they have not investigated brand themselves as bigoted, while those who have no opinion on a subject which is demanding general attention must pass as quite ignorant. Don't be either!

Things move along so rapidly now that people who say "it can't be done" are constantly being interrupted by somebody doing it. Why not Chiropractic? The Better Way to Health. Investigation costs nothing. Chiropractic eventually, why not first.

The Tractor That Mother, Son or Granddad Can Operate
25% More Power, Too

THE E-B LINE

This new E-B 12-20, S. A. E. rating. Tractor pulls as much as a 15-25. Pulls a full 12-20 load with ample reserve for emergencies.

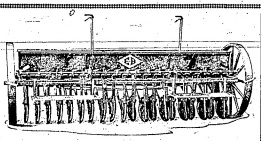
The Most Power for the Weight and Money ever offered.

All gears are enclosed and dust-proof—running in oil. Only 3 grease cups to be filled daily.

It's a four-wheel tractor—4 wheels out of furrow.

The engine is standard E-B 4-cylinder Kerosene Motor.

This is the tractor for your work. Come in and see it.



E-B DRILL

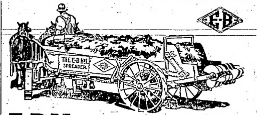
EVERY farmer in this locality is interested in getting a better stand of grain, and can easily accomplish this by using the E-B Drill. Investigate the yield-increasing features in this Drill, and see if you don't decide each one is worth as much to you as the price of a new drill.

The Extension Spring Pressure plants the seed at uniform depth, the pressure being the same at each disc elevation.

Consequently the seed germinates at the same time, giving you uniform growth and increased yield.

The patented Feed Cup prevents bunching or cracking of grain (no other feed cup has this feature) and it will sow any seed, from alfalfa to oats, peas or beans. The Closed Delivery Opener deposits the seed in the bottom of furrow, boot running entirely within the walls of the furrow. Seed in bottom of furrow saves one peck per acre of high-priced seed.

It will pay you to call at our store and see this Drill, and we will be glad to explain how each part is constructed toward increasing the yield per acre.



E-B Manure Spreader
Spreads Evenly A Strip Full 7 Feet Wide

TWO tons of manure applied with this spreader has the efficiency of three tons spread with a fork. Every farmer in this locality will be interested in this machine.

The E-B Spreader is built low down—easy to load—easy to pull. Water-tight bed holds liquid in manure. Drives through a 6 ft. door. Double steel beater with 102 chisel pointed steel teeth and 18 wide spread steel blades thoroughly shred and evenly spread in most available plant food form. Wheels track. Turns square corner. Weight only 1800 pounds. 55 to 70 bushels capacity—only 3 ft. 5 in. from ground to top of box. Glad to talk spreaders with you. Come in and see us.

THIEF RIVER FALLS TIMES

VOLUME 10. Twelve pages. THIEF RIVER FALLS, MINNESOTA, THURSDAY, FEBRUARY 26, 1920. $2.00 a Year. Number Three.

AGED MAN KILLS SELF; FOILED IN MURDER EFFORT

WENZEL KESSLER, 62, FIRES THREE SHOTS AT MRS. W. J. WINTER.

NONE TAKE EFFECT AND CRAZED MAN TURNS WEAPON ON HIMSELF.

WAS ON GOOD TERMS WITH FAMILY AND NO CAUSE IS KOWN.

Wenzel Kessler, an unmarried man 62 years of age, died at the Physicians hospital last evening as the result of a revolver shot wound inflicted by himself with suicidal intent on Monday evening. Before firing the shot which ended his own life he tried to murder Mrs. William Winters, wife of the man on whose farm he was employed, located about eight miles southeast of the city in Smiley township.

No cause for the act can be assigned, the man having at all times appeared perfectly rational and well satisfied with his surroundings. He has no relatives in this country and was something of a floater, having before coming to this section been a resident of Stearns and Mahnomen counties. Previous to that nothing is known of his history. Kessler had been in the employ of Mr. Winters since last December, was competent and industrious and well thought of by all the members of the family.

Sent to Do Chores.

On Monday afternoon the suicide was out with Mr. Winters sawing wood. Toward evening he was instructed to go to the house and begin doing the chores, Mr. Winter remaining in the wood lot. After his arrival at the house the following story of his doings is told by Mrs. Winter: He went upstairs and removed the heavy clothing in which he had been working and came down again with a .22 calibre revolver in his hand. Approaching Mrs. Winter, who was seated at the sewing machine, he stated that he was determined to kill himself but did not intend to "go alone," at the same time firing at her. The shot struck the machine and Mrs. Winter, leaped toward her assailant. A second shot went into the wall above the woman's head. In the struggle both fell to the floor, where the crazed man sat on his intended victim while he again pulled the trigger. Mrs. Winter managed to push the revolver to one side and the bullet entered the floor alongside her head. Exerting all her strength Mrs. Winter dislodged her assailant and, grabbing him by the hair, pulled him to the door and flung him out, locking herself in against further molestation.

Shot Through Head.

Shortly after this she heard the sound of a revolver from the rear of the house and going out found Kessler had shot himself. Fearing to in any manner touch the wounded man she gave the alarm by telephone, notifying Deputy Sheriff Paul Midderigh of the occurrance. In company with Coroner H. W. Froehlich, Mr. Midderigh hastened to the scene and found Kessler where he had fallen, no attempt having been made to move him. He was taken to the hospital in this city where it was at once seen that there was no hope for his recovery, an X-ray picture showing that the bullet had gone clear through the head and lodged on the opposite side from where it entered. He lingered until Tuesday afternoon without regaining consciousness.

The funeral was held yesterday, the county footing the cost.

Another Pioneer Gone.

John Deutschman, 46 years of age, a resident of Red Lake Falls since 1892, died last Saturday of pneumonia after a week's illness. Deceased was born in Austria and has made the neighboring city his home since coming to this country. He had many acquaintances among the people in Pennington county who will regret to learn of his death. A wife and four children survive.

CONVENTION OF G. O. P. CALLED

WILL SELECT DELEGATES TO DISTRICT AND STATE CONVENTIONS.

An official call states that Republicans of the county will hold a convention on March 17 for the purpose of electing six delegates to the state convention to be held at the auditorium in St. Paul on Saturday, March 20, and also seven delegates to the district convention which is to be held at Fergus Falls on Friday, March 19. This district convention will select the delegates to attend the Republican national convention in Chicago on June 8, while the state convention will select 12 presidential electors for the election to be held this fall.

The primaries for the election of delegates to these county conventions will be held in each voting precinct of the county on Monday, March 15, from 7:30 until 9 o'clock, at the regular voting place.

The call states that the state central committee will furnish the ballots for use in the presidential preferential elections, but there seems to be some doubt concerning this. It is also set forth that all women voters are permitted to take part in the primaries and conventions, this being the first time in the history of the state that this privilege has been extended.

The only requirements in order to participate in these primaries is that the voter shall pledge that he or she will support the candidates and subscribe to the principles of the Republican party at the general election in November.

WOULD GO TO BIG CHICAGO MEETING

DANIEL SHAW IS CANDIDATE FOR DELEGATE TO REPUBLICAN CONVENTION.

For the first time in its history Pennington county asks recognition for one of its citizens as a delegate to a major political convention. The name of Daniel Shaw is presented as a representative from the Ninth district to the meeting which will name the next candidate of the Republican party for president.

In this section of the state no question exists but what Mr. Shaw should be awarded this honor. For 20 years he has been a resident of the district and never once during that time has his allegiance to the Republican party wavered. He has voted for its candidates and supported its policies year in and year out—and always for the purpose of assisting the other follow. Never has he asked anything for himself and it is even now at the behest of his friends that he permits his name to be used. A man more entitled to the honor the district could scarcely produce.

Mr. Shaw is particularly well known in the northern counties and will without doubt go to Fergus Falls on March 19 with practically the solid backing of the delegates from that section. His record is such that his candidacy will command support from the other portions as well. He has never held public office, except serving one term as county commissioner resigning that position for business reasons. He was chairman of the delegation from Red Lake county to the state convention in 1910, this being before the formation of Pennington county.

There never has been a question of Mr. Shaw's regularity. He even stood by President Taft in his fight for re-election when most of the people in this section deserted him. As a Republican there is not a stain on his escutcheon.

Two delegates and two alternates will be chosen. One of the former will in all probability be awarded to the southern end of the district while the north will be found almost solidly behind Mr. Shaw. His selection would be a deserved tribute.

PAVING MATTER HEARD MARCH 19

NOTICE TO PROPERTY OWNERS WILL BE ISSUED NEXT WEEK.

The notice of hearing in the matter of paving certain streets in Thief River Falls will be published in The Times next week. Every property owner in the district will be notified of the city's intention to make the improvement and that his holdings will be assessed to defray the costs of that part of the pavement abutting his frontage. The date of hearing has been set for Friday, March 19, at which time all persons interested will have an opportunity of being heard for or against the proposition.

Should it at that time be decided to go ahead with the project bids will be advertised for, this taking another two weeks at least. At the end of that time the contract may be let if any offers are found satisfactory and the council so sees fit. This will take the matter well into April before the actual work can be begun. While this is a little later than the council would like to have matters finally settled, there is no way in which they can be speeded up.

Appointed District Chairman.

Mrs. E. M. Stanton of this city has been appointed chairman of the Ninth District Democratic Woman's organization and has begun taking steps to become actively engaged in the coming campaign. As ward chairmen in the city Mrs. Stanton has appointed the following: First ward, Mrs. Andy Craik; Third ward, Mrs. C. Frizzell; Third ward; Mrs. E. E. Zeh; Fourth ward, Mrs. C. R. Crandall.

It is the intention to form a Democratic Woman's organization in every township in the county but the chairmen for these auxillaries have not yet been selected.

MONEY REQUIRED FOR NEW SCHOOL AT LOWEST RATE

DISTRICT STILL HAS MUCH LEEWAY IN AMOUNT STATE WILL FURNISH

TOTAL INDEBTEDNESS OF $298,000 POSSIBLE UNDER PRESENT VALUATION

BOND ELECTION WILL PROBABLY TAKE PLACE SOME TIME IN APRIL

There is no question but that school district No. 18, Pennington county, can secure the money needed for additional school facilities from the state at a four per cent rate of interest. Assurances to that effect have been received during the past week.

On the present valuation of the district a total of $289,000 can be borrowed from the state. Those who have entertained the opinion that the supply from this source had about reached its limit will be suprised to learn that $158,000 could still be had in case it were needed and the state was in a position to supply it. The probabilities are that even the sum required, however, could not be supplied at one time and would be delivered in installments as was the case with the loan made at the time the Northrup building was erected.

Will Call Bond Election.

It will be necessary to hold an election to authorize the issue and it is not likely the preliminaries can be so arranged as to hold this before some time in April. This would still give sufficient time to have the needed improvement in readiness before the opening of school in the fall. Members of the school board have not yet given out any figures as to the probable cost of the addition contemplated. The most feasible plan at the present time seems to be the enlargement of the Knox building in order to relieve the situation on the East side as well as to take care of the normal department now used in the high school. The return of Supt. W. A. Ziegler from attendance at the convention of the National Educational association will be awaited before the plans are definitely announced.

PICK CANDIDATES FOR LEGISLATURE

NONPARTISANS HOLDING CONVENTION AT RED LAKE FALLS TODAY.

Walter A. Day was endorsed by the Nonpartisan league convention in Clearwater county as a candidate for re-election to the legislature at a convention held at Bagley on Tuesday.

Today the members of the organization in Pennington and Red Lake counties are holding a convention for the purpose of selecting his running mate on the ticket. There is an implied agreement between the delegates that inasmuch as Senator O. A. Naplin holds over and is a citizen of Pennington county the other two counties in the district shall be permitted to each name one of the candidates for the house. It was stated last evening that no member from Red Lake county had at that time been decided upon for the place.

The following are representing Pennington county: O. A. Naplin, W. H. Quist, Ben Summer, J. M. Thiege, T. H. Bjerke, Thief River Falls; C. N. Urdahl and O. Uglem, Goodridge; O. O. Hofdahl and Peter Hedeen, Hazel; W. A. Swanson, Rhoda; R. M. Johnson and Eli Sanders, Kratka; E. O. Parnow, C. O. Elg, and Tom Belland, Erie; T. J. Skaar, Mavie; John Nelson, Highlanding.

MOVING PICTURE OF NEAR EAST

The near East committee has arranged for a moving picture show and lecutre to be given in the auditorium, Thief River Falls, on Monday next, March 1. The lecture is by Dr. Westenburg, an eye witness to many of the scenes depicted on the screen.

The first lecture will be delivered at 2 p. m., and will be for the special benefit for out-of-town people, closing in time for those in attendance to catch the Great Northern train going south and the electric train going east. The second lecture will be delivered at 8 p. m., and will be for the benefit of the city folk who may not be able to attend in the afternoon.

These lectures are intended to give the public some idea of the appalling conditions prevailing in Syria and Armenia. They are free to all and the public is urged to sieze this opportunity both for its intrinsic interest and its educational advantages.

LIGHT QUESTION AGAIN BOBS UP BEFORE COUNCIL

PROPOSAL TO ASSESS REASONABLE RENT AGAINST DEPARTMENT DISCUSSED

CITY ATTORNEY H. O. CHOMMIE CALLS ATTENTION TO FAULTS IN PRESENT SYSTEM.

COUNCILMEN AGREE THAT THE LIGHT CONSUMERS ARE NOT BEING WELL USED

Every so often the subject of somehow getting the public utilities of the city on a different footing comes up for discussion before the council. Everyone connected in any way with the municipal government seems to be convinced that the present method of doing business is most unsatisfactory, but thus far nothing in the way of a change has ever been able to get by the objections raised on the outside.

The matter came up on Tuesday evening in connection with the proposal that the water and light department, together with other divisions, be required to pay a certain sum as rental for the auditorium. An ordinance will be required in order to make such a step possible and City Attorney H. O. Chommie was instructed to have one ready for presentation at the next meeting.

Special Fund Wrong.

Mr. Chommie called the attention of the council to a matter that has received the consideration of each succeeding city attorney for some time. He said that the keeping of the moneys collected from electric light users in a separate fund was in his judgment contrary to law as well as against good business policy. The money should be applied the same as all other receipts of the city and the expenses of the light and water plant provided for every year by budget. It is unfair to the electric light user, said Mr. Chommie, to apply to other purposes the money he pays for this particular service and the system of so doing would eventually get the city into trouble. Building up a huge surplus on the books while at the same time using the money wherever needed he considered the reverse of good policy and urged that the practice be stopped.

Council Agrees Fully.

Councilman Ihle said that he was in favor of the thingsemfwypfwyp in favor of the change being made before further damage was done and suggested a commission for the management of public utilities as one of the ways to help get out of the difficulty. This met with general approval on the part of the council and it is probable that something along this line will be undertaken when the new ordinance is introduced.

BONUS MONEY IS WELCOMED HERE

SEVERAL OF THE BOYS MADE HAPPY BY RECEIPT OF STATE'S CHECK.

The bonus checks for the boys who were in the service from Minnesota are beginning to arrive and as a consequence several Eklund Post men are comparatively "flush" just now. So far as post headquarters has been informed only five Pennington county men have as yet been reached, these being Leo Millar, Fred Scanlan, Derby Anderson, Lawrence Perkins and Bernhard Burggraf. All were volunteers but this does not account for the fact that they received their bonus ahead of their comrades as no distinction is made by the state. In the case of the volunteer, however, the man's record is found in the office of the state adjutant general whereas that of the national army man is only found in Washington and some time must necessarily elapse before this reaches St. Paul.

The payments thus far made are taken from the first $75,000 available through the disposition of the state's bonds. As soon as the remainder can be properly signed up the money will be forthcoming and the checks will be gotten out at the rate of about 800 per day.

Millar, Scanlan and Burggraf got into the game early and their bonuses amount to in the neighborhood of $300.

FLU HOSPITAL IS NEEDED NO MORE

LAST PATIENT LEAVES AND SPECIAL NURSE EXCUSED FROM SERVICE.

The emergency hospital conducted for the special attention of influenza patients in the Grand hotel building on the South side has been closed. The last patient left some days ago and there has been no indication that a reopening will be necessary. The special nurse, sent here at the request of the local Red Cross chapter, has closed her engagement and returned to St. Paul.

From first to last there were but eight patients in the hospital all told. While the number is not large the circumstances were such that it was absolutely necessary that they be taken care of in specially provided quarters. One or two were taken sick while temporarily in the city and had no place to go while others were so situated that they would not have received proper care in any other way.

The siege was nowhere near as severe as a year ago and indications are that there will be no recurrence. Doctors say there are but one or two cases left in the city and that these are not serious.

DEATH SUMMONS PIONEER BANKER

B. E. BURKEE OF ST. HILAIRE, FALLS VICTIM TO ATTACK OF PNEUMONIA.

B. E. Burkee, cashier of the Merchants State bank of St. Hilaire, for the past 35 years a resident of the village and one of the best known and most highly respected citizens of Pennington county, passed away on Monday night, the cause of death being pneumonia.

Deceased came to St. Hilaire when the village was nothing but a settlement in the wilderness and before Thief River Falls was on the map at all. He engaged in the mercantile business which he followed until 18 years ago when he became associated with the bank with which he remained until his death. He was an ideal citizen in all that the word implies and is mourned as a personal friend not only by the people among whom he worked directly but by a wide circle of those with whom he came incidentally into contact as well.

Two children, a son and daughter, besides the widow, survive. The son, E. O. Burkee, has been serving as assistant cashier of the bank for some time and will assume his father's place. The daughter is Mrs. Glenn Martz of St. Hilaire.

DENTAL SERVICE IS OFFERED FREE

DENTISTS APPOINTED IN EVERY COUNTY TO GIVE THEM ASSISTANCE.

The government is interested in seeing that every man who decides to continue in effect the life insurance taken out while he was in the army is as good a risk as it is possible to make him. It also realizes that a man's teeth have more to do with his continued good health and longevity than almost any other part of him. For this reason the war department has appointed one dentist in every county in the United States to whom the men applying for insurance are referred for examination and treatment. Dr. G. A. Penney of Thief River Falls has been assigned to this service in Pennington county and all ex-service men who intend continuing their insurance will be referred to him. The department will send the usual claim sheet to the applicant himself. This is to be filled out and taken to the dentist appointed for the purpose of looking to the ex-soldier's teeth, who will perform whatever work is necessary, the government footing the bill.

Free Tractor School.

The Rambeck & Stone company, located opposite the auditorium in this city, announce that a free tractor school will be held at their place of business on Thurday and Friday, March 4 and 5. Experts from the factories of the Emerson-Brantingham company will be present for the purpose of demonstrating the operation and care of tractors to all who attend. The instructions will be the same as given to the United States army officers during 1917, and are condensed into the shortest possible time with the greatest obtainable efficiency. Any man in this section who at present operates a tractor or expects to secure one in the near future will find it to his advantage to attend these sessions.

Another Solier Returns.

Oscar C. Paulson arrived in this city Saturday evening from Ft. Leavenworth, Kans., where he has been on detached service with the vocational training department since his return from overseas in July last year. Mr. Paulson left this city in January, 1918, together with Ben Bothun and F. J. Burns and enlisted in the 20th Co., 20th Engineers. He was stationed at Washington, D. C., until May 9th and then made his departure for France. His company did construction and forestry work and was at Chenonceaux (Indreet-Loire) for the greatest share of the time while overseas.

AUTO CLUB NOW COVERS COUNTY; NEW DIRECTORS

MANAGING BOARD INCREASED SO AS TO INCLUDE ALL SECTIONS.

COMMITTEES NAMED TO HAVE FULL CHARGE OF SUMMER ACTIVITIES.

NUMEROUS RUNS PLANNED AND SURFACED HIGHWAYS TO BE BOOSTED.

The Pennington County Automobile club was formally made the successor of the Thief River Falls Automobile club at a meeting attended by a large number of autoing and good roads enthusiasts at the office of Judge N. W. Tarrant on Tuesday evening. The membership will hereafter include everyone who cares to join, no matter in what part of the county he may reside. This will provide a much better working and boosting organization and will insure a membership that can accomplish a vast amount of good.

Ten Directors Named.

It was decided that in order to obtain the best results the board of directors should be increased from three to ten, two being appointed from each commissioner district. President George C. Streeter, with the full approval of all present, named the following:

District No. 1—Alfred Hammarsten, Highlanding, and Palmer Tvedt, Goodridge. District No. 2—Daniel Shaw and George T. Hamery, Thief River Falls. District No. 3—J. Swanson, Wylie, and Julius Zwer, St. Hilaire. District No. 4—Gust Fellman, St. Hilaire, and T. K. Rynestad, Thief River Falls. District No. 5—O. J. Peterson, Hazel, and John Arntson, Wanke.

Officers Affirmed.

The officers elected by the original club earlier in the season were confirmed by the new organization. They are as follows: G. C. Streeter, president; L. H. Lawrence, vice president; R. M. Sheldon, treasurer; S. C. Coumbe, secretary.

The standing committees for the year were appointed, these being made up as follows: Good roads, Daniel Shaw, chairman; Nels Christianson, Oluf Tessum, K. A. Sundahl and T. K. Rynestad. Membership, Andy Anderson, chairman; E. M. Bonnes, J. O. Yotter, Alfred Hammarsten and Gust Fellman. Law and ordinance, T. P. Anderson, chairman; F. J. Stebbins, O. A. Rambeck, Julius Zwer and John Arntson. Exhibitions, contests and tours, George T. Hamery, chairman; Palmer Tvedt, John Bratrud, R. M. Sheldon and L. H. Lawrence.

These committees may appoint such assistants in different parts of the county as may seem advisable.

Early Tours Planned.

It is the plan to have a larger number of general auto tours this coming summer than ever before. The committee in charge will constantly have something on this order in hand, the aim being to largely extend the radius of travel. For the present, however, the greatest effort of the club will be directed toward aiding in the passage of the hard surface road amendment to the state constitution.

Mission Church Meeting.

The ministerial conference of the Mission church of the Red River valley will be held in this city beginning on Tuesday, March 2 and continuing until Sunday, March 7. Pastors of the denominations from all over the valley will be in attendance.

The forenoon of each day will be given over to business sessions. In the afternoon there will be discussions and addresses covering different subjects, beginning at 2:30. The evenings will be devoted to Gospel meetings.

To the afternoon and evening meetings the public is cordially invited. Some of the best known pastors in the conference will be present and it will be a week of general revival among the members.

Two Important Meetings.

The fifth annual meeting and election of officers of the Thief River Falls Merchants association will be held at the Evelyn hotel on Monday evening, March 1. This is the most important meeting of the year and it is hoped that the entire membership will be present. Return postal cards have been mailed to all members and these must be returned to Secretary G. Howard Smith not later than Friday, Feb. 27 in order that proper povision for taking care of all those who wish to attend the banquet may be made.

There will be a meeting of the directors of the Pennington County Fair association at the commercial club rooms on Saturday, Feb. 28 at 2 p. m., at which important business is to be transacted.

Attend the coffee social in the Swedish church basement Friday afternoon. m26

Entered as second-class matter at the Postoffice at Thief River Falls, Minn.

WORTH CONSIDERING.

The city council is fully aware of the fact that something should be done in the way of providing a site for a future park, but evidently does not like any of the offers thus far submitted. The Bishop block directly back of the auditorium is for sale and would answer the purpose in most respects, but there is a feeling that the price asked is too high. Squaw Point is likely out of reach for the same reason and is besides located too far from the center of the city.

There is, however, one proposition to which some consideration should be given. This is the acquiring of what is known as the Elder triangle at the foot of Third street. It is not of as great extent as the others, but has numerous merits which the latter lack. In the first place it is on the river bank and in the center of the city. These are advantages which go a long way toward making up for shortcomings in other respects. There is no doubt but that our citizens are almost unanimous in the opinion that anything in the way of a park should be located on the river bank if this is possible, and the Elder property is about the only unoccupied piece meeting this requirement.

It is understood that this tract can be secured for $1800. If such is the case the city would make money if it were purchased and used for nothing but a dumping ground for the overburden that must be removed from our streets before paving can be undertaken. There will be thousands of loads of this surface material and it must be dumped some place. The farther it is hauled the greater will be the cost. By acquiring the Elder tract two birds would be killed with one stone. A place would be provided for the depositing of the street material and this would in turn serve in reclaiming the tract, which is at present too low to be of much value for any purpose.

The city would probably be money ahead if something were to be paid for the privilege of dumping this cast-off street surface onto these lots instead of hauling it to some point farther away. But this would be poor business. The property is needed as a recreation ground and boat landing and is the only spot in the city limits meeting these requirements. Its cost would be saved at the outset by economy in getting rid of refuse from the streets. As the place would have to be filled in in any event the advantages would be two-fold.

At any rate the proposition is worth considering.

WHO WILL MAKE THE START?

House rents are going to take a jump in Thief River Falls unless more buildings are erected forthwith. There is not at the present time a single business building or a modern residence to be had at any price and every apartment house is filled to capacity. Under these conditions only two things can happen—more buildings will have to be put up or rents will have to be raised.

In spite of the prevailing opinion to the contrary, this is a pretty good time to build. Material is high as against pre-war prices, but so are wages. When compared with other commodities construction materials have certainly not advanced unreasonably—a fact well worth considering. This may mean that the top has not yet been reached in this class of goods, in which case the man who builds now will be the gainer. Any person who expects the cost of construction to get down to where it was six or seven years ago is wasting his time in the first place and hoping for something that had better not happen in the next place. A crash is even more to be dreaded than a continuance of approximately the present conditions.

But we need houses—business houses and dwelling houses. The reason we have none at the present time is that they have not proven particularly good investments in the past. While it is not likely that the man who pays rent will agree with us, the fact is that he has not been paying enough to make the construction of buildings an attractive proposition. This situation will change and then there will be a greater inducement for men to build for themselves.

Building now will prove a good investment, not only in the city but on the farm as well. The man in town will be protecting himself against the higher rents that are bound to come and the farmer will be putting himself in position to take better advantage of the present prices for his products.

BARGAINS STILL TO BE FOUND.

This is the time of year when the stores in cities of all sizes find it necessary to reduce their stocks in order to provide room for the steadily arriving spring goods. It is also the time for clearing out such wares as the merchant does not care to hold over until another season. And herein lies a big advantage to the buying public.

The goods offered are absolutely all right in every respect, but rather than carry them along to another season the wideawake business man prefers to sell them at a discount and secure in their place something that will keep turning over. The discounts quoted are as genuine as the goods and no one need hesitate to take advantage of the offers made for fear that they are not getting their money's worth.

It has been demonstrated in Thief River Falls during the past week that in spite of the general contention that people are not looking for bargains they are very much alive to any situation that offers a reduction in the cost of things. The stores where special inducements were offered report that never in their history was the response more unmistakable. This is a good sign. Prices will remain where they are as long as the buying public will pay them without a complaint. When there is a tendency to look for something a little cheaper there will be a turn for the better.

The one sure way to keep posted on these bargain opportunities is to read the advertisements in The Times. It is the tried and trustworthy medium used by all progressive merchants in the city and the announcements found in its columns can always be depended on.

No person has a right to kick on high prices unless advantage is taken of the fact that lower prices are offered. The way to keep posted on the subject is to read the advertisements in The Times.

THE WAY IT WORKS OUT.

While the primary object of the Babcock good roads law is the connecting up the different county seats in the state by modern hardsurfaced highways, its benefits will extend much farther than this. Although it is not generally realized the fact is that the lateral roads will be benefitted to almost as great an extent by the adoption of this measure as will those selected as main arteries.

Pennington county, for instance, now receives about $17,500 per year as state highway aid. Of this sum 30 per cent, or $5,250, must be used for maintenance. Out of this item $3,600 per year, or $600 per month for six months is now paid out for patrol and upkeep. In case the Babcock law is passed all this would be taken care of by the maintenance clause in that measure, thus releasing this amount to be applied on the smaller roads. In addition all replacement and upkeep cost on the hard-surfaced thoroughfare would be taken over by the state, adding a still greater sum to that which the different counties would have to expend on the side lines. The plan is the most thorough ever conceived for insuring a net-work of high grade roads into every section of a county.

The objection is sometimes advanced that the bill makes the automobile owner pay the cost of this hard-surfaced road, whereas its construction would benefit everybody. Strictly speaking, such is not the case. The automobiles would be directly taxed, it is true, but this tax would be in lieu of all other assessments. Automobiles and trucks would be removed from the personal property lists and be assessed only on weight and horsepower. The money now derived from this class of taxation would have to be made up in other directions and the general public would in this manner pay at least a small share of the cost of these roads.

As the provisions of the Babcock law become better understood all opposition disappears. The plan is so sane, the distribution of cost so equitable and the benefits to be derived so general that by the time election day rolls around only those who are constitutionally opposed to everything will be found arrayed against it.

The Baudette Region is sixteen years old. During twelve of these years Billy Noonan has been the motive power behind the paper and has made it one of the best known in the state. It is not often that a newspaper man is found who fits his environment so exactly as does Noonan. One cannot imagine any kind of Baudette without the Region and it is just as impossible to conceive of a newspaper up there without Billy at its head. It is a case of mutual appreciation, fully merited.

The Farmer's Grievance.
(Minneapolis Journal.)

Justly or unjustly, the farmer has a grievance against the middleman. From the plain evidence his conclusion appears to him sound. He sells his potatoes for one to two dollars a bushel, and he finds them retailing in the city at five. He draws the conclusion that he has not been dealt with fairly—and the evidence supports his view of the case.

The farmer needs the encouragement of just treatment in the matter of distribution of his product. There is too much mystery about the sale of produce other than [illegible]. The farmer can follow his grain to the final buyer. It is all in the open. We believe it is a sound system. At least the farmer has not been able to suggest a better. He knows in advance what every charge is to be. He has representation on the appeal boards and receives full information, in order that he may be satisfi[illegible] that he is being tr[illegible] justly. But when it comes to poultry, produce and other products the business is carried on under cover, and neither the consumer nor the producer has any idea of what is [illegible]pening.

The new, soft, light weight Spring Hats are beginning to arrive, and this is our invitation to men who like to be a step or two ahead of the crowd to come in and look them over. We emphasize especially a new line of rough finished felts with bound or raw edges, at

Local Notes

H. S. Dahlen was in Goodridge on business Thursday.

P. B. Malber· was a business visitor in Warren, Thursday.

O. A. Westin attended to business matters in Warren on Friday.

Albert Coyle left for Mavie on a short business trip on Friday.

John Sorenson spent Thursday in Rosewood attending to business matters.

Mrs. James Johnson visited her parents, who [illegible] in Rosewood, on Thursday.

I. Senum of Silverton was in this city on Friday attending to matters of business.

Roy Hawley of Grand Forks was a business caller in this city on Friday of last week.

Mr. and Mrs. Fred Protz are the happy parents of a daughter, born on February 20.

Selmer Gangness left for Goodridge on Thursday to attend to business matters.

Miss Inga Thune arrived Wednesday from Hazel to visit with Miss Julia Johnson.

Mrs. Ed. Hilson and Mrs. William Herron spent Thursday in Viking visiting with fri[illegible]

H. M. Evanstad left on Friday for Goodridge to conduct a meeting of the American Yeomen.

Matt Neid arrived last week to be the guest of Miss Leah Paquin, of this city, for a few days.

Peter Flo of Baker, Mont., who is visiting friends here, was a visitor in Goodridge on Thursday.

Gaylord Arness of this city left for Bemidji on Friday, where he expects to be employed in a garage.

J. C. Kelly le[illegible] on Wednesday for the twin cities on a short business trip, returning on [illegible]

Emil Evenson of Browning, Mont. is in the city visiting at the home of Mr. and Mrs. John Sorenson.

George Kassa left for his home in Goodridge Thursday, after spending a day in this city on business.

Miss Hilma Olson and John Rubeck left Thursday for Warren where they will visit friends for a few days.

Fred DuChamp, after spending Thursday in this city on business, left for his home at Mavie on Friday.

Mrs. R. F. Matslion arrived Thursday from Elkton, S. D., and intends to make this city her future home.

John Sjolsvold, who is employed by the Soo, left on Friday for Rosewood to visit at his home for a few days.

Alfred Johnson, who has been visiting with relatives in this city, left Friday for his home at Plaza, N. D.

Miss Gerda Mortenson left on Friday evening for her home in Fosston, where she was a guest over Sunday.

Mrs. E. A. Johnson, who has been visiting with friends in this city, left for her home at Viking on Thursday.

Miss Hanna Johnson left for Hazel on Friday where she will visit with her sister, Mrs. Borgie, for a few days.

George C. Hope and mother, from this city, left for Grygla on Friday where they expect to be employed on a farm.

S. R. Robinson arrived on Monday evening from his home in Oslo, to visit his wife who is ill at the Physicians hospital.

Miss Rachel Baker left for her home in Goodridge Friday after being a guest of Miss Ruvella Leslin, in this city.

Oscar Hagen, accompanied by A. Johnson, both of St. Hilaire, were in this city on Friday receiving medical treatment.

Miss Lottie Austin left on Thursday morning for Fosston where she will spend a week visiting at the home of her parents.

F. H. Herrick returned the latter part of last week from a trip to the twin cities where he attended to business matters.

Oscar Smith, state oil inspector, made a business trip to Oklee on Friday morning, returning to this city in the evening.

Ole Granum, who is temporarily employed in a bank in St. Hilaire, spent Sunday at the home of his parents in this city.

Miss Agnes Lonson arrived here on Saturday evening from Gonvick, where she is engaged in teaching school and will spend a week visiting at her home here, when the school is reopened at that place.

John Sorenson left on Saturday evening with a carload of stock for the Twin Cities and eastern points.

Mr. and Mrs. Enderlie of Plummer, were visitors and shoppers in this city between trains on Saturday evening.

Miss Anna Hoffman returned to Grand Forks on Thursday afternoon after visiting with friends in this city for a few days.

Mr. and Mrs. L. L. Hanson, formerly of this city, left for Kelliher on Friday where they plan on making their future home.

Miss Marie Erickson returned to Alvarado on Monday morning after visiting in this city over Sunday at the home of her parents.

Miss Thelma White arrived last week and has accepted a position as clerk in the dry goods department at Lokens' department store.

Mrs. L. Sockstad left for her home at Holt on Saturday morning after visiting at the home of her sister, Mrs. J. S. Leiran in this city.

Miss Irene Lanager visited in this city on Friday evening between trains enroute to her home in Plummer, where she visited over Sunday.

Axel Red and two children of Spooner left on Thursday afternoon for St. Hilaire, where the latter will remain for an indefinite period.

Fred Hobbs of Forest River, N. D., visited with friends in this city on Wednesday enroute to Minneapolis, where he expects to be employed.

Willie Bakke came down from Holt on Thursday afternoon and spent the day visiting with friends. He returned to his home on Friday morning.

Miss Hannah Gustafson arrived in this city Friday morning from Crookston where she spent a few days visiting with friends and relatives.

Miss Mable McGinnity arrived on Friday evening from Brooks where she is teaching school and visited over Sunday at her home in this city.

Mrs. Nina Anderson of Rosewood arrived on Thursday evening and is spending a few days visiting at the home of her cousin, Mrs. John Sorenson.

Miss May Wilson left on Thursday morning for her home in Gatzke after spending a few days at the home of her sister, Mrs. Nels Fountaine in this city.

Mrs. A. Simonson returned to her home at Steiner on Saturday morning after a brief visit at the home of her parents, Mr. and Mrs. Rupprecht in this city.

Miss Clara Gunstad arrived on Saturday morning from St. Hilaire and visited for a short time with her sister, Miss Rose, who attends the local high school.

Miss Irene Lanager, who attends the school of dressmaking in this city, returned here on Thursday evening after having spent a few days at home at Plummer.

John Graff from Goodri[illegible] with his sisters, Em[illegible] [illegible]abel Graff, Thursday, le[illegible] [illegible]he evening for R[illegible] [illegible]ere he expe[illegible] to b[illegible]

Miss Bert[illegible] [illegible]ckson departed on Monday mor[illegible]ing for Oklee, where she is engaged in teaching school after a two weeks' vacation as a result of the flu situation.

Miss Gerda Meleander, who has been the guest of her parents at Goodridge, passed through this city on Thursday afternoon for Grand Forks where she is employed.

Miss Petra Olson arrived on Saturday morning from Crookston, where she is employed and will spend a few days visiting at the home of her parents, Mr. and Mrs. O. P. Olson in this city.

Mr. and Mrs. W. A. Schreiter returned to their home in Red Lake Falls on Friday afternoon having spent a brief visit with the latter's sister, Mrs. Anna Kretzschmar, in this city.

Mrs. W. A. Schroeder and children, accompanied by Miss Wood, both of Brooks, visited between trains in this city enroute to Minneapolis where they will visit for a week or ten days with friends and relatives.

Mrs. K. Gronvold and two children of Holt left on Thursday evening for Minneapolis where her son will receive medical treatment. While there they will also visit at the home of the former's sister, Mrs. C. Swenson.

Miss Olava Solem, who is attending school in Minneapolis, visited with friends in this city on Friday enroute to her home at Holt, where she will remain until her health is improved. She was accompanied by her sister Miss Gunhild.

Misses Ruby Bennes, Ella Krohn, Helen Warner, Helen Langseth and Lula Cook accompanied the girls' basket ball team to Warren to witness the game between the Thief River Falls Girls and the Warren girls on Friday.

Miss Gaya Olson arrived in this city Thursday evening from Kennedy, where she had been visiting at the home of her sister. While here she was the guest of Miss Ruth Evenson. She returned to her home in Middle River on Friday morning.

Mrs. A. A. Wilson of Inkster, N. D., arrived on Thursday morning and is spending a few days as the guest of Mrs. Joseph Zavoral. Mrs. Zavoral was once employed as bookkeeper in the store owned by Mr. and Mrs. Wilson at the above mentioned place.

A. P. Nelson and daughter, Miss Ruth, arrived on Thursday afternoon from their home in Gatzke and will spend a few days visiting with their friends. Mr. Nelson attended to business affairs in Warren the following day, returning in the evening.

Mrs. D. B. Bakke, accompanied by her daughter, Mrs. Ben Dokken and two children of Holt, visited in this city on Thursday evening enroute to Minneapolis, where they were met by Mr. Dokken, who accompanied them to Colorado Springs, where they will remain for the remainder of the winter months.

Miss Phyllis Dock, who is attending school in Greenbush arrived here on Saturday afternoon to be the guest of her mother, Mrs. Anna Dock over Sunday.

Misses Alvina Jonas and Nettie Ove departed on Saturday evening for the cities, where they visited with friends returning to this city on Tuesday morning.

Miss Olga Nettum, stenographer at the First National Bank, departed on Saturday afternoon for Crookston where she was the guest of her parents over Sunday.

Normen Holen of Minneapolis, arrived in this city on Saturday evening from Argyle at which place he had attended to matters of business. Mr. Holen will be the guest of friends in this city for a few days before returning to his home.

Miss Gladys Smith returned to Walker, Minn., on Monday morning, to resume her duties as teacher in the city schools. Miss Smith has been the guest of her parents, Rev. and Mrs. J. B. Smith, for the past three weeks, the schools in that place having been closed for that period of time, because of the flu.

T. M. Thronson of the First and Peoples State bank, left Saturday evening for Colorado, having received the sad news that his brother had died there of the flu. Deceased left for the Southwest some time ago, being threatened with tuberculosis. He was getting along very well and had started working when he contracted influenza with fatal results.

Miss Dorothy Evenson, who came from Plummer about a month ago, and who has been very ill at the emergency hospital, is very low today. Her mother came from Thief River Falls last night, and her father has been summoned. She was taken ill with the flu about two weeks ago, and it has developed into typhoid. Miss Evenson is a niece of the Messrs. Lafave of Baudette.—Region.

They couldn't be built now for twice $71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost $80,900 a mi[illegible] —roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs $36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for $150,000 a mile.

They are capitalized for only $71,000 a mile—[illegible]uch less than their actual value. Seventy-one [illegible]ousand dollars today will buy one locomotive.

[illegible]nglish railways are capitalized at $274,000 a mile; the French at $155,000; German $132,000; even in Canada (still in pioneer development) they are capitalized at $67,000 a mile. The average for all foreign countries is $100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

SCHOOL BOARDS ASKED TO SEND DELEGATES HERE

MEETING ON MARCH 6 TO DISCUSS QUESTION OF TEACHERS' WAGES.

CHOOSE REPRESENTATIVES FOR COUNTY AT STATE MEETING IN MINNEAPOLIS.

RURAL BOARDS MUST HEREAFTER SECURE TEACHERS WITHOUT SUPT'S. AID.

County Superintendent George M. Gunderson has issued a circular to the clerks of all school boards calling attention to the text of a communication sent out by the state educational authorities and asking that all rural boards select one delegate to attend a meeting at the Lincoln high school in this city on Saturday, March 6. Mr. Gunderson's circular setting forth the purposes of this meeting is as follows:

To School Clerks: Upon receipt of these circular letters from the state board of education, I believe it to be a good plan to call a meeting of your school board, consult with them and agree upon the sending of a representative of your school district to a county conference to be held at the Lincoln school in Thief River Falls on Saturday, March 6, 1920, at 1:30 p. m.

"At this conference steps will be taken to elect at least one school officer to represent Pennington county at the state conference to be held in Minneapolis.

Is Important Matter

"If you fail to make this provision, your school must necessarily stand the consequences in regards to increase of teachers' salaries. In connection with your neglect to do this you will have no end to your trouble in trying to employ non-qualified teachers in conformity with the rules laid down by the state board of education. In employing a permit teacher you will then have the following procedure to contend with: Apply direct to the department of education for a permit for your teacher; show to the satisfaction of said department that you have tried to employ a qualified teacher without results; that you have offered a reasonable salary for the services of a qualified teacher without avail. After your appeal to the state department and they are unable to supply your school with a qualified teacher you will, too late, begin to realize your mistake in not attending this conference of school officers.

Must Hire Own Teacher.

"In the future the question of obtaining teachers will rest entirely with the school board. You will not be able then as in the past to write your superintendent and say: 'We are unable to employ a qualified teacher, please furnish us with a permit teacher.' This privilege of the county superintendent will terminate by state board rulings.

"If you are against this proposition of state board origin, make it known thru your representative to the county and state conferences. If you fail to be represented this will be construed to mean you are in favor of these rules.

As To Expenses.

"The school laws authorize the county superintendent to approve of only one expense account statement for school officers meetings. Since one such meeting has already been held, the school board of each district must meet the expenses of their delegate to the county conference.

"At this county conference steps will be taken to elect one or more representatives to the state meeting and provide for the payment of their expenses. The county attorney has promised to be present and vouch for that our proceedings will be legal."

Election at Bemidji.

As the result of one of the most spectacular political campaigns for several years, L. F. Johnson was last week elected mayor of Bemidji, with the majority of nine votes over his opponent, Morris Kaplan. Johnson received 544 votes, and Kaplan 535. The contest had been a rather exciting one as the attitude of Kaplan during the war figured largely in the campaign, and excited much comment.

The fight for the office of city assessor was also quite close, J. P. Lahr winning out by a majority of 88 votes over M. C. Clyde.

The issue of $185,000 paving bonds for the city was carried by an overwhelming majority.

FARMERS TO ASK MANY QUESTIONS

WILL WANT TO KNOW WHERE ALL PRESIDENTIAL CANDIDATES STAND.

An Associated Press dispatch from Washington states that entrance of 7,000,000 American farmers as a unit into the political arena was forecast last week when the national board of farmer organizations decided that all presidential candidates should be put on record as to their attitude toward questions in which farmers are interested. Each candidate will be asked to answer a questionnaire so his position will be unmistakable.

The resolution proposing this procedure was presented to the annual conference of the board. A committee will frame the questionnaire.

HAVE NO EFFECT ON WAGE STATUS

RETURN OF ROADS WILL NOT PREVENT NEGOTIATIONS BEING CONTINUED.

Assurance has been given railroad labor organizations by the railroad administration that return of the roads March 1 would not affect negotiations now pending as to the interpretations of the various wage agreements which were made with the labor groups during Federal control.

Director General Hines announced that while the divisions of operations and labor as such would be discontinued March 1, representatives of the railroad administration would carry to a conclusion consideration of all grievances. He named C. S. Lake and J. A. Franklin as his assistants to supervise and recommend final disposition of these questions.

Many of the labor demands provide for retroactive pay. In view of this Mr. Hines has authorized railroad boards of adjustment to continue to receive and hear questions which ordinarily would come to them for settlement under existing wage agreements.

Mr. Hines announced that W. S. Carter, director of the division of labor, had arranged to resume his duties as president of the Brotherhood of Locomotive Firemen and Enginemen March 1. W. T. Tyler, director of the division of operations, will become vice president of the Northern Pacific railroad company when he leaves the railroad administration.

Mrs. Chas. Horr and son, Wyman, who have been guests at the home of the former's sister, Mrs. W. J. LaBree in this city, returned to their home at Duluth on Friday evening.

BIG DOLL FREE

HAS REAL CURLY HAIR
Stands Nearly Half a Yard High

Can You Solve the Dolly PUZZLE?

In the picture of Dolly on the left are a number of hidden faces. See how many you can find. Some are looking at you—some show sides of faces—you'll find them upside down; in the folds of Dolly's dress, and every way. Mark each face you find with an X. If you find 10 hidden faces you have solved the Dolly Puzzle.

I Have a Big Doll Like This for You

This is not a cloth doll to stuff, but a regular baby doll. She stands nearly half a yard high and is all dressed up in a dear little "go-to-school" dress. You'll be the proudest girl in the neighborhood when you get this doll. The big blue eyes, the peaches and cream complexion, the little rosebud mouth and real curly hair makes this the handsomest and sweetest doll you could possibly imagine. You'll just love her to death, she is so cute and pretty.

Every Little Girl Can Have a Dolly Like This for Her Very Own.

Mark all the faces you can find. Don't give up too easily. If at first you find it a little hard to solve the puzzle. When you have found 10 faces, write your name and address on the coupon, clip out Dolly's picture and mail without delay with the Puzzle Coupon below.

IS 75 BUT WORKS LIKE YOUNG MAN

GAINS 15 POUNDS—FEELS HE HAS NEW LEASE ON LIFE SINCE TAKING TANLAC.

"I have gained fifteen pounds in weight since I began taking Tanlac and while I am 75 years old I can do as much hard work as most men years younger than I am," said C. H. McKenny, who resides at 511 Payne Avenue, St. Paul, Minn., recently. Continuing, he said:

"While, as I said before, I am hale and hearty and able to do my share of hard work, I could not do it before I took Tanlac. In fact, I could not work more than half the time, and when I did anything at all I was so weak and tired out I would just have to drag myself around. For the past two years I have been gradually losing weight and strength, having gone from 155 to 134 pounds, and felt tired and worn out all the time. I had scarcely any appetite at all and my stomach gave me a great deal of trouble, for when I would force myself to eat a little something it would sour and I would bloat something awful from gas, and have terrible griping pains. I was also bothered with my back and would have the worst sort of sharp pains running through it nearly all the time and it was with the greatest difficulty I could stoop over and straighten up again. My nerves were in bad shape and I was as restless at night it was next to impossible for me to get a good night's sleep, and I would get up in the morning completely tired out.

"I had been reading a great deal about Tanlac in the news papers and decided to give it a trial, and it just seemed to be exactly the medicine I needed as I began to improve immediately after taking the first few doses, and while I only took six bottles in all, I weigh 148 pounds and at the rate I am regaining my weight I will soon weigh as much as I ever did and more besides. I have a fine appetite and everything I eat agrees with me perfectly. I sleep like a log every night and always get up in the morning feeling ready for my day's work, and I never miss a single day now. My back never troubles me any at all and I never have an ache or pain of any kind. Tanlac certainly straightened me out and gave me a new lease on life and I am only too glad to let others know about what it has done for me and what they may expect from it."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—adv.

PEACE TREATY IS STILL IN THE AIR

NO RATIFICATION IN SIGHT WITH OR WITHOUT LODGE RESERVATIONS.

Three "acid test" rollcalls on Saturday demonstrated beyond doubt that a majority of the senate still regards the original Lodge treaty reservations as the "irreducible minimum" and that all efforts to modify or weaken them in any way are doomed to failure. These were the first votes on the treaty since ratification failed in November.

They indicated with equal clearness that the democrats still are standing unflinchingly behind President Wilson in sufficient numbers to prevent ratification with the Lodge reservations, and that hopes of any considerable break in the administration ranks have been groundless.

Abandoned by the "irreconcilables," Senator H. C. Lodge met defeat in his efforts to change his own reservations. The first of his own program of modifications was rejected by the narrow margin of 33 to 32, 10 republican "irreconcilables" joining with the democrats to produce this result.

Senator G. M. Hitchcock, democratic leader, likewise met two decisive reverses. An amendment which he proposed to the first Lodge reservation was beaten, 38 to 26, but on a final showdown on the original Lodge reservation, the democratic leader showed he still could command sufficient support to block any ratification not satisfactory to President Wilson.

ANOTHER BEMIDJI GAME PROPOSED

SUGGESTED THAT LEGION BASKETBALL TEAMS MEET ON NEUTRAL FLOOR.

Basketball fans may have an opportunity of finding out which Legion basketball team is the best—that of Gracie Post, Bemidji, or of Eklund Post, Thief River Falls. The following from the Bemidji Pioneer indicates how the people over there feel about it:

"From the present outlook it is safe to say that another "full of pep" contest will be staged soon between the local American Legion basketball team and the Thief River Falls American Legion aggregation. Backers of the local team are putting up a purse of about $150 or $200 on the game and Thief River Falls fans are reported to be doing the same. With such backing, the clash should be even more exciting than the one staged in Bemidji on Feburary 12, when the local outfit won by a score of 28 to 15, after having been defeated at Thief River Falls a month ago by a narrow margin of three points, the score being 24 to 21.

"Arrangements are being made to meet the Thief River Falls crowd at Crookston, where the game can be staged on a neutral floor. A neutral referee will also be engaged for this match. Definite arrangements have not been completed as yet, but Manager Fraser of the Bemidji team expects that the contest will be played some time the latter part of this month.

The contest here on February 12 was by far the best staged in this city this winter. Although there have been faster and harder fought games played here, the interest shown in the Bemidji-Thief River Falls battle was a real credit to any live athletic town. Even more interest should be shown in a third contest between these two outfits, which at present have one game each to their credit."

SEED TESTER FOR BOYS AND GIRLS

CLUB MEMBERS WILL BE PROVIDED WITH TRAY FREE OF CHARGE.

The Citizens State bank of Thief River Falls, in order to encourage and assist the boys and girls who are members of farm clubs in the country, is offering a seed tester free of charge. Every boy or girl receiving one of these testers is asked to render a report of the results obtained to the bank after it has been tried out. These reports are for the information of bank officials solely, it being their desire to learn whether or not their efforts to assist the boys and girls of rural communities is meeting with any degree of success.

In addition to the free tester the bank is offering cash prizes for the best story on "Why Every Farmer Should Use a Seed Tester." The prizes are $2.50, $1.50 and $1.00 for first, second and third place respectively. The story may be handed to the teacher of the school attended by the boy or girl or may be sent to the bank direct.

The 10-20 Titan Tractor at $1,000 Is Getting The Most For Your Money

A Three Plow Tractor; the Practical Size. The 10-20 Titan Tractor is large enough to run a small Thresher, Insilage Cutter and all similar work. Its large 20 in. Clutch Pulley direct on crank shaft makes it a leader for threshing power and all belt work. Its the tractor that will stand the hard knocks better than light weight two plow tractors. Its a slow speed motor and will last the longer. The upkeep of the 10-20 Titan Tractor is practically nothing. Its a long-life Tractor; is easy to operate, with sturdy power and sure power. The 10-20 Titan is getting the most for your money.

The First Bottle of PE-RU-NA

Gave Relief so Writes

Entirely Free from Catarrh of the Stomach

"Peruna has positively done for me what many doctors failed to do. I have been time and again compelled to take to my bed for days. The first bottle of Peruna gave relief and while I always keep it in the house for emergencies, I consider myself entirely free from catarrh of the stomach, the trouble from which I suffered for so long before taking this remedy."

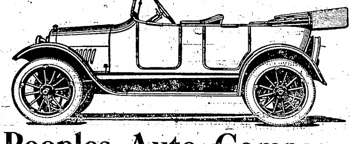
"FB 50" Touring Car

TO inspect the "FB 50" Touring Model is to realize the real meaning of the word "complete" as applied to an automobile. For here is a car that lacks nothing which could possibly contribute to beauty, comfort or mechanical excellence.

It has size. It has power. It has looks. It is complete.

"FB 50" is a big, roomy car. Five passengers of any size are seated comfortably and there is still room to spare. It has power for all needs, for any occasion. And as to looks! Model "FB 50" is a distinguished looking automobile. You will say so yourself when you see it



Peoples Auto Company

Thief River Falls, Minnesota

MORE SERIOUS AUTO SHORTAGE IS THREATENED

LOCAL AGENTS SAY DELIVERIES ARE LIKELY TO BE MUCH DELAYED.

FACTORIES CANNOT KEEP UP WITH INCREASED DEMAND FOR NEW CARS.

BUYERS URGED TO GET THEIR ORDERS IN AND SAVE DISAPPOINTMENT.

From present indications there is likely to be a famine in pleasure cars this spring. Thief River Falls dealers without exception say that the situation is worse than a year ago and that there is slight hope of any change during the present season.

The fact of the matter is that the manufacturers have not yet struck the output record maintained before the war. Many of the foremost factories were turned over to making material for the army and navy, while at the same time the orders for cars kept piling up. Plants were enlarged time after time in many instances but at that the market could not be supplied.

All in Same Boat.

"The man who wants a new car this year had *better get his order in early*," is the tune of the song they all sing. "There is every indication that the coming season would be a great one for automobile men—if we could only get the cars," they add.

George S. Streeter of the Peoples Auto company, local agents for the General Motors company's products, says that there is very little to choose between so far as the different cars go. His concern has managed to secure a number of Chevrolets during the winter, but so far as Buicks, Reos, Scripps-Booths and Oaklands go promises are about all that have thus far been forthcoming. "We hope that our customers can all be supplied," said Mr. Streeter, "but the man who puts off ordering is very liable to get left." This concern is also having a very satisfactory demand for the Samson tractor, for which they are the agents in this section.

Had Labor Troubles.

K. A. Sundahl of the Northwestern Auto company, says that he has been promised a supply of the new No. 4 Overland and is in hopes that the first shipment will be here before long. There has been a considerable demand for this model and Mr. Sundahl is assured that before the season is far advanced all will be supplied. The Overland people are particularly anxious that there shall be no disappointments so far as this new light car and the Willys-Knight machines are concerned. The labor troubles at this factory have been adjusted and there is every hope that record production will be the aim hereafter.

Mr. Sundahl has taken the agency in this district for the Republic truck, but has concluded not to handle tractors.

Others are Hopeful.

The McFarland Auto company, handlers of the Ford cars and Fordson tractors, have received a part of the quota alloted to this city but will need a great many more if the opening demand is any criterion. Tractor orders are being booked with the understanding that the machines will be on hand in time for the spring work and there are a number of pleasure cars now in the garage. Mr. McFarland says that the sales this spring are only limited by the number of cars he can secure.

C. Gustafson & Son, who last year handled the Briscoe passenger car and a number of tractors, are preparing for a busy season. This firm is assured that deliveries of their products will be better than a year ago but they doubt if the orders can be kept up with even at that.

The Maxwell car will this year be sold in this city by W. W. Prichard, Jr. This machine was quite popular here before the war and with the many improvements now made there is no question but that it will again be a strong contender for favor when the factory gets in a position to meet the demand. Mr. Prichard will not take on anything in the shape of tractors or trucks.

The Rambeck & Stone company will be a contender for a part of the tractor trade, having secured the agency for the Emerson-Brantingham line. This new concern will be ready for business in a few days and will be prepared to give demonstrations as early as any of the others.

"Act Now," is Advice.

No matter how promising the outlook, every dealer advises those who contemplate the purchase of a car this spring to get their order in at once. The situation is such that deliveries may be next to impossible later in the season and it is certain that the prices will not be lower this year.

PLAN WORK FOR JUNIOR FARMERS

FARM BUREAU DIRECTORS WILL MEET FOR THIS PURPOSE FRIDAY.

The club work for the boys and girls of Pennington county will be outlined at the farm bureau directors meeting on Friday. The county will have sheep, dairy calf, poultry and potato clubs this year. All boys and girls between the ages of 10 and 18 years may try out for some of these clubs. They will be awarded not only liberal premiums but also the free trips to the state fair and livestock show in St. Paul.

The boys' and girls' short course for the Red River valley will be held at the Northwest school at Crookston from March 29 to April 3, inclusive. This course is not restricted to club members but is open to all boys and girls.

BANK FEATURES FARM AUCTIONS

FIRST AND PEOPLES EMPLOYS UNUSUAL MEANS OF GIVING SERVICE.

Taking two full pages of a newspaper such as The Times for the purpose of calling attention to farm auction sales is something of an unusual proceeding, but the First and Peoples State bank officials have come to the conclusion that the results more than warrant the expenditure. Having a number of such sales coming off in the near future, Vice President H. S. Dahlen, who has personal charge of this department of the bank's business, decided that the patrons would be best served by making the announcements so prominent that no interested person could possibly miss them. The two center pages of the paper were therefore engaged for the purpose, affording everybody an opportunity to see at a glance just what is offered.

In every instance where a farmer is selling out another is ready to take his place. The reasons given for making the change are varied and in line with those usually advanced in an agricultural section.

Henry Hanson has not been in the best of health for some time and has been advised to seek a change of climate. His farm will be taken over by his brother, Sivert, who has rented the place.

Hans G. Skogstad will leave for the West, having become interested in the section near Bellingham, Wash.

H. G. Borden has sold his farm to a party named Green, a stockman formerly located at Florence, Lyon county, and will move to Portland, Ore. Mr. Green will take possession of the farm this spring and specialize in dairying and stock raising.

Ed. Klappenbach sold his farm to Nels Newman, formerly of Austin, Minn. Mr. Newman will also go extensively into dairying. Mr. Klappenbach will move into town.

Emil Johnson will quit farming and has disposed of his holdings to Gordon Olson, a Sanders township farmer, who only changes location, having recently sold his old farm.

Oscar Ramback has rented his place near Germantown to a newcomer and will engage in business in Thief River Falls, going into the implement business as a member of the Mambeck & Stone company.

W. J. LaBree, the veteran crier, will be the auctioneer at five of these sales and T. K. Rynestad will officiate at the other.

LA COUNT FREED IN MURDER CASE

JURY FINDS MINNEAPOLIS MAN DID NOT KILL HIS YOUNG WIFE.

Ralph LaCount, whose sixteen-year-old wife was found murdered on the C. J. Winton estate at Lake Minnetonka last September was acquitted by a jury in district court late Friday night. The jury retired at four p. m., and notified Judge Steele it had reached a verdict shortly before 11 p. m.

Oscar Lindgren, gardener at the Winton estate, also is held in connection with the murder. His trial is set for March 1st.

Mrs. La Count was found with her throat slashed and her skull crushed by a baseball bat. The state's case against La Count was purely circumstantial. It is said the jury took but two ballots, two members voting for conviction on the first ballot merely to prolong the jury discussion of the case after retirement.

The case has attracted a great deal of attention in Thief River Falls owing to the fact that the Winton family, on whose estate the crime was committed, resided in this city for years.

Miss Barnett Hoirer returned to her home at Holt on Tuesday after visiting for a brief period with Miss Tillie Oftedahl in this city.

Ladies' Aid to Meet.

The ladies' aid of the Trinity Lutheran church will meet Thursday afternoon, March 4 in the church basement, entertained by Mrs. E. Thompson, Mrs. Hofto, Mrs. G. Sandum and Mrs. Vistaunant. Everybody welcome.

Entertains at Dinner.

Mr. and Mrs. G. C. Streeter entertained a few of their most intimate friends at a charmingly appointed dinner party on Monday evening at their home on Riverside avenue. A patriotic color scheme suggestive of Washington's birthday, was used.

Dinner Party.

The home of Miss Zella Zeh was the scene of a very delightful dinner party on Sunday evening. Covers were laid for ten. The guests were, Misses Agnes and Grace Wilson, Avis Akre, Gena Granum, Irma Johnson, Meta Kiland and Mrs. M. W. Brink, also Norman Holen of Minneapolis, Henry Falk and Earnest Zeh.

First and Peoples State Bank

Capital and Surplus $90,000.00

ABSOLUTE CO-OPERATION between you and your bank very often spells the measure of success that should be yours. The reason that this bank has grown persistently the past years is that it has always been fair and impartial in dealing with its patrons, and that it has exercised prudence, foresight and the spirit of progressiveness, safeguarding our depositors at all times and assisting them in every consistent way to promote their own business enterprise.

We respectfully solicit your patronage and under the headlines enumerated below describe some of the various kinds of business which we transact:

Commercial Deposits: Check accounts are opened with individuals, partnerships and corporations.

Savings Deposits: Savings books are used and interest at the rate of 5 per cent credited quarterly. If preferred, time certificates for 12 months drawing 5 per cent are issued.

Insurance Department: Fire, tornado, burglary, plate glass, automobile, workmen's compensation, liability, accident and life insurance written in first-class companies.

Safety Deposit Boxes: For a nominal fee safety deposit boxes are rented.

Farm Loans: We always have funds on hand for good farm loans. To patrons we extend accommodations on the most liberal terms consistent with safety.

If you are planning an auction sale, come in and see us as to dates and terms. Let us clerk your sale and make your settlements. Because of our wide acquaintance we lead.

We assure you that all business entrusted to us will have the best personal attention of the officers and will be duly appreciated.

Thief River Falls, Minnesota

High School Progress

Big Carnival Postponed

After a short conference between the main officials of the Lincoln High School Carnival company, it was decided to change the time of showing until a later date, to come some time in the spring. It will be a big out door affair, with tents covering the whole high school campus.

WATCH FOR THE DATE!

Attends N. E. A. Meet

Superintendent W. A. Ziegler is attending the department of superintendents of the N. E. A., which is being held in Cleveland, Ohio this week. This is the biggest educational gathering that has ever been held in the world. Changes of the utmost significance will be discussed by the ablest men in the world. The trend of education in this re-construction period is a striving to fit the pupil for a definite vocation. The high school graduate, as a rule, is in difficulty when it comes to choosing his life vocation. Schools of the future will strive to prepare boys and girls, as far as it possibly can be done, for a practical vocation. Within two years, these changes will materalize. It is the plan to adapt the schools of Thief River Falls to these ideas as far as it possibly can be done. A beginning has already been made here in the establishment of the Trades and Industrial department, housed in the addition to the Manual Training department. The convention at Cleveland will last the entire week.

Important Meeting

The school boards of Northwestern Minnesota held a meeting at Detroit recently, at which the question of adequate salaries was discussed. It is desired to adopt uniformity in the matter of salaries and other conditions as far as possible. A schedule of salaries was adopted subject to the salaries the state might adopt later. It was also decided that all reelections should be held the first of week of March. Dr. Mellby was the member of the local board in attendance at this meeting. A committee of five was appointed to formulate a plan for organization and to make recommendations. The committee appointed is as folows: Colson, Wadena; Sussens, Alexandria; Mellby, Thief River Falls; Lundgren, Hallock; Carmen, Detroit.

The following districts were represented: Wadena, Mahnomen, Hawley, Ada, McIntosh, Park Rapids, Barnesville, Lark Park, Fosston, Detroit, Henning, Alexandria, Erskine, Thief River Falls, Hallock, Breckenridge, Twin Valley.

A similar meeting for the state has been called to meet at the State Superintendent's convention in April in Minneapolis. This will undoubtedly result in still greater good. It is encouraging to note that school boards everywhere are trying to get together to adopt uniform conditions as far as possible.

"The Rehearsal at Ten"

The vaudeville given by the Senior Class of 1920, "The Rehearsal at Ten," last Saturday was greatly appreciated by the audience.

At the matinee the jokes and the throwing down stairs of the author, Percy Penn (Lloyd Peterson), made the children shout with delight.

When the lights were turned out, at the beginning of the evening's performance, the high school assembly was filled to its utmost capacity and even then the people did not cease to ask admittance. Altho it was only a comedy, the interest of the audience was maintained throughout the entire play. Every few minutes, a ripple of laughter filled the hall. The songs sung, and the violin solo by Herman von E. String (Herman Aaker), added to the pleasure of the evening.

The only complaint is that the performance was far too short.

Declamatory Contest

There was a preliminary declamatory contest held in the high school on Thursday. Luella Pederson, Edna O'Brien, Roy Flattum, Lee Ihle and Lynn Halvorson were the contestants, Luella Pederson and Roy Flattum winning first prize. They go to Moorhead where the semi-district contestants hold their contest. The two winning there will go to St. Paul. There the first winner gets a six month course in declamatory work, the second a three month course, and the third—ten dollars in cash.

H. S. Basket Ball

Senior Quint Going Strong.

The Seniors took an early lead in the annual basketball battles for school championship. Up to Wednesday night each team had played two games, the Seniors heading the procession with two victories, the Freshmen and Juniors following with a win and a lose each, and the Sophomores trailing behind with a double defeat. Every game was stubbornly contested and replete with sensational playing. The competing teams showed a cleaner, faster brand of basketball than usually displayed in class games.

In spite of the thrills and excitement furnished free of charge little interest was manifested by the classes. A few lukewarm patriots straggled in to view the contests and, according to the Junior captain, "occasionally emitted enough sound to rattle in a pint tin cup."

Seniors 38; Freshmen 5.

Though the first game resulted, as the score indicates, in a decisive walkaway for the Seniors, there were thrills a plenty. Sorenson, the speedy Freshmen forward, kept the Seniors in a continual state of apprehension by repeatedly wriggling through their defense. Captain Will, however, generally managed to gain possession of the ball and refused to give it up until he had rung in a basket.

Juniors 8; Sophomores 7.

The Juniors disregarded all basketball prophets, upset all dope, and treated everybody to a complete surprise by administering an artistic trouncing to the mighty Sophomores. Without a single experienced man on the team and with several who had played little or no basketball before this season, Captain Coyle built up a machine that was beautiful to behold—to the Juniors mind at least. An efficient five man defense presented a rocky wall of defense through which the shifty Sophomore forwards were unable to penetrate.

Seniors 13; Sophomores 9.

In the third game of the series the Seniors again claimed the long end of the score but kindly consented to bestow only a slightly shorter end on their opponents. The two teams were practically on a par in basket-shooting, speed and weight, but the Seniors superior team work finally decided the contest in their favor. It was anybody's game to the final blast of the whistle.

Freshmen 17; Juniors 13.

The Freshmen team had taken on considerable weight since the first appearance which may account, somewhat, for its showing. The Juniors, however, were not daunted by size and fought gamely. The contest was one long succession of tense moments *from start to finish the teams leading* alternately through the entire forty minutes of play.

Musical Program

Wednesday at chapel period the pupils of the High School were entertained by Wyman Horr, enroute to New York where he is going to complete his musical education. The following is the program rendered, which was greatly enjoyed by every-one:

Impromptu, No. 4	Schubert
Romance	Sebelius
Etude	Arensky
Persian Idyll	Ernest Lockmund
Etude, Op. 5	Chopin
Etude, Op. 25, No. 9	Chopin

The program was concluded by a lively piece of rag time music.

They Say:

Found—On a freshie's essay, the following words: The children ate themselves at the table.

Lost—Three "flu" germs mysteriously dissappeared one day from the high school. No reward is offered for return as Miss Saucer will not let them remain even though they may be brought back.

Hilda Lee returned last week after two weeks' illness.

The "flu" has kept the nurse and teachers busy signing excuses, but we can readily see the attendance has been more regular lately.

We were defeated in our first "Declamatory contest" but since we believe in the old adage "If at first you don't succeed try, try again," we have started another with the word "Win," in mind.

Lloyd Alnes was only six and a quarter minutes late this morning.

Ruby Bennes, Ella Krohn, Helen Warner, Helen Langseth and Lulu Cook accompanied the girls' basket ball team to Warren Friday to witness the big basket ball game between the Thief River Falls girls and the Warren girls.

McGinn has a fever of 102 degrees.

Earnest Zeh came to school without a package of gum.

Mr. Mellby has started a bug hunting expedition. They will depart early in the spring so that the bugs will not yet be active and can be easily caught.

Chas. Herron was seen talking to a girl without blushing.

That the class games which are now half finished are creating lots of excitement. At present the Seniors are ahead.

If Joe Weirus keeps bringing a dog to school every day chances are that we may have some "hot dogs" soon.

The inter-class basket ball games started last Wednesday.

Gordon LaBree gave a party Thursday evening in honor of his cousin, Wyman Horr, who is a guest at his home. The evening was spent in plaping cards and dancing. A delicious lunch was served at 12:00.

Mr. Tommeraasen announced recently that he was ready to compete with anyone for the championship in "Norwegian Whist."

Our local boys will play North Star College, at the Auditorium, Monday.

Cast Has Party.

The members of the cast in the "Rehearsal at Ten," and the Misses Patrick, Poppitz and Wilson of the high school faculty, enjoyed a party at the home of Miss Luella Pederson on Saturday evening following the performance at the Lincoln high school. The evening was spent in playing whist. Lunch was served. Those present were the Misses Alyce Berg, Ruth Kiland, Jessie Barnett, Agnes Tandberg, Harriet Anderson, Kathleen Ures and Luella Pederson, and Roy Flattum, Leland Schuster, Lloyd Peterson, Henry Sagmoen, Herman Aakre, Gunder Legvold, Henry Aastad and Stanton Dahlen. The honorary guests were the Misses Wilson, Patrick and Poppitz.

Local Notes

Mr. and Mrs. C. S. Simonson are the proud parents of a daughter, born on Feb. 20.

Mrs. Oscar Gigstad of St. Hilaire was in this city on Monday receiving medical attention.

C. A. Nason left on Monday afternoon for Crookston, where he attended to business matters.

Mrs. J. H. Sorem left on Monday afternoon for St. Hilaire where she will be the guest of friends for a few days.

Morlan Bishop came down from Strathcona on Monday afternoon and visited for a short time at the home of his parents.

Miss Phyllis Dock returned to Greenbush on Monday morning having visited over Sunday in this city with her mother.

Miss Olga Gulrud spent the weekend visiting with friends and relatives in Minneapolis, returning to this city on Tuesday morning.

Miss Bernice Hobbs visited and shopped in this city on Monday, returning to Holt where she is employed in a bank, on Tuesday morning.

Miss Clara Ingvaldson, who has been the guest of relatives in this city for the past two months, returned to her home in Climax on Monday afternoon.

Mrs. Agnes Warring, who had spent the past three weeks visiting at the home of her parents in this city and with a sister residing a short distance from the city, returned to her home at Steiner on Monday.

C. M. Jubb of Great Falls, Mont., arrived in this city on Monday morning and will visit for an indefinite period at the home of his parents. Mr. Jubb was a former resident of this city having resided here for a period of twenty years.

The girls' quint of the Lincoln high school basket ball team experienced the thrills of being snowbound last Friday evening when they played at Warren. It was the intention of the girls to return to this city that same evening but instead of that they were unable to get back until the following evening.

NOTICE OF SALE!

You Need Not Be Sick

Have you ever wished with all your heart that you could be well and strong like some one you know? Well you can—it is within the reach of all to enjoy good health.

In most instances a slight readjustment of the spinal column is all that is necessary. A nerve may be pinched between two pieces of cartilage, thus depriving some organ its proper supply of nourishment—relieving the pressure soon restores normal functions.

Your body is in reality a very complex piece of machinery—it gets out of adjustment and will not run properly.

Why not let us examine you today? Examination is Free, and if we cannot help you we will tell you frankly.

FARM WAGES AT TOP NOTCH NOW

RURAL LABORER IS STEADILY REGAINING THE GROUND HE LOST.

Farm wages were the highest in the history of the United States last year, the department of agriculture announces. For labor hired by the month with board, the average for the country as a whole was $39.82, without board it was $50.29. Harvest wages per day with board reached the top figure of $4.48 in the North Central states west of the Mississippi river. The lowest farm wages are in the South Atlantic states, with the South Central states next lowest. Monthly wages with board were highest in the Western states, including the Mountain and Pacific states where the average was $62.96, while without board it was $87.12.

Farming operations of 1919 produced crops that had a value at the farm that was 11.8 percent above 1918, and animal products 9.9 percent above, but the gain in wages of farm labor was relatively greater. Wages by the month with board increased 14 per cent, without board 15.3 percent and day wages in harvest, 18.9 percent.

"These figures indicate," says the department of agriculture, "that the farm laborer is still regaining the ground he lost, relatively, early in the rapid upward movement of prices of farm products after 1915. This wage recovery was evident in 1918 as well as in 1919, but full recovery has not yet been accomplished."

Easy on Them This Time.
(Goodridge Banner.)

County Attorney Qualo came out this morning and investigated a case against nine boys, on complaint of Mrs. Wm. Arnold, charging Howard Seavey with hitting Alfred Arnold with a piece of ice yesterday, and the others with being connected with the affair. It appears there has been much "scrapping" among the boys for several weeks and the above was the culmination.

The Arnold boy was not seriously injured and after the boys had been examined and given quite a grilling by the latter recommended to Judge Gunderson that they be let go on suspended sentence, but informed the boys that another complaint would mean arrest by the sheriff, followed perhaps by a stiff reformatory sentence.

W. C. T. U. Due Social.

The local W. C. T. U. will hold a "due" social at the home of Mrs. H. L. Onstad on Knight avenue north next Tuesday evening, March 2nd. All members are expected to be present. Lunch will be served.

Mrs. P. Oien left on Saturday afternoon for Bellingham, Wash. to spend a period of two weeks visiting with friends and relations.

FRENCH KING FIRST IN FIELD

Writings of Thomas Paine Show That Henry IV Once Contemplated League of Nations.

While President Wilson, Lloyd George and other statesmen are talking of a league of nations the following, taken from Thomas Paine's "The Rights of Man," is historical:

"It was attributed to Henry IV of France, a man of an enlarged and benevolent heart, that he purposed about 1610 a plan of abolishing war in Europe. The plan consisted in constructing an European congress, or, as French authors style it, a pacific republic; by appointing delegates from the several nations, who were to act as a court of arbitration in any disputes that might arise between nation and nation.

"Had the plan been adopted at the time it was proposed the taxes of England and France, as two of the parties, would have been at least ten millions sterling annually to each nation less than they were at the commencement of the French Revolution."

Here is also part of a letter addressed to Lafayette from Paine, February 9, 1792:

"If you make a campaign the ensuing spring, which is most probable there will be no occasion for, I will come and join you. Should the campaign commence, I hope it will terminate in the extinction of German despotism and establishing the freedom of all Germany. When France shall be surrounded with revolutions she will be in peace and safety and her taxes, as well as those of Germany, will consequently become less."

LAWS PRINTED IN GERMAN

How the State of Indiana Catered to the Teuton Element in the Fifties and Sixties.

Time was when the Indiana general assembly directed that its laws be printed in German as well as in English—but never more, observes the Indianapolis News.

In 1852 the legislature enacted a statute that its laws passed at that session should be printed in German and one copy distributed to each of the clerks of the judicial circuits. By joint resolutions of the senate and house the session laws of the special session of 1858, the regular session of 1859, the regular session of 1861, the special session of 1861, and the regular session of 1867 were printed in the German language. The revised statutes of 1853 were ordered printed in German.

Mrs. Edward Franklin White of the law editorial department of the Bobbs-Merrill company, believes the printing of the acts in German was no part of the propaganda for "kultur," which has been so exposed of late, but she rather believes that Indiana was making a special bid for settlement by Germans along with other foreigners who were westward bent. She says all sorts of inducements were held out in the fifties and sixties to attract colonization in Indiana and cites, as another of the inducements, the lax constitutional provisions (constitution of 1852) for obtaining citizenship, or at least the right to vote.

Civilization Fatal to Eskimo.

Vilhjalmur Stefansson, Arctic explorer, to whom the Charles P. Daly medal was presented by the American Geographical society for his "valuable contributions to science," pleaded that no efforts be made to civilize the Eskimo tribes of the far North. All such previous efforts, he stated, had resulted disastrously for the natives. One tribe of 5,000 discovered in 1825 by an English explorer, he said, was now reduced to only 40 persons through adoption of a civilized mode of living, which was unsuitable for the frigid clime.

Vehicle Market in Siam.

Owing to the low-lying and often inundated plains of southern Siam, in which most of the rice farming is done and in which road making is difficult, and also the fact that transportation is easily afforded by the numerous canals which traverse the country in every direction, there is not likely to be any extended demand for farm wagons or other vehicles for the use of the Siamese farmer. It seems, however, that considerable attention will be given to road making in Siam's principal cities, notably in Bangkok, and that therefore a line of municipal vehicles will be needed in the near future.

Didn't Come Off.

In the belfry of a little church in France the Germans placed a bomb connected with wires to the monstrance on the altar. The idea was that when the monstrance was moved the resultant explosion would bring the church down upon the heads of the worshipers. Fortunately Marshal Foch's little paragraph in his armistice terms, to wit, that German commanders would be held personally responsible for all damage done by infernal machines, prevented this characteristically Teuton performance from coming off.—Rochester Post-Express.

Rescued by Mother-in-Law.

William Olive of Bridgewater, after putting a new roof on a dog house in his yard, was afraid the dog would get cut on the nails sticking through, and crawled in to clinch them on the inside. When he had finished the job he found that his coat was caught on a nail and he couldn't get out. He made all the noise he could, and finally, after a long while, his mother-in-law heard him.—Boston Globe.

Carl B. Engen.

Carl B. Engen, who died last week at Highlanding, was 43 years of age and a bachelor. He was born in Norway and came to this country with his parents in 1881. The family settled first at Warren, residing afterwards at Viking. After some time spent at Ringbo, the former name of what is now Holt, deceased went to Highlanding, taking up the homestead on which he continued to live until the time of his death. The remains were sent to Holt for burial.

He is survived by two sisters, Mrs. Alice Hammarsten of Highlanding, and Mrs. Henrietta Refnes of Erie, and a brother, Chris, residing at Holt.

ROCKSBURY

Here I am again feeling fine. Hope your'e the same.

Mr. and Mrs. Moeller visited at the Carl Zinter home Wednesday afternoon.

Mr. and Mrs. Henry Koop and Albert and Mr. and Mrs. Henry Matthees and children, Elvira, Wilma and Norman visited at the Wm. Moeller home Friday afternoon.

Misses Mayme and Elsie Rondorf visited at the Henry Koop home Saturday.

Mr. and Mrs. Wm. Moeller and children visited at the Albert Geske home Saturday night.

Mr. and Mrs. John Elgelbart and family visited at the Wm. Moeller home Sunday.

Elmer Eastman had the misfortune of losing one of his drivers Saturday evening.

Miss Cora Moeller helped at the H. Matthees home Monday and Tuesday.

Emil Moeller visited over Sunday with his chum, Elmer Geske.

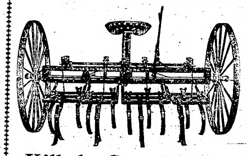
Miss Eda Geske visited from Thursday until Monday with her friends, Miss Margaret Moeller.

Miss Ruth Shtre came home Friday returning to Thief River Falls Monday to resume her duties at the Lincoln high school.

Fosston Defeats Crookston.

Fosston outclassed Crookston high in Friday evening's basketball game at the Armory in the last-named city and won by a score of 25 to 12. The first half ended 14 to 10 in favor of the eastern Polk men.

Regarding the basketball situation generally the Crookston Times says: "Fosston may well be called the champion of this section of the state. However, Fosston's team of 1920 does not look as good as teams from that city in other years. They occasionally get the snap and pep that always marks a team from the little city in Eastern Polk, but continuous good playing is lacking."



Kill the Sow Thistle

With the Canadian Cultivator shown above, equipped with the wide points, (which are a part of equipment on these machines), you will be able to get the best of the Sow Thistle, the Red River Valley pestilence. These machines are built expressly for summer fallow work. The wide sweep shovels overlap so that absolutely every weed is cut off. They are also equipped with narrow points used especially for tearing out Quack Grass roots. Each point or sweep is mounted on a spring tooth, and they make a wonderful machine for preparing the seed bed.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage executed and delivered by Lulu D. Halvorson and Gay Halvorson, her husband, as mortgagors, to Northwestern Building Association of Fergus Falls, a corporation, as mortgagee, dated June 14, 1916 and recorded in the office of the Register of Deeds of Pennington County Minnesota, on the 20th day of June 1916 at one o'clock P. M., in book 4 of mortgages on page 237, and no action or proceeding having been instituted at low or otherwise to recover the debt remaining secured by said mortgage, or any part thereof, and there being claimed to be due and is actually due on said mortgage at the date of this notice the sum of two thousand three hundred and eight ($2,308) Dollars and the sum of forty-one dollars and seventy-four cents ($41.74) for taxes for 1916, paid by said mortgagee on May 13, 1918, and the further sum of sixty-three dollars and thirty cents ($63.30) for taxes for 1917, paid by said mortgagee on May 12, 1919, making the total amount due at this date the sum of two thousand four hundred and thirteen dollars and four cents ($2,413.04.)

Notice is hereby given, that by virtue of the power of sale contained therein, said mortgage will be foreclosed and the premises therein described situated in the County of Pennington, State of Minnesota to-wit: Lot twelve (12) and the north one-half (N½) of lot eleven (11) in block sixty-three (63) of the Original Townsite of Thief River Falls, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said county and State will be sold by the sheriff of said county at public vendue to the highest bidder on the 3rd of March, 1920, at 10 o'clock A. M., at the front door of the Court House in the City of Thief River Falls, in said County and State, to pay said debt, the interest thereon and an attorney's fee of seventy-five ($75) dollars stipulated in said mortgage and the expenses of sale, subject to redemption at any time within one year from the date of sale as provided by law.

Dated January 6, 1920.

of Fergus Falls, Mortgagee
N. F. FIELD,
Attorney for Mortgagee.

Mortgage Foreclosure Sale.

WHEREAS, default has occurred in the conditions of a certain mortgage made, executed and delivered by T. C. Peterson, a single man, as mortgagor to Citizens State Bank of Thief River Falls (a corporation under the laws of the State of Minnesota), mortgagee, upon the following described lands lying and being in the County of Pennington and State of Minnesota, described as follows, to-wit:

The Northeast Quarter of the South west Quarter (NE¼ SW¼) and the South half of the Southwest Quarter (S½ SW¼) of Section Thirty-five (35) in Township One Hundred Fifty-two (152) North, of Range Thirty-nine (39) West of the Fifth Principal Meridian containing 120 acres, more or less, according to the Government survey thereof, which said mortgage bears date on the 9th day of December, 1916, and, with the power of sale therein contained, was duly recorded in the office of the Register of Deeds of said Pennington County, Minnesota on the 19th day of January, 1917, at 8:00 o'clock A. M., in Book "12" of Mortgages on page 369, and which mortgage was assigned to The Netherlands American Mortgage Bank by instrument in writing, dated January 20, 1917, filed for record in the office of the said Register of Deeds aforesaid on the 20th day of January, 1917 at 11:00 o'clock A. M., in Book "56" of Mortgages on page 322, and which said mortgage was again assigned to Albertus J. Prins by said assignee of mortgage, by instrument in writing, dated January 30, 1920, filed for record in the office of said Register of Deeds aforesaid on the 2nd day of February, 1920, recorded in Book "11" of Mortgages on page 563, and which said mortgage was given to secure the payment of the sum of Twelve Hundred ($1200) Dollars according to the terms one (1) certain promissory note, made and executed by said T. C. Peterson said mortgagor, to said Citizens State Bank of Thief River Falls, said mortgagee, which note bears even date with said mortgage, together with five (5) interest coupon notes, executed simultaneously with said principal note, said coupon notes being payable on the 15th day of December in the year 1917, 1918, 1919, 1920, 1921, each for the sum of Seventy-two ($72.00) Dollars, which said interest coupon note due on the 15th day of December 1917, and also interest coupon note due on the 15th day of December, 1918, and also interest coupon note due on the 15th day of December, 1919, are past due and unpaid; and,

WHEREAS, it was among other things in said mortgage provided that in case of default in the payment of interest the whole of the principal sum, together with interest should, at the option of the mortgagee, or its assigns, be declared to be due and payable; and,

WHEREAS, the said mortgagor neglected to pay, and has not paid said interest maturing and becoming due on said mortgage on the 15th day of December, 1917, and interest maturing and becoming due on said mortgage on the 15th day of December, 1918, and interest maturing and becoming due on said mortgage on the 15th day of December, 1919, as aforesaid, amounting to the sum of Seventy-two ($72) Dollars on December 15, 1917, and Seventy-two ($72) Dollars on December 15 1918, and Seventy-two ($72) Dollars on December 15, 1919, and by reason of said default the whole amount of the principal and interest thereon is by said last named assignee of mortgagee deemed to have become due and payable in accordance with the terms and conditions of said mortgage; and,

WHEREAS, there is claimed to be due and is due at the date of this notice the sum of One Thousand Four Hundred Forty and 72-100 ($1440.72) Dollars secured by said mortgage, and no suit or other proceeding having been instituted at law, or otherwise, to recover the debt secured by said mortgage, or any part thereof.

NOW, THEREFORE, Notice is hereby given that by virtue of the power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, said mortgage will be foreclosed and the real estate therein and hereinbefore described will be sold at public vendue by the Sheriff of said Pennington County at the front door of the Court House in Thief River Falls, said Pennington County, Minnesota on the 29th day of March, 1920, at 11:00 o'clock in the forenoon of that day to the highest bidder for cash *to pay the amount* which shall then be due on the debt secured by said mortgage, including Seventy-five ($75) Dollars attorney's fees, as stipulated in and by said mortgage, in case of foreclosure, and the disbursements allowed by law, subject to redemption as allowed by law.

Dated February 5, 1920.

ALBERTUS J. PRINS,
Assignee of Mortgagee
RICHARD A. WALSH,
Attorney for Assignee of Mortgagee
St. Paul, Minnesota.

Clerk.

Approved:
O. F. MELLBY,
President.

A want ad in The Times Want Column is sure to bring the results that you expect. A trial next week will convince you of this fact.

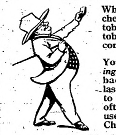
Farmers Creameries vs. Cream Stations

The Farmers Co-Operative creameries in Minnesota paid an average price for butterfat for 1919 of 66c. The centralizing creameries paid an average price for butterfat for 1919 of 59c.

This difference of 7c per pound of butterfat may mean the difference between a dairy herd that makes money for its owner and one that is a loss. A farmer selling two ten gallon cans of cream a week will lose around $200 a year by selling to a station.

Can you afford it?

Thief River Co-Op. Creamery Association
Thief River Falls, Minn.



"It's Like Finding Money"
says the Good Judge

When you take a little chew of this real quality tobacco, and the good tobacco taste begins to come.

You'll find it *keeps coming*, too. The rich tobacco taste lasts and lasts. You don't have to take a fresh chew so often. Any man who uses the Real Tobacco Chew will tell you that.

Put Up In Two Styles

RIGHT CUT is a short-cut tobacco
W-B CUT is a long fine-cut tobacco

Weyman-Bruton Company, 1107 Broadway, New York City.

Give Me a Friendly, Natural Hand-shake

an' a friendly natural tobacco. Keep yo' put-on airs an' "sauced-up" tobaccos for the fellow that likes nut sundaes better than home made pie—

So says a friend of ours named Velvet Joe. And he just about hits the nail on the head.

Velvet is made for men who think there's no smoke like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky thoroughbred. But the real secret of Velvet's friendly qualities is its slow natural ageing in wooden hogsheads. Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is *good* tobacco—nothing more or less. It runs second to none.

The picture of the pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

BULLETIN SHOWS DAIRY INCREASE

STATISTICS COMPILED BY J. H. HAY FULL OF INTERESTING FIGURES.

The bulletins sent out by the state department of agriculture are among the most interesting ever issued by a state bureau. The recent issues are four in number, the subjects handled being as follows: "Production, Distribution and Prices of Milk," "Costs and Profits Involved in the Handling of Sugar," "The Fuel Situation in Minnesota," "Production, Distribution and Prices of Bread." All were compiled by J. H. Hay, deputy commissioner and formerly superintendent of the Thief River Falls schools.

The bulletin dealing with the milk situation is perhaps the most interesting to the people of this section. It shows that the number of cows in the state inreased from 556,000 in 1890 to 1,368,000 in 1918. While this is a remarkable record the improvement in the quality of the animals is even more so. The report shows that in 1890, the first year during which records were kept, the average yield in milk per cow was 2,800 pounds, while in 1918 this had been increased to 4,325 pounds. The yield of butterfat per cow was 110 pounds 28 years ago and 164 pounds in 1918. The butter yield increased from 128 pounds to 192 pounds during the same period.

The range in the price of butter is also given in the report, showing that in 1890 the average was 12 cents per pound. This increased at the rate of from three to five cents per year until 1912, when 30 cents per pound was reached, around which figure it remained until 1915. In 1917 it increased from 31 cents to 40 cents, advancing another seven cents for the following year.

The earnings per cow has also steadily increased, being figured at $15.40 in 1890, and at $80.24 in 1918. During this period the advance has been steady, not a single year showing a slump.

In Honor of Wyman Horr.

Gordon and Melford LaBree entertained about thirty of their friends at a party on last Thursday evening in honor of their cousin, Wyman Horr of Duluth, who had been their guest for two weeks. A number of social affairs have been given in honor of Mrs. Horr and son, who leave next week for New York.

Zion Lutheran Church, George Larson, Pastor—Services at Bethlehem, 11 a. m. Service at Zion Church, city, 8 p. m. Prayer meeting Wednesday evening at Stageberg's at 8 p. m. Zion Ladies aid Thursday entertained by Mrs. Froseth. Zion Young Peoples meeting Thursday evening entertained by Miss Carrie Oftelie. Confirmants meet on Saturday. The deacons lead the services on Sunday morning, at 11 a. m.

ROSEWOOD

Misses Cora and Sena Sevaldson returned on Saturday evening from Warren, where they spent a week visiting with their sister, Mrs. Ole Johnson.

Marie and Hannah Helquist, Clara Nelson, Emil Anderson and Joel Shoberg were pleasantly entertained at the Benhard Ranum home last Saturday evening.

Mrs. Nina Anderson left on last Thursday evening for Thief River Falls, where she will shop and visit until Saturday.

Miss Ruth Ranum returned home from Warren last Saturday evening where she has been employed for some time.

Cashier and Mrs. A. S. Holm, Mrs. L. L. Furan, Isabelle Sagmoen and Edwin Myrom, went to Thief River Falls last Saturday to spend Sunday and to attend the high school play on Saturday evening.

John Sorenson of Thief River Falls was in town between trains last Thursday to purchase stock for shipping.

Mrs. James Johnson and son, Earl, of Thief River Falls, arrived here last Thursday for a brief visit with John Helquist and family.

Miss Taggert went to Warren on Friday morning to have some dental work done.

Miss Lydia Batten, teacher at the Northrup school at Thief River Falls, arrived here on Friday morning to spend a few days with her father north of town.

Rev. Geo. Larson of Thief River Falls arrived last Saturday and will conduct Sunday forenoon services at the Rindal church, and in the afternoon in town of Norden.

The Swedish Young Peoples society will hold their monthly meeting at the Congregational church next Saturday evening, Feb. 28, Rev. Werner Drotts of Viking will have charge. Lunch will be served and good music featured. Rev. Drotts will also conduct forenoon and evening services at that church on Sunday, Feb. 29. All are welcome.

The Park Ridge Telephone company held their yearly meeting at the August Johnson home in Norden last Monday afternoon.

Freddie Ranum is busy hauling home building material which he has purchased in the lumber districts north of Middle River.

Matt Rafteseth returned home on Monday morning from Thief River Falls, where he has been employed the past two weeks.

Joel Shoberg was at Viking last Thursday on business.

Andrew Opseth *returned the first* of the week from Thief River Falls where he had spent several days to visit and attend to business.

Minutes of Meeting of Directors, Thief River Co-operative Creamery Ass'n. Feb. 20. 1920.

Regular meeting convened at Creamery. All members being present.

Bonds of P. Engelstad and S. O. Lee were approved.

Motion by Mr. Pope and same carried unanimously that the report of Mr. Engelstad providing for annual dinner as well as quarters for holding annual meeting, be approved.

Report of Mr. Engelstad closing the deal on the property of Miss Urness, as well as taking out insurance on same was unanimously approved.

Motion made and carried to allow Carlson and Sagmoen one-quarter of a cent on butterfat for handling cream at Rosewood.

Motion made and carried to approve report of Secretary about starting a cream station at Highlanding.

Motion also carried to allow the Highlanding Creamery Association one-quarter of a cent on buttefat for upkeep of station.

Motion made and unanimously carried to raise the salary of Wang and Jacobson $10.00 per month.

Secretary's and Treasurer's books were compared. Usual routine bills allowed.

Adjournment of meeting.

P. ENGELSTAD,
Secretary.

Notice.

Let it Hereby be known, that the undersigned sold out his interest in the business formerly conducted at Erie, Minn., by Kompelien & Aubol last winter and that the partnership has been dissolved. My name having been used more or less in connection with the above concern since that time, this notice is published in order to inform all persons interested that I have no connection whatever with the same and am in no way responsible for any contracts or obligations in which it may engage.

OLUF O. KOMPELIEN.
Dated, Erie, Minnesota, Feb. 23, 1920.

Notice of Expiration of Time of Redemption.

Office of County Auditor, County of Pennington, State of Minnesota, ss.

To Emma P. Degran.

(1) You are hereby notified that the following piece or parcel of land situated in the County of Pennington, State of Minnesota, and known and described as follows, to-wit:

Lot five (5) Block One Hundred eleven (111) in the Original Townsite of Thief River Falls, Pennington County, Minnesota, is now assessed in your name.

(2) That on the 8th day of May, 1916, at a sale of land pursuant to the real estate tax judgment duly given and made in, and by the District Court in and for said County of Pennington, on the 15th day of March, 1916, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1914, for said County of Pennington, the above described piece or parcel of land was duly bid in for the state for the sum of No Dollars and thirty-nine cents.

(3) That the said piece or parcel of land and all the rights of the State of Minnesota, upon and against said land by virtue of said sale were duly assigned, conveyed and sold by the County Auditor to an actual purchaser under Section 2126, G. S. 1913, on the 19th day of January, 1920, for the sum of No Dollars and sixty-eight cents.

(4) And that the amount required to redeem said piece or parcel of land from said tax sale exclusive of the costs to accrue upon this notice is the sum of No Dollars and Sixty-eight cents, and interest at the rate of 12 per cent per annum on $0.68 thereof from the 19th day of January, 1920, to the day such redemption is made.

(5) That the certificate of sale issued to said purchaser has been presented to me by the holder thereof, and this notice requested.

(6) That the time for the redemption of said piece or parcel of land from said tax sale will expire sixty (60) days after the service of this notice, and the filing of proof of such service in my office.

WITNESS my hand and official seal this 19th day of January, 1920.

T. P. ANDERSON,
Auditor Pennington County, Minn.
By AXEL RISBERG, Deputy.
(Official Seal.)
Approved May 16, 1919.
CLIFFORD L. HILTON,
Attorney General.

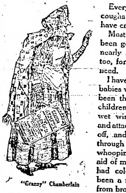
I Am "Granny" Chamberlain



"Granny" Chamberlain

Everybody's friend when they have coughs and colds and their children have croup and whooping cough.

Most everyone knows me. I have been going from home to home for nearly fifty years—always welcome, too, for I never fail in their hour of need.

I have helped young mothers whose babies were choking with croup, and been the comfort of parents whose children tramp to school through the winter weather. Many a cold and attack of bronchitis I have warded off, and thousands I have helped through the anxious moments of whooping cough. I have come to the aid of mothers and fathers when they had colds and influenza, and have been a relief to old folks suffering from bronchitis and asthma.

I have had a most varied experience; I go everywhere—among the rich and the poor, in cities and the country.

Now don't forget "Granny" Chamberlain! You will see me often now, for I am going to tell you of my experience and what can be done in your home with

Chamberlain's Cough Remedy

Yours for Health —Granny Chamberlain

AUCTION SALE

Having sold my farm and moving to New London, Wis., I will sell at Public Auction on my farm, 4 miles southwest of Thief River Falls and 3 1-2 miles north of St. Hilaire the property below.

DEFECTIVE PAGE

Historical Society

Mrs. Horr Honored.

Among many of those who entertained for Mrs. Chas. Horr of Duluth, who was the guest of her sister, Mrs. W. J. LaBree in this city, last week were the Mesdames Emil Zeh, J. Borry, A. D. Adkins, J. M. Bishop, P. W. Mabey and A. W. Swedenburg.

Baldwin-Mostrom.

Wm. F. Baldwin of Montana and Miss Myrtle Mostrom of Hazel, were quietly married in the municipal court rooms by Judge N. W. Tarrant on Feb. 20th. The newlyweds will leave in a short time for Montana, where the groom is engaged in farming.

Swedberg-Ellingson.

At the parsonage of the Swedish Lutheran church occurred the marriage of Alfred J. Swedberg and Miss Effie Clarice Ellingson, both of Randeen. Rev. Albin A. Larson, pastor of the church, officiated in the presence of Miss Ida Olson and Edwin Evenson, also of Randeen.

Woman's Club Meeting.

The Woman's club will hold its regular meeting in the commercial club rooms on Monday afternoon, March 1. J. S. Young of the Department of Political Science, has been engaged to speak for the occasion. His subject will be: "Training for Citizenship." A series of lectures on citizenship has been arranged and the first local speaker will be H. O. Chommie. who will also deliver a talk at this meeting. He has chosen as his subject: "Representative Form of Government, Origin and General Plan." There will also be special music.

Girls' Community Club.

The next regular meeting of the *Girls' Community* club will be held on next Monday evening, March 1 at the commercial club rooms. As this is the end of the first year for the Girls' club, the next meeting will be held in the form of a little birthday party, and the president is asking that each member present the club with a gift, and she wishes that gift to be a new member. This does not mean that just a few are asked to bring a new member. It means that each girl is asked to bring a new member as a gift to the club.

Hotel Evelyn March 11.
We fit and furnish two light glasses, ground from one piece of glass, for $10.00.

Notice of Sale.

State of Minnesota, County of Pennington, ss. In District Court, Fourteenth Judicial District.

The First National Bank of Thief River Falls, (A Corporation), Plaintiff, vs. Bertha Giller, Maurice Giller, Beatrice A. Giller, and John P. Galbraith, as trustee of Maurice Giller Estate in Bankruptcy, Defendants.

Notice is Hereby Given, That by virtue of a certified transcript of the judgment in the above entitled action duly delivered to the undersigned sheriff and now in my hands, which said judgment was duly entered in said Court in favor of the Plaintiff and against the Defendants, Maurice Giller, Bertha Giller and Beatrice A. Giller on the 17th day of February, 1920, for the total sum of Three Thousand Four Hundred and Sixteen and 43-100 Dollars, and which said judgment orders and decrees, among other things, a sale by the undersigned Sheriff of the said County, of the following described real estate in one parcel to satisfy or apply upon the said judgment, viz:

Thirty six feet East of the West fifty feet, and West of the East Fifty Four feet of Lots One, Two, Three and Four in Block Thirty of the Original Townsite of Thief River Falls in Pennington County, Minn.

Now, Therefore, Pursuant to the said Judgment, the undersigned Sheriff will, on Saturday the 10th day of April, A. D. 1920, at the hour of eleven o'clock in the forenoon of that day, at the Front Door of the Court House in the City of Thief River Falls, Pennington County, Minnesota, proceed to sell at public auction to the highest bidder for cash the real estate above described, and all of the right, title and interest of each and all the above named Defendants therein, except the right to redeem as provided by law, to satisfy or apply on said Judgment so entered, together with all accruing costs of sale and interest on the said Judgment from and after the 17th day of February, 1920, at six per cent per annum, subject to redemption within one year after the date of the order of the said Court confirming the said sale as provided by law.

Dated at Thief River Falls, Minnesota this 24th day of February, 1920.

W. J. LaBREE,
Sheriff,
Pennington County, Minn.

J. M. BISHOP,
WM. J. BROWN,
Plaintiff's Attorneys.

MINNESOTA HISTORICAL SOCIETY

PLAN PROVIDES FOR 14 ROOMS AT KNOX BLDG.

SCHOOL BUILDING ON EAST SIDE LARGE AS LINCOLN HIGH NEEDED

BOARD WILL FURTHER DISCUSS MATTER AT REGULAR MEETING MONDAY

MORE THAN 300 PUPILS HOUSED IN BUILDING INTENTED FOR 210.

At a regular meeting of the school board of District No. 18, to be held next Monday evening, the subject of a new school building for the East Side will be discussed. The situation in that section of the city is such that more room is needed at once if the requirement of the state board of education are to be complied with. Continuing as at present places the school aid received from the state in jeopardy, which is something to be avoided at any cost.

Need 14-Room Building.

The tentative plans under consideration by the board contemplate the building of a brick addition of ten rooms and the removal of the wooden section of the building now being used. This would leave four rooms intact making 14 in all and provide a structure similar in size to the Lincoln high school. The plans also provide for a full basement, to be fitted up for gymnasium and auditorium purposes.

Now Badly Overcrowded.

There are at the present time over 300 pupils attending the Knox school, which is 90 over the maximum allowed under state regulations. This attendance gives each teacher an average of 50 pupils, a number much in excess of that under which the best results can be obtained.

Plans are Ready.

The architect has submitted plans conforming to state requirements and these will be studied on Monday evening. Should they meet with the approval of the board steps will no doubt be immediately taken to call a special election to authorize bonds in the amount needed. The money can be secured from the state at a low rate of interest.

GOODRIDGE MAN ALSO CANDIDATE

B. O. NORBY ENTERS FIELD AS CANDIDATE FOR NATIONAL DELEGATE

The chances of having one of the delegates to the Republican national convention hail from Pennington county has been lessened by the entrance of a second man in the race. B. O. Norby, superintendent of schools at Goodridge has been brought out as the "soldier candidate," in spite of the fact that one such is already practically accorded one place on the delegation. Major Rathbun of Detroit, was the first to announce himself as seeking the honor and it will probably go to him by common consent. Such being the case it was figured that the other place should go to some tried Republican with something besides his war record to advance as his claim to recognition.

The action of Mr. Norby in coming out as a candidate claiming the soldier support is to be regretted as in case he secures the support of his own county it will in all probability mean the selection of a man from some other section by the district convention.

WOMAN TELLS OF NARROW ESCAPE

MRS. WINTERS RECOUNTS CIRCUMSTANCES SURROUNDING KESSLER SUICIDE

Mrs. William Winters of Smiley township, undoubtedly owes her life to the fact that a revolver in the hands of Wenzel Kessler failed to fire when in a fit of instanity he tried to kill her on February 24. This was established at the cornorer's inquest held in this city last Saturday. After failing in his purpose to kill Mrs. Winters, Kessler shot himself thru the head, dying of his injuries Wednesday evening.

Wishing to get at the facts surrounding the occurance Dr. H. W. Froehlich, cornoner, ordered an inquest, which was held Saturday. Mrs. Winters was the principal witness and her version of the affair was substantially as follows:

Kessler came in from the wood lot where he had been working in company with Mr. Winters. Going up to his room he changed clothes. Mrs. Winters noticed that he was acting in an unusual manner and asked him what the matter was, receiving no satisfactory reply. The man kept mumbling to himself and returned to his room for a few moments. Mrs. Winters paid no attention to him until she found him standing almost over her with a revolver in his hand. She was sitting at the sewing machine which was placed almost directly under the telephone in the house when she glanced up and found Kessler leaning against the instrument pointing a revolver squarely at her. She grasped his arm and the bullet went into a drawer of the machine. In the struggle which followed she was thrown to the floor where the crazed man again fired, the shot going into the floor alongside her head. Kneeling on her chest he pointed the gun squarely at her face and pulled the trigger, but the cartridge missed fire and to this fact Mrs. Winters perhaps owes her life.

Making a desperate effort she dislodged her assailant and managed to drag him to the door, through which she thrust him. She heard the sound of the shot which Kessler fired thru his own head but was afraid to make an investigation and the body remained where it fell until the authorities arrived.

Three small children of Mr. and Mrs. Winters were in the house with their mother at the time.

ODD FELLOWS INSTITUTE CAMP

STATE OFFICIALS ASSIST IN GETTING NEW ORGANIZATION STARTED

Riverside Encampment No. 22, Independent Order of Odd Fellows, was instituted in this city on Tuesday evening with Grand Patriot J. B. Dexter of Detroit, and Grand Scribe H. M. McDivitt of Minneapolis, assisted by the degree team from the former city, conferring the degrees upon 39 charter members.

The evening will long be remembered in Odd Fellow circles in this section as one of the most pleasant and profitable in the history of the lodge. Preceding the degree work a banquet was served at the Hotel Brumund, this being of a particularly high order of excellence.

The session at the lodge room was most impressive, the Detroit team exemplifying the ritualistic work in an exceptional manner. At its close the newly formed organization proceeded to elect its first officers, the following being chosen: Chief Patriot, F. C. Dablow; senior warden, E. P. Burstad; junior warden, E. E. Gage; high priest, A. P. Robinson; scribe, Adolf Eklund; treasurer, T. P. Anderson; trustees, A. M. Langseth John Gassow and Bernhard Knudsen. Short addresses were made by Grand Patriot Dexter, Grand Scribe McDivitt and Chief Patriot Dablow.

The new encampment starts out with every promise of success. Its jurisdiction extends over the northwestern corner of the state, taking in Warren, Argyle, Stephen and intermediate points. It is expected that there will be a large increase in the membership from these and other places when the organization gets properly under way.

GREAT ARRAY OF AUCTION SALES

CITIZENS BANK HAS NINE ON HAND DURING PRESENT MONTH.

The usual spring restlessness is apparently on. As is usual at this time of year there are a large number of auction sales scheduled to take place, there always being those who wish to change location whether they thereby better their condition or not.

Nine of these sales are scheduled for the present month under the direction of the Citizens State bank. This is rather an unusual number for this season and would indicate dissatisfaction were the situation not known. In every instance where one farmer moves away another takes his place. The newcomers as a rule bring their own stock and farming implements and have no use for those of their predecessors. Consequently these are sold, an opportunity being often thus afforded to secure a highly desirable article at a very low cost.

The sales advertised by the Citizens are as follows: Anton Knudson, March 11; Dick Erickson, March 12; Halvor Hjelden, March 13; William Furstnau, March 16; August Soderberg, March 17; John Ulvild, March 18; Val Yager, March 22; E. E. Anderson, March 26; Halvor T. Homme, March 30. It will pay those who are interested in securing livestock or machinery of the better kind at a big reduction to keep these dates in mind.

New Engineer Here.

F. B. Umland, the newly appointed state highway engineer for Pennington county, arrived last week and has entered upon his duties. Mrs. Umland and the children will not arrive until after the close of the school year at Bagley, the home of the family for the past eight years.

THE TIMES FINDS NEW HOME FOR PRINTING HOUSE

LARGE SECTION OF CONNELLY-MEEHAN BLOCK SECURED BY THE TIMES

NEARLY 5,000 FEET OF FLOOR SPACE FOR PUBLISHING AND MANUFACTURING

WORK OF REMODELING WILL BE BEGUN AT ONCE AND RUSHED

The Times Printing and Manufacturing company this week closed a deal with M. J. Burns, local agent for the owners of the building located on the southwest corner of LaBree avenue and Second street, whereby the concern leases the space now occupied by the Holt & George Plumbing and Heating company for a long term of years. In the corner room of this *building are located* the business offices of the Minnesota and Northwestern Electric Railway company, while the Brumund hotel adjoins on the south. The building is located in the center of the city's business district and admirably adapted to the purposes to which it will be put.

Will Remodel at Once.

The total floor space to be occupied by The Times will aggregate nearly 5,000 feet. It is the intention to have the business offices, stock rooms and composing department on the street floor, a large section of the basement being remodeled and fitted out to house the heavier equipment. The rotary newspaper press and the machinery used in the manufacture of the Lonson coin box will be placed in the basement, the work of putting in a cement floor being undertaken as soon as the present tenants can arrange to vacate. The intention is to have the place ready for occupancy by the first of May.

Machinery is Arriving.

Such parts of the necessary equipment as are procurable have been ordered and are arriving every day. It is of the very latest to be had and when all in place will give The Times the finest and most complete plant of its kind in the Northwest. It has been found impossible to get deliveries on certain kinds of machinery and experts are at work in salvaging a certain amount of that which went through the Union block fire. It has been found that by securing new parts a considerable quantity of this can be made practically as good as new and while the cost will be almost as heavy as actual replacement there will be a great saving in the time it will take to again get going.

Chairman Woman's Organization.

Mrs. T. L. Melgaard was this week appointed chairman of the Pennington county organization of Republican women. Miss Effie Hamry was appointed vice chairman and will be the head of affairs until the return of Mrs. Melgaard, who is at present absent from the city.

While no plans have been announced it is expected that the women's auxiliaries of both political parties will at once begin active work along the lines of educating their sisters in their duties as voters. They will have an opportunity this spring of casting their ballots for presidential electors and their right of franchise has been further extended.

Mrs. E. M. Stanton was last week appointed as Ninth district chairman of the Democratic women.

LITTLE FARMERS' ACCOUNT BOOKS

ENABLES BOYS AND GIRLS TO FIND RESULTS OF FARM WORK

The First and Peoples State bank of this city is presenting a farmers' account book to the boys and girls of this section through the educational extension department of the bank, conducted by Cashier R. M. Sheldson.

The bank has gone to considerable trouble and expense in providing this book and the officials are therefore anxious to learn what use is being made of it by the youngsters who apply for one. The book is free, the only requirement being that the bank be furnished with a certain amount of information regarding the use to which it is put. At the close of the year the boy or girl will be asked whether or not the book was used, according to instructions, whether a similar book had been used at any previous period and whether or not the assistance of parents was had in keeping the same.

The bank also offers $5 in prizes for the best-kept book, as follows: First prize, $5; second, $1.50; third, $1.00. In case the pupil has no objection to the report submitted being published it is the intention to have those winning prizes appear in The Times at the end of the contest.

ALL DEPENDS ON SATURDAY GAME AGAINST WARREN

IF LOCAL BASKET SHOOTERS DEFEAT WARREN, TOP IS IN SIGHT

WILL PLAY FOR CHAMPIONSHIP WITH WINNER OF ADA-FOSSTON GAME

RECORD OF LOCALS AT PRESENT, FIVE VICTORIES AND ONE DEFEAT

So important is the basketball game between the locals and Warren next Saturday regarded that a special train has been secured to carry the rooters. If Thief River Falls wins this contest the team will be tied with Stephen for the championship of the northern half of the district. At the same time the Ada and Fosston teams will be contesting *for the championship of the southern* half so that one of these outfits will be pitted against the locals—providing Saturday's game is won from Warren and Stephen is downed in the play-off. Coach Tommeraasen is confident that if the boys display the form shown against Stephen Tuesday evening the district championship is practically cinched.

This game was won by a score of 57 to 6, the local boys simply playing the visitors off their feet. The game was fast, snappy, clean and exciting from the outset, every member of the Thief River Falls aggregation showing up to excellent advantage. The lineup was LaBree, Hadrath, Flattum, McGinn and Schuster, with Larson taking the place of LaBree and Ralston going in for Hadrath towards the end. Every man put up a brilliant game from start to finish, the visitors being outclassed in every department.

Last Wednesday evening Warren was defeated 33 to 23, the lineup being the same as above. It was a hard, clean fight from beginning to end, the visitors falling down a trifle when it came to long-distance shooting. This victory and that over Stephen placed the locals decidedly in the running for the championship. They have to date won five and lost one.

FINAL VOTE ON STREET PAVING

PROPERTY HOLDERS WILL BE HEARD FOR OR AGAINST ON MARCH 19.

In another part of The Times today will be found a notice to property owners within the proposed paving district in Thief River Falls calling their attention to a meeting to be held on March 19, at which time they may appear and offer arguments for or against the project.

There are 167 names in the published list, which is according to the records of ownership of the different pieces of land affected as these appear at the present time. It is realized that there may be some instances in which the property referred to has changed hands, but this does not in any manner affect the validity of the notice as all those who know themselves to be residents of the district are held to have been legally informed of the proceedings.

The description of the streets to be paved is given as follows in the notice: Main, from the Great Northern railroad tracks, north to the intersection of Sixth street. LaBree and Horace avenues from the Great Northern tracks to First street. First and Second streets from Atlantic avenue westward to Knight avenue. Third street from the Soo railroad tracks westward to Knight avenue. The alley between Horace and LaBree avenes and between LaBree and Main avenues from First to Fourth streets.

This is a total of 22 blocks of street paving and six blocks of alleys.

Baudette Men in Trouble.

The first arrest made at Baudette on a charge of smuggling liquor from Canada occurred last week when Andy Stockinger was taken into custody by Special Agents Beaton and Salter on complaint of J. A. Kennedy, collector of customs. The booze is alleged to have been found in a car belonging to Mr. Stockinger. There were 114 quarts in the lot, which it is claimed was secured at Rainy River. Stockinger was released on $750 bail and his case will come up before the federal court at the spring term in Fergus Falls.

Democrats Will Caucus.

According to a call issued by Chairman D. D. Daly of the State Democratic Central committee, the delegates will meet in Minneapolis on Tuesday, April 6, for the purpose of selecting four delegates at large and two alternates from each congressional district to attend the national convention of the party on June 20 at San Francisco. County conventions will be held either as a delegate gathering or mass meeting on Saturday, April 3 for the selection of delegates to the county convention.

Pennington county is entitled to seven delegates at the state gathering, other nearby apportionments being as follows: Clearwater, 5; Kittson, 6; Marshall, 10; Polk, 19; Red Lake, 5; Roseau, 6.

Sale of Purebreds.

In the big double-page spread of the First and Peoples State bank in this issue will be found the advertisement of Tobias Skjerping, who will have a public sale at his place on March 19. A purebred Shorthorn bull is one of the principle offerings, another being a purebred calf of the same kind. There are a number of purebred cows of the finest strain in the Northwest, together with 15 head of horses. This is the largest stock sale announcement for the present season and will create a great deal of interest as the Skjerping herd is one of the very best in this section.

On the same page will be found the announcement of a number of other sales taking place in the near future and conducted under the direction of the First and Peoples.

HEMSTAD NAMED DAY'S ASSOCIATE

ENDORSED FOR REPRESENTATIVES—MARSHALL COUNTY CONVENTION HERE TODAY

Walter A. Day of Clearwater county, and A. J. Hemstad of Red Lake county, were endorsed as candidates for the legislature by the Nonpartisan district convention at Red Lake Falls last Thursday. Mr. Day was renominated, he having served the district at the last session. Mr. Hemstad is a farmer residing near Plummer.

The Nonpartisans of Marshall county will select their candidates for the legislature at a meeting held in Thief River Falls this afternoon. H. O. Berve will in all probability be renominated as one of the candidates for the Marshall-Roseau district.

Loyal Legion Dances.

Eklund Post of the Loyal Legion announces two dances for the early spring, one to be given on St. Patrick's day and the other on Easter Monday. For the affair on March 17 the following committee on arrangements has been appointed: Gilmore Husby, George Loken, Lawrence Hermanson, Perry Froseth, Alvin Holzknecht, L. C. Nielson, Ted McGinn. The Easter dance will be in charge of Oscar Smith, Henry Froseth, Ted Hunt, Harold Provencher, Derby Anderson, Carl Granning and J. J. McCann.

PROMISED RAISE IN BEET RETURN

GROWERS WILL RECEIVE $10 PER TON FOR PRODUCT SOLD HERE

A letter received this week by County Agent J. J. McCann from L. E. Flink, manager of the Minnesota Sugar company at Chaska, states that he will be in the city for the purpose of conferring with prospective sugar beet growers within a few days. At the time of writing Mr. Flink was unable to set the exact time of his arrival but this will be announced as soon as ascertained.

The communication also contained the encouraging information that the beet raisers of Pennington county will be paid $10 per ton for their product instead of $9 as originally stipulated.

Interest in sugar beet growing is steadily increasing in this neighborhood. A considerable number of farmers have signified their intention of going rather extensively into the business, their plots varying in size from three to 10 acres.

Farm-Worker Coalition.

Formation of a farmer-labor congressional committee which will assist in the election of a congress "responsible to the people which will make the transportation trust, the food trust and the money trust, servants of the people instead of masters of the people" and restore "constitutional rights of freedom of discussion" was announced last week by George P. Hampton, managing director of the Farmers International congress.

Mr. Hampton is chairman and Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, is vice president of the committee. The personnel of the committee has not been elected in full but will be announced soon. Mr. Hampton said among those already selected are a majority of the heads of various railroad employes' organizations and heads of national and state farmers' and labor organization. Headquarters have been established in Washington.

Supt. David Johnson of Warren, was in the city last Tuesday.

BUILDING-LOAN ASSOCIATION IS NOW CERTAINTY

TWO MILLION DOLLAR CORPORATION IS LAUNCHED BY LOCAL PARTIES

ARTICLES FILED AND ORGANIZATION READY TO BEGIN DOING BUSINESS

AIM TO ASSIST THOSE WHOSE AMBITION IT IS TO OWN A HOME

The Thief River Falls Building and Loan association has filed articles of incorporation in the office of the secretary of state and with the register of deeds of Pennington county. This is the first step in a definite policy for helping those who wish to help themselves and provide a much-needed agency for the city.

Those whose names are given as the incorporators are C. M. Carlson, J. M. Bishop and G. L. Sterns. The principal place of business will be in the city of Thief River Falls and the purpose of the corporation will be the providing of funds for those who wish to take the money they are now compelled to pay for rent and apply it towards paying for a place of their own.

Modern Plan Followed.

The system to be employed by the new corporation will be the same as that which has been found so successful in other communities. It is in effect the partial payment plan extended to home ownership. In many communities of the state these concerns have admittedly been of the greatest assistance to both its members and the public at large, the policy being to encourage the owning of homes rather than renting. No better plan has ever been devised by which a trustworthy person may place his rent money where it will eventually make him the owner of the property he occupies.

The need for such an institution in Thief River Falls has long been recognized and it should be successful from the outset.

TREATY VOTE IS POSSIBLE FRIDAY

SENATE CANNOT REACH AGREEMENT WITH OR WITHOUT ARTICLE 10.

An early and unfavorable vote on ratification of the peace treaty was forecast in the senate when Republican leaders, replying to the demands of the treaty's irreconcilable Republican opponents, reaffirmed their determination not to accept any change of substance or of language in the Republican reservation to Article 10.

Both sides concede that enough Democratic senators to defeat ratification are determined to stand with President Wilson and vote against the treaty unless the Article 10 qualification is modified. The Republican decision was followed by evidence that all the elements in the senate fight would co-operate in an effort to end debate and let the treaty issue go undecided into the campaign.

Some of the leaders predict a final vote by Friday, but others thought it would not come before the first of next week.

The information laid before Senator Lodge convinced him that no ratification would be possible either with or without modification of the Article 10 reservation.

Returns From Buying Trip.

Mr. and Mrs. A. S. Sapero returned Sunday night from a month's trip to the wholesale and manufacturing centers of the East. They stopped in Chicago, Cleveland, Philadelphia and wound up in New York in which city they spent nearly two weeks.

"We had a great trip," said Mr. Sapero. "When I left Thief River Falls I expected to find merchandising conditions a great deal worse than they proved to be. One can buy today pretty much as formerly, the only difference being that the big wholesalers do not care particularly whether you deal with them or not. The demand is so great that the loss of a sale is a matter of little or no concern. We managed to secure some wonderfully attractive goods for the ladies of Thief River Falls and vicinity and the prices are by no means unreasonable. Buying for the three Sapero stores gave me something of a leverage when dealing, quantity sales still appealing very strongly to these people.

"I believe that our stores are better equipped to meet the demand than ever before in their history. Last spring's orders were doubled at least and from indications I am not at all certain that I went strong enough at that. One thing I can promise, there will be no complaint on the score of quality or variety with Sapero customers this season."

THE COST OF PAVING.

The objection raised in certain quarters to the effect that the work thus far undertaken with a view to paving has not been done in a satisfactory manner should be looked into. If the contention of those who have made the investigations is correct the contractors should be made to carry out their agreement to the letter. The citizens who have gone into the thing cannot be blamed for wanting the city to get all it pays for. Rather they are entitled to credit for their interest.

But no matter what they have discovered, it does not constitute an argument against paving. If things have not been properly done so far those at fault should be called to account. A competent engineer is looking after such details and the people will hold him responsible. If he is displaying laxity another should be substituted. But none of this has anything to do with the need of paving the streets of Thief River Falls.

One objection raised is on the score of cost. Undertakings of this kind are costly, to be sure, but the permanent benefits to be derived are so much greater that the progressive citizen will lose sight of the original outlay and think only of the advantage gained.

When the matter is looked into the cost does not loom as such a formidable obstacle. The city of Warren recently let a paving contract at the rate of $4.65 per yard. This specified the very best material procurable, a crushed granite base six inches in thickness and a two-inch bitulithic suface.

At this price the owner of a 25 foot lot on Third street in Thief River Falls, for instance, would pay a total of $362.70. This may be covered in 20 annual payments, each of which would amount to $18.13. Interest on the outstanding sum would foot up $20.85 for the first year, this being gradually decreased as the remaining principal became less. The highest sum that would have to be paid for paving in front of a 25 foot lot would thus be $38.98 in any one year. This is $3.28 per month.

It costs the average merchant twice that amount to keep off his floors the mud that is now tracked in. The owner of the building may not so clearly see the necessity for paving as does the renter, but the latter should be permitted to have a little something to say. Were it not for renters there would be but little value in buildings.

But in many cases the owner will not have to stand even this small charge. Tenants have already in a number of instances volunteered to pay an increase in rent sufficient to cover the extra outlay and it is certain that others will come forward with the same proposition when it is learned that owners are shying at the cost. Their action should most effectively dispose of this objection.

To the men who are insisting that everything connected with this important contract should be done strictly according to specifications all credit is due. Those who are merely acting as obstructionists because of a mistaken sense of economy should not be heeded.

The city council has already gone ahead and contracted for much of the preliminary work. The members took this stand because of the unmistakable demand for paving on the part of the people. A hearing is to be had on March 19 at which time final action will be taken. It is not likely that the council will be swayed from its original purpose at this late hour, but it will assist the councilmen in maintaining their stand if every friend of paving in the city will be on hand to back them up. The others are sure to be there.

HIS WORTH RECOGNIZED.

From many sections of the Ninth district have come assurances of support of the candidacy of Daniel Shaw of this city as a candidate for delegate to the national Republican convention at Chicago. Friends of many years standing are naturally anxious to show their appreciation of the good work done for the party by Mr. Shaw in the past, but there is a surpising number of those who are only casual acquaintances and those who only know the Thief River Falls man by reputation who have volunteered their support.

Being selected as a delegate to the national convention of either of the major parties is considerable of an honor and is generally extended to *such as have proven their willingness* to stand by the principles of their organization through thick and thin. Whether or not this is at all times the wisest course is not a subject for consideration. The fact is simply that the man who has been "regular," one who has supported the candidates and advocated the policies of his party is the one who is chosen for this particular post.

There is not a man in the Ninth district coming up to these specifications more closely than does Mr. Shaw. Add to these qualifications the fact that he has never sought political preferment of any kind and it is hard to see how any candidate can have a stronger call upon the voters of his party.

Pennington county Republicans will be found solidly behind Mr. Shaw in his candidacy. It is the first time a man from the county has been actively in the field for the place and indications are that the remainder of the district will recognize the obvious justness of the request now made.

WINCHESTER CO. CONNECTS HERE

BIG CONCERN APPOINTS BOTTEM HARDWARE CO. ITS REPRESENTATIVE

The appointment of the Bottem Hardware company to sell in this community the new hardware and sporting goods manufactured by the Winchester Repeating Arms company is announced. And in the opinion of leading merchants it is one of the most interesting and important developments the local trade has known.

First his family, then his dog, then comes his "Winchester," in the love of the best type of American. Almost every family seems to have possessed a Winchester at one time or another, and the love and respect for the good old gun is just about universal. And now that recently there have been many new additions to the Winchester "family," there is wide popular interest in the new cousins and other relatives of the famous repeating rifle.

Fifty-three years ago the Winchester repeating rifle was placed on the market by the Winchester Repeating Arms company of New Haven, Conn. It was a good rifle, in fact the first truly successful repeater, and almost immediately achieved great popularity. The first success was made secure by the strength and vision of its makers, one of the first American concerns to build with the purpose of gaining and holding a dominant place in the world's industrial arena.

So large was the part played by the Winchester rifle in the settling of the great West and establishing law and order that the name Winchester came into common use in place of the word rifle. And so high was the standard of manufacture maintained for it that it was soon the favorite hunting rifle all over the world.

Improved models followed in the course of time, including the first completely successful repeating shotgun. And with the coming of smokeless powder the Winchester company commenced the manufacture of ammunition, to insure Winchester owners the best possible cartridges and shot shells for their rifles and shotguns. This proved to be an especially good move, for the continued superior shooting qualities of Winchester arms have for many years been partly attributed to ammunition being made for them in the same plant, by the same organization.

Now this great manufacturing establishment, tremendously expanded in the gigantic part it played in the winning of the world war, is apparently branching out to make all possible use of the additional knowledge experience and equipment thus acquired. New articles being made already include tools, cutlery, fishing tackle, flashlights, skates, etc. With half a century of experience and unexcelled equipment entering into their production, it is to be expected that these new products, made in the same skilled and workmanlike manner as the famous Winchester guns have been made for so long, will have merit above the ordinary.

To the good fortune of the many old friends of Winchester in the community who will be the first to wish to examine these new articles, we have here in town a retail hardware concern of such high standing as to be one of the first exclusively selected to present these new Winchester products to the buying public. The agreement thus carries with it the privilege and responsibility of representing the manufacturer more directly than any retail merchant has heretofore done in the case of the Winchester company.

A special invitation is being extended by the Winchester company to all its friends in this district to visit "The Winchester Store," and see the latest additions to the Winchester "family." And as the Bottem Hardware Co. is likewise inviting everybody to do so, the store is enjoying a regular "old home week" of Winchester visitors. New friends will of course be equally welcome with old Winchester acquaintances.—adv.

Dinner Party.

Mr. and Mrs. P. W. Mabey were hosts at a dinner party last Thursday evening. Cards formed the diversion at the conclusion of the dinner hour.

Mrs. C. Loen of Radium arrived on Tuesday from Gonvick, where she had been visiting for several days, and is a guest of Mrs. Oluf Tessum.

WHY DO YOU PAY MORE?

Below are quoted only a few of the many bargains in groceries to be found in this store. Similar savings can be made on every purchase, no matter how large or small.

Spring Styles are Here

I HAVE just returned from New York after spending one month buying the most varied assortment of spring wearing apparel, and wish to inform you that the largest portion of my purchases are now in the store and ready for your choosing.

A great number of our customers have already picked out their garments, and surely are raving about our styles and the reasonable prices. We take this means of inviting you to come in and see this wonderful showing. By special effort we have secured values we did not think possible in the face of present market shortages

SAPERO'S

CUT IN LUMBER PRICES ASSURED ALL ALONG LINE

LARGE MANUFACTURING CONCERNS ACT TO HELP NEEDED CONSTRUCTION.

PROMISE THAT NO INCREASE WILL BE MADE BEFORE JULY FIRST

REDUCTION OF FROM 10 TO 30 PER CENT EFFECTIVE AT ONCE

Announcement of substantial price reductions and assurance that there will be no price increase between now and July 1 have been made by several of the largest lumber manufacturers of the northwest. This step by the lumbermen is taken to induce much needed construction work in the spring. The Northwestern Lumbermen's association already had announced the federal trade commission would be asked to establish minimum prices on lumber.

Price cuts of from 10 to 30 per cent are announced by the Weyerhaeuser Sales company of Spokane, distributing agents for 11 lumber mills controlled by the Weyerhaeuser sales agency. Retail distributers for the Weyerhaeuser interests in the Northwest will be affected by the new rating at once, according to the *Minneapolis Journal.*

The mills represented in the letter to the lumber trade are the Shevlin-Hixon company, Crookston Lumber company, Nichols-Chisholm Lumber company, and Robert H. Chisholm Lumber company. The action of these concerns will have the effect of bringing all other manufacturers and dealers into line.

Will Aid Construction.

A reduction in the cost of lumber, or even the assurance that the cost will not be increased for 90 days, will help stabilize the situation. Contractors will be enabled to go ahead with the knowledge that there will be nothing happen within that time to throw their calculations and figures out of gear and the public on this account receive more satisfactory service.

Other lines are bound to follow the lead of lumber in this respect so that the man who makes arrangements to build between now and the first of July can figure his costs with some degree of certainty. No one can foretell what the situation will be after that date but the indications are that whatever happens will not be in the nature of a reduction.

Much Building Planned.

The steps taken by the lumber dealers stabilize the market and give builders an assured basis from which to work. Vast construction enterprises in the cities have been held up because of the uncertainty regarding the price of material. The same is in a great measure true with reference to the man on the farm. While reconciled to the fact that prices will not come down in any marked degree for a long time, he has wanted to be certain that they would remain somewhere near stationary at least while he was in the act of building.

Reports are to the effect that the action of the big lumbering concerns has had a decidedly stabilizing effect and that construction will go ahead at a more rapid rate in the near future.

SOO RAILROAD TO SPEND HUGE SUM

MONEY WILL GO FOR ROLLING STOCK AND IMPROVEMENT OF PROPERTY

Expenditures of $8,000,000 is to be made by the Soo railroad for new rolling stock and improvements to property, it was announced, following a day in Twin City railroad circles marked by feverish activity. A problem said to be confronting Soo line officials is the administration of the Duluth, South Shore & Atlantic and the Mineral Range roads, subsidiary lines to the Soo. Prior to Federal control, separate administration was maintained for the small lines. After March 1 and until President Pennington's return from Florida, the lines will be controlled from the general offices of the Soo in Minneapolis. He will then decide whether to continue with the consolidation of administration or appoint separate officers for the two roads.

Millinery Galore.

This is the season when the feminine mind particularly turns to the subject of hats and the stores handling this line of goods in Thief River Falls are ready for the rush. The Johnson Millinery has assumed its usual spring appearance and is full of the latest things in headwear for the ladies. There will in all probability be no formal opening at this store but the Misses Johnson invite all the ladies of the neighborhood to come in and inspect the very latest to be found.

NAME CANDIDATES MARCH 24 AND 25

NONPARTISANS WILL SELECT MEN FOR PLACES ON STATE TICKET

The Minnesota state convention of the Nonpartisan league for the nomination and indorsement of candidates for state offices, will take place in St. Paul, March 24 and 25, it was announced at the league offices in St. Paul last Thursday.

A convention of the Working People's Nonpartisan Political league will be conducted the same days but in a separate hall, and it is planned to have each body ratify the nominations of the other.

On March 26 a mass meeting of farmers and workmen will be called at St. Paul, and those attending will be asked to ratify the action taken at the two conventions.

Farmer Hines Arrested.

"Farmer" Hines, who about 25 years ago started a railroad from Dakota to Duluth and running through Thief River Falls, was last week arrested in Winnipeg for failure to pay a board bill.

Hines figured that the farmers along the line were going to finance the enterpise and even went so far as to secure rights-of-way, get out ties on the Red Lake reservation and had a part of the roadbed ready. For a man without capital or financial backing he made quite a showing but the scheme collapsed and Hines has been something of a wanderer ever since.

Local Notes

Curtis Post of St. Hilaire, visited in this city on Saturday.

Pat Roark left on Friday afternoon for Red Lake Falls to attend to business.

B. J. Bakke left on Saturday morning for Holt, where he visited over Sunday.

Miss Edith Skognung of Holt, arrived here on Friday afternoon to be employed.

L. W. Manther left on Saturday evening for Blue Earth, where he transacted business.

D. B. Bakke returned to his home in Holt on Saturday forning after a brief visit in this city.

Gregory Werstlein returned to this city on Monday morning after a week's stay in Grand Forks.

Mrs. John Hay of Grand Forks, is in this city as the guest of her mother, Mrs. Louise Robbecke.

Misses Myrtle Roseland and Mable Sheveland, who attend high school in this city, spent Sunday at their homes at Holt.

Miss Frances Culver, who teaches the McCrum school, visited in this city over Sunday at the home of her parents.

Miss Ruth Koepp returned from Hazel on Friday evening, where she had been practicing teaching school for a week.

Walter Smith, who is employed in a bank at Mavie, spent Sunday at the home of his parents, Rev. and Mrs. J. B. Smith.

Mrs. Oliver Molstad of Steiner arrived here on Friday afternoon and will remain here a week receiving optical treatment.

Mrs. M. Strom of Holt, arrived on Friday afternoon and will snend a few days as the guest of her daughter, Mrs. H. Peterson.

Mrs. G. Freitag returned on Thursday from Webb, Ia., where she had been called because of the death of her brother-in-law.

Miss Margaret Jorgenson left for her home in Plummer, on Saturday and spent Sunday visiting at the home of her parents.

Mrs. J. M. Bishop returned the latter part of last week from a trip to Bemidji and Blackduck in the interests of the Y. W. C. A..

T. Ryerson returned to this city from Holt on Friday having visited for a brief period at the home of his parents near that place.

Mrs. B. Boese returned to her home at Grand Forks on Friday afternoon having completed some business transactions in this city.

E. L. Leinan of Middle River was a business caller in this city the latter part of last week. He returned to his home on Saturday morning.

Mrs. G. Peterson left for her home at Holt on Saturday morning after a short visit in this city at the home of her daughter, Mrs. Wm. Warner.

V. E. Anderson of the Anderson Electric company, Alexandria, Minn., spent Friday in this city in view of a location for their northern trade.

Miss Mable Sathre, who is engaged in teaching school at Middle River, arrived here on Friday afternon and visited with relatives until Saturday.

Fred Gunstad, employed by the Gazette at Red Lake Falls, visited in this city over Sunday, returning to Red Lake Falls on Monday afternoon.

Mrs. C. M. Wilson left on Monday morning for Fordville, N. D., where she was called because of the illness of her daughter-in-law, Mrs. Herman Wilson.

Misses Gladys Evenson and Olive Skramstad left on Thursday afternoon for St. Hilaire, where they will visit at the home of Mrs. M. E. Bjerke.

Mr. and Mrs. Wm. Olson arrived on Saturday evening from their home at Winger, and spent Sunday visiting at the home of Mr. and Mrs. S. Brandon.

G. L. Leisner visited in this city on Sunday enroute to his home at Steiner. Mr. Leisner has spent the past few months in Cuba looking after his land interests.

Norman Holen arrived from Argyle on Friday evening and spent the week-end visiting with his many friends, before leaving for his home at Minneapolis.

Miss Lorenza Urdahl of Goodridge who has been confined to her home because of a siege of the flu, is again at her duties as clerk in Lokens' department store.

Miss Betsey Legvold visited over Sunday at the home of her parents in this city. She returned to her duties as teacher in a school near Hazel on Monday morning.

Miss Clara Gunstad of St. Hilaire, visited with her sister, Miss Rose, who attends the local high school, on Friday. While here she also attended to some shopping.

Misses Ida Knutson and Christine Anderson, who spent a few days in this city as the guests of friends, returned to their homes at Holt on Saturday morning.

Miss Hilda Jorgenson left on Thursday afternon for Moorhead, where she is attending the normal school, after a short visit in this city at the home of her parents.

Miss Oleda Brenna, who spent a few days in this city as the guest of her sister, Mrs. John Gustafson, returned to her home at Middle River on Saturday morning.

Mr. and Mrs. George. Curtis and child arrived on Saturday evening from Detroit and will make this city their future home. Mrs. Curtis is a sister of Mrs. Roy Lambert.

Miss Agnes Lonson returned on Monday afternoon to her duties as teacher in one of the schools in the vicinity of Gonvick, after a week's visit at her home in this city.

Orrin Ostby, who has completed a course in a Minneapolis college, arrived on Saturday morning to enter upon his duties as bookkeeper for the Thief River Grocery company.

Miss Alice Wilson, who is taking a course in nursing in the Abbott hospital at Minneapolis, arrived on Friday evening and will spend a period of a month visiting at the home of her parents.

C. T. Tandberg came down from Goodridge on Saturday and spent Sunday visiting at his home in this city. He returned to Goodridge on Monday morning to resume his duties at the bank.

Mrs. L. F. Fisher left the latter part of last week for Grand Forks, after a brief visit in this city. Mrs. Fisher and children will return to this city in about two weeks to remain permanently.

August Koglin of Steiner, was a business caller in this city the latter part of last week. While here he also visited his daughters, Misses Linda and Anna Koglin, who attend school in this city.

Oscar Anderson of Grass Range, Mont., is in the city on a visit to the family of his sister, Mrs. Oluf Tessum. Mr. Anderson has also been visiting at Minneapolis and other points in this state.

Miss Minnie Linstad, accompanied by her sister, Miss Ella, who has been a guest at her home in this city, left on Friday afternoon for Fargo where the former will visit, while the latter will resume her work.

Mrs. S. Ahlborn of Minneapolis arrived on Friday afternoon from Holt where she had been for a brief period visiting at the home of her parents. While here she was the guest of her father-in-law, A. H. Ahlborn.

Misses Rose and Clara Gunstad arrived from St. Hilaire on Monday morning. Miss Clara returned to her home on the afternoon train while the former remained here to resume her studies at the high school.

Miss Florence Lian, who has been absent from her duties at Lokens' department store account of illness, returned to this city on Friday evening from her home in Underwood, where she remained for three weeks.

Mrs. T. Sturre, accompanied by her daughter, Sophie, and son, Chas., visited in this city on Thursday enroute to their future home in Albany, N. Y. Previous to their departure they had resided in the vicinity of Kratka.

Miss Tillie Oftedahl, accompanied by her mother left on Friday afternoon for Fargo and Moorhead, where they attended to matters of business and also visited with friends. They returned to this city on Wednesday morning.

Mrs. B. Boese, who spent a day in this city attending to matters of business, returned to her home at Grand Forks on Friday afternoon. While here she was the guest of the Misses Lottie Austin and Margaret Eichhammer.

Mr. and Mrs. W. R. Bovee and family of Baine, Minn., who visited for a short time at the home of Mr. and Mrs. B. G. Rounds in this city, left on Friday evening for Felix, Ariz., where they will make an extended visit.

Miss Alice Johnson, who has been employed in this city for some time, left on Saturday morning for Holt where she will spend a week visiting with her parents before leaving for Minneapolis where she will be employed in the future.

Miss Della Roller, who has been employed at the City bakery for the past two years, left on Friday afternoon for Grand Forks, where she will be employed. Previous to her departure she had spent a month visiting with her parents who reside near Germantown.

Lawrence Golla, who visited in this city for a month at the homes of his sisters, Mrs. V. McKinney and Mrs. Wm. Warner, returned to Dunseth, N. D., the first of last week. Enroute he will stop off at Grand Forks where he will be the guest of another sister, Mrs. Lucy Ures, for a day.

Friends have received word from Mr. and Mrs. H. O. Loken to the effect that they will return to this city about the middle of this month. They report having had a wonderful time during their stay in California, and also state that they live only a few doors from Mrs. F. H. Gambell.

Mrs. A. Gibson and little daughter left the first of last week for Litchfield, where they were called because of the death of Mr. Gibson. The deceased was operated on for appendicitis in a hospital at Calgary, which proved fatal because of a neglect to have his ailment attended to in time.

Mrs. S. R. Robinson and little son, who have been guests at the F. H. Herrick home in this city for some time, left on Wednesday morning for their home in Oslo. They were accompanied by the former's mother, Mrs. Anna Watson, who will visit at the home of her daughter for a couple of weeks.

H. G. Swiggum, who for the past year has been representing the Thief River Grocery company in the Wheatline territory, has resigned his position and left on Friday evening for Grafton, N. D., where he will visit at the home of his parents. This vacancy was filled by F. A. Brown, formerly city salesman, who entered upon his duties immediately.

PLANS COMPLETE FOR THRIFT WEEK

WILL SERVE TO IMPRESS THE YOUNGSTERS WITH DANGERS OF SPENDING

State heads of the educational departments in Minnesota and Montana have officially instructed all county superintendents to cause the observance of March "thrift week" in the public schools, in accordance with the government Savings Organization's suggestion that a national week of this kind take place.

J. M. McConnell, Minnesota commissioner of education, has not only instructed special thrift exercises and programs but is forwarding a prepared textbook on the general subject of thrift. Miss May Trumper, state superintendent of education in Montana, has advised Ninth District War Savings headquarters that the public schools of her state will do all that they can do to make the week a success.

No effort will be made to sell a large number of Thrift Stamps, say the Savings workers, but that the purpose is to impress upon "the citizens of tomorrow" the importance of avoiding unnecessary expenditures and of adopting the "happy habit" of saving."

The Savings Organization explains that the government offers a practical means of thrift by supplying 25 cent thrift stamps—16 of which stamps with a few additional pennies may be exchanged for a $5 War stamp—and the pupils will be given an opportunity to sign a pledge reading:

"In order to help my government and myself, I pledge to continue to save regularly during 1920, and to invest as large a part of my savings as possible in Thrift Stamps and War Savings Stamps."

Suggestions for thrift day programs and appropriate songs and recitations are furnished free to the schools asking for them, these supplies being obtainable at the Ninth district headquarters in Minneapolis.

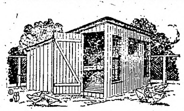
Announcement

The Northern Woodwork Company, successors to Ole R. Revdahl & Co., will occupy their new quarters on Knight avenue near the Great Northern tracks sometime between March 15 and April 1. The building is rapidly nearing completion and the installation of machinery will soon be under way.

At the new plant we will be in better shape than ever before to undertake any job in the woodworking line, such as Store Fixtures, Millwork, Sash, Doors, Screens, Etc.

All work entrusted to us will receive our most careful attention and will be guaranteed both as to quality of material and excellence of workmanship.

Northern Woodwork Company



It is Economy to Build Now

PRICES on materials are not going to drop appreciably for some time and the use you will receive from the building will more than repay the slight difference.

Just think of what you could save in both time and labor if you had a new chicken coop or an up-to-date hog house.

Your stock will do better, yield bigger returns and you will be able to care for them with less work.

There are many men who still hesitate to engage upon any elaborate building program at this time, and they are liable to carry their conservation to a point where they will lose money.

You cannot make a mistake in providing better quarters for your livestock, no matter how you feel about building generally.

Evidence

THIS BANK has always taken pride in its reputation for unusual efficiency in the handling of farm auction sales.

WE BELIEVE that the group of nine pending sales advertised on this page, together with the five sucessful sales we have already handled this season, give proof that we are still very much on the job.

ANNOUNCEMENT of other auctions which we have booked for the spring season will be made later.

YOUR Success and OURS

A SUCCESSFUL and modern bank is the result of the greatest of all human endeavors---industry and co-operation. Your own interest in your family, your business, your farm and yourself, must dictate what any bank must mean to you.

Looking back ten years, we contend that there is not a more progressive section in the State of Minnesota than Thief River Falls and the surrounding farming community. That this bank has grown steadily and substantially, and in harmony with the progress of this community, is verified by the fact that the officers and directors found it necessary to erect a new home, with ample facilities and modern equipment to accommodate your every need. However, in the meantime, you will find us in the old quarters, ready and willing to serve you in the many ways a good bank can.

We Pay 5 Per Cent Interest on Time and Savings Deposits

Capital and Surplus $90,000.00 **A Conservative and Progressive Bank**

High School Progress

Are You Going to Warren?

Are you going to Warren? You bet you are! Everyone is going. So are you. The game which decides whether or not Thief River Falls gets the championship of this district is to be held there on Saturday, March 6. A couple of extra coaches are going to be engaged. Why? Because 400 students are going. A real good time and a spicy game is assured everyone. Warren surely had a representative when they were up here—let's show them that we can represent our school with just as many people. Do not let Warren, with its small population, beat the Power City. Show them that we have pep, too! Are you going? You bet you are!

Washington's Birthday

Last Monday a program was held in the high school at chapel hour, in honor of George Washington's birthday. The program was begun by singing the "Star Spangled Banner." Clarence Vevea then gave a very interesting talk on George Washington's life. Miss Evans also spoke on George Washington's childhood and later life. The program was ended by singing "America." We are reminded of Longfellow's poem, "The Psalm of Life:"

Lives of great men all remind us,
We can make our lives sublime,
And departing, leave behind us
Footprints on the sands of time.

They Say:

There is going to be a big game at Warren on Saturday, March 6. Are you going

Our assembly boards look like a funny paper. Read them.

Grace Bakke is still wondering why she gets better marks in Norse than the rest of the students.

Warren was down here last Wednesday. Did you see them?

Ruth Knutson answered the roll call this morning.

Lost: Two studens from Mr. Melby's general science class. No reward for return.

Wm. Alexander came to school without skipping the last period.

Several students almost fainted when they found out that Monday, the 23rd, after Washington's birthday, wasn't a school holiday.

Gregory Werstlein left Tuesday for Grand Forks, where he will spend a few days attending a tractor school.

Lulu Borden has withdrawn from school to accompany her parents to their new home in Washington.

Lillian Mundell has left school due to illness after a hard case of flu.

Roscoe Bake has returned to school after several weeks of illness.

Bookkeeping students of last year have to be early birds if they are going to get to the "make-up" class at 7:45 a. m.

Kenneth Russell spent last weekend at his home near Steiner.

Joe Weirus' dog is figuring on starting school.

The Senior class play, "The Strenuous Life," is going to be "some play."

They say that Warren thinks that Tubby LaBree is very graceful.

Charles Herron is suffering with a sprained ankles since the Freshmen-Sophomore game.

Dennis McGinn is writing a book entitled, "How to Make Personal Fouls."

Miss Houghton was absent several days last week on account of illness.

The basket ball people have relieved their strenuous work in the last few weeks by social entertainments given at the different homes. The first was given at the home of Clarence Vevea, the second at Viola Lund's home, the third at Joseph Weirus' and the fourth at Gordon LaBree's. The evenings were spent in playing cards and dancing after which light lunches were served. These little entertainments were not only enjoyed by everyone but stimulated a greater interest in athletics.

Katie Dahl, librarian, has a new job; she takes the mice out of the traps in Miss Taylor's room.

Local Notes

Subscribe for The Times and get all the news.

A daughter was born to Mr. and Mrs. Geo. M. Gunderson Feb. 28.

Mr. and Mrs. A. S. Sapero returned Monday from a month's buying trip in the East.

Geo. Borden, cashier of a bank at Brooks, spent Sunday here as the guest of Morlan Bishop.

Miss Rose Hance returned Monday to her school at Red Lake Falls after spending Sunday at home.

Carl Sundahl, who spent the past month in Chicago receiving optical treatment, returned Monday.

A. A. Christian of Minneapolis was a guest the first of the week of his cousin, Miss Estelle Charboneau.

Miss Christine Wagedahl of Holt spent a few days this week with her sister, who is a patient at the sanatorium.

Oscar Anderson left the first of the week for Grass Range, Mont., after a visit at the home of his sister, Mrs. Oluf Tessum.

Wm. J. Ferguson of Saskatoon, Can., was a guest during the week at the home of Miss Inez and Al Parenteau. He left Friday evening for Minneapolis.

Mrs. E. O. Erickson returned Monday evening from Henning, where she had been visiting for a few days. She was accompanied by her daughter, Miss Louise.

J. A. Speiler of Mavie passed thru the city on Monday, headed for Red Lake Falls, where he unloaded three carloads of Cletrac tractors. Red Lake and Marshall counties have recently been added to Mr. Speiler's territory and he expects to be kept pretty busy.

Faculty Party.

The members of the local faculty enjoyed a cleverly appointed party last Friday evening in the high school gymnasium. It was in the nature of a military affair and all amusements of the evening were in keeping with that spirit. Much merriment and laughter was afforded the guests in their experiences with army life. Mess call concluded the evening's jollities. It was decided at this gathering to have each school entertain the faculty before the expiration of the school year.

The City Churches

Bible Lectures at Odd Fellows Hall—Did you ever wonder why God used so many symbols in revealing the history of the world? He has told us why. We invite you who understand the Scandinavian language to come to the Odd Fellows Hall on Sunday evening, March 7, at 8 o'clock, and hear this subject: "Who is born in Dan. 7:8, 21, 25, having eyes as a man and a mouth speaking great things, but no ears." Come and bring a friend. —O. O. Dahl, Evangelist.

The Sw. Ev. Luth. Church, Albin A. Larson, Pastor—Services and Sunday school next Sunday morning at 10:30. The ladies' aid society will be entertained Friday afternoon, March 5, in the church basement by Mrs. R. Johnson and Mrs. J. Longren. Lunch 15 cents. The Home Coming festival will be held in honor of the boys who have been in the service of their country, by the Luther League on Friday evening, March 5.

Christian Science—Services at the Library Auditorium Sunday at 10:45 a. m. Subject "Man." Sunday school immediately follows the services. Wednesday evening meeting at 8 o'clock. The public is cordially invited to attend these meetings.

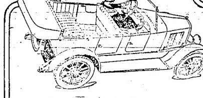
Zion Lutheran Church, George Larson, Pastor—Services at 11 a. m. and 8 p. m. Prayer meeting at Wistven's on Wednesday evening at 8 p. m. Choir practice Thursday, March 4th, at Mrs. Theo. Liden's. Bethlehem Ladies aid meets with Mrs. Ole Ose Wednesday, March 10th. Zion Ladies aid on Thursday, March 11, entertained by Mrs. Bean. Zion Young Peoples meeting on Thursday evening March 11th. Confirmants meet on

GOOD MEMORY LANDS FINE JOB

The knowledge acquired by Henry T. Chapman while at Dakota Business College, Fargo, N. D., stayed with him all the time he served in the army. Upon his discharge he was qualified to accept the position of cashier for the Stone Piano Co., Fargo.

The training received at this remarkable institution is never forgotten. That's why D. B. C. graduates are invariably picked out for responsible positions. 693 banks employ them.

"Follow the $ucce$$ful." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D., for information.—adv



BRISCOE

DRIVING comfort has been given foremost consideration. The front compartment is exceptionally roomy. The seat more than ordinarily soft and resilient. And the controls are at your finger ends.

REPORT ON FIELD WORK OF PAST YEAR AT OAKLAND SANATORIUM

An account of some of the activities being carried out for the anti-tuberculosis movement by the counties maintaining Oakland Park sanatorium at Thief River Falls will undoubtedly be of interest to residents of these counties. As soon as arrangements can be made it is planned to undertake work in the remainder of the sanatorium district similar to that explained in the following article by the sanatorium medical director which appeared in a recent issue of the Minnesota Public Health Journal:

"One of the most important elements necessary for the successful conduct of a tuberculosis sanatorium consists of field work which naturally embraces the tuberculosis clinic. This latter has for its end in a community a two-fold purpose. First, examination and advise by a tuberculosis specialist for all new, postitive or suspected cases of this disease, where secondarily it offers a method whereby discharged cases may be followed up so that fruitful results derived during their stay at the sanatorium may not be lost through neglect or absence of a continued advise when necessary for the affected individual.

"That communities, when given the opportunity, will embrace the advantages of the Tuberculosis Clinic, was shown conclusively in a recent series of such clinics held in Marshall county. Gratifying results were obtained both in response of individuals for examination and the spirit manifested by the people as a whole in this movement for better health.

"A total of eight clinics showed over three hundred applicants appearing for examination or advice. This pleasing response was in a great measure due to the pre-clinic efforts of Miss Elizabeth Hanson, R. N., Marshall county public health nurse. The plan undertaken for preliminary work was as follows:

"1. Records of reported cases of tuberculosis were obtained when possible from the local health officer.

"2. Suspected cases of tuberculosis were interviewed and advised to visit the Clinic.

"3. Members of families harboring or having harbored a known case of tuberculosis were invited to visit the Clinic, special stress being laid upon the appearance of children of such families.

"4. Certain cases of vague ill health in the community were interviewed and requested to appear for advice if not for examination.

"5. Children from schools in the community affected with ill-defined indispositions were given careful consideration.

"6. Local physicians were invited to co-operate with a view of assistance in the appearance of their tuberculosis cases.

"7. Publicity was given to the Clinic by means of the county press.

Histories and records on clinic day were in charge of the county public health nurse while the clinical examination was carried out by the medical director of the sanatorium.

"Following examination advise to the applicant was given by the clinician, according to the condition present. Suitable cases were advised to seek sanatorium care and treatment, with observation for tuberculosis suspects. Arrested cases were advised as to the status of their lung condition and the possibility of enjoying good health under their present mode of life.

"Patients with non-pulmonic conditions were advised to seek treatment from their own family phsician, surgeon, or specialist as the occasion demanded. Of these latter cases there appeared a goodly number affected with various conditions which necessitated care and treatment of other physicians rather than the tuberculosis specialist and they were advised accordingly.

"The results obtained through these clinics show their value to a community not only from the standpoint of tuberculosis, but also a general public health measure.

"Such clinics bring many individuals for examination through enthusiasm of their neighbors and the opportunity for free examination and advice. The prime requisite for successful rural tuberculosis clinic work is the health nurse, who should be either a county health nurse with special training in the work or a full-time specially trained tuberculosis nurse, for it is through her efforts mainly that the success of the clinics depends both as to primary and ultimate results obtained.

"As wide publicity as possible must be given to the proposed Clinic particularly as to its object, date, hours of examination and advantage to to be derived by applicants and the community in general.

"The county press offers the best medium for such a notice and the latter should appear at least one week previous to clinic day, for individuals far removed may find it necessary to so arrange their business affairs to allow for a full day's absence from home.

"Local town officials, business men and educators can assist materially towards successful results in this work for they generally are to be considered the leaders in methods for economic prosperity which must have as its primary adjunct good health in any community."

Mrs. Pfiffner Called.

Word has been received in this city of the death of Mrs. E. J. Pfiffner at Stevens Point, Wis. Deceased was the daughter of James Meehan, a former resident of this city and well-known to all old-timers. Mrs. Pfiffner never lived in Thief River Falls, being born in Sauk county, Wis., and spending all her life in that state. Her husband is still interested in this city, being the owner of the Meehan block on Second street.

Repair Expert Arrives.

George F. Curtis, an expert automobile repair man formerly connected with one of the large garages at Detroit, Minn., arrived last week and has taken up his new post with the Peoples Auto company. He will have full charge of the back room at the garage and will devote his attention entirely to the repairing of automobiles and tractors. Mrs. Curtis and children are also here and the family has secured a flat for housekeeping in the McGinn block.

Republican County Convention of Pennington Co., Minnesota

Pursuant to the call of the Republican State Central committee and of the Republican District committee for this Congressional District, a Republican County convention for this county is hereby called to meet at the Court House in the City of Thief River Falls, in Pennington county, Minnesota, on Wednesday, March 17, 1920, at 11 o'clock a. m. for the purpose of electing six delegates to the State convention to be held at the auditorium in Saint Paul on Saturday the twentieth day of March, 1920. And also seven delegates to attend a Republican convention for this Congressional District which is to be held at Fergus Falls at 11 a. m., on Friday, March 19, 1920. The said District and State conventions to elect delegates to attend the National Republican convention to be held in the City of Chicago, Ill., on the eighth day of June, 1920. Said State convention also to nominate twelve Republican Presidential Electors for the State of Minnesota as provided by law.

All primaries for the election of delegates to said County Convention are hereby called to be held on Monday, the fifteenth day of March, 1920, between the hours of 7:30 o'clock p. m., and 9 o'clock p. m. in the various election districts or precincts of this county and at the regular polling places in said election districts or precints.

Following the recommendation of said Republican State Central Committee, each election district or precinct in this county shall have one delegate at large for every twenty votes cast for the Republican candidate for governor at the general election in the year 1918, or major fraction thereof; provided, however, that every election district or precinct shall have at least one delegate to this county convention.

Said Republican State Central committee will furnish presidential preferential ballots for use in the several election districts or precints of this county with the names of the avowed Republican candidates for presidential nominations printed thereon and blank spaces for marking and writing so arranged that each voter may express his preference for presidential nomination. And the clerk of each election district or precinct in this county shall, in making his report upon the credentials of delegates elected, to include therein a statement of the presidential preference in his election district or precinct, if any such preference shall be expressed by the electors thereof.

These reports shall accompany the credentials of the delegates to the County Convention and shall be instruction to said delegates to support candidates for delegates to the National Convention favorable to the candidate receiving the highest number of votes in the election district or precinct.

In accordance with the above apportionment, the several election districts or precincts of this county are entitled to the following number of delegates to said County Convention:

Precincts	Delegates	Precincts	Delegates
Black River	2	River Falls	2
Bray	1	Sanders	2
Cloverleaf	1	Smiley	1
Deer Park	1	Silverton	1
Goodridge	1	Star	1
Highlanding	2	Wyandotte	1
Hickory	1	St. Hilaire	3
Kratka	1	Goodridge	2
Mayfield	1	Thief River Falls	
North	3	1st ward	6
Norden	1	2nd ward	4
Numedal	1	3rd ward	4
Polk Center	1	4th ward	6
Rocksbury	2		

All duly qualified electors, male and female, who are members of the Republican party, or who believe in its principles and desire to affiliate with said party by supporting its candidates in the coming election, are invited to participate in the primaries and conventions provided for in this call.

We declare it to be a fair test of an elector's right to participate in such primaries and conventions to compel such elector, if his right to vote is questioned, to compel him publicly to pledge himself to support the principles of the Republican party and its candidates at said coming election.

By legislative enactment of the 1919 Legislature, women are given the full right to participate in the primaries and conventions herein mentioned. The republican party rejoices in this new privilege extended to women. We, therefore, urge active participation by all qualified women voters.

All the provisions of Sections 362 to 370 inclusive, G. S. 1913, and by all other provisions of the Statute so far as pertinent are hereby made applicable to the holding and conducting of said primaries and conventions.

By order of the Republican County Committee of the County of Pennington, Minnesota.

Dated February 13th, 1920.

D. P. O'NEILL,
Chairman.

JOHN BRATRUD,
Secretary.

A Beautiful Store.

Among the Thief River Falls stores that are bound to attract the attention of the passer-by this spring is the Dhlquist millinery emporium. The interior has been done over in white enamel and fixtures and show cases refurnished until they present a most inviting appearance. The stock carried is in keeping with the surroundings, greater care than ever before having been taken in making selections. The new styles are now on display and the formal invitation to visit the store will be found in another column.

Miss Lottie Austin returned to this city from Fosston the latter part of last week after a week's visit at the home of her parents.

Work For All.

Come, friends, the world wants mending,
Let none sit down and rest,
But seek to work like heroes,
And nobly do their best.
Do what you can for fellow-man
With honest heart and true;
Much may be done by everyone,
There's work for all to do.

Though you can do but little,
That little's something still;
You'll find a way for helping
If you but have the will.
Now bravely fight for what is right,
And God will help you through;
Much may be done by everyone,
There's work for all to do.

Be kind to those around you,
To charity hold fast;
Let each think first of others,
And leave himself to last.
Act as you would that others should
Act in their turn to you;
Much may be done by everyone,
There's work for all to do.

—Ex.

A THIEF RIVER FALLS MAN'S EXPERIENCE

Can you doubt the evidence of this Thief River Falls citizen?

You can verify Thief River Falls endorsement.

Read this:

C. Forsegit, prop. of shoe and Harness shop, 218 La Bree Ave., Thief River Falls, says: "In the harness business I am on my feet nearly all day and this, together with confinement indoors, caused me to have kidney trouble. I had had spells of back ache and every little move I made sent twinges all through my body. The kidney secretions didn't pass regularly and were unnatural. When I was told to try Doan's Kidney Pills I did and soon after using them I improved. I haven't had any more kidney trouble since using Doan's; they made a cure that has lasted."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Forsegit had. Foster-Milburn Co., Mfrs., Buffalo, N. Y

Croup

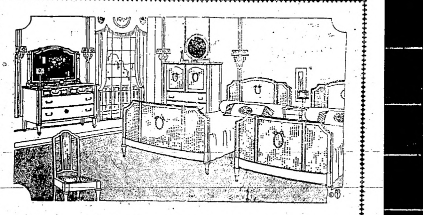
"I don't think there is a more anxious time for parents than when their children have croup. Without they are prepared with Chamberlain's Cough Remedy they must wait for the doctor and listen to the choking, metallic cough and watch their little one gasping for breath.

You know the great danger of croup is the formation of a false membrane in the larynx, and until this is expelled relief cannot be obtained, and the spasmodic choking continues. Give Chamberlain's Cough Remedy in frequent doses. It will loosen this membrane and cause the child to expel it by vomiting.

Chamberlain's Cough Remedy

is an absolutely safe and certain remedy for croup, and if given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack."

Yours for Health—Granny Chamberlain



New Furnishings for
Your Bed Room

With the arrival of Spring comes the thought of new Furnishings for the Home--and especially for the Bed Room.

To aid you in finding what you need we have provided an exceptionally complete showing of new designs in both metal and wood.

Prices are very reasonable.

Are you in the market for a new range or kitchen stove this spring? If so, you will be making a mistake if you do not inspect our fine line before buying. We have stoves of every description and they are priced right.

City Council

Council Chambers, Thief River Falls, Minnesota.

A regular meeting of City Council was called to order by H. A. Brumund, President, at eight o'clock P. M., Feb. 24th, 1920.

Roll Call: Members present: Froseth, Dahl, Brumund, Ness, Brandon, Ihle. Members absent: None.

Minutes of the regular meeting of Feb. 10th and adjourned regular meeting of Feb. 13th were read and approved as read

Moved by Brandon, seconded by Dahl, that the bond, with surety submitted of the First National Bank, be approved. Motion carried.

Moved by Ihle, seconded by Brandon, that the bond of the City Treasurer in the sum of $8,000.00 be approved.

Moved by Froseth, seconded by Dahl, that the bond of P. G. Peterson, Deputy City Clerk, in the sum of $1,000.00 be approved. Motion carried.

Moved by Ihle, seconded by Ness, that Ordinance No. 163, "An Ordinance Establishing a Storm Sewer District in the City of Thief River Falls," be given its first reading and placed on file for second reading. Motion carried and ordinance was duly read and filed.

Moved by Ness, seconded by Froseth, that the City Clerk be directed to execute and cause to be published, in the manner provided by law, a notice to all property owners whose property is liable to be assessed for the contemplated paving improvements; of a meeting of the City Council to be held March 19th, 1920, at 8:00 o'clock P. M., at the Council Chambers, at which meeting the matter of proceeding with such paving improvements, in accordance with the plans and specifications therefor on file, will be taken up and disposed of as provided by law. Motion carried.

On motion duly carried the Council adjourned.

H. A. BRUMUND,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Mortgage Foreclosure Sale.

WHEREAS, default has occurred in the conditions of a certain mortgage made, executed and delivered by T. C. Peterson, a single man, as mortgagor to Citizens State Bank of Thief River Falls (a corporation under the laws of the State of Minnesota), mortgagee, upon the following described lands lying and being in the County of Pennington and State of Minnesota, described as follows, to-wit:

The Northeast Quarter of the South west Quarter (NE¼ SW¼) and the South half of the Southwest Quarter (S½ SW¼) of Section Thirty-five (35) in Township One Hundred Fifty-two (152) North, of Range Thirty-nine (39) West of the Fifth Principal Meridian containing 120 acres, more or less, according to the Government survey thereof, which said mortgage bears date on the 9th day of December, 1916, and, with the power of sale therein contained, was duly recorded in the office of the Register of Deeds of said Pennington County, Minnesota on the 19th day of January, 1917, at 8:00 o'clock A. M., in Book "12" of Mortgages on page 369, and which mortgage was assigned to The Netherlands American Mortgage Bank by instrument in writing, dated January 20 1917, filed for record in the office of the said Register of Deeds aforesaid on the 30th day of January, 1917 at 11:00 o'clock A. M., in Book "56" of Mortgages on page 332, and which said mortgage was again assigned to Albertus J. Prins by said assignee of mortgage, by instrument in writing dated January 30, 1920, filed for record in the office of said Register of Deeds aforesaid on the 2nd day of February, 1920, recorded in Book "11" of Mortgages on page 562, and which said mortgage was given to secure the payment of the sum of Twelve Hundred ($1200) Dollars according to the terms one (1) certain promissory note, made and executed by said T. C. Peterson *said mortgagor, to said Citizens State* Bank of Thief River Falls, said mortgagee, which note bears even date with said mortgage, together with five (5) interest coupon notes, executed simultaneously with said principal note, said coupon notes being payable on the 15th day of December in the year 1917, 1918, 1919, 1920, 1921, each for the sum of Seventy-two ($72.00) Dollars, which said interest coupon note due on the 15th day of December 1917, and also interest coupon note due on the 15th day of December, 1918, and also interest coupon note due on the 15th day of December, 1919, are past due and unpaid; and,

WHEREAS, it was among other things in said mortgage provided that in case of default in the payment of interest the whole of the principal sum, together with interest should, at the option of the mortgagee, or its assigns, be declared to be due and payable; and,

WHEREAS, the said mortgagor neglected to pay, and has not paid said interest maturing and becoming due on said mortgage on the 15th day of December, 1917, and interest maturing and becoming due on said mortgage on the 15th day of December, 1918, and interest maturing and becoming due on said mortgage on the 15th day of December, 1919, as aforesaid, amounting to the sum of Seventy-two ($72) Dollars on December 15, 1917, and Seventy-two ($72) Dollars on December 15 1918, and Seventy-two ($72) Dollars on December 15, 1919, and by reason of said default the whole amount of the principal and interest thereon is by said last named assignee of mortgagee deemed to have become due and payable in accordance with the terms and conditions of said mortgage; and,

WHEREAS, there is claimed to be due and is due at the date of this notice the sum of One Thousand Four Hundred Forty and 72-100 ($1440.72) Dollars secured by said mortgage, and no suit or other proceeding having been instituted at law, or otherwise, to recover the debt secured by said mortgage, or any part thereof.

NOW, THEREFORE, Notice is hereby given that by virtue of the power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, said mortgage will be foreclosed and the real estate therein and hereinbefore described will be sold at public vendue by the Sheriff of said Pennington County at the front door of the Court House in Thief River Falls, said Pennington County, Minnesota on the 29th day of March, 1920, at 11:00 o'clock in the forenoon of that day to the highest bidder for cash to pay the amount which shall then be due on the debt secured by said mortgage, including Seventy-five ($75) Dollars attorney's fees, as stipulated in and by said mortgage, in case of foreclosure, and the disbursements allowed by law, subject to redemption as allowed by law.

Dated February 5, 1920.

ALBERTUS J. PRINS,
Assignee of Mortgagee
RICHARD A. WALSH,
Attorney for Assignee of Mortgagee
St. Paul, Minnesota.

Notice of Expiration of Time of Redemption.

Office of County Auditor, County of Pennington, State of Minnesota, ss.

To Emma P. Dogran.

(1). You are hereby notified that the following piece or parcel of land situated in the County of Pennington, State of Minnesota, and known and described as follows, to-wit:

Lot five (5) Block One Hundred eleven (111) in the Original Townsite of Thief River Falls, Pennington County, Minnesota, is now assessed in your name.

(2) That on the 8th day of May, 1916, at a sale of land pursuant to the real estate tax judgment duly given and made in, and by the District Court in and for said County of Pennington, on the 15th day of March, 1916, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1914, for said County of Pennington, the above described piece or parcel of land was duly bid in for the state for the sum of No Dollars and thirty-nine cents.

(3) That the said piece or parcel of land and all the rights of the State of Minnesota, upon and against said land by virtue of said sale were duly assigned, conveyed and sold by the County Auditor to an actual purchaser under Section 2126, G. S. 1913, on the 19th day of January, 1920, for the sum of No Dollars and sixty-eight cents.

(4) And that the amount required to redeem said piece or parcel of land from said tax sale exclusive of the costs to accrue upon this notice is the sum of No Dollars and Sixty-eight cents, and interest at the rate of 12 per cent per annum on $0.68 thereof from the 19th day of January, 1920, to the day such redemption is made.

(5) That the certificate of sale issued to said purchaser has been presented to me by the holder thereof, and this notice requested.

(6) That the time for the redemption of said piece or parcel of land from said tax sale will expire sixty (60) days after the service of this notice, and the filing of proof of such service in my office.

WITNESS my hand and official seal this 19th day of January, 1920.

T. P. ANDERSON,
Auditor Pennington County, Minn.
By AXEL RISBERG, Deputy.
(Official Seal.)
Approved May 16, 1919.
CLIFFORD L. HILTON,
Attorney General.

Notice of Sale.

State of Minnesota, County of Pennington, ss. In District Court, Fourteenth Judicial District.

The First National Bank of Thief River Falls, (A Corporation), Plaintiff, vs. Bertha Giller, Maurice Giller, Beatrice A. Giller, and John P. Galbraith, as trustee of Maurice Giller Estate in Bankruptcy, Defendants.

Notice is Hereby Given, That by virtue of a certified transcript of the judgment in the above entitled action duly delivered to the undersigned sheriff and now in my hands, which said judgment was duly entered in said Court in favor of the Plaintiff and against the Defendants, Maurice Giller, Bertha Giller and Beatrice A. Giller on the 17th day of February, 1920, for the total sum of Three Thousand Four Hundred and Sixteen and 43-100 Dollars, and which said judgment orders and decrees, among other things, a sale by the undersigned Sheriff of the said County, of the following described real estate in one parcel to satisfy or apply upon the said judgment, viz:

Thirty six feet East of the West fifty feet, and West of the East Fifty Four feet of Lots One, Two, Three and Four in Block Thirty of the Original Townsite of Thief River Falls in Pennington County, Minn.

Now, Therefore, Pursuant to the said Judgment, the undersigned Sheriff will, on Saturday the 10th day of April, A. D. 1920, at the hour of eleven o'clock in the forenoon of that day, at the Front Door of the Court House in the City of Thief River Falls, Pennington County, Minnesota, proceed to sell at public auction to the highest bidder for cash the real estate above described, and all of the right, title and interest of each and all the above named Defendants therein, except the right to redeem as provided by law, to satisfy or apply on said Judgment so entered, together with all accruing costs of sale and interest on the said Judgment from and after the 17th day of February, 1920, at six per cent per annum, subject to redemption within one year after the date of the order of the said Court confirming the said sale as provided by law.

Dated at Thief River Falls, Minnesota this 24th day of February, 1920.

W. J. LaBREE,
Sheriff,
Pennington County, Minn.
J. M. BISHOP,
WM. J. BROWN,
Plaintiff's Attorneys.

ROSEWOOD

The special meetings and ladies' aid at the Rindal church last Saturday afternoon was a very progressive affair and was well attended. Rev. Geo. Larson of Thief River Falls was in attendance and delivered a short speech, and a dainty luncheon was served by the ladies. A request was signed and sent to headquarters asking that Rev. Larson continue his present work here, and arrangements were also made for increasing his salary.

The Swedish young people's society held its monthly meeting at the Congregational church last Saturday evening. A number of songs were featured by Misses Elsie Vorseth, Isabelle Sagmoen, Mrs. Anderson and Mrs. Furan, and a short talk was given by Rev. Drotts. Lunch was served to about forty who were in attendance.

Mrs. Holm at the Rosebank school featured a juvenile program in commemoration of Washington's birthday last Friday afternoon. There were no outsiders present but the teacher and pupils enjoyed a splendid time among themselves.

Thom Holten left last Wednesday for Dennison in response to a telegram announcing the serious illness of his mother.

Axel Bloom, who has been employed at Gemmel in lumber work this winter, retrned home last Wednesday.

Geo. Schneider and family are expected to arrive this week from Murray county to take up their residence on the old Dick Hall farm, which they have purchased.

Miss Johnson and Miss Metvedt spent Saturday at Warren on business.

Mr. and Mrs. B. Ranum and son, Stanley, were visitors at Viking last Saturday.

John Sorenson of Thief River Falls was in town a few days this week to buy a carload of potatoes.

Mrs. Severt Benson and two sons and Miss Hilda Hammerstein of Thief River Falls arrived on Saturday for a few days' visit with the Sagmoen and Furan families.

John Sagmoen moved into his new residence this week. Steiner Johnson, whose house Mr. Sagmoen has occupied this winter, arrived Wednesday morning and will take up his residence here.

Matt and Adolph Rafteseth, who have been employed at Thief River Falls for several weeks, arrived this week to visit their parents.

Chas. Swanson of Steiner boarded the Saturday morning train on a trip to Warren.

Mrs. Johanna Nyhus of Thief River Falls arrived last Thursday for a few days' visit at the Swen Swenson home.

Ingrid Nordhagen left last Friday for Thief River Falls to visit over Sunday with friends.

Nick Nelson of Crookston was in this vicinity last week on business.

STEINER

Ole Berg has been hauling hay from the Rogers farm which he bought last week.

Nat. Muzzy was trading in this place last Saturday afternoon.

Arthur Simonson was a business caller at Thief River Falls the last of last week.

Erwin Russell visited at his parents home over Sunday of last week.

A good sized crowd attended the Ole Johnson auction sale last Monday.

A special meeting of the Farmers telephone line was called for last Saturday to discuss the matter of the raised rates. Nothing definite was settled upon.

S. R. Rogers transacted business in Thief River Falls last Saturday.

Willis Warring has been hauling hay the past week.

Mr. Reidl and son transacted business at the county seat the latter part of last week.

Nick Baker and brother, George, have been hauling hay from the Olaf Ramstad farm the past few days.

Quite a number from this neighborhood attended the Ruck auction sale last Saturday. A large crowd was reported and a lively lot of bidders.

ST. PAUL MAN HAS GAINED 20 POUNDS
TERRIEN WAS SO RUN DOWN HE WAS READY TO GIVE UP. FEELS FINE NOW.
"I have gained twenty pounds in weight since taking Tanlac and not in years have I enjoyed such fine health generally," was the statement made the other day by John Terrien, who lives at 624 St. Peter street, St. Paul, Minn.
"It was six years ago that my health broke down," continued Mr. Terrien, "and since that time I have suffered until I was nearly a wreck. My appetite was so poor that for the past several years all I took for breakfast was a glass of milk and a cup of hot water, and I could eat little or nothing at other meals. The pains in my stomach were so severe they almost drew me double and the only way I could get relief was to bend down over a chair. I would bloat up with gas and would have a heavy, distressing feeling that continued for hours. I was troubled a great deal with heartburn and many a night I was in such agony that I had to get up and walk the floor. I was so nervous I would jump at the least unexpected noise and finally I quit drinking tea and coffee altogether as I thought that was partly to blame for my extreme nervousness, but it did no good. I had to continually be taking laxatives as I was badly constipated. My sleep was restless and broken and I was so weak and run down I can hardly understand how I held up so long under the strain.
"I started reading about Tanlac in the papers and finally I made up my mind to give it a trial. Well, sir, the very first bottle went right after my troubles and the way I improved was remarkable. And today, my recovery has been so complete that it seems almost too good to be true. My digestion was never better in all my life and I don't have to worry over what I can eat because everything agrees with me perfectly. The gas and pains have all disappeared and I am no longer bothered with heartburn. My nerves are steady and normal and I sleep like a log every night. I get up of mornings ready for a hearty breakfast and go off to my work feeling fine. I am no longer constipated; in fact, I am never bothered in any way whatever now. Just the other day I weighed and I tipped the scales at one hundred and forty pounds just twenty pounds heavier than I was two months ago."
Tanlac is sold in Thief River Falls at Lambert's Drug Store.—adv.

ANNOUNCEMENT
The trend of the times demands many changes, which have also spread to the merchandising field. Some of you have doubtless read of the
Winchester Repeating Arms Company
having decided to enter the Retail Hardware field. Also to manufacture other lines of goods which heretofore have not been made by them. And whatever goods are put out under the Winchester label will be guaranteed to be of the same high Winchester quality. The manufacture of new lines of goods, the establishing of eight thousand retail stores, as well as to stock them all with Winchester quality goods, is of course an immense undertaking [illegible] will require time before it can be fully accomplished. We took advantage of the opportunity of becoming a stockholder in the Winchester company and
Beginning
March 4, 1920
Our Store Will Be Known as
THE
Winchester
Store
It will be our aim to fulfill the hope and wish of the Winchester Repeating Arms Co., that their store will be worthy of their name and be known for quality and square dealings for which the Winchester has been known for over half a century.

ROCK ISLAND GASOLINE ENGINES
Made for the man who wants the best
The day has come for Better Living, Better Farms and Better Farm Machinery. This is an era of progression. Now is the time to modernize your farm machinery and do away with drudgery. A good gasoline engine is the best investment you can make.
Rock Island Engines are made for all classes of work. Their Quality is not to be compared with the many cheap engines now on the market.
The "Rock Island" is a Better Engine
The Rock Island Guarantee is back of every Rock Island Engine
Whether you expect to buy or not we want to show you a "Rock Island."
To fully understand and appreciate the many points of superiority of this engine you should see one and see it in operation.
Make it a point to call the first time you are in town.
Best by every practical test

Testing of Skim Milk Free of Charge

A separator that don't skim clean is often causing loss of butterfat to many dairymen. The reason why the separators don't do good work are many but they are more often caused by inproper operation of the machines than by faulty construction.

We know from tests made at some creameries that the farmers are losing thousands of dollars every month by separators that don't skim clean. In order to help detect whether your machine is doing good work we are willing to test a limited number of samples from each farmer free of charge.

Order For Hearing on Petition For Consolidation.

State of Minnesota, County of Marshall. In District Court, Fourteenth Judicial District.

In the Matter of the Consolidation of Judicial Ditches numbered 102 in Marshall and Beltrami Counties and 103 in Marshall County, and 30 in Marshall, Pennington and Beltrami Counties, all in the State of Minnesota.

A petition for the consolidation of the ditch proceedings above named having been filed in the office of the Clerk of the District Court of Marshall County, Minnesota, and the said Clerk having notified the undersigned, one of the Judges of said Court, of the filing thereof:

It Is Ordered, that said petition be heard on Wednesday, the 31st day of March, 1920, at 10 o'clock in the forenon of said day, at the court room in the court house in the city of Warren in said county and State; and

It Is Further Ordered that all proceedings in Judicial Ditches numbered 102 in Marshall and Beltrami Counties, Minnesota, and 103 in Marshall County, Minnesota, and 30 in Marshall, Pennington and Beltrami Counties, Minnesota, be stayed until the hearing and determination of said petition.

Dated at Warren, Minnesota, March 2nd, 1920.

ANDREW GRINDELAND,
Judge of the District Court.

Petition For Consolidation.

State of Minnesota, County of Marshall. In District Court, Fourteenth Judicial District.

In the Matter of the Consolidation of Judicial Ditches numbered 102 in Marshall and Beltrami Counties and 103 in Marshall County, and 30 in Marshall, Pennington and Beltrami Counties, all in the State of Minnesota.

To the Honorable Andrew Grindeland, One of the Judges of the District Court Aforesaid:

The County board of the county of Marshall, in the State of Minnesota, which said county is and will be affected by the consolidation and the construction of the drainage ditches hereinafter described, and the undersigned land owners whose property is affected by the overflow hereinafter described and whose lands will be liable to be affected by, or assessed for the expense of, the consolidation and construction of the drainage ditches hereinafter described, respectfully show to the court:

I

That there has been initiated and is now pending in the court above named a drainage proceeding known as Judicial Ditch No. 102 in Marshall and Beltrami Counties in said State by which a drainage ditch is proposed to be constructed to drain the lands in Townships 155, 156 and 157 north of Ranges 36, 37, 38, 39, 40, 41 and 42 west of the 5th Principal Meridian, situate in said Counties of Marshall and Beltrami, in a westerly direction into the Thief River, for a more particular description of which proceeding, the lands described therein, and the ditch and branches proposed to be constructed thereunder, reference is hereby made to the petition and files in said proceeding, the allegations of which said petition are hereby made a part of this petition.

II

That there has been initiated and is now pending in the court above named a drainage proceeding known as Judicial Ditch No. 103, in Marshall County in said State by which a drainage ditch is proposed to be constructed to drain the lands in townships 157 and 158 north of ranges 40 and 41 west of the 5th Principal Meridian, situate in said County of Marshall, into the Thief River, for a more particular description of which proceeding, the lands described therein, and the ditch and branches proposed to be constructed thereunder, reference is hereby made to the petition and files in said proceeding for the establishment of said Judicial Ditch No. 103, the allegations of which said petition are hereby made a part of this petition.

III

That there has been initiated and is now pending in the court above named a drainage proceeding known as Judicial Ditch No. 30, in Marshall, Pennington and Beltrami Counties in said State by which a drainage ditch is proposed to be constructed to drain and to amplify the present drainage of the lands in Townships 154 and 155 North of Ranges 39, 40, 41, 42 and 43 west of the 5th Principal Meridian and Township 155 North of Ranges 36, 37 and 38 west of the 5th Principal Meridian, situate in said Counties of Marshall, Pennington and Beltrami, said lands including the drainage basin of Judicial Ditches Nos. 12, 13, and 18 and County Ditch No. 20 of said Marshall County, in a westerly direction into the Thief River, for a more particular description of which proceeding, the lands described therein, and the ditch and branches proposed to be constructed thereunder, reference is hereby made to the petition and files in said proceeding and order of the court on preliminary hearing therein, the allegations of which said petition are hereby made a part of this petition.

IV

That the proceedings for the establishment of said Judicial Ditches numbered 102, 103 and 30 are for the establishment of open public ditches, and that the waters from said ditches will empty into a water course known as Thief River, and that the construction of said ditches is likely to cause, by reason of the waters added to said River, the overflow of the waters thereof and the inundation of great areas of adjoining land.

V

That said Thief River is a small, narrow, crooked and sluggish stream, incapable of properly draining its watershed or of furnishing an adequate outlet either for the waters which naturally flow into it or for the waters proposed to be added thereto by said ditches.

That said River needs and requires improvement and control for the purpose of furnishing an outlet for the waters proposed to be added thereto by said ditches and to prevent it from overflowing and inundating great areas of land adjoining its banks.

That the improvement and control of said stream as an outlet for said ditches and of the waters emptying into it therefrom will be a public benefit and utility, and will improve the public health, and protect the lands adjoining said stream from overflow and inundation, and furnish an adequate outlet for the waters from said proposed ditches.

Wherefore, your petitioners pray that the said proceedings for the establishment of said Judicial Ditches numbered 102, 103 and 30 be consolidated into one system and the extension of the same so as to furnish a proper outlet for all the waters of the basin and drainage area that naturally drain or are led by ditches into said Thief River, and that the cost of constructing said outlet be borne by all the lands to be benefitted thereby, and that *in order to equitably apportion the cost* of the construction of the said improvement and the extension of said outlet to all the lands to be benefitted thereby it is necessary that said proceedings be merged and consolidated; and your petitioners further pray that the court make an order fixing a time and place for the hearing upon this petition and ordering all proceedings now pending in said Judicial Ditch proceedings numbered 102, 103 and 30 stayed until the hearing and determination thereof.

Dated February 18th, 1920.

POST MORTEM EXAMINATION SHOWS CHILD WAS ALIVE WHEN BORN

OPINION IS CRIME WAS NOT COMMITTED WHERE BODY WAS FOUND

The body of a new-born baby boy was found in a box in a store room on the second floor of the Park hotel in this city by the manager, Ole A. Prestebak, last Saturday. A post-mortem examination conducted by Dr. H. W. Froehlich, coroner, established the fact that the baby had been alive when born and that death was due to strangling.

No attempt had apparently been made to save the life of the infant, all the usual safeguards having been disregarded. Whether or not the child had died simply because of this neglect or through some act of actual violence could not be determined.

In Box of Toilet Paper.

The body was found when Mr. Prestebak went to secure a roll of paper from a box. The cover had been partially removed and replaced after depositing the corpse. No other attempt at concealment had been made and the body was nude when discovered. The authorities were at once notified and started an inquiry which went to prove that the child belonged to no one who had stayed at the hotel within the last ten days. The conclusion was reached that the baby was born at some distance from the city and had been carried to the hotel and deposited, perhaps by someone arriving by train, the Soo depot being located but a short distance from the hotel.

Body Being Held.

The body is being held at the Larson undertaking rooms while an investigation is made. Dr. Froehlich sees no advantage in holding an inquest while there is no evidence of any kind to present and is awaiting developments before ordering burial.

Sewer Plans Show Important Changes

STORM WATER CONDUITS TO BE LAID BELOW SURFACE IN ALLEYS

At the council meeting on Tuesday evening M. V. Evenson and T. L. Melgaard, representing the taxpayers' committee appointed to act with the council on the paving matter, appeared and recommended that the contemplated storm water sewers be laid below the surface in the alleys instead of on the surface as previously proposed. Included in the program as outlined is a large main sewer to be laid along First street to not only take care of the storm water in the present proposed paving district but also provide an outlet for that part of the city lying north and west of the region included in that designation.

Engineer Borrowman was present and explained the plans of the committee. He recommended the change providing it was deemed wise to incur the expense at this time. The plan would provide a certain outlet for the surplus water for a long time to come, he said, would prove wise in the end, and should be undertaken before actual paving work was begun.

The sewer will follow the alleys between Horace and LaBree and between LaBree and Knight from Fourth to First streets. Also on Second street from LaBree to the alley between that thoroughfare and Horace. Also on Third street eastward to the center line of alley between Horace and Atlantic and southward 25 feet. This last provision is made in order that the sewer may be tapped at this point without disturbing the pavement.

The council voted unanimously to adopt the recommendation.

Wages of Teachers For Coming Season

COMMITTEE NAMED TO ATTEND STATE MEETING TO DISCUSS SUBJECTS.

About 100 school officials were present at the meeting in the court house last Saturday, called for the purpose of selecting delegates to a convention to be held at St. Paul on April 3. At this meeting the matter of teachers' salaries will be taken up with a view to securing some kind of uniform action throughout the state.

County Superintendent G. M. Gunderson was chairman of the meeting on Saturday and stated its purpose. W. A. Ziegler, city superintendent of schools, spoke on the salary question and County Attorney Theo. Quale explained the law on the subject. It was decided that the county should be represented at the state meeting in St. Paul and Rev. A. J. Lochrem of Sanders township, and Stephen Singer of Kratka, were appointed delegates. Upon their return another meeting will be called at which time a minimum wage scale for the county will be recommended.

An organization of county school officials was formed with the following as officers: T. H. Bjerke, North township, president; Stephen Singer, Kratka, secretary; A. J. Lochrem, Sanders, treasurer.

REPUBLICAN CAUCUSES MONDAY EVENING

There will be a caucus of the Republican voters in the city of Thief River Falls at the auditorium on Monday evening, March 15, for the selection of delegates to the county convention to be held at the same place on Wednesday, March 17. At this caucus women as well as men may vote.

The city is entitled to 20 delegates in the county convention, apportioned as follows: First ward, 6; Second ward, 4; Third ward, 4; Fourth ward, 6.

All those whose affiliations in the past have been with the Republican party or who expect to endorse that party's principles and candidates at the next election are entitled to participate.

Sugar Beet Officials Interview Growers

PROSPECTS EXCELLENT FOR LARGE ACREAGE IN COUNTY THIS YEAR

L. E. Flink, general manager of the Chaska Sugar Beet company, and H. H. Dana, chief agriculturist, were in Thief River Falls on Tuesday, to interview the sugar beet growers of Pennington county. Several interested farmers remained all afternoon with Mr. Flink and went home well satisfied that the sugar beet crop is one of the best cultivated crops for this section.

The meeting was not well advertised as the notice did not come until March 7, but those who were not present may call at the farm bureau office for instructions on growing the crop. Those who have given in their names to the farm bureau may secure the contracts at any time. The contracts must be signed in duplicate and sent in to Chaska as soon as possible.

Mr. Flink states that one hundred acres will be alloted to this county this year. It was necessary to cut down the acreage in other sections as many more applied than could be taken care of. Pennington county has just room for a few more applicants if the names are secured very soon.

High Priced Chickens.

Ed. Battenfield, residing 11 miles west of the city, last week received two Barred Plymouth Rock cockerels from the Pattison Poultry farms at Waterloo, Iowa, paying $40 for the pair. This is the higest price ever paid for cockerels of this breed in the county, although Dennis McGinn last year paid $25 for a White Leghorn cock at the Raddison farms near Minneapolis.

Elks Elect Officers and Plan Initiation

ANOTHER LARGE CLASS WILL HAVE HORNS ATTACHED ON MARCH 26.

Thief River Falls Lodge No. 1308, B. P. O. E., held its annual election of officers last Friday evening, the following being chosen: G. Howard Smith, exalted ruler; H. W. Protzeller, leading knight; J. W. Hendry, loyal knight; W. W. Prichard, Jr., lecturing knight; E. F. Dolan, secretary; J. P. Eisenpeter, treasurer; Math Barzen, trustee for three years. L. R. Johnston was elected delegate to the national convention at Chicago, with E. F. Dolan as alternate. To the state convention L. G. Larsen was elected with W. H. BonDurant as alternate.

The last big initiation to take place under the auspices of the present officers will be held on Friday evening, March 26, at the auditorium. There is a class of about 40 in waiting and special arrangements are being made for their reception. A committee is at work on the details and these will be of the usual high order. A dancing party has been advertised to take place on this date, but this will in all probability be postponed.

Declamatory Contest.

Miss Ella Evans, principal at the high school, yesterday afternoon left for Moorhead in charge of Roy Flattum and Ella Peterson who appeared there last evening in the high school declamatory contest for the championship of the district. The winners in the competition will go to St. Paul for the purpose of contesting in the state tournament. Supt. W. A. Ziegler was judge in a similar contest at Stephen on Tuesday evening.

MARCH 30 DATE SET FOR SCHOOL BOND ELECTION

SUM VOTERS WILL BE ASKED TO AUTHORIZE IS $135,000.

SHOULD PROVIDE FOR MONEY NOW EVEN IF NOT USED AT ONCE

CAN BE HAD FROM STATE BY JULY 1, 1921, AT FOUR PER CENT

There will be a special election in school district No. 18 on March 30 between the hours of 7 and 9 p. m. for the purpose of deciding whether or not the district shall be bonded in the sum of $135,000 for the erection of additional school buildings. The specific purpose of this loan, according to the official notice, is the erection of a school building, Knox addition.

The school board has ascertained that the money may be had from the state at an annual interest cost of four per cent but that it will not be available until July 1, 1921, there being no funds for the purpose at the disposal of the state before that time.

Has Considerable Leeway.

According to the present assessed valuation of the district, $158,000 may yet be borrowed from the state in addition to the loans now outstanding. There is no question as to the reliability of the security or the willingness of the investment board to advance the money, the only difficulty is in securing it at once. This will not prove much of a drawback even tho it is decided to build now, which is not at this time certain. The board will be governed entirely by conditions and if it appears as if there might be a reduction in construction costs within a reasonable time the probabilities are that the actual construction will be postponed.

Should Secure the Money.

The bonds should be authorized, however, in order that the money may be on hand when needed. It would entail no loss on the district to have the cash available even before building operations are begun as it could be put out at better interest than is charged by the state for its use.

Drainage Board to Make Start on 18th

WILL ELECT OFFICERS AND PROCEED TO ORGANIZE FOR BUSINESS

The recently appointed executive board for the Red Lake Drainage and Conservancy district will meet for the purpose of organization on March 18, according to the plans now announced. It is possible that all members will not be able to be in Thief River Falls on that date, in which case a postponement to a later date is probable.

At this meeting the chairman of the board will be elected and a plan of procedure announced. It may be also that a secretary will be appointed, someone not a member of the board being selected for this position.

The members of the board are: Ed. Aubol, farmer, Pennington county; Axel Nelson, farmer, Marshall county; C. G. Selvig, superintendent Northwest School of Agriculture, Polk county; Andrew Johnson, Meadow Farm, Clearwater county; William Paskewitz, Clover Grove Farm, Beltrami county.

Short Course in Goodridge.

A University Extension Short course will be held in Goodridge on March 30, 31, and April 1. This is the first one held in the eastern part of the county and should be well attended. Instructions on livestock and grains will be given by some of the best authorities connected with the Extension Division.

Mrs. Pearson Bound Over to Grand Jury

FORMER RESIDENT OF THIEF RIVER FALLS CHARGED WITH INFANTICIDE

Mrs. Arthur Pearson, formerly of Thief River Falls, was bound over to the June term of district court late Saturday in municipal court at Crookston on a charge of murdering an infant child by placing it on the roof of the Commercial hotel where it was found February 8. Mr. Pearson is also awaiting the action of district court on the same charge, having waived examination in municipal court. He is at liberty on $15,000 bonds but Mrs. Pearson is in custody at the Polk county jail, no bonds having been fixed by the district court as yet.

Hearing of Mrs. Pearson came Saturday afternoon and details of the case were recited by witnesses. Testimony was heard behind closed doors.

TO DETERMINE CLUB'S FUTURE STATUS TONIGHT

EXPECTED MANY QUESTIONS WILL BE SETTLED AT ANNUAL MEETING

REV. J. B. SMITH TO SPEAK ON "SPIRIT OF THE NEW AGE"

ANOTHER NAME MAY BE CHOSEN AND QUESTION OF LOCATION SETTLED

The annual meeting of the commercial club, postponed from time to time for various reasons, will be held this evening at the club rooms. Supper will be served at 6:30 o'clock, the price per plate, $1.00.

Rev. J. B. Smith, pastor of the Methodist church in this city, will be the principal speaker of the evening, his subject being "The Spirit of the New Age." Rev. Smith has seldom been heard outside his church since his return to the pastorate here and this feature of the evening's program will be looked forward to with a great deal of interest. There will also be a musical program.

Subjects For Discussion.

Many matters of more than usual importance will come up for discussion. Among these may be mentioned the retention of the present quarters. A number of members are of the opinion that moving into rooms commanding a lower rental would be wise, while others are convinced that this would be an error.

The budget system, under which the club will hereafter operate, will be explained and a plan of financing submitted. The matter of changing the membership dues is also on the list of subjects.

It has been suggested that a new name be given the club. The term "Commercial" is deemed by many to be misleading when applied to an organization embracing members connected with activities of all kinds in the city and several suggestions are made as an improvement. The arrangement of the kitchen and dining room facilities of the club and the matter of retaining the pool and billiard tables are expected to bring forth lively discussions.

This will be the big meeting of the year and every member should make it a point to be present.

Officers Elected At Physicians' Hospital

PRESENT QUARTERS TOO SMALL TO MEET STEADILY GROWING DEMAND

The annual meeting of the physicians hospital association was held on Monday afternoon with all members of the staff present. Officers for the ensuing year were elected as follows: Dr. O. F. Mellby, president; Dr. Jacob Biedermann, vice president; Dr. H. W. Froehlich, secretary; Dr. A. J. Paulson, treasurer.

Secretary Froehlich's report showed that during the past year a total of 700 patients were admitted to the institution and more than 500 operations were performed.

The matter of enlarging the hospital came up for discussion but nothing of a definite nature was proposed at this time. It is realized, however, that something will have to be done to meet the requirements in the near future and the subject is receiving the most careful consideration of the managing physicians.

Shaw's Candidacy Is Strongly Supported

REPUBLICANS OF OTHER COUNTIES RECOGNIZE WORTH OF PENNINGTON MAN

The candidacy of Daniel Shaw of Thief River Falls as one of the delegates from the Ninth district to the Republican national convention is daily receiving more support. Not only are the loyal Republicans of Pennington county behind him to a man, but party workers of note in practically every county in the district have assured his committee that they will be glad to extend all the assistance in their power.

There are two reasons for this. The first is the record of Mr. Shaw himself as a citizen and a Republican, and the other is the feeling that it is time Pennington county was accorded the honor of naming one of the delegates. Both the county and Mr. Shaw are similar in one respect—neither has ever asked for or been accorded any honor of such nature and the justice of the request at this time appeals to all fair-minded men.

Mr. Shaw has during the past week received many letters containing promises of support on the part of the writer. These come from well-known Republicans in all sections of the district, many of whom have served with him in the interests of the party in one capacity or another. They are glad to be thus able to repay favors extended them in former days.

A considerable number of ex-service men have voluntarily come forward and tendered their support. They appreciate the fact that in his sphere Mr. Shaw did his level best for them and their next of kin during their absence. There never was an activity in any manner connected with the war or with the welfare of the boys who were fighting that did not at once enlist Mr. Shaw's active interest and sympathy. He is not attempting to secure the support of the soldiers on this score, but they regard him as their friend and large numbers will prove it, any report to the contrary notwithstanding.

The caucuses will be held on Monday next and the county convention on Wednesday. The Republican voters who wish to see a faithful party man in some slight degree rewarded for the work he has for years performed without recognition of any kind will see that delegates favorable to Mr. Shaw's selection as a national convention delegate are chosen. Assurances have been received from practically every county in the northern part of the district to the effect that he is regarded as the man to whom the honor should go and with this support there is not the slightest doubt but that the district convention at Fergus Falls on Friday will carry ou their wishes.

Fruit Jobbing House New Venture in City

CORPORATION FORMED TO HANDLE DEPARTMENT OF TESSUM CO. BUSINESS

Articles of incorporation of the Tessum-Coumbo company of Thief River Falls have been filed with the secretary of state and within a short time another wholesale establishment will be added to the commercial enterprises of the city. The incorporators are Oluf Tessum, Stanley C. Coumbo and Gynther C. Tessum. The business of the company will be the handling of everything in the line of fruits, candies, tobaccoes, soda fountain supplies and flavorings and goods of that character. A part of the present new warehouse and office building of the Tessum company will be devoted to the new goods, there being ample room to accommodate both the present business and the new enterprise.

Mr. Coumbo, who will be actively in charge of the concern, states that he believes there is a field in this section for just the kind of supply depot the new company intends conducting. It will be the intention to go after trade actively from the outset, experienced traveling men being sent out as soon as things are in running order.

The new arrangement in no manner affects the status of the Tessum Seed, Grain and Supply company, which will continue as at present, handling seeds, feed, grain, hay and other farm produce at wholesale. The business has grown to vast proportions during the past few years and is one of the strong, dependable institutions of the northwestern part of the state.

Primaries Are Open To Women Voters

MAY CAST HER BALLOT IN PRESIDENTIAL PREFERENCE CONTEST

By enactment of the 1919 legislature, women are given the full right to participate in the presidential primaries and conventions to be held this month, under the same qualifications as apply to men voters.

The voters may indicate their preference for presidential candidate by ballot at the Republican primaries, Monday, March 15, or at the Democratic primaries on April 3. On these dates delegates to the county convention will also be elected. The clerk of caucus or primaries will report the preferential vote together with his credentials of delegates.

All duly qualified electors, male and female, who are members of the Republican, or the Democratic party, as the case may be, or who believe in the principles of either and desire to affiliate with one of said parties by supporting its candidates in the coming election, are invited to participate in the primaries and conventions.

It has been claimed by opponents of equal suffrage that the women, particularly in a farming community such as Pennington county, would not take advantage of the opportunity to vote even though it were offered them and the result of the first election in which they participate will be watched with unusual interest.

Personal Property Taxes.

County Treasurer John Gullingsrud has just completed the task of checking up the receipts for personal property taxes paid during the period from Nov. 30 to March 1. He states that during the four months a total of $99,437.16 was paid in, an average of about $1,000 per day. For February the receipts were $68,830.15. Mr. Gullingsrud says that the taxes were cleaned up in a very satisfactory manner, there being fewer delinquents than for some years past.

COST OF PAVING IN NEIGHBORING CITIES COMPARED

CONTRACT PRICE AND DETAIL OF WORK PROPOSED AT WARREN

PAVEMENT OF BEST MATERIAL AND GRADING TO COST $5.58.

BEMIDJI CONTRACT NOT YET LET BUT SURFACING ESTIMATE IS $2.70.

In order to secure something in the shape of reliable figures on the probable cost of street paving The Times this week obtained the figures for the work contemplated in Warren from the city recorder, J. R. Naeseth. According to his figures the cost of actually laying the pavement in that city will come to $4.33 per yard. This is for asphaltic concrete, including all the work above the subgrade, using granite or trap rock for the coarse aggregate in the concrete base and fluxed Bermudez lake asphalt in the wearing surface. To this must be added the cost of excavation and grading, which is stated as follows: For each cubic yard of grading, including the removal of crossings, readjustment of manhole tops and all other work pertaining thereto, $1.25 per cubic yard.

Other Specifications Differ.

Included in Mr. Naeseth's report are figures showing the cost of concrete curbs, excavation for gutter sections and the paving of alley approaches which will differ greatly in different localities. The price of reinforced concrete paving is also given, but this differs but a few cents per yard from that of asphalt.

Cheaper at Bemidji.

Bemidji has a considerable paving job on hand for the coming summer but the contract has not yet been let. H. Mayne Stanton, secretary of the Civic and Commerce association of that city, informs The Times that the estimated cost of eight inch paving with a concrete surface is $2.70 per yard. This naturally does not include any of the other work necessary in an undertaking of this kind. Bemidji paving allotment under the provisions of a bond election recently carried amounts to 51,400 square yards at an estimated outlay for the paving alone of $139,000.

The city of Worthington, with a population of about 3,000 has recently let the contract for the laying of 56 blocks of pavement, making a total of 100 blocks for that municipality.

Play Final Games At Crookston on Friday

THIEF RIVER FALLS BOYS HAVE GOOD CHANCE TO RETURN CHAMPIONS

The final basketball games for the district championship will be played at Crookston on Friday evening and Coach Albert Tommeraasen with the Thief River Falls quintet, left on Wednesday afternoon for that city in order to be in trim for the hardest tussle of the season.

The semi-finals will first be played off, the contestants being Thief River Falls and Stephen for the northern section and Crookston and Fosston for the southern end. The last-named teams will settle the question of supremecy in the afternoon and the other two in the evening.

Unless the dope fails entirely the final contenders for the district championship should be Thief River Falls and Fosston. The two teams have given the most consistent performance during the season and should clean up their adversaries on Friday. Basketball prophesy is very unreliable, however, and there may be another story to tell.

Should the locals and Fosston be pitted against each other for the honor of representing the district at the state tournament one of the best games of the conference year should result. Fosston seems always to have a good team and that representing Thief River Falls high school has been made one of the best ever turned out in the city under the able guidance of Mr. Tommeraasen. The result will be watched with more than the usual amount of interest.

Mrs. Bishop Honored.

Mrs. J. M. Bishop of this city has been appointed chairman of the Republican Women's Organization of the Ninth district. She has been busy during the past week making her selections for chairmen in the various counties, the aim being to wage an energetic campaign from now until the close of the campaign. A large part of the efforts of the organization will be devoted to enlightening the women of the district as to their rights and privileges under the new law which permits their voting for presidential electors this coming fall and to advocating an adherence to the principles of the Republican party generally.

IS POSTPONEMENT BEST?

At the annual meeting of the Merchants association last week the matter of paving was given some attention, the result being that considerable of a damper has been thrown on the project. One speaker—who, by the way, has been a consistant booster for paving—rather surprised his hearers by saying that the cost of such work is almost prohibitive. He said it would cost over $6 per yard to pave at the present time and was of the opinion that the city had better wait another year or two before undertaking a job involving such an outlay. His argument was that the city would certainly lose nothing by the postponement and might be gaining a great deal.

Mr. Prichard's contention deserves careful consideration, particularly as it comes from a man who is an advocate of paving at the earliest possible moment in spite of the fact that the concern of which he is the head has the greatest frontage on the streets to be paved of any in the city. The trouble is that no one can guarantee that the prices will be lower a year or two years from now, while they may conceivably be higher. To decide that no paving shall be done until the price goes down may mean that the streets of Thief River Falls will forever remain in their present condition. On the other hand, to order the paving to be done no matter what the expense will be may prove almost confiscation in certain instances.

The city council has carefully gone into all this and can safely be trusted to know what it is about. The governing body has acted thus far in response to a general demand and will not be deaf to a similar demonstration on the part of those who oppose the course contemplated. Definite information on the subject of costs will likely be demanded, however, and it is therefore probable that bids will be advertised for. Only in this manner can the actual expense be ascertained. If it is then shown that the cost is prohibitive the matter may be dropped. On the other hand, should it prove that the citizens who are opposing the improvement have been misinformed the council will probably feel justified in going ahead. No one has ever supposed that this paving program would go through with the unanimous consent of all the citizens.

In order that our people may get some idea of what paving is costing in nearby cities, The Times has this week secured the figures at which the contract for similar work at Warren was let, as well as the estimated cost at Bemidji. These will be found in another column of this issue and will prove of particular interest. The Warren figures are furnished through the courtesy of City Recorder J. R. Naeseth. Bemidji has voted the bonds necessary to cover the cost of paving but the job has not been awarded. The figures given are based on estimates and submitted at the request of The Times by H. Mayne Stanton, secretary of the Civic and Commerce association of that city.

There is no division of opinion as to whether or not we should pave. It is hoped that the work may be undertaken this year, but no one will insist that this be done if it is to prove too great a burden on the property owners.

OF MORE IMPORTANCE.

While it is of course important that the people of Minnesota should choose a good man for governor this fall, it is not likely that any other kind will be selected. We have had governors of all kinds, most of whom have managed to get by without a great deal of trouble. There never has been a man in the executive chair satisfactory to all the people and there never will be. If there is enough objection to him he only lasts two years, at the end of which time another may be tried. He in turn will go through exactly the same experience. Neither the future progress of the state nor the eternal salvation of its people depends very largely upon the man who happens for the moment to be governor.

The passage of the good roads amendment is of more importance to everyone except the politicians. Here is a matter in which all the people of the state are interested and will continue to be interested until Minnesota has the best roads it is possible to obtain. For this reason the Babcock amendment is not a political issue nor is it bound up with the success of any political candidate. The proposition must stand or fall on its own merits and while it is certain that party men will align themselves for or against it, its intrinsic value has nothing in common with their attitude. In case the amendment passes *the governor and legislature* can do little except ratify it. Anyhow it is hardly conceivable that the amendment would be passed and persons opposed to it elected to carry out its provisions.

It is not likely that an open fight will be made on this proposition. Those who object to its passage are more likely to leave it severely alone, depending on its defeat through the failure of the people to vote either one way or the other.

There is no sound argument to make against the Babcock amendment. Those who attempt it only succeed in disclosing the shallowness of their contentions. It holds forth the only promise of eventually lifting Minnesota out of the mud that has thus far been presented to the people. It provides the most equitable plan of paying for the work contemplated. It is the one great permanent improvement of which the state stands in need.

We Have Kind Neighbors.

Duluth Evening Herald: The Thief River Falls Times, which Publishers Ross and Austad have made one of the niftiest weeklies in Minnesota, north or south, was burned out a few weeks ago, and is apologizing for not looking better because of the delay in getting its new plant. We know of a number of papers that would be throwink boquets at themselves if they looked as well as The Times does without the new togs.

BUY IT AT HOME.

Women particularly, and men in a lesser degree, will soon be spending more money than they should for the purpose of dressing up for spring. This is all right—if they can afford it and have sense enough to buy their outfits here at home.

It is hard to understand just why the average woman figures that she can be better served by going to some city a long distance away in order to make her selections. She is invariably worse off financially because of such action and nine cases out of ten is not so well satisfied in the end. Some there are who still believe that things are cheaper in the cities, but this idea is not so prevalent as it once was. Others think that the garment secured will be more exclusive, which is not the case. The home merchant will be far more careful about avoiding duplications than is one who has no other interest in the transaction than making the one sale. Then again there is the claim that the selection is larger. Sometimes perhaps, but it is not likely to be more varied or satisfactory on that account.

The sensible woman will buy at home and save money. She will receive better service, just as exclusive styles and be better pleased with herself generally. She should remember that if this town is good enough for her to live in it is good enough for her to do her shopping in. The money she spends was made here and, as far as possible should remain here. The women of the community are greater offenders in this respect than are the men and it is not to their credit.

Remember that the home merchant is making every effort to please. At least give him a chance by looking over what he has to offer.

GOOD ROADS HELP ALL

Warroad Pioneer: When you build a hard road from a country center into the outlying districts, you make not merely an economic but a social transformation. Not merely can the farmer haul his goods cheaply to the railroads, but you can connect him up with all the facilities of modern life. He and his family will come in more frequently to buy goods at the stores, instead of sending away to mail order houses. They will come in to more social events, and churches and societies will get better support. This will help the centers take on new forms of community activity, and it helps the rural family to broaden out into a higher scale of living and doing business.

Archie Dahl returned Monday from Minneapolis, where ' had been taking a course in window trimming. He has resumed his position as clerk in Lieberman Brothers clothing store.

CHARLES LIEBERMAN

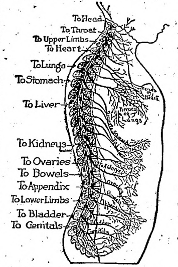
POOR JULIUS CAESAR

He never knew the delight of eating Cream of Barley. Barley meal was one of his favorite dishes, too, because of its strengthening and health building qualities. But, in his day it wasn't available in its present delicious form, put up in packages like the one shown here. Look for this package.

CREAM OF BARLEY

"The Food with a History"

Chiropractic for Tonsil Trouble



Affections of any of the above parts may be caused by nerves impinged at the spine by a subheated vertebra.

The tonsils are glands and it is reasonable to believe that they are a valuable part of the body, otherwise the Creator would not have made tonsils.

Nerves to Tonsils

These important organs are supplies with nerves that lead from a definite place in the spinal column and it is a fact that when there is no pressure on these nerves the tonsils are normal and give no trouble.

Tonsil Trouble

Originates at the spine for when displacements of certain spinal bones occur it means pressure on those nerves that supply vitality to the tonsils and tonsil trouble is the result.

Do Not Harm the Body

By no means lose your tonsils when there is an easier and better way to handle tonsil trouble.

Don't Cut Them Out. Have The Cause Adjusted

CHIRAPRACTIC ADJUSTMENTS remove the cause of enlarged tonsils, tonsolitis and quinsy.

Take the Safe and Sane Way

Take adjustments to restore normal tissues. Why not try Chiropractic for all ailments and get well. Chiropractic eventually, why not first?

Terms: 24 office adjustments, $25.00 cash.

Will be at the Viking Hotel on Monday's, Wednesdays and Fridays beginning on March 10th. Hours: 9:00 A. M., to 3P. M.
Goodridge on Tuesdays, Thursdays and Saturdays, beginning March 16th, at the Goodridge Hotel. Hours: 9:00 A. M. to 4:30 P. M.

ROUND OAK
PIPELESS FURNACE

Prices such as we predict will never again be offered

FREE

Call or write for a copy of the Round Oak Pipeless Furnace Book that clearly illustrates and explains the many desirable features of the best pipeless furnace on the market.

This year's first shipment of these splendid superior pipeless furnaces, the latest 1920 models, will be contracted for by far-sighted folks in a ten day sale at prices you would jump at next fall. This is the so-called dull season in the trade. We can afford to share profits with you to retain and keep busy our installers. But of even greater saving to you now is the fact that these famous pipeless furnaces will soon be higher priced and difficult to obtain owing to increased demand directly traceable to the national building boom. There will be a

Special display - - - See demonstration

Furnaces may be reserved, when necessary, at sale prices, for installation later. Sale will last exactly 10 days. Starts in 5 weeks

Spring Dress Up

Announcing Our
Easter Opening
Saturday, Mar. 13
In Our Ready-to-Wear

WE are presenting the season's finest display of Wooltex, Printzess, Sterling and Hovland styles, that are in harmony with spring fashion fancies.

"That Well Dressed Look"

Each model is a distinctive individuality that strikes one immediately as original, exclusive, desirable.

We invite your inspection of these garments that are nationally known for quality in material, fineness in tailoring and correctness in style.

Our Easter Chevy-Chase Frocks

Chevy Chase Frocks

They are the simple, winsome frocks that the American girl of the "college type" wears so well.

It is a pleasure to have you "shop" in this store. Every department has its best offerings displayed in spring merchandise. It is for you to choose and be suited. Our artistic spring windows will merit your attention.

Come in and select your hat now while stock is complete. Gage & Fisk hats.

Again we emphasize the completeness of our Footwear Department.

Whether you seek a standard boot for outdoor wear—a lighter shoe for indoor, office work or the latest thing for evening dress — we have it.

And we have a range of sizes, styles and shapes to insure perfect comfort, the big thing to look for in any shoes you buy.

E. O. MOGENSEN

KEEP PLENTY OF OUR MILK

in the refrigerator. It is so rich and pure that it is best for baking, making sauces, etc. Besides, once the family learns the taste of our milk, they'll want a glass of it very often. And for the little ones our milk is the kind that physicians unhesitatingly recommend.

Thief River Co-Operative Creamery Association

There Is a Right Time for Everything

The forehanded man will so arrange his affairs that one necessary job does not interfere with another.

This is the Time to Make Repairs

Soon the spring rush will take the farmer to the field and his days will be filled with the work necessary to produce a crop.

Take Advantage of the Lull

Make every minute count by doing all the odd jobs now. The winter now passing has made many of them necessary.

See Us For the Necessary Material

We can supply it in any quantity and at the most reasonable prices. You can gain nothing by delaying and may lose a great deal. Be ready when spring opens up in earnest.

THE PRICHARD COMPANY

NOW IS THE TIME TO HAVE THAT JOB PRINTING DONE

SAPERO'S

Watch For Our Auctions

Farmers who intend to add to their equipment of livestock and machinery will do well to attend the auctions conducted by the Citizens State Bank this month.

Among the property listed with us for sale you will likely find just what you are looking for, and you may get it at a price considerably less than present market value.

It will be worth your while to watch our newspaper ads and auction bills for announcements of our various sales.

If you intend to have a sale this spring, and have not yet made arrangements for it, we would like to have you come in and talk it over with us.

Mrs. Frank E. McKnight left on Friday evening for Pittsburg, Pa., where she will remain at the home of her parents until she regains her health. Her son, Frank Jr., preceded her a few weeks ago having accompanied the former's sister who was a guest at the McKnight home for a couple of weeks.

Miss Effie Christianson, who spent a few days in this city as the guest of Mrs. J. O. Yotter, left on Monday afternoon for her home at Euclid, where she will remain for a brief period making preparations for her return to this city where she has accepted a position with the Oen Mercantile company.

E. M. Bennes, General Agent of the Lincoln National Life Insurance company of this city, returned Saturday evening from Stephen and other points in the valley where he settled two death claims—flu being the cause of death in both cases. Mr. Bennes gives the matter of claims his personal attention and is establishing a record for service to policy holders in this territory. m11

Dr. Douglass Visits.

Dr. J. E. Douglass, formerly of this city but now a member of the staff at Nopeming Tuberculosis sanatorium, visited old friends in the city last week.

Successful Tractor School.

More than 300 persons attended the tractor school held at the show rooms of the Rambeck & Stone company in this city last week, some of the visitors coming a distance of 50 miles to be present. H. E. Howard and John Klingenberg of the Emerson-Brantingham branch at Fargo, were the instructors and they gave an entire course in tractor engineering. Special attention was given to carburation, ignition and the action of different classes and grades of fuel. A feature of the instruction was the removal and replacing of all four pistons by Mr. Klingenberg in less than ten minutes.

A Most Successful Sale.

The largest auction sale, both in point of attendance and money realized ever held in the county, was that held by H. G. Borden last week. The total amount received for the property disposed of amounted to $7,800. It was the largest sale at which Auctioneer W. J. LaBree has ever officiated and the most successful. Record time was made in disposing of the goods, the last article being knocked down just six and one-half hours after the opening. The weather was cold and blustery but in spite of this the crowd stuck to the end.

At the Skogstad sale on the day following the amount realized was $8,500, everything being cleaned up to the last piece of furniture. Mr. LaBree also cried this sale. The First and Peoples State bank officials, in charge of both these auctions, are more than ever convinced that advertising pays. Special efforts were made to get these events before the people, The Times being the principal medium employed, and the result proves the wisdom of the investment.

Some Real Saturday Specials

The home of all good things to Eat. Lent is here. Why not Fish at these Prices?

Fresh frozen pike, per lb.	.14

Foot Expert Here

A specialist from Chicago loaned to this store by

Dr. Wm. M. Scholl

the recognized foot authority, is here now. He will be here only

SATURDAY, MARCH 13

so foot bothered people should lose no time in coming to see him.

Examination and Advice Absolutely FREE

This expert knows all about feet. He knows the famous Dr. Scholl methods of correction and he knows that

There is a Dr. Scholl Appliance or Remedy For Every Foot Trouble

Let him examine your foot and tell you what is the trouble, the cause and the way to quickly correct it. Let him demonstrate on your own foot that you can gain

Foot Comfort

immediately. You don't have to wear "freaky" or loose shoes. The Dr. Scholl plan is to give foot comfort while you wear the stylish, well fitting shoes you like.

All Welcome. Come In.

A. M. Langseth
The Place to Buy Your Shoes

FARM BUREAU'S WORK OUTLINED; FIELD PROGRAM

PLAN TO ESTABLISH COMMUNITY CENTERS AT DIFFERENT POINTS

CAMPAIGN TO BE LAUNCHED AT ONCE FOR PUREBRED SIRES

PARTICULAR ATTENTION PAID TO DIVERSE DEMONSTRATION PLOTS

At a meeting of the directors of the Pennington County Farm Bureau association held last Friday, a program of work was outlined for the coming year. A feature of the farm bureau work which will be particularly emphasized is the establishment of community centers at convenient points in the county where meetings will be held at frequent intervals for the purpose of discussing particularly the problems pertaining to that district. A committee was appointed to meet with the farmers at these places for the purpose of outlining the ways and means whereby the farm bureau might be of assistance.

Wants Purebreds Kept.

It was agreed at the meeting that the members of the association should request every farmer in the county to have his name placed on his mail box in order that there might be no trouble in locating him.

A campaign to encourage the keeping of purebred sires will be launched at once. This will be in the nature of an educational campaign and the man who wishes to make better livestock his aim will receive every aid that the farm bureau is able to extend. There are already a large number of purebred sires of all important breeds in the county and it will easily be possible for the farmer who so desires to secure the best of stock to do so without going far from his home.

The Program of Work.

The work outlined for the year comes under seven general heads. First on the list is placed the further development of the Farm Bureau association. This includes the extension of membership to all parts of the county and the selection of committeemen to assist in project work. Under the head of soil improvement will come peat land reclamation and phosphate experimentation.

In the grain division seed supplies will form an important part of the work. This will be carried on through an exchange list and by pure seed demonstrations. Disease control will include treating for smut and other hurtful invasions.

The potato division is to be enlarged and made more important. This department will also have an exchange list and pure seed demonstrations will be featured. Seed treating and spraying will be employed and special attention given to pest control. In this division of work will also be included the sugar beet experimentations.

Better Feeding Urged.

The improvement and increase of livestock will form an important part of the bureau's work and a special effort will be made to introduce more purebred sires. Assistance in the exchange of breeding stock will be tendered through the exchange list and by sales.

The important subject of feeding will include the encouragement of more silos and the conducting of balanced ration experiments. The value of legumes will be tried out through the systematic feeding of alfalfa and sweet clover.

Perhaps the most successful department of farm bureau work during the past year has been accomplished through cow testing associations, and this will be continued.

Weed control will receive more attention than heretofore. Eradication will be sought through cultivated crops, summer fallowing, crop rotation and more livestock. The bureau will also make an effort to be of assistance in farm accounting.

As work for the boys' and girls' clubs has been chosen potato, sheep, poultry and bread-making clubs. All the boys and girls in the county are promised every assistance possible if they will join one of these clubs.

Co-operation with all other booster organizations in the county will be one of the aims of the farm bureau.

BEGIN PLANNING FOR GREAT FAIR OF MIDSUMMER

ARRANGEMENTS UNDER WAY FOR MOST ELABORATE SHOW YET STAGED

CROWNING AMUSEMENT FEATURE IS SIGFRIED, SUMMER SKI JUMPER

FLYING CIRCUS ALSO ENGAGED TO HELP OUT THREE-DAY ENTERTAINMENT

Pennington county's annual fairs are famous over a wide section of country and admittedly the best exhibitions of their kind held in any county in the north. The plans for 1920, announced at the close of the directors' meeting held last week, give promise of so far eclipsing anything heretofore attempted, however, that all others will be left entirely in the shade. Every department has been placed in the hands of competent and enthusiastic committees and the work of perfecting every detail has already been undertaken.

Skiing in Summertime.

An attraction of unusual interest has been secured for the next fair. This is Sigfried the Great, the man who has created a sensation as a ski jumper. A slide is erected exactly like those used in winter, but instead of snow and ice a coating of grease is used. Sigfried flies over this slippery surface with lightning speed, makes the usual long jump at the end and strikes a canvas landing supported by springs. It is a hair-raising performance, compared to which aeroplane stunts are tame affairs.

The Flying Circus.

Other attractions contemplated are the Diamond Bar outfit, which will put on that most gorgeous spectacle, "The Passing of the West." This is replete with racing features, cowboy stunts and many other things now rapidly fading from the memory. It will be the aim of the committee to bar everything of an objectionable nature, at the same time providing all the clean, wholesome amusement possible.

"The Flying Circus," an air attraction that begins where all others leave off, is also on the books. This contains features never before presented to the public.

Want More Buildings.

The building program is in charge of Herbert Fuller. While not complete in all respects, it is certain that the matter of additional cattle and horse barns will be presented to the public for consideration. The work done last year proved highly satisfactory and it is thought that there will be no difficulty in securing the needed funds.

New Fence Needed.

The unsightly board fence bordering the north limits of the grounds has been removed, the idea being to replace it with one of wire. This will be an improvement in more ways than one. The appearance of the entire layout will be bettered and the snow nuisance in winter largely abated for those who must travel the principal west road.

The Committees.

The officers who will have direct charge of the proceedings are: Herbert Fuller, president; Albert Johnson, first vice president; Fred Beerbower, second vice president; Robert McGinn, treasurer; G. Howard Smith, secretary. Assisting these the following committees will be found:

Privileges and concessions—W. J. LaBree, Julien Provencher, L. A. Lampert.

Grounds and buildings—W. B. Fuller, George Walker, L. D. McAdams.

Amusements—G. Howard Smith, Scott Laird, F. H. Herrick.

Agricultural products—George L. Sterns, Albert Johnson, Peter Engelstad.

Poultry—L. H. Lawrence, Emil Griebstein, Dennis McGinn.

Admissions—W. W. Prichard, Jr., S. C. Coumbo, Ted McGinn.

Judges and judging—County Agent J. J. McCann.

Farm clubs, boys' and girls' clubs and dairy judging—J. J. McCann.

Premiums and publicity—G. Howard Smith, T. J. Austad, R. B. McWilliams.

Mrs. J. H. Hardesty will have charge of the women's department.

Division Superintendents.

As superintendents of the various divisions at the fair the following have been selected: Livestock, Fred ard Smith, T. J. Austad, R. B. Mc-Shorthorns, Mike McAndress, R. J. McKercher. Holsteins, Hans Anton, James Hardesty. Guernseys, Harry Woolson, F. B. Conklin, Stuart McLeod. Red Polled, Waldie Christenson. Horses, Halvor Fodstad, Olaf Ramstad. Sheep, R. L. Muzzy, Morgan Vaughan. Swine, John Skomedahl, W. J. Bell.

Saving Maple Lake Fish.

In an effort to enable the fish in Maple Lake to survive until the ice in the lake breaks up, a gasoline engine has been installed on the lake and is pumping air into the water. Thousands of fish, it is said, have died in the lake this winter, due to the thickness of the ice and the dense growth of weeds in the bottom of the lake. It is said the weeds during the winter, throw off a poison which is harmful to the fish and also use the oxygen the fish demand.

A Promising Prospect.

The Times unded ordinary circumstances does not accept the advertising of gas and oil well development companies, believing that many of these are only schemes for relieving the unwarry of their coin. An exception has been made this week in the case of the Burk-Harlin-Hilton Oil and Gas company of Memphis, Texas, of which J. N. Helm of Red Lake Falls, well known to the people of this city is secretary. The offer of examination and bank references submitted indicate that this concern really has something to offer and their proposition will be of interest to those who are watching matters of this kind.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY
THIS IS WORTH READING

The experience of Mr. E. J. Toupalik, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

'Phone 80

When the Roads Break Up---

The farmer who secures his building supplies while these can be hauled on snow is wise. When the break-up comes there is likely to be a period during which it will be next to impossible to transfer loads of any size. This will also be a good time for doing a lot of odd jobs that will need attention before the spring farm rush opens up. Thus the man who prepares early will be saving in two directions.

We Handle Everything in Building Material---

It matters not how large your order is or how small. We can supply it from our large stock or have it here in less time than any other concern in the city. Delays often cost a lot of money and are to be avoided.

Remember, we have supplied the building material wants of the people of this section for nearly a quarter of a century. We have always handled the best and will continue to do so in spite of changing conditions. You can depend on the material purchased from this house.

Winton-Nichols Lumber Co.

High School Progress

An Acknowledgement.

At the last monthly meeting of the teachers of the city schools of Thief River Falls, a committee was appointed to express appreciation for the liberal manner in which the board of education took action on the salary question of the early winter. Due to the publicity which the question received at that time, it was thought best that this acknowledgment be made through the local newspapers.

COMMITTEE.

SENIOR QUINT COPS INTERCLASS CHAMPIONSHIP

The Interclass basketball series came to a close Friday night with the Senior quint still holding a generous lead over the opposing teams. The final games were in speed, skill and aggressiveness similar to the ones preceding and there was no diminuation in the fight even after the champions had the title safely stowed away Wednesday night. The graduating class has placed a strong team in the field every year but it remained for "Pills Pats" to bring home the bacon.

After the smoke of battle had cleared away, and the war cries had died down to subdued murmers, and the dead, dying wounded, and missing had completed their basketball arguments pro and con it was discovered that the Senior Champs had emerged from the fray with but one defeat—that administered by the Juniors in the final game; aforesaid Juniors thereby taking second place with an even number of victories and defeats. The Sophomores and Freshmen pulled in on a par with two victories and four defeats apiece.

Now the hatchet lies buried and the different factions that lately were busily hacking each other are assembled in a spirit of equality and fraternity emitting clouds of smoke from the peace pipe. Hostilities will be resumed in 1921.

Mutual Help Club.

The members of the Mutual Help Club, held their monthly meeting at the Washington building last Friday evening. The Rural School teachers were invited. A short program was rendered by the Normal students. Games were enjoyed until refreshments were served, consisting of buns, fish and coffee. The purpose of the Mutual Help club is to become acquainted with rural school teachers and if possible to help them with some of their problems.

A New Club.

The Public Speaking class is making rapid headway in parlimentary law. The members of this class have organized themselves into a club, and have already drawn up and adopted the constitution by which they are to be governed. At present the club has but two officers, namely, the chairman and secretary, and a committee of three to take care of all business in the meetings. The procedure in the meetings is rather akward, and not very well understood, but if the members hold to the aim of the club they will be able to go thru the procedure without much confusion.

They Say!

The Seniors have received their class rings and are proudly showing them to the school.

The Glee club had its picture taken yesterday.

The chemistry class made H2S again yesterday.

Joe Weirus left his dog at home yesterday. Wonder why?

Dr. Young gave a very interesting talk the other day.

Donis McGinn came to school with a collar and tie on yesterday.

Paul drives past the school house at the noon hour clinging to the side of the sled with one hand and waving the other.

Roy Flattum was not more than three minutes late this morning.

Our basket ball boys are going to Carelton.

On Victor Buskirk's report card, under the "Times Tardy" column, are the figures "3½." He is still wondering if it is minutes or hours. It might be either.

Fred Will is going to start school again.

The annual staff didn't get those 400 articles last Friday.

At the game with Stephen someone in the crowd shouted: "Where's Buster Ralston?" The answering shout was: "Use your imagination."

The Freshmen wanted to hold last Friday's class game off until Monday. Wonder why?

Lee Ihle has at last found a bright yellow collar to match his hair and sweater.

Marshall Race can see nearly as high as Knut Hegtvedt.

Just because the Eagle Stamp company stationery bears the "monikers" of "W. Herrick," "H. B. Smithers," and "L. Alnes" is no reason why these high officers should be kept in after school.

Dennis McGinn is already starting his spring "Chickening." He's going to be a poultry man, a real one. He is having stationery printed and everything. Ask anybody about his supposed pure breds.

The girls went to Minto last Friday. (at last.)

Agnes Tandberg, Senior, has been absent from school some time due to her mother's illness.

Tuesday evening our basketball boys played their last home game of the season with Stephen. Score: 56 to 6 in favor of T. R. Falls. Everybody was out to root for the boys and they showed us all a splendid time.

You always get the longest and hardest lesson in every subject at the same time.

Summer hats come out the first part of March and winter hats the first part of August.

Molly Hermanson is never idle.

The modern history people are never without enough to do for the next week or so.

Mr. Melby can walk faster and give harder exams. than most ordinary people.

Gordon and Dennis always manage to get in the room the third period of the morning.

Queer things happen when Dennis and Reuben take charge of the public speaking class.

Beatrice is reading novels in modern history class.

Marshall Race is never without his English accent and his stately tread.

Kathleen Ures and Marguerite Burns will leave Friday afternoon for Grand Forks, where they will visit with friends and relatives over the week-end.

Lois and Howard Struble accompanied by Russell Henry, visited over Saturday and Sunday at the home of the former, near Mavie.

Monday night at the auditorium interesting motion pictures were shown depicting both past and present conditions in the Near East.

James Holle spent last week end at his home near Goodridge.

Our friend, "Old Sol" has again come around to assert himself and soothe us with his winning touch. Will his return be marked by that usually attendant malady called "spring fever?" No serious cases have been reported as yet, but Henry Stengelson's C in American history is a gentle reminder to everyone to be careful and avoid contracting afore mentioned affliction.

Noah, with all his many troubles, now realizes he had a pretty soft time of it.

Suppose, for purposes of comparison, that this had been a "Soviet Ark," and that he had been obliged to chum on Mount Ararat with a cargo of assorted Reds.

All the world's a stage, but don't try to be the whole show.

Molly Hermanson was given the privilege of conducting the Norse class Friday morning because Miss Gunlaugson went to Minto, N. D., with the basketball girls.

Society

Presbyterian Choir Entertained.

The members of the Presbyterian choir were pleasantly entertained at the home of Supt. and Mrs. W. A. Ziegler on last Thursday evening. After the usual practice a delightful lunch was served by the hostess.

Entertained.

Mrs. L. M. Rayson informally entertained nine ladies at her home, 310 Kendall avenue south, last Friday afternoon. The ladies brought their fancy work and at 5 o'clock were served with a delicious lunch.

Mrs. Cronkhite Entertains.

An informal afternoon was spent at the home of Mrs. J. Q. Cronkhite on last Saturday when she entertained ten ladies. Needlework formed the diverision and at the conclusion of the afternoon a delightful lunch was served.

Johnson-Lundberg.

sister of the bride.

Arthur G. Johnson and Miss Mary Christine Lundberg, both of this city, were united in marriage by Rev. Geo. Larson at the home of the groom on Feb. 29. The couple was attended by Herbert Johnson, a brother of the groom and Miss Bess E. Lundberg, a

John Ward Host.

Twenty "Knights of the grip" were royally entertained at the home of John Ward, Saturday evening. Cards afforded the chief entertainment. At midnight lunch was served by Mrs. Ward, assisted by Mrs. L. G. Larson.

Obituary

Joseph Sjolsvold.

Joseph Sjolsvold, 7-year-old son of John Sjolsvold, residing in the town of Norden, died on March 6 at 9:45 p. m. from pneumonia. Funeral services were held this afternoon from the Sjolsvold home conducted by Rev. Geo. Larson of this city. Interment took place at Oak Ridge cemetery.

Gunhild Waagedahl.

Miss Gunhild Waagedahl died on March 3rd at the Oakland Park sanitarium at the age of 28 years, from tuberculosis. Deceased was born in Holt on July 23, 1891, and lived with her parents on a farm near that place until a year ago when she was brought to the sanitarium in this city. She is survived by her mother, sister and brother. The funeral services will be held tomorrow afternoon from Emanuels church at Holt at 2 p. m., conducted by Rev. Geo. Larson, pastor of the Zion Lutheran church of this city.

Allie Dahlsing.

On March 5th at the Oakland Park sanitarium, occurred the death of Miss Allie Dahlsing of this city from tuberculosis from which she had been a sufferer for over a year. Seven years ago the deceased came to this country from Norway, where she was born on June 29, 1895. She lived with her parents at Argyle for a few years until their removal to this city about a year ago, when she became employed as waitress in one of the local hotels. The survivors are her mother, Mrs. Iver Dahlsing, two brothers and four sisters. The funeral services took place on March 8th from the Zion Lutheran church conducted by Rev. Geo. Larson, pastor of the church. Interment was made in Greenwood cemetery.

Card of Thanks.

We hereby wish to express our heartfelt thanks to the many kind friends and neighbors who so kindly assisted us during the illness and after the death of our late husband and father. Particularly are we grateful for the financial assistance tendered by the railroad boys.—Mrs. Ray Mundt and Family. m11p

Bonus Plan Opposed.

Following the lead taken by the Loyal Legion post at St. Claud, the Fairmont post last week went on record as opposing the plan submitted for a bonus payment by the government of $50 per month for war veterans. The Fairmont ex-soldiers announced themselves as opposing any federal war bonus. The proposed bonus was disapproved on the ground "that it would fasten tremendous burdens on the nation and on succeeding generations."

Local Man Bereaved.

Charles E. Fox, 76, of Georgetown, Minn., died in a Fargo hospital on Sunday. Mr. Fox was an old resident of Clay county and is survived by one daughter, Mrs. J. D. Hennin, of Borup, and four sons, Arthur P. Fox, of Thief River Falls, Albin J. Fox, of Glyndon, Edgar B. Fox, Goldfield, Mont., and Leslie W. Fox, Seattle, Wash. Burial was at Georgetown.

Sale of Holstein Cows.

The Frank Hedley Stock Farm 4 miles southeast of Crookston, will hold on Friday, March 10th an auction sale of High Grade Holstein cows and heifers. All these animals have passed the tuberculin test, Jan. 20th. Also some pure bred Duroc-Jersey cows. Conveyances at Hotel Crookston at 10 A. M., will take buyers out to the farm without charge. The greatest opportunity of the year to procure fine dairy cows.

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Thief River Falls woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles should be glad to heed this Thief River Falls woman's experience:

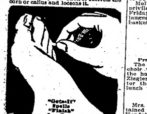
Mrs. Chas. Alexander, 216 Conley Ave., says: "Last fall I had been picking berries, and when I got home I was suddenly taken with a bad attack of kidney complaint. The pains across my back kept me from doing my work and such a thing as doing my washing was out of the question. I often got dizzy and was afraid to walk across the room. My kidneys didn't act as they should and I felt miserable. One of my neighbors suggested Doans Kidney Pills and I got some at the East Side Drug Store. I got entirely over the trouble and I have felt fine ever since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Alexander had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

Sure Death to Corns

"Gets-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Gets-It" does when it lands on a corn or callus is to snuff out the pain. Then it shrivels the corn or callus and loosens it.



"Gets-It" Spells "Finish" for Corns

Soon, it is almost ready to fall off. You help it just a little by lifting it off 'twixt thumb and finger. You don't even feel it, because there is no hurt left in it. Millions have proved it the cleanest, surest, safest and most pleasant method. "Gets-It," the never failing, guaranteed money-back corn remover costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago.

Sold in Thief River Falls and recommended as the world's best corn remedy by

J. P. CURTIS
LAMBERT'S DRUG STORE
ANDREW BOTTELSON

N. E. BURK, President J. N. HELM, Sec-Treas.

The Burk-Harlin-Hinton Oil and Gas Company

CAPITAL STOCK, $75,000 HOLDINGS, 3,000 ACRES
Office Over First National Bank
Memphis, Texas

Location: N. W. 1-4 of Section 28, Block 1, S. P. Ry survey, 3000 acres. Childress county Texas; five miles east of Newlin, and three miles from Red River, upon which is located the most famous oil fields of the world, including the Burkburnett field, directly North west from the Burkburnett pool, and on a direct line between the Burkburnett field and the famous gas wells of Amarillo, Texas.

We are now drilling around 300 feet and expect to complete the well within the next sixty days. We have a first-class rig and th most competent crew obtainable. There are three more locations for drill sites adjoining our lease on the north and east, and all of these will be drilling within forty days. There are *two wells now drilling* within seven miles of us on the southeast and northwest. Our chances are not confined merely to our well, but we have as many chances as there are wells drilling around us; for should either of these wells come in would prove a part of our lease and mean enormous profits for everyone concerned.

The Home People's well, 15 miles up Red River from us struck the pay sand at 1539 feet, and it is only a matter of days until we will be to that depth.

Remember that the dividends paid by some Texas companies are tremendous. One hundred dollars invested in the Fowler Farm Oil Company has given to the investers $15,000, in the M. & P. Burk $2,000, in the Thrift No. 2, $1,800, in the Texas Chief $1,500, in the Marine $1,750, in Hogg Creek $8,000, $3,000,000 dividends have been paid in four months by only four companies, and many others are paying large dividends.

These enormous profits were paid by companies having only from 10 to 100 acres. It would take an imaginative genius to figure the dividends we lill be able to pay on 3,000 acres when we bring in a gusher, as we confidently expect to do.

Our holdings will stand the strictest examination and we refer you to any bank in Childress or Hall counties as to the reliability of the officers of the Company. The President, N. E. Burk, was one of the directors of the famous M. & P. Burk Company, and the Secretary-Treasurer, J. N. Helm, held the same position in that company, so it will be nothing new for them to pay big dividends.

We are offering a limited amount of stock at par and it is imperative that you act now as we confidently expect this stock to be worth many times par within the next sixty days.

APPLICATION FOR STOCK IN BURK-HARLIN-HILTON OIL & GAS COMPANY
MEMPHIS, TEXAS

Gentlemen; I hereby subscribe for ____________ shares of the Capital Stock of the B-H-H- Oil & Gas Co., at $1.00 per share and enclose $____________ in full payment.

Name ______________________________ Address ______________________________

Make all checks payable to J. N. Helm, Secretary. The right to return remittances reserved. No subscriptions accepted for less than ten shares.

30 Dairy Cows At Public Auction

Having decided to breed only purebred Guernseys, I will offer entire herd of grades at public auction on

Monday, April 5, 1920

Cows that have been making money for us in the dairy will make money for you.

Watch for details of this sale if you want fine dairy cows.

Also 20 head of grade Shropshire ewes, bred to champion ram, Minnesota State Fair, 1919.

ALBERT JOHNSON, Owner
One mile south of Thief River Falls.

Wrong Idea Concerning the Cost of Clothing

The cry that clothing prices are abnormally high this spring has been sounded for so long that many are liable to take the statement for granted without troubling to investigate. Every day we meet men who say: "I would like a new suit or overcoat this spring, but as I cannot pay $90 or $100 for it I will have to make the old one do."

No one need pay any such prices at this store

Any man can today purchase an all-wool suit from our stock at prices far below those quoted above. There has been something of an advance as is the case with everything else, but here is what we are prepared to do: We will sell an all-wool suit or overcoat of the latest model, made by the most responsible tailoring houses in the country at

$30 $35 $40 $45 $50 $60 $65

and guarantee the article in every detail—quality, workmanship, style and fit. Do not permit the impression of high prices to prevent your being properly dressed. You owe it to yourself to make an investigation and we shall be pleased to help you.

Below are a few examples of what the men of Thief River Falls and vicinity are being offered at this store. Remember we sell any article under a guarantee of aboslute satisfaction or money refunded.

Men's hard finished worsted suits in grey, blue and mixed goods. These clothes will wear longer than other clothes. We guarantee satisfaction or money back. Only
40.00

Extra fine quality all wool men's suits, the kind you will be more than pleased with.
50.00

Young men are keen for style, and we know it so well that we prepare for that demand with the greatest care. New patterns, new styles, the best of quality, at reasonable prices.
40.00 50.00 65.00

Prep styles, youthful models, just right for his first "long ones."
30.00

ONLY FORTY-FIVE

Extra big values in men's and young men's blue serge suits. Good weight, good quality serge suits, young men's double breasted models and men's single breasted. Incomparable for the price and quality.

$45

Certain-teed Week

March 15-20

is a week devoted by dealers everywhere to the display of Certain-teed Products which contribute to the proper construction of new buildings and the improvement of old.

Certain-teed Products Improve New and Old Buildings.

CERTAIN-TEED Roofing will provide you with a weather-proof, spark-proof roof at a moderate cost.

Certain-teed Roofing, the highest quality prepared roofing, is guaranteed for five, ten or fifteen years according to weight. It has never been known to wear out on the roof.

If you are putting up a new building or repairing an old one Certain-teed Roofing should have your careful consideration.

Certain-teed Paints and Varnishes are also of the highest quality. They are made by experts of nothing but the best materials.

Certain-teed Paints are sold on a fair price policy, which means that each color is priced at its cost to produce plus a fair profit. This policy means a real saving for you.

Certain-teed Dealers in your community have a stock of Certain-teed Roofing, Paints, and Varnishes. They will be glad to help you plan the work and select the proper Certain-teed Products.

Call upon a Certain-teed Dealer this week and get the benefit of this help and experience.

Mortgage Foreclosure Sale.

WHEREAS, default has occurred in the conditions of a certain mortgage made, executed and delivered by T. C. Peterson, a single man, as mortgagor to Citizens State Bank of Thief River Falls (a corporation under the laws of the State of Minnesota), mortgagee, upon the following described lands lying and being in the County of Pennington and State of Minnesota, described as follows, to-wit:

The Northeast Quarter of the Southwest Quarter (NE¼ SW¼) and the South half of the Southwest Quarter (S½ SW¼) of Section Thirty-five (35) in Township One Hundred Fifty-two (152) North, of Range Thirty-nine (39) West of the Fifth Principal Meridian containing 120 acres, more or less, according to the Government survey thereof, which said mortgage bears date on the 9th day of December, 1916, and, with the power of sale therein contained, was duly recorded in the office of the Register of Deeds of said Pennington County, Minnesota on the 19th day of January, 1917, at 8:00 o'clock A. M., in Book "12" of Mortgages on page 369, and which mortgage was assigned to The Netherlands American Mortgage Bank by instrument in writing, dated January 20 1917, filed for record in the office of the said Register of Deeds aforesaid on the 20th day of January, 1917 at 11:00 o'clock A. M., in Book "50" of Mortgages on page 322, and which said mortgage was again assigned to Albertus J. Prins by said assignee of mortgage, by instrument in writing, dated January 30, 1920, filed for record in the office of said Register of Deeds aforesaid on the 2nd day of February, 1920, recorded in Book "11" of Mortgages on page 562, and which said mortgage was given to secure the payment of the sum of Twelve Hundred ($1200) Dollars according to the terms of one (1) certain promissory note, made and executed by said T. C. Peterson said mortgagor, to said Citizens State Bank of Thief River Falls, said mortgagee, which note bears even date with said mortgage, together with five (5) interest coupon notes, executed simultaneously with said principal note, said coupon notes being payable on the 15th day of December in the year 1917, 1918, 1919, 1920, 1921, each for the sum of Seventy-two ($72.00) Dollars, which said interest coupon note due on the 15th day of December 1917, and also interest coupon note due on the 15th day of December, 1918, and also interest coupon note due on the 15th day of December, 1919, are past due and unpaid; and,

WHEREAS, it was among other things in said mortgage provided that in case of default in the payment of interest the whole of the principal sum, together with interest should, at the option of the mortgagee, or its assigns, be declared to be due and payable; and,

WHEREAS, the said mortgagor neglected to pay, and has not paid, said interest maturing and becoming due on said mortgage on the 15th day of December, 1917, and interest maturing and becoming due on said mortgage on the 15th day of December, 1918, and interest maturing and becoming due on said mortgage on the 15th day of December, 1919, as aforesaid, amounting to the sum of Seventy-two ($72) Dollars on December 15, 1917, and Seventy-two ($72) Dollars on December 15 1918, and Seventy-two ($72) Dollars on December 15, 1919, and by reason of said default the whole amount of the principal and interest thereon is by said last named assignee of mortgagee deemed to have become due and payable in accordance with the terms and conditions of said mortgage; and,

WHEREAS, there is claimed to be due and is due at the date of this notice the sum of One Thousand Four Hundred Forty and 72-100 ($1440.72) Dollars secured by said mortgage, and no suit or other proceeding having been instituted at law, or otherwise, to recover the debt secured by said mortgage, or any part thereof.

NOW, THEREFORE, Notice is hereby given that by virtue of the power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, said mortgage will be foreclosed and the real estate therein and hereinbefore described will be sold at public vendue by the Sheriff of said Pennington County at the front door of the Court House in Thief River Falls, said Pennington County, Minnesota on the 29th day of March, 1920, at 11:00 o'clock in the forenoon of that day to the highest bidder for cash to pay the amount which shall then be due on the debt secured by said mortgage, including Seventy-five ($75) Dollars attorney's fees, as stipulated in and by said mortgage, in case of foreclosure, and the disbursements allowed by law, subject to redemption as allowed by law.

Dated February 5, 1920.

Notice of Expiration of Time of Redemption.

Office of County Auditor, County of Pennington, State of Minnesota, ss.

To Emma P. Degran.

(1) You are hereby notified that the following piece or parcel of land situated in the County of Pennington, State of Minnesota, and known and described as follows, to-wit:

Lot five (5) Block One Hundred eleven (111) in the Original Townsite of Thief River Falls, Pennington County, Minnesota, is now assessed in your name.

(2) That on the 8th day of May, 1916, at a sale of land pursuant to the real estate tax judgment duly given and made in, and by the District Court in and for said County of Pennington, on the 15th day of March, 1916, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1914, for said County of Pennington, the above described piece or parcel of land was duly bid in for the state for the sum of No Dollars and thirty-nine cents.

(3) That the said piece or parcel of land and all the rights of the State of Minnesota, upon and against said land by virtue of said sale were duly assigned, conveyed and sold by the County Auditor to an actual purchaser under Section 2126, G. S. 1913, on the 19th day of January, 1920, for the sum of No Dollars and sixty-eight cents.

(4) And that the amount required to redeem said piece or parcel of land from said tax sale exclusive of the costs to accrue upon this notice is the sum of No Dollars and Sixty-eight cents, and interest at the rate of 12 per cent per annum on $0.68 thereof from the 19th day of January, 1920, to the day such redemption is made.

(5) That the certificate of sale issued to said purchaser has been presented to me by the holder thereof, and this notice requested.

(6) That the time for the redemption of said piece or parcel of land from said tax sale will expire sixty (60) days after the service of this notice, and the filing of proof of such service in my office.

WITNESS my hand and official seal this 19th day of January, 1920.

T. P. ANDERSON,
Auditor Pennington County, Minn.
By AXEL RISBERG, Deputy.

(Official Seal.)

Approved May 16, 1919.

CLIFFORD L. HILTON,
Attorney General.

Order For Hearing on Petition For Consolidation.

State of Minnesota, County of Marshall. In District Court, Fourteenth Judicial District.

In the Matter of the Consolidation of Judicial Ditches numbered 102 in Marshall and Beltrami Counties and 103 in Marshall County, and 30 in Marshall, Pennington and Beltrami Counties, all in the State of Minnesota.

A petition for the consolidation of the ditch proceedings above named having been filed in the office of the Clerk of the District Court of Marshall County, Minnesota, and the said Clerk having notified the undersigned, one of the Judges of said Court, of the filing thereof:

It Is Ordered, that said petition be heard on Wednesday, the 31st day of March, 1920, at 10 o'clock in the forenoon of said day, at the court room in the court house in the city of Warren in said county and State; and

It Is Further Ordered that all proceedings in Judicial Ditches numbered 102 in Marshall and Beltrami Counties, Minnesota, and 103 in Marshall County, Minnesota, and 30 in Marshall, Pennington and Beltrami Counties, Minnesota, be stayed until the hearing and determination of said petition.

Dated at Warren, Minnesota, March 2nd, 1920.

ANDREW GRINDELAND,
Judge of the District Court.

Petition For Consolidation.

State of Minnesota, County of Marshall. In District Court, Fourteenth Judicial District.

In the Matter of the Consolidation of Judicial Ditches numbered 102 in Marshall and Beltrami Counties and 103 in Marshall County, and 30 in Marshall, Pennington and Beltrami Counties, all in the State of Minnesota.

To the Honorable Andrew Grindeland, One of the Judges of the District Court Aforesaid:

The County board of the county of Marshall, in the State of Minnesota, which said county is and will be affected by the consolidation and the construction of the drainage ditches hereinafter described, and the undersigned land owners whose property is affected by the overflow hereinafter described and whose lands will be liable to be affected by, or assessed for the expense of, the consolidation and construction of the drainage ditches hereinafter described, respectfully show to the court:

I

That there has been initiated and is now pending in the court above named a drainage proceeding known as Judicial Ditch No. 102 in Marshall and Beltrami Counties in said State by which a drainage ditch is proposed to be constructed to drain the lands in Townships 155, 156 and 157 north of Ranges 36, 37, 38, 39, 40, 41 and 42 west of the 5th Principal Meridian, situate in said Counties of Marshall and Beltrami, in a westerly direction into the Thief River, for a more particular description of which proceeding, the lands described therein, and the ditch and branches proposed to be constructed thereunder, reference is hereby made to the petition and files in said proceeding, the allegations of which said petition are hereby made a part of this petition.

II

That there has been initiated and is now pending in the court above named a drainage proceeding known as Judicial Ditch No. 103, in Marshall County in said State by which a drainage ditch is proposed to be constructed to drain the lands in townships 157 and 158 north of ranges 40 and 41 west of the 5th Principal Meridian, situate in said County of Marshall, into the Thief River, for a more particular description of which proceeding, the lands described therein, and the ditch and branches proposed to be constructed thereunder, reference is hereby made to the petition and files in said proceeding for the establishment of said Judicial Ditch No. 103, the allegations of which said petition are hereby made a part of this petition.

III

That there has been initiated and is now pending in the court above named a drainage proceeding known as Judicial Ditch No. 30, in Marshall, Pennington and Beltrami Counties in said State by which a drainage ditch is proposed to be constructed to drain and to amplify the present drainage of the lands in Townships 154 and 155 North of Ranges 39, 40, 41, 42 and 43 west of the 5th Principal Meridian and Township 156 North of Ranges 36, 37 and 38 west of the 5th Principal Meridian, situate in said Counties of Marshall, Pennington and Beltrami, said lands including the drainage basin of Judicial Ditches Nos. 12, 13, and 18 and County Ditch No. 20 of said Marshall County, in a westerly direction into the Thief River, for a more particular description of which proceeding, the lands described therein, and the ditch and branches proposed to be constructed thereunder, reference is hereby made to the petition and files in said proceeding and order of the court on preliminary hearing therein, the allegations of which said petition are hereby made a part of this petition.

IV

That the proceedings for the establishment of said Judicial Ditches numbered 102, 103 and 30 are for the establishment of open public ditches, and that the waters from said ditches will empty into a water course known as Thief River, and that the construction of said ditches is likely to cause, by reason of the waters added to said River, the overflow of the waters thereof and the inundation of great areas of adjoining land.

V

That said Thief River is a small, narrow, crooked and sluggish stream, incapable of properly draining its watershed or of furnishing an adequate outlet either for the waters which naturally flow into it or for the waters proposed to be added thereto by said ditches.

That said River needs and requires improvement and control for the purpose of furnishing an outlet for the waters proposed to be added thereto by said ditches and to prevent it from overflowing and inundating great areas of land adjoining its banks.

That the improvement and control of said stream as an outlet for said ditches and of the waters emptying into it therefrom will be a public benefit and utility, and will improve the public health, and protect the lands adjoining said stream from overflow and inundation, and furnish an adequate outlet for the waters from said proposed ditches.

Wherefore, your petitioners pray that the said proceedings for the establishment of said Judicial Ditches numbered 102, 103 and 30 be consolidated into one system and the extension of the same so as to furnish a proper outlet for all the waters of the basin and drainage area that naturally drain or are led by ditches into said Thief River, and that the cost of constructing said outlet be borne by all the lands to be benefitted thereby, and that in order to equitably apportion the cost of the construction of the said improvement and the extension of said outlet to all the lands to be benefited thereby it is necessary that said proceedings be merged and consolidated; and your petitioners further pray that the court make an order fixing a time and place for the hearing upon this petition and ordering all proceedings now pending in said Judicial Ditch proceedings numbered 102, 103 and 30 stayed until the hearing and determination thereof.

Dated February 18th, 1920.

County Board of Marshall County, Minnesota.

Notice of Sale.

State of Minnesota, County of Pennington, ss. In District Court, Fourteenth Judicial District.

The First National Bank of Thief River Falls, (A Corporation), Plaintiff, vs. Bertha Giller, Maurice Giller, Beatrice A. Giller, and John P. Galbraith, as trustee of Maurice Giller Estate in Bankruptcy, Defendants.

Notice is Hereby Given, That by virtue of a certified transcript of the judgment in the above entitled action duly delivered to the undersigned sheriff and now in my hands, which said judgment was duly entered in said Court in favor of the Plaintiff and against the Defendants, Maurice Giller, Bertha Giller and Beatrice A. Giller on the 17th day of February, 1920, for the total sum of Three Thousand Four Hundred and Sixteen and 43-100 Dollars, and which said judgment orders and decrees, among other things, a sale by the undersigned Sheriff of the said County, of the following described real estate in one parcel to satisfy or apply upon the said judgment, viz:

Thirty six feet East of the West fifty feet, and West of the East Fifty Four feet of Lots One, Two, Three and Four in Block Thirty of the Original Townsite of Thief River Falls in Pennington County, Minn.

Now, Therefore, Pursuant to the said Judgment, the undersigned Sheriff will, on Saturday the 10th day of April, A. D. 1920, at the hour of eleven o'clock in the forenoon of that day, at the Front Door of the Court House in the City of Thief River Falls, Pennington County, Minnesota, proceed to sell at public auction to the highest bidder for cash the real estate above described, and all of the right, title and interest of each and all the above named Defendants therein, except the right to redeem as provided by law, *to satisfy or apply on said Judgment* so entered, together with all accruing costs of sale and interest on the said Judgment from and after the 17th day of February, 1920, at six per cent per annum, subject to redemption within one year after the date of the order of the said Court confirming the said sale as provided by law.

Dated at Thief River Falls, Minnesota this 24th day of February, 1920.

W. J. LaBREE,
Sheriff,
Pennington County, Minn.

J. M. BISHOP,
WM. J. BROWN,
Plaintiff's Attorneys.

Notice to Property Owners Within The Proposed Paving District.

Notice is Hereby Given, to all property owners whose property is liable to be assessed for the improvements hereinafter described, to be present at a meeting of the city council of the City of Thief River Falls, Minnesota, to be held at the council chambers, in said city, on the 19th day of March, A. D. 1920, at 8 o'clock P. M., at which meeting the Council will vote on the adoption of a resolution for the paving of the following streets and alleys of said City, to-wit:

Main Avenue, from the Great Northern Railway Company's tracks, North to the intersection of Sixth Street.

Horace Avenue, from First Street North to the intersection of Fourth Street.

LaBree Avenue, from the Great Northern Railway Company's tracks North to the intersection of Fourth Street.

First Street, from the Red Lake River West to Knight Avenue.

Second Street, from Atlantic Avenue West to Knight Avenue.

Third Street, from the railroad tracks of the Minneapolis, St. Paul and Sault Ste. Marie Railway Company, West to Knight Avenue.

The alley between Horace Avenue and LaBree Avenue, from First Street to Fourth Street.

The alley between LaBree Avenue and Main Avenue, from First Street to Fourth Street.

Such paving improvements being more particularly described in and by the plans and specifications thereof now on file in the office of the City Clerk of said City.

Notice is further given, that all property abutting upon said streets and alleys, is liable to be assessed for said paving improvements, if the same is made, and the owners of such property, to-wit:

Dated at Thief River Falls, Minnesota, this 26th day of February, A. D. 1920.

By Direction of the City Council.

A. H. AKRE,
City Clerk.

Articles of Incorporation of Thief River Falls Building and Loan Association.

For the purpose of forming a Local Building and Loan Association we the undersigned, do hereby associate ourselves together, under and by virtue of the laws of the State of Minnesota, in such case made and provided, and for that purpose do hereby make, execute and adopt this Certificate of Incorporation.

Article I

The name of this Association shall be Thief River Falls Building and Loan Association.

The general nature of its business shall be the accumulation of funds from the contributions of its members and the lending to its members of the funds so accumulated and such other funds as may from time to time come into its hands and to receive, hold, execute, dispose of and deliver all necessary and proper deeds, conveyances, mortgages, leases and other contracts, instruments and writings obligatory, to take, hold, improve and dispose of such real estate as may come into its hands as security for and in settlement of the loans of aforesaid and to do any and all business that may be done by a local Building and Loan Association.

Article II.

The principal place of business of this Association shall be in the City of Thief River Falls, Pennington County, Minnesota, and its business operations shall be confined to said county of Pennington, and to the counties immediately contiguous thereto.

Article III.

This Association shall begin on the first day of March A. D., 1920, and shall continue for a period of thirty years.

Article IV.

The names and places of residence of the persons forming this Association are as follows: J. M. Bishop, C. M. Carlson and Geo. L. Sterns, all of the City of Thief River Falls, Pennington County, Minnesota.

Article V.

The government of this Association and the management of its affairs shall be vested in a board of three directors, who shall hold office until the first annual meeting and until their successors are elected and qualify. The annual meetings shall be held on the third Tuesday in February each year. The names and places of residence of the first board of directors are as follows: J. M. Bishop, C. M. Carlson and Geo. L. Sterns, all of the City of Thief River Falls, Minnesota.

All directors shall be shareholders of this Association and shall be residents of the State of Minnesota.

Article VI.

The first officers of this Association shall be: President, J. M. Bishop; Vice President, C. M. Carlson; Secretary, Geo. L. Serns; Treasurer, Geo. L. Sterns.

All of the above named officers shall hold their respective offices until the first annual meeting and until their successors are elected and qualify.

Article VII.

The amount of capital stock of this Association shall be two million dollars ($2,000,000.00), divided into forty thousand (40,000) shares of fifty dollars each, to be sold at such times and in such amounts as decided upon by the board of directors.

Article VIII.

The highest amount of indebtedness or liability which this Association shall at any time incur is eighty per cent of its assets.

In Testimony Whereof, We have hereunto set our hands and seals this 11th day of February, A. D. 1920.

J. M. BISHOP.
C. M. CARLSON.
GEO. L. STERNS.

In presence of
E. K. AASEN,
E. R. JOHNSRUD.

State of Minnesota, County of Pennington, ss.

On this 14th day of February, A. D. 1920, before me, a notary public within and for said county, personally appeared J. M. Bishop, C. M. Carlson and Geo. L. Sterns, to me well known to be the persons described in and who executed the foregoing instrument, and acknowledged that they executed the same as their free act and deed.

E. K. AASEN,
Notary Public, Pennington Co. Minn.
My Commission expires Mar. 1, 1922.

STATE OF MINNESOTA,
Department of Banking.

I hereby certify that the foregoing Certificate of Incorporation and the name, "Thief River Falls Building and Loan Association," as given therein, have been this day approved by me.

Dated this 26th day of February, A. D. 1920.

(Seal.) F. E. PEARSON,
Superintendent of Banks.

STATE OF MINNESOTA,
Department of State.

I hereby certify that the within instrument was filed for record in this office on the 26th day of February, A. D. 1920., at 2:00 o'clock P. M., and was duly recorded in Book I-4 of Incorporations on page 428.

JULIUS A. SCHMAHL,
Secretary of State.

Office of Register of Deeds,
County of Pennington, Minn.

I hereby certify that the within instrument was filed in this office for record on the 4th day of Mar. A. D., 1920, at 8 o'clock A. M., and was duly recorded in book H of Miscellaneous on page 619.

N. J. ANDERSON,
Register of Deeds.

Warren in Danger as Conference Member

FORMAL COMPLAINT AGAINST BASKETBALL TEAM THERE IS FILED

In case the charges made by Supt. W. A. Ziegler, acting on behalf of the Thief River Falls basketball team, are admitted to be well founded by the board of complaints of the district basketball conference, it may mean the expulsion of the Warren team from the rolls of the organization.

According to reports that cannot be contradicted, the treatment accorded the Thief River Falls team and the large number of other persons who accompanied the players to Warren last Saturday has no counterpart in the basketball history of the state. Unchecked rowdyism marked every moment of the time the game was in progress, culminating in assaults upon the persons of the Thief River players such as have never before been witnessed on any floor in this section.

Coach Albert Tommeraasen was early made aware of the fact that there would be trouble and warned his charges against doing anything that might bring on even a dispute. As a consequence the boys from this city carried themselves with dignity in the face of most trying circumstances.

Gordon LaBree was badly injured by the kicks and beatings of the Warren fans, assisted, it is alleged, by Stephen parties. He was forcibly pulled into the crowd and before he could be reached by Coach Tommeraasen and the referee he had been beaten unconscious. After being rescued he was laid on the floor while an attempt was made to bring him to and in this helpless condition he was again kicked by some person in the crowd.

Leland Schuster and Reuben Hadrath, forwards, were repeatedly tripped on the sidelines while playing their positions, being more or less bruised in being thrown to the floor. Through all this they followed the instructions of their coach and paid attention to nothing but the game. After the LaBree incident things became so unbearable that Mr. Tommeraasen ordered his team off the floor. In passing out they were jeered at and insulted by the mob.

On Monday Supt. Ziegler went to Warren for the purpose of investigating the incident. He found the better element of the people there genuinely sorry for what had happened and willing to make whatever amends were possible. Mr. Ziegler was informed that a formal apology would be forthcoming on behalf of the high school but deemed the offense one that called for an investigation. He therefore complained formally to the board in charge of such matters.

Unbiased spectators, residents of neither Warren nor Thief River Falls, are unanimous in saying that the players from this city did nothing to merit any such treatment. They were astounded at what they saw and were not backward in saying so. The referee made little or no effort to stop the trouble, perhaps realizing his helplessness.

Democratic County Convention.

Pursuant to call of the executive committee of the State Democratic State Central committee, a mass convention of the democratic voters of Pennington county, Minnesota, is hereby called to be held at the district court room in the court house in the city of Thief River Falls, Pennington county, Minnesota on Monday the third day of April, A. D., 1920, at two o'clock in the afternoon of said day, for the purpose of electing seven delegates and alternates, to the State Democratic Convention called to be held at Minneapolis, Minnesota, on April 6, 1920, at which State Convention delegates will be chosen to attend the National Democratic Convention.

All women affiliated with or who desire to affiliate with the Democratic party are cordially urged to attend and participate in said County Convention.

By order of Democratic County Committee.

O. GUNSTAD,
Chairman.

A. SAPERO,
Secretary.

Candidate From Roseau.

A. L. Roetman, a farmer residing near Badger, has filed as a candidate for the legislature in the Sixty-seventh district. He will run in opposition to Louis Enstrom, who has the Nonpartisan endorsement, altho Roetman also is a member of that organization.

TheCity Churches

"Watch Your Feet"

Society

Dinner Party.

Mr. and Mrs. H. W. Froehlich were hosts at a seven o'clock dinner at their home last Saturday evening. Covers were laid for twelve.

Entertains at Breakfast.

Miss Edith Cornforth was hostess to a few of her friends at breakfast in her apartment in the Dohner-Meehan block on Monday morning.

Musical Section Meets.

The musical section of the Woman's club will meet in the commercial club rooms on March 18 at 7:30. An exceptionally fine program has been prepared and an invitation is extended to everyone.

Young Peoples Society.

The Young Peoples society of the Trinity Lutheran church will meet in the church basement on Thursday evening, March 18, at 8:30. The hostesses will be the Misses Inga Thune, Stella Williams, Beatrice Erickson and Lillian Eide.

For Mesdames Sorum.

Mrs. Dennis LeSage entertained 12 ladies on Monday afternoon in compliment to Mesdames John and Martin Sorum, who have been her guests for the past month. The afternoon was devoted to needlework. At six o'clock dinner was served.

Hoppe-Sevre.

August Frank Hoppe and Miss Julia C. Sevre, both of Pennington county were quietly married on March 3. Mr. and Mrs. Anton Carlson of this city acted as witnesses. The ceremony was performed by Rev. J. B. Smith, pastor of the Methodist church.

Woman's Club Meeting.

The regular meeting of the Woman's club will be held in the commercial club rooms on the afternoon of March 15. E. M. Stanton will address the club on this event. His subject will be: "History of the Political Parties of the United States." There will also be a special musical program.

Girls Community Club Meets.

The regular meeting of the Girls Community club will be held in the commercial club rooms on Monday evening, March 15. Special entertainment has been secured and all girls are urged to be present at this meeting. Be sure to cast your vote at the polls before coming to the club. Lunch will be served by the L's and M's.

Wyman Horr Honored.

Joseph Lazino, Russian pianist, has accepted Wyman Horr, who played for him on Sunday in Chicago. He was delighted with Wyman's playing and expressed the opinion that within two years Wyman would appear on the concert platform. He will leave on next Monday for New York, where he will begin his studies under Joseph Lazino.—Duluth Herald.

In Honor of Miss Erickson.

Miss Genevieve Erickson, whose marriage to S. Salveson of this city will take place in the near future, was honor guest at a surprise party and miscellaneous shower given by Miss Myrtle Blair, assisted by the Mesdames Booren and Yotter. The party assembled at the home of Miss Erickson the earlier part of the evening where she was presented with various and useful gifts. From there they repaired to the home of Mrs. W. A. Boreen where a mock wedding took place and a wedding cake was served. The thimble and ring hidden in the cake were received by the Misses Olga Gulrud and Pearl Olson respectively. The remainder of the evening was spent at the home of Miss Blair where they were entertained with music and games.

W. C. T. U. Meeting.

The W. C. T. U. will meet at the home of Mrs. Chris Storholm, 724 LaBree avenue north, on Tuesday, March 16. Mrs. Storholm and Mrs. Hillard will entertain. Everybody is welcome.

G.O.P. PRIMARIES AND CONVENTION FIRST OF SEASON

DELEGATES OF COUNTY CHOSEN FOR STATE AND DISTRICT GATHERINGS

DANIEL SHAW ENDORSED AS CHOICE TO ATTEND NATIONAL MEETING

WOMEN VOTE AND HAVE SEATS IN CONVENTION FOR FIRST TIME

Daniel Shaw of Thief River Falls, was yesterday endorsed as Pennington county's choice a delegate to the national Republican gathering in June by the representatives of the party elected at the primaries on Monday evening. It was the first meeting of the kind this year and may be said to have opened the 1920 campaign in this section.

The convention was called to order by Vice Chairman Thomas A. Way. W. J. Brown was chosen temporary chairman and B. E. Dalquist secretary. The usual committees were appointed, as follows: Credentials, Lars Backe, Mrs. Andrew Bottleson, A. S. Wilson, John McEnelley, Iver Aaseby. Permanent organization, O. L. Ihle, R. M. Johnson, G. I. Fellman, Anton J. Aasen, B. E. Dalquist, Roy Halseth, Mrs. W. H. Crompton. Nominations, P. J. Keating, Mrs. Peter Jacobson, Mrs William Vaughan, Sig Grolid, Stuart McLeod.

In order to give the committees an opportunity to make their reports a recess was taken until after dinner.

All Delegates Seated.

It was found that all delegates present—36 in number—were entitled to their seats, there being no contests. The list was as follows: City of Thief River Falls, First ward; Mrs. E. O. Erickson, G. W. Werstlein, J. W. Hendry, W. J. Brown, James Barnett, Iver Aaseby. Second ward, Mrs. Andrew Bottleson, James E. Walker, O. L. Ihle, P. J. Keating. Fourth ward, Mrs. O. E. Erickson, Leo Millar, C. M. Wilson, Roy Halseth, Sig Grolid, John Bratrud.

Owing to the severe snow storm on the evening of the caucuses but few outside precincts were represented by accredited delegates. Those on hand were as follows: Stewart McLeod, Cloverleaf; O. N. Urdahl, Goodridge; Mrs. William Vaughan and Mrs. W. H. Crompton, Highlanding; R. M. Johnson, Kratka; Fred Scanlan, P. O. Sorlum, M. H. Ballangrud, North; Anton J. Aasen, John McEnelly, Reiner; A. K. Lochrem, Sanders; O. J. Peterson, Smiley; A. S. Wilson, Mrs. A. S. Wilson, G. I. Fellman, St. Hilaire.

Shaw Receives Endorsement.

As delegates to the district convention at Fergus Falls on Friday the following were chosen: Daniel Shaw, Olaf Ramstad, Mrs. W. H. Crompton, Miss Effie Hamry, A. B. Mandt and A. J. Lochrem. The latter announced that he wuld be unable to attend and W. J. Brown was appointed in his place.

The matter of endorsing a man from Pennington county as a delegate to the national convention coming up, the names of Daniel Shaw and B. O. Norby were placed in nomination, the management of the latter's forces being looked after by O. J. Peterson. Mr. Shaw carried off the honor with a vote of two to one, he receiving 24 to his opponent's 12. The selection of the delegates to the national convention will be made by the Ninth district convention which meets at Fergus Falls on Friday.

Bad Night For Primaries.

Outside the city of Thief River Falls and the villages of St. Hilaire and Goodridge, not much interest was taken in the primaries on Monday evening. It was the first time the women were permitted to vote at a presidential primary and a surprising number turned out in the city. Interest centered principally on the endorsement of a delegate to the national convention, for which honor Daniel Shaw and B. O. Norby were contending. The count showed that Mr. Shaw had carried the city by a margin of 46, his delegates receiving 173 votes to 127 for his opponent.

Wood Endorsed in State.

It appears that very little attention was paid to the presidential primaries in the country districts of the state. Gen. Leonard Wood received a good majority in the large cities, Senator Hiram Johnson being in second place. One of the surprises of the primary was the vote received by Herbert Hoover, who ran third although his name had to be written on the ballot.

New School Plan Is Here For Inspection

WILL BE TAKEN UP BY BOARD AT MEETING NEXT MONDAY NIGHT

Architect A. B. Dunham of Minneapolis, who will have charge of the construction of the new addition to Knox school building in case a bond issue for the purpose is authorized, met with the board last Monday evening and submitted plans for the improvement. Definite action on the matter was postponed until next Monday evening when it will be taken up and finally disposed of.

The school board is asking the voters of District No. 18 to authorize the issuing of bonds in the sum of $135,000 for the purpose of constructing and equipping a ten-room addition to the East Side building. It is the intention to remove the wooden part of the structure, allowing the brick addition to remain. This will give 14 rooms in all when completed, every bit of which is urgently needed right now.

It is the intention to provide quarters for the normal department in the new building, thus relieving the pressure on the Lincoln high. This building is now so crowded that it is impossible to secure the best results and something will have to be done to remedy the situation. As more space is absolutely necessary on the East Side the board figures that the best way out of the difficulty is to provide quarters sufficiently large to not only meet this demand but also to permit of the removal of part of the overload from Lincoln high.

A special election to authorize the bonds will be held on March 30.

Hay and McGuire to Speak at Goodridge

EXTENSION COURSE HELD IN VILLAGE THREE DAYS NEXT WEEK

The first university extension short course to be held in Goodridge will take place on March 25, 26 and 27, a change having been found necessary in the dates. A program of exceptional interest has been arranged and some of the best-known speakers and instructors in the state are scheduled to appear during the three-day session.

Prof. A. J. McGuire, one of the foremost authorities on dairying in the West, will speak on that subject. Frank C. Clapp, who has made the marketing of farm products the subject of much study, will give the farmers and townspeople the benefit of his experience, and household economics will be handled by Juniata L. Sheppard, the star speaker on the university staff on this topic.

Two sessions will be held each day and a general meeting on Saturday evening at which Mr. Hay will speak. The program for the course is as follows:

Thursday morning: "The Dairy Industry in Minnesota," by Prof. A. J. McGuire. "Cost of Producing Potatoes and Ways of Reducing Same," by Frank C. Clapp.

Thursday afternoon: "Building of a Profitable Dairy Herd," Prof. McGuire.

Friday morning: "Marketing Farm Products." Figures from a statistical study showing the average variation in prices of wheat, oats, potatoes, cattle and hogs, according to months, by Mr. Clapp. "Plans of Dairy Barns—How to Build for Comfort and Convenience," Prof. McGuire.

Friday afternoon: "Feeding Cattle—the Practical and the Scientific Way," Prof. McGuire. "Planning Cropping Systems With a View to Weed Control," Mr. Clapp.

Saturday morning: "Does it Pay to Borrow Money for Tractors, Trucks, New Barns, Lighting Systems, etc," Mr. Clapp. "The Co-operative Creamery, Its Advantages to a Community; Requirements for a Successful Co-operative Creamery; Comparison of Co-operative Creameries; Individual Creameries and Centralized Creameries," Prof. McGuire.

Saturday afternoon: "What Kinds of Livestock Shall I Keep and How Much?" Prof. McGuire.

Saturday evening: "Potato Associations and Warehouses for Northern Minnesota," J. H. Hay, assistant commissioner of agriculture.

Miss Sheppard's program will be as follows: Thursday morning, organization; afternoon, "Household Conveniences. "Friday morning, "Thrift in the Home;" afternoon, "Preserving and Conserving Food." Saturday morning, "Planning the Family Meals;" afternoon, "Feeding For Health."

Buying For Fall.

George C. Loken and Alfred Olson of the Loken department store, are in the cities this week on business. Mr. Olson, manager of the shoe department of the big store, is attending a convention of shoe dealers, while Mr. Loken is looking over the early offerings in certain lines for next fall's business. The former is expected to return today and Mr. Loken tomorrow.

Eklund Post Prefers Bonus.

The members of Elmer J. Eklund Post, the American Legion, at a meeting Tuesday evening went on record as preferring a cash bonus to cover the time actually spent in the service. There was some talk of bonds in lieu of a bonus, but the majority preferred the latter plan. The decision will be reported to state headquarters at once, together with a recommendation that the matter be pushed before congress by the legislative committee of the legion.

Speaker From China.

Miss Annie Wogans, who has made her home in Paotingfu, China for eighteen years, will make two addresses in the Presbyterian church next Sunday. The church is inviting the progressive up-to-date people of Thief River Falls to hear her. This is a rare chance to learn first hand about our great neighbor across the Pacific ocean.

FINAL STEPS IN PAVING MATTER FRIDAY EVENING

TAXPAYERS AFFECTED BY PROPOSED IMPROVEMENT WILL BE HEARD

ADVISABILITY OF POSTPONING WORK WILL BE CHIEF TOPIC DISCUSSED

POSSIBLE THAT PLAN TO REDUCE SIZE OF DISTRICT MAY PREVAIL

What promises to be the most important meeting of the city council for many moons will be held tomorrow evening when the taxpayers against whom the cost of the proposed paving will be assessed have a hearing. The council members are anxious that both sides be represented in order that a correct estimate of the state of public opinion may be had.

It is almost certain that there will be no objection to the paving program as outlined by the council, but the question as to whether or not it is advisable to go ahead at the present time will no doubt receive a large share of the general attention.

Claim Prices are High.

During the past week there has developed considerable opposition from unexpected quarters. Property owners who have heretofore been advocates of paving at the earliest possible moment are now hesitating and ask if it would not be better for the community to wait and see if prices will not come down.

May Curtail Program.

Another suggestion made is that the size of the paving district be reduced so that only the streets on which the largest number of retail stores are located will be improved during the coming summer. It is pointed out that in certain blocks in the district the property is at present barely paying the cost of its upkeep and that adding the expense of paving to the burden would prove most inconvenient for the owner. There will still be enough remaining to make a very good start, it is claimed by those advocating this plan, and they are ready to support their contentions by arguments before the council.

May Ask For Bids.

The matter has gone so far that the council will doubtless feel justified in going ahead and asking for bids. In case it is then found that the cost is going to be prohibitive it will be time enough to drop the matter or cut down the size of the contract.

Fail in Finals After Brilliant Exhibition

THE THIEF RIVER BASKETBALL TEAM DROPS DECIDING CONTEST TO STEPHEN

To lose the district championship to a team that they had previously defeated by a score of 56 to 6 was the humiliating experience of the Thief River Falls high school basketball shooters at Crookston last Friday. After having trimmed Crookston by a score of 22 to 20 in the semi-finals, Coach Albert Tommeraasen's men went down before Stephen 27 to 23 when it came to deciding the championship.

Hard luck had considerable to do with the result, but nervousness was perhaps also partly responsible. It is the unanimous opinion of all who saw the game that Thief River Falls had by far the better team, but as sometimes happens, failed to break even in the distribution of luck. Neither coach nor players have any fault to find with the manner in which they were used or with the management of the game—they simply went down before a much inferior team for some reason. According to the dope they should have won hands down, having previously defeated Stephen to the tune of 56 to 6.

Eklund Post Team Plays Fosston Here

WILL PROBABLY BE LAST BASKETBALL GAME OF PRESENT SEASON

The basketball season in Thief River Falls will be wound up with one of the best games of the season. Eklund Post team will meet the Legion players from Fosston on Friday evening at the auditorium and there is certain to be an interesting session. The locals have been strenghtened in a number of places since their last appearance on a local floor and will be able to give a particularly good account of themselves. It is a well known fact that Fosston asks no odds of anything in the line of basketball players in the state and the boys from that city do not intend to take a beating at the tail end of a very successful season.

After the game there will be a dance to which the public is invited. A large delegation is expected up from Fosston and the bunch will stay for the dance. There is sure to be a good time going and it will be worth while being in on it.

SECURE $100,000 FROM STATE FOR AID OF FARMERS

BOARD OF RELIEF SETS ASIDE THIS SUM TO BE USED AT ONCE

BAD SITUATION AVERTED AS DATE FOR COUNTY AID HAD ELAPSED

BORROWERS WILL GIVE SIX PER CENT NOTE AS SECURITY FOR LOAN

One hundred thousand dollars for seed grains was set aside by the state board of relief at a special meeting of that body called Monday in the office of Gov. J. A. A. Burnquist. The meeting was at the request of representatives of the Red River Valley Development association who held an important session of that body in Crookston last Friday, following a report sent out from St. Paul that the state had refused to grant any seed grain to the flood sufferers in northwestern Minnesota.

Appraiser Scott Laird had appeared the forepart of last week before the board requesting aid, and the board, acting upon a decision of Attorney General Louis Weeks, was forced to refuse to loan the various counties affected any money from the state board of relief funds. This would have thrown the whole burden of seed grain back upon the counties, acting under chapter 21, laws of 1917. Such proceeding would have meant that there might several weeks elapse before seed grain would be in the hands of those settlers in the flooded area who most needed it. The meeting at Crookston was called as a result of this situation.

With the representatives from Crookston, Warren and Argyle in attendance at the meeting in St. Paul this week were Ben Docken of the Holt State bank, County Agent John Husby of Warren, Scott Laird of this city, J. H. Hay of the state department of agriculture and D. P. O'Neill of the state board of grain appeals. These men placed the matter before the governor, state auditor and state treasurer, who comprise the board of relief, in the light of greatest importance to this part of the state and convinced them of the necessity of quick action.

Mr. Laird and the county agents were empowered to buy seed to the extent of $100,000 and to furnish the grain to the sufferers, who in payment therefor are to sign a six per cent note running to the state board of relief and payable Nov. 1, next. Mr. Laird told the board that it would take $200,000 to properly care for the flooded area but the board did not feel able to appropriate that amount. This of necessity will mean that grass seeds will not be furnished to applicants.

Meetings of bankers in this part of the state will be held this week to devise ways and means of assisting the state in properly caring for the seed grain situation. A meeting will also be held in Thief River Falls Friday by Mr. Laird and the various county agents to work out the details of the seed purchasing and distribution and a report of the plan adopted will be sent by mail to all flood aid applicants.

Those Receiving Aid Must Stay on Farms

LIABLE TO ARREST FOR MISREPRESENTATION IF THEY MOVE

A situation regarding the state aid which has been and still is being furnished flood sufferers of northwestern Minnesota has arisen within the last few days which is of great importance. The bill as passed by the legislature provided funds for the temporary relief of sufferers for the purpose of having them remain on their farms.

Several of these are now considering the advisability of leaving their homes and going elsewhere, either to town or some other locality. In doing so they will not be living up to the requirements of the law and if they have been afforded aid they will find that their allotment has been ordered cut off and the sheriff notified to collect such portion as they have already secured. This is based on the charge that they have received money under false impressions.

Another phase of the relief matter has been called to the attention of Scott Laird, appraiser for the state board of relief, which calls for action similar to that above. This is that if anyone receiving feed or seed shall sell it instead of feeding or seeding it they will be liable under the law to prosecution.

There is a severe penalty for violation of the laws as above stated and it behooves all flood sufferers to be careful in these matters.

Many are Coming.

Nels Newman, who recently purchased the Ed Klappenbach farm on Route 2 out of St. Hilaire, arrived last week with his family and is getting settled on his new place. He is very much pleased with the section and says there will be large numbers of farmers from the more southern counties looking for land in the vicinity before long. He formerly resided near Austin in Mower county and states that land prices in that neighborhood have reached a point where it is impossible for a man of moderate means to make them earn a return on the investment.

Red Lake Endorses Shaw.

At the Republican county convention held in Red Lake Falls yesterday Daniel Shaw of this city was endorsed as a delegate to the Republican national convention in June. No other name was presented for this honor.

As delegates to the state convention the following were chosen: Dr. N. M. Watson, A. P. Toupin, P. F. Pouliet, Sam E. Hunt, George L. Slyter. Following are the delegates selected for the district convention at Fergus Falls on Friday: Dr. Watson, A. P. Toupin, Joseph Bergeron, Firman Derosier, J. A. Duffy, E. A. Nelson.

Both delegations go uninstructed.

About 50 Baby Elks Will be Gathered In

BIGGEST INITIATION OF THE YEAR SCHEDULED FOR *FRIDAY, MARCH 26.*

Thief River Falls Lodge No. 1308, Benevolent and Progressive Order of Elks, will have a membership of more than 400 when the 50 or so applicants who have been accepted into the order lately have their horns attached on Friday evening, March 26. This makes the Thief River Falls lodge the largest in this section of the state and perhaps the leader in membership of any located in a city of 5,000 in the entire country.

This initiation is going to be particularly impressive. It is the last at which the present officials will have charge of affairs, their successors taking the reins within a short time. During the incumbency of Exalted Ruler L. R. Johnston and his assistants the organization has grown more than in all the previous years of its history combined. It has been a most successful season and it is naturally desired that it shall be fittingly closed.

It is particularly hoped that the many members who reside out of the city may find it convenient to be present at this initiation. A program of special features has been arranged and the occasion promises to be one that will long live in the annals of local Elkdom.

Drainage Board Holds Organization Meeting

TO MAP OUT PROGRAM OF PROCEDURE AND ELECT OFFICERS

The board of directors of the Red Lake Flood Control and Conservancy district will hold their first meeting in Thief River Falls on March 23. This meeting was originally set for the 18th, but owing to the inability of certain of the members to be present at that time a postponment was found necessary.

At this meeting the general organization will be affected. A president of the board will be chosen and it is possible that the secretary may be named. The last-named official will have an important part to play in the carrying out of the big project and the directors are certain to inquire closely into the qualifications of all applicants.

It is probable that the provisions of the Steenerson bill will be discussed at this time. This is a law introduced by the Ninth district member providing for a distribution of the costs of improving the Red Lake river and the construction of control works at its source. Before attempting to secure the passage of this measure Mr. Steenerson will be guided by the recommendations of the board as the plan he has in mind must be made to conform to the general aim of the conservancy enterprise as a whole.

Commits Six Children To State Institution

YOUNGSTERS OF SCHMIZER COUPLE ARE REMOVED FROM PARENTS' CARE

Judge Ira C. Richardson in probate court yesterday ordered the removal of six children from the care of their parents and committed them to the Owatonna home. The children were those of Mr. and Mrs. William Schmizer, who have lived in the city but a few months and have consequently not acquired a legal residence here.

The family seems to be unable to make things go right although the husband and father is apparently a willing worker. He is a shoemaker by trade. The children, however, have attracted attention for a long time because of their always being on the streets and also for the untidy appearance. Complaint was made to the authorities and the commitment ordered, although this was strongly protested.

The children are William, Dorothy, Sam, Ruth, Ferdinand and Margaret, the eldest being 11 years and the youngest only about a year.

Deputy Sheriff Paul Midderigh left last evening for Owatonna in charge of the youngsters.

BUYS 1400 ACRE TRACT AS STOCK AND DAIRY FARM

LARGEST LAND DEAL OF RECENT YEARS IS CLOSED HERE THIS WEEK

WILL AT ONCE BEGIN ERECTING BUILDINGS AND IMPROVING PROPERTY

NEW OWNERS HAVE MEANS NECESSARY TO MAKE VENTURE GREAT SUCCESS

G. M. Wilson of Chicago, acting on behalf of R. P. and Allen Turnbull of Missouri, this week closed a deal whereby they become owners of 1430 acres of prairie land located about seven miles northeast of Goodridge in Esplee township. The new owners will at once begin improving the property with a view to turning it into a model stock and dairy farm.

The deal was made largely thru the efforts of G. L. Peterson of Illinois, who is associated with O. A. Naplin of this city in the handling of a large amount of land in that territory.

Use Much Machinery.

The Turnbulls who will manage the property themselves, are practical farmers and machinists and were connected with the aviation service during the war. The intention is to install about $6,000 worth of machinery on the place at the outset, the equipment including two caterpilar tractors, which will at once be put into operation in breaking. The contemplated improvement program involves an outlay of about $20,000, a considerable part of which will go into buildings.

Stock and Dairying.

While general farming will be followed on the big holdings, livestock, and dairying will form the basis for operations. Thoroughbred cattle will be shipped in when the barns are ready for their accommodation and the work of preparing the ground for crops begun as soon as the season has sufficiently advanced to make such proceeding possible.

More are Coming.

Mr. Peterson has a number of other prospects of similar importance in view, according to Mr. Naplin, and other deals of unusual size are looked for in the near future. The high prices of land in the more southern sections are causing even men of large means to look northward for a field of investment and this section is receiving more attention than any other because of its natural advantages, the reasonable prices at which land is held and the unexcelled marketing conditions.

Instructions in Beet Cultivation Promised

CHASKA COMPANY WILL ALSO FURNISH LABOR IF NECESSARY

Opportunities are still open for those who wish to devote a small tract to the cultivation of sugar beets this summer. Pennington county's allotment by the Minnesota Sugar company for experimental purposes is 150 acres and of this total 85 acres have thus far been parcelled out.

It is not desired that any one person undertake to plant a large acreage at this time as the present contracts are largely for experimental purposes. In order to further encourage the farmers to try it out, however, a price of $10 per ton at Thief River Falls has been offered for the crop when harvested.

The sugar company officials not only stand ready to furnish the seed but will send an expert into the section to give instructions in the proper handling of the crop. Experienced labor will also be provided in case it is found that this amount cannot be had when needed.

The farmer who wishes to try this experiment will not be called upon to make any investment until after the crop is harvested.

Any person interested in the matter should apply to County Agent J. J. McCann, at whose office blank contracts are kept.

Commercial Travelers Initiate.

After an unusually interesting meeting of Minnesota Council No. 521 of the United Commercial Travelers, which included initiation, held Saturday evening, March 13, at the I. O. O. F. hall, the following officers were elected for the ensuing year: Senior Counselor, L. G. Larsen; Junior Counselor, John Ward; Conductor, John Rolland; Page, Ferdie Brown; Sentinel, Oscar Olson; Secretary, E. M. Bennes.

Moves to Wisconsin.

William Moeller, who for some years has conducted a farm in Rocksbury township, left with his family last Monday for New London, Wis., near which city he has purchased a farm and will go into the dairying business. Mr. Moeller is a progressive and energetic citizen and his removal is regretted. Another family stood ready to move onto the Rocksbury township place as soon as the former owners moved off.

Entered as second-class matter at the Postoffice at Thief River Falls, Minn.

AN IMPORTANT MEETING.

The property owners in the proposed paving district will be given an opportunity to have their say before the city council at a special meeting tomorrow night. Notice has been served by publication and the purpose of the hearing fully stated. The advocates of paving will present their arguments and those who wish for a postponement or are in favor of abandoning the project altogether will be accorded the same privilege.

There seems to be no disposition on the part of anyone to make an arbitrary demand. No hard and fast alignment of forces is found either on one side or the other, all being willing to support whatever course seems best after a full and fair discussion. The council will doubtless be guided in its final decision by the wishes of a majority of those actually affected, but the matter has gone so far now that a mere demand for postponement, unless it is backed by the best of arguments, will in all probability not be entertained.

The ultimate disposition of the whole program hinges on the cost. There is no difference of opinion as to whether or not the business streets should be paved, it being admitted that the matter has already been too long postponed. Labor and materials are very costly just now, however, and it will be the contention of one side that a postponement is advisable on this account. Others will no doubt maintain that there is no probability of prices going down for a long time and that the city will be worse off for waiting. It may be difficult to find out which position is the right one, but an agreement of some kind can doubtless be reached.

During the past week there has been considerable talk of a compromise. It is believed that there will be no very serious objection to paving a part of the district designated if the remainder is permitted to remain as it is for another year or two. The advocates of this plan suggest that the Main avenue program be carried out as now suggested. This is the thoroughfare which will be included in the Babcock system if that measure becomes law and the property owners along its course will have practically no assessments to meet. Third street would also be paved in accordance with the present plan, which includes the stretch between Knight avenue and the Soo depot.

The paving on LaBree avenue will extend from Fourth to Second streets if the plan of the compromisers is adopted. This would relieve certain property located near the south end of the last-named thoroughfare, said property being at the present time hardly in the class of revenue producers. Second street from LaBree avenue to Atlantic might be placed in the same class. Horace avenue from Third to First could be omitted without seriously injuring the general program, as could also the last-named avenue from Third street southward.

This change would do away with much of the opposition that is now voiced. The stretches referred to are not in the retail district, properly speaking, and could be passed by for the present and still leave the center of the city pretty well provided with pavement.

It has been the experience everywhere that paving is once begun it is continued on an extended scale from year to year. Many of those who now oppose the idea will be insisting that their property be included when they see the advantages sure to follow the improvement. For this reason it might be well to make a start this year. Unless we begin we will never get anywhere, and a start could be made on the streets that everyone admits should be thus improved and where the property owners have signified their willingness to have it done.

SHOWING SIGNS OF LIFE.

The spirit shown at the meeting of the Commercial club on Thursday *evening is decidedly encouraging.* The organization has been permitted to fall into a rut from which it will be necessary to lift it if anything worth while is to be accomplished.

Never in the city's history have there been so many matters that should receive the attention of the club, but up to the present time these have been given but scant notice. This is perhaps not wholly the fault of the members, but the fact that another attitude will be assumed in the future is cause for congratulation.

One trouble with the club in the past has been the infrequency of its gatherings. This will be remedied, if the program contemplated goes through, by the holding of midday meetings once a week at which luncheon will be served and an opportunity afforded for talking things over. This scheme has been tried out in other cities and found to work in a highly satisfactory manner. It provides an opening for the exchange of opinions under the most pleasant circumstances and without the restraint which many men feel in larger assemblies.

The plan suggested for financing the club is a good one. A most bothersome drawback has been the lack of funds with which to carry on any work that might prove of value. No institution can be expected to succeed when continually bucking a deficit. If the program suggested is adopted the club will hereafter know just how much money it has with which to conduct its affairs and the establishment of a budget system will insure that expenses are kept at a point where they may be met by the receipts.

Deciding the best interests of all concerned would be served by the retention of the present quarters will be generally approved. A small sum might perhaps have been saved by giving up the present commodious and convenient rooms, but in the long run the change would prove a poor one.

The club is all right. It is serving a most excellent purpose even as at present conducted. Operating under a plan that will provide the funds necessary to meet all reasonable demands it should function to much better advantage and there is no doubt but that it will do so.

BETTER QUIT SCRAPPING.

In case Prof. Willis M. West of the University of Minnesota becomes the candidate of the Nonpartisan league for governor, there is a lively contest in sight for his opponents. It will be hard to attack his record for one thing; no one will be able to find fault with him on the score of ability; his Americanism is not open to question.

Even newspapers of the strict partisan variety have for some time been calling attention to the obvious fact that unless the Republicans quit fighting among themselves and, with a reasonable amount of enthusiasm and unanimity, get back of some strong man, prospects for the election of a Nonpartisan candidate are by no means as dim as they would like to see them.

With a sane, progressive platform and such a candidate as Prof. West, the result will not be a foregone conclusion by any means. This is particularly so now that the Republicans are split into half a dozen factions. The situation is giving the politicians considerable concern.

Effect of Good Roads on Value of the Farm

(Minneapolis Journal.)

If Minnesota's proposed hundred million dollar highway bond issue is wisely expended; the value of the property of the State will thereby be increased by a large amount, possibly a billion dollars.

In determining the profits of industry, distance of merchandise from market is a vital factor; and this distance is correctly measured, not in miles to market, but in hours and power expended on the road.

A road from farm to depot that permits a farmer to increase his load and at the same time cut down his traveling time, adds value to every marketable item on his farm and therefore to his acres. Moreover, it increases the value of all town property by reason of the more productive power of its tributary farm lands.

A careful study of road conditions in a certain district in Mississippi, shows that on the old dirt roads the average two-horse team could by a full day's work haul from fifteen to twenty hundredweight eight miles to market and get back. The cost per ton-mile was reckoned at thirty-seven cents. On new roads, about equally divided between waterbound macadam, and sand-and-clay topped earth, the load ranged from twenty-five to thirty-five hundredweight and the cost per ton-mile dropped to twenty cents. Paved roads that will permit of motor trucks and trailers, will show a reduction still greater.

On a farm five miles from market a team hauling a ton on a dirt road and returning consumes the better part of a day. Two such trips daily would be too great a strain upon the team, nor could they do it continuously in wet weather. On hard surface roads a light motor truck could haul three such loads daily, perhaps four. Without question a farm ten miles from market on a paved road is actually nearer town than the farm five miles away on the dirt road.

Good roads move every acre of land nearer to town, nearer to school, nearer to church, nearer to neighbors. In the Mississippi district mentioned, the better roads increased the school attendance from seventy-two to eighty-one per cent; and the quality of the schools was improved at the same time and obviously for the same reason.

Is also showing a wonderful and beautiful display of fine new

SPRING FABRICS

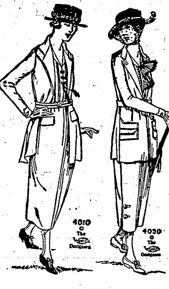
Printed fancy floral Voiles, dainty Sheer, serviceable Organdies.

Also a complete new line of plain and fancy silks.

You Saw These Knockabout Suits and Polo Coats in Vogue

Suit 4010 has consistently chosen Scotch Tweed mixtures to express the simple lines of this Knockabout suit which the tailored lady is wearing. A contrasting color to face collar and cuffs and a tiny piping of the same color through the belt add a touch of smartness.

$52.50



Suit 4030 (on the lady at the left) is of Irish Homespun, and assumes a decidedly mannish air through the cut of its collar, cuffs and pockets. And by means of two buttons on each side of the skirt it combines straightness of line with walking comfort.

$65.00

And we want you to know that we carry these coats and suits with the Wooltex label that stands for "That Well Dressed Look" for each and every type.

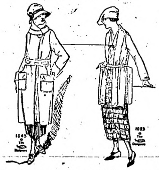
And you know that is really the secret of being well dressed at all times. It is having just the *right* costume—*right* for your type and *right* for certain kinds of occasions.

Now come the Spring days and the call of the great out-of-doors when, for the greater part of each day, you will be needing a walking suit or a big soft Polo coat with a semi-sports air.

And how about your particular type? The models that bear the *Wooltex* label consider all types and adapt the favorites of the season to the different types. Note for instance the Knockabout suits, illustrated above—one on the strictly mannish type, another a bit more feminine. And the Polo Coat at the left with its swagger sports air; while the other Polo Coat at the right is just as smart but a trifle more dignified.

Wooltex
Tailor-mades
Designed and Tailored by The H. Black Co.

It's just a bit of white satin embroidered in gold and black. But, neatly fastened inside the collar of your tailormade, it means that you'll wear the coat or suit with all the pride we take in signing it!
Remember, no matter how much it "looks like" a Wooltex Tailormade, it just can't be without that Wooltex signature shown above!



"Meadowbrook." This is another smart Polo Coat. Large, square pockets, convertible collar with self stitching and a nice broad belt make it unusual. The shoulders are snug, the back straight with stitched seam down the centre. It is open in back from about six inches below the waist to the hem. In the same colors as the "Pinehurst."

$58.50

"Pinehurst." It's of French Blue Angora Polo, this little sports coat. The Gray Angora Tuxedo facing conceals two little pockets, and those sharp little points over the hips are extremely smart. The cuff is "linked," the shoulders snug, and the back full. It comes in Squirrel, French Blue and Tan—the Tuxedo collar is of self or contrasting Angora.

$42.50

Local Notes

Miss Esther Widger of Plummer shopped and visited here last Saturday.

H. G. Borden and family left on Saturday afternoon for their new home in Banor, Wash.

P. G. Peterson, deputy city clerk, visited over Sunday at the home of his parents at Fosston.

Tom Ose left on Saturday afternoon for Pipestone where he will be employed for a few months.

Miss Jennie Bakken of Erie visited in this city on Saturday enroute to Climax, where she will be employed.

Mrs. Hans Hanson of St. Hilaire, spent Wednesday in this city visiting with friends and receiving dental attention.

Willie Meyer of Steiner was a business caller in this city on Friday. He returned to his home Saturday morning.

Miss Clara Gunstad of St. Hilaire visited and shopped in this city Saturday, returning to her home in the afternoon.

Rev. Geo. Larson left for Holt on Friday morning where he conducted the funeral services of Miss Gunhild Waagedahl.

Mrs. S. Leiran and daughter left this city the latter part of the week to visit at the home of her sister who resides at Holt.

Miss Rhoda Finberg visited in this city between trains on Saturday. She returned to Red Lake Falls where she is employed.

C. L. Hansen returned on Wednesday evening from Winnipeg, where he spent a couple of days attending to matters of business.

Miss Olive Helgas, who visited with friends in this city last week, returned to her home at Crookston on Thursday afternoon.

A. L. Carlson left on Sunday evening for his home at Crookston, after spending the week-end visiting at the home of his parents.

A. J. Lawrence and James Parenteau returned to this city on Saturday evening from Warren where they spent the day visiting friends.

Miss Hannah Olson of Buxton, N. D., arrived here on Thursday morning and will spend a few days visiting at the home of Mrs. M. Arneson.

Mrs. Carl Carlson and son, Rud, left last Wednesday evening for Aberdeen, S. D., in response to a telegram to the effect that her sister was seriously ill.

Guy Harris, formerly a resident of this city, spent the week-end renewing old acquaintances here. He returned to his home in Grand Forks Saturday afternoon.

Mrs. P. J. Bottem and little son, returned to this city last Saturday afternoon from Warroad, where they had spent a few days visiting with friends and relatives.

Mrs. L. Bergren and five children, who have resided in this city for the past six months, left on Saturday evening for Minneapolis where they will reside in the future.

A. Olson, manager of the shoe department of the Loken store, left on Sunday evening for the twin cities where he will attend a shoe convention held in that city the first of the week.

Miss Thrina Dosland, who teaches school at Middle River, spent the week-end visiting with her friend, Miss Agnes Linde. She returned to the above mentioned place Monday afternoon.

Miss Agnes Elg, who has completed her course at the Moorhead normal arrived on Monday morning and will spend a brief period visiting with friends before going to her home in Goodridge.

Scott Laird left on Sunday evening for the twin cities where he attended to matter pertaining to the flood relief and also a meeting of the state board delegation of the Red River Valley Development association.

Marius Rolland, who has spent the past three weeks in this city as the guest at the home of his parents, Mr. and Mrs. L. M. Rolland, left on Wednesday evening for Madison, Wis., where he is attending the university.

Mr. and Mrs. John Aune and baby visited with friends in this city the latter part of last week. They returned to their home in Gatzke on Friday morning. They were accompanied by the latter's brother, Hans Lian.

Carl Granning, who has been employed in this city for the past seven months as bookkeeper for the Minneapolis Bridge company, has resigned his position and left on Saturday evening for his home in Minneapolis where he will remain for a while.

Miss Olga Standy left last Friday afternoon for Crookston where she witnessed the basket ball game between Stephen and the local high. On her return to this city she was accompanied by Miss Ruth Evenson, who spent Sunday at her home in this city.

Mr. and Mrs. Elmer Swenson of Grand Forks arrived on Saturday evening from Warren, where they had been the guests of the latter's parents, Judge and Mrs. Andrew Grindeland. While here they visited at the home of Dr. and Mrs. O. F. Mellby.

Mrs. H. Nyland and two children left Saturday afternoon for Climax, where they will be the guests of the former's parents, Mr. and Mrs. H. Ingvaldson for a short time. They were accompanied by Mrs. Nyland's parents, who have been visiting at her home in this city for a few days.

John Brude, who has spent the past few months visiting at the home of his parents, Mr. and Mrs. Martin Brude in this city, left on Saturday afternoon for Scobey, Mont., where he is engaged in farming. Mr. Brude is very optimistic about his plans for a successful year, feeling not at all discouraged after the crop failure of last season.

Among those who attended the basket ball game between Stephen and Thief River Falls at Crookston last Saturday were: Coach Tommeraasen, Supt. W. A. Ziegler, Gordon Melby, Carl Sundahl, Earnest Zeh, A. J. Lawrence, Herman Aakre, Lloyd Peterson, R. McGinn, L. McAdams, John Ward, Roscoe Bakke, Joe Weirus, Sam Cloutier, Oscar Paulson, Francis Burns, H. Hadrath, Bernard Bishoff, B. Burggraf, Jim Parenteau and Lawrence Hermanson.

Bargains in City Property.

As I am leaving the city I will dispose of all my holdings at a bargain. Included is a modern house and several others. Prices from $500 and up. O. A. Westin, Scandia Block. 66p

Buys More Thoroughbreds.

S. E. Hunt, V. C. Noper and J. J. McCann returned last week from Detroit, where Mr Hunt purchased seven cows and one bull out of the thoroughbred Holstein herd of W. F. Schiefer. Mr. Noper secured one cow. The animals are expected to arrive here this week and will make a valuable addition to the purebred cattle holdings in the county. County Agent McCann says that the animals procured are of a particularly fine type.

CLUB ENDORSES BUDGET SYSTEM AND LUNCH IDEA

PLEDGES OF CASH TO BE ASKED SUFFICIENT TO INSURE SUCCESS

DECIDED THAT PRESENT QUARTERS WILL SERVE PURPOSE OF CLUB BEST

PEAT EXPERT WILL BE INVITED FOR TALK HERE IN NEAR FUTURE

The Thief River Falls Commercial club will continue to do business under the old name as in the past and will be provided with funds sufficient to carry on all necessary work. This was decided on at the regular meeting last Thursday evening. The attendance was not as large as the importance of the occasion seemed to demand, but there was a very fair representation.

The supper was served by Julien Provencher and was of the usually satisfactory order. An address on "The Spirit of the New Age," by Rev. J. B. Smith of the Methodist church, was timely and to the point. He referred to the present unsettled condition of the world at large and of the part in the final settlement the American people were destined to play. The address was in a serious vein and distinctly appropriate.

Expenses Provided For.

A number of matters that have been hanging fire for some time were taken up and finally disposed of. It was decided that the interests of the club and everybody connected with it would be best served by retaining the present quarters and it was unanimously decided that this be done.

President E. M. Stanton stated that it would take about $1400 to carry on the work of the club for another year and suggested that ways and means for raising the money be discussed. By unanimous vote it was decided that a budget system be adopted whereby it would at all times be known just how much money it was costing to operate and also where it was coming from. It was figured out that if the business houses of the city would pledge $1200 per year toward supporting the organization the balance could be secured through membership dues. This would leave incidental receipts to be expended in development work of different kinds and leave the treasury in shape to meet all normal expenses. A committee composed of S. C. Coumbe, F. H. Herrick and G. W. Connell was appointed to work out a plan.

Serve Midday Lunches.

A proposition to change the name of the club came up for consideration but did not get far. A motion that the present name be retained for the present was carried without opposition.

In order that the members may get together for informal discussions more often it was decided that a series of midday lunches be given on one day of the week until further notice. This is a plan followed with great success in other cities and met with instant approval. A number of changes will have to be made in the club quarters in order to provide for a kitchen, dining room, etc., and announcement was made that the Community Girls, Merchants association and Loyal Legion would be glad to contribute toward the cost of making the necessary arrangements. A committee composed of President Stanton, F. H. Herrick and Secretary G. Howard Smith was appointed to take the matter up with the officers of these organizations.

Discuss Peat Values.

H. W. Protzeller spoke briefly on the subject of peat, calling attention to the many uses to which the material is now being put. His statistics on the value of peat as fuel, and the byproducts that may be secured while it is being prepared for this purpose were interesting. It was decided to ask Prof. Christenson of the state university to come to Thief River Falls for the purpose of giving a talk on the subject later in the season.

J. B. Connors asked that the club get behind the movement for a larger sugar beet acreage in the county and gave some figures showing the profit to the grower and the value of the crop as a land cleaner.

A committee made up of Olaf Ramstad, Scott Laird and H. W. Protzeller was appointed to work out some plan of advertising Pennington county, particularly with a view of counteracting the impression that this is a cut-over section.

Eight of the normal department girls of the Thief River Falls high school waited on table under the direction of Miss Taylor, their teacher.

Notice.

A sectional meeting under the auspices of the Teachers' Patriotic League will be held at the school house in District 73, March 19, 1920, at 8 o'clock p. m. Districts 219, 25, 165, 194, 26, 135 and 73 are included in this section. Four speakers will speak on the following subjects: Patiotism, Health, School Laws and School Improvement.

Opportunity to Serve in United States Army

RECRUITING OFFICERS WILL BE IN THIEF RIVER FALLS NEXT WEEK

Corporal O'Hare of the regular army, was in the city last week for the purpose of interesting young men in the service. Concerning the opportunities now open he said:

"There is a vast difference between the old army and that of today. The new organization consists of two schools, one being held in the morning, during which time citizens are taught to become soldiers, and the other in the afternoon when soldiers are taught to become citizens.

"During the morning hours, from reveille until noon, we train our men and officers in military science and such technical subjects as are necessary for the army. In the afternoon we conduct our vocational and educational schools.

"Congress has just appropriated $2,000,000 for these schools. We furnish the necessary text books and have hired civilian specialists to instruct in these subjects. These schools are not a project but an actual working proposition. One hundred thousand men are now receiving an education in these army schools, either along educational or vocational lines.

"We can offer the young men who enlist with us now a good thorough course of training in any trade he may desire. If he comes into the army untrained we will send him back to his community trained along some line that will enable him to make a good livelihood.

"We have opened an army recruiting station in the commercial club rooms in Thief River Falls where young men may join any branch of the army they prefer. Every recruit will be given a change to learn one of the 73 different trades offered by the army, all at Uncle Sam's expense. Enlistments vary in length from one to three years. The office is open from 8 o'clock in the morning until 7 at night."

Any young man who might wish for further information on this subject is invited to come in and talk the matter over with Corp. O'Hare, who will return on Saturday and stay in Thief River Falls until the 25th.

The Public Forum

A Request.

Being chosen as one of the two delegates to represent Pennington county at the State conference at St. Paul, April 3rd, I wish to say that it was pleasant to be elected. I expect also to have a pleasant trip to and from the State capital, but the responsibility of doing something at the conference worth the time and the expense of going is not by far so pleasant.

The delegates to that conference have a big issue to deal with, namely, to find a way to replenish the present shortage of teachers for our common schools.

The short cut to obtain that goal is evidently to increase teachers' wages so much that it would draw the necessary number of young men and women out of positions they are now holding in the numerous business lives.

This course would be alright provided it is absolutely necessary. If so our taxpaying citizens would cheerfully take upon their backs the additional tax burden.

To my mind, however, this course is neither absolutely necessary nor fair to the taxpayers of our State. Our duty is to find a course to settle this question in a way that will be fair both to the teaching profession and the taxpayer, and at the same time keep up the educating capacity of our public schools. We must—so I believe—find a method to arrange our public school system in such a way that the teaching profession will be attractive to young men who wish to establish their own homes, and also to make our school house, especially in the country, more homelike to our women teachers. If we could find this method and put it into practice we should at once get a hearty co-operation between the teaching force of our State and the taxpayers. Enough competent men and women would offer their services in the schools and the taxpayers would not feel that they were imposed upon unfairly.

Any suggestions along these lines are welcome. For my part, I cannot make any big promises as a delegate but I would like to know the sentiment of both sides concerned in this question.

Respectfully,
A. K. LOCHREM,
Route 1, T. R. Falls.

P. S.—The State Conference will have no legislative authority, but whatever will be decided there, may come to have the same effect.

A Corn Booster.

Rhoda, Minn. Editor Times:—Some time ago I sent in a communication to your paper concerning the results I had got on last year's corn crop. In describing the difference in the rows of corn we made a small error which we want to correct at this time as it was an oversight on our part at the time. We stated that our Pennington county product had from "one to three" more rows of corn than the Goodhue county samples, while we intended to say from "two to four" more rows of corn, as all corn is double rowed. We were neither advertising seed corn nor competing for prizes, but nevertheless we thought an explanation would not be out of place.

The thing we wanted to bring out in our last communication was this: That northern Minnesota is within the corn belt region of the north, that is for the earlier variety of corn, and will and can produce as good corn of this kind as any other part of the state, and better. However, before corn raising can become a success in any country it is necessary that a certain amount of corn is planted and cultivated for any given territory. Corn works a good deal upon the same principle as clover. Unless conditions are right neither the one nor the other will thrive.

About forty years ago when the farmers of southern Minnesota started to plant small patches of corn they seldom got any results for the simple reason that not one farmer in ten really thought it worth while to spend time with those little patches of corn. Consequently it took years before the country tehre got adapted to corn raising. But when the time did come that every farmer got to plant little fields of corn the country soon adapted itself to a condition that made corn raising possible. We have the same thing to overcome here, but we can perhaps, do in a comparatively short time, what it took the southern Minnesota farmers to overcome in fifteen or twenty years. The thing to do is, get started with corn, let every man plant, say from one to five or ten acres or more this year. We can raise corn on ground that we can't raise anything else on. A good stand of corn this year would boost Pennington county land values to a point unthought of. The first thing a prospective land buyer wants to know is: 'Can you raise corn here. Let us show them that we can. 'If you want to sell your farm a good patch of corn will bring you a buyer. Let us boost our county on its own merits.

W. A. SWANSON.

Local House Branches Out.

Grygla Eagle: The first load of machinery for C. Gustafson & Son arrived here on Wednesday and was placed in the Bergeron building south of the Citizens State bank. They have bought the building and are coming here to stay. H. G. Gustafson is here this week looking after the business and states that he intends to be here on Mondays and Fridays to look after their interests as soon as the roads open up, and they also intend to have a man here at all times, as soon as things open up. They state they intend to handle the same high grade line of machinery here as at Thief River Falls and will be able to give much better service on repairs, etc.

You Get What You Give

WHEN a business fails the financial statement reflects the conditions at that time, but the real reason for failure is seldom shown. In many cases the true reason is that the business performed no service which was necessary or useful to society generally.

Every individual must give a useful service if he is to prosper, for society will refuse to maintain him if he fails to be useful to society.

When we find a business which has been notably prosperous over a long period of years, we may be sure that it has won its position by performing a service useful and necessary.

That, in a word, explains the continued, ever-increasing success of the Standard Oil Company (Indiana.)

This Company is included in the list of big business because the ideals of service which it holds and maintains are big.

The Standard Oil Company (Indiana) is big because it recognizes the necessity of developing its sphere of usefulness to the highest degree and of maintaining this high standard in spite of every obstacle.

The success of the Standard Oil Company (Indiana) proves that it is performing a useful service and that every link in its chain of achievements is delivering an added benefit to civilization and to you.

Service is the first consideration of this organization, for it knows that by increasing its service to the public its earnings will automatically grow, and all will profit by its activities.
